UF/IFAS-Volusia County Extension
3100 E. New York Ave.
DeLand, FL 32724

**MAP TO SURVIVING PESTICIDE
TRAINING—UF STYLE CEU DAY**

To get to the Volusia County Extension Service via I-4, take Exit 118A (New Smyrna Beach Exit) and keep right (East) on Hwy 44 (E. New York Ave). Keep right at the fork merging onto Hwy 44. Our office is at right. You will see the signs for Volusia County Extension Service and University of Florida/IFAS. Look for the American Flag!

Disclaimer: "The Foundation for the Gator Nation" is an
Equal Opportunity Institution.

**COMMERCIAL FARMING
AND PESTICIDE
TRAINING**

The University of Florida Volusia County extension program provides research based information to commercial producers and others that need relevant and current resources. The Volusia County Commercial Horticulture/Agriculture program offers pesticide training and educational programming to promote the agricultural industry. Agriculture in Volusia County impacts the economy by \$781 million annually. This is vital to our economy. Please visit the Volusia County Commercial Horticulture/Commercial Farming website at <http://www.volusia.org/services/community-services/extension/horticulture/commercial-horticulture/> or contact Karen Stauderman at kstauderman@volusia.org for more information.

One-of-a-Kind Pesticide Training

Licensed applicators must become recertified to renew their pesticide applicator licenses. To become recertified, individuals must either retake the recertification exams or earn the required number of Continuing Educational Units (CEUs).

UF/IFAS Extension Volusia County Commercial Horticulture offers innovative ways to provide CEUs. This program is one in a series of theme related pesticide trainings. We hope you enjoy your experience with a new approach and invite you and your friends to explore future programming including pesticide training, horticulture and commercial farming with our office.

SPECIAL ACCOMODATIONS

Persons with disabilities needing assistance to attend should contact Patricia at 386-822-5778 at least 5 working days in advance of the workshop.

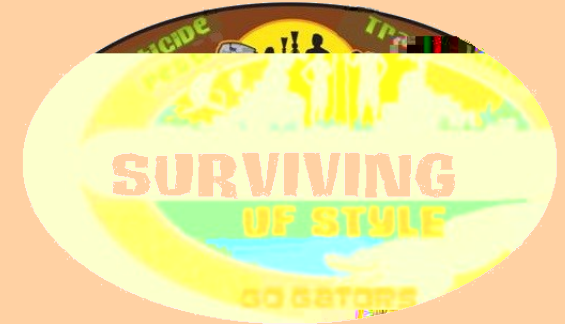

REGISTRATION

Registration is \$40 which includes lunch. Make checks payable to *Volusia County Extension Fund* and mail to: Karen Stauderman, 3100 E. New York Avenue, DeLand, FL 32724. For more information call, 386-822-5778.
