STRESSFUL FOR EVERYONE
DISASTER EVENTS CAN BE
HOME PREPARATION
It is important to prepare your home for a disaster event.

STORM PREPARATION
• Have trees and property inspected, trimmed.
• Purchase window covering or other supplies ahead of time.
• Verify insurance.
• Take pictures or video of inside contents and outside of your home in the event it is damaged.
• Install prominent and visible address numbers on your house.
• Secure lawn or pool furniture, outdoor equipment and other potential flying objects.

DISASTER EVENTS CAN BE STRESSFUL FOR EVERYONE
• The prospect of not being able to leave your home.
• The prospect of not being able to leave your home may have.
• Know, where and when to shut off water, gas and electricity at the main sources to your home.
• Post emergency and utility provider numbers by the phone.
• Check your insurance coverage. Flood damage, for example, is not always covered by homeowners’ insurance.
• Contact your child’s school or daycare to determine the facility’s emergency notification and evacuation plans. Ask what type of notification will be required to release a child to someone else if you are not available to pick them up.

Plan your evacuation route.

Make arrangements for pets or livestock in advance. Make sure your pet is up to date on required vaccinations. Make arrangements for pets or livestock in advance. Make sure your pet is up to date on required vaccinations.

Plan your evacuation route.

Plan how your family will stay in touch if you become separated. Select an out-of-state contact

Plan how your family will stay in touch if you become separated. Select an out-of-state contact.

Know how, when and where to shut off water, gas and electricity at the main sources to your home.
