First Street Sanford, Florida on August 9, 2016 at 1:30 p.m. The purpose of the Public Hearing is to receive comment from the public on the proposed assessment roll *prior* to taking final action. Notice of Proposed/Adopted Assessments • General Information

Why did I receive this Notice?

As an owner of property in Florida, you have a right to receive specific information about property taxes and non-ad valorem assessments. This Notice honors those rights by providing details about the assessment(s) assigned to your property and proposed for billing on the 2016 Property Tax Bill.

Do I need to respond to this Notice?

The Notice is for informational purposes; a response is not required. However, if you have assessment related comments to be considered by the Board of County Commissioners [BCC], you may address the BCC in person at the public hearing or you may file your comments in writing (email or letter) with the MSBU Program. Written comments received by August 5, 2016 will be filed with the BCC.

Are these new assessments?

The code noted in the "Status" column indicates if an assessment is new [N] or existing [E]. The status code also indicates if the amount is an installment billing for a capital [C] improvement or if it is a variable [V] rate assessment for an ongoing service.

Why might the assessment amount change?

The assessment amount for an ongoing service may vary annually based on operating cost and budget requirements. Additional rate information is available at the MSBU Program website.

Only need to update your mailing address or owner information?

Contact the Seminole County Property Appraiser at 407-665-7506.

What is a non-ad valorem assessment?

A non-ad valorem assessment represents a cost share assigned to a group of properties to pay all or part of the cost associated with a specific public service or improvement primarily benefiting those properties. Assessments are assigned on a "benefit unit" basis as defined when an assessment district (MSBU) is established. A *benefit unit* may be a parcel, dwelling, linear foot, or other equitable unit.

What services are funded by assessment?

Assessment funding may be used for constructed capital improvements and/or ongoing public services. Water/wastewater utility service line construction and neighborhood wall reconstruction are examples of capital improvements funded by assessment. Street lighting, aquatic weed control, and the collection/disposal of residential solid waste are examples of ongoing services funded by assessment.

If "Not a Bill" - when will I be billed?

Assessments approved at the public hearing will be billed via the 2016 Property Tax Bill to be mailed late October by the Seminole County Tax Collector. To avoid penalties, the property tax bill must be paid in full to the Tax Collector by March 31. Remember, early payment discounts are offered.
