October 1, 2020

Honorable Members of the Board of County Commissioners:

I respectfully submit the Seminole County Fiscal Year 2020/21 budget. The adopted budget totals \$904 million for all governmental and proprietary activities of the County, including \$463 million for base budget operations, \$176 million in one-time expenditures (including Grant funding), and \$265 million for non-dedicated transfers and reserves. Reserves in the General Fund as proposed represent 20% of revenues.

Coronavirus

In December 2019, reports emerged that a virus never seen in humans had begun to spread amongst the population of Wuhan, China. Within months, the global spread of this new Coronavirus, known as COVID-19, led the World Health Organization to declare a worldwide pandemic on March 11, 2020.

Seminole County Government issued Executive Order 2020-001 on March 2, 2020, declaring a Local State of Emergency due to the serious health threat to visitors and residents arising from the Coronavirus. Florida reported the first case of COVID-19 on March 1; Seminole County's first case was reported on March 12.

Over the course of March and April, governments throughout the world took the unprecedented step of issuing lockdown orders, shuttering schools, restaurants, theaters, gyms, and all non-essential businesses in the hope of protecting healthcare systems and minimizing community spread.

Florida Governor Ron DeSantis issued a series of Executive Orders, initiating the closures of some beaches, bars, restaurants, and gyms, and elective surgeries. On April 1, the Governor issued the *Safer at Home* Order, limiting the movements of Floridians outside of their homes to only essential trips.

In order to minimize cross-contamination between working groups, telework became a reality at Seminole County Government for the first time. The Information Services Department issued an additional 256 laptops and dozens of MiFi units to support employees as they rotated between the workplace and home. County facilities were closed to the public, furthering enhanced online services and customer appointments, and public meetings began, and continue, to take place virtually. Social distancing and decontamination protocols remain in effect throughout County facilities. As of this publication, Florida has 1.3 positive cases, with nearly 18,000 occurring in Seminole County.

The COVID-19 pandemic has affected not only the physical health of our community, but also its economic wellbeing. The fiscal impact of the national shutdown that occurred earlier this year will persist beyond the pandemic. In the early months of the pandemic, the national unemployment rate peaked at an unprecedented level 14.7

Revenue Impact of COVID-19

Revenue projections for Fiscal Year 2020/21 were more difficult to forecast than any time in recent history. While the impact of the shutdown affected many of our major revenues, it was impossible to predict how deep the losses would be and for how long they would remain down. Seminole County reacted by reducing major non-ad valorem revenue estimates by an average of 10%. While this is a significant cut in projections, we were still able ensure that vital services levels remained funded.

Seminole County's revenues can be broken down into 41 different types. The first step in our projection process was to review each type to determine how exposed collections would be to the economic shutdown. Many of our revenues are not expected to be impacted in FY 2020/21 (Ad Valorem, MSBU Assessments, existing Grants, and Interlocal Agreements). Some revenues are expected to be moderately impacted (Public Safety Fees, and Donations); while other major revenues have the potential to be significantly impacted (Sales Taxes, Gas Taxes, Tourism Taxes).

Once we identified the major revenues with the most potential exposure, we broke each up into 3 separate collection periods: Direct Shutdown (mid-March through May 2020), Re-Opening period (June through September 2020), and the Post-Opening period (Fiscal Year 2020/21). Various scenarios were run on each of those periods to identify a range of outcomes for the bottom-line County revenues. The FY 2020/21 Adopted Budget was developed by reviewing revenue data following the first year of the 2008 recession. Ad Valorem property tax revenues are not projected to be impacted in this year, and non-Ad Valorem revenues are projected to drop by a net average of 10% from current year budgets.

Ad Valorem revenue estimates are based on a continuation of the countywide millage rate of 4.8751, Unincorporated Road District millage rate of 0.1107, and a Fire Protection District millage rate of 2.7649. Growth in taxable property values will lead to an Ad Valorem revenue increase of \$11.4 million to the General Fund; \$4.5 million to the Fire Funds; and \$0.1 million to the Transportation Trust Fund, totaling \$16.0 million over Fiscal Year 2019/20.

General Operating Funds

General government operations, including those undertaken by the County's Constitutional Officers, are funded through three primary sources: property taxes, state shared revenues, and locally generated revenues. The \$11.4 million in additional revenue from Ad Valorem property taxes is projected to be offset by a reduction in non-Ad Valorem revenues of \$7.1 million, for a net increase of \$4.3 million to the General Fund. The biggest projected reductions are in half cent sales taxes, state shared revenues, and interest income.

Infrastructure Sales Tax Fund

The 2014 One Cent Infrastructure Sales Tax is projected to generate \$41.5 million in County revenues for Fiscal Year 2020/21, compared to \$36 million per year that was estimated when the fund was approved by the voters.

Pursuant to the Interlocal Agreement, the County receives 55.6% of the projected sales tax. Seminole County Public Schools receives or 25% and the seven cities share in 19.4% of the estimated revenue.

Gas Tax Funds (Transportation & Mass Transit)

The Transportation Trust & Mass Transit Funds are primarily supported by state and local gas taxes, which are projected to generate \$14.6 million in Fiscal Year 2020/21, as compared to \$16.1 million the previous year. With more people continuing to work from home, Gas Taxes revenues are projected to have a longer impact period than Sales Tax revenues.

Tourist Development Fund

In the wake of COVID-19, Florida has proven to be particularly vulnerable, as the closing of theme parks and attractions impacted the State at the height of tourist season, shutting down spring break, spring training, and Seminole County's busiest season at Boombah Soldiers Creek and the Boombah Sports Complex. Tourist Development Tax (TDT) collections were on pace for another record year, tracking 5% over the first five months of Fiscal Year 2018/19, which recorded Seminole County's highest TDT collections in history, \$5.8 million. However, collections for the month of March reflected a 50% decrease, followed by a 62% decrease in April. Total Tourism revenues for FY 2019/20 came in at \$4.2M and, which is a \$1.6M decrease from prior year.

General Fund

Fiscal Year 2020/21 General Fund Ad Valorem revenues are increasing by \$11.4 million due to a 6.7% growth in property valuations. Non-Ad Valorem revenues are forecasted to drop by 10%, bringing the total new revenues in the General Fund down to \$4.3 million. Beginning in Fiscal Year 2021/22, the Property Appraiser is forecasting only a 3% growth in valuation, which is well below the levels we experienced in recent years. In an effort to mitigate greater cuts in the future, this proposed budget proactively reduces expenditures for the upcoming fiscal year and limits expenditures that could impact other near-term fiscal years.

Budget Scenarios

While Ad Valorem revenues are largely certain for Fiscal Year 2020/21, non-Ad Valorem revenues are more difficult to forecast. The proposed budget assumes a 10% reduction in non-Ad Valorem, but staff also developed expenditure recommendations should those revenues fall by 15%, 20%, 25%, and 30%. The anticipated property tax revenues coupled with the assumed **10% drop in non-Ad Valorem revenue** would yield \$240,598,506 in General Fund revenues. The initial budget development resulted in expenditure requests of \$259 million, creating a budget deficit of over \$19 million. In order to minimize the impact on reserves, the County Manager, Directors, Division Managers, and Financial staff worked together to make necessary reductions to balance the budget.

Constitutional Officers

Total funding to support the operations of the Sheriff, Tax Collector, Clerk of the Court and Comptroller, Property Appraiser, and Supervisor of Elections constitute 64% of General Fund expenditures. The overall increase to the Constitutional Officers' General Fund transfer for Fiscal Year 2020/21 is \$4.6 million over Fiscal Year 2019/20.

Personnel

A total of 60.5 new positions were requested by Seminole County Government Departments at an estimated cost of \$3.9 million. Priorities were given to Public Safety (seven new FTEs), Technology/Security (five new FTEs), Homeless Services, Water Utilities, and Solid Waste. Of this request, 40.5 FTEs were deferred at a savings of \$2.5 million. Approved positions include three Cybersecurity Administrators, two Emergency Communication Dispatchers, an affordable housing manager, a digital media content specialist, and three firefighters to staff a new Tanker. The cyber security, affordable housing manager, and digital media specialist positions are all related priorities set at recent Board retreats.

Facilities

A total of 45 new facility requests (excluding Proactive Maintenance) were submitted by County Departments and Constitutional Offices, totaling \$2.4 million. In effort to maintain structural balance, 38 of these requests have been deferred, which include park and library improvements, an equipment canopy, restroom improvements, pressure cleaning, roof, and carpet replacement projects. Improvements to County facilities were most impacted by funding constraints, with an estimated \$1.8 million in projects remaining unfunded.

Facility improvements that remain in the proposed Fiscal Year 2020/21 budget include the sprinkler system at the Central Transfer Station, flooring in the Pet Adoption building, and restroom improvements at the Central Branch Library and Sylvan Lake Park, totaling \$553 thousand.

Fleet Replacement Plan

A structured fleet replacement plan was initiated in Fiscal Year 2018/19 with the intent to replace all necessary vehicles within seven years. As a consequence of the 2008 recession, fleet replacement was substantially deferred, leaving the County with many vehicles operating beyond acceptable useful life standards. The replacement plan was accelerated to five years in Fiscal Year 2019/20. The FY 2020/21 budget development cycle began assuming continuation of the five-year plan, which would have replaced 74 vehicles in the General Fund and Transportation Trust fund at a cost of \$5 million. In an effort to balance the General Fund budget, I have reverted back to the seven-year replacement plan, which deferred a total of 19 requests at a savings of almost \$1.3 million.

Transportation Infrastructure

Over \$70 million in infrastructure projects to support transportation are included in the Fiscal Year 2020/21 budget, including:

- \$7.3 million toward the New Oxford Road Widening project;
- \$4.3 million for the Resurfacing of Local Roads;
- \$4 million for Orange Blvd (CR 431) Safety Improvements;
- \$3.8 million for Bicycle/Pedestrian Improvements around the Altamonte Sunrail Station;
- \$2.6 million to extend the Seminole Wekiva Trail along EE Williamson;
- \$2.6 million for the Narcissus Avenue Roadway Improvements;
- \$2 million for Capacity Improvements on Slavia Road; and
- \$1.9 million for Drainage Improvements on Mullet Lake Park Road.

Recreation

The initial budget submittal included \$5.6 million in requests related to recreational amenities. Funding shortfalls have resulted in reductions to the proposed budget, which includes approximately \$2.6 million allocated for Culture and Recreation activities:

- \$961 thousand for new educational materials and library books;
- \$280 thousand for the replacement of Playground Equipment at Lake Mills Park;
- \$120 thousand for the County's Library Master Plan; and
- \$75 thousand for Improvements and Amenities at our Trailheads.

Fire Services

More than 470,000 residents live in Seminole County, many of which are served by our consolidated fire services. In anticipation of further growth, the Board made the prudent decision of approving an upward adjustment to the Fire District Fund millage rate in 2017, a 0.4350 mil. This adjustment has ably positioned the County to maintain excellent public safety service levels in the County even in light of the "COVID effect."

Adequate fire funding has allowed the County to construct much needed fire stations to serve its growing population. Construction is underway for the relocation and upgrade of Fire Station 11, a first of its kind venture between the County and the City of Altamonte Springs. In the northwest section of the County, land has been acquired, design is in progress, and construction funding has been allocated for new Fire Station 39, which will help safeguard Fire and EMS response times in the area. The Fiscal Year 2020/21 Budget includes additional

funding for an Engine, Rescue, and Tower to equip the Fire Station 39 as well as funding for a new Tanker Truck and three additional Firefighters to improve services in the southwest section of the County.

Midyear Assessment

Several needed budget requests have been deferred from the proposed FY 2020/21 budget due to the anticipated loss of non-Ad Valorem revenues. We are closely monitoring those revenues and we may propose position and project requests for approval during the midyear assessment if funding is available.

Five Points

During the May 19 budget work session, the Board unanimously agreed to proceed with plans to combine the Criminal and Civil Court systems. The scope of work includes the Courthouse Annex, Parking Garage and Central Energy Plant with a guaranteed completion date of May 18, 2023. Advertisement for the next phase of the project to Renovate the existing Criminal Justice Center will be released during the Summer of 2021 and will be a traditional design-bid-build contract.

Estimated costs to be financed for the Court Phase of the Five Points project are approximately \$95 million. The County is utilizing a Design-Build selection process for this project. These proposals are expected to be presented to the Board for selection in the Fall of 2020. The Board recently authorized development and execution of a financing plan for this project, and funds have been included within the proposed budget for the design and financing plan necessary to move this important project forward.

Conclusion

The Novel Coronavirus/COVID-19, has been responsible for millions of infections globally and hundreds of thousands of deaths. The future remains largely uncertain with a multitude of unknowns that will impact future decisions. Will the reopening of our communities trigger a second wave of infections? Will our economy rebound ahead of forecasts? Will this pandemic define the lives of our citizens a year from now?

We have to adapt to this period of uncertainty while having faith that treatments or a vaccine will contribute to solutions for this unusual time. I am exceedingly proud of the leadership our staff continues to demonstrate during this pandemic. I'd like to extend my gratitude for their dedication to the creation of this budget, particularly with respect to discovering opportunities to reduce and defer expenditures.

Finally, I'd like to express my gratitude to the Board of County Commissioners for their commitment to transparency, efficiency, and fiscal responsibility in every decision that affects the Citizens of Seminole County.

Sincerely,

Nicole G

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Seminole County, Florida for its annual budget for the fiscal year beginning October 1, 2019. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements.

The Seminole County annual budget document is intended to provide information for a variety of purposes for different groups of users. It serves as a policy document, financial plan, and operating guide for County services. This section provides a brief explanation of the information that can be found in each section of the document. Generally, as you go deeper into each section and into the document as a whole, the information provided becomes more detailed.

Organization of the Document

This document is made up of a Budget Message to the Board of County Commissioners, which discusses, on a very high level, issues and aspects concerning the current budget as adopted by the Board, and twelve sections: Introduction, Budget Overview, Countywide Budget, Countywide Budget Detail, General Fund Budgets, Personnel Services, Internal Service Charges, Non-Base Requests, Debt Management, Departments, Appendix, and Glossary. Each section is divided up into multiple reports, which are outlined in the Table of Contents. If the document is being viewed electronically, bookmarks and hyperlinks have been established duplicating information found in the Table of Contents.

Introduction

The Introduction section begins with a few introductory items, including the list of elected and appointed County officials, an organizational chart of the County government, a listing of the budget and fiscal management staff who put this document together, a copy of the previous year's Government Finance Officers Association Distinguished Budget Presentation Award, and these pages. This section continues with an overview of the County's history, the organization of the County's government, and demographic information about the County. This information is primarily oriented towards readers who are not familiar with the County, although it may be of interest to other readers. This is followed with a discussion pertaining to the County's strategic planning, a discussion of the County's fiscal policies, and the County's long-term financial planning. A summary list of short term initiatives and long-term goals and objectives completes this section.

Budget Overview

The Budget Overview section brings focus from the County's long range planning policies and procedures to the procedures used to create the adopted budget reflected in this document. This section includes the budget development calendar and a discussion of the budget process and the assumptions used in developing, monitoring, and amending the budget. This section also includes a high level (by fund) breakdown of the budget and a discussion of fund accounting and the various funds used in the adopted budget. This section concludes with charts and explanations of both total and current sources and uses of funding.

Countywide Budget

The Countywide Budget section includes information on the budget as a whole, across all funds and all departments. The following information is provided:

- a one page summary of the budget
- information about property taxes
 - o a history of the millage rates charged by the County

- o a history of the taxable property values
- o a sample property tax calculation
- o a comparison of property taxes by taxing authority
- information about countywide sources and uses of funding
 - o a detailed listing of all sources of funding
 - o a detailed history of major revenue sources
 - o a diagram representing activity by department across funds
 - o a detailed listing of uses by department and program
 - o a summary of uses by object classification and function
 - o a listing of outside agencies supported by county funds
 - o a summary of grants
 - o a listing of transfers from one fund to another within the county
 - o a summary of reserves

Countywide Budget Detail

The Countywide Budget Detail section includes more detailed information about the countywide budget. First is a detailed revenue listing for each fund within the county budget. This is followed by an expenditure programmatic budget for each fund within the county budget. The last portion of this section is a statement of changes in fund balance (both historical and budgeted) for each budgeted fund.

General Fund Budget

The previous section focused on the budget as a whole, which includes proprietary funds, capital project funds, special revenue funds, and other funds with a limited purpose. This section focuses specifically on the General Fund. The General Fund can be used for any legitimate purpose by direction of the Board of County Commissioners.

The following information is provided about the General Fund:

- a variance summary for the adopted General Fund budget compared to the adopted General Fund budget in the previous year
- information about sources of funding in the General Fund
 - o charts and explanations of both total and current sources of funding
 - o a detailed listing of all sources of funding
- information about uses of funding in the General Fund
 - o charts of both total and current uses of funding
 - o a detailed listing of uses by function and program
- history of fund balances since FY 2015/16
- spending per capita since FY 2017/18

Personnel Services

The Personnel Services section provides information about the staffing levels supported in the current budget. It provides an overview and history of the staffing levels of county staff, a comparison of FTE's by fund, a summary of the changes in budgeted positions, and a summary and details regarding the currently budgeted positions.

Internal Service Charges

In order to better represent the cost of the various programs undertaken by the County, certain internal costs have been allocated from internal service programs to user programs. This includes such costs as telephone service and the costs of technology. The Internal Service Charges section provides information about the various costs that are allocated from internal service programs to user programs.

Non-Base Budgets

In broad terms, governments can either adopt two separate budgets, one an operating budget and the other a capital budget, or it can adopt a unified budget which contains both annual operating appropriations as well as long term capital appropriations. The county has chosen to adopt a unified budget. The primary difference between an operating and a project appropriation is that an operating appropriation expires at the end of the fiscal year. A project appropriation generally continues on from year to year from the time is it initially appropriated until the project is completed.

The Non-Base – Budgets section begins with a summary of non-base budgets by fund minor and type of non-base budget, followed by a discussion of the capital and operating projects included as part of the adopted budget, which only includes new and additional funding for projects.

