TOURISM DEVELOPMENT TRUST FUND

Seminole County provides funding through the Tourism Development Trust Fund to outside agencies based on recommendations made by the Tourist Development Council. Goals are to enhance the image and awareness of Seminole County as a tourism destination, to promote activities that will bring a significant number of new or repeat visitors to the County, and to create a positive economic impact to the County. The Central Florida Zoological Park has received a cash grant each year since the inception of the Tourism Development Fund in Fiscal Year 1988/89. Other organizations and acitivities are supported on a contractual basis by sponsorships and other promotional efforts.
