2ND PUBLIC

HEARING

SEMINOLE COUNTY
SECOND PUBLIC HEARING PROCEDURES
FISCAL YEAR 2009/10 TENTATIVE BUDGET
TUESDAY, SEPTEMBER 22, 2009 - 7:00 P.M.

OVERVIEW

The levy of ad valorem taxes and the adoption of the County's annual budget are governed by Florida Statutes Chapters 129 (County Annual Budget) and 200 (Determination of Millage). The statutes outline the budget process as required by state law beginning with the certification of taxable value on July 1st by the Property Appraiser; followed by the presentation of the County Manager's recommended budget to the Board of County Commissioners (the "Board") by July 15th. By August 4th the Board sets a proposed millage rate that is utilized by the Property Appraiser in preparation of the Notice of Proposed Property Taxes (TRIM Notice). The Board holds work sessions to discuss the budget; making adjustments as deemed necessary.

Pursuant to Florida Statutes, the County must hold two public hearings before adopting its final millage rates and annual budget. The hearings are primarily for the purpose of hearing requests and complaints from the public regarding the budgets and the proposed tax levies and for explaining the budget. The first substantive issue required to be discussed at the hearings is the percentage increase in millage over the rolled-back rate necessary to fund the budget and the reason for the increase, if any. Additionally, the Board shall hear and address public comment and questions regarding the millage rates and budget prior to taking any action.

The **first public hearing** is advertised via the TRIM Notice to all ad valorem taxpayers of the County. The hearing is held to discuss the proposed budget and the proposed millage rates. The proposed millage rates adopted at the first public hearing cannot be increased above the TRIM rates previously certified to the Property Appraiser without a second tax notice being sent by first class mail to each taxpayer.

After the first public hearing, the County must publish an advertisement in a newspaper of general circulation within the County stating its intent to adopt a final millage and budget. The advertisement summarizes the tentative budget, identifies any change in ad valorem taxes and notifies taxpayers of the second public hearing to adopt final millage rates and the final budget for the upcoming fiscal year.

The final budget and millage levies are adopted by resolution at the **second public hearing**. This hearing is held to discuss the tentative budget and millage rates before final adoption. At the second public hearing, the Board may adjust the tentative budget prior to final adoption, but in no event may millage rates be increased from what was advertised.

Upon final adoption, a copy of the completed resolution adopting the final millage is forwarded within three days to the Property Appraiser, the Tax Collector, and the Department of Revenue. Final certification of compliance with the provisions of Chapter 200, Florida Statutes is filed with the State within thirty days of the final public hearing to adopt the County millage and budget.

PUBLIC HEARINGS

During the public hearing the County will:

- Discuss the proposed operating millage levies and rolled-back rate.
- Hear comments and answer questions from the public regarding the proposed millage rates and budget.
- Prior to conclusion of the hearing, the Board must complete the following steps:
 - a) amend the proposed budget, if necessary;
 - b) recompute its proposed millage rates, if necessary;
 - c) publicly announce the percent by which the (recomputed) proposed millage rates are above or below the rolled-back rate; and
 - d) adopt the proposed millage rates and budget, in that order.

Public Hearing: Meeting Called to Order

Before officially beginning the Public Hearing, the **Chairman** may wish to remind the public of the following:

- 1) The Board of County Commissioners does not have any control over the tax levies and budgets of the School Board, the Water Management District, or any of the seven cities in Seminole County.
- 2) Questions regarding property assessments should be addressed to the Property Appraiser.
- 3) The Board of County Commissioners has limited authority over the budgets of Constitutional Officers of the County (Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector):
 - a) The Clerk of the Circuit Court's budget is reviewed and approved pursuant to Florida Statutes, with the exception of Board Records and Finance, which is submitted to the Board of County Commissioners;
 - b) The Property Appraiser and Tax Collector budgets are reviewed and approved by the State Department of Revenue (Section 195.087, Florida Statutes);
 - c) The Sheriff has the right to appeal any decision regarding his budget to the Governor and Cabinet (Section 30.49, Florida Statutes).

SEMINOLE COUNTY GOVERNMENT

BUDGET ASSUMPTIONS

BUDGET BASIS AND ASSUMPTIONS

The revenue and expenditure budgets were prepared based on historical trends, legislative actions and available economic data. In addition, the budgets meet federal and state requirements, as well as reflecting Seminole County's policies and practices.

The budget basis and assumptions are as follows:

Revenues:

- The proposed countywide millage rate of 4.9989 mills is 0.1192 mill or 2.33% below the rolled-back rate of 5.1181 mills while the Unincorporated Roads MSTU (0.1256 mills) and Fire MSTU (2.6629 mills) are at the rolled-back millage rates for FY 2008/09. The rolled-back rate is the millage rate that generates the same amount of property tax revenue as received in the previous fiscal year when adjusted for new construction and community redevelopment districts. As property values rise, the rolled-back millage rate declines; as property values fall, the rolled-back millage rate increases. Seminole County's 2009 countywide taxable value decreased by 10.98% resulting in rolled-back millage rates for FY 2009/10 that are higher than the current FY 2008/09 adopted property tax rates but will generate the same revenue as received in the prior fiscal year. Because the FY 2009/10 countywide tax rate is below the rolled-back rate, Seminole County will receive almost \$2.9M less in property tax revenue than adopted in FY 2008/09. Seminole County's aggregate tax rate for FY 2009/10 of 6.8492 mills, exclusive of debt service millage, is 0.1839 mills below the aggregate rolled-back rate of 7.0331 mills representing a 2.61% property tax decrease.