The Non-Base – Budgets section also includes a discussion of the major projects within the budget, detailed listing of all projects by fund, a Five-Year Capital Improvement Program (CIP) by element (including annual operating impacts), and detailed lists of other non-base budgets by fund and program, and by department and program. Additional information about capital projects can be found in the Five-Year Capital Improvement Program (View Program, which is adopted by the Board of County Commissioners at a later date. One of the policies of the Board of County Commissioners is that the County cannot purchase capital equipment (with a cost of \$5,000 or more) without authorization of the Board of County Commissioners. The Non-Base – Budgets section lists the capital equipment purchases that are authorized by the Board of County Commissioners as part of the adopted budget. Any capital equipment purchases that are not included in this section must be approved by the Board of County Commissioners through separate action at a meeting of the Board of County Commissioners.

Debt Management

The Debt Management section discusses outstanding long term debt of the county and underlying ratings for bonds outstanding, excluding bank loans.

Departments

The Departments section contains information about each Department. This information includes:

- a diagram of the programs contained within the departmental budget
- a departmental message
- departmental goals, objectives, and performance measures
- a summary by fund of the department's historical and budgeted expenditures by program
- following the department summary, program messages and a summary by object of each program's historical and budgeted revenues and expenditures

Appendix

The Appendix contains certified copies of the millage and budget resolutions adopted at the final budget public hearing.

<u>Glossary</u>

There is a great deal of technical language used in the budget process. We have attempted to minimize the use of such language, or to explain the terminology within the text utilizing it. However, not all such language has been excised or explained. Accordingly, the Glossary section includes definitions of technical language which may appear elsewhere in the document.

HISTORY OF SEMINOLE COUNTY

The St. Johns River, which opens Central Florida to northern contact by an inland water route, is more than 200 miles long and dominates the history of Seminole County.

During six years of conflict with the Seminole Indians, the river provided water transport for U. S. military troops to the first white settlement established in 1836 on the southern shores of Lake Monroe. From Fort Mellon southward, a succession of forts were built, becoming the forerunners to present day cities.

As homesteads increased, settlers received supplies by river transport and, in turn, shipped their agricultural products to northern markets by riverboat. From the 1850's onward, steamer traffic flourished along the St. Johns River, carrying freight as well as tourists, and more recently giving way to recreational boating.

The vision of General Henry Sanford who, in 1870 introduced plans for a town near Fort Mellon now called Sanford, stimulated area citrus growing and other agricultural pursuits. By the time of the Big Freeze in 1895, the region had become the world's largest shipper of oranges. After the devastating freeze, farmers experimented with other vegetable crops. For many years, the area was known as the celery center of the world. Fern raising became important and from 1912 to 1940, Altamonte Springs, one of the County's

seven cities, boasted the world's largest fernery.

In the 1880's, rail lines began connecting the more flourishing villages. Early fort sites and settlements grew into cities along the route of the South Florida Railway, encouraging settlement and bringing wealthy northerners south for winter sojourns of boating, fishing and enjoyment of the area's popular artesian springs.

People who wanted "a Florida Boston town" provided support for the development of Altamonte Springs. Longwood, the County's oldest city, also encouraged the tourist trade with a fine resort hotel. Through the years, Seminole County cities and villages engaged in sawmill activity, citrus production, turpentine and starch manufacturing, cattle ranching, and the packing and shipping of citrus and farm produce.

Location and Topography

Bordered on three sides by pristine rivers and a huge lake, the Wekiva to the west, the St. Johns to the east and Lake Monroe to the north, Seminole County is an ideal vacation spot for those seeking beauty, untouched nature and a sense of Old Florida. Seminole County contains 344 square miles of lush tropical foliage, 2,000 fresh-water lakes and rivers, diverse wildlife, quaint towns, and is in close proximity to Orlando.

Seminole County was split from neighboring Orange County by the Florida Legislature on April 25, 1913, and became the 50th county in the State. The County consists of seven incorporated areas and five unincorporated villages within its 344 square miles (includes water bodies). Seminole County's location between Volusia County and Orange County has made it one of the fastest growing in Florida. The scenic

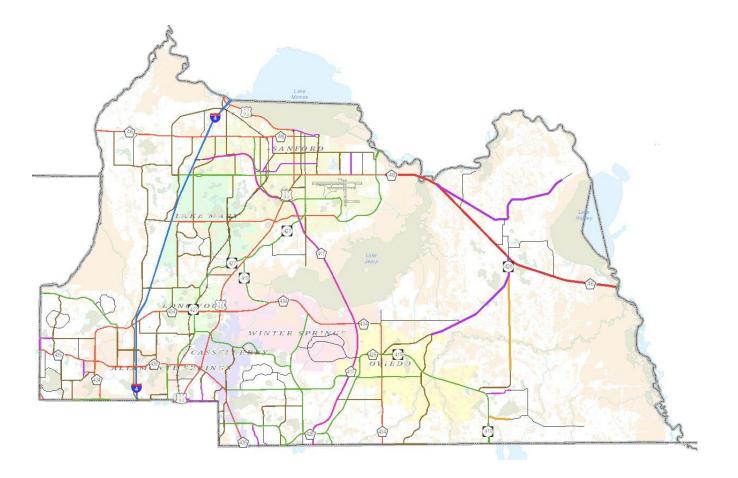

HISTORY OF SEMINOLE COUNTY

Wekiva River, flowing north to the St. Johns River, defines the western boundary of the County. The northern portion of the County forms the Greater Orlando Metropolitan District with its boundary on Lake Monroe. The historic St. Johns River flows north along the County's eastern boundary, through Lake Harney, past Lake Jesup and through Lake Monroe. Surrounding counties are Volusia, Orange, Lake and Brevard. The County seat is the City of Sanford, which is located in the northern part of the County on the shores of Lake Monroe.

Seminole County is located in Central Florida within easy driving distance to downtown Orlando and attractions such as Disney World, Universal Studios, Epcot, Sea World, Daytona Beach and the Kennedy Space Center. It is home to the Central Florida Zoological Park (located in Sanford), a greyhound racing park, and a jai-alai fronton.

Many of Seminole County's natural assets are water-related. In addition to three major lakes, the St. Johns River, Big Econlockhatchee River, and the spring fed Wekiva and Little Wekiva Rivers, Seminole residents enjoy the visual and recreational pleasure of nearly 200 smaller lakes scattered throughout the County.

Seminole County's location provides for a climate that has an average high temperature in July of 92 degrees, an average low temperature in January of 49 degrees.

SEMINOLE COUNTY GOVERNMENT ORGANIZATION

Structure of County Government

The 1868 Florida Constitution established the structure of County government. One hundred years later, the 1968 Revision of the Florida Constitution made virtually no change to that structure. The Constitution provided for a Board of County Commissioners whose primary responsibility was to provide roads and levy the necessary taxes to fund County government.

Although most county governments in Florida today have the same structure described in the 1868 Constitution, the mission of County government has changed dramatically in the ensuing century. Where once the primary responsibility of County government was to provide roads, fire protection services, and fund law enforcement, it must now deal with issues such as comprehensive planning, environmental protection, library operations, natural lands preservation. parks and recreation improvements, impact fees, water and sewer utilities, bond issues, solid waste management, low income assistance and management of information systems.

"Home Rule" County Charter

The Florida Constitution provides for "home rule" county charter government when approved by the voters by referendum. Under the "home rule" charter, the organization and authority of county government is decided by the local citizens rather than being dependent on the Florida Legislature. The voters decide by local referendum what County government organization will be most responsive to their needs. Charter government enables the County to adopt laws without the need for prior authorization by the Legislature in Tallahassee. Seminole County voters approved a charter form of county government effective November 8, 1988.

The charter provides for enhanced citizen participation and control of the governmental process through petition and referendum amendments to the "home rule" constitution, the repeal or initiation of new ordinances, and recall of County officials. A County Manager, appointed by the Board of County Commissioners as the Chief Executive Officer of the County, assures the execution of all ordinances, resolutions, and orders of the Board of County Commissioners, and all laws of the State which are subject to enforcement by the County Manager, or by officers who are subject under the charter to the Manager's direction and supervision. In addition, the County Manager is directly responsible for the administration and operation of all of the departments under the Board, and execution of Board policies. The administrative all departments, under the direction of the County Manager, provide the many services of the County. An administrative code detailing all of County's regulations. policies. the and procedures is also a requirement of the charter.

The County is served by a Board of Commissioners, with five members, each representing one of the County's five districts. Elected by the County at large, each serves a four-year term and the terms are staggered. Other elected County offices are: Clerk of the Circuit Court, Supervisor of Elections, Property Appraiser, Tax Collector, Sheriff, County Court Judges and Circuit Court Judges.

By law, the Board must establish boundaries for the five districts within the County at least every ten years – after the official United States Census has been completed. However, the Board, at its discretion, may redraw the boundaries following state and federal requirements at any time it determines inequities exist. The intent is to make the districts as equal in population as possible.

Annually, the Board elects one of their members as Chairman. The Chairman presides over all meetings, signs all legal documents, and appoints Commissioners to various committees. The Chairman is the official representative of the Board and retains a vote on all items and issues.

A Century of Success

Seminole County turned 100 years old on April 25, centennial benchmark 2013. The was commemorated with a 100-day celebration that highlighted five of the County's points of pride. The centennial event focused on Agriculture, Education, Historic Preservation, Quality of Life, and Transportation here in Seminole County and was designed to celebrate our heritage while embracing our future.

<u>Housing</u>

Seminole County has been able to retain its residential community characteristics despite being one of the fastest growing areas in the State of Florida. Traditional estate homes on oversized lots, contemporary subdivision and patio homes, and multi-family condominium and apartment complexes provide much of the housing in Seminole County (Condominiums – 15,667, Single Family Homes – 115,530, Townhomes – 14,500, Mobile Homes – 1,741, Duplexes – 1,701, and Apartments – 184). Most of the developments are strategically located close to shopping, churches, schools and parks. Numerous lakes and waterways offer a wide variety of additional recreational and aesthetic amenities.

Population and Age Demographics

Seminole County is the 13th most populous county in Florida and makes up approximately 2.2% of the state's total population. The 2020 population for Seminole County is estimated at **476,727**, which is a 12.8% increase over 2010. The population is expected to increase another 12.3% by 2030, highlighting the fact that Seminole County is viewed as an attractive place to live and is still growing. As of 2019, 15.4% of the county's population was 65 years or older compared to 20.1% for the State of Florida and 21.7% of the county's population was under 18 years of age compared to 20.3% of the State of Florida.

The estimated populations for the seven municipalities are: Sanford (61,791), Altamonte Springs (45,304), Oviedo (40,145), Winter Springs (38,760), Casselberry (30,341), Lake Mary (17,633), and Longwood (16,036).

Transportation

In the Spring of 2014, SunRail opened in Central Florida, providing commuter rail service with four stops in Seminole County. This exciting new travel choice helps citizens and visitors save money on fuel while commuting throughout the County.

Interstate 4 provides the main North/South corridor through Seminole County. It connects to Interstate 95 in adjoining Volusia County and is a direct route to the downtown Orlando area, Orange County and Florida's turnpike to the south. Highway 417 (Central Florida GreeneWay) is a beltway around Orlando. The eastern and southern part of this road connects the City of Sanford, the Orlando International Airport and Disney World. Highways 17 and 92 running from north to through the County also provide important south transportation links to other areas of Florida. State Highway 46 provides a major east to west link between the City of Sanford and the east coast of Florida and connects to Highway 441.

Domestic, international, charter passenger service and worldwide air freight services are easily accessible and are

provided by Orlando/Sanford Airport in Sanford, Orlando Executive Airport in Orlando, and the Deland Municipal Airport in Volusia County.

Bus service is provided within the regional metro area by the Central Florida Regional Transportation Authority (LYNX), which regularly connects Sanford and all other developed areas of south Seminole County with the City of Orlando. Greyhound Bus Lines also provides regularly scheduled service between Sanford and other destinations in Florida and the United States. CSX Transportation, Inc. provides rail service for freight delivery and Amtrak maintains a passenger depot and the southern terminus of Auto Train service within the City of Sanford.

Medical Facilities

Medical facilities are provided by AdventHealth Altamonte Springs, which is part of AdventHealth Orlando; the Orlando Health South Seminole Hospital located in Longwood; and the Central Florida Regional Hospital located in Sanford. As a result of the easy commute between the County and the cities of Orlando and Daytona Beach, numerous additional hospital facilities offering high degrees of specialization are also available within the metro area. Additionally, the Seminole County Health Department offers a multitude of medical services to the citizens of Seminole County.

Education

Seminole County Schools are renowned for excellence and is widely recognized as a Premiere National School District. The district has received an A rating for 17 consecutive years and over 80% of all Seminole County public schools earned an A or B rating during this period (The State of Florida did not issue ratings for the 2019-2020 school year.). For the past 42 years, SAT scores in Seminole County have consistently

exceeded state and national averages.

The Seminole County Public School District ranked 1st in the state for Science, Technology, Engineering and Math education (STEM) and is considered to be one of the top districts in the state in Calculus and physics enrollment as well.

Higher education opportunities are available within the county at Seminole State College, a fully accredited state supported co-educational college. In addition to an Associate of Arts Degree, Seminole State College began offering its first baccalaureate degree, a Bachelor of Applied Science in Interior Design, in January 2009. There are currently 7 baccalaureate degree programs being offered.

The University of Central Florida (UCF) is located in Orange County, adjacent to the Seminole County line. UCF offers 99 Baccalaureate and 123 Graduate (Master's and Doctoral) degree programs, as well as numerous Graduate Certificates. In addition, Stetson University in Deland and Rollins College in Winter Park, provide private college education in the area.

94% of the population aged 25 years or older have earned a high school diploma or higher and 40% of the population aged 25 years or older have earned a Bachelor's degree or higher.

Media Services

Seminole County is serviced by one daily newspaper, The Orlando Sentinel, and by the Sanford Herald, Orlando Business Journal and other magazines. The area is served by 21 AM and 39 FM radio stations as well as 19 area television stations including public broadcasting, 24-hour cable news and Spanish language stations.

STRATEGIC PLANNING

Introduction

The development of a long-term fiscal plan provides the County with a comprehensive financial perspective that addresses issues of major concern while focusing on providing a consistent level of services to its citizens within the constraints of available resources and future fiscal sustainability. The County updates its fiscal plan on an annual basis integrating forecasting, organizational planning, budgeting, and citizenry demand for services.

The following flow chart illustrates how long-term planning is linked to other County processes and identifies the tools required to effectively achieve desired results. The foundation for long-range analysis and decision-making is based largely on two key components: citizen input and the impact of our everchanging fiscal environment.

The presentation of financial forecasts, program/service prioritization, and operational plans provide the Board with relevant information in determining service priorities for Seminole County citizens. These priorities are used to create countywide goals, which provide the framework for departmental objectives and identifying appropriate service levels. The end result of this process is demonstrated through the annual budgetary allocation of resources to the government service areas deemed most valuable by the citizens.

The County continually reviews its policies and strategies to maximize the use of available resources and provide management with a mechanism to ensure long-term financial stability and quality service delivery to the community. The goal is the application of consistent fiscal methodology for budget development, fund balance usage, capital improvement planning, service-level preferences, and efficient resource management through fiscal accountability.

STRATEGIC PLANNING

Community Input

Citizen input ensures that resources are applied to the services citizen's desire most. The following methods promote maximum participation:

- ✓ Surveys provide information on how programs and services are viewed by the Community (importance/value/quality).
- Utilization of the internet and local newspapers to facilitate dissemination of county related information.
- Public meetings are scheduled and sections of the Board's regular agenda meeting are reserved for public input from the citizens.

Five-Year Forecasts

The five-year projection of revenues, expenditures, and fund balance for major funds provides a perspective of the county's fiscal health.

- Forecasts are developed based on an analysis of current and proposed economic, legislative, and fiscal impacts to the state and local community.
- Forecasts are updated and presented to the Board semi-annually or as conditions require notification, in response to changes in the fiscal environment.

Program/Service Prioritization and Operational Plans

Evaluating operational resource requirements at the program level achieves greater operational efficiencies.

- Departments are required to demonstrate a maximized use of resources; providing efficiencies while assessing program effectiveness.
- Each department prioritizes the programs and services it provides to the citizens of Seminole County and identifies levels of service.
- Departments present operational plans or long-term challenges to the Board based on future legislative impacts and resource limitations.

Capital Improvements Planning

Assessing public infrastructure needs are a critical component of long-term fiscal planning as most improvements require funding over multiple years. A long-term perspective provides a forum for discussing funding strategies and priorities for construction and maintenance.

- ✓ The Capital Improvements Program provides a five-year planning focus for infrastructure needs as well as funding strategies.
- Analysis is provided annually to identify total funding costs inclusive of ongoing operating costs.

The County's formal Fiscal Policies can be found within the Administrative Code, approved by the County Commissioners. The Administrative Code can be found on the County's internet site at http://www.seminolecountyfl.gov/ca/admin_code/index. The following sections summarize the fiscal policies contained within the Administrative Code.

Budget Execution and Amendment

The Budget Execution and Amendment Policy is contained within the Seminole County Administrative Code, Section 22.5(I). According to the Budget Execution and Amendment policy, expenditures are checked against the budget at the object classification level, within specific business units.

An account object is defined based upon the State of Florida. Department of Financial Services' Uniform Account System¹ as follows: Personal Services, Operating Expenditures /Expenses, Internal Charges, Capital Outlay, Debt Service, Grants and Aids, Other Uses. Accordingly, although the budget is established at the sub-object level (i.e. Contracted Services, Repairs and Maintenance, etc.), it is checked at the object classification level (i.e. Operating Expenditures/Expenses). If the total budget for Operating Expenditures/Expenses is greater than the total expenditures for the total sub-objects contained within Operating Expenditures/Expenses, then the expenditures for a specific sub-object may exceed the budgeted amount.

A business unit is an internally established cost center established to monitor and track costs related to a specific program or service. A business unit is contained within a single Fund, Department, Division, and Program. However, a single Fund, Department, Division, and Program may contain multiple business units. Accordingly, the budget established for the North Branch Library Circulation Business Unit cannot be utilized for expenditures of the North Branch Library Information Business Unit, although both are General Fund supported and within the same department/division/program.

