Summary

The BoatRamps feature class was created for internal planning and mapping.

Description

This feature class contains the locations of boat ramps, canoe launch sites, and canoe stops accessible to the public. Seminole County Leisure Services - Natural Lands provided point locations for existing features and is contacted annually to confirm that no new features should be added. This layer is reviewed prior to the onset of hurricane season (June 1.) The most recent reviews and updates occurred in 6/2014 and 4/2015.
