SUPPLEMENTAL INFORMATION

July 15, 2016

Honorable Seminole County Board of County Commissioners:

I am pleased to submit the proposed Fiscal Year 2016/17 Budget for your consideration. The proposed budget totals \$741.7 million for all governmental and proprietary activities of the County, and includes \$401 million for operations, \$80.5 million in capital expenditures, and \$260.2 million in transfers and reserves. This proposed budget results in a 4.1% operating increase from last fiscal year, with no proposed increase in the County's millage rates. It is reflective of the Board of County Commissioners' tradition of demanding delivery of exceptional services in a fiscally responsible manner.

Guiding Principles

In addition to its function as a financial plan, the County's budget serves as a policy document, operations guide, and communication tool, making its approval one of the most important decisions to come before the Board of County Commissioners each year. While each fiscal year presents its own unique demands and challenges, the Board of County Commissioners has been consistent in its articulation of the philosophy and assumptions to be applied in preparation of the annual budget. The clearest and most consistent direction that staff has received in recent years is that revenue estimates should assume no new taxes or increases to tax rates. In addition to the directive to hold the line on tax rates, the Board has also expressed its desire to maintain levels of service, to retain at least a 20% operating fund balance with the General Fund, and to obtain structural balance within the annual budget.

In accordance with these guiding principles, this budget proposal maintains all tax rates at current levels; establishes a General Fund operating balance at 25%; and has been balanced without the use of reserve funds.

Revenue

The proposed FY 2016/17 budget was prepared in a gradually improving economic environment using current revenue trends. Taxable values have increased countywide for the 4th consecutive year, averaging 5.6% growth over the past three years. Median home prices are up, tourism and the associated economic impacts are at a record high, new construction continues to escalate, and the unemployment rate continues to drop. As a result, revenues estimated for this proposed budget reflect a higher level of growth than that incorporated in the current year's budget. However, while revenue growth is beginning to cover the inflationary cost of maintaining levels of service, revenues are still significantly lower than they were pre-recession, and staff remains diligent in its efforts to seek opportunities for increased efficiencies.

I. General Operating Funds

General government operations, including those undertaken by the County's Constitutional Officers, are funded through three primary sources: property taxes, state shared revenues, and locally generated revenues.

<u>Property Taxes</u>. In compliance with the Board of County Commissioners' guiding principles, revenue estimates are based on a continuation of the Countywide millage rate of 4.8751, Unincorporated Road District millage rate of 0.1107 and the Fire Protection District millage rate of 2.3299.

Countywide taxable property values grew by 5.73% over FY 2015/16. New construction accounts for 1.26% of the increased value, while reappraisals of existing properties account for 4.47%. Fire Protection District taxable property values are up 5.75% over prior year values. The Unincorporated Road District MSTU experienced a 5.82% increase in property values over FY 2015/16. New construction accounted for approximately 1.5% of the growth in both the Road and Fire District MSTU's. Based on the consumer price index change, the 2016 Save Our Homes cap will limit growth in assessed values for homesteaded properties to 0.7% over prior year assessed values.

As noted above, the FY 2016/17 proposed budget maintains operating millage rates at FY 2015/16 levels, which coupled with the 5.7% growth in countywide taxable values results in a statutory aggregate tax increase of 5.47% in property taxes levied. Ad valorem revenue will increase \$7 million in the General Fund; \$2.4 million in the Fire Fund; and \$83,000 in the Transportation Trust Fund, for a total of \$9.5 million over that included within the FY 2015/16 adopted budget.

<u>State Shared Revenue</u>. Countywide state shared revenues primarily include County Revenue Sharing and Half-Cent Sales Tax. The County Revenue Sharing and Half-Cent Sales Tax are funded primarily through the State 6 cent sales tax and is expected to grow by \$1.1 million or 3% in FY 2016/17.

Locally Generated Revenue. Other General Fund revenue growth projections totaled \$800,000 including growth of almost \$500,000 in park revenues primarily attributed to the opening of the Seminole County Sports Complex and renovations to the Soldier's Creek Softball Complex; \$300,000 in engineering fees moved from Transportation Trust; and \$400,000 in increased excess fees. These locally generated revenues are offset in part by a reduction of \$400,000 in other revenues to include the Communication Services Tax which continues to be impacted by technology advancements and State Aid to Libraries.

Representing 82% of General Fund operating revenues ad valorem taxes, half-cent sales tax, and state revenue sharing are conservatively-projected to increase \$8.1 million over the adopted FY 2015/16 budget estimates. When all factors are considered, the net projected General Fund revenue growth is estimated at \$8.9 million dollars, or 4.6% over FY 2015/16.

2. Special Revenue Funds

<u>Building Fund</u>. Building revenues are based on current construction activity and revenue trends. The 2016 Florida Legislature approved SB535 which prohibits local governments from requiring payment

of additional fees for contractor licenses or competency certificates resulting in a \$50,000 loss in exam fees for FY 2016/17. Permit revenue is projected at \$3.2 million or \$190,000 over the FY 2015/16 adopted budget. In total, Building Fund operating revenue is increasing \$130,000 or 3.7% over FY 2015/16 adopted revenue.

<u>Infrastructure Sales Tax Fund</u>. Seminole County's 2014 One Cent Infrastructure Sales Tax is projected at \$70.7 million in FY 2015/16 representing a 3% growth over the current year projected revenue. Pursuant to the interlocal agreement, the County will receive \$39.3 million or 55.6% of projected sales tax, the School Board \$17.7 million or 25%; and the Cities will share in \$13.7 million or 19.4% of projected revenue.

3. Enterprise Funds

<u>Water and Sewer Fund</u>. Seminole County Board of County Commissioners adopted a five year Water and Sewer rate program on September 22, 2015, and a detailed listing can be found under Section 20.45 of the Seminole County Administrative Code. Water and Sewer revenues are used to support debt funding requirements, to fortify our existing debt and credit ratings and to ensure financial stability. Assuming a 1% ERC growth, 0.5% usage growth, and a 3% rate increase, the County can expect an estimated \$1.4 million increase in Residential Water Utility revenues and a \$1.1 million increase in Residential Sewer Utility revenues.

<u>Solid Waste Fund</u>. FY 2016/17 operating revenue for the Solid Waste fund is projected at \$14.3 million or \$1.1 million above the prior year adopted budget. The BCC approved an interlocal agreement between Seminole County and the City of Winter Park for solid waste management services which accounts for \$800,000 of this growth. In addition, a transfer of \$300,000 from the Tourist Development Fund represents the first year repayment of a \$3.2 million interfund loan for lighting at the sports complex.

Expenditures

1. Significant Funding Priorities for FY 2016/17

While preparing the upcoming year's proposed budget, we endeavored to hold the line on expenditures. The listing below reflects the significant changes regarding expenditures within the proposed General Fund budget:

Capital Improvements

Include fleet vehicles, network related infrastructure, jail improvements, upgrades to the Emergency Operations Center, and Animal Services safety improvements.

\$3,798,549

COUNTY MANAGER'S OFFICE

\$583,718

\$472,325

\$274,521

\$254,595

New Position Requests

Includes 13 new FTEs and 6 reclassifications in the General Fund mostly related to the County's active parks, Mosquito Control, fleet, and Emergency Management programs.

Economic Development

The transfer to Economic Development represents the County's share of new and ongoing economic incentives. The total incentive to the business community is \$924,763, of which \$452,438 is paid by the Cities.

Landscape and Trails Maintenance

This increase is largely due to the new Sports Complex and new trails being constructed under the County's Infrastructure Sales Tax program.

Mass Transit (LYNX)

This represents the increase for the General Fund subsidy to LYNX. The total request is \$7 million, which is offset by \$2.2 million in Ninth-Cent Fuel Tax revenues.

Fuel

(\$401,650) The fuel budget is based on estimates from the Department of Energy of \$2.25 per gallon for Unleaded and \$2.50 per gallon for Diesel.

Altamonte Springs CRA Contribution (\$2,103,200)The last payment to the Altamonte CRA was made in FY 2015/16, which results in a budget savings in FY 2016/17.

More detailed information with regard to these budget changes is provided within the budget details that follow this message.

2. Significant Items not Funded in FY 2016/17

As mentioned earlier, in order to hold the line on expenditures, I have chosen not to include several significant departmental requests in the proposed FY 2016/17 budget. Below are the details associated with these requests:

Computer Aided Dispatch (CAD) System

\$3,500,000

Tiburon, the County's current CAD system, has been in place for over eight (8) years. It is limited in its features and is not fully evolved to meet contemporary needs. The replacement will be the last link in the County's efforts to modernize and provide redundancies in the technology utilized to assign and manage public safety resources for the residents and visitors to Seminole County. Investments were made in FY 2015/16 to prolong the usefulness of this critical system.

Telephone System Upgrade

The Information Services Department has initiated a comprehensive analysis of the County's telecommunication needs to determine a time table for replacement of the County's aging telephone system. Awaiting this report before taking action will ensure that future recommendations for telephone systems are based on the most current data available.

JD Edwards Upgrades

The County relies on JD Edwards for several essential functions ranging from asset management, to Human Resource administration. The requested upgrade would allow the County to take advantage of new imbedded features such as mobile applications and GIS mapping however, support for the current release does not expire until 2018.

Position Requests

While several requests for new positions in the FY 2016/17 budget were received, only those requests which were deemed essential to the County's operations were included in the proposed budget.

More detailed information with regard to these budget requests is provided within the budget details that follow this message.

3. Personnel Expenditures

The proposed FY 2016/17 budget includes a net of 25 new FTE positions¹ within the Board of County Commissioner programs, totaling \$1,451,241 across all funds of the County. All new positions were considered necessary to meet the service demands. These new positions include:

| (1) Customer Service Supervisor | Building Fund |
|--|---------------------------|
| (6) Firefighters offset by a reduction in overtime dollars | Fire Protection Fund |
| (7) Soldier's Creek Softball Complex | General Fund |
| (2) Mosquito Control Technicians | General Fund |
| (1) Community Services Homelessness Advocate | General Fund |
| (2) Quality Assurance Inspectors for Fleet Services | General Fund |
| (1) Project Manager II for Emergency Management | General Fund |
| (1) Hazardous Waste Technician | Solid Waste Fund |
| (1) Survey/Engineering CAD Technician | Transportation Trust Fund |
| (1) Project Coordinator | Transportation Trust Fund |
| (1) Professional Engineer | Transportation Trust Fund |
| (1) Engineering Technician | Transportation Trust Fund |
| (1) Utility Billing Specialist for Water and Sewer | Water & Sewer Fund |
| (1) Plant Mechanic II | Water & Sewer Fund |

A more detailed description of all the new positions, as well as a list of unfunded requested positions, can be found within the budget details that follow this message.

\$500,000 sement to

\$430,504

\$1,500,000

¹ Includes a reduction of two (2) FTEs in the Transportation Trust Fund.

The FY 2016/17 proposed budget also includes a 3% salary adjustment for all permanent Board of County Commissioners employees.² In reaction to the economic downturn, staffing levels were significantly reduced in FY 2008/09 and FY 2009/10. While staffing levels have been gradually increased over the last several years, the number of employees per capita is still below pre-recession levels, and employees continue to undertake more work with fewer people. Furthermore, as the economy has improved and expanded, we have been faced with a new challenge with respect to competitive compensation. We are already encountering the effects of this circumstance, and there is a concern that employee retention will become more difficult as the market offers higher salaries than the County has in place. While preparing the budget, staff surveyed adjacent county governments, and it appears the trend for this fiscal year involves salary adjustments between 3-3.5%.

The proposed 3% salary adjustment for Board of County Commissioners employees has a \$1 million impact to the General Fund budget (including Supervisor of Elections, Property Appraiser and transfers to sub-funds) and a \$1.3 million impact to the overall Board of County Commissioners budget.

Proposed Constitutional Officers' Budgets

Within the proposed budget, Board of County Commissioners programs account for 37% of General Fund expenditures, while transfers to support the operations of the Sheriff, Tax Collector, Clerk of the Court and Comptroller, Property Appraiser, and Supervisor of Elections constitute 63% of expenditures.

| | FY16 Adopted | FY17 Requested | Variance | % Change |
|-------------------------|---------------|----------------|-------------|----------|
| Sheriff ³ | \$107,583,000 | \$111,791,000 | \$4,208,000 | 3.9% |
| Tax Collector | 6,690,000 | 6,991,050 | 301,050 | 4.5% |
| Clerk of the Court and | | | | |
| Comptroller | 2,822,300 | 3,425,579 | 603,279 | 21.4% |
| Property Appraiser | 4,884,109 | 5,103,894 | 219,785 | 4.5% |
| Supervisor of Elections | 2,823,883 | 2,559,884 | (263,999) | (9.3%) |
| Total | \$124,803,292 | \$129,871,407 | \$5,068,115 | 4.1% |

With respect to the Sheriff, Tax Collector, and the Property Appraiser, their submitted budget requests result in an average increase of 4.3% over the prior year's adopted budget. The Clerk of the Court and Comptroller budget request represents a 21.4% increase over the prior year's budget with the majority of the increase in personnel expenditures. This \$600,000 increase includes an aggregate 37% increase in salaries for existing personnel. The Supervisor of Elections' decrease of 9.3% is

² Exclusive of the A Bargaining Unit.

³ On June 14, 2016, through an interlocal agreement the Board assigned the duties, responsibilities and personnel of the Probation Division and Prosecution Alternatives for Youth (PAY) to the Sheriff's Office. In accordance with the agreement on October 1, 2016, the FY 2016/17 budgets for Probation and PAY reflecting the amounts of \$2,127,909 and \$519,030, respectively will be transferred to the Sheriff's Office.

reflective of the reduction in additional expenditures that were a direct result of the multiple national, state, and local elections in 2016.

Restoring Structural Balance

<u>General Fund</u>. As noted above, the FY 2016/17 General Fund proposed budget is structurally balanced without the use of reserves, as compared to the \$1.4 million of reserves budgeted in the current fiscal year's budget. The proposed budget is the first since FY 2006/07, to achieve an operating balance without the use of reserve funds. This attainment of structural balance is attributable to not only a more favorable economic climate, but also to the County's on-going efforts to promote operational and human resource efficiencies; to appropriately allocate General Fund administrative resources; and to accurately reflect the true cost of services. It is our estimate that the proposed FY 2016/17 budget will yield a 25% reserve balance in the General Fund.

<u>Fire Protection Fund</u>. The Fire Protection Fund continues to face an imbalance in revenues versus expenditures. While there are sufficient funds within the Fire Protection Fund reserves to balance the Fire Protection Fund budget this year, without substantial reductions in expenditures and/or new or increased revenue sources, at its continued trend, this Fund may be left without any reserves after FY 2018/19. For this reason, staff continues to seek efficiencies and other opportunities to maximize the available funding for fire protection and emergency medical services. Management has been engaged in an on-going effort to implement many of the recommendations included within the Management/Operational Assessment of the Public Safety Department conducted in 2015. These activities have resulted in substantial operational savings within both the General and Fire Protection Funds, and will continue in the upcoming fiscal year.

In addition to seeking ways in which expenditures can be reduced within the Fire Protection Fund, budget staff examined opportunities for alternative revenue streams for fire protection and EMS operations. As you will recall, in FY 2015/16, you funded approximately \$3.4 million in Fire and EMS-related fleet and equipment with 2014 Infrastructure Sales Tax revenues. For FY 2016/17 I am proposing to allocate another \$3.5 million of 2014 Infrastructure Sales Tax revenues to fund the purchase of Fire and EMS-related fleet equipment. The use of the 2014 Infrastructure Sales Tax revenues Sales Tax revenues will not impact the ability to accomplish dedicated transportation projects, and the leveraging of these sales tax revenues will assist in keeping the Fire Protection Fund millage rate down.

COUNTY MANAGER'S OFFICE

Conclusion

I would like to thank the Board for its on-going involvement and constructive input as staff endeavored to prepare this proposed budget; the Constitutional Officers for their positive contributions to our efforts to obtain structural balance; and, most importantly, our invaluable County staff who, day after day, demonstrate their commitment to delivering high quality public service to our residents and visitors.

As the County's key economic indicators show signs of steady improvement, County staff will continue to seek ways to provide excellent service with increased efficiency. With your continued leadership, the dedication of the County's talented employees, and the active engagement of its citizens and partners, Seminole County will continue to be *Florida's Natural Choice* for an unparalleled service, prosperity, and overall quality of life.

Sincerely

Nicole Guillet County Manager

GENERAL FUND ADJUSTMENT SUMMARY

The proposed FY 2016/17 General Fund budget is balanced without the use of reserves. The current budget process began with a \$1.5M budget deficit. \$8.9M in revenues were added and \$2M of CRA payments was reduced, leaving \$9.5M available.

Non-BCC programs increased \$5.5M leaving the Board with \$4M under their discretion.

The report below provides more detail for all of the General Fund budget adjustments.

FY 2016/17 WORKSESSION (AUGUST 2016)

(15,954)

FY 2016/17 BUDGET CALENDAR

DR 422 - Final Certification of Taxable Values (prior to extending tax roll)

BUDGETARY BASIS/ASSUMPTIONS

The revenue and expenditure budget was prepared based on historical trends, legislative actions and available economic data. The budget meets federal and state requirements and implements Seminole County's policies and practices.

The Fiscal Year 2016/17 budget development assumptions are as follows:

Revenues:

✓ Maintain current operating millage rates for all Board of County Commissioner taxing districts:

Countywide - 4.8751 mills Fire/Rescue Municipal Service Taxing Unit (MSTU) - 2.3299 mills Unincorporated Road District MSTU - 0.1107 mills.

The General countywide millage rate of 4.8751 mills will generate \$7.0M in added property tax revenue due to an increase of 5.7% in countywide taxable property values.

The County/Municipal Fire District MSTU property tax rate of 2.3299 mills will generate \$2.4M in added property tax revenue due to a 5.8% increase in taxable property values.

The Unincorporated Road District MSTU tax rate of 0.1107 mills will generate an additional \$83K for local road projects due to an increase of 5.8% in taxable value for unincorporated Seminole County.

Countywide property values grew by 5.73% in 2016, with 4.47% attributed to growth in existing property values and 1.26% in new construction. Inclusive of the Countywide General Fund, County/Municipal Fire District and Unincorporated Road District millage, FY 2016/17 *ad valorem* revenue has increased \$9.5 million over FY 2015/16 adopted revenue.

- ✓ Ad valorem revenue estimates are budgeted and historically collected at 96% of the total property taxes levied by the Board of County Commissioners. The 4% property taxes levied that are not collected is due to discount incentives authorized by Florida Statutes for the early payment of property taxes prior to March 1st each year and other tax roll adjustments inclusive of Value Adjustment Board decisions made subsequent to the adopted budget.
- ✓ One-cent sales tax, half-cent sales tax, county revenue sharing, gas taxes and other locally levied taxes are projected based on current economic trends, historical receipts, legislative actions, and state estimates.
- ✓ The Seminole County Board of County Commissioners accounts for its deposits and investments in a pooled cash and investment account. Record low interest rates experienced over several years has greatly impacted interest revenue. FY 2016/17 investment income is not anticipated to yield significant change from FY 2015/16. The current return on investments is averaging less than 0.5% annually.
- ✓ As approved by the Board of County Commissioners, water and sewer revenues are based on approved rate increases effective October 1, 2016, to support debt funding requirements, and to protect our existing debt and credit ratings.

Expenditures:

- ✓ Personal Services
 - The General Fund and Fire Fund compensation is budgeted at less than 100% of the cost of a fully staffed workforce. The reduction is based upon a fund analysis of historical lapsed personal service costs due to vacancies and changes in salary levels when refilling existing positions. In general, the County has experienced approximately a 3% vacancy rate in personal service costs, except in the Fire Fund, which has experienced an average of 2%.
 - Retirement contribution rates are budgeted as established by state legislature effective July 1, 2016. The rate changes are as follows: 3.6% increase for Regular Class, 0.5% increase for Elected Officials, 2.4% increase for Special Risk, 1.6% increase for Senior Management, and 0.9% increase for DROP.