The Budget may be amended or adjusted by either the Board of County Commissioners or the

County Manager. In accordance with Florida Statues. only the Board of Countv Commissioners can amend the budget if the amendment changes the budgeted revenues for a specific fund, changes the amount of budgeted reserves for a specific fund, or changes the total appropriations of a fund. The Board of County Commissioners has delegated the authority to the County Manager to adjust the budget in certain cases as long as the change to the budget does not alter or amend the approved work plan. The Board of County Commissioners has not delegated the authority to change the budget in order to amend the approved list of capital equipment purchases, the addition/deletion of permanent staffing positions, creation of a new project or the elimination of an existing project, or other changes to the budget not specifically identified as delegated to the County Manager.

Budget amendments which are to be approved by the Board of County Commissioners are included as part of the published agenda of a public Board of County Commissioner's meeting². Budget amendments to be approved by the County Manager are executed during the normal course of business. A report of such changes is presented to the Board of County Commissioners on a regular basis at a public Board of County Commissioner's meeting as an informational item.

Fund Balance

Fund balance represents the excess of a fund's current assets over its current liabilities. For accounting purposes, fund balance is calculated as of year-end and is based on the difference between actual revenues and expenditures for the fiscal year. If revenues exceed expenditures, fund balance is positive and carries forward as revenue to the following year. If expenditures exceed revenues, any existing fund balance from a prior year is reduced. A study of changes in fund

balances can indicate financial trends and fiscal health. Extreme quantities of fund balances or large fluctuations may indicate possible policy adjustments by the governing body or changes in budget procedures.

The fund balance policy establishes a target unreserved/undesignated fund balance level for individual operating funds of the County. This policy is intended to assist the County in maintaining an adequate level of fund balance to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures), to ensure stable tax rates, and to respond to emergency situations. Adequate reserve levels are a necessary component of the County's overall financial management strategy; as well as a key factor in external agencies' measurement of the County's financial strength.

Unreserved/undesignated fund balance ranges are established for individual County funds whose operating expenditures are for tax-supported services. The range set for each fund is based on the predictability of revenues, volatility of expenditures, and liquidity

requirements. Established levels should be reviewed on an annual basis to ensure sufficiency.

In calculating the ratio of the unreserved/undesignated fund balance to estimated operating revenues, the fund balance from the latest audited financial statements shall be compared with the budgetary operating expenditures for that fund in effect when the financial statements are released. In essence this will mean the current year budgeted operating revenues will be compared with the prior year's unreserved/undesignated fund balance. The unreserved/undesignated fund balance level for the General Fund, Transportation Trust Fund and Fire Fund shall be maintained in the range of 5% to 10% of operating revenues.

Debt Management

Debt is an obligation resulting from the borrowing of money or from the purchase of goods and services. The Debt Management Policy establishes parameters and guidelines governing the issuance, management, reporting and continuing evaluation of all debt obligations issued by Seminole County. The Policy serves as a tool to guide the County in evaluating the impact of each debt issuance on the County's overall financial position and credit quality; helping to ensure that debt issued is prudent and affordable. The Policy is designed to improve the quality of decisions, provide standards for the structure of debt issuance, identify goals and demonstrate the County's commitment to longterm financial planning, including the County's capital improvement plan.

The County will consider and evaluate debt issuance to pay for capital asset acquisition, construction, replacement or improvement. In general, debt is not considered an acceptable means to fund current operations (including ongoing capital asset maintenance and periodic replacement and renewal); however, in limited cases where there is a reasonable certainty that a known source of revenue will be received to repay the debt or where there is a clear financial emergency that was not anticipated, debt may be deemed appropriate.

The County is guided by three principles in selecting a funding source for capital:

- Equity when appropriate, the beneficiaries will pay for the capital.
- Effectiveness the County will evaluate the use of funding sources to ensure resources are utilized in the most effective manner
- Efficiency the County will select financing techniques that provide for the lowest total cost consistent with acceptable risk factors

The County may issue General Obligation Debt only upon approval of the voters after a general election as required by Florida law. The County may issue debt secured by non-ad valorem revenues if pledged revenues shall be sufficient to maintain required debt service coverage or if financial forecasts indicate that no operating transfers from the general fund are required to repay the debt. The County may issue short term debt when it is determined to be the most beneficial way to provide for immediate needs, or it provides an interest advantage by delaying the issuance of long term debt. The County may

participate in debt pools or low interest rate loans if it is financially beneficial. The County may enter lease-purchase into agreements for the acquisition of capital equipment when it is advantageous to an outright purchase. The County will consider inter-fund borrowings on a case-by-case basis, and only when planned expenditures in the fund originating the loan would not be affected. The County may sponsor conduit debt for activities that have a general public purpose and are consistent with the County's overall service and policy objectives.

Debt shall only be issued if an objective analytical approach indicates that the County has the capacity to repay the debt without significantly limiting future operations.

Debt will be structured to achieve the lowest possible net cost to the County given economic and financial conditions at the time of the sale, the urgency of the project, and the nature and type of security provided. The County will normally structure debt with fixed interest rates and level debt service in order to maintain a stable debt service load. Debt will be structured for the shortest period consistent with a fair allocation of costs to beneficiaries or users. Generally, the debt maturity should not exceed the estimated useful life of the asset acquired using the debt proceeds or thirty years, whichever is shorter.

The County may issue debt obligations structured to fund interest and/or principal payments during the construction period of the related project if circumstances indicate this is the most advantageous method of funding.

Letters of credit, bond insurance, or other vehicles which improve the credit quality of the underlying debt may be used when the net debt service is reduced by more than the costs of the enhancement.

The County will sell its debt utilizing the method of sale that is likely to achieve the lowest cost of borrowing. The County will consider refunding outstanding debt when the net present value savings of the new debt issuance when compared to the existing debt is at least 3%.

Investments

This investment policy applies to all financial assets held by or for the benefit of the Board of County Commissioners (the "Board") of Seminole County (the "County") by the Seminole County Clerk of the Circuit Court (Clerk) acting in the capacity as Clerk of the Circuit Court and Comptroller and the custodian of County funds. This policy does not include the financial assets held individually or under the control of any of the Constitutional Officers of Seminole County until such time that control of such funds pass to the County.

Investments of the County are subject to Chapter 218, Part IV, Florida Statutes. This policy is established pursuant to and shall conform to the provisions of Section 218.415, Florida Statutes. The proceeds of certain bond issues may be further limited or expanded by their respective bond resolutions or covenants and shall not be considered to be in conflict with this investment policy.

The County shall strive to achieve with each investment opportunity, the objectives, in order of priority:

- Safety The primary objective of the County's investment activities is the protection and preservation of the investment capital.
- (2) Liquidity The County's investment strategy will provide sufficient liquidity to meet cash flow requirements by utilizing marketable securities with structured maturities and retaining sufficient balances in bank deposit accounts, investment pools or money market funds allowing for daily withdrawal of funds.
- (3) Investment Income The County will strive to maximize the return on the portfolio, while first endeavoring to minimize risk to public funds.

In addition to the quarterly report submitted by the County Investment Advisor as required herein, the Clerk shall provide a monthly report to the Board, appropriate County management staff, and any other interested parties. The report shall include, but not be limited to, the following:

Name of the Security Original Cost of the Security Current Market Value Date of Purchase Date of Maturity Coupon Rate Credit Rating Yield to Maturity

Accrued Interest Portfolio Diversification Ratios

Mortgage pass-through investments will be categorized by stated maturity, estimated maturity, or average life.

The Board shall be notified immediately upon any deviation from the currently approved investment policies.

The Board finds that the development of a sound financial strategy requires specialized knowledge Multiple circumstances must be and skills. considered when investing public funds, not the least of which include the state of the economy, investment laws, and potential market outcomes. Ensuring that decisions related to the investment of public funds are supported by the advice of professionals with the appropriate level of investment expertise and training is in the best interest of the public. As such, the Board shall utilize an external state and/or federally licensed investment advisor (hereinafter "County Investment Advisor") provide to recommendations and guidance regarding administration and management of this policy and underlying portfolio. All securities recommended for purchase by the County Investment Advisor must be in compliance with the constraints identified by this policy with respect to specific instruments, maturity, composition, credit, and diversification. It shall be the policy of the Board to rely upon the advice of the County Investment Advisor, as the qualified investment expert, when making investment decisions. The Clerk, as custodian of the County funds, shall implement the Board's investment decisions as soon as practicable.

The County Investment Advisor and the Clerk will meet quarterly. The County Investment Advisor

shall provide the County with guarterly reports on performance and compliance with the policy. The quarterly report shall contain the portfolio's weighted average yield compared to established benchmarks each quarter, with both a data table and corresponding graph presented to the Board. The benchmarks that shall be used are the average yield on the 6-month and 12-month Constant Maturity Treasury (CMT) indices during the prior quarter's reporting period. The benchmark is intended to serve as an indication of general market yield and to establish a clear frame of reference and understanding for the County's investment performance. It is not intended as a hurdle that the County must meet, as this practice may encourage undue risk during periods of rapidly rising interest rates.

The County Investment Advisor shall be selected in conjunction with the procurement of the County Financial Advisor services unless otherwise directed by the Board. In these services, the Board will consider past investment performance; fees; assets; under management; experience of the firm and the individuals managing portfolios of similar size and complexity, and investment restrictions. The County Investment Advisor will be evaluated annually by the County. The determination of retention will be based upon the investment performance, compliance with this policy, and State and Federal law.

The standard of prudence to be used by County shall be the "prudent person rule" which shall be applied in the context of managing the overall portfolio. Persons performing the investment functions acting in accordance with written policies and procedures, and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

The "prudent person rule" is herein understood to mean the following: Investment shall be made with judgment and care under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment considering the

probable safety of their capital as well as the probable income to be derived.

An Investment Advisor retained by the County shall be held to the "Prudent Expert" standard which states that a fiduciary shall manage a portfolio with the care, skill, prudence, and diligence, under the circumstances then prevailing, that a prudent man acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

The Clerk, when implementing the Board's investment decisions, shall purchase or sell investment securities at prevailing market rates except for investments such as Guaranteed Investment Contracts (GICs) or Flex Repurchase Agreements (Repos) involving bond proceeds for which the Board's authorization and approval shall be separately provided in the bond sale and authorization documents. Authorized Investments shall consist of the following:

- (1) The Local Government Surplus Funds Trust Fund, "Florida Prime", the State investment pool administrated by the State Board of Administration (SBA) or anv intergovernmental investment loog authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Section 163.01 of the Florida Statutes. and established in Section 218.405.
- (2) Money Market Funds Securities and Exchange Commission (SEC) registered, AAA-rated money market funds offered by prospectus with permitted investments limited to government securities and repurchase agreements backed by government securities.
- (3) U. S. Treasuries for which the direct obligations of, or the obligations the principal and interest, are unconditionally guaranteed by the United States Government. Such securities will include, but not be limited to, Treasury Bills, Treasury Notes, Treasury Bonds, and Treasury Strip Coupons (Zeros).
- (4) Federal Agencies bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by the United States

Government. Such agencies include but are not limited to, Private Export Funding Corporation (PEFCO), Small Business Administration (SBA), Housing and Urban Development (HUD), Federal Housing Administration, Federal Financing Bank, Governmental National Mortgage Association ("Ginnie Mae"), Tennessee Valley Authority (TVA), and the Department of Veteran Affairs (VA).

- (5) Federal Instrumentalities bonds. debentures. and other evidence of indebtedness issued or guaranteed by the issuing entity itself. Issuers shall include, but are not limited to, the Federal Farm Credit Bank (FFCB), the Federal Home Loan Bank (FHLB), the Federal National Mortgage Association (Fannie Mae), and the Federal Home Loan Mortgage Cooperation ("Freddie Mac").
- (6) Time deposits, savings accounts, and nonnegotiable Certificates of Deposit issued by qualified banks or savings banks under the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes, and doing business and situated in the State.
- (7) Guaranteed Investment Contracts (GICs) and Repurchase Agreements (Repos) - Any investment in a GIC or Repo shall be done with Primary Dealers, as designated by the Federal Reserve Bank of New York, with a credit rating of A or better from S&P or Moody's, or other financial institutions rated "AA" by S&P or "Aa" by Moody's. Repurchase agreements shall include both overnight and term repurchase agreements to be priced as well as flexible repurchase daily, agreements ("flex repos") which are authorized solely for the investment of bond proceeds. The maturities of the Guaranteed Investment Contracts and Flex Repos shall correspond to the County's cash flow forecasts on the specific bond issue. Required collateral shall be maintained at a minimum of 102% of the outstanding balance of the contract or agreement along with accrued interest and shall be limited to securities authorized within this policy. Collateral shall be held with a third-party

safekeeping agent and registered in the name of the County.

All GIC and Flex Repo Investments must be competitively bid and fully documented to the extent required by Federal regulations. The investment of bond proceeds into a GIC or Flex Repo must be approved by the Board prior to initiating the bid process.

- (8) Mortgage-backed securities (MBS) issued by Fannie Mae, Freddie Mac and Ginnie Mae: limited to pass-through pools and balloons. Private label pools, whole loans and Collateralized Mortgage Obligations (CMOs) are not permitted.
- (9) Commercial Paper with a stated maturity of two hundred seventy (270) days or fewer from the date of its issuance, rated not less than A-1 or P-1 or an equivalent rating by at least two (2) nationally recognized credit rating agencies; or one (1) nationally recognized credit rating agency and fully secured by an irrevocable letter of credit issued by a bank organized and existing under the laws of the United States.
- (10) Bonds, or other evidence of indebtedness of U.S. counties, incorporated cities, towns, or duly organized school districts which carry a minimum "AA-" rating by Standard and Poor's, "Aa3" by Moody's Investor Service, or the equivalent rating by a nationally recognized rating agency at the time of purchase.
- (11) Corporate bonds, debentures, and notes that are denominated in United States dollars. The debt must be rated at least "AA-" by Standard and Poor's, or "Aa3" by Moody's Investor Service, or the equivalent rating by a nationally recognized rating agency.

Any non-permitted investment currently held in the County's portfolio at the adoption of this policy may continue to be held to maturity or timely, subsequent sale.

Derivatives, as well as any Investment not specifically listed in this Section, are not eligible for purchase by the County. The investment portfolio shall be structured in such a manner to match investment maturities with cash needs as they come due. Liquidity and maturity consideration are as follows:

(1) Current operating funds will be matched with anticipated cash flow needs and will be kept in relatively short-term investments. These short-term investments will include the depository bank, money market funds, the State Board of Administration (SBA) Florida Prime pool, repurchase agreements, federal agencies and instrumentalities and U. S. Treasuries with maturities of one (1) year or less.

Bond proceeds and other restricted capital funds will be invested to match the projected cash flow needs in accordance with bond covenants, construction contracts and other capital plans. Maximum maturities may be exceeded when deemed beneficial and authorized by the Board.

The County's total portfolio may contain investments with stated maturities not exceed five (5) years, with the exception of mortgagebacked securities, while the weightedaverage maturity of the overall portfolio shall be limited to three (3) years.

Revenue flows and anticipated cash inflows will be analyzed and considered in the investment decision. To optimize funds as well as insure sufficient liquidity the County will provide the Clerk and County Investment advisor with cash flow forecasts reflecting the amount needed to remain liquid to meet disbursement obligations. The cash flow forecasts will reflect an estimate of cash receipts and disbursements by quarter for a rolling two-year period, as well as identify core funds or those funds available for longerterm investing.

(2) Maximum Maturity on Securities.

| <u>Security</u> | Maturity Limit |
|------------------------|----------------|
| State Board of Adminis | tration N/A |
| Money Market Funds | N/A |
| U.S. Treasuries | 5 years |
| Commercial Paper | 270 days |

| Municipal Obligations | 5 years |
|------------------------------|----------|
| Corporate Obligations | 3 years |
| Federal Agencies and Federal | 5 years |
| Instrumentalities | |
| Certificates of Deposit | 1 year |
| Term Repurchase Agreements | 30 days |
| Flex Repos and GICs | N/A |
| Mortgage Backed Securities | 30 years |

(3) Portfolio Activity and Maturity Management. The investment philosophy of the County is to "buy and hold" but the maturity composition of the portfolio and the general economic conditions will be evaluated to determine if a replacement investment would be advantageous. Accounting losses may be incurred in this situation if an economic gain is achieved. The portfolio maturity may be shortened or extended dependent on interest rate projections or the portfolio quality may be improved by reducing the maturity or risk of a security.

Prudent investing necessitates that the portfolio be diversified as to instruments and dealers. The following maximum limits are guidelines established for diversification by investment type.

| Security Type | Portfolio Limitations |
|--------------------------|-----------------------|
| State Board of Administr | ration 30 percent |
| Total Investment Pools | 40 percent |
| Money Market Funds | 100 percent |
| U.S. Treasuries | 100 percent |
| U.S. Treasury Strip Cou | pons (Zeros) |

| Federal Agencies and F | ederal 80 percent |
| Instrumentalities | |
| Certificates of Deposit | 20 percent |
| Term Repurchase Agree | ements 10 percent |
| Mortgage Backed Secur | ities 30 percent |
| Commercial Paper | 20 percent |
| Municipal Bonds | 20 percent |
| Corporate Bonds | 10 percent |
| - | • |

NOTE: Allocation to any single issuer of Commercial Paper, Corporate or Municipal bonds shall be limited to 5 percent (5%) of the total portfolio at the time of purchase.

Leveraged investments or agreements are prohibited.

Bond proceeds shall be invested in accordance with the covenants in the governing resolution, indenture and related issuance documents. All GICs and Flex Repos comprised of bond proceeds shall be excluded from the portfolio composition limits in subsection (1), above, when calculating percentages to test portfolio issues.

Assets held shall be diversified to control the risk of loss resulting from the over concentration of assets in a specific maturity, issuer, instrument, dealer, or bank. Diversification strategies within established guidelines shall be reviewed and revised periodically by the County Investment Advisor, who shall make recommendations to the Board based on the finding of such reviews.

