DEPARTMENT: Planning & Development **DIVISION:** Planning

AUTHORIZED BY: Kathy Fall **CONTACT:** Kathy Fall **EXT.** 7433

Agenda Date 9/24/07 **Regular** **Consent** **Public Hearing – 6:00**

MOTION/RECOMMENDATION:

1. **DENY** the request for 1) a minimum lot size variance from 8,400 square feet to 5,250 square feet & 2) lot width at the building line variance from 70 feet to 50 feet for a proposed single family home in R-1 (Single Family Dwelling District); or
2. **APPROVE** the request for 1) a minimum lot size variance from 8,400 square feet to 5,250 square feet & 2) lot width at the building line variance from 70 feet to 50 feet for a proposed single family home in R-1 (Single Family Dwelling District); or
3. **CONTINUE** the request to a time and date certain.

GENERAL INFORMATION	Applicant: Property Owner: Location: Zoning: Subdivision:	Paul McManus Victor Ramos Daisey Avenue R-1 Washington Heights
BACKGROUND / REQUEST	<ul style="list-style-type: none"> • The applicant is requesting a variance on a lot that is deficient 3,150 square feet in the R-1 zoning which requires a minimum lot size of 8,400 square feet. The lot also requires a lot width at the building line from 70 feet to 50 feet. • There are currently no code enforcement or building 	

	<p>violations for this property.</p> <ul style="list-style-type: none"> • There is no record of prior variances for this property.
<p>STAFF FINDINGS</p>	<p>The applicant has satisfied the criteria for the grant of a variance. Staff has determined that:</p> <ul style="list-style-type: none"> • Special conditions or circumstances exist, which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures or building in the same zoning district. <i>Special conditions exist because the lot was platted in 1923 prior to the adoption of the Land Development Code in 1960. The lots in the Washington Heights area are predominantly 55 feet by 105 feet. When the Land Development Code was adopted the subject lot became nonconforming.</i> • Special conditions and circumstances did not result from the actions of the applicant. <i>The creation of the nonconforming lot was not the result from any action taken by the applicant.</i> • The granting of the variances requested would not confer on the applicant special privileges that are denied by Chapter 30 to other lands, buildings, or structures in the same zoning district. <i>The lot was created before the adoption subdivision regulations.</i> • The literal interpretation of the provisions of Chapter 30 would deprive the applicant of rights commonly enjoyed by other properties in the same zoning classification. <i>Without the requested variances the lot could not be developed with a single family home which would deny the applicant rights that are enjoyed by other properties in the area.</i> • The variances requested are the minimum variances that will make possible reasonable use of the land, building or structure. <i>Reasonable use has been established by the development of vacant land in the surrounding area with single family homes. Without the requested variances the applicant could not develop the property with a single family home.</i> • The grant of the variances would be in harmony with the general intent of Chapter 30. <i>The requested variances would be in harmony with</i>

	<p><i>the character of the surrounding area in allowing the use of a single family home.</i></p>
STAFF RECOMMENDATION	<p>Based on the stated findings, staff recommends approval of the request based upon the following conditions of approval:</p> <ul style="list-style-type: none">• Any variance granted shall apply only to the lot as depicted on the attached site plan; and• Any additional condition(s) deemed appropriate by the Board, based on information presented at the public hearing.