The rates effective July 1, 2016 by class are as follows:

| | | <u>Employer</u> | <u>Employee</u> |
|---|-------------------|-----------------|-----------------|
| • | Regular | 7.52% | 3% |
| • | Elected Officials | 42.47% | 3% |
| • | Special Risk | 22.57% | 3% |
| • | Senior Management | 21.77% | 3% |
| • | DROP | 12.99% | 0% |

- FICA (Social Security) contributions are budgeted at the federal rate of 7.65%
- Health benefits are self-insured by the County. Rates are established annually based on experience of the program and funds available in the Health Insurance Fund. Insurance premiums budgeted to be paid by the employer effective 1/1/2017, may be found in the Personal Services section of this document. Rates are expected to increase by approximately 3%.
- Workers compensation benefits are self-insured by the County for all employees except the Sheriff's Office. Rates by position class code are established annually based on the experience of the program, funds available in the Workers' Compensation Fund, and actuarial determined reserves to be retained. The total premium to be charged by the Workers' Compensation Fund is charged to individual cost centers, spreading the cost across applicable funding sources countywide. The rates used for budgeting are approximately 60% of the state's rates for all classifications except Firefighter (which is 108%). A detailed chart of the rates may be found in the Personal Services section of this document.
- ✓ Operating Expenses:
 - Departments developed base operating budgets consistent with current service levels, an examination of previous years' expenditures, and an assessment of operational options.
 - Departments were requested to maintain service levels without increasing operating budgets.
 - Requests for additional resources deemed critical to operations were considered on an individual basis.

- ✓ Operating Cost Allocation:
 - Full costing concepts were employed to a significant extent in the budget to allocate/appropriate centralized support service expenditures of the County to the programs utilizing the services; spreading the costs across funding sources countywide based on use.
 - Fleet, Facilities, and Technology Renewal and Replacement requests are reviewed and prioritized annually based on a BCC approved 5-Year plan and funding availability. Transfers to these funds are being made to cover only FY 2016/17 budget requests.
- ✓ Constitutional Officers Budgets:
 - Budgets for Constitutional Officers were submitted in accordance with Florida Statues by the individual officers and incorporated into the budget for consideration by the Board, except for the Tax Collector's Office whose budget is based on property tax revenue.
- ✓ Property/Liability Insurance:
 - The County is self-insured up to certain thresholds for property losses and liability claims. Rates are established annually based on total insured value of property and historical liability claims experience. The total premium charged by the Property/Liability Fund is spread across the following funds:

| General Fund | 45% | Water & Sewer | 16% |
|----------------|-----|---------------|-----|
| Transportation | 16% | Solid Waste | 7% |
| Fire | 15% | Other | 1% |

- ✓ <u>Capital Equipment</u>:
 - Departments provided justification for all capital equipment needs such as fleet and specialized equipment purchases. Practical needs are first met with available current inventory before replacement through purchase.
- ✓ Capital Improvements and Carryforward:
 - Capital infrastructure needs were prioritized and presented with detailed descriptions, justification, cost estimates, and identifiable funding. Submission of needs is made in the form of a five-year plan that includes the current year's budget, four years out and future needs. Available project balances from the current year will be carried forward after September 30, 2016.
- ✓ Grant Funding and Equipment Carryforward:
 - Operating grant funding included in the current year with unexpended balances as of September 30th can be carried forward as part of the final adopted budget based on the terms of the agreements and estimated unspent budget.
 - Funding for specific equipment items included in the current year budget which are not anticipated to be purchased or received by September 30th will be brought forward and reestablished in the following year as an amendment to the budget posted in December.

In all cases, the inclusion of carryforward funds will not affect ending reserves.

BUDGETARY BASIS AND ASSUMPTIONS

Reserves:

 It is essential that the county maintain adequate levels of reserves across all funds as a protection to taxpayers to mitigate current and future risks (revenue shortfalls and unanticipated expenditures). Fund balance levels are also a crucial consideration in longterm financial planning. Focus is placed on maintaining Reserves at a fiscally prudent level (20% of expenditures for General Fund for credit rating maintenance) while providing services at a reasonable cost.

FUND STRUCTURE SUMMARY

FY 2016/17 Total Budget \$741,710,764

Overview

In accordance with Generally Accepted Accounting Principles (GAAP) and to provide proper accountability for the different types of financial resources, "funds" are established. Each fund is a separate accounting entity with its own resources, liabilities, and residual balance. Some funds are consolidated for budget adoption and presentation. Funds with similar objectives, activities and legal restrictions are, for reporting purposes, placed in one of two groups: Governmental Funds and Proprietary Funds.

<u>Governmental Funds</u>: Governmental Funds account for general governmental activities which are largely supported by taxes and fees. They are accounted for on a "modified accrual basis" or current financial resources basis.

Governmental Funds include the following fund types:

- a. **The General Fund** accounts for all resources not reported in other funds. Most countywide activities are accounted for in this fund.
- b. **Special Revenue Funds** account for resources received from special sources which are dedicated or restricted specific uses.
- c. **Debt Service Funds** account for the accumulation of resources for, and the payment of, interest, principal and other debt-related costs.
- d. **Capital Projects Funds** account for the accumulation and use of resources for the acquisition of land, major buildings and for infrastructure improvements where a specific project is designated or required.
- e. **Trust and Agency Funds** are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These funds are custodial in nature and do not involve measurement of results of operations.

Proprietary Funds: Proprietary Funds account for those external and internal business-type activities that are provided on a basis consistent with private enterprise. They are accounted for on a "full accrual" basis.

Proprietary Funds include the following two fund types:

- a. **Enterprise Funds** account for activities such as water and solid waste disposal services that are similar to those provided by private enterprise and whose costs are paid from user charges or from revenue sources other than general governmental revenue.
- b. Internal Service Funds account for certain internal services provided to various Departments. Seminole County uses Internal Service Funds to record all types of insurance utilized by the County, including the self-insurance programs for workers' compensation, general and property liability, as well as employee group health and life insurance. These costs are allocated to individual departments, divisions, and programs on a rational basis.

Basis of Accounting. Generally Accepted Accounting Principles ("GAAP") requires that local governments, such as Seminole County, base their financial statements on two different bases of accounting. Entity wide statements and statements of proprietary funds are to be reported based upon the full accrual basis of accounting. Individual governmental funds are to be reported based upon the modified accrual basis of accounting.

The primary difference between the full and modified accrual basis of accounting is the focus of measurement. In full accrual accounting, the focus of measurement is on **total** economic resources. In modified accrual accounting, the focus of measurement is on **current** economic resources. In full accrual accounting, long term assets and liabilities are included as part of the measurement. In modified accrual, only those items are recognized that will be reflected in near-term inflows or outflows of cash. (Generally, commercial or "for profit" entities use full accrual accounting in order to best reflect the results of operations and financial position of an entity.)

Despite the difference in the basis of accounting used in financial reporting between governmental and proprietary funds, budgeting is generally based upon modified accrual principles. Allowances for depreciation (a full accrual concept), amortization (a full accrual concept), and other non-cash related transactions are generally not included in the Budget. By excluding most non-cash related transactions which generally relate to transactions reported in different fiscal periods, the budget can be used as a current control and policy mechanism. The primary exception to this focus is that the budget also includes various allocation mechanisms for common costs whose primary purpose is to better reflect the total current costs of various Programs and Departments, rather than merely the current direct costs.

Funds in Each Group

The following funds are included in the adopted FY 2015/16 budget. Other funding for additional funds may be added during FY 2015/16 either as a carryforward of available funds from FY 2014/15 or through action of the Board of County Commissioners.

GOVERNMENTAL FUNDS

GENERAL FUNDS:

General Fund – 00100

Account for all financial resources except those required to be accounted for in another fund.

Facilities Planned Work Fund – 00108

Account for the planning, funding and tracking of Countywide Facilities projects. This fund excludes routine, reactive maintenance, which is funded through the Facilities Program Operating budget. The Facilities Program is responsible for reviewing project requests from the Department and developing a comprehensive 5 year funding plan. The budgetary approval process for utilizing this fund begins with the submission of a Department budget request to Facilities for review and recommendation, and concludes with the review and approval/disapproval of the County Manager's Office.

Fleet Replacement Fund – 00109

Account for the planning, funding and tracking of Countywide Fleet funding. This fund excludes fleet that is owned by other funds such as Fire, Building, Grants, Enterprise Funds, and Self Insurance Funds. The Fleet Program is responsible for reviewing requests from the Department and developing a comprehensive 5 year funding plan. The budgetary approval process for utilizing this fund begins with the submission of a Department budget request to Fleet for review and recommendation, and concludes with the review and approval/disapproval of the County Manager's Office.

Technology Replacement Fund – 00111

Account for the planning, funding and tracking of costs related to technology, primarily replacing computers and infrastructure equipment. The Information Services department is responsible for developing a comprehensive 5 year replacement plan for countywide computers, networking and infrastructure equipment and identifying the budgets required to fund the current year needs. The budgetary approval process for utilizing this fund begins with the submission of a Department budget request to the Information Services Department for review and recommendation, and concludes with the review and approval/disapproval of the County Manager's Office.

BCC Projects Fund – 00112

Account for the receipt and disbursement of funds for General Fund supported capital projects.

Economic Development Fund – 13100

Account for the receipt and disbursement of funds for the County's Economic Development Program to generate employment, businesses and other economic activities.

RESTRICTED FUNDS:

Police Education Fund – 00101

Account for receipt and disbursement of funds collected from civil traffic infractions for criminal justice education and training.

Donations Funds - 00103 & 603XX

Account for receipt and disbursement of contributions from the general public for a specific purpose.

County Grant Funds – 00110 & 119XX & 120XX

Account for receipt and disbursement of monies relating to Grant Programs, inclusive of State and Federal Grants with reporting requirements. These funds exclude grants for proprietary operations.

County Transportation Trust Fund – 101XX

Account for the construction and maintenance of County roads. Activities include road maintenance, traffic control, right-of-way acquisition and construction of new roadways. Funding is from local ad valorem property taxes and gas taxes collected and distributed by the State of Florida. Included subfunds are the Transportation Trust Fund and the Transportation – Ninth Cent Fund. The latter is dedicated to Mass Transit.

Building Program Fund - 10400

Account for receipt and disbursement of Fees, building permits and other related inspection fees paid by customers. Funds are used to provide services for the enforcement of the Florida Building Code per Section 553.80, Florida Statutes.

Tourist Development Funds – 110XX

Account for receipt and disbursement of Tourist Development Taxes on transient rentals per Section 125.0104, Florida Statutes.

Fire Protection Fund – 11200

Account for receipt and disbursements relating to the provision of fire protection and emergency rescue to the unincorporated areas of the county, Winter Springs and Altamonte Springs. Primary funding is ad valorem property taxes.

Renewal and Replacement – Fire Protection – 11201

Account for the receipt, accumulation, and disbursement of funds dedicated to replacing County owned rolling stock funded through transfers from the Fire Protection Fund.

Court Support Technology Fund – 11400

Account for receipt and disbursement of recording fees provided for by Section 28.24(12)(e)(1), Florida Statutes. Funds are used to support the circuit and county courts, Public Defender's Office, State Attorney's Office, and the Clerk of Courts Office with court-related technology costs.

Arbor Violation Trust Fund – 12200

Account for receipt, accumulation, and disbursement of funds used for the planting of trees in the County and in administrative costs incurred in enforcing the arbor violation penalties in the Seminole County Land Development Code.

Alcohol Drug Abuse Fund – 12300

Account for the levy of certain penalty assessments provided for by Section 893.13(4), Florida Statutes. Funds are used for meritorious and observing drug abuse treatment or educational programs.

Teen Court Fund – 12302

Account for the levy of mandatory court costs authorized by Section 738.19, Florida Statutes for operational and administrative support for Teen Court

Enhanced 911 Fund - 12500

Account for receipt, accumulation, and disbursement of funds used for creation and maintenance of the County's emergency communication infrastructure (911) system.

MSBU Street Lighting Fund – 15000

Account for special districts created for the safety of citizens in unincorporated areas of the County and may be established by referendum and by resolution pursuant to a petition by a proper percentage of property owners in the districts, or by ordinance. Assessments are on a front footage or lot basis.

MSBU Solid Waste Fund – 15100

Established to account for the special per-parcel assessments levied by the Board exclusively on the properties within the unincorporated area of the county. Assessments are collected by the Tax Collector and provide for solid waste services in the County.

Municipal Services Benefit Units Funds – 160XX

The Municipal Services Benefit Unit (MSBU) funds were created pursuant to the provisions of Section 125, Florida Statutes, to account for the cost of providing infrastructure improvements or municipal services for citizens within unincorporated Seminole County. Revenues are generated through non-ad valorem assessments levied upon properties located within the benefit unit.

DEBT SERVICE FUNDS:

General Revenue Debt, 2012 - 21200

The \$20,125,000 Capital Improvement Revenue Bonds, Series 2010 were issued to refund the Sales Tax Revenue Refunding Bonds, Series 1998, and are payable through a pledge of general (non-ad valorem) revenues.

General Revenue Debt, 2014- Sports Complex/Soldier's Creek - 21235

The \$28,000,000 Special Obligation Bonds, Series 2014 were issued for the construction and equipping of a Sports Complex and to provide funding for capital improvements to Soldier's Creek Park. Bond issue is payable through a pledge of general (non-ad valorem) revenues.

County Shared Revenue Debt-21300

The \$22,000,000 Capital Revenue Improvement Revenue Bonds, Series 2012, were issued to provide financing for the Public Safety Communications P25 Radio System Upgrade and Tower Rebuild projects. Funding for repayment of these bonds is provided by County Shared Revenues.

Sales Tax Revenue Bonds 2001 – 22500

The \$35,365,000 Sales Tax Revenue Bonds, Series 2005A were issued for the purpose of financing all or a portion of the renovation and expansion of the County's John E. Polk Correctional Facility. The \$39,700,000 Sales Tax Revenue Refunding Bonds, Series 2005B were issued to advance refund the Series 2001 Bonds maturing in the years 2012 through 2031. The \$47,975,000 Sales Tax Revenue Bonds, Series 2001 were issued to finance a portion of the cost of design, acquisition and construction of the courthouse expansion and renovation project.

CAPITAL FUNDS:

Boating Improvement Fund – 00104

Account for receipt and disbursement of registration fees from recreational vessels to improve County waterways.

Infrastructure Sales Tax Fund – 115XX

Account for the receipt and disbursement of a voter approved referendum one-cent sales tax in 1991, 2001, and 2014 for a period of ten years. Proceeds are used to fund transportation capital improvements.

Transportation Impact Fee Funds – 126XX

Account for receipt and disbursement of funds derived from fees paid by developers as outlined in the Seminole County Road Impact Fee Ordinance. Use of funds is restricted to capital facilities that are attributable to new growth. Sub-funds include Arterial Impact Fee, North Collector Impact Fee, West Collector Impact Fee, East Collector Impact Fee and South Central Impact Fee.

Development Impact Fee Funds – 128XX

Account for impact fees levied by the Board and collected pursuant to Seminole County Ordinance. Amounts collected are deposited into these funds. The revenues generated are to be used for capital improvements for fire protection and libraries. Sub-funds include the Fire/Rescue Impact Fee, and Library Impact Fee.

17-92 Redevelopment Fund - 13300

Account for the receipt and disbursement of tax increment income received for the 17-92 highway improvement and redevelopment agency.

Capital Improvement Revenue Bonds, Series 2012 (P25 System) - 30600

Account for proceeds of County 2012 shared revenue bonds to upgrade the Public Safety Communications P25 Radio System and rebuild Communications Towers.

Sports Complex/Soldier's Creek Project Fund – 30700

Account for proceeds of County 2014 general revenue bonds to construct a Sports Complex and provide capital improvements to Soldier's Creek Park.

Natural Lands/Trails Capital Project Fund – 32100

Account for proceeds of general obligation bonds to acquire, preserve, and restore environmentally sensitive lands within Seminole County.

Courthouse Projects Fund - 32200

Account for proceeds of Sales Tax Revenue Bonds for courthouse construction/capital improvements.

PROPIETARY FUNDS

ENTERPRISE FUNDS:

Water and Sewer Funds – 401XX

Account for the provision of water and sewer services to residents of the unincorporated areas of the County as well as portions of three municipalities: the City of Longwood, the City of Lake Mary and the City of Oviedo. Related activities include, but are not limited to, administration, operation, maintenance, financing and related debt service, and billing and collection.

Solid Waste Funds – 402XX

Account for the provision of solid waste disposal services to the general public on a user-charge basis. Related activities include, but not limited to, administration, operation, maintenance, financing and related debt service.

INTERNAL SERVICE FUNDS:

Property/Liability Insurance Fund - 50100

Account for insurance utilized by the County, including self-insurance, for general and property liability insurance. Reimbursements for these costs are allocated countywide.

Worker's Compensation Fund – 50200

Account for all types of insurance utilized by the County, including self-insurance, for workers' compensation. Reimbursements for these costs are allocated countywide.

Health Insurance Fund – 50300

Account for insurance utilized by the County, including self-insurance, for employee group health and life insurance. Reimbursements for these costs are allocated countywide.

Excluding FY 2016/17, gross taxable values are from the Property Appraiser's 403V Final Revised Recapitulation of Ad Valorem Assessment Roll. New construction is from the DR420 Certification of Taxable Values.

*FY 2016/17 valuations reflect the Property Appraiser's DR420 Preliminary Certification Of Taxable Values as of June 28, 2016.

UNINCORPORATED RESIDENTIAL HOME PROPERTY TAX CALCULATION

The 2016 property tax estimate is based on the average taxable value of a single family residence within Seminole County paying unincorporated property taxes for this tax roll. Florida law permits up to a 4% early payment discount incentive for property taxes paid between November and February. Payment of the estimated tax bill above in November versus the March 31st deadline would reduce the homeowners actual property taxes paid to \$2,153, a savings of \$90.

1. School Board: The School Board, as governing body of the taxing unit, is responsible for control, operation, organization, management and administration of public schools pursuant to standards prescribed by Florida Statutes and State Board of Education rules. Homeowners receive only \$25K in homestead exemption on School Board property taxes because schools are exempt from the Amendment 1 additional \$25K homestead exemption approved by Florida voters in 2008. In November 2012, Seminole County voters approved up to a 1 mill increase in their property taxes over a four year period (2013 - 2016 tax rolls) to preserve quality education in our schools.

2. Seminole County Government:

General Services: The Seminole County Board of County Commissioners determines the countywide ad valorem taxes required for the provision of county-wide services such as law enforcement, court facilities, roads, drainage, libraries, parks and other general government responsibilities.

Roads: A Municipal Service Taxing Unit supporting transportation systems designated by the Board of County Commissioners as local feeder roads, local distributor roads and local access roads within the unincorporated area of Seminole County.

Fire Protection: A Municipal Service Taxing Unit providing for fire protection and prevention, and rescue/emergency medical services to all properties in unincorporated Seminole County, the City of Altamonte Springs, the City of Winter Springs, the City of Casselberry and territories that may be included by special mutual aid agreement.

3. St. Johns River Water Management District: Florida is divided into five independent water management taxing districts whose mission is to preserve and manage Florida's water resources. The SJRWMD manages groundwater and surface water resources in all or part of 18 counties in northeast and east-central Florida.

Comparison is based on the FY 2016/17 proposed property tax rates by the County, School Board, and SJRWMD; and adopted FY 2015/16 municipal property tax rates for a single family home in Seminole County with an assessed value of \$180K. Final millage rates will be adopted by all taxing authorities in September.

COUNTYWIDE BUDGETARY SOURCES OF FUNDS

The Countywide budget for Seminole County is funded by a variety of sources. This chart is intended to provide an overall view of the types of sources utilized for the annual budget, the funding amounts generated, and the percentages of the total budget reflected. Detailed descriptions of the types of sources represented are also included.

This chart reflects total revenues which include current year collections and recurring sources of funding. Beginning fund balance and transfers are excluded from this view.

Recurring sources of funding:

Ad Valorem – A tax levied on the assessed value (net of any exemptions) of real and personal property. This is a referred to as "property tax".

Other Taxes – Other tax revenues collected by the County, including gas taxes, utility taxes, tourist development taxes and other miscellaneous taxes.