The County Investment Advisor and Clerk, as custodian of the County funds, and any investment officers designated by the Clerk to perform the investment functions in accordance with these written policies and procedures, are required to annually complete eight (8) hours of continuing education in subject courses of study related to investment practices and products.

It is the policy of the County to purchase securities only from those broker/dealers or financial institutions included on the C's approved list.

Financial institutions will be included on the approved list if they have been designated a Qualified Public Depository as determined by the State of Florida and State Statutes. A listing of the Qualified Public Depositories is available on a quarterly basis from the *Florida Administrative Weekly*.

In addition, the list may include primary government security dealers and regional brokers and dealers that qualify under the Securities & Exchange Commission Rule 15C3-1 (Uniform net capital rule) and are registered to do business in the state of Florida.

All approved broker/dealers or the County's Investment Advisor will acknowledge in writing that they have received a copy, read, and concur with the County's investment policy prior to engaging in any investment activity involving County funds.

The County Investment Advisor shall present the approved list to the Board on an annual basis for information and disclosure purposes.

The Clerk will execute a third-party custodial and safekeeping agreement with the County's depository bank. All securities purchased and/or collateral obtained shall be properly designated as an asset of the County and held in safekeeping. No withdrawal of such securities, in whole or part, shall be made from safekeeping except as authorized by the Clerk. The third-party custodial safekeeping agreement shall include letters of authority from the Clerk; details as to responsibilities of each party with respect to notification of security purchases, sales delivery, repurchase agreements, wire transfers. safekeeping and transaction costs: and procedures in case of wire failure or other unforeseen mishaps, including the liability of each party.

The Clerk and the County Investment Advisor shall require all approved institutions and dealers transacting repurchase agreements to execute and perform as stated in the Master Repurchase Agreement.

The Clerk and the County Investment Advisor shall jointly determine the approximate maturity date(s) based on cash flow needs, market conditions and portfolio analysis and select one or more optimal types of investments for approval by the Board. A minimum of three (3) qualified banks and/or dealers will be contacted and asked to provide bids to the Clerk.

- (1) Bids will be held in confidence until the best bid is determined and awarded.
- (2) Documentation will be retained for all bids, with winning bid clearly identified.
- (3) If the maturing investment is a certificate of deposit, and the depository institution has performed to the satisfaction of the County, that depository institution shall be asked to submit a competitive bid, and that bid shall be equal to or greater than competing bids in order to retain funds.

- (4) If the highest bid is not selected, the reasons for that decision will be clearly documented on the bid forms.
- (5) In the event that a broker/dealer or financial institution initiates and proposes a security swap that provides a financial advantage to the County, the Clerk may bypass obtaining bids from competing dealers provided that the Clerk can verify fair market value was obtained.
- (6) In certain circumstances, when the County Investment Advisor believes an investment security with exceptional value in the market will not be available for the time it would take to receive additional bids, it may be purchased without obtaining the required three bids, *provided that fair market value can be established*. Fair market value may be established by showing a similar security that is being offered in the market at the same time.

The Clerk shall exercise and monitor a set of internal controls to be conducted through the County Finance Director. Said controls are designed to protect the County's fund and ensure the proper accounting and reporting of investment transactions. Written procedures shall be maintained. Such controls shall consist for the following:

- (1) All securities purchased or sold will be transferred only under the "delivery versus payment" (DVP) method to ensure that the funds or securities are not released until all criteria related to the specific transaction have been met.
- (2) The Clerk is authorized to accept on behalf of the County, trust receipts or confirmations as evidence of the actual delivery of the obligation or security in return for the payment of the investment.
- (3) Trust receipts or confirmations shall fully describe the various securities held. The receipt or confirmation shall state that the investment is held in the County's name.

- (4) Telephone or wire transfer transaction will be confirmed by subsequent written documentation.
- (5) There will be adequate separation of duties with a clear delegation of authority among investment personnel.
- (6) Custodial safekeeping will be properly utilized.
- (7) Operational reviews, performance evaluations and interim and annual reporting shall be completed by the Clerk.
- (8) The Clerk will not take physical possession of any security or investment.
- (9) There shall be specific limitations regarding securities losses and remedial action shall be taken as soon as possible.
- (10) A wire transfer agreement with the custodial bank outlining the various controls and security provisions for making and receiving wire transfers will be established.
- (11) Collusion is Prohibited.
- (12) Written dealer confirmation and monthly and/or quarterly custodial account statements will be maintained.
- (13) All daily investment activity will be coordinated and reviewed by the Assistant Finance Director and the Finance Director. Investment activity must be approved by the Clerk, Chief Deputy Clerk or Finance Director.
- (14) The following positions are designated as having the authority to initiate all investment activities directed by the Board, and shall be considered investment officers for the purposes of this policy:
 - (a) Clerk of the Circuit Court
 - (b) Finance Director
 - (c) Assistant Finance Director
 - (d) Revenue Supervisor
 - (e) All other designees at the discretion of the $\ensuremath{\mathsf{Clerk}}$

- (15) Periodic training and educational opportunities in investment and related subjects will be provided and made available to appropriate investment personnel.
- (16) Additional internal controls may be established by the Clerk.

Changes to Financial Policies

The Resource Management Department continuously reviews existing Financial Policies. It is anticipated that revisions to the existing policies will be proposed and brought forward to the Board of County Commissioners during a regularly scheduled meeting for discussion and If any changes to the policies are action. approved by the Board of County Commissioners, the updated policies will be included in the County's Administrative Code (Section 22.5) which can be viewed online.

LONG TERM FINANCIAL PLANNING

In order to continue to meet the needs of the citizens of Seminole County, the Board of County Commissioners has implemented a variety of financial strategies to better position itself fiscally for managing future economic trends and revenue growth fluctuations. Long-term financial planning is used to promote fiscal sustainability by focusing on strategies that emphasize the structural balancing of revenues and expenditures with minimal reliance on reserves.

This process has enabled Seminole County to maintain a sound financial position despite the challenges of our economy and the cost of unfunded mandates forced on local governments. Currently, major countywide revenues and strategic spending has eliminated the budget deficits created by the economic

recession and has enabled the rebuilding of our reserves for future fiscal challenges that may impact quality of life services provided to our community.

Five Year Forecast

One financial strategy is the utilization of a Five-Year Forecast when evaluating proposed financial changes for the County. The County has created a base-line Five Year Forecast which demonstrates the financial results of current revenues and expenditures over time, assuming no significant changes are made. This forecast includes conservative estimates of the expected changes in revenues and expenditures over the next five years.

When a change is proposed that would affect the County's financial status, the Five-Year Forecast is updated with the proposed changes. The resulting forecast is compared to the baseline forecast to determine if the proposals create a more or less sustainable outlook for the County.

If the Five-Year Forecast indicates a deteriorating financial position for the County, various results can be formulated through reducing expenditures, utilizing reserves, augmenting revenue sources, or a combination of these strategies. On the other hand, if the Five-Year Forecast indicates an improving financial position; increasing reserves, added expenditures, or reducing revenue sources can be examined. It is anticipated that, through the utilization of various financial strategies, the County's revenues and expenditures should remain relatively balanced.

Changes in Revenues

The outlook for some of our major countywide revenue sources was impacted by the economic shutdown. Sales Taxes, Gas Taxes, Park Fees, and Tourism Taxes saw the largest reductions. While the FY 2020/21 budget estimates were lowered as a reaction to the shutdown, there is optimism looking forward. We will remain conservative due to the potential of future shutdowns, but we are including 1-2% growth assumptions for most of our major revenues. Based on projections from the Property Appraiser, Ad Valorem revenues are forecasted to grow by 3% per year.

The Seminole County Fire District Fund had been operating at a structural deficit for 10 years and was facing a \$5.8M deficit for FY 2017/18, which would have brought Fire Fund reserves under \$10M by the end of FY 2018/19. In response to the deficit, the Board of County Commissioners approved a 0.4350 increase to the Fire District MSTU millage rate, bringing the Fire millage to 2.7649. This generated an additional \$9.2M (excluding property value growth) to the FY 2017/18 revenues and has stabilized the Fund in FY 2018/19 and beyond. These additional revenues are necessary to fund the construction, staffing, and equipment for new fire stations, which will maintain public safety service levels in our growing communities.

County charges for services are reviewed annually by Departments during the annual budget process and recommended changes in fees are considered at that time.

Revenues are broadly divided into several categories, including taxes, fees, and grants. There are various options available to adjust revenues in each of these categories, below are a few examples.

<u>Taxes</u>

Florida laws regulate the manner and amount that local governments can raise annual millage rates. The BCC is authorized by law to levy a property tax rate up to 10 mills Countywide and 10 mills in the unincorporated area however annual increases are limited by maximum millage rates based on the annual change in Florida personnel income and prior year tax levies. The Seminole County BCC historically refrains from increasing millage rates and because the County adopted property tax rates below the rolledback rates for several years during the recession as real estate values declined, property tax laws restricting annual rate increases have not limited the County's ability to raise needed revenues. Growth in ad valorem revenue is generally attributed to new construction and increases in existing taxable property values.

For FY 2020/21 Countywide property values grew by 6.65%. General County Millage (4.8751) and Unincorporated Road MSTU (0.1107 mills), and Fire MSTU millage (2.7649) remained unchanged for a total BCC Millage of 7.7507. This resulted in increases of \$11.4M to the General Fund, \$126K to the Transportation Trust (Roads) Fund, and \$4.5M to the Fire Funds. The Board is additionally authorized to levy up to 5.1249 mills Countywide for a maximum rate of 10 mills.

On May 20, 2014, Seminole County voters approved a ten-year penny sales tax to fund capital improvements for transportation, public education facilities and other infrastructure uses authorized by law. Collection of the infrastructure sales tax began on January 1, 2015 and is shared between the County, School Board and municipalities. This is the third penny sales tax passed by Seminole County voters since 1991.

Fees

The BCC has the statutory authority to impose fees on a variety of governmental services. Fees for parks and recreation, water and sewer, solid waste, building permits, etc., are reasonably based on the cost of service for the benefit received. The Budget for FY 2020/21 included a 3% increase in solid waste rates.

<u>Grants</u>

Other governmental entities, such as the State of Florida and the Federal Government, offer grants to local governments in order to either offset costs of the local government or to provide additional services to the citizens of the local jurisdiction. Grant opportunities are evaluated to determine if the overall cost of the program to Seminole County (including administrative costs) will be lower than the benefits received by the net benefits to the citizens. Seminole County will actively seek out these grant opportunities whose costs are lower than the benefits. However, if it is determined that the overall cost will be higher than anticipated benefits, then the County will not actively seek those grant opportunities.

Grants are generally not awarded on schedule with the County's fiscal year. As such, most grants are generally not included in the Adopted Budget. Instead, grant opportunities are brought to the BOCC during regularly scheduled public meetings for approval throughout the year.

Changes in Expenditures

The most successful financial strategies can often be found by examining expenditures. Expenditures can be adjusted by either changing the level of services provided (effectiveness) or by adjusting the productivity of the County (efficiency).

The level of services provided can also be affected by the economic climate and the varying demands of the citizens of Seminole County. It is the responsibility of the BOCC to establish appropriate service levels and expenditure priorities. County Staff continuously seeks methods of increasing productivity in order to provide services in the most efficient manner possible.

Personnel Services

The County has acquired a portfolio of various technology solutions over the past few years. As those technologies are adopted by County staff, it is anticipated that increased efficiencies may result in future workforce reductions if the costs of maintaining these technological solutions is less than current personnel costs.

LONG TERM FINANCIAL PLANNING

The costs of health care benefits provided by the County to its employees are climbing (as they are for most employers). While the total effect of the Patient Protection and Affordable Care Act is difficult to measure at this time, the County continues to look for ways to reduce the costs of Employee Health Care Benefits. In conjunction with its Health Care Provider, the County is continuing to encourage participation in its Wellness Program for its employees with the goal of reducing health related costs. It is anticipated that the savings generated from a healthier workforce will offset the cost of the program.

Renewal and Replacement Funds

The Countv established renewal and replacement funding for Facilities. Fleet, and for Technology Information (IT) Equipment. Previously, the funding requirements for maintaining the County's Fleet and IT Equipment and County Owned Buildings would vary significantly from year to year. Funding was only provided on an as needed and emergency basis. This made it difficult to plan for the long-term maintenance of County assets.

By creating a mechanism for the steady funding of these programs, the County is better able to forecast its long-term needs. These funds will also be utilized in a way that allows the County to proactively maintain County Facilities, which will lower the overall costs of sustaining these assets.

Funding for the Facilities, Fleet, and Technology Replacement Programs is primarily provided through the General Fund, Transportation Trust, Water & Sewer, and Solid Waste Fund. Program costs are projected over a 5-year period. This advanced funding provides a consistent and sustainable level of reserves for the on-going costs to maintain County assets

Utilization and Maintenance of Debt

The County continues to maintain a very high debt rating, as determined by independent rating agencies. Based on our most recent bond issue, Standard and Poor's rating is "AA+" for Seminole County and views the outlook of this rating as stable; and Moody's rating is Aa2. This has allowed the County to reduce the costs of existing debt and to fund certain capital acquisitions through inexpensive debt financing. As interest rates have fallen in the economic environment, the County has been able to refinance existing debt at lower interest rates, which provides immediate savings to the tax payers. It is considered an axiom of governmental finance that the use of debt be limited to the acquisition, development, and refurbishment of assets which provide benefits to future periods, and that the term of the debt shall not exceed the useful life of the newly acquired asset or improvements.

Consolidation of Services

The County has engaged in discussions with the seven cities located within the County to identify possible cost reductions/ productivity increases through the consolidation of services. Seminole County operates a single 911 call center, shared with all of the cities in the County. This has allowed for the removal of duplicated services. Three of the seven cities have consolidated their Fire Departments with the County, also resulting in an overall cost savings. County staff is continuing to seek additional consolidation opportunities in order to provide more efficient services to all citizens.

Changes in the Levels of Reserves

The County built up its Reserves during the time of revenue growth prior to the beginning of the economic downturn. The FY 2020/21 General Fund budget is balanced utilizing \$4.0M from reserves. Significant base budget reductions were made, and projects were deferred to bring the deficit down to this level. Based on current trends, there is a possibility that revenues will come in better than the budget, which will reduce this budgeted use of reserves.

General Fund reserves budgeted for FY 2020/21 are 19% of current revenues, a level that provides over two months of operating support for economic stabilization and emergency /disaster related events as well as assist the county in maintaining a AA+ credit rating.

By utilizing these financial strategies, as well as others as they are determined, the County will position itself for long term fiscal sustainability and resiliency.

SHORT TERM INITIATIVES FOR FY 2020/21

- Provide consistent level of services to citizens within the constraints of available resources and future fiscal sustainability.
- Administer the CARES Relief program and assist local Emergency Management, Public Safety, and Community Service Programs in the response to the Covid-19 pandemic.
- Regain structural balance in the General Fund to minimize use of reserves only for one-time capital needs. Avoid relying on reserves to balance base operations.
- Prepare the County for future changes to the economic environment as a result of the Covid-19 Pandemic.
- Ensure that essential County Services can be maintained in event of potential revenue losses, including Property Taxes, Sales Taxes, and Gas Taxes.
- Increase Water and Wastewater rates 3% in order to adequately fund operating and \$16.2 in new capital infrastructure and equipment costs for FY 2020/21.
- Continue to improve analysis and reporting capabilities of the County's budget software program to integrate with the current financial system for efficiency savings and future process improvements.
- Continue \$50K Tuition Reimbursement program for Educational Incentives to encourage professional development, which will lead to better service to our citizens.
- > Control Countywide overtime through the use of proper scheduling and Comp Time.
- Continue Economic Development initiatives in the amount of \$1.6M for FY 2020/21 to promote business growth in Seminole County.
- Maximize utilization of County Park Facilities, such as the Sports Complex, Soldiers Creek Park, and Sanlando Park. Countywide Leisure Service facilities are expected to generate over \$2M in Revenue within Seminole County.
- Continue construction projects associated with the voter-approved One Cent Local Government Infrastructure Sales Tax program. \$67.8 of new projects budgeted in FY 2020/21.
- Reduce the County's homeless population by providing \$466K in general funds for services managed by our Community Services Department.
- Continue to construct, staff, and equip new Fire Stations to meet the County's growing need for services.
- Continue to review and develop plans to create operational efficiencies for County court facilities, public facing locations, and other workspaces.

LONG TERM GOALS & OBJECTIVES FOR FY 2020/21

- Seminole County's voter approved One Cent Infrastructure Sales Tax, will provide Seminole County with estimated revenues of \$351 million over a ten-year period to address transportation needs.
- > Maintain adequate General Fund balances, while funding base operations and capital replacement.
- > Maintain the current level of services provided to our citizens.
- Development of a more holistic approach to structural balancing with the BCC and Constitutional Officers.
- In conjunction with its Health Care Provider, the County has implemented a Wellness Program for its employees with the goal of reducing health related costs. It is anticipated that the savings generated from a healthier workforce will offset the cost of the program.
- Continue discussions with the seven cities located within the County for possible cost reductions/productivity increases through a consolidation of services. Three of the cities have consolidated their Fire Departments with the County.
- Develop / Integrate County software systems that allow management to better measure and evaluate new SMART goals and objectives.
- Bring all County Fleet into good repair through a 5-year level funding plan that will result in no vehicles being past end of life recommendations (12 years light duty, 15 years heavy duty).
- > Review and update impact fees to an appropriate level to fund new growth needs.

Note: DR 420 - Preliminary Certification of Taxable Values

DR 422 - Final Certification of Taxable Values (prior to extending tax roll)

Overview

The County began the budget development process by continuing to focus on long-term fiscal sustainability by integrating strategic planning and budgeting. This process combines financial forecasting and fiscal strategizing to identify challenges/opportunities, causes of fiscal imbalances, and to develop a Long-term Financial Plan that ensures future fiscal resiliency and sustainability. Departmental goals were formulated throughout the budget development process, while documentation of the departmental goals, objectives, and performance measures occurred near its conclusion.

Budget formulation, adoption, and execution in Seminole County involve year-round interaction and the cooperation of all County departments. The process is designed to identify service needs, develop strategies for meeting those needs, provide available resources, and allocate appropriations to execute the plan.

