Adult Tennis Lessons Overview

Tennis for the "Health of It." Tennis is the sport of a lifetime and you are never too old to start. It provides *aerobic and anaerobic fitness* by improving your cardiovascular fitness and maintaining high levels of energy by offering short, intense bursts of activity followed by short periods of rest which helps muscles use oxygen efficiently. It strengthens bones of younger players and helps prevent osteoporosis in older ones. Certified professionals help make this program fun and provide a great learning environment for the early stages of competition. **Have fun and stay fit!**