Special Assessments / Fees – A special assessment is a compulsory levy imposed on certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties. Fees are charges imposed by the County to pay the cost of providing a service or facility or regulating an activity. An impact fee is financial contributions imposed by the County on developers or builders to pay for capital improvements within the community which are necessary to service/accommodate the new development. **Shared Revenue** - Revenues assessed and collected by government entities and shared with other government entities. The largest portion of State Shared Revenues is sales and gas taxes; locally shared revenues are Community Redevelopment Agency (CRA) contributions.

Grants - A contribution of assets (usually cash) by one governmental unit or other organization to the County for a specified purpose.

Charges for Services – These are charges for specific governmental and proprietary services provided to specific individuals/ entities and are internal to the County. These charges include water and sewer services, landfill charges, court costs and other user charges.

COUNTYWIDE BUDGETARY SOURCES OF FUNDS

Miscellaneous Revenues – Other current year revenues not included in the categories listed above. These revenues include fines and forfeitures, interest received on investments held by the County and other incidental fees/reimbursements.

Intragovernmental Revenues – Excess revenues or transfers to constitutional officers returned to the County. While this revenue is not by definition current revenue, it is an annual source used to offset the cost of countywide services for the Tax Collector, Sheriff, Clerk of Court, Property Appraiser and Supervisor of Elections. It is budgeted as current revenue to minimize the impact of elected official budgets on the County budget.

Other Sources (Not included in chart):

Beginning Fund Balance – Estimated balances remaining from the previous fiscal year; resulting from unanticipated revenues, unexpended appropriations, and the previous year's Reserves.

Transfers – Transfers between individual funds of the County which are not repayable and are not considered charges for goods or services. These represent a "double counting" of revenues, and correspond to an equal amount of interfund expenditures.

COUNTYWIDE BUDGETARY USES

The County provides a variety of services to its citizens to ensure health, safety and quality of life. The following pie chart is a summary of the County's total operating and capital spending plan for FY 2016/17 by category of service. The use categories are State-defined as a means of establishing consistency in reporting for local governmental entities. An explanation for each state-designated use category is detailed following the chart, along with a discussion of the various types of services provided within the applicable category and the associated costs.

Note that County Debt expenditures are included in the chart as part of the service area benefited by the debt. This view excludes appropriations of operating transfers to other funds and estimated reserves; representing the proposed operating and capital spending plan for the upcoming fiscal year.

General Government - Services provided by the County for the benefit of the public and the governmental body as a whole. This category includes approximately \$16M allocated to the Constitutional Officers for tax collection, property appraisal, election functions and record keeping and accounting for the County Administration (BCC, Board's operations. Attorney, County Management, Human Resources, Purchasing, Budget & Fiscal Management) represent approximately \$1M and Countywide Planning and Zoning services are estimated at \$1.5M. Approximately \$6M is designated for property management and maintenance of buildings and \$3M for internal services (fleet, mail, printing, and technology). Approximately \$24M is allocated for health insurance, workers compensation claims and other general liability obligations.

Public Safety - Services provided by the County for the safety and security of the public, including approximately \$75M allocated for law enforcement and \$38M for jail operations. Approximately \$5M is allocated for the Sheriff to provide security for the judicial courts. Around \$72M is allocated for fire/rescue, 911, and other emergency service operations. Nearly \$2.6M is allocated for animal related services. Funding is also provided for juvenile detention, probation officers, the Medical Examiner and services related to assuring homes and commercial facilities are safe for the citizens.

COUNTYWIDE BUDGETARY USES

Physical Environment - Functions performed by the County to achieve a satisfactory living environment by controlling and utilizing elements of the environment for the community as a whole, including: approximately \$76M allocated to providing citizens and businesses with water, sewer, and landfill operations. Approximately \$28M is allocated for garbage

Collection / disposal services, street lighting, aquatic weed control, and other Municipal services to unincorporated residents. The remainder is allocated to protect the water quality of our lakes and other water bodies and for the construction of stormwater related infrastructure.

<u>**Transportation**</u> – Appropriations for the development and improvement of the safe and adequate flow of vehicles, travelers and pedestrians including: road and street facilities, water transportation systems, mass transit, and parking facilities. Approximately \$48M is designated to road related capital projects (see Projects Section for detail of all projects). Approximately \$12M is allocated to repairing/ maintaining roads, right-of-ways, medians, bridges, stormwater infrastructure, and trails. Approximately \$5M is provided for traffic operations; including items such as signals, roadway stripping, and signs. Over \$6.5M is allocated public transportation to support public transportation services within the County.

Economic Environment – Funding is used to develop and improve the economic condition of the community and its citizens. Approximately \$2.2M is allocated for local tourism activities.

<u>Human Services</u> – Funding is provided for public assistance programs, care for veteran services, indigent persons, and services for the care, treatment and control of human illness, injury or handicap. The County spends approximately \$12M in grants and other revenue for these services.

<u>Culture and Recreation</u> – Cost of providing and maintaining cultural and recreational facilities and activities for the benefit of citizens and visitors, including: libraries, parks and recreation, and other cultural and recreation services. Approximately \$7M is allocated to the County Library System and Museum. Approximately \$9.5M is allocated to parks/trails/natural lands, and a Sports Complex.

<u>Court-Related</u> – The County provides support for the State's Court System. Approximately \$5M is dedicated annually for facility maintenance and debt associated with the County's state mandated responsibility to provide court facilities. Nearly \$2M is expended for other court support programs.

Other Appropriations (not included in this chart):

<u>**Transfers**</u> – Transfers between individual funds of a governmental unit are not repayable, nor considered charges for goods or services. These expenditures (transfers out) correspond to an equal amount of interfund revenue (transfers in). See detailed transfers in the Countywide section of this book.

<u>**Reserves**</u> – Reserves represent funding that is not appropriated for expenditure within the representative fund. Reserves must be used in accordance with the funding intent (i.e. legally restricted for a specific purpose or available for general appropriation). See detailed Reserves in the Countywide section of this book.

Central FL Zoo

The Central Florida Zoo is the largest and the busiest attraction in Seminole County. The Zoo's Vision will empower our guests to respect, value and care for our natural resources, as we commit to contributing globally to the conservation and preservation of wildlife. As a regional resource in the Central Florida area and beyond, we will provide innovative and creative solutions through collaboration, practices and partnerships. The continued growth and development of the Zoo will further enhance its attraction to visitors outside the local community enabling us to bring national and international attention to the importance and ongoing efforts of wildlife sustainability.

Community Service Agency Funding

Funding awarded to various not-for-profit agencies, to provide a range of services locally including; food, clothing, shelter, medical attention, meal delivery, supervised visitation, child protection and other essential services. Agencies that were previously funded include Impower, Kids House, Meals on Wheels, Rescue Outreach Mission, Catholic Charities, Christian Sharing Center, Safehouse, Early Learning Coalition, Recovery House, Midway Safe Harbor, Legal Aid Society, SWOP, United Way (211 system), Lighthouse, Boys and Girls Clubs, Leadership Seminole, and Seniors First Allocations to Agencies are approved by the Board annually.

County Health Department

The County contracts and works in partnership with the State Department of Health to provide comprehensive public health services to the citizens of Seminole County. The Health Department provides outreach, clinical assessment, treatment and referral services. Through its services the Health Department strives to improve the health of Seminole County residents by ensuring timely provision to medical services thereby increasing the guality of life. Through education, service delivery and local partnerships the residents and visitors of Seminole County will enjoy a healthy life. The staff monitors health status, and focuses on community health resources to improve health outcomes, participates in emergency readiness and response issues and provides health education. They also provide case management for some of the Community Assistance funding, which transitioned over to the Health Department in FY2009/10. In 2016, funding was approved for a mobile health unit to better serve the citizens of Seminole County.

| East Central Florida Regional Planning Council | \$ 72,017 | \$ 73,090 | \$ 74,537 |

The East Central Florida Regional Planning Council (ECFRPC) exists as a function of state law to "promote cooperation among local units of government and provide for comprehensive planning for the region". It provides technical assistance as needed to local governments, reviews proposed comprehensive plan amendments of local governments for consistency with the state-mandated Regional Strategic Policy Plan, and serves as a mediator among local governments when there are disagreements about land use amendments with regional implications. The County's funding level for FY 2016/17 is approximately \$0.17 (seventeen cents) per capita based on the estimated 2016 population of 449,144.

<u>Lynx</u>

\$ 6,427,684 \$ 6,660,660 \$ 7,005,255

Lynx provides public transportation services to Seminole County via a fixed route system and an on demand Americans with Disabilities Act (ADA) Paratransit system to serve the disabled. Seminole county is one of four funding partners for this regional system that includes Orange County, City of Orlando and Osceola County.

The Mass Transit Program (LYNX) is designed to plan and pay for transit services Countywide. These services are provided through a contract between Seminole County and the Central Florida Regional Transportation Authority, aka LYNX. LYNX provides public transportation services to both the municipalities and the unincorporated area of Seminole County via a fixed-route system and an on demand Americans with Disabilities Act (ADA) Paratransit system to service the disabled. The total preliminary funding request to the County for Fiscal Year 2015/16 is approximately \$6.4M.

Metro Orlando Economic Development Comm.\$ 313,414\$ 406,490\$ 406,490

The Metro Orlando Economic Development Commission (EDC) promotes Seminole County as a location for business operations and economic development through its local, national and international marketing campaigns. The EDC serves as an information source for demographic, market, and property data. The Commission promotes Seminole County to the motion picture and television industry and coordinates the permitting activity to expedite the process. The EDC monitors and assists in the retention and expansion of local businesses. It employs an Economic Development Professional which is co-located with the County's Economic Development Business Development staff and the EDC serves as secretary to the Seminole County Industrial Development Authority. The County's funding level for FY 2016/17 is approximately \$0.91 (ninety-one cents) per capita based on the County's estimated 2016 population of 449,144

FY2014/15

Adopted

\$ 250,000 \$ 250,000 **Orlando-Sanford International Airport** \$ -

Approved in March 2015, this funding allows for additional airline marketing support which enables the airport to retain a strong international customer base in order to maintain their current high level of service in the Federal Inspection Station and ultimately to maintain their Port of Entry (POE) designation. This will help improve the service of over 200K annual international air passengers from seven international destinations. This is a five year contract in collaboration with other local government agencies who will work together along with the airlines to allocate the marketing funds. Airlines will be required to repay a pro-rata share of their support if they relocate to another airport prior to the end of the contract term.

SCC Small Business Services

The partnership with Seminole Community College provides for Small Business Development services, Seminole Advisory Board Council administration, and operation of the Technology Incubator located in the Port of Sanford. The incubator's clients have access to the same consulting services offered to the small business community as well as the on-site support needed to kick start their business venture. The Small Business Development Center provides assistance to the small business community with the development of business plans, marketing materials, bookkeeping services, and financial management advice. The Seminole Advisory Board Council coordinates customized boards for growing companies who need direction to take their company to the next level.

Hispanic Business Initiative Fund

The Hispanic Business Initiative Fund of Florida, Inc. (HBIF) is a community-based non-profit organization. Funding supports the increase of Hispanic-owned businesses and economic growth overall in the County. Funding provides bilingual business development services to Seminole County businesses. These services are provided to businesses that are currently located within the County's tax district, businesses that are exploring relocating their existing business to Seminole County, and potential new businesses that will be based within the County. Services include: seminars and workshops, personalized business consulting, entrepreneurial grants, commercial loan facilitation, bilingual education assistance, and professional service support.

\$ -

UCF Business Incubator – Winter Springs

The University of Central Florida (UCF) Technology Incubator is a partnership between UCF, Seminole County, the City of Winter Springs, and the Florida High Tech Corridor Council. This partnership is to encourage job growth and economic development with later stage incubator companies.

United Arts of Central Florida

This agency facilitates the development and awareness of arts and cultural activity in Central Florida. The County appoints a voting member to the United Arts Board of Trustees. The County's funding level for FY 2016/17 is approximately \$0.30 (thirty cents) per capita based on the County's 2016 estimated population of 449.144. Funding agreements are renewed annually.

**Reserves are budgeted only. They do not have any actual expenditures.

General Fund is Fund 00100 only.

OVERVIEW

The FY 2016/17 Proposed Budget for Personal Services is \$5.1M more than the prior year's budget primarily due to a 3% proposed increase in salaries/benefits and additional CW FTE requests (see FY17 Position Requests Detail Report):

| | FY15 ACTUALS | FY16 ADOPTED | FY17 REQUEST | BUDGET VARIANCE |
|-------------------------------|-----------------|-----------------|-----------------|--------------------|
| 512 SALARIES & WAGES | 62,425,759 | 69,266,782 | 71,571,327 | 2,304,545 |

| TOTAL CONSTITUTIONAL OFFICERS | 1,369.00 | 1,399.50 | 1,419.50 | 1,419.50 | 1,451.50 |

Note:

• FY 2016/17 - Intern Positions are no longer included in the FTE count. Positions are counted as whole numbers unless split between programs.

• Public Safety has gone through an assessment changing the department name to "Fire Department" and the re-alignment of (52) personnel to the Administration Department.

• PAY/Probation moved from the Fire Department, formerly Public Safety, to the Constitutional Officers Department, re-aligning (32) positions.

• Tourism moved from Development Services to Administration transferring (3) positions.

• Mail Services and Printing Services moved from Administration to Resource Management transferring a total of (3) positions.

| 00007090 - STRAY BLDG - FIRE SPRINKLERS | THE KENNEL BUILDING WAS REBUILT AFTER THE FIRE ON FEBRUARY 8, 2007, AND THAT PROJECT INCLUDED THE INSTALLATION OF FIRE WALLS. AN UPGRADE TO THE SHELTER'S EXISTING FIRE ALARM SYSTEM WOULD ALSO ENSURE THAT THE NEW SPRINKLER SYSTEM IS PROPERLY MONITORED, AND IT WILL PROVIDE IMPROVED SYSTEM ADDRESSABILITY (E.G. UNIQUE LOCATION IDENTIFIERS) FOR EMERGENCY RESPONDERS. | 150,00 |
| 00007120 - REPLACEMENT OF KENNEL DOORS | THE REPLACEMENT OF 110 KENNEL DOORS AT THE ANIMAL SERVICES ADOPTION BUILDING | 55,0 |
| 01 EMERGENCY MANAGEMENT | | |
| 00007121 - ANALOG TO DIGITAL CONVERSION | SINCE JUNE 13, 2009, FULL-POWER STATIONS NATIONWIDE HAVE BEEN REQUIRED TO BROADCAST EXCLUSIVELY IN A DIGITAL FORMAT. AUDIO VISUAL PROVIDERS NATIONWIDE ARE NOW BUILDING SYSTEMS EXCLUSIVELY IN A DIGITAL FORMAT. JUNE 2015 WAS GENERALLY VIEWED AS AN INTERNATIONALLY MANDATED ANALOGUE SWITCH-OFF DATE. AFTER THE SWITCH FROM ANALOG TO DIGITAL, ANALOG SYSTEMS SUCH AS THOSE INSIDE THE EOC WILL BECOME INCAPABLE TO RECEIVE BROADCASTS OR DIGITAL COMPUTER INPUTS. MANY OF THE SYSTEMS IN THE EOC REMAIN ANALOG AS WHEN THE PUBLIC SAFETY BUILDING WAS BUILT IN 1998. MANY OF THE COMPANIES WITH SYSTEMS IN THE EOC NO LONGER BUILD PARTS FOR THESE ANALOG DEVICES. UPGRADES TO THE SYSTEM ARE REQUIRED TO MAINTAIN OPERATIONAL READINESS AND SITUATIONAL AWARENESS INSIDE THE EOC. | 180,0 |

|---|---|------------|
| 8 WATER & SEWER CAPITAL | • | |
| UTILITIES ENGINEERING PROGRAM | | |
| 00021716 - OVERSIZING & EXTENSION- SANITAR | SANITARY SEWER OVERSIZING & EXTENSIONS ARE A SERIES OF PROJECTS WHICH OVERSIZE OR EXTEND, AS NECESSARY SEWER MAINS AND RECLAIMED WATER MAINS THAT ARE DEVELOPER CONSTRUCTED IN SUPPORT OF THE COUNTY'S UTILITY MASTER PLAN. DESIGN AND CONSTRUCTION REIMBURSEMENTS TO DEVELOPERS ARE VIA AMENDMENTS TO THEIR UTILITY AGREEMENTS. | 50,00 |
| 00021717 - OVERSIZING & EXTENSIONS- POTABL | POTABLE WATER OVERSIZING AND EXTENSIONS ARE A SERIES OF PROJECTS WHICH OVERSIZE OR EXTEND, AS NECESSARY POTABLE WATER MAINS THAT ARE DEVELOPER CONSTRUCTED IN SUPPORT OF THE COUNTY'S UTILITY MASTER PLAN. DESIGN AND CONSTRUCTION REIMBURSEMENTS TO DEVELOPERS ARE VIA AMENDMENTS TO THEIR UTILITY AGREEMENTS. | 50,00 |
| 00021726 - OREGON ST/FM WM RELOCATES | RELOCATION IS NECESSARY TO REMOVE THE EXISTING WATER AND WASTEWATER MAINS FROM INTERSTATE 4 LIMITED ACCESS RIGHT-OF-WAY AND ENABLE OPERATIONS AND MAINTENANCE STAFF PERSONNEL TO BETTER ACCESS THE UTILITIES | 750,00 |
| 00040302 - CAPITALIZED LABOR | FUNDS TO SUPPORT THE UTILITIES ENGINEERING DIVISION'S SALARIES, WAGES AND BENEFITS | 827,50 |
| PROJECT | ASSOCIATED WITH LABOR PERFORMED BY STAFF ON CAPITAL IMPROVEMENT PROJECTS. | |
| 00056606 - LAKE MONROE WATER TREATMENT DE | DECOMMISSIONING OF THE LAKE MONROE WATER TREATMENT PLANT AFTER THE UPGRADES TO THE MARKHAM REGIONAL WATER TREATMENT PLANT AND AN INTERCONNECT WITH THE CITY OF SANFORD ARE COMPLETED AND OPERATIONAL. | 445,000 |
| 00064573 - LAKE MONROE SYSTEM PRESSURE MO | REMOVAL OF TWO PRESSURE REDUCING VALVES BETWEEN THE MARKHAM AND THE LAKE MONROE WATER TREATMENT PLANTS. | 100,00 |
| 00064576 - SOUTHWEST SERVICE AREA PIPELIN | | 500,000 |
| 00064583 - WATER DISTRIBUTION | CONDITION ASSESSMENT OF EXISTING WATER TRANSMISSION AND DISTRIBUTION MAINS. PROJECT | 160,00 |
| SYSTEM COND 00064588 - NW-W1&2 PIPELINE IMPROVEMENT | WAS ESTABLISHED UNDER THE UTILITIES MASTER PLAN (2013). IMPROVE HYDRAULICS BY INCREASING THE SIZE OF THE POTABLE WATER TRANSMISSION MAINS TO REDUCE VELOCITIES. THE TRANSMISSION MAINS TO BE UPSIZED ARE LOCATED AT THE | |
| 00064591 - DOLGNER PL WATER MAIN REPLACE | INTERSECTIONS OF ORANGE BLVD WITH SR 46 AND SR 46A. REPLACEMENT OF EXISTING DUCTILE IRON WATER MAIN ALONG DOLGNER PLACE WITH PVC WATER MAIN | 300,00 |
| 00064592 - WATER SERVICE LINE REPLACEMENT | REPLACEMENT OF SERVICE LINES WITHIN THE INDIAN HILLS, COUNTRY LANE, AND HIGHLAND PINES SUBDIVISIONS | 300,00 |
| 00064593 - BRAMPTON PL WATER MAIN RELOCAT | RELOCATION OF APPROXIMATELY 200 LINEAR FEET OF POTABLE WATER MAIN TO THE RIGHT-OF- WAY AND UTILITY EASEMENT LOCATED AT THE NORTH END OF BRAMPTON PLACE IN LAKE MARY | 75,00 |
| 00065234 - WEKIVA PARKWAY UTILITY RELOCAT | THIS PROJECT IS FOR THE RELOCATION OF UNDERGROUND POTABLE WATER, SEWER AND RECLAIMED UTILITY MAINS TO AVOID CONFLICTS WITH CONSTRUCTION OF THE NEW WEKIVA PARKWAY. | 8,200,00 |
| 00065236 - MINOR ROADS UTILITY UPGRADES-P | THE MINOR ROAD UTILITY UPGRADES IS A SERIES OF PROJECTS WHICH CONSIST OF THE DESIGN, PERMITTING, AND CONSTRUCTION OF POTABLE WATER UTILITY RELOCATIONS IMPACTED BY MINOR ROADWAY, STORMWATER, INTERSECTION, AND SIDEWALK IMPROVEMENTS ASSOCIATED WITH PUBLIC WORKS MINOR ROADS PROGRAM. THIS GROUP OF PROJECTS IS NECESSARY TO SUPPORT VARIOUS STORMWATER, TRAFFIC AND ROADWAY CONSTRUCTION PROJECTS. | 75,00 |
| 00065237 - MINOR ROADS UTILITY UPGRADES-S | THE MINOR ROAD UTILITY UPGRADES IS A SERIES OF PROJECTS WHICH CONSIST OF THE DESIGN, PERMITTING, AND CONSTRUCTION OF WASTEWATER AND RECLAIMED WATER UTILITY RELOCATIONS IMPACTED BY MINOR ROADWAY, STORMWATER, INTERSECTION, AND SIDEWALK IMPROVEMENTS ASSOCIATED WITH PUBLIC WORKS MINOR ROADS PROGRAM. THIS GROUP OF PROJECTS IS NECESSARY TO SUPPORT VARIOUS STORMWATER, TRAFFIC AND ROADWAY CONSTRUCTION PROJECTS. | 75,000 |
| 00065239 - OXFORD ROAD IMPROVEMENTS - 17- | DESIGN FOR RELOCATION OF POTABLE WATER AND WASTEWATER INFRASTRUCTURE TO SUPPORT PUBLIC WORKS CIP PROJECT TO IMPROVE OXFORD ROAD FROM SR 17-92 TO FERNWOOD BLVD. | 160,00 |
| 00065284 - ORANGE AVE FORCE MAIN EXTENSIO | EXTENSION OF 2 INCH FORCE MAIN TO LOOP WASTEWATER TRANSMISSION SYSTEM | 100,00 |
| 00065285 - COUNTRY CLUB HEIGHT GRAV MAIN | REHABILITATION OF GRAVITY SEWER MAIN WITHIN THE COUNTRY CLUB HEIGHTS SUBDIVISION | 150,00 |
| 00065286 - SR 417 WIDENING RELOCATES | RELOCATIONS OF POTABLE WATER AND WASTEWATER INFRASTRUCTURE DUE TO THE FDOT'S SR 417 WIDENING PROJECT | 150,00 |
| | THE PUMP STATION UPGRADES WILL CONSIST OF THE DESIGN, PERMITTING AND CONSTRUCTION OF ANNUAL PUMP STATION UPGRADES INCLUDING WET WELL REHAB, CONTROL PANELS, CONCRETE PAD REPAIR, ODOR CONTROL AND GENERATORS AS NEEDED TO ACHIEVE EFFICIENT MAINTENANCE COSTS. OTEHR REPAIRS MAY BE REQUIRED AND ARE DETERMINED BY A CONDITION ASSESSMENT. | 1,700,00 |