In order to achieve a more cost-effective service delivery, budgets were developed based on current program service levels, an examination of the previous year expenditures, and an assessment of operation options. This year's budget process included reductions in revenue and operational budgets due to the ongoing Covid-19 Pandemic.

This approach requires a tight linkage with the budget process, which is used to gather and evaluate new service requests. The objective was to continue this process and examine all countywide programs in order to redirect efforts and funds from lower priority to higher priority programs, improve efficiency, effectiveness, and reduce spending. This process allowed the County to continue to assist in developing a clear and concise long-term financial perspective that identified the County's current/projected programs/service levels and financial condition.

The County's fiscal year is October 1st through September 30th each year. The annual budget process for Seminole County is approximately nine months starting in December and proceeding through the end of September. The County prepares an annual budget with a five-year forecast focus.

Budgetary Basis / Assumptions

The guiding principles of the budget development process are as follows:

- ✓ No new taxes or increases to tax rates.
- ✓ Continued rightsizing of workforce, primarily through natural attrition.
- ✓ Continue reduction of operating costs where possible.
- ✓ Utilization of reserves in a responsible manner.

The revenue budget was prepared based on trend analysis, legislative actions and available economic data. This year, revenue forecasts were significantly impacted due to the ongoing Covid-19 pandemic. Major revenues were identified and appropriate adjustments were made for collections in FY21. Seminole County decreased the Countywide based millage in FY

2010/11 from 4.900 to 4.8751 and has adopted the same level through FY 2019/20. Although Florida Statutes 200.185 and 200.065. limits the annual increase in property taxes levied by local governments by a "maximum millage" rate, the Seminole County BCC has not been impacted by this law since the implementation of Property Tax Reform in FY 2007/08. The maximum millage rate is based on prior year property taxes levied, changes in taxable values and the annual growth in Florida personnel income. Because taxable property values declined and ad valorem taxes levied by the BCC from FY 2007/08 through FY 2012/13 were below the aggregate rolled-back rates, the maximum millage rate imposed by Florida law has exceeded Seminole County's adopted millage rates each year.

The expenditure budget was based on a historical review of actual expenditures and an analysis of programs/service needs to ensure that funds are budgeted appropriately for the upcoming year.

Due to the Covid-19 pandemic, operating expenses were evaluated and operational and capital reductions were made. In addition, the budget meets federal and state requirements, as well as reflecting Seminole County's policies and practices.

We ensure Transparency in the Budget Process by:

- ✓ Requiring a public process prior to reduction or elimination of any governmental or direct service to the public.
- ✓ Providing written documentation including analysis and financial information to the Board of County Commissioners prior to the public process described above.
- ✓ Making written documentation available to the public on the County website in advance of the public process that provides readily understood language, explanatory comments and information about the County budget.

Funding Requirements for Programs/Services:

- ✓ Departments were responsible for performing a detailed analysis of spending activity to support programs/services. Historical spending is not assumed as automatic justification for program re-appropriation.
- ✓ Departments were required to submit formal detailed requests for one-time initiatives or increases to their base operating budget.
- ✓ Departments presented their initial operating budget requests and program prioritizations for review by the County Manager

The FY 2020/21 revenue and expenditure budget assumptions are as follows:

Revenues:

- ✓ The Countywide General Fund millage is unchanged from the prior year property tax rate of 4.8751 mills. Countywide property values increased by 6.65%.
- ✓ The County Municipal Fire/Rescue MSTU millage remains unchanged at 2.7649 mills.

Fire MSTU property values increased by 6.40%.

- ✓ Unincorporated Road MSTU millage rates remain unchanged at 0.1107 mills. Roads MSTU property values increased by 6.38%.
- ✓ Ad valorem revenue estimates are budgeted at 96% of the total property taxes levied by the Board of County Commissioners.
- ✓ Half-cent sales tax, County revenue sharing, gas taxes and other locally levied taxes were projected based on current economic trends, historical receipts, legislative actions and state estimates. These revenues were impacted by Covid-19 pandemic in FY 20 and remain in flux as the pandemic continues.
- ✓ Interest income projections remain flat with an expected rate of return on investments of 0.5% for FY 2020/21.
- ✓ Due to the ongoing Covid-19 pandemic, Water and sewer rates were not increased this year. Solid Waste rates were increased by our Board in August 2020 by 3% to support debt funding requirements and to protect our existing debt and credit ratings.

Expenditures:

FY 2020/21 direction was given from the County Manager's Office to develop base budgets consistent with current service levels as well as based on economic data related to the Covid-19 pandemic. Requests for additional resources deemed critical were reviewed on an individual basis.

Personnel Services:

- ✓ Budgeted compensation is at 100% of actual pay rates with no cost of living adjustment.
- ✓ 27 vacant positions were unfunded at a savings of \$1.5M countywide to offset potential revenue reductions due to Covid-19
- ✓ Based upon a fund by fund analysis of actual prior year lapsed personnel service amounts, budgeted General Fund personnel services expenditures included a 5% lapse to account for position vacancies.
- ✓ Retirement rates were budgeted as established by state legislature effective July

1, 2020. The rates are as follows 10.00% for Regular Class, 24.45% for Special Risk, 27.29% for Senior Management, 49.18% for Elected Officials, and 16.98% for DROP.

- ✓ The employer's portion of the Federal Insurance Contributions Act (FICA) taxes, which fund Social Security and Medicare, are budgeted on a per employee basis. The Social Security portion of the tax is 6.2%, and the Medicare portion of the tax is 1.45%, for a total of 7.65% of an employee's budgeted salary.
- ✓ Health benefits are self-insured by the County. Rates are established annually based on the experience of the program, projected claims and available fund balance in the Health Insurance Fund.
- ✓ Workers compensation is provided through the County's Self Insurance Fund for all employees of the Board of County Commissioners and the Constitutional Officers other than the Sheriff's Office. Rates by position class code are established annually based on the actuarial determined funding requirements and experience of the program and are charged to the individual costs centers, spreading the cost across applicable funding sources countywide.

Operating Expenses:

- ✓ Operating budgets were developed based on current program/service levels, an examination of previous years' expenditures, the impact of Covid-19 pandemic on available revenues, and an assessment of operational options.
- ✓ Departments were requested to maintain service levels without increasing operating budgets. Additional requests for resources deemed critical to operations were also considered.
- ✓ Other cost saving measures were taken including deferring non-critical fleet, facility and technology requests.

Internal Service Charges & Cost Allocations:

✓ Direct/indirect cost allocations assist in identifying the full cost of programs/services

provided by the County to its citizens. Full costing concepts were employed to a significant extent in the budget to allocate/appropriate all internal service expenditures of the County within the programs utilizing the services.

- ✓ Internal service needs of county departments, such as facilities maintenance, fleet maintenance, telephones, postage, printing and technology equipment, were assessed by internal service departments providing such support. The total costs incurred to provide internal service are charged to user departments based on projected use.
- ✓ Operating and Labor costs for capital project delivery are generally charged to capital funding sources.
- ✓ The cost of administrative services such as support services, human resources, fiscal management, purchasing, and risk management are allocated to user departments with significant revenue supported funds.

Property Liability Insurance:

✓ The County maintains a Property/Liability Insurance Fund to protect itself against loss. This program is funded through an annual premium based on the percentages of total insured value and claims experience.

Capital Equipment:

✓ Funding for specific pieces of capital equipment needs such as fleet and heavy equipment are included in the adopted budget. No unspecified capital equipment may be purchased without approval by the Board of County Commissioners.

Capital Improvements:

✓ Capital projects are initially proposed and reviewed yearly as part of the Five-Year Capital Improvement Program (CIP) process. This process includes annual review and adoption of the Five-Year CIP by the Board of County Commissioners. Project funding scheduled for FY 2020/21 is included in the Adopted Budget.

Carryforward:

- ✓ Project and grant carryforward will be brought to the Board of County Commissioners in December and January. This carryforward will be comprised of the following:
 - Unspent funds from FY 2019/20 for incomplete projects, both capital and operating, and grants.
 - Certain unspent and unexpired grant funding.
 - Funding for budgeted equipment which was not delivered by September 30, 2020.
- ✓ A final adjustment to grant budgets for FY 2020/21 will take place based upon the results of the FY 2019/20 audit.

Constitutional Officers Budgets:

✓ Budgets for Constitutional Officers were submitted in accordance with Florida Statues by the individual officers and incorporated into the budget.

Reserves:

 \checkmark It is essential that the county maintain adequate levels of reserves across all funds as a protection to taxpayers to mitigate current and future risks (revenue shortfalls and unanticipated expenditures). Fund balance levels also crucial are а consideration in long-term financial planning. Focus was placed on maintaining Reserves at a fiscally prudent level (20% of expenditures for General Fund for credit rating maintenance) while providing services at a reasonable cost.

Monitoring the Budget

The Budget & Fiscal Management staff conducts regular analysis of departmental financial activities to perform the following:

- ✓ To ensure compliance with applicable statutes, ordinance, County policies and procedures, and sound accounting and budgeting practices.
- ✓ To perform a proactive assessment of expenditures to ensure they are in

accordance with the approved budget and work plan.

- ✓ To identify excess appropriations subject to reallocation.
- ✓ To track revenues, legislative proposals and economic trends, verify revenue projections and assess changes in the economy that impact specific revenues.
- ✓ To provide recommendations and initiate corrective budgetary action necessitated by changes in operations, departmental work plans, or emergencies/disasters.

The Budget & Fiscal Management staff generates various tracking/status reports to provide with management financial information Fiscal necessary for decision-making. performance forecasting reports and presentations are provided to the Board of County Commissioners to keep them abreast of the County's financial condition.

Amending the Budget

The Board of County Commissioners annually adopts the budget by resolution for all funds. Budgetary authority is legally maintained at the fund level; however, Seminole County's financial system imposes budget controls at the appropriation level. State law requires that the revenue and expenditure budgets for each fund remain in balance at all times.

Chapter 129, Florida Statutes, governs amendments to the adopted budget. This chapter states that the Board at any time within a fiscal year may amend a budget for that year as follows:

- ✓ Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by resolution by the Board, provided that the total of the appropriations of the fund may not be changed.
 - The Board of County Commissioners may establish procedures by which the designated budget officer may authorize budget amendments if the total appropriations of the fund do not change.
- ✓ Appropriations from the reserve for contingencies may be made to increase the

appropriation for any particular expense in the same fund or to create an appropriation in the fund for any lawful purpose.

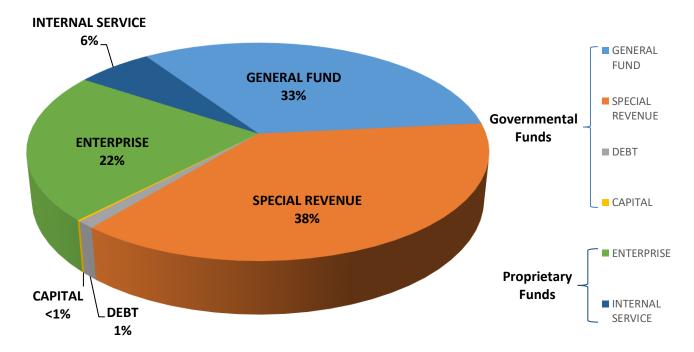

✓ A receipt of a nature from a source not anticipated in the budget and received for a particular purpose, including but not limited to grants, donations, gifts or reimbursement for damages, may, by resolution of the Board, be appropriated and expended for that purpose.

See the Fiscal Planning / Fiscal Policies section for additional information regarding the County's budget amendment process.

PERCENT OF GOVERNMENTAL & PROPRIETARY FUND APPROPRIATIONS

Overview

In accordance with Generally Accepted Accounting Principles (GAAP) and to provide proper accountability for the different types of financial resources, "funds" are established. Each fund is a separate accounting entity with its own resources, liabilities, and residual balance. Some funds are consolidated for budget adoption and presentation. Funds with similar objectives, activities and legal restrictions are, for reporting purposes, placed in one of two groups: Governmental Funds and Proprietary Funds.

Governmental Funds: Governmental Funds account for general governmental activities which are largely supported by taxes and fees. They are accounted for on a "**modified accrual**" basis or current financial resources basis.

Governmental Funds include the following fund types:

- a. **The General Fund** accounts for all resources not reported in other funds. Most countywide activities are accounted for in this fund. Includes agency funds which are used to account for assets held by the County in a trustee capacity.
- b. **Special Revenue Funds** account for resources received from special sources which are dedicated or restricted specific uses.
- c. **Debt Service Funds** account for the accumulation of resources for, and the payment of, interest, principal and other debt-related costs.
- d. **Capital Projects Funds** account for the accumulation and use of resources for the acquisition of land, major buildings and for infrastructure improvements where a specific project is designated or required.

Proprietary Funds: Proprietary Funds account for those external and internal business-type activities that are provided on a basis consistent with private enterprise. They are accounted for on a "full accrual" basis.

Proprietary Funds include the following two fund types:

- a. Enterprise Funds account for activities such as water and solid waste disposal services that are similar to those provided by private enterprise and whose costs are paid from user charges or from revenue sources other than general governmental revenue.
- b. Internal Service Funds account for certain internal services provided to various Departments. Seminole County uses Internal Service Funds to record all types of insurance utilized by the County, including the self-insurance programs for workers' compensation, general and property liability, as well as employee group health and life insurance. These costs are allocated to individual departments, divisions, and programs on a rational basis.

Basis of Accounting: Generally Accepted Accounting Principles ("GAAP") requires that local governments, such as Seminole County, base their financial statements on two different bases of accounting. Entity wide statements and statements of proprietary funds are to be reported based upon the full accrual basis of accounting. Individual governmental funds are to be reported based upon the modified accrual basis of accounting.

The primary difference between the full and modified accrual basis of accounting is the focus of measurement. In full accrual accounting, the focus of measurement is on **total** economic resources. In modified accrual accounting, the focus of measurement is on **current** economic resources. In full accrual accounting, long term assets and liabilities are included as part of the measurement. In modified accrual, only those items are recognized that will be reflected in near-term inflows or outflows of cash. (Generally, commercial or "for profit" entities use full accrual accounting in order to best reflect the results of operations and financial position of an entity.)

Despite the difference in the basis of accounting used in financial reporting between governmental and proprietary funds, **budgeting is generally based upon modified accrual principles**. Allowances for depreciation (a full accrual concept), amortization (a full accrual concept), and other non-cash related transactions are generally not included in the Budget. By excluding most non-cash related transactions which generally relate to transactions reported in different fiscal periods, the budget can be used as a current control and policy mechanism. The primary exception to this focus is that the budget also includes various allocation mechanisms for common costs whose primary purpose is to better reflect the total current costs of various Programs and Departments, rather than merely the current direct costs.

Funds in Each Group

The following funds are included in the proposed FY 2020/21 budget. Other funding for additional funds may be added during FY 2020/21 either as a carryforward of available funds from FY 2019/20 or through action of the Board of County Commissioners.

BUDGETARY SOURCES OF FUNDS

The Countywide budget for Seminole County is funded by a variety of sources. This chart is intended to provide an overall view of the types of sources utilized for the annual budget, the funding amounts generated, and the percentages of the total budget reflected. Detailed descriptions of the types of sources represented are also included.

This chart reflects total revenues which include current year collections and recurring sources of funding. Beginning fund balance and transfers are excluded from this view.

Recurring Sources of Funding

Ad Valorem – A tax levied on the assessed value (net of any exemptions) of real and personal property. This is a referred to as "property tax".

Other Taxes – Other tax revenues collected by the County, including gas taxes, utility taxes, tourist development taxes and other miscellaneous taxes.

Special Assessments / Fees – A special assessment is a compulsory levy imposed on certain properties to defray part or all the cost of a specific improvement or service deemed to primarily benefit those properties. Fees are charges imposed by the County to pay the cost of providing a service or facility or regulating an activity. An impact fee is financial contributions imposed by the County on developers or builders to pay for capital improvements within the community which are necessary to service/accommodate the new development.

BUDGETARY SOURCES OF FUNDS

Shared Revenue - Revenues assessed and collected by government entities and shared with other government entities. The largest portion of State Shared Revenues is sales and gas taxes; locally shared revenues are Community Redevelopment Agency (CRA) contributions.

Grants - A contribution of assets (usually cash) by one governmental unit or other organization to the County for a specified purpose.

Charges for Services – These are charges for specific governmental and proprietary services provided to specific individuals/ entities and are internal to the County. These charges include water and sewer services, landfill charges, court costs and other user charges.

Miscellaneous Revenues – Other current year revenues not included in the categories listed above. These revenues include fines and forfeitures, interest received on investments held by the County and other incidental fees/reimbursements.

Intragovernmental Revenues – Excess revenues or transfers to constitutional officers returned to the County. While this revenue is not by definition current revenue, it is an annual source used to offset the cost of countywide services for the Tax Collector, Sheriff, Clerk of Court, Property Appraiser and Supervisor of Elections. It is budgeted as current revenue to minimize the impact of elected official budgets on the County budget.

Other Sources (Not included in chart)

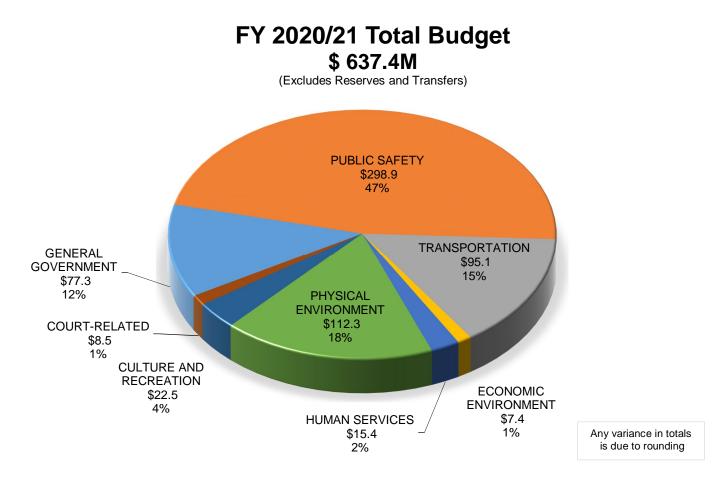

Beginning Fund Balance – Estimated balances remaining from the previous fiscal year; resulting from unanticipated revenues, unexpended appropriations, and the previous year's Reserves.