A voter approved debt service millage of 0.1451 mills is also levied to repay bonds issued for the acquisition of natural/environmental lands and to construct a county-wide trails system.

Ad valorem revenue estimates are formulated based on the Property Appraiser's July 1 Certification of Taxable Value and budgeted at 96% of the total property taxes levied by the Board of County Commissioners. Seminole County does not receive 100% of property taxes imposed due to statutory discounts of up to 4% for early payment of taxes and other valuation adjustments to the tax roll, to include the Value Adjustment Board process, that occur subsequent to approval of the annual tax rates.

- Half-cent sales tax, county revenue sharing, gas taxes and other locally levied taxes were projected based on state estimates, historical receipts, and/or current economic trends. Estimated revenue remained relatively unchanged from the prior year amended budget assuming the economy will bottom out in 2010 and maintain current revenue collections with no growth.
- Charges for services inclusive of water & sewer, solid waste management and development review were based on economic trends with an 18% increase anticipated in water and sewer rates. The increase is required to meet debt service requirements associated with the issuance of water and sewer bonds needed for future capital projects.
- Interest income projections reflect the return on investments experienced since the decline of the financial markets and were reduced based on the current economy and interest rates.

SEMINOLE COUNTY GOVERNMENT BUDGET ASSUMPTIONS (CONTINUED)

Expenditures:

- Personal Services:

Budgeted compensation is at 100% of actual pay rates. There are no plans to provide increased compensation to individual employees.

Position changes were submitted to the Human Resources department for recommendation of and final approval by the County Manager. Reductions in force included in the proposed budget have been approved by the Board of County Commissioners.

The Florida Retirement System contribution rates are established annually through State legislative action for the two subsequent funding years. The trend has been for the legislature to establish higher rates for the second year and then reduce the rates before final implementation, utilizing the actuarial surplus to offset the increases. Rates for retirement contributions listed are effective July 1, 2009. Rates remain constant. Depending on the retirement category under the Florida Retirement System, employee retirement contributions are budgeted at the following rates:

Regular	9.85%
Elected Officials	16.53%
Special Risk	20.92%
Senior Management	13.12%
Drop	10.91%

FICA (Social Security) contributions are budgeted at 7.65% of total salaries and overtime.

Due to market conditions, Seminole County's health insurance premiums are expected to rise, and have been budgeted to increase by 10%.

Workers compensation is provided through the County's Self Insurance fund. Individual cost centers have been charged, spreading the cost across applicable funding sources countywide, sufficient to cover the estimated expenditures within the Self Insurance fund. Expenditure levels are adequate to provide for the provisions of the workers compensation program, property insurance, liability insurance and actuarially determined reserve levels.

- **Operating Expenses:** Departments were requested to submit a zero base operating budget. Operating budgets with additional requests deemed critical to operations were considered. SEMINOLE COUNTY GOVERNMENT BUDGET ASSUMPTIONS (CONTINUED)

Expenditures (continued):

- **Carryforward:** Funding for specific items included in the FY 2008/09 budget which are not anticipated to be completed or received by September 30, 2009, are carried forward into the FY 2009/10 budget at the Second Public Hearing. For projects, only the available balance (consisting of unexpended and unencumbered funds) is proposed for carry forward as part of the Adopted Budget. The remaining balance, as well as any necessary adjustments due to timing differences, will be presented to the Board for inclusion in the FY 2009/10 budget after the final invoices for FY 2008/09 are recorded. Funding for capital equipment is carried forward based upon the anticipated delivery date of the equipment. Operating grants are carried forward based upon estimates of usage within FY 2008/09 and the terms of the grant. Other items are carried forward if deemed appropriate. The Second Public Hearing document will contain a complete listing of the items proposed for carry forward.
- **Constitutional Officers Budgets:** Budgets for constitutional officers were submitted by the individual officers and incorporated into the countywide budget for consideration by the Board, except for the Tax Collector's office whose budget is based on property tax revenue.
- **Reserves:** It is essential that the County maintain adequate levels of reserves across all funds as a protection to taxpayers to mitigate current and future risks (revenue shortfalls and unanticipated expenditures). Fund balance levels are also a crucial consideration in long-term financial planning. The focus on fund balance is on the County's general fund, however financial resources available in other dependent operating funds must be considered in assessing the adequacy of the unreserved fund balance in general fund. Efforts have been made to maintain reserves at a healthy level while providing services at a reasonable cost. For additional information on reserves, see the "Reserve Summary".
- **Cost Allocation:** Full costing concepts have been employed to a significant extent in the development of the budget to appropriately recognize and incorporate all central service expenditures of the County within the program utilizing the services.

Transfers are internal transactions that do not constitute revenue of the receiving fund or expenditures of the paying fund, but represent subsidy flow of funds.

The transfer from the General Fund to the Stormwater Fund was not part of the Proposed Budget and did not appear in the First Public Hearing document. However, the budget tentatively approved at the First Public Hearing included such a transfer in lieu of adoption of a Stormwater assessment. Accordingly, this schedule reflects this transfer as part of the tentative budget.