| | PROJECT | PROJECT SCOPE | WORKSESSION |
|-------------|--|---|-------------|
| | 1082926 - GREENWOOD LAKES POWER ISEMENT | GROUT AND ABANDON APPROX. 1,000 LF OF GRAVITY SEWER THAT CURRENTLY DISCHARGES TO GREENWOOD LAKES WRF, CONSTRUCT A MASTER PUMP STATION AND APPROX. 1,500 LF OF FORCE MAIN TO REPLACE THE GRAVITY SEWER. THIS PROJECT ALSO INCLUDES JACK AND BORE OF GREENWAY BOULEVARD FOR THE FORCE MAIN TO GREENWOOD LAKES WRF. REPLACEMENT OF THE POWER EASEMENT MANHOLE WITH A NEW MANHOLE, REROUTE TWO GRAVITY SEWER LINES AND FORCE MAIN TO THE NEW MANHOLE AND GROUT THE ABANDONED MANHOLE. | 2,000,000 |
| | | ASSESSMENT OF CONDITION OF EXISTING FORCE MAINS AND AIR RELEASE VALVES SUSPECTED OF BEING IN DETERIORATED CONDITION DUE TO AGE OR REPAIR RECORDS. | 250,000 |
| | | ASSESSMENT OF CONDITION OF EXISTING GRAVITY SEWER MAINS AND MANHOLES SUSPECTED OF BEING IN DETERIORATED CONDITION DUE TO AGE OR REPAIR RECORDS. | 250,000 |
| | | REROUTING AND IMPROVEMENT OF PIPE SUPPORT SYSTEM FOR AIR PIPING FROM THE INTAKE SCREEN AIRBUST BACKWASH SYSTEM | 200,000 |
| | DNSOLI | PERMITTING ACTIVITIES TO CONSOLIDATE THE COUNTY'S CUPS FOR THE NORTHWEST, NORTHEAST, SOUTHEAST AND SOUTHWEST SERVICE AREAS. FUNDS ALSO NEEDED TO MEET CONDITIONS OF THE CONSOLIDATED CONSUMPTIVE USE PERMIT. | 50,000 |
| | 201522 - POTABLE WELL IPROVEMENTS | THE POTABLE WELL IMPROVEMENTS IS A SERIES OF PROJECTS WHICH CONSIST OF WELL HEAD PROTECTION IMPROVEMENTS, MODIFICATIONS, AND UPGRADES TO THE 46 EXISTING GROUNDWATER PRODUCTION WELLS THAT SUPPLY THE EXISTING COUNTY WATER TREATMENT FACILITIES. | 75,000 |
| 00 | 201547 - SER WELL 4 MODIFICATIONS | SER WELL 4 IS OVER DRILLED INTO THE CONFING LAYER BETWEEN THE UPPER FLORIDAN AQUFER AND THE LOWER FLORIDAN AQUIFER. SER WELL 4 NEEDS TO BE BACKPLUGGED TO PULL SOURCE WATER ONLY FROM THE UPPER FLORIDAN AQUFIER. | 50,000 |
| | | DECOMMISSIONING OF THE WATER TREATMENT PLANT AFTER AGREEMENT WITH ALTAMONTE SPRINGS IS MADE TO BUY WHOLESALE WATER. | 445,000 |
| | | DECOMMISSIONING OF WTP AFTER UPGRADES TO INTERCONNECTION WITH ALTAMONTE SPRINGS IS COMPLETE | 195,000 |
| 00 | | A FAMILY OF PROJECT RELATED TO AN AGREEMENT WITH CITY OF ORLANDO TO EXPAND THE CAPACITY THROUGH IMPROVEMENTS TO AND REFURBISHMENT OF THE EXISTING CITY OF ORLANDO'S IRON BRIDGE FACILITY. THIS REGIONAL WASTEWATER FACILITY TREATS FLOW FROM THE COUNTY'S SOUTHEAST SERVICE AREA. THE RESULTS OF THIS PROJECT FOR THE COUNTY IS THE ACQUISITION OF RIGHTS TO FUTURE USE OF THE IRON BRIDGE PROJECT.~~ | 2,442,000 |
| | | RELOCATION OF LYNWOOD EMERGENCY GENERATORS TO SUPPORT RECLAIMED WATER PUMPING SYSTEM. | 200,000 |
| | | THIS PROJECT WILL PRODUCE A STUDY WITH RECOMMENDATIONS TO OPTIMIZE OPERATIONS, SYSTEM CONTROLS AND OPERATOR FLEXIBILITY OF THE RECLAIMED WATER SYSTEM. | 350,000 |
| | STEMS IMP | THIS PROJECT WILL REPLACE SCADA NETWORK AND SECURITY SYSTEM EQUIPMENT ON AN ANNUAL BASIS OVER A FIVE YEAR PERIOD BASED ON A SCADA AND SECURITY SYSTEM MASTER PLAN GENERATED EVERY FIVE YEARS. ANNUAL FUNDING NEEDS IS PROJECTED TO BE \$325,000 PER YEAR TO ADDRESS BOTH SCADA NETWORK AND SECUIRTY SYSTEM HARDWARE REPLACEMENT NEEDS. | 325,000 |
| | 283010 - RED BUG LAKE RD FM PLACEMENT | REPLACEMENT OF APPROXIMATELY 2,500 FT OF FORCE MAIN THAT RUNS NORTH OF SLAVIA RD ALONG THE WEST SIDE OF THE RED BUG LAKE RD | 250,000 |
| 000 | 065287 - SPRING VILLA CONFLICT | IMPROVE THE FUNCTIONALITY OF A STORM AND SEWER CONFLICT STRUCTURE | 145,000 |
| 00 | ASIBILITY EVALUATION | THIS PROJECT IS NECESSARY TO DETERMINE THE MOST EFFECTIVE WAY TO MANAGE CONCENTRATE WHICH IS A BYPRODUCT OF MEMBRANE TECHNOLOGY TO TREAT SURFACE WATER TO POTABLE WATER STANDARDS. OPTIONS FOR CONCENTRATE MANAGEMENT INCLUDE DEEP WELL INJECTION, DISCHARGE TO SEWER, DISCHARGE TO SURFACE WATER AND EVAPORATION/LANDFILL DEPOSITION. THE DETERMINATION MADE AS A RESULT OF THIS DESIGN WILL BE IMPLEMENTED AS PART OF THE CIP PROJECT THAT EXPANDS THE YANKEE LAKE SURFACE WATER TREATMENT PLANT TO TREAT SURFACE WATER TO POTABLE WATER STANDARDS. | 150,000 |

| 00160803 - LANDFILL ACCESS PAVING | PAVING OF ACCESS RAMPS AND PERIMETER ROADWAYS AT THE LANDFILL TO PROVIDE STABILITY FOR VEHICLES TO ACCESS THE WORKING FACE OF THE LANDFILL. | 750,00 |
| 00201902 - TIPPING FLOOR RESURFACING | RENEWAL AND REHABILITATION IS NEEDED PERIODICALLY ON THE CENTRAL TRANSFER STATION TIPPING FLOOR. THE FLOOR HAS A WEAR SURFACE COMPOSED OF AN IRON-AGGREGATE CONCRETE. AS REFUSE IS PUSHED ON THE TIPPING FLOOR, THE SURFACE WEARS OUT OVER TIME. THE FLOOR NEEDS TO BE RE-CONSTRUCTED PERIODICALLY TO EXTEND THE LIFE OF THE FACILITY. SMALLER PATCHES HAVE BEEN SUCCESSFUL IN PROLONGING THE NEED FOR A MAJOR RESURFACING; HOWEVER, THE PROJECT WILL BE NEEDED SOON. | 175,00 |
| 00215802 - UPGRADED PREFABRICATED HAZARDO | REPLACEMENT OF HAZARDOUS WASTE STORAGE LOCKERS. CURRENT LOCKERS AT THE TRANSFER STATION ARE CORRODING. SANDING AND REFINISHING WILL KEEP THE EXISTING LOCKERS VIABLE FOR A FEW MORE YEARS. | 80,00 |
| 00244517 - TRANSFER STATION REFURBISHMENT | REFURBISHMENT OF FEATURES AT THE TRANSFER STATION, INCLUDING SECTIONS OF DRIVEWAY CONCRETE, ENTRANCE GATES, FIRE SPRINKLER SYSTEM, CCTV SYSTEM, PORTIONS OF THE BUILDING ENVELOPE, AND OTHER MISCELLANEOUS FEATURES. THESE ITEMS REQUIRE REPLACEMENT AND/OR REFURBISHMENT TO EXTEND THE LIFE OF THE TRANSFER STATION. | 445,00 |
| 00244522 - LANDFILL PUMP STATION REPLACEM | THE LANDFILL LEACHATE CONVENIENCE SYSTEM CONTAINS 3 PUMP STATIONS WITH 2 PUMPS PER STATION. THE PUMPS ARE PROJECTED TO REACH THE END OF THE USEFUL LIFE REQUIRING REPLACEMENT EVERY 5 YEARS. | 40,00 |
| 00244604 - LANDFILL GAS SYSTEM EXPANSION | DESIGN, ENGINEER, PERMIT, AND CONSTRUCT AN EXPANSION OF LANDFILL GAS COLLECTION SYSTEM INTO RECENTLY PLACE WASTE IN COMPLIANCE WITH ENVIRONMENTAL PROTECTION AGENCY (EPA) TITLE V REGULATIONS AND THE LANDFILL'S AIR PERMIT. | 315,00 |

SUMMARY OF OUTSTANDING DEBT

As of October 1, 2016, Seminole County has a total of \$369 million of outstanding debt, which includes bonds and bank loans. The outstanding debt is secured by multiple revenue sources. The majority of outstanding debt is secured by revenues from the Water and Sewer System. The following are revenue pledges for County debt outstanding:

- **General Revenues** General revenues are non-ad valorem revenues. The County has a covenant to budget and appropriate non-ad valorem revenues to secure the Series 2014 Special Obligation Bonds, and Series 2013A and 2013B Capital Improvement Revenue Bonds.
- **County Shared Revenues –** The Florida Revenue Sharing Act of 1972 enacted legislation to create the Revenue Sharing Trust Fund for Counties. The Fund consists of a portion of the cigarette tax and sales and use tax collections, which are allocated to counties, based on a distribution formula and eligibility requirements. Section 218.25 of the Florida Statutes authorizes counties to pledge the guaranteed entitlement for bonded indebtedness up to 50 percent of the funds received in the prior year. The Series 2012 Capital Improvement Revenue Bonds are secured by County Shared Revenues.
- Sales Tax The State levies a 6 percent sales tax of which a portion of net proceeds is transferred to the Local Government Half-Cent Sales Tax Clearing Trust Fund for distributions by the Department of Revenue pursuant to Section 218.61 of the Florida Statutes. The County's Sales Tax Bonds are secured by half-cent sales tax revenue.
- Water and Sewer Revenues The County owns and operates a combined water and wastewater treatment system, associated distribution, collection and effluent disposal facilities. The County's Water and Sewer Bonds are secured by a pledge of net revenues derived from the ownership and operation of the system and connection fees.

Legal Debt Limits

The Constitution of the State of Florida, Statute 200.181 and Seminole County has not taken action to set legal debt limits. However, debt capacity measures such as direct and overall debt per capita and debt per taxable property value are evaluated prior to the issuance of debt.

SUMMARY OF OUTSTANDING DEBT FISCAL YEAR 2016/17

Capital Improvement Bonds (Bank Loans)

The \$10,000,000 and \$8,140,000 Capital Improvement Revenue Bonds, Series 2013A and 2013B (respectively) were issued to refund the \$20,125,000 Capital Improvement Revenue Bonds, Series 2010. The Series 2010 Bonds were issued to refund the \$24,060,000 Sales Tax Revenue Refunding Bonds, Series 1998. The Series 2013A and 2013B Bonds are secured by general revenues.

The \$22,000,000 Capital Improvement Revenue Bond, Series 2012 was issued to provide financing for the Public Safety Communications P25 Radio Tower Rebuild Projects. The Series 2012 Bond is secured by County Shared Revenues (Guaranteed Entitlement Funds).

SUMMARY OF OUTSTANDING DEBT FISCAL YEAR 2016/17

Special Obligation Bonds

The \$28,000,000 Special Obligation Bonds, Series 2014 were issued to finance a portion of the costs of the acquisition, construction, equipping and installation of certain capital improvements including, without limitation, a new County Sports Complex and renovations to Soldiers Creek Park. The Series 2014 Bonds are secured by general revenues.

Principal and Interest

ASSIGNED UNDERLYING RATINGS

The following are Seminole County's assigned ratings for bonds outstanding, excluding bank loans. Seminole County has consistently maintained high quality ratings.

| Rating Date | Credit | Moody's ⁽¹⁾ | S&P |
|---------------|--|------------------------|-----|
| | Issuer Rating ⁽²⁾ | Aa1 | AA |
| January 2006 | Sales Tax Revenue Bonds ⁽³⁾ | Aa2 | AA |
| February 2014 | Special Obligation Bonds | Aa2 | AA- |
| April 2015 | Water and Sewer Bonds ⁽⁴⁾ | Aa2 | AA |

(1) Moody's Global Scale Rating, May 7, 2010.

(2) Rating re-affirmed by Moody's and Standard & Poor's February 2014.

(3) Standard and Poor's upgrade September 2006.

(4) Rating re-affirmed by Moody's and upgraded by Standard & Poor's April 2015.

Rating Definitions

An underlying rating is a published assessment of a particular debt issue's credit quality absent credit enhancement.

Moody's rates bond issues from "Aaa" to "C". Bonds which are rated "Aaa" are judged to be of the highest quality, with minimal credit risk. Moody's applies numerical modifiers 1, 2, and 3 in each rating classification from "Aa" through "Caa". The modifier 1 indicates that the issue ranks in the higher end of the rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates that the issue ranks in the lower end of the category.

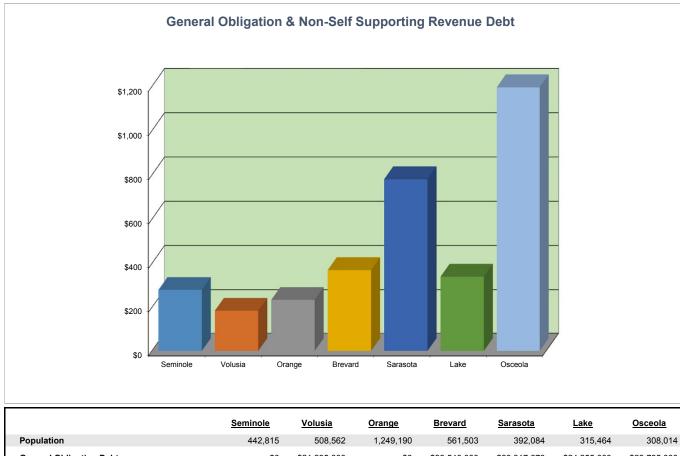

Standard & Poor's rates bond issues from "AAA" to "D". Bonds which are rated "AAA" are considered to have extremely strong financial security characteristics. Standard and Poor's applies modifiers of plus (+) or minus (-) signs following ratings from "AA" to "CCC", which show relative standing within the major rating categories.

The following are rating assignments for high to medium grade securities:

| Category | Moody's | S&P |
|---------------------------|--------------|------|
| | A a a | |
| Prime Maximum Quality | Aaa | AAA |
| | Aa1 | AA+ |
| High Grade – High Quality | Aa2 | AA |
| | Aa3 | AA- |
| | A1 | A+ |
| Upper Medium Grade | A2 | А |
| | A3 | A- |
| | Baa1 | BBB+ |
| Lower Medium Grade | Baa2 | BBB |
| | Baa3 | BBB- |

(1) Beginning in April 2010, Moody's recalibrated its long-term U.S. Municipal ratings to its global rating scale. The global rating scale is used to rate sovereign, sub-sovereign, financial institution, project finance, structured finance and corporate obligations. This recalibration enhances the comparability of ratings across the Moody's-rated universe. Upon recalibration Moody's will maintain a single global scale rating system. (Source: Moody's Rating Report – Recalibration of Moody's U.S. Municipal Ratings to its Global Rating Scale, March 2010)

COUNTY COMPARISON OF DEBT PER CAPITA AS OF SEPTEMBER 30, 2015

| Population | 442,015 | 506,562 | 1,249,190 | 501,505 | 392,004 | 315,404 | 306,014 |
|---|---------------|----------------------|---------------|-----------------------|-----------------------|----------------------|----------------------|

INTERNAL SERVICE CHARGES

OVERVIEW

Internal Service Charges (ISCs) have been developed in Seminole County Government as a way to identify and allocate the true cost of services provided by various support programs. Each program requires unique analysis to determine the most appropriate method of both estimating the ISC budgets and allocating the charges.