Transfers – Transfers between individual funds of the County which are not repayable and are not considered charges for goods or services. These represent a "double counting" of revenues and correspond to an equal amount of interfund expenditures.

COUNTYWIDE BUDGETARY USES BY FUNCTION

The County provides a variety of services to its citizens to ensure health, safety and quality of life. The following pie chart is a summary of the County's total operating and capital spending plan for FY 2020/21 by category of service. The use categories are State-defined as a means of establishing consistency in reporting for local governmental entities. An explanation for each state-designated use category is detailed following the chart, along with a discussion of the various types of services provided within the applicable category and the associated costs.

Note that County Debt expenditures are included in the chart as part of the service area benefited by the debt. This view excludes appropriations of operating transfers to other funds and estimated reserves; representing the proposed operating and capital spending plan for the upcoming fiscal year.

General Government - Services provided by the County for the benefit of the public and the governmental body as a whole. This category includes approximately \$18M allocated to the Constitutional Officers for tax collection, property appraisal, election functions and record keeping and accounting for the Board's operations. County Administration (BCC, Attorney, Community Information, County Management, Human Resources, Purchasing, Office of Management and Budget, Office of Organizational Excellence) represent less than \$.5M and Countywide Planning and Zoning services are estimated at \$7.5M. Approximately \$6.5M is designated for property management and maintenance of buildings and \$1.5M for internal services (fleet, mail, printing, and technology). Approximately \$34M is allocated for health insurance, workers compensation claims and other general liability obligations.

COUNTYWIDE BUDGETARY USES BY FUNCTION

Public Safety - Services provided by the County for the safety and security of the public, including approximately \$138M allocated for law enforcement, jail operations, and for the Sheriff to provide security to the judicial courts. Around \$85M is allocated for fire/rescue, 911, and other emergency service operations. Nearly \$3M is allocated for animal related services. Funding is also provided for juvenile detention, the Medical Examiner and services related to assuring homes and commercial facilities are safe for the citizens.

Physical Environment - Functions performed by the County to achieve a satisfactory living environment by controlling and utilizing elements of the environment for the community, including: approximately \$83M allocated to providing citizens and businesses with water, sewer, and landfill operations. Approximately \$22M is allocated for garbage collection / disposal services, street lighting, aquatic weed control, and other Municipal services to unincorporated residents. The remainder is allocated to protect the water quality of our lakes and other water bodies and for the construction of stormwater related infrastructure.

<u>**Transportation**</u> – Appropriations for the development and improvement of the safe and adequate flow of vehicles, travelers and pedestrians including: road and street facilities, water transportation systems, mass transit, and parking facilities. Approximately \$68M is designated to road related capital projects (see Projects Section for detail of all projects). Approximately \$15M is allocated to repairing/ maintaining roads, rights-of-ways, medians, bridges, stormwater infrastructure, and trails. Approximately \$6M is provided for traffic operations; including items such as signals, roadway stripping, and signs. Over \$8.5M is allocated for public transportation to support public transportation services within the County.

Economic Environment – Funding is used to develop and improve the economic condition of the community and its citizens. Approximately \$2.5M is allocated for local tourism activities.

<u>Human Services</u> – Funding is provided for public assistance programs, care for veteran services, indigent persons, and services for the care, treatment and control of human illness, injury or handicap. The County spends approximately \$15M in grants and other revenue for these services.

<u>Culture and Recreation</u> – Cost of providing and maintaining cultural and recreational facilities and activities for the benefit of citizens and visitors, including: libraries, parks and recreation, and other cultural and recreation services. Approximately \$7M is allocated to the County Library System and Museum. Approximately \$13M is allocated to parks/trails/natural lands, and a Sports Complex.

<u>**Court-Related**</u> – The County provides support for the State's Court System. Approximately \$6M is dedicated annually for facility maintenance and debt associated with the County's state mandated responsibility to provide court facilities. Nearly \$2M is expended for other court support programs.

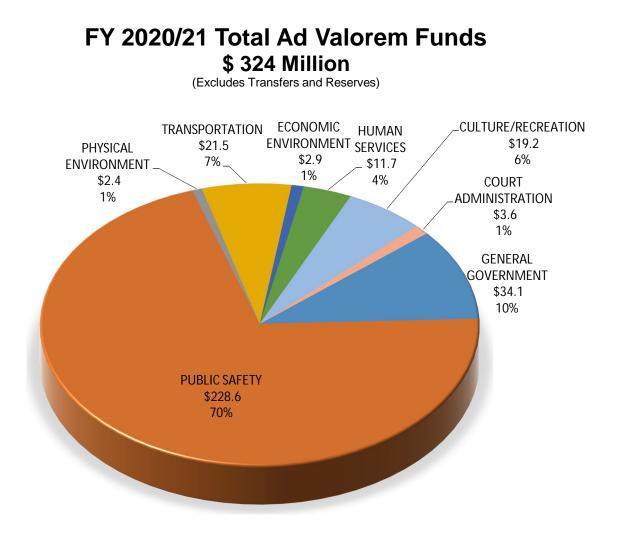

Other Appropriations (not included in this chart):

<u>**Transfers**</u> – Transfers between individual funds of a governmental unit are not repayable, nor considered charges for goods or services. These expenditures (transfers out) correspond to an equal amount of interfund revenue (transfers in). See detailed transfers in the Countywide section of this book.

<u>Reserves</u> – Reserves represent funding that is not appropriated for expenditure within the representative fund. Reserves must be used in accordance with the funding intent (i.e. legally restricted for a specific purpose or available for general appropriation). See detailed Reserves in the Countywide section of this book.

AD VALOREM FUNDS BY FUNCTION

This chart is intended to provide an overall view of how funds which are supported by property taxes are utilized by service function. Funds include General Fund, Fire Protection Funds, and Transportation Trust Funds. Transfers and reserves are excluded from this view. These are all the primary functions provided by the County. For explanation of each service function see the Countywide Budgetary Uses By Function Report.

UNINCORPORATED RESIDENTIAL HOME PROPERTY TAX CALCULATION

The 2020 property tax estimate is based on the average taxable value of a single family residence within Seminole County paying unincorporated property taxes for this tax roll. Florida law permits up to a 4% early discount incentive for property taxes paid between November and February. Payment of the estimated tax bill above in November versus the March 31st deadline would reduce the homeowners actual property taxes paid to \$2,427, a savings of \$101.

1. School Board: The School Board, as governing body of the taxing unit, is responsible for control, operation, organization, management and administration of public schools pursuant to standards prescribed by Florida Statutes and State Board of Education rules. Homeowners only receive a \$25K homestead exemption on School Board property taxes because schools are exempt from the Amendment 1 additional \$25K homestead exemption approved by Florida voters in 2008.

2. Seminole County Government:

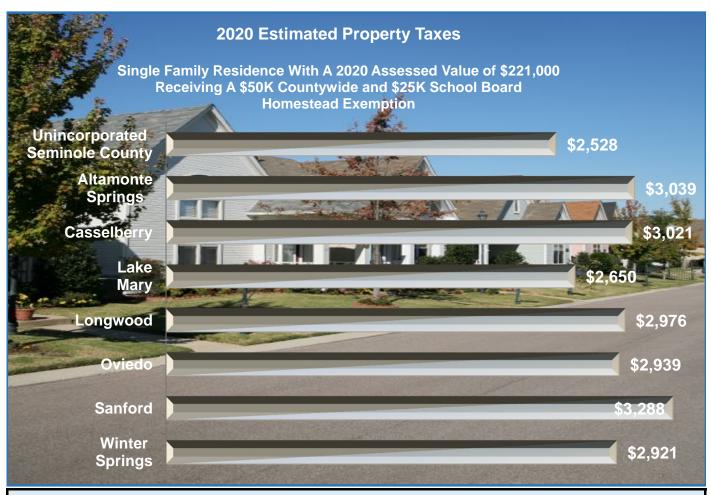

General Services: The Seminole County Board of County Commissioners determines the county-wide ad valorem taxes required for the provision of county-wide services such as law enforcement, court facilities, roads, drainage, libraries, parks and other general government responsibilities.

Roads: A Municipal Service Taxing Unit supporting transportation systems designated by the Board of County Commissioners as local feeder roads, local distributor roads and local access roads within the unincorporated area of Seminole County.

Fire Protection: A Municipal Service Taxing Unit providing for fire protection and prevention, and rescue/emergency medical services to all properties in unincorporated Seminole County, the City of Altamonte Springs, the City of Winter Springs, the City of Casselberry and territories that may be included by special mutual aid agreement.

3. St. Johns River Water Management District: Florida is divided into five independent water management taxing districts whose mission is to preserve and manage Florida's water resources. The SJRWMD manages groundwater and surface water resources in all or part of 18 counties in northeast and east-central Florida.

Ad Valorem Tax - Also known as a property tax, ad valorem taxes are based on the assessed value (less exemptions) of real estate and tangible personal property. A millage rate is charged to each one thousand dollars of taxable property value.

The Property Appraiser's Office determines the property values on the tax roll as of January 1 each year and certifies the just market value less exemptions to each taxing authority by July 1st. In compliance with Florida laws and "Truth in requirements, taxing Millage" authorities determine the "millage" or "property tax" rates to be levied within their jurisdiction based on the Property Appraiser's certification of taxable values and the revenue required to fund the annual budget. Because of discount incentives authorized by Florida Statutes for early property tax payments and other tax roll adjustments resulting from Value Adjustment Board decisions, only 96% of ad valorem tax levied is budgeted and historically collected. By law the County must budget no less than 95% of property taxes levied.

The Seminole County Board of County Countywide Commissioners adopts the Operating, Unincorporated Road Municipal Service Taxing Unit (MSTU), and County/Municipal Fire MSTU millage rates. The Road District MSTU includes the unincorporated areas of Seminole County while the Fire/Rescue MSTU encompasses unincorporated Seminole County, the City of Altamonte Springs, the City of Winter Springs and the City of Casselberry.

The School Board, municipalities and St. Johns River Water Management District also levy property tax in Seminole County and are responsible for setting tax rates within their districts. A comparison of all Seminole County taxing authorities and millage rates can be found on the "Residential Home Property Tax within Comparison" chart found the "Countywide Budget" section of this book. Florida's Constitution prohibits the State of Florida from imposing property tax.

Ad Valorem taxes are the largest source of revenue for Seminole County Government generating approximately 40% of all current revenue budgeted. In the General fund, countywide property taxes account for 71% of current revenues.

Based on an average single-family residence in unincorporated Seminole County, a home owner with an assessed value of \$221,000 receiving homestead exemption would pay about \$2,528 in FY 2020/21 property taxes. The School Board property tax accounts for approximately 46% of the tax bill, BCC Countywide property taxes account for 33%, the Fire MSTU 19%; Road District MSTU 1% and the St John's Water Management District 2%.

Seminole County BCC Ad Valorem Tax History

The BCC countywide millage rate of 4.8751 mills for General fund countywide services will generate \$178M in FY 2020/21, an increase of \$11M over the prior year adopted revenue. Because the current tax rate was adopted in FY 2019/20, a 6.65% growth in the countywide taxable property values accounts for the increased revenue with 1.48% of this growth from new construction and 5.17% from the reappraisal of existing properties. The 4.8751 countywide millage rate has been maintained for eleven years now.

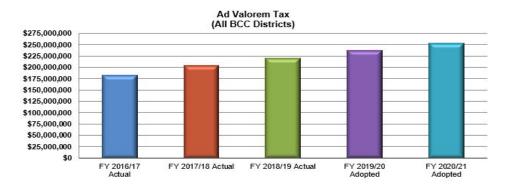

The FY 2020/21 County/Municipal Fire MSTU tax rate of 2.7649 mills is unchanged from the prior year millage. The Fire District ad valorem revenue totaling \$72M grew by \$4.3M over FY 2019/20 due to a 6.40% growth in taxable property values.

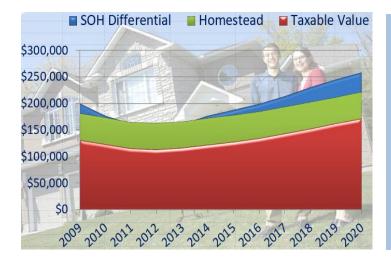

In FY 2017/18, the Fire District MSTU millage of 2.3299 mills was increased by 0.4350 mills to stabilize a Fire Fund imbalance that, based on the long-range forecast, would have depleted reserves in FY 2018/19. The 2.3299 tax rate prior to the increase had remained unchanged for ten years prior (FY08 - FY17). Because of property tax reform and declining real estate values during the recession, the Fire District millage was below the rolled-back tax rate for six of the ten years. Growth in taxable values had not generated sufficient revenue to offset the rising cost of personnel and capital needs deferred during the recession years.

The Road District MSTU tax rate of 0.1107 mills has remained the same since FY 2008/09 (12 years). Seminole County's one cent local option sales tax used primarily for transportation is restricted for capital use and cannot be used for maintenance of roads. The unincorporated Road District property tax is used for maintenance costs of local roads within the unincorporated areas of Seminole County.

Florida's "Save Our Homes" exemption limits the increase in assessed values to the lesser of 3% or the annual change in the CPI. This exemption was almost eliminated during the recession years but is on the rise again with the growing real estate markets. The change in the CPI for 2020 was 2.0%. With no increase in the Countywide BCC tax rate, homesteaded properties will see only a minor increase in their property tax bills although existing countywide property values grew by 6.65% in 2020.

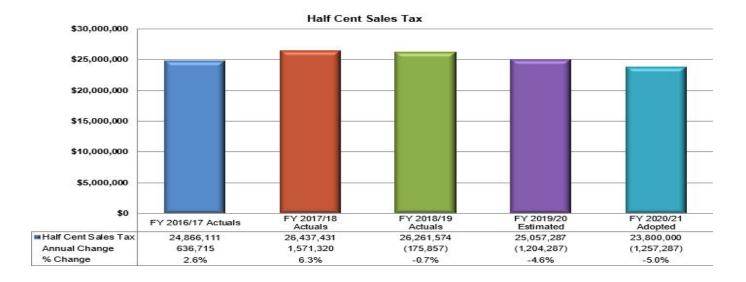

Half-Cent Sales Tax - The Local Government Half-Cent Sales Tax Program is the largest of all state shared revenue sources for local governments. The programs primary purpose is to provide relief from ad valorem and utility taxes in addition to providing revenue for local programs. Seminole County's share of the State half-cent sales tax is second only to property taxes in the General fund as a major revenue source used in support of countywide services.

Based eligibility requirements, on local governments may receive a portion of state shared sales tax through three separate the ordinary; emergency; and distributions: supplemental proceeds. The program also includes a separate distribution for select counties meeting the statutory criteria to gualify as a fiscally constrained county. Seminole County receives the ordinary distribution which is funded by 8.9744 percent of the State's net six cent sales tax proceeds. Revenue is distributed to counties and municipalities based on a population weighted allocation factor multiplied by sales tax monies earmarked for distribution to the county. House Bill 33-A approved by the 2015 Florida Legislature reduced the State Communication Service Tax (CST) rate by 1.73 percent. To minimize the impact of this reduction to Counties, the percentage of sales and use tax collections transferred to the Local Government Half-Cent Sales Tax Clearing Trust Fund for ordinary distributions was increased from 8.8854 percent to 8.9744 percent as of July 1, 2015. Although the State is responsible for the full portion of the state's share of matching funds required for the Medicaid program, the State

charges county governments an annual contribution in order to acquire a certain portion of the funds. If county governments do not participate in the cost of certain services provided to county residents through Florida's Medicaid program, the Department of Revenue is authorized to reduce the portion of sales tax shared with counties to pay for State Medicaid This mandate affects the Half-Cent billinas. Sales Tax and County Revenue Sharing Programs. Seminole County, however, pays its share of Medicaid charges without impact to our State shared sales tax.

Seminole County realized an average of \$1.1M or 5.5% annual growth in the state shared half-cent sales tax between FY 2011/12 and FY 2014/15 as the County rebounded from the great recession. Increased sales reported in hotel/motel accommodations; retail; automotive leases and sales; and construction related businesses contributed to growth in several major revenue sources countywide. In FY 2015/16, a more modest growth of 2.2% or \$520K was realized. Growth of 2.5% to 4% per year is more sustainable and is anticipated to continue into the near future barring any changes in the economy due to economic or natural disaster events. The economic shutdown related to the Covid-19 pandemic impacted this revenue in FY20 and is estimated to have a continued impact into FY21.

FY 2020/21 half-cent sales tax is projected at \$23.8M, a decrease of \$1.2M or -5% less than the prior year estimated projection of \$25M.

State Revenue Sharing – Administered by the State Department of Revenue, the State Revenue Sharing Program for Counties receives 2.9% of net cigarette tax collections and 2.081% of sales and use tax collections. Approximately 98.47% of total program funds are derived from sales and use tax and 1.53% from net cigarette tax collections.

The 2015 Florida Legislature enacted HB 33-A reducing the State Communication Service Tax rate by 1.73%. State revenue sharing programs were revised so that local governments continued to receive the same amount of revenue as received prior to the law change. The percentage change of sales and use tax collections transferred to the Revenue Sharing Trust Fund for Counties was increased from 2.0603% to 2.081% on July 1, 2015.

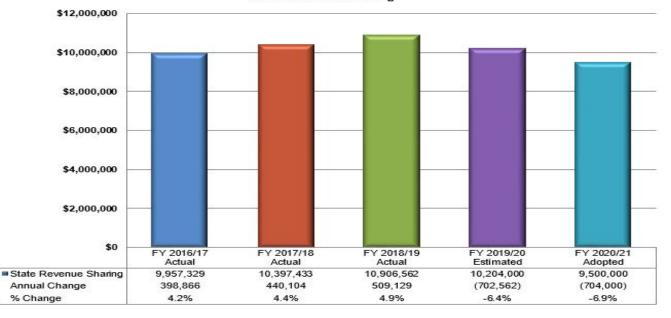

Monthly distributions to counties that meet strict eligibility requirements are based on 95% of the State's annual estimate for the County Revenue Sharing Program. Disbursements, based on the State July 1 – June 30th fiscal year, are received in equal monthly installments with a June true up adjustment for actual revenue collected.

An apportionment factor predicated on equally weighted factors of county population, unincorporated population and county sales tax collections determines a county's share of the trust funds. There are no restrictions on the use of these revenues; however, statutory provisions exist that restrict the amount of funds that can be pledged for bonded indebtedness. The revenue is broken out into a first and second guaranteed entitlement and growth money. The guaranteed entitlements may be pledged for bond indebtedness, in Seminole County this amount totals \$1.7M; however, up to 50% of funds received in the prior year may be pledged.

Seminole County's State Revenue Sharing is currently pledged for the payment of debt associated with the \$22M Capital Improvement Revenue Bonds, Series 2012 issued for the Public Safety Communications P25 Radio Tower Rebuild Projects. The final maturity date is October 1, 2027.

FY 2020/21 revenue is anticipated at \$9.5M, a decrease of \$704K or -7% over the FY 2019/20 estimated projection, due primarily to less revenues received in FY20 due to the economic shutdown.

State Revenue Sharing

Utility Taxes - A 4% public service utility tax on electricity, water, natural gas, and propane purchases is assessed in the unincorporated area of Seminole County. The tax exempts the first 300 kilowatt hours of electricity purchased per month and is not applied against any fuel adjustment charge.

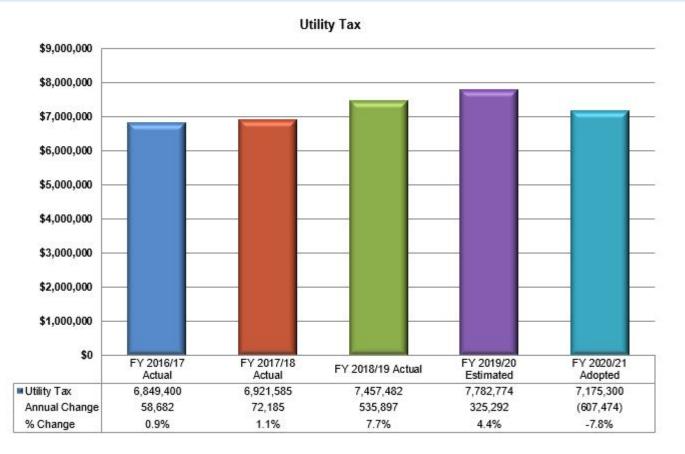

The 4% public service tax levied in unincorporated Seminole County is 6% below the 10% maximum rate allowed by Florida law and currently imposed by many surrounding jurisdictions. A \$0.016 tax is levied on each gallon of fuel oil sold. As compensation for keeping records and collection of taxes, the seller may retain one percent of the amount of taxes collected.

Utility tax revenues are greatly affected by weather conditions as mild winters and summers

require less energy and rainy seasons reduce water usage. Conversely, cold winters and hot summers require increased energy and water consumption.

Electric rate adjustments are often attributed to changes in the fuel adjustment charge which is not subject to the Public Service Tax (PST) and does not affect annual tax collections. For this reason, PST does not significantly change from year to year and extreme weather changes are generally the cause of most spikes in annual public service tax collections.

FY 2020/21 projected utility tax revenue totals \$7.2M and is comprised of \$5.5M or 76% electric PST; \$1.45M or 20% from water PST; and \$270K or 4% from natural gas and fuel oil PST.

Communication Service Tax - The Communications Service Tax (CST), imposed in unincorporated Seminole County, is a 5.12% tax on services encompassing all voice, data, audio, video, mobile communications, or any other information or signals transmitted by any medium, including cable services. The tax is imposed on retail sales of communication services which originate and terminate in the State of Florida and are billed to an address in unincorporated Seminole County.

The local communication service tax is not applicable to direct-to-home satellite services, only the state CST is charged for this service. The State Department of Revenue administers collections and distributes funds to local governments less an administrative fee of up to 1 percent of the total revenue generated for all taxing authorities. The administrative fee charged to local governments is prorated based on revenue generated by each taxing authority.

Constant changes in communication technology with the use of various internet resources and devices continue to adversely impact communication sales tax collections. Seminole County's CST has experienced several years of declining revenue attributed greatly to evolving technologies and growing industry competition. The County's CST had reached \$9.9M in FY 2006/07 before revenues reversed course. Revenue is currently down about \$4M from peak collections.

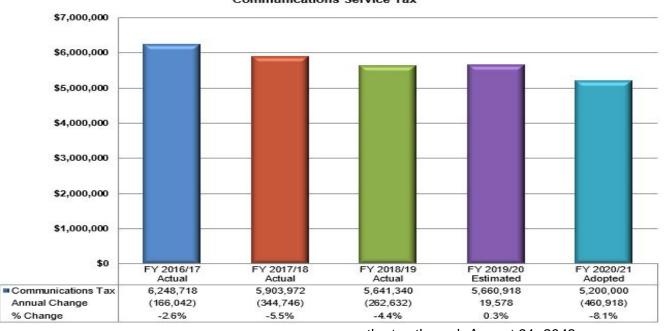

Because the State Department of Revenue administers the CST, only the State can audit service providers. Records can be audited at least three years back and a reallocation of funds can result from both the audit of CST dealers and other information received by DOR from CST dealers outside of the audit process.

In FY 2016/17, the County received a one-time payment of \$432,237 from audit adjustments; however, a 15-month deduction of \$53,222.85

resulting from a separate settlement reduced monthly revenues through July 2017.

FY 2020/21 communication service tax is projected at \$5.2M, down \$500K from the FY 2019/20 estimate of \$5.7M.

expenditures. The 6 Cent Local Option Gas Tax was renewed in February 2013 extending

Communications Service Tax

Gas Taxes - Seminole County receives four separate gas tax revenues restricted in use for transportation related activities. Two are levied locally by the BCC and two are collected by the State per Florida law.

 The Local Option Gas Tax (LOGT), levied locally on motor and diesel fuel, is a 6¢ levy which supports local transportation expenditures and related bonds. Pursuant to the 2013 LOGT interlocal agreement with the cities, Seminole County receives 63.6% of the total LOGT revenue and the remaining 36.4% is divided among the seven municipalities. The LOGT is shared among the cities based on a rolling distribution formula incorporating the most recent five years of transportation the tax through August 31, 2043.

- The Ninth Cent Local Option Fuel Tax, implemented on January 1, 1994, is also levied locally on motor and diesel fuel and is used to support mass transit.
- On all motor fuels, the State levies and distributes to the various counties, a 1¢ County Gas Tax that is used to support local roads, and the 2¢ Constitutional Gas Tax that may be used to support debt service requirements on local bonds and to finance activities related to secondary State roads transferred to county control.

Seminole County has the authority to levy an additional 5 Cent Local Option Gas Tax on motor fuel only but has elected not to impose this tax. Voters of Seminole County have historically approved a one cent infrastructure sales tax to provide for most transportation capital.

With the early retirement of debt associated with the 2002 Gas Tax Refunding Bonds in September 2012, no gas tax revenue is currently pledged for transportation debt in Seminole County.

Because Florida's gas tax is based on gallons sold and not prices at the pump, rising fuel costs and more fuel-efficient vehicles impact gas tax revenue available to fund transportation needs. Fuel efficient cars require less gas to operate yet cause the same wear and tear on our roads while providing fewer dollars for ongoing road repairs and maintenance. Gas tax collections in Seminole County have averaged 3% annual growth in recent years; however, normal growth is typically between 2% and 3% annually. An estimated \$14.6M in combined gas tax revenues for FY 2020/21 is predicated on 4% growth over prior year estimated revenue collections.

Gas Tax Revenue to Gallons Sold

Infrastructure Sales Tax 2014 – On May 20, 2014, the citizens' of Seminole County voted to renew the one cent local option infrastructure sales tax shared between the County, School Board and seven municipalities. The tax is effective for a period of ten years which began on January 1, 2015 and expires on December 31, 2024.

Historically, Seminole County voters have supported the penny sales tax. This is the third penny sales tax approved in the County since 1991. Unlike property taxes, the sales tax is not borne solely by the residents of Seminole County as tourists, commuters, and visitors all contribute to sales taxes paid within the County. The 2014 third generation surtax is applicable to the first \$5,000 of each item sold in the County, as specifically provided in Florida Statutes, and will be used for the construction and rehabilitation of roads and transportation facilities; bicycle and pedestrian trails; stormwater facilities, public education facilities, and other infrastructure uses authorized by law. Current law prohibits the use of County Infrastructure Sales Tax for operations of any kind.

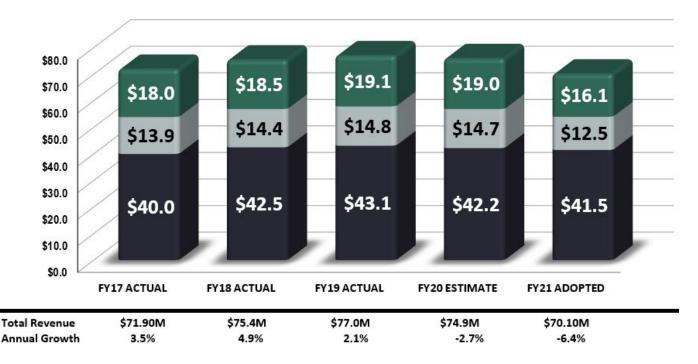

Pursuant to an interlocal agreement, the School Board receives 25% of the overall net revenue collected during the life of the surtax; the County receives 24.2%; and the remaining 50.8% is shared between the County (31.4%) and municipalities (19.4%). Seminole County's total share of the Infrastructure Sales Tax revenue is 55.6%.

Seminole County's 2001 Infrastructure Sales Tax peaked in FY 2005/06 at an annual total of \$70.5M and thereafter declined annually throughout the recession years. Revenue began stabilizing in 2012 as the tax ended on December 31, 2012. With approximately \$45M in reserves from the penny sales tax, the BCC allowed the 2001 sales tax to sunset in 2012 to provide residents an opportunity for tax relief following the economic recession.

Seminole County's new 2014 penny sales tax is currently exceeding original estimates and

expected to generate about \$779M over the 10 year period. This past year, the economic shutdown related to the Covid-19 pandemic, affected all sales tax revenues countywide. The FY 2020/21 revenue is projected at \$70.1M.

Down from previous years with the School Board receiving \$16.1M; the County receiving \$43.6M; and the cities sharing in \$12.5M.

SUMMARY OF USES BY OBJECT CLASSIFICATION - FUNCTION

This report identifies the amount budgeted for all expenditure classifications within each governmental function. Public Safety has the largest personal services budget (related to Fire/EMS) and transfers (for the Sheriff's Office). Other areas with large expenditures include Physical Environment operating costs (includes Water & Sewer and Solid Waste operations) and Physical Environment and Transportation capital improvement costs. Reserves are included in this report as a Use of funding but not an expenditure. 60% of the reserves are for Enterprise Funds, 11% are Fire Fund Reserves, and 28% are General Fund reserves.

The Homeless Outreach Partnership Effort (H.O.P.E.) is an outreach team to serve the homeless living on the streets, in abandoned buildings and in camps. The team will come alongside homeless individuals to understand their needs and link them to ongoing services that will empower them to obtain and maintain stability in the community. The program is funded through a partnership between the Homeless Services Network of Central Florida and Seminole County Government. In addition to Street Outreach services, Case Managers provide intensive housing stability case management to those individuals who are chronically homeless and enrolled in Permanent Supportive Housing programs.

<u>Central Florida Commission on Homelessness</u> \$ 44,000 \$ 44,000 \$ 44,000

The Central Florida Commission on Homelessness (CFCH) is a collective impact collaborative from across Florida's Orange, Osceola and Seminole Counties committed to ending homelessness through shared expertise, data informed decision making, best-practice development, and using our collective voice to advocate for our homeless neighbors. The Central Florida Commission on Homelessness is facilitating the development of a homeless service system designed to ensure any episode of homelessness is rare, brief and singular. The CFCH supports the agencies that make up that system to implement evidence-based best practices designed to prevent and end homelessness across the tricounty region.

Central FL Sports Commission

Aspire Health Partners

For over 28 years, the Sports Commission has served as our community's clearinghouse for sports related events and associated activities. The Sports Commission has successfully worked with the staff of the Tourism Program to bring several events to Seminole County, by working with the following partners, National Collegiate Athletic Association (NCAA), Florida High School Athletic Association (FHSAA), US Club soccer, United States Adult Soccer Association, USA Rugby, Florida Sports Charitable Foundation, Elite Clubs National League, Independent Softball Association, Florida Travel Ball Baseball, Sunshine State Conference and Atlantic – 10 Conference. Seminole County is quickly becoming one of the premier sports events destinations, while generating significant economic windfalls. TEAM SEMINOLE was created by the partnership of the Seminole County Convention and Visitors Bureau (CVB), The Department of Leisure Services and the Sports Commission to work together to bring events to Seminole County.

Central FL Zoo

The Central Florida Zoo is the largest and the busiest attraction in Seminole County. The Zoo's Vision will empower our guests to respect, value and care for our natural resources, as we commit to contributing globally to the conservation and preservation of wildlife. As a regional resource in the Central Florida area and beyond, we will provide innovative and creative solutions through collaboration, practices and partnerships. The continued growth and development of the Zoo will further enhance its attraction to visitors outside the local community enabling us to bring national and international attention to the importance and ongoing efforts of wildlife sustainability.

County Health Department

\$ 1,097,970 \$ 1,087,970 \$ 1,048,970

The County contracts and works in partnership with the State Department of Health to provide comprehensive public health services to the citizens of Seminole County. The Health Department provides outreach, clinical assessment, treatment and referral services. Through its services the Health Department strives to improve the health of Seminole County residents by ensuring timely provision to medical services thereby increasing the quality of life. Through education, service delivery and local partnerships the residents and visitors of Seminole County will enjoy a healthy life. The staff monitors health status, and focuses on community health resources to improve health outcomes, participates in emergency readiness and response issues and provides health education. They also provide case management for some of the Community Assistance funding, which transitioned over to the Health Department in FY2009/10. Seminole County Arts and Cultural Grant

In fiscal year 2019/2020 Seminole County implemented the Seminole County Arts and Cultural Grant (SCACG), which is a program funded by Seminole County government to assist nonprofit arts and cultural organizations with general operating support funding. The program is available to 501 (c)(3) organizations having been in operation at least two (2) years and having as their primary mission to promote the development and awareness of arts and cultural activities for the residents of Seminole County. The number of agencies funded each year will be determined by the amount of funding available and allocated during budget development. The County's funding level for all Cultural Arts agencies for FY 2020/21 is approximately \$0.31 (thirty-one cents) per capita based on the County's estimated 2019 population of 471,735.

Seminole County Bar Association Legal Aid Society \$ 351,110 \$ 356,377 \$ 361,723

Seminole County Bar Association Legal Aid Society renders free civil legal services to residents of Seminole County whose income does not exceed 125% of the Federal Poverty Level. The goal of the provision of these services is to empower vulnerable residents to become self-sufficient, improve their quality of life and safeguard their safety, as well as the safety of members of our community. Priority of service is provided to victims of domestic violence, abused children, the disabled, veterans and the elderly in Seminole County. Legal aid has been providing these services to the indigent community since 1975.

As of July 2004, per Article V, Legal Aid became a local requirement and is funded through the General Fund as mandated in Florida Statute 29.008. Under Article V the budget for Legal Aid is based on a 1.5% increase over the prior fiscal years and is supported by 25% of the \$65 additional court cost revenue receipts.

Seminole Cultural Arts Council, Inc.

Seminole Cultural Arts Council (SCAC), Inc. was formed in 1994 as a not-for-profit organization to provide community-based arts programs in Seminole County and to serve, support and nurture the cultural and artistic needs of Seminole County residents. In 1995, the Seminole County Board of County Commissioners designated SCAC as the official recipient of Florida State of the Arts specialty license plate funds for the sole purpose of providing grants to arts and cultural organizations and individual artists in Seminole County. SCAC is an advocate for the preservation of local cultural and historic heritage, including performing, literary, and visual arts and sciences, and serves to sustain, develop, and advance the cultural life of Seminole County. The Board of County Commissioners have deemed the development and awareness of the arts and cultural activities services a County-wide public purpose and will benefit the citizens of Seminole County; therefore allocates funds to assist in the furtherance of this purpose. The County's funding level for all Cultural Arts agencies for FY 2020/21 is approximately \$0.31 (thirty-one cents) per capita based on the County's estimated 2019 population of 471,735.

COUNTYWIDE BUDGET DETAIL

Overview

The Countywide Budget Detail Section provides detailed information by individual Fund (General Fund, Fire Fund, Transportation Trust Fund, etc.), versus a Countywide view and provides comparisons to the prior year's adopted budget. The detail of Sources, at the fund level, is presented by source type and object account. The Expenditure Summary by Fund/Program reflects the uses of each fund by the program of services provided. The Budget Comparison by Fund report provides a summary of revenues, expenditures, and fund balance for each fund reflected. The Beginning Fund balance and budgeted reserve amount are shown in the Fund Balance section and the Change in Fund total demonstrates the net change in the fund which is typically the amount of fund balance utilized to offset a revenue shortfall.

There was not a significant increase in Fund Balance as reported. For FY21, we included the Fund Balance estimate in our Adopted Budget. In FY20, we waited for Project Carryforward. This increase is due to the nature of the report comparing Adopted Budget to Adopted Budgets

SOURCES OF FUNDS

The General Fund budget for Seminole County is supported by a variety of revenue sources. Detailed descriptions for each types of source are reflected on the next page. The first chart below identifies all funding sources in the General Fund, including Beginning Fund Balance. The second chart excludes Beginning Fund Balance, so the actual percentage of total revenues can be identified.

SOURCES OF FUNDS

Recurring sources of funding:

<u>Ad Valorem</u> – A tax levied on the assessed value (net of any exemptions) of real and personal property. This is commonly referred to as a "property tax".