Currently support programs use the direct and indirect methods to allocate internal service charges. In developing the budget for user programs historical use is analyzed to create an estimate for the upcoming fiscal year. In the direct method of allocating actual charges, the support program tracks service provided to the user program and provides this information to allocate the charges. In the indirect method of allocating charges the percentage of use, or percentage of inventory, is used to determine the proportionate share of each user program. The actual expenses incurred by the support program are then allocated to the user programs based on the proportionate share that has been calculated.

The methodology used to develop the internal service charges is in accordance with Generally Accepted Accounting Principles, and will properly allocate both the direct and indirect costs for the following support program services:

- Fleet Maintenance
- Fleet Fuel
- Mailing Services
- Printing Services
- Facilities Maintenance
 - Regular Facility Maintenance
 - Renewal & Replacement
 - Landscaping Maintenance
- Property Management (Leases, Security, Cleaning Contracts)
- Radio Support & Maintenance
- Information Services
 - Hardware Leases
 - Desktop Support and Maintenance
 - Network Connection
 - Telecommunication Service
 - Geographic Information Systems (GIS)
- Insurance
- Administrative Fees

INTERNAL SERVICES:

Fleet Maintenance

The Fleet Management program maintains a work order system for all equipment serviced. Direct costs are allocated based on work orders assigned to user programs. Fleet Management's actual overhead costs are charged through the indirect method based on the user programs total service received.

Fleet Fuel

The Fleet Management program maintains a fuel system usage report. Direct costs are allocated based on the total number of gallons of fuel received per user program

Mailing Services

Mail Services tracks costs associated with providing postage and courier services to user programs through usage reports. Direct postage and courier service costs are allocated to the user programs. Mail Services overhead is calculated through the indirect method and based on the user programs total service received.

Printing Services

The Print Center uses a database to track all print services provided to user programs. Each user program will be cost allocated for actual print services received and overhead. Charges are made up of a loaded rate (salaries, benefits and materials). Printing Services overhead is calculated through the indirect method and based on the user programs total service received.

Facilities Maintenance

Regular Facility Maintenance

Facilities Maintenance tracks all work completed for user programs through a work order system. User programs are cost allocated for actual repair and maintenance performed on their facilities. Costs are made of up a labor rate, (loaded to include: all salaries and benefits); cost of work order parts; and all associated contracted services.

Facilities Renewal & Replacement Activities

The ISC's for Facilities Renewal & Replacement Activities are developed through an annual approved

workplan. Renewal & Replacement Activities currently provides roof, heating, ventilation & air conditioning, flooring and building exterior maintenance/replacement on a scheduled basis. The Facilities Maintenance Program estimates the costs that will be expended on certain facilities with the understanding that a budget transfer may be required within a department if necessary. A large portion of the renewal & replacement activities provided by Facilities Maintenance are for General Government Facilities.

Landscape Maintenance

Countywide Landscaping Maintenance maintains service contracts for county facilities, miscellaneous properties and various general areas throughout the county. Direct costs are allocated to each user program based on the provider services received.

Property Management

The Facilities Maintenance program manages the property leases; security guard, custodial, and various other contracts for Countywide user programs. Cost is allocated to each user program for actual leased space, custodial, window cleaning, security guard and other services received.

Radio Support & Maintenance

Public Safety currently manages the radio inventory, service, and support for all County Departments, Municipalities, Sheriff's Office, and several other outside agencies. Costs are allocated through the indirect method and based on the total actual Countywide cost of providing radio service and support by the user program's total number of radios in inventory.

Information Services

Leased Equipment

To ensure technology efficiencies throughout the County, the Information Services Department works in conjunction with the user programs to verify existing equipment, remove expiring leases, or relocate/remove unused items from inventory. Cost allocations are based on actual billings from the leasing agent for existing or new lease equipment.

Desktop Support and Maintenance

Desktop Support & Maintenance maintains a computer inventory. A physical inventory is taken annually to ensure efficiencies. Costs are allocated based on the total actual Countywide cost of providing desktop support and maintenance by the user program's total number of desktop computers in inventory.

Network Connection

Network Connection consists of complex technical support, including provisional and proactive/reactive maintenance. The computer inventory is used to determine the number of computers per user program. Service program costs are allocated through the indirect method and based on the user program's total number of desktop computers in inventory.

Telecommunications Service

The Information Services Department works in conjunction with the Countywide user programs to verify two inventories: Telephone Inventory; alarm, fax, modem, and phones; and Cellular Inventory; cell phone and air cards. The telephone actual provider service costs are allocated based on the total number of extensions in inventory for each user program. The cellular costs are allocated based on the total number of devices in inventory for each user program.

Telecommunications Support and Maintenance

Telecommunications Support and Maintenance provides for all hardware, personnel support, and maintenance related to telephones. The Telephone Inventory is used to determine the number of extensions per user program. Indirect costs are allocated based on the total Countywide cost of providing support & maintenance by the user program's total number of extensions in inventory.

Geographic Information Systems (GIS)

Geographic Information Systems (GIS) maintains an inventory of GIS users. Power Users are considered: full time GIS positions, use the geoprocessing tools within the software, consistently create maps as part of their job duties, and are custodians (editors) of three or more datasets. Costs are allocated through the indirect method and based on the total number of Power Users in each user program.

Insurance (Property / Liability)

Insurance service provides coverage from losses of property and liability claims. The value of assets insured and claim history is tracked by the Property/Liability Insurance Program. Property value is used to calculate direct costs for each user program's percentage of total service provided.

Administrative Fees

The General Fund pays for various administrative programs that provide support services for all Countywide user programs. The costs of these support programs, which includes Budget & Fiscal Management, County Manager, Board of County Commissioners, County Attorney, County Finance, Human Resources. Training & Benefits. Administration (Resource Management), Community Information, Business Process Management and Purchasing & Contracts, are allocated to the appropriate funding sources using specific cost drivers. Ratios are established using various combinations of full time employee counts, budget amounts, actual expenditure amounts, and employee workload. These ratios are applied to the support program's budget to determine the Administrative Fee charge. At the end of the fiscal year, each funding source is charged back their percentage of the actual expenditures for the support services.

Engineering Capitalization Costs

The Capital Projects Delivery Program contains the costs required to administer the Public Works Capital Program. This includes the County's engineers along with the supplies, certifications, and equipment that are directly utilized in managing capital projects. Each project is charged periodically for labor based on staff time allocated to the project, while supplies and other operating expenses are charged annually.

REPLACEMENT OF KENNEL DOORS

Priority:

3

Justification: (Limit to 1 Page)

The Seminole County Animal Services (SCAS) Division is seeking to replace 110 interior kennel doors (including locking mechanisms) for the indoor/outdoor dog kennel runs located within the Stray and Adoption Buildings. Although in good working order at that time, the existing kennel door system used at the SCAS facility was determined to be beyond its useful life when it was acquired from Orange County Animal Services (OCAS), during their own facility renovation project approximately ten (10) years ago.

As the locking mechanisms for each door fail due to age and prolonged use, replacement parts were found within the surplus inventory stored at SCAS. However, SCAS is now unable to locate either new locks or replacement parts for this door system, and only seven (2) surplus door units remain for use as replacements.

Animals housed within these buildings will spend the majority of their time within the indoor portion of the run, and will only be placed in the outdoor portion for a few hours each morning during the kennel cleaning process. The failure rate for the existing kennel door system has increased over the last year (approximately 5 per month), and SCAS has determined that the replacement of all interior doors will help to properly secure our animal residents and to minimize any potential risk to the visiting public. Older doors that have been replaced through this project will be kept as surplus inventory, which will then be used to repair/replace door failures for existing exterior doors.

The project approach would be to bulk purchase all 110 interior dog kennel run doors, in order to realize cost savings on shipping/handling and to receive a purchase discount. The Facilities Division has confirmed their staff availability for the labor component of this project, and doors will be replaced a few at a time depending on their work schedules.

In FY 17/18, SCAS intends to submit a request for the replacement of the exterior dog kennel run doors and the cost for same might be adjusted due to the possible revenue from sending the older system doors to a scrap facility. If this door system is not replaced, SCAS staff may be required to begin closing down runs that can no longer be properly secured, and the inability to house animals at the shelter would thereby impact the County's euthanasia rate.

INSTALLATION OF FIRE SPRINKLERS (STRAY & ADOPTION BUILDINGS)

Priority:

3

Justification: (Limit to 1 Page)

02

The Seminole County Animal Services (SCAS) Division is seeking to Install a fire sprinkler system within the Stray and Adoption Kennel Buildings, and this new fire suppression feature will be programmed into the shelter facility's existing fire alarm system.

Both Kennel Buidlings currently have fire walls, which are designed to contain fire between sections of each building. However, fire walls do not supress the actual fire (only help to stop the spread of same), and any animals housed within the affected sections within those buildings would most likely perish. The installation of fire sprinklers will help to increase the survival rate for animals housed within these buildings during an emergency event.

In addition, this upgrade to the shelter's existing fire alarm system would ensure that the new fire sprinkler system is properly monitored. This upgrade would help to improve alert notifications to emergency responders, and system addressability (e.g. unique location identifiers) for expediting response to areas affected by the emergency event.

Additional Staff Required (List FTEs in Justification): # Additional Equipment or Vehicle Needs (List in Justification): YES

HISPANIC BUSINESS INITIATIVE FUND OF FLORIDA, INC. (HBIF)

Priority:

3

3

Justification: (Limit to 1 Page)

The Hispanic Business Initiative Fund of Florida, Inc. (HBIF) is a community-based, 501(c)(3) non-profit organization. All earnings from operations, funds, donations and contributions only benefit customers of HBIF. Funding Requested: \$60,000. HBIF will provide 400 hours (1 day a week for 50 weeks) to Seminole County, \$10,000 will support educational programs, to include three (3), hour-long workshops, \$20,000 will support entrepreneurial grants, \$30,000 will support 1:1 business consulting services. A table of eight (8) at the annual HBIF Success Stories Luncheon, Logo placement on HBIF support wall, collateral, communication pieces, annual report, and website.

Funding supports the increase of Hispanic-owned businesses and economic growth overall in the County. Funding provides bilingual business development services to Seminole County businesses. These services are provided to businesses that are currently located within the County's tax district, businesses that are exploring relocating their existing business to Seminole County, and potential new businesses that will be based within the County. Services include: seminars and workshops, personalized business consulting, entrepreneurial grants, commercial loan facilitation, bilingual education assistance, and professional service support.

SHERIFF'S OFFICE MISSION

To enhance the quality of life by reducing crime and the fear of crime throughout Seminole County

PROPOSED FISCAL YEAR 2016/17 BUDGET

PRESENTED TO THE SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS

John Horan • Chairman / District 2

Brenda Carey • Vice Chairman / District 5

Bob Dallari • District 1

Lee Constantine • District 3

Carlton Henley - District 4

Nicole Guillet - County Manager

BUDGET TRANSMITTAL LETTER

Dear Commissioners:

I am pleased to present the Fiscal Year 2016/17 budget request of the Seminole County Sheriff's Office for your consideration. In accordance with state law, the proposed budget reflects the funding necessary to carry out the obligations of the Sheriff's Office for providing law enforcement services, court security services for the County's three court facilities, and correctional services through operation of the John E. Polk Correctional Facility and the Seminole County Juvenile Detention Center. The budget was developed with an emphasis on effective delivery of these services to our community at a level that enhances the quality of life for our citizens by reducing crime and the fear of crime throughout Seminole County.

Public safety is a fundamental government service requiring a significant investment in public resources that brings about enhanced returns to our community's quality of life. As a result of this investment, Seminole County continues to have one of the lowest crime rates in Central Florida. Between 1995 and 2015, while the unincorporated population of our county increased over 30%, the crime rate has dropped 48%.

The Sheriff's Office FY 2016/17 certified budget proposal of \$111,791,000 reflects a 3.9% increase over the current year. The certified budget represents anticipated expenditures required to support the general fund operations of the Sheriff's Office for the upcoming year. The budget proposal is predicated upon a conservative budget philosophy that demonstrates diligent use of resources to provide cost efficient and highly effective law enforcement, court security, and correctional services to our community. We are united with the Board in their objective to assume both no new taxes or increases to tax rates and ensure general fund structural balance. The following reflects a 3-year comparison of the Sheriff's Office certified budget increase to the increase in Ad Valorem taxes as a result of a recovering economic base:

| | SCSO Certified | |
|-------------|----------------|------------------|
| Fiscal Year | Budget | Ad Valorem Taxes |
| 2014/2015 | 3.8% | 5.4% |
| 2015/2016 | 3.5% | 5.9% |
| 2016/2017 | 3.9% | 5.6% |

Consistent with the current year, the proposed budget assumes a \$425,000 reimbursement from the County's Emergency 911 Fees Fund to offset the general fund cost of providing the initial call take portion of 911 services. In addition, the Sheriff's Office estimates general revenues of \$6,641,000 to offset proposed operating expenditures, which results in a net budget submittal of \$105,150,000.

Grants and contracts with federal and state agencies are reflected separately in special revenue funds totaling \$6,643,785. As required by state statute, the facilities maintenance budget is requested separately at \$2,000,000 along with other restricted revenues used to support the budget.

The proposed budget was developed ensuring the Sheriff's Office mission is upheld through prioritization of resources. Remaining fiscally conservative while directing resources to our agency's greatest needs was paramount to our budget approach. This year our focus was on ensuring adequate funding availability for renewal and replacement of required equipment. Scheduled replacement of these items significantly reduces maintenance costs and keeps operational down-time to a minimum.

Strengthening our community partnerships remains a top priority. Over the past year we held "Coffee with a Cop" events at several locations, giving residents the opportunity to get to know the deputies who safeguard their communities. We also invited residents to join us online for a series of Facebook "chats," enabling community members to talk directly with law enforcement on a wide variety of crime prevention topics. We piloted the use of body worn cameras for our enforcement personnel, and are in the process of permanently outfitting deputies with this technology utilizing asset forfeiture funds vs. general tax dollars. Body worn cameras will seamlessly integrate with our in-car camera systems, furthering our commitment to effective collection of evidentiary matter as well as enhancing the accountability and transparency in our interactions with the public.

With your support and our partnership with the municipalities and Seminole County Public Schools, we are in the process of expanding the "FOCUS on Safety" program to include one School Resource Deputy/Officer in each elementary school for the 2016/17 school year. This one to one ratio will provide law enforcement with the time to personally interact with the students, faculty, staff and families on a regular basis, furthering the goal of providing positive community relationships that offer a safe and secure learning environment. Start-up costs to equip and outfit the additional 15 deputies are being funded with asset forfeiture proceeds, with ongoing personnel costs funded through a 50/50 split between the County and the School District. Grant opportunities to support this initiative are currently in the application stage. Based upon the outcome, a budget adjustment will be presented at the first public hearing to cover the personnel costs, with a maximum net budget impact of \$530,000.

2

We continue to leverage technology to fight crime. In partnership with Seminole County Probation, we implemented a new GPS monitoring system to better track offenders on probation and help safeguard domestic violence victims. We bolstered our inter-agency information sharing, expanding our Computer-Aided Dispatch and Records Management Systems to neighboring law enforcement agencies through service contracts.

We continue to achieve the highest standards in operations and service delivery. The John E. Polk Correctional Facility was re-accredited by the Florida Corrections Accreditation Commission. Our Forensic Laboratory received international accreditation from the American Society of Crime Laboratory Directors/Laboratory Accreditation Board's International Testing Program. Additionally, we received our national, agency wide re-accreditation, marking our 20th year of meeting the standards of the Commission on Accreditation for Law Enforcement Agencies. These distinctions are three of eight total accreditations we proudly hold.

The dedicated men and women of the Sheriff's Office are committed to providing quality service to the community so that Seminole County will continue to be a great place to live, work and conduct business. We appreciate the support the Board of County Commissioners provides to ensure essential services to the community are not compromised. We look forward to our continued partnership with the Board and County staff during the budget process and throughout the upcoming fiscal year.

Sincerely,

Sheriff Donald F. Eslinger

FISCAL YEAR 2016/17 PROPOSED BUDGET CERTIFICATION

As required by Chapter 30.49(2)(a), Florida Statutes, I hereby certify that the proposed expenditures for Fiscal Year 2016/17 are reasonable and necessary for the proper and efficient operation of the Seminole County Sheriff's Office.

OTHER ACCOUNTS

BCC Facilities Maintenance

There are expenditures outside of the Sheriff's certified budget that relate to County-owned facility responsibilities managed by the Sheriff's Office. The budget totals \$2,000,000 for FY 2016/17, and includes electrical costs and repair and maintenance of the John E. Polk Correctional Facility and Seminole County Juvenile Detention Center. Also included are maintenance, repair and replacement of security camera systems, cell locks, magnetometers and x-ray equipment at the three court facilities, two correctional facilities, a juvenile assessment center and Building 100.

BCC Police Education Fund

The County's Police Education Fund accounts for a \$2 court fee assessed to fund expenditures related to criminal justice education and training for Sheriff's Office personnel under Chapter 938.15 Florida Statutes.

Budget Development Philosophy

The foundation for budget development was ensuring the Sheriff's Office mission is upheld through prioritization of resources. Remaining fiscally conservative while directing resources to our agency's greatest needs was paramount to our budget approach. Our budget submittal is predicated upon a budget philosophy that demonstrates reasonable and efficient use of personnel, operating and capital allocations.

The following were guiding principles for budget development:

- ✓ As a service organization our employees are the most valuable asset, making it essential that we maintain and preserve a productive and skilled workforce. Following that premise, the budget concentrates on maintaining a competitive employee compensation package. Ensuring employees maintain a proper standard of living helps to promote commitment and focus on the organizational mission.
- Allocation of resources in support of maintaining existing service levels.
- Ensuring our facilities, fleet, technology and other vital equipment are renewed and replaced in a systematic manner based on life-cycle replacement requirements.

Sheriff's Office Certified Budget

Personnel Services represent 84% of the Sheriff's Office certified budget. The certified budget includes 1,109 full-time positions and 155 part-time positions, of which 135 are school crossing guards. A 3% factor has been included for wage adjustments, along with funding required to cover the increase in retirement contribution rates, health insurance and other benefits.

Operating expenditures represent 14% of the Sheriff's Office certified budget with approximately 87% of the operating budget allocated for the following expenses: inmate food/medical/supplies, facilities, insurance, provision of fleet including fuel, and communications/technology.

Capital outlay represents 2% of the Sheriff's Office certified budget with lease purchase financing utilized when advantageous to level fund life cycle replacement.

This year, our focus was on ensuring adequate funding availability for renewal and replacement of required equipment. Scheduled replacement in many cases had been lengthened or suspended during the economic downturn. Increases in both operating (equipment less than \$5,000) and capital outlay (equipment greater than \$5,000) have been made to restore life cycle replacement. Scheduled replacement significantly reduces maintenance costs and keeps operational down-time to a minimum.

Sheriff's Office Special Revenue Fund

Sheriff's Office Special Revenue Fund was established in FY 2015/16 to account for the proceeds of specific earmarked revenue sources that are restricted by law or committed to expenditure for specified purposes. In previous years, the funding was accounted for within the General Fund. Included in the Special Revenue Fund are grant revenues received through contracts with federal and state agencies to finance particular programs or activities. The Seminole County Sheriff's Office is one of six Sheriff's Offices contracted by the Florida Department of Children and Families to provide Child Protective Services on behalf of the State. In addition, the Seminole County Sheriff's Office is under contract with the Department of Juvenile Justice to provide various transition programs for adjudicated youth. These agreements include funding for 77 full-time positions and 2 part-time positions, of which 61 are under the Child Protective Services agreement.

ACCREDITATION

The Seminole County Sheriff's Office is currently accredited by eight independent, accrediting bodies. Accreditation is a voluntary process that affirms an agency's commitment to the highest standards of professionalism and service. Each accrediting body has fixed standards that an agency must initially demonstrate compliance with, and then demonstrate continuing adherence to, in order to achieve reaccreditation.

Accreditation standards address key areas such as: organization management and administration, personnel administration, law enforcement operations, training, forensic examination, and inmate and court-related services. Accreditation typically includes an extensive review of an agency's policies, procedures and protocols as well as an on-site inspection and interviews with key personnel.

American Correctional Association (ACA)

For more than 125 years, the American Correctional Association has championed the cause of corrections and correctional effectiveness. The John E. Polk Correctional Facility received its initial ACA "Core Jail Standards" Accreditation in 2013. Accreditation requires a stringent audit covering 141 standards which focus on facility operations, security, inmate healthcare and education. Audits are conducted by assessors chosen by ACA from outside the State of Florida. The facility was reaccredited in 2016.

American Society of Crime Lab Directors Lab Accreditation Board (ASCLD/LAB)

The Sheriff's Office Forensic Lab was originally accredited by the American Society of Crime Laboratory Directors/Laboratory Accreditation Board's (ASCLAD/LAB) in June 2009 and then reaccredited in 2013. In 2015, the Lab received accreditation from the ASCLAD/LAB International Testing Program, in order to meet even more stringent performance criteria.

Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA)

The Sheriff's Office became the first nationally accredited law enforcement agency in Seminole County when it passed a rigorous audit conducted by the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA) in 1995. CALEA is an international accreditation program created under the auspices of the National Sheriffs' Association, the International Association of Chiefs of Police, the National Organization of Black Law Enforcement Executives, and the Police Executive Research Forum. Compliance with 460 standards is required for a law enforcement agency to obtain (and maintain) its accreditation. Audits are conducted by assessors chosen by CALEA from outside the State of Florida. The commission reaccredited the Sheriff's Office in 2000, 2003, 2006, 2009, 2012 and 2015.

National Emergency Management Accreditation Program (EMAP)

260

In 2014, in conjunction with Seminole County's Office of Emergency Management, the Sheriff's Office received its first accreditation from the National Emergency Management Accreditation Program. This is a voluntary accreditation process that fosters accountability in emergency management and homeland security programs, by establishing credible standards applied in a peer review accreditation process.

Commission for Florida Law Enforcement Accreditation (CFA)

In 1996, the Sheriff's Office became one of the first agencies in the state to achieve law enforcement accreditation through the Commission for Florida Law Enforcement Accreditation (CFA). The commission was created under the auspices of the Florida Sheriffs Association and the Florida Police Chiefs Association to address law enforcement management and community service issues relative to the State of Florida. The commission re-accredited the Sheriff's Office in 1999, 2002, 2005, 2008 2011, and 2014. Additionally, the SCSO holds "Excelsior Agency" status from CFA for continued excellence.

Florida Corrections Accreditation Commission

Florida Corrections Accreditation Commission (FCAC)

The John E. Polk Correctional Facility was first accredited by the Florida Corrections Accreditation Commission (FCAC) in 2004, and was subsequently reaccredited in 2007, 2010, 2013 and 2016. This program evaluates corrections operations against the Commission's strict standards, a process that helps agency staff identify and remedy deficiencies while upgrading the overall quality of correctional programs and services. Currently, there are 237 standards addressing all aspects of corrections services including admission, classification, housing, security and training.

National Commission on Correctional Health Care (NCCHC)

In 2006, the John E. Polk Correctional Facility's medical services were accredited by the National Commission on Correctional Health Care (NCCHC). Health service accreditation promotes a well-managed system of care to ensure incarcerated persons receive routine health care, treatment and disease prevention. The commission's standards were developed by experts from the health, law and corrections professions. The Facility's medical services were reaccredited in 2009, 2012, and 2015.

Public Safety Communications Accreditation

The Communications Center was initially accredited by CALEA's Public Safety Communications Program in 2007 and was reaccredited in 2010 and 2013. Public safety accreditation is voluntary and stimulates a systematic review of an agency's operations and processes. The standards set forth by the Public Safety Accreditation program prepares dispatchers and call takers to be ready for any type of incident.

Honorable John Horan, Chairman Seminole County Board of County Commissioner 1101 East First Street Sanford FL 32771

Dear Mr. Horan:

Pursuant to Chapter 192.091, Florida Statutes, the following information is submitted for your budget.

The total ad valorem tax levy on the 2015 Seminole County Tax Roll was \$480,706,803.53. The total budget submitted to the Department of Revenue for the Seminole County Property Appraiser's 2016-2017 fiscal year is \$5,575,102.

Based on the budget proposed and submitted to the Department of Revenue, the Seminole County Board of County Commissioner's proportionate share is \$4,932,292.74, which is 88.47% of the total proposed budget. Therefore, the figure of \$4,932,292.74 should be included in your 2016-2017 budget.

These figures are subject to change upon final approval by the Department of Revenue, but the change should be negligible.

Thank you for your assistance with this matter. If you should have any questions please call me at (407) 665-7560.

Sincerely,

David Johnson, CFA Seminole County Property Appraiser

June 1, 2016

Honorable John Horan, Chairman Seminole County Unincorporated Road District 1101 East First Street Sanford FL 32771

Dear Mr. Horan:

Pursuant to Chapter 192.091, Florida Statutes, the following information is submitted for your budget.

The total ad valorem tax levy on the 2015 Seminole County Tax Roll was \$480,706,803.53. The total budget submitted to the Department of Revenue for the Seminole County Property Appraiser's 2016-2017 fiscal year is \$5,575,102.

Based on the budget proposed and submitted to the Department of Revenue, the Seminole County Unincorporated Road District's proportionate share is \$17,840.33, which is .32% of the total proposed budget. Therefore, the figure of \$17,840.33 should be included in your 2016-2017 budget.

These figures are subject to change upon final approval by the Department of Revenue, but the change should be negligible.

Thank you for your assistance with this matter. If you should have any questions please call me at (407) 665-7560.

June 1, 2016

Honorable John Horan, Chairman Seminole County/Municipal Fire District 1101 East First Street Sanford FL 32771

Dear Mr. Horan:

Pursuant to Chapter 192.091, Florida Statutes, the following information is submitted for your budget.

The total ad valorem tax levy on the 2015 Seminole County Tax Roll was \$480,706,803.53. The total budget submitted to the Department of Revenue for the Seminole County Property Appraiser's 2016-2017 fiscal year is \$5,575,102.

Based on the budget proposed and submitted to the Department of Revenue, the Seminole County/Municipal Fire District 's proportionate share is \$529,077.18, which is 9.49% of the total proposed budget. Therefore, the figure of \$529,077.18 should be included in your 2016-2017 budget.

These figures are subject to change upon final approval by the Department of Revenue, but the change should be negligible.

Thank you for your assistance with this matter. If you should have any questions please call me at (407) 665-7560.

Sincerely,

David Johnson, CFA Seminole County Property Appraiser

04 RECREATIONAL ACTIVITIES & PROG - 00100 GENERAL FUND

ACTIVE PARKS MAJOR BUDGET/POSITION CHANGES

Priority:

2

2

Justification: (Limit to 1 Page)

The following lists the major changes in budgets and positions for Leisure Services active parks:

of

Budget Changes:

Sanlando/Softball Complex Split - \$255K moved from Sanlando to Softball Complex - no budget change
 Soldiers Creek - will be off line for approx. 4 months in FY17 - operational costs will increase significantly upon reopening therefore netting only a small reduction in budget - (\$7,223)
 Sports Complex - budgeted for only 5 months in FY16 - \$245,636

Position Changes:

Soldiers Creek (7 FTEs)- 6FT, 2PT - 1 manager and 1 staff member were splitting time between Soldiers Creek and the Softball Complex - These employees have been permanently moved back to working solely at the Softball Complex - Once Soldiers Creek re-opens, they will need to fully staff the facility - Supervisor and Crew Cheif will be budgeted for 8 months and the remaining 5FTEs for 7 months- **\$157,663**

*9FT & 6PT positions were approved for the Sports Complex in FY16

CAD PROJECT

Priority:

7

Justification: (Limit to 1 Page)

The Computer Aided Dispatch (CAD) Project provides an enhanced technological platform for the deployment and management of fire-rescue resources. The Project encompasses the acquisition of multiple software packages with attendant hardware acquisitions to replace and upgrade legacy systems with contemporary, proven informational technology enhancements.

The goal of the Project is to provide a fully interoperable system for the delivery of essential public safety service by the Fire Departments within Seminole County from call receipt thru incident mitigation utilizing only the necessary incident management resources in an efficient and effective deployment. Resources are dynamically tracked and deployed utilizing sophisticated routing algorithms to assure the closest, most appropriate units are ordered up for assignment and then dispatched to emergency incidents thus providing expedient delivery of life-saving service(s).

The current CAD system, purchased in 2009, will be at least 8 years old by replacement. It is limited in its features and is not evolving to meet even contemporary needs. It has become a lower tier product of the new owning company and support for the product has been reduced through layoffs and reassignments of support staff post the acquisition. The June, 2015 TriData Consultant Report recommended "Initiate a project to replace the computer aided dispatch system with a redundant configuration and improved vendor support; transition internally-developed applications to vendor provided and supported platforms."

This acquisition complements recent enhancements made to the 911 reporting system and in the voice radio transmissions thru the new digital 800 mhz. trunked radio system. This Project is the last link in the County's efforts to fully modernize and provide redundancies in the technology utilized to assign and manage public safety resources for the residents and visitors to Seminole County.

Estimated costs for this project are \$3.5 million for software and hardware with annual licensing and maintenance fees for software obviously dependent upon the CAD vendor selected. An additional \$200K, is being funded through the E-911 Fund for the design and replacement of workstations as well as replacement/upgrade/remodel of existing platforms.

Additional Staff Required (List FTEs in Justification):#Additional Equipment or Vehicle Needs (List in Justification):YES•

(6) FireFighter Overhires to Reduce Overtime Costs

7

Priority:

Justification: (Limit to 1 Page)

This request is for six (6) new Firefighter Overhires that will help reduce overtime costs. The positions will be hired at an average salary of approximately \$50,000 each (including paramedic incentives). The new hires are expected to start at the beginning Q2 FY17. Overtime savings will not begin until Q3 FY17 as new hires are required to complete a 3 month training/orientation period. The savings projected below is based on 9 months of salaries and 6 months of overtime savings for FY17.

The six (6) over hires would be utilized and assigned to two (2) per shift (A,B,C) to offset unscheduled leave, military leave, workman comp on-duty and off -duty injuries which causes normal staffing levels to be reduced creating overtime vacancies to be filled. Two additional Firefighters per shift would help facilitate reducing the hiring of overtime Firefighters to fill outside normal allowable scheduled due to unforeseen circumstances noted above.

Consequences of not funding: The cost of OT will remain at a higher level, unless a solution can be found to reduce the number of vacancies.

The cost of PPE (\$7,004/firefighter) for the overhires during the initial fiscal year (FY17) will result in a lower savings for that year.

Replacement PPE (Personal Protective Equipment)

Priority: 3 of 7 Justification: (Limit to 1 Page) Replace old and worn Personal Protective Equipment (PPE) that is becoming unserviceable, and to meet the intent of related NFPA standards. This request is to replace 361 ensembles which are inclusive of turnout coats, turnout pants, gloves, hoods, and boots for 361 firefighters to be in compliance with NFPA 1851's "ten-year" requirement, and ability to provide proper protective clothing (PPE). Consequences of Not Funding: Inability to provide adequate protective clothing. The prior PPE purchase occurred during FY10 and FY11 at a cost slightly above \$1M. **10% of total \$928,949 cost (\$192,894) is attributable to FS 21 and FS 25 - Casselberry Additional Staff Required (List FTEs in Justification): # Additional Equipment or Vehicle Needs (List in Justification): 🔘 YES ۲ NO FIVE YEAR FINANCIAL IMPACT EXPENDITURE EXPENDITURE **FISCAL YEAR INCREASES SAVINGS** REVENUES NET NOTES FY 2016/17 464,474 464,474 \$46,447 for Casselberry FY 2017/18 464,474 \$46,447 for Casselberry 464,474 FY 2018/19 FY 2019/20 FY 2020/21 TOTAL 928,948 **FUNDED** STATUS DETERMINED BY COUNTY MANAGEMENT Status:

Fire Hose Replacement (2 Year Initiative)

Priority:

7

Justification: (Limit to 1 Page)

> Fire Hose Replacement- \$45,000 : Replacement of fire hose that is 10 years old. This hose is a fabric-covered, flexible hose used to bring water from the fire apparatus to the nozzle.

> Attack Fire Hose - \$49,000 : Replacement of fire attack (1¾) hose that is 10 years old. This hose is a fabric-covered, flexible hose used to bring water from the fire apparatus to the nozzle. This hose has an inside diameter 1¾ and is designed to operate at pressures up to about 400 psi. The standard length is 50 ft.

> LDH hose replacement - \$49,875 (2-3 yr project): Replacement of LDH used on our apparatus to provide an uninterrupted water supply to our crews during firefighting operations. Our current LDH is approaching 10 years of age and in need of replacement to maintain safe fireground operations. (2-3 year project)

> Fire Hose for Burn Team/Woods Trucks - \$10,800: This hose is for the 8 Woods Trucks. These units are required to extinguish wildland fires as well as control and overhaul prescribed burns. The purpose of the request is to replace damaged hose or hose that did not pass annual testing.

Replacement SCBA Compressors at FS 27 and FS 42

Priority:

7

Justification: (Limit to 1 Page)

Our SCBA compressors were purchased at a time where the working pressures on the bottles being filled were originally 2216 PSI, we now fill bottles to 5500 PSI. This new high pressure demand with old filling technology causes the bottles to fill slowly and uses up the storage capacity in the cascade bottles quickly.

The compressors must meet or exceed State, Federal, and industrial mandates. Should have enough stored air to fill at least 8 bottles without having the compressor run. The system should have a booster pump to help when the system is low. The system should monitor all required poisonous gases and moisture and alarm when needed as well as be able to safely contain an SCBA cylinder in the case of explosion.

Surplusing of replaced compressors at fair market value will partially offset cost of purchase.

This request is year 2 of a 3 year project. \$110k is budgeted and being expended in FY16.

The Fire Department has a total of 6 SCBA Compressors, one within each Battalion, one at the training center, and the mobile unit. This multi-year replacement initiative will bring all of the SCBA Compressors up to the appropriate standards.

Vehicle Charging Stations for Engines, Rescues and Equipment

Priority:

7

Justification: (Limit to 1 Page)

This improvement is for the work and materials needed to provide charging stations for the apparatus at the training center. The apparatus require shore power to maintain the increasing electronic technologies becoming common in apparatus. This area does not have a structure close by and requires some infrastructure to be constructed.

Maintaining shore power for apparatus avoids emergency call out to fleet for a non-starting vehicle. Also the shore power maintains batteries, therefore reducing the battery replacements in apparatus.

Consequences of Not Funding:

Currently less than half of the apparatus at the training center has the ability to use shore power. The apparatus that do not have shore power can have starting issues, in some cases resulting in an emergency call out to fleet. Apparatus that will not start delay and reduce the readiness of the operations, in addition to the expense of calling Fleet out.

Dead batteries reduce the life of a battery, therefore having shore power will allow the batteries to last longer than without shore power. Having shore power also allows certain vehicles to maintain the indoor environment via air conditioning which helps keep equipment electronic and non-electronic in working condition.

Additional Equipment or Vehicle Needs (List in Justification): VES FIVE YEAR FINANCIAL IMPACT

#

NO

Additional Staff Required (List FTEs in Justification):

06 - 01

06 COMMUNITY SVCS BUSINESS OFFICE - 00100 GENERAL FUND

NEW HOMELESS ADVOCATE PROGRAM MANAGER 1 (D4)

Priority:

2

Justification: (Limit to 1 Page)

This position is responsible for providing comprehensive assistance and liaison service for homeless persons. This position will also be involved in special projects related to homelessness, transitional housing and grant development.

The services provided will include but are not limited to: crisis intervention, assistance preventing homelessness and overall coordination of homeless issues for Seminole County. The position is responsible for accomplishing assigned functions according to established schedules, calendars, projects, and programs of the assigned department in reference to homelessness. Homelessness is a fast paced community issue that requires dedicated and focused attention. The staff will work to identify new funding opportunities and serve as support to the Seminole County Homeless Foundation.

Consequences if not funded: In the current employee structure, the duties are being split among several personnel which creates gaps in services for this vulnerable population. This position will report to the Department Director.

Additional Staff Required (List FTEs in Justification):1Additional Equipment or Vehicle Needs (List in Justification):YESNO

06 COMMUNITY SVCS BUSINESS OFFICE - 00100 GENERAL FUND

Medical Examiner Services (Florida State Mandated service)

Priority:

of

Justification: (Limit to 1 Page)

Florida Statute chapter 406 subsection 125.01 (p) and Florida Administrative Code Chapter 11G regulate Medical Examiner services. This increase is being requested based on an analysis of increasing expenditures in previous years:

2

FY 2013/14 - \$586,000 FY 2014/15 - \$690,800 FY 2015/16 - \$750,000 - estimated based on 4 months of data

02

The current budget for FY 2015/16 is \$683,000. We are requesting an increase in the FY 2016/17 budget of \$125,000. Seminole County's population has grown over the past several years resulting in more deaths and therefore and increased need of services. If any of this budget is not spent, it is returned to the county.

Consequences if not funded: This is a mandated service. If the budget is exceeded, additional funds will need to be made available from General fund.

Terms of Payment:

24. **MONETARY PAYMENT.** Compensation shall be paid by SEMINOLE to VOLUSIA as follows: TWO THOUSAND TWO HUNDRED (\$2,200.00) DOLLARS for each and every death certification following autopsy, examination, or investigation; payable within thirty (30) days of invoice receipt for services rendered. In addition, VOLUSIA shall be entitled to collect and receive the THIRTY (\$30.00) DOLLAR service fee from funeral homes for each SEMINOLE cremation approval issued by the Medical Examiner's office, as authorized by Seminole County Resolution No. 99-R-38, for each death certificate reviewed for SEMINOLE for the purposes of cremation authorization until the effective date of a new resolution increasing such fee, whereupon, VOLUSIA shall be authorized to charge and collect the increased fee. Collection of such service fee shall be the sole responsibility of VOLUSIA and any failure to collect said fee shall not result in assessment of said fee against SEMINOLE, and SEMINOLE shall in no way be liable for payment of such fees from such funeral homes. All fees and amounts referenced herein are in United States dollars.

07 MOSQUITO CONTROL - 00100 GENERAL FUND

| Mosquito Contro | I Contingency Fund |
|------------------------|--------------------|
|------------------------|--------------------|

| Priority: Justification: | 01 (Limit to 1 Page) | of | 2 | | | | | |
|--|--|-------------------------------|-------------------|-----------------|---|--|--|--|
| The Mosquito Control Program has seen a substantial increase in mosquito borne disease vectors since 2014, but most recently, with the onset of the Zika virus, there has been an even more significant escalation in human cases n 2016 to date. While it is impossible to predict how wide spread or long these disease vectors (and atypical weather patterns) may manifest within the County (and State), staff is trying to best prepare for the potential mosquito issues that may exceed staffing capacity and/or ability by implementing a Mosquito Control Contingency Fund that will include funding for contracted aerial spraying, temporary (seasonal) personnel, and contracted source reduction (larviciding) and fogging (adulticide) activities, as detailed below. | | | | | | | | |
| What is proposed, would in effect be an "emergency" fund that would cover immediate needs for situations that arise quickly and need rapid response, similar to those circumstances that have recently occurred (and continue to occur) in neighboring counties and other areas of the State. If the conditions are sustained or occur on multiple occasions, staff will seek BCC approval for additional contingency funds. THIS HIGHLIGHT IS CURRENTLY | | | | | | | | |

Mosquito Control Staffing Requests

Priority:

of

2

Justification: (Limit to 1 Page)

The development and implementation of a countywide, science-based Mosquito Control Program (MCP) was approved by the Joint City-County Advisory Committee, Seminole County BCC and all seven cities (via interlocal agreement) in FY06/07. The plan included staffing levels (with cost estimates and potential funding/cost share options) needed to implement a proactive, integrated pest management program. Due to budgetary constraints related to the economic downturn (recession), the plan was never fully implemented, so instead of a staff of 12 FTEs there are currently 5.5 FTEs (1.5 office and 4 field staff) and 4 temporary positions (3 seasonal plus 1 intern). The need for additional permanent staff is further supported by the continued increases in service requests since the program's inception (year round), and the expanded surveillance program necessary to monitor the arbovirus, mosquito populations and species, and treatment effectiveness. In order to fully implement the intended proactive program and better serve the County's needs, staff is requesting approval to add 2 FTEs (MC Tech I & Tech II).

Additionally, staff is requesting to upgrade all existing and proposed MC Tech I positions from A1 to B1, as the duties and responsibilities of these positions are more technical and complex than had originally been tasked when the program started. Revised job description now requires FDACS Public Health Pest Control license (certification) and specific experience not originally required. Additional duties include: expanded surveillance activities (sentinel chickens, traps, etc.), assisting with scientific/technical experiments (on efficacy of products and treatments and resistance, etc.), maintaining chemical stock, using tablets to track inspections and treatment areas, and conducting public education and presentations. This upgrade is also needed in order to recruit and maintain quality staff for the type of work and level of knowledge required for the positions. Requests for staffing revisions is as follows:

Convert one (1) existing Seasonal (temporary) MC Tech positions to FTE MC Tech I,

Add two (2) new FTE MC Tech positions (Tech I & Tech II) plus 2 trucks, 1 fogger, & 1 ditch sprayer,

• Upgrade all FTE MC Tech I positions (current and proposed) from Pay Band A1 to B1.

If additional FTE positions are not added and/or converted from temporary positions and the pay band adjustment isn't made, then the program can't be fully implemented as the proactive, science-based program it was intended and at current staffing levels, it's very difficult to keep up with the minimum program requirements and to service customer requests in a timely and acceptable manner, since existing resources must be used to service disease vector areas first before conducting normal duties.

Additional Staff Required (List FTEs in Justification):

08 SW-COMPLIANCE & PROGRAM MANAGE - 40201 SOLID WASTE FUND

NEW HAZARDOUS WASTE TECHNICIANS

01

Justification: (Limit to 1 Page)

The Solid Waste Division is requesting additional hazardous waste technician position (1 existing +1 new = 2 total) starting in FY 16/17. Te addition of the second hazardoua waste technician will help mitigate environmental and regulatory risk, provide better customer services in HHW, and reduce expended for the Division. More detail provided in attached memo.

08 WATER OPERATIONS - 40100 WATER AND SEWER FUND

WATER OPERATION RECLASSIFICATIONS

02

Justification: (Limit to 1 Page)

• Change two (2) Distribution Technicians to Lead Distribution Technicians. Payband A3 to Payband A4. Lead Distribution Technicians would allow the Meter Services Supervisor to be more proficient in coordinating meter reading efforts by:

• Effectively balancing workload among distribution techs.

o Flatten peaks in heavy and light load assignments (productivity stays consistent)

o Reduction in windshield time by grouping techs in geographical regions (saves fuel, more productive time)

• Off-load less complex decisions from Meter Services Supervisor to an Lead Distribution Technician with considerable experience (provides for a quicker field response)

• Ensure consistent record keeping and data entry among Distribution Technicians.

• Central point of contact for billing office and Asset Manager for reports/photos/logs (provides for quicker response time)

• Supports field staff by addressing customer issues and concerns in the field before having them escalate to the Meter Services Supervisor.

• Current hierarchy used by the Collections and Distribution teams.

• Change Princiipal Engineer (087802) to Industrial Programmer (087806)The major facility projects that have been completed through Fiscal Year 2015. These facilities now require more technological skills to operate and oversee their operations. It has been determined that an Industrial Programmer is needed to ensure compliance and protect customers from water issues that could occur without adding this position. Having the major facility capital improvement projects completed, a planned Capital Improvement Program, knowledgeable Project Management (Engineering) staff, and efficiencies in processes, the vacant position of Principal Engineer does not have to be filled at this time. Therefore, it is being requested that the position of Principal Engineer be reclassified to an Industrial Programmer position. This will result in a savings due to the pay band difference.

• Change the payband for Technology Coordinator from a D2 to a D4. No salary change.

• Identify consequences of not funding -

• Total cost including future financial impact

Additional Staff Required (List FTEs in Justification):#Additional Equipment or Vehicle Needs (List in Justification):YES

ES-03

08 WATER OPERATIONS - 40100 WATER AND SEWER FUND

NEW POSITION - PLANT MAINTENANCE TECHNICIAN II

03

Justification: (Limit to 1 Page)

•By authorizing this position, Technologies Section service level will improve by not having emergency maintenance repair tasks breaking into the Plant Maintenance Electricians workload and allowing them to be in the plants performing their core duties more effectively. As we upgrade our processes and electrical control systems with more industrial equipment the growth in our need for more industrial mechanical staff is expected to grow. If this position is not funded, Technologies staff time and service levels in the plants will decrease due to additional emergency break in work and repair duties. Effectiveness, efficiency and productivity with the current Plant Maintenance Electrician staffing level will decrease.

• Statistics:

Number of previntive and predictive maintenance work orders can be upwards of 25-30 work orders per week. On average the Plant Maintenance Electricians are called to perform break in emergency tasks up to 20 times per week. This includes calls for chemical feed system failures, Power Loss, Equipment start failure and basic mechanical repairs. Number of emergency calls are at least 60-80 times a month and currently the two Plant Maintenance Electricians are the only ones to answer such calls. These calls can be received during normal business hours or nights and weekends.

ES-04

08 ES BUSINESS OFFICE - 40100 WATER AND SEWER FUND

NEW POSITION - BILLING SPECIALIST

04

Justification: (Limit to 1 Page)

• Request for one (1) Utility Billing Specialist Position to be added to the Business Office – Billing. This position will be part of the Billing section and primarily will be used as a dispatcher to communicate with field operations staff, answer the emergency line during business hours and create/close work orders generated by the Billing Section, Customer Service Section and One-Stop Permitting. Beginning in FY 2016, all work orders done by field operations staff will need to go through JDE software to be able to record material (inventory process) and labor needed for field tasks. Due to the fact that the billing software (Naviline) requires work orders to be produced to allow the set up of meters and new customers, these work orders also will be created in JDE for the work to be assigned to field staff. This task will be done by this position along with closing out all work orders in the billing software and updating customer records as needed. Currently, all Customer Service Representatives radio out to the field and attempt to answer the radio from field staff. At times, all representatives are busy with either telephone calls from customers or working with customers in the lobby. This creates issues with the field staff and the customers they are trying to service by delaying the answering of questions that may come up regarding their account or issue. Calls outs will be done expediently by centralizing the task. This position will also be used to create the work orders needed through Public Stuff communications to get them to operations immediately to get the issue resolved in an expedited manner. Additionally, by taking all radio transmissions out of the Customer Service area, they will be able to deal with both telephone and walk-in customers more effectively and efficiently. By authorizing this position, Field Operation service level will improve by not having the task of creating the work orders and allowing them to be in the field performing their core duties more efficiently. These work orders will also be the tool in which service levels for field staff can be measured and benchmarked leading to processes that will create a higher level of service to customers. Public Stuff inquires will be centralized, work orders created and communication to the field by this position resulting in quicker responses to the citizens. If this position is not funded, operational staff time and service levels in the field will decrease due to additional office work order duties. Effectiveness, efficiency and productivity with the current field staffing level will decrease.

Ms. Nicole Guillet County Manager Seminole County Services Building 1101 East First Street Sanford, FL 32771

Subject: LYNX' Budget Submittal for FY2017

Dear Ms. Guillet,

On April 14, 2016, my staff presented to the LYNX Board of Directors a "Preliminary Operating Budget" for FY2017. The presentation included key "Budget Development Assumptions" as follows:

- FY2017 Funding based on the adopted LYNX Funding Model
- Maximize current service levels through efficiencies
- Apply additional Flex (NeighborLink) services, where appropriate
- Maintain current Preventative Maintenance funding level, as approved by LYNX' Board
- Maximize use of anticipated Advertising Revenue
- Anticipated increase in Royalties from third party usage of Compressed Natural Gas (CNG)
- Salary increases consistent with Funding Partners
- Anticipated impact of a new Union contract
- Continuation of Fuel Hedging Program, as appropriate
- Annualized impacts of conversion to Compressed Natural Gas (CNG)
- Impacts of converting to Self-Insured Health Insurance Program
- Continued application of reductions based on LYNX ownership of Paratransit vehicles
- Continuation of Bio-diesel Program, as appropriate

407-841-2279 www.golynx.com

455 North Garland Avenue Orlando, FL 32801-1518 Ms. Nicole Guillet June 13, 2016 Page 2 of 11

On January 31, 2013, LYNX' Board of Directors formally adopted the "Funding Model" which is used to establish the level of funding by each Funding Partner for LYNX during each fiscal year. Through use of the model, LYNX is able to properly fund its operation and the cost of services is appropriately distributed based on service supplied.

In order to formalize the process of utilizing the Funding Model to establish the funding levels each year, LYNX would like to enter into a "Master Agreement" with all of the Funding Partners regarding the funding of LYNX pursuant to the "Funding Formula". On May 5, 2015, LYNX' Legal Counsel and staff provided an overview of the "Master Agreement" to the Finance & Audit Committee for input and comments. The FY2016 Funding Model was discussed in detail as well as the agreement. The Finance & Audit Committee recommended acceptance of the FY2016 Preliminary Funding Model and Master Agreement as presented. Since that time, LYNX Finance staff have been in ongoing conversations with the Finance & Audit Committee members regarding the formal adoption of the Master Agreement by each funding partner.

Based on the FY2017 Budget Development Assumptions as well as input from LYNX' Finance & Audit Committee, County and City staff and the LYNX Board, we prepared the FY2017 funding request. As indicated above, LYNX is continuing the utilization of its funding model to allocate each jurisdiction's share of the costs of operations in FY2017.

As a result of utilizing the Funding Model, the FY2017 local funding amounts have increased by 9.21% compared to FY2016. The LYNX Funding Model takes into account the level of service by geographic area, federal and state grants, estimated farebox recovery, and other directly generated LYNX revenue in order to determine the local share by funding partner. In addition, the model provides for local capital contributions utilizing an established hourly rate currently set at \$2.00.

FY2017 Budget Opportunities and Challenges: The FY2017 budget year will be a challenge for various reasons including declining customer fare revenue, potential healthcare cost increases and Union Contract negotiations, which could potentially increase local funding requirements and operating expenses for salaries, wages, and fringe. Other factors impacting the FY2017 Preliminary Operating Budget include increases for professional and purchased transportation services.

Within the current funding parameters, LYNX is committed to delivering the best possible service to Seminole County and continuing to seek ways to make service more efficient, similar to changes made to accommodate SunRail connectivity and implementation of additional feeder services. In addition, with SunRail having a two year anniversary, focusing on growing ridership and beginning construction on the southern seventeen (17) mile expansion with anticipated completion in early 2018, transit service levels and corresponding funding needs will continue to be at the forefront.

Ms. Nicole Guillet June 13, 2016 Page 3 of 11

In spite of the aforementioned challenges, LYNX staff has taken advantage of new opportunities when developing the FY2017 Preliminary Operating Expenses, resulting in a *decrease* of approximately \$4.4 million in the following expense categories:

- \$3,889,113 in Fuel Expense
- \$532,000 in Repairs & Maintenance Building & Grounds

The FY2017 Operating Budget does not include a fare increase or a reduction of service. If funding is not available at the requested level, LYNX may need to consider a fare increase or a service reduction to address the funding shortfall. As such, LYNX staff has submitted a proposal to perform a comprehensive fare review and equity analysis to identify appropriate fare levels per mode that would support necessary fare revenue levels.

The last actual fare increase occurred in January 2009 that included raising the full fare from \$1.75 to \$2.00, with an increase in discount fares and pass prices, accordingly. Since that time, LYNX has been able to maintain and increase ridership levels that resulted in reasonable levels of fare revenue. With the recent decline in ridership, fare revenue is also declining, thereby necessitating the review of LYNX' fare structure and policy. Recommended fare prices for all media will be proposed and reviewed during this analysis.

In addition, LYNX is considering the use of mobile payments to enhance LYNX' customer experience, reduce the cost of fare operations and deliver long term value. Through the use of mobile payments, LYNX may be in position to uniquely provide the vision and roadmap for LYNX to incrementally evolve a mobile fare solution to use technology that will synthesize and personalize trip planning, fare purchases, rider alerts, station amenities, and more. The cost savings and benefits from having a mobile payment solution can be leveraged to enable a coherent, universally accessible system for the Central Florida Region and the diversity of its riders.

As a result, Seminole County's operating funding request for FY2017 in accordance with the LYNX Funding Model totals \$7,149,433. This is an increase of fifteen point seven eight percent (15.78%) compared to the FY2016 Amended Operating Budget amount of \$6,175,067.

In addition, Seminole County is considering increasing its contribution to support the State Road 436 Transit Study from \$360,000 to \$455,000. Therefore, Seminole County's operating funding request for FY2017 will be adjusted for the anticipated increase in funding in the amount of \$95,000.

Ms. Nicole Guillet June 13, 2016 Page 4 of 11

Provided below is additional detail on the FY2017 Preliminary Operating Budget funding partner request, as well as, a discussion on service levels specific to service in Seminole County.

FY2017 Total Funding Request: The Seminole County total funding request for FY2017 is \$7,460,255, including the \$2 capital contribution in the amount of \$215,822, which is approximately sixteen point seven seven percent (16.77%) *higher* than the FY2016 total funding request in the amount of \$6,389,083 as detailed below:

| Funding Requests | FY2017 | FY2016 | % Change |
|--|-------------|-------------|----------|
| Funding Model - Operating Amount | \$7,149,433 | \$6,175,067 | 15.78% |
| Funding Model - \$2 Capital Contribution | 215,822 | 214,016 | .84% |
| Additional Funding SR 436 Transit Study | 95,000 | - | N/A |
| Total Funding Request | \$7,460,255 | \$6,389,083 | 16.77% |

Key Budget Assumptions: Some of the key issues addressed in order to achieve this budget request are as follows:

Level of Service: The existing service provided by LYNX in Seminole County includes fixed-route bus, as well as, "NeighborLink" (NL) services in Oviedo (Link 622), Goldsboro (Link 651), and Paratransit service. Service levels in the FY2017 Operating Budget for Seminole County are consistent with FY2016 levels as of December 2015.

Fuel: We will continue to employ the fuel hedging arrangement with a third party for stabilization of the budget with regard to diesel and unleaded fuel purchases. The FY2017 preliminary budget assumes the average cost per gallon at \$1.63 for diesel factoring \$1.58 for the hedged diesel fuel and \$1.51 for unleaded factoring \$1.48 for the hedged unleaded fuel.

On December 4, 2015, as we monitored the fuel prices over several months, we took advantage of a great opportunity to lock in our future purchases for diesel and unleaded for FY2017, respectively as follows:

| Percentage | Ultra Low Sulfur Diesel Gallons/Month | Ultra Low Sulfur Diesel Average Price/Gallon | Unleaded 87 Octane Gasoline Gallons/Month | Unleaded 87 Octane Gasoline Average Price/Gallon |
|---------------|---|---|--|--|
| 76% | 210,000 | \$1.582 | | |
| 74% | | | 80,000 | \$1.478 |
| Total/Average | 210,000 | \$1.582 | 80,000 | \$1.478 |

Ms. Nicole Guillet June 13, 2016 Page 5 of 11

The other remaining quantities will continue to fluctuate with the spot market. We will continue to monitor fuel prices over the summer, but at the present time we believe continuation of the fuel hedging program will be beneficial. The primary purpose of the program is to give us some level of budget stability by attempting to eliminate the extreme price fluctuations we have previously experienced. We will continue to keep the Board apprised of the results of the hedging program.

On January 27, 2015, LYNX executed a "Fuel Purchase Agreement" with NoPetro to promote the development, construction and operation of a CNG fueling station to fuel buses and other vehicles owned, leased or operated by LYNX. The agreement also provides for NoPetro to develop, finance, construct, operate and maintain a CNG fueling station adjacent to LYNX premises. In addition, NoPetro was contracted to renovate LYNX Operations Center (LOC) maintenance facility to allow staff to safely maintain our new fleet.

On March 16, 2015, LYNX executed a Master Equipment/Lease Purchase Agreement with Bank of America, N.A. for the leasing of ten (10) CNG buses at a cost of \$5,430,870 over a five year term. These ten (10) buses, plus the additional twenty-five (25) purchased with federal funds were the replacement fleet supporting the thirty-five (35) bus requirement to begin the conversion to CNG. The acquisition of the ten (10) additional buses helped to further reduce the high maintenance costs associated with the operation of an aging fleet. LYNX is utilizing the local two dollar (\$2) capital funds to support the lease payments.

LYNX continued investment in CNG vehicles will help our community move toward a more environmentally sustainable future. LYNX anticipates purchasing a total of 150 CNG buses over the first five year period pursuant to the terms of the agreement.

On January 28, 2016, LYNX' Board authorized an amendment to the agreement to allow for a contractual arrangement between NoPetro and Peoples Gas system, a Division of Tampa Electric Company (TECO), whereas TECO would own all the equipment and NoPetro would operate and maintain the facility.

The CNG fueling facility opened on April 15, 2016 as part of a public-private partnership (P3) with LYNX. The scope of the P3 includes the fueling infrastructure, LYNX maintenance facility improvements, CNG bus fleet conversion and a revenue sharing component. Based on the terms of the agreement, LYNX receives \$.085 per diesel gallon equivalent (DGE). LYNX is anticipating an increase in Royalties from third party usage of CNG compared to FY2016. Based on recent discussions with NoPetro, they have secured more third party contracts than originally anticipated.

Based on the economic and environmental benefits inherent in the transition from diesel to less expensive, clean and domestic CNG fuel, LYNX has the opportunity to significantly reduce its annual budgetary fuel outlay over the next fifteen (15) to twenty

Ms. Nicole Guillet June 13, 2016 Page 6 of 11

(20) years. As such, the FY2017 preliminary budget assumes the cost per gallon at \$2.43 for CNG fuel and adders as follows:

| CNG Net Price Per DGE | \$ 0.40 |
|--------------------------------------|------------|
| Delivery Cost | 0.43 |
| Compression Fee | 1.10 |
| Subtotal – Net CNG Fuel Cost Per DGE | \$ 1.93 |
| Adder – Facility Improvements | 0.40 |
| Adder - Fueling Staff | 0.10 |
| Total - Net CNG Fuel Cost Per DGE | \$ 2.43 |

Over the past year, LYNX staff has worked diligently with the Federal Transit Administration (FTA) to utilize the proceeds from the sale of LYNX' South Street Facility to support funding of the CNG improvements. On December 21, 2016, FTA notified LYNX staff that the sale proceeds from the South Street facility could not be used to fund the CNG Improvements. On May 26, 2016, LYNX' Board approved the use of the available \$2 Capital Funds to cover the cost of the CNG improvements which will eliminate the \$.40 adder included in the fuel cost. It is estimated that the adder elimination would reduce the fuel budget by \$350,000.

Paratransit Contract: One of LYNX' largest budgetary line-items includes the cost of Paratransit service. Previously, LYNX provided three primary Paratransit trip types including Americans with Disabilities Act (ADA), Transportation Disadvantaged (TD), and Medicaid door-to-door transportation services. The Medicaid reform in March 2015 eliminated the LYNX provision of Medicaid Paratransit transportation. There was concern that former Medicaid customers would attempt to circumvent the system and continue to use LYNX paratransit service for Medicaid compensable trips. However, LYNX instituted several efforts to ensure that trip dumping does not occur and is continually monitoring the other Paratransit programs to minimize the impact of potential trip dumping.

The FY2017 Preliminary Operating Budget includes an increase for Paratransit cost. The Paratransit services ridership statistics were based on the most recent data, which was calendar year 2015's ridership that identified increases in TD trip levels. On May 18, 2016, LYNX staff provided an overview of the anticipated trip increases for FY2017 to the Finance & Audit Committee. It was determined that the major factors driving the increase are related to the following trends over the past two or three years:

- ✓ Americans with Disabilities (ADA) trips are increasing for employment and school purposes.
- ✓ Transportation Disadvantaged (TD) trips are increasing for dialysis, work, and school purposes.

Ms. Nicole Guillet June 13, 2016 Page 7 of 11

LYNX staff anticipated trip increases of 3.81% for ADA over projected FY2016 actuals and 17.06% for TD for an overall trip increase of 8.53%, which is reflected in the FY2017 Preliminary Operating Budget. If ridership trends for ADA and TD trips exceed the projected trip levels, LYNX may need to make additional adjustments in the final FY2017 Adopted Budget.

Personnel Expenses: The amount for personnel expenses in FY2017 is approximately three point nine percent (3.9%) greater than FY2016 at \$76.1 million. Also, the personnel expenses represent the assumption that healthcare insurance will increase over the current year rate by approximately twelve point sixty two percent (12.62%). In addition, we are reviewing staffing requirements for all departments assessing the needs prior to finalizing the FY2017 Operating Budget.

Union Negotiations and Pension Reform: LYNX staff began negotiations with ATU Local 1596 to produce a new union contract covering the next three to five fiscal years. Because this contract has not been negotiated to date, there may be budgetary impacts that will need to be taken into account in the final FY2017 Adopted Budget or through future budget amendments.

On April 14, 2016, LYNX' Board of Directors General Counsel Pat Christiansen, with Akerman LLP, provided a status report to the Board regarding matters related to Amalgamated Transit Union (ATU) Local 1596 Pension Plan and Retirement Plan. The status report addressed several issues that are in dispute between the Pension Trustees and the Union and Management as follows:

- Arbitration Demand Suing Employer to Recover Contributions
- Arbitration Demand Contribution Rate
- Arbitration Demand Legal Counsel Fees
- 2012 Collective Bargaining Agreement Article 30, Section 5. "Pension Plan"
- 2012 Collective Bargaining Agreement Article 46, "Duration, Modification and Termination of Agreement"

Although the Union membership voted in favor of the 2012 Collective Bargaining Agreement, (463 in favor and 35 against), which included the closing of the Pension Plan to new employees and the implementation of a new Retirement Plan, the above disputes have continued for several years.

As of March 1, 2014, all new LYNX Union employees entered into the new LYNX Defined Contribution (DC) Plan. The DC Plan includes a six percent (6%) employer contribution along with an optional 1, 2, or 3 percent employee contribution that is matched fifty cents (\$.50) on the dollar by LYNX. The FY2017 Preliminary Operating Budget includes the new pension plan rates for all vacant union and administrative employees.

Ms. Nicole Guillet June 13, 2016 Page 8 of 11

LYNX staff will make every effort to continue to negotiate a fair union contract that maintains projected budgetary estimates.

Healthcare: LYNX' health insurance expenses have been fluctuating over the past five (5) years, leading to health insurance plan changes, rate increases, and staff review of potential options that could assist with stabilizing cost while providing adequate levels of coverage for staff. The information below briefly recaps the agency's health insurance history over the past five (5) years.

- FY2011 LYNX participated in the Orange County group medical program.
- FY2012 LYNX contracted with Florida Blue receiving a 16% decrease in insurance premiums.
- FY2013 LYNX contracted with Cigna resulting in a 4% increase in insurance premiums.
- FY2014 LYNX maintained its contract with Cigna for health insurance and received a 16% increase in claims or premiums.
- FY2015 LYNX received an initial proposal during budget development of a 15% increase from Cigna. As budget development continued, additional premium increase projections were received from Cigna of 20% and 28%. Through plan modifications, LYNX was able to maintain premiums within the budgeted 15% initially projected increase.

As monitoring of health insurance trends and development of the FY2016 budget continued, LYNX staff worked with their Broker and discussed options with the Finance & Audit Committee including transitioning from a fully-insured plan to a self-insured plan. Initial health insurance projections during FY2016 Preliminary Budget development from Cigna, the current LYNX provider, indicated a 26% increase. A secondary proposal from Cigna included a potential 33.14% increase for the existing fully insured plan. In addition, Cigna provided rates for self-insurance, along with preliminary proposals from three (3) additional companies - SunLife, AIG, and Voya.

Discussions with potential providers continued leading to August 2015 proposals for health insurance coverage being submitted by Cigna, SunLife, and AIG; including an updated proposal for a best and final offer for the current LYNX plan with Cigna that represented an increase in rates of 24.53% over the current FY2015 rates. The LYNX share of the annual plan cost and the difference of the plan cost for each provider compared to the FY2016 Proposed Operating Budget total for healthcare expense are shown in the table below. The health savings account share of the plan remained constant and therefore is not included in the costs identified in the chart below.

Ms. Nicole Guillet June 13, 2016 Page 9 of 11

| Description: | ent Summary - Septer Employer Cost of Plan | | Difference from FY2016 Proposed Budgeted Healthcare Cost | |
|--|--|-----------|---|-------------|
| FY16 Preliminary Budgeted (26.0% Increase) - Fully-insured | \$ | 8,540,470 | \$ | - |
| Cigna Proposed Policy (24.53% Increase) - Fully-insured | \$ | 8,463,438 | \$ | (77,031) |
| Cigna 12-12 (5.4% Increase) - Self-insured | \$ | 7,460,981 | \$ | (1,079,489) |
| Cigna 12-36 (12.3% Increase) - Self-insured | \$ | 7,822,558 | \$ | (717,912) |
| Cigna 12-36 (17.6% Increase) - Gallagher Projection Self-insured | \$ | 8,100,290 | \$ | (440,180) |
| SunLife 12-12 (12.8% Increase) - Self-insured | \$ | 7,848,759 | \$ | (691,711) |
| SunLife 12-15 (23.21% Increase) - Self-insured | \$ | 8,394,267 | \$ | (146,203) |
| AIG 12-12 (13.9% Increase) - Self-insured | \$ | 7,906,401 | \$ | (634,069) |
| AIG 12-15 (26.4% Increase) - Self-insured | \$ | 8,561,431 | \$ | 20,961 |

Overall, LYNX staff believes modifying the health insurance to self-insured will provide long-term financial benefits and would also allow for plan stability over continuing with a fully-insured plan. As such, LYNX staff supported Gallagher's recommendation that the most viable option for health insurance coverage for FY2016 would be the Gallagher projection for Cigna self-insured 12-36, which represents a decrease over the FY2016 Proposed Operating Budget of \$440,180 for a 17.6 % increase.

On September 11, 2015, LYNX staff received Board approval to convert the health insurance plan from a fully-insured plan option to a self-insured plan contract with Cigna for LYNX' employee health insurance beginning January 1, 2016. In February 2016, Gallagher projected that the rates would increase by another twelve point sixty-two percent (12.62%) for FY2017. As such, LYNX staff included the 12.62% rate increase in the FY2017 Preliminary Operating Budget.

At the May 2016, Finance & Audit and Oversight Committee meetings, Gallagher provided updated projections for FY2016 and FY2017. Based on recent claim projections by Gallagher, it is anticipated that LYNX will have higher increases than originally expected for FY2016 and FY2017. Because LYNX is self-insured and has sufficient reserves set-aside to meet the requirements mandated by the State of Florida for going concern and two months of projected claims, such unexpected increases will be covered by reserves.

Reserves: The LYNX Board realized that it is essential for governments to maintain adequate levels of reserves to mitigate current and future risks such as revenue shortfalls, emergencies, natural disasters, and unanticipated expenditures. On January 31, 2013, LYNX Board of Directors formally adopted a Reserve Fund Policy. LYNX' Reserve Policy is based on sound fiscal principles designed to allow LYNX to maintain continuation of operations in adverse conditions.

Ms. Nicole Guillet June 13, 2016 Page 10 of 11

Prior to FY2014, LYNX' operating reserves had previously been utilized to support maintaining existing operations on an as needed basis as approved by the LYNX Board of Directors. Such a use of reserves to support existing operations was not sustainable.

As a result, over the past few years, LYNX staff have worked diligently to build reserves to meet the requirements of the policy. Currently, LYNX reserves are funded above the minimum requirements. Although, LYNX has actually met the target for forty-five (45) days of operating reserves, the overall reserves are not funded to the sixty (60) day maximum requirement.

Over the past few weeks, LYNX staff have discussed with the LYNX Board Chair's office opportunities to mitigate such a large increase from FY2016 to FY2017 by making a one-time infusion of reserve funds. It is staff's recommendation to apply \$1,946,397 to reduce the increase from 9.21% to 6.03% for local funding requirements. Of course, this recommendation will require vetting by the LYNX Finance & Audit Committee and approval by the full Board of Directors.

Route Capacity and On-Time Performance: LYNX regularly reviews service and will make recommendations to the LYNX Board of Directors for route capacity and on-time performance changes to provide the highest level of service. LYNX will maintain communication with Seminole County staff regarding route capacity and on-time performance throughout the budget development process and in FY2017 to ensure provision of the best service possible within the funding provided.

Comprehensive Operations Analysis: The LYNX Board approved the Comprehensive Operations Analysis (COA) at its January 29, 2014 Board Meeting providing standardized goals to determine the most efficient and cost-effective way to provide service while maximizing ridership. Based on the results of the COA, service recommendations may be brought forward in FY2017 for consideration by Seminole County in the final adopted budget.

Origin and Destination Study: LYNX will be advancing the origin and destination (O&D) surveying effort this fiscal year. The O&D effort will provide data on where passengers are coming from and going to when using LYNX' services. Utilizing the O&D survey results, LYNX will be able to review and revise routing to better serve passenger travel needs. The O&D survey results will also identify major transit generators (locations that produce a high level of transit trips) and geographic areas of high transit usage. The ability to plan service in a manner consistent with user travel behavior coupled with other operational information could allow a potential increase in productivity factors such as ridership and passenger revenue while creating opportunities to potentially reduce nonproductive route segments. As the O&D survey results factor into potential operational efficiencies any monetary impacts resulting from the data collected will be communicated and coordinated with the funding partners.

Ms. Nicole Guillet June 13, 2016 Page 11 of 11

Seniors and Persons with Disabilities 5310 Grant Funding: NeighborLink services previously funded by the New Freedom Program will be submitted for funding under the Federal Transit Administration Section 5310 grant program. If successful during the competitive selection process, fifty percent (50%) of the operating costs for these NeighborLinks will be covered. If unsuccessful, the budget will need to be revised to include the unfunded portion.

In addition, LYNX has requested \$500,000 from the Florida Department of Transportation (FDOT) for rural paratransit services. If the funds are awarded, this will reduce the local funding requirements for paratransit services by \$500,000 for the above and beyond the three quarter mile radius ADA trips.

Capital Budget: In the Capital area, LYNX has begun preparation of the FY2017 Capital Budget to present to the Finance & Audit Committee, as well as the Oversight Committee in July 2016 for review and recommendation. The FY2017 Capital Budget will be presented to the Board of Directors in September for final approval.

We are ready to discuss these items with you in detail at your convenience. We sincerely appreciate the support Seminole County has given us in the past and look forward to working with you and your staff during the upcoming year.

Sincerely

Edward L. Johnson Chief Executive Officer

cc: Chair Teresa Jacobs, Mayor Orange County Vice Chair Viviana Janer, Osceola County Commissioner Secretary Noranne Downs, FDOT District 5 Secretary Mayor City of Orlando Buddy Dyer Seminole County Commissioner Carlton Henley

14 TELEPHONE SUPPORT & MAINTENANC - 00100 GENERAL FUND

Priority:

11

Justification: (Limit to 1 Page)

The Seminole County Information Services Department provides telephone services to County departments and agencies including Constitutional and Charter Offices. The various components of the telephone systems were installed starting in 1989 and are primarily Nortel based systems of various ages and models. The systems are well past their end of life, unsupported and the manufacturer is no longer in business.

Because these systems are no longer supported, a major outage may be unrecoverable. This poses a substantial threat to the County's ability to support its citizens, its operational efficiency and its reputation. An event of this magnitude happened in October 2014 at the Civil Courthouse which required the emergency purchase of a different brand of telephone system and took 3 months to fully restore operations.

The amount of this funding request is based upon a plan developed in the mid-2000s to replace the existing system. That effort was begun, but cancelled due to funding limitations. The Information Services Department will seek to perform a Request for Proposals in the current fiscal year (2015/2016) with implementation in the following fiscal year. In addition to the cost of the initial system, maintenance and support on a new telephone system has been projected to be 143,000/year. This will require a new, long-term funding commitment by the County.

Failure to fund this request will require continued acceptance of the risks mentioned above.

Project proposal cost is being estimated between \$2,500,000 and 1,500,000 and is subject to the Request for Proposal (RFP) and evaluation process. Costing variance is due to several vendor and system options that are available in the market today.

11

Justification: (Limit to 1 Page)

Security risks to computer systems are increasing in number, complexity and severity each year. It is no longer possible for Seminole County Information Services personnel to maintain the training and knowledge necessary to adequately defend the County's computer systems against these risks. This is a common issue for most large government and private sector organizations.

In order to meet these challenges, a significant number of private sector companies have been formed to provide the expertise and technology necessary to safeguard their customer's technology infrastructures. Activities include establishing and auditing security processes and procedures, internal network scanning for known vulnerabilities, external scanning and penetration testing, and providing guidance on mitigating any vulnerabilities that are found.

Costs for managing network security increase annually due to the increasing complexity of the threats. Attempting to meet the threat with internal personnel would be prohibitively expensive as it would require an increasing number of highly-trained and compensated staff. It is therefore recommended that this function be outsourced to a qualified vendor.

Risks to the County include, but are not limited to, loss of critical data and information, destruction of critical computer systems including public safety systems, loss of labor efficiency, data corruption, defacement of web sites, and the associated risk to the County's reputation as a reliable partner to the community.

The cost for this effort is expected to be in the area of \$25,000 per year which is an \$11,000 increase over current year budget of \$14,000. Actual costs will be determined by a Request for Proposals from qualified vendors. This will be a continuous, annual cost as the threats are changing and increasing annually. The failure to fund this request will result in the acceptance of the risks mentioned above.

Concurrent Licensing for OnBase 140701

| | | - | | ۰. | | |
|---|----|---|---|-----|---|---|
| υ | ri | n | r | IT | v | ٠ |
| | | v | | I L | v | ٠ |

11

Justification: (Limit to 1 Page)

OnBase is Seminole County's Enterprise Content Management (ECM) System. The County's current contract with Hyland Software, the product's manufacturer, is based upon a concurrent licensing model. Using this model, the County pays for a set number of connections to the system as opposed to a set number of end users. Because users are not always connected to the system, the concurrent licensing model allows for fewer connections than actual end users; thus reducing the County's expenditures on an annual basis.

Annual increases in this cost are driven by the increasing use of the system. For fiscal year 2016/2017, the IS Department projects that **the County will need 7 additional concurrent licenses**. OnBase currently stores close to 3 million individual documents and provides labor efficiencies to County departments by providing document routing and workflows. By using OnBase to improve automation of the County's business processes, the County will continue to enjoy lower costs through increased labor efficiency. However, a small part of that those increased efficiencies will be offset through marginal increases in the costs associated with the increased concurrent licensing need.

The failure to fund this request will impede County employee's efficiency because concurrent licenses will not always be available when employees attempt to use OnBase in the daily performance of their jobs. In many of these functions, the employee may be working directly with a citizen and the citizen, along with the employee, may be forced to wait random lengths of time for a license to become available.

OnBase Phoenix Module (AutoStore)

| D | |
|----------|----|
| Priority | ľ. |
| | • |

11

Justification: (Limit to 1 Page)

Currently, Seminole County uses a software system called AutoStore which allows individual users to scan directly into OnBase from a Multi-Function Device. This ability significantly improves efficiency by making data entry into OnBase a near one step process. Once Seminole County upgrades to OnBase 16, anticipated for December 2016, the AutoStore software will no longer work or be supported by the vendor. OnBase Phoenix is the solution recommended by the vendor for replacing the AutoStore functionality. The cost is \$73,800 one-time cost for the server piece, plus \$14,760 for annual maintenance, and \$27,238 annually for 4 years for the client software. The total cost for FY 2016/2017 is \$101,038. The cost of the AutoStore software that was initially purchased in FY 2011/12 was \$242,064.

14 NETWORK INFRASTRUCTURE SUPPORT - 00100 GENERAL FUND

| Anti-Virus | System |
|-------------------|--------|
|-------------------|--------|

Priority:

11

Justification: (Limit to 1 Page)

Computer viruses pose significant risks to the operations of Seminole County's information systems. Risks include, but are not limited to, loss of data, corruption of data, reduction in system performance, and loss of labor efficiency.

Seminole County currently uses Microsoft's System Center End-Point Protection as its anti-virus product. The choice to use this product was made during the economic downturn as its costs were significantly less than those of its competitors. The lower cost is unfortunately offset by much lower performance at finding and mitigating computer virus threats. While the decision to use this product was very reasonable at the time given the considerable financial constraints in which the County found itself, the County should consider moving forward with a more secure product given the increasing threats posed by computer viruses.

Competing products not only provide far superior protection, but are more manageable and many provide protection for mobile devices as well. As County personnel are increasingly gaining efficiency through the use of mobile devices, there is an existing and increasing need for this capability.

Funding for this effort would be approximately \$12,000 per year, with final costs determined through a competitive bidding process. The failure to fund this request will leave the County exposed to the risks mentioned above.

14 GEOGRAPHIC INFORMATION SYSTEMS - 00100 GENERAL FUND

| GIS Cross | Reference | Software |
|------------------|-----------|----------|
|------------------|-----------|----------|

Priority:

11

Justification: (Limit to 1 Page)

The Address Assignment group in Seminole County is responsible for assigning and tracking all new addresses in the County. This function has a mission-critical responsibility to public safety. Division staff must ensure that addresses are properly placed on the County's Geographical Information System (GIS) so that emergency responders will know how to find locations quickly in emergency situations. The group also has a critical responsibility to ensure that addresses are assigned and properly entered into the County's NaviLine System so that permitting and development review functions can happen in a time effective manner.

It was recognized early that the act of having to enter the addresses in the two different systems lead to both a doubling of staff time and effort as well as data entry mistakes that jeopardized public safety and/or the timeliness of the permitting process. In order to rectify this issue, in 2006, the IS Department wrote a software tool that took the information entered into the GIS system and automatically populated the NaviLine database.

In the current fiscal year, the IS Department is upgrading the NaviLine system to the latest release. Unfortunately, the software written in 2006 will no longer work with the new system and must be re-written. The IS Department no longer maintains sufficient staff to recreate this software and therefore is seeking to have a private firm produce the software for us. The cost is anticipated to be at most \$30,000 and this is a one time expenditure.

Failure to fund this effort will result in a significant degradation of Address Assignment's staff efficiency and effectiveness. Address Assignment may need to increase staff due to the increased workload.

Document Knowledge Transfer Module (OnBase) 140701

Priority:

11

Justification: (Limit to 1 Page)

Annually, the IS Department reviews County department requests and seeks out cost-effective solutions that fit within the County's IT architecture. The IS Department has received requests from multiple departments which allow them to deploy multi-media training solutions to their employees. Examples include standard HR type training and solutions for Fire Rescue.

In order to meet this request, the IS Department is proposing the purchase of Document Knowledge Transfer, **an OnBase module which allows for the distribution of required reading and audio-visual material to users as well as tracking reader compliance**. The module will provide proof of acknowledgement and sign-off by users that they have read the correct version of a document or have taken the required training. The module can also provide testing to ensure that staff has gained the required knowledge.

The cost for the module is a one-time fee of \$12,800.

Justification: (Limit to 1 Page)

Replacement of servers, firewalls and network infrastructure equipment based on a (5) year replacement cycle, and annual review of equipment due to be replaced.

Storage Area Network (SAN) & Server Refresh - This is currently on a 5 year lease through RFP-602268-15 and will have an annual impact over the next 5 fiscal years of \$213,000. In addition there will be a need to replace antiquated hardware for \$200,000. Although this equipment was not requested in FY 2015/16 it was part of the initial Infrastructure plan cost and would need to be refreshed in time.

FY 2015/16 Budget - \$213,000 FY 2016/17 Requested - \$413,000

Network Equipment Refresh - Ongoing replacement of existing Infrastructure & Security equipment throughout the county.

FY 2015/16 - Budgeted - \$483,891 FY 2016/17 - Requested - \$299,000