<u>**Taxes - Other**</u> – Other locally levied taxes include utility taxes, communication service tax, and the local business tax.

<u>State Shared Revenue</u> - Revenues assessed and collected by the State of Florida, then allocated and returned to the Counties and Municipalities. The largest portion of State Shared Revenues is sales tax which funds the State Revenue Sharing Program.

The state shared Local Government Half-Cent Sales Tax Program is the largest shared revenue program approved by the Legislature. Ordinary distributions to local governments are funded by 8.814 percent of net sales tax proceeds derived from the State 6 cents sales tax. In addition to funding local programs, the primary purpose of the half-cent sales tax program is to provide relief from ad valorem and utility taxes.

<u>**Grants</u>** - A contribution of assets (usually cash) by one governmental unit or other organization to the County for a specified purpose.</u>

<u>Charges for Services/Fees</u> –Charges for Services are charges for specific governmental services provided to both private individuals and governmental units (i.e., housing of federal prisoners, sheriff contracts, parks and recreation, court charges, etc.). Fees are charges set by the County to pay the cost of providing a service or facility or regulating an activity (i.e., zoning, addressing, etc.).

<u>Miscellaneous Revenues</u> – Other current year revenues not included in the categories listed above. These revenues include fines and forfeitures, interest received on investments held by the County, inmate telephone commissions, and other miscellaneous sources.

Other Sources:

<u>**Transfers**</u> – Transfers between individual funds, which are not repayable and are not considered charges for goods or services.

<u>Beginning Fund Balance</u> – Estimated funds remaining from the previous fiscal year. These remaining funds are both unexpended appropriations and the previous year's Reserves.

PERSONNEL SERVICES OVERVIEW

The FY 2020/21 adopted budget for Personnel Services is \$1.5M less than the prior year's budget due to non-union salary adjustments being removed, the unfunding of 27 Countywide positions at a savings of \$1.5M, and a one-time decrease in County paid health insurance from lower claims experience in the current year.

INTERNAL SERVICE CHARGES

OVERVIEW

Internal Service Charges (ISCs) have been developed in Seminole County Government as a way to identify and allocate the true cost of services provided by various support programs. Each program requires unique analysis to determine the most appropriate method of both estimating the ISC budgets and allocating the charges.

Currently support programs use the direct and indirect methods to allocate internal service charges. In developing the budget for user programs historical use is analyzed to create an estimate for the upcoming fiscal year. In the direct method of allocating actual charges, the support program tracks service provided to the user program and provides this information to allocate the charges. In the indirect method of allocating charge the percentage of use, or percentage of inventory, is used to determine the proportionate share of each user program. The actual expenses incurred by the support program are then allocated to the user programs based on the proportionate share that has been calculated.

The methodology used to develop the internal service charges is in accordance with Generally Accepted Accounting Principles, and will properly allocate both the direct and indirect costs for the following support program services:

- Fleet Maintenance
- Fleet Fuel
- Mailing Services
- Printing Services
- Facilities Maintenance
 - o Regular Facility Maintenance
 - o Renewal & Replacement
 - o Landscaping Maintenance
- Property Management (Leases, Security, Cleaning Contracts, and Retention Services)
- Radio Support & Maintenance
- Information Services
 - o Rentals & Leases Equipment
 - o Desktop Support and Maintenance
 - o Network Connection
 - o Telecommunication Service
 - Telecommunication Support and Maintenance
 - Geographic Information Systems (GIS)
 - Protecting County Information
- Insurance * FY19 Internal Financial Controls implemented
- Administrative Fees

INTERNAL SERVICE CHARGES

INTERNAL SERVICES:

Fleet Maintenance

The Fleet Management program maintains a work order system for all equipment serviced. Direct costs are allocated based on billed work orders by user program. Fleet Management's actual overhead costs are charged through the indirect method based on the user program's total service received.

Fleet Fuel

The Fleet Management program maintains a fuel system usage report. Direct costs are allocated based on the total number of gallons of fuel received per user program.

Mailing Services

Mail Services tracks costs associated with providing postage and courier services to user programs through usage reports. Direct postage and courier service costs are allocated to the user programs. Mailing Services overhead is calculated through the indirect method and based on the user program's total service received.

Printing Services

The Print Center uses a database to track all print services provided to user programs. Each user program will be cost allocated for actual print services received. Printing Services overhead is calculated through the indirect method and based on the user program's total service received.

Facilities Maintenance

Regular Facility Maintenance

Facilities Maintenance tracks all work completed for user programs through a work order system. User programs are cost allocated for actual repair and maintenance performed on their facilities. Costs are made of up of a labor rate, (loaded to include: all salaries and benefits); cost of work order parts; and all associated contracted services.

Facilities Renewal & Replacement Activities

The ISC's for Facilities Renewal & Replacement Activities are developed through an annual approved work plan. Renewal & Replacement Activities currently provides roof, heating, ventilation & air conditioning, flooring and building exterior maintenance/replacement on a scheduled basis. The Facilities Maintenance Program estimates the costs that will be expended on certain facilities with the understanding that a budget transfer may be required within a department if necessary. A large portion of the renewal & replacement activities provided by Facilities Maintenance are for General Government Facilities.

Landscape Maintenance

Countywide Landscaping Maintenance maintains service contracts for county facilities, miscellaneous properties and various general areas throughout the county. Direct costs are allocated to each user program based on the provider services received.

Property Management

The Facilities Maintenance program manages the property leases, security guard, custodial, and various other contracts for countywide user programs. Cost is allocated to each user program for actual leased space, custodial, window cleaning, security guard and other services received. The Document Management program manages records retention for the County. Direct cost is allocated to each user program for total service received.

Radio Support & Maintenance

The Telecommunications program currently manages the radio inventory, service, and support for all County departments, municipalities, Sheriff's Office, and several other outside agencies. Costs are allocated through the indirect method and based on the total actual countywide cost of providing radio service and support by the user program's total number of radios in inventory.

Information Services

Rentals & Leases - Equipment

To ensure technology efficiencies throughout the County, the Information Services Department works in conjunction with the user programs to verify existing equipment, remove expiring rentals/leases, or relocate/remove unused items from inventory. Cost allocations are based on actual billings from the rental/leasing agent for existing or new rental/lease equipment.

Desktop Support and Maintenance

Desktop Support & Maintenance maintains a computer inventory. A physical inventory is taken annually to ensure efficiencies. Costs are allocated based on the total actual countywide cost of providing desktop support and maintenance by the user program's total number of computers in inventory.

Network Connection

Network Connection comprises of various service programs and consists of complex technical support, including provisional and proactive/reactive maintenance. Service program costs are allocated through the indirect method and based on the user program's total number of computers in inventory.

Telecommunications Service

The Information Services Department works in conjunction with the countywide user programs to verify two inventories: Telephone Inventory; alarm, fax, modem, and phones; and Cellular Inventory; cell phone and air cards/MiFi's. The telephone actual provider service costs are allocated based on the total number of extensions in inventory for each user program. The cellular costs are allocated based on the total number of devices in inventory for each user program.

Telecommunications Support and Maintenance

Telecommunications Support and Maintenance provides for all hardware, personnel support, and maintenance related to telephones. The Telephone Inventory is used to determine the number of extensions per user program. Indirect costs are allocated based on the total countywide cost of providing support & maintenance by the user program's total number of extensions in inventory.

INTERNAL SERVICE CHARGES

Geographic Information Systems (GIS)

Geographic Information Systems (GIS) maintains an inventory of GIS users and has classified them based on their system roles. Power Users are considered: full time GIS positions, use the geoprocessing tools within the software, consistently create maps as part of their job duties, and are custodians (editors) of three or more datasets. GIS service costs are allocated through the indirect method and based on the total number of Power Users in each user program.

Protecting County Information

The Information Services Department provides direction, support, and technical expertise to ensure that the County's information assets are properly protected. Service program costs are allocated through the indirect method and are based on the user program's total number of computers in inventory.

Insurance (Property / Liability)

Insurance service provides coverage from losses of property and liability claims. The value of assets insured and claim history is tracked by the Property/Liability Insurance program. Property value is used to calculate direct costs for each user program's percentage of total service provided.

* As part of internal financial controls in FY 2019 Insurance (Property / Liability) will be transferred from Other Charges and recognized under the Operating Expenditure object class.

Administrative Fees

The General Fund pays for various administrative programs that provide support services for all countywide user programs. The costs of these support programs, which includes Office of Management & Budget, County Manager, Board of County Commissioners, County Attorney, County Finance, Human Resources, Training & Benefits, Administration (Resource Management), Community Information, Office of Organizational Excellence, and Purchasing & Contracts, are allocated to the appropriate funding sources using specific cost drivers. Ratios are established using various combinations of full time employee counts, budget amounts, and employee workload. These ratios are applied to the support program's budget to determine the Administrative Fee charge. At the end of the fiscal year, each funding source is charged back their percentage of the actual expenditures for the support services.

Engineering Capitalization Costs

The Capital Projects Delivery Program contains the costs required to administer the Public Works Capital Program. This includes the County's engineers along with the supplies, certifications, and equipment that are directly utilized in managing capital projects. Each project is charged periodically for labor based on staff time allocated to the project, while supplies and other operating expenses are charged annually.

INTERNAL SERVICE CHARGES COST DRIVERS BY FUND

A cost driver, also known as cost allocation base or activity driver, is any variable that drives or causes the cost of something. Seminole County utilizes cost drivers for calculating internal service program costs (activities), which trace back to either a direct object cost or pooled by activity cost. Cost drivers measure the cost of service delivery and tie back to an expected scope of work and/or associated service levels.

SUMMARY OF NON-BASE BUDGETS

Non-base budgets are non-recurring, or one-time budgets provided to a Department with a specific scope of work. These budgets do not expire until completed. Non-Base Budgets are segregated in individual Business Units that are eligible to be carried forward at the end of each Fiscal Year. These budgets are summarized by the following Business Unit types.

Fleet

Includes any capital vehicles and equipment with a cost of \$5,000 or more.

Other Non-Base

Other equipment or technology with a cost of \$5,000 or greater.

Facilities

Projects including renovations and repairs to County facilities with a cost of \$5,000 or greater.

<u>CIP</u>

A capital project that has a cost of \$50,000 or more, and maintains or enhances public infrastructure.

Technology Projects

Includes refresh of existing, and enhancement of the County's technological capabilities.

PROJECTS INTRODUCTION

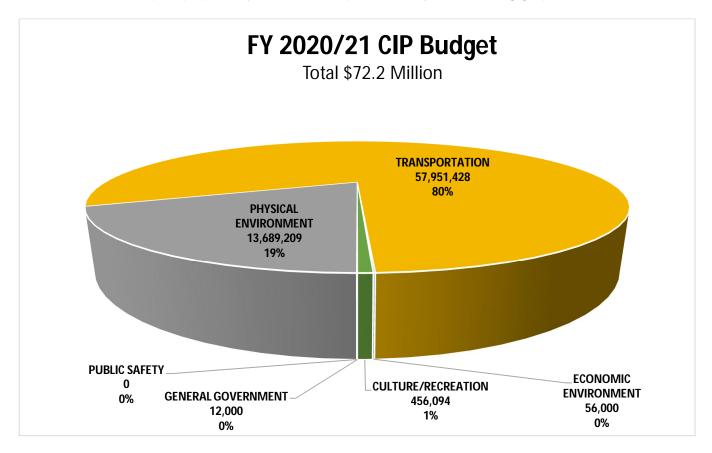

A capital project is a non-base cost center that can be either a reoccurring operating expense or a onetime project with an identifiable cost and scope of services. A capital project is an improvement which has a minimum cost of five thousand dollars (\$5,000) and a useful life of greater than one year and will include a scope of services, time frame for completion, a location, an estimated total expenditure, and proposed method of financing resulting in the creation, acquisition, or operation of a capital asset.

The project listings do not contain any previously established projects which will be funded in FY 2020/21 solely by a carryforward of available funds from FY 2019/20, nor any amendments made to project budgets after the budget was adopted.

By their nature, many projects tend to incur expenditures over a period of years. The unspent funding for these projects is carried forward from year to year. Other projects are funded by assigning additional funding to an existing project on a yearly basis until the project is completed.

The FY 2020/21 Adopted Budget contains \$72.2M in capital project funding (excluding Fleet, Equipment, Technology, and Facilities Maintenance). In addition to this funding, unexpended funds from uncompleted projects in FY 2019/20 will be carried forward in January 2021.

The breakdown of capital projects by Function is represented by the following graphic:

SUMMARY OF MAJOR PROJECTS – OPERATING IMPACTS

The major projects contained within the FY 2020/21 Budget are the following:

Oxford Rd Improvements SR17-92 to SR 436 - \$7,346,163

Utility relocations required to accommodate public works project to improve Oxford Rd and to accommodate growth projected in the vicinity of the County's service area. This project includes design for relocation of potable water and wastewater infrastructure to avoid conflicts with planned improvements to Oxford Road such as pavement widening and drainage infrastructure. Larger pipes will be installed, where appropriate, to increase capacity in support of upcoming developments proposed in recent future land use amendments. The project area is along Oxford Road from SR 436 to Fern Park Boulevard, as well as an extension of Fern Park Boulevard.

The amount included in the FY 2020/21 budget represents the funding needed to make these improvements. Additional operating and maintenance costs are estimated at 3% or approximately \$220K a year.

Resurfacing Local Roadways - \$4,280,000

This Public Works project includes the resurfacing of local roadways throughout the County. Resurfacing activities include asphalt overlay, full depth reclamation, and various methods of asphalt surface refurbishment and reconstruction.

The amount included in the FY 2020/21 budget represents the funding need for construction.

Orange Blvd Safety Project - \$4,000,000

This Public Works project proposes to add bicycle, pedestrian, and landscape improvements with possible traffic calming. Resurfacing of the roadway will also be included in this project.

The amount included in the FY 2020/21 budget represents the funding need for construction

US 17-92 Five Points Roadway - \$3,000,000

This Public Works project consists of the design and permitting of a new connector roadway from Bush Boulevard to US Highway 17-92 (Approximately 700 feet) north of Tropic Park Drive which will align with the proposed Reagan Center access roadway on the east side of US 17-92. This new roadway will run through an existing wetland for approximately 400 feet and will likely require wetland mitigation.

The amount included in the FY 2020/21 budget represents the funding need for construction.

SUMMARY OF MAJOR PROJECTS – OPERATING IMPACTS

Altamonte SunRail Bike and Pedestrian Improvements - \$3,750,000

This project will include bicycle and pedestrian improvements that will connect to the SunRail Station. This budget includes the County's portion to the construction of these improvements that will be done by City of Altamonte Springs.

The amount included in the FY 2020/21 budget represents the funding need for construction.

EE Williamson Rd Trail Connection - \$2,604,000

This Public Works project will design a trail and widen sidewalks along EE Williamson Rd between Seminole Wekiva Trail and Lake Emma Road.

The amount included in the FY 2020/21 budget represents the funding need for construction.

Narcissus Ave Roadway Improvements - \$2,561,764

This Public Works project will involve the design and construction of approximately 1300 linear feet of new urban/rural 2 lane undivided roadway along Narcissus Ave from Monroe Rd to 500ft west of N. White Cedar Road.

The amount included in the FY 2020/21 budget represents the funding need for construction.

S. Sanford Ave Intersection Improvements - \$2,000,000

This Public Works project will in

Annual Bridge Repairs - \$2,000,000

This annual project includes the correction of deficiencies in county maintained vehicular bridges that were identified and reported to the County by the State of Florida. This project also includes repairs and rehabilitations of all pedestrian overpasses and tunnels.

The amount included in the FY 2020/21 budget represents the funding need for construction.

Rolling Hills Multipurpose Trail - \$2,000,000

This project is part of the Rolling Hills Park master plan. It will create and 4-mile loop through the future Rolling Hills Community Park using some of the existing cart path, as well as construction of additional trails. Also included in this project is the connection the Rolling Hills Trail to the Seminole Wekiva Trail.

The amount included in the FY 2020/21 budget represents funding for the construction of the trail and connection. Additional operating and maintenance costs are estimated at 3% or approximately \$60K a year, but will be factored in to the operating budget of the Rolling Hills Community Park once complete.

SUMMARY OF MAJOR PROJECTS – OPERATING IMPACTS

Greenwood Lake Water Reclamation project - \$1,965,000

This project includes improvements to the Greenwood Lakes Water Reclaimed Facility. The following improvements include the replacement of odor control process, ductile iron piping at the facility site, relocation of generator, and replacement of deteriorated equipment.

The amount included in the FY 2020/21 budget represents the funding need for construction.

Mullet Lake Park Rd Drainage Project - \$1,875,280

This project will include upgrading undersized storm sewers and ditches along Mullet Lake Park Rd. Repairs include pipe upsizing, canal regrade and pond installation.

Wekiva Springs Rd Intersection Improvements - \$1,815,000

This project includes a westbound through lane, from east of Sabal Palm Dr to West of Fox Valley Dr. A second Eastbound through lane will be added from S. Sweetwater Blvd to just east of Fox Valley Drive. Project came about per a safety study.

Tipping Floor Resurfacing - \$1,500,000

This project includes the renewal and rehabilitation of the tipping floor at the Central Transfer Station. The surface of this floor needs to be reconstructed to extend the life of the facility. More than \$300k tons of waste per year moves through the transfer station, the excessive wear and tear are beyond just repairs and need complete resurfacing.

Pump Station Upgrades - \$1,750,000

This Water & Sewer project (Wastewater Pump Station Upgrades family) consists of the design, permitting, and construction of annual pump station upgrades that include wet well rehabilitation, control panels, concrete pad repair, odor control, and generators as needed to achieve efficient maintenance costs, maintain mechanical integrity and extend the useful life of existing stations. Other repairs may be required and are determined by a condition assessment.

Operating and maintenance impacts are expected to be under \$100K.

Future Operating Impacts

In general, the cost of maintaining a transportation project ranges from 2% (for pedestrian structures) to 3.7% (for roadways) of the total construction cost, per year. However, in the case of expansions of State Roads, the County is not responsible for the maintenance of the roadway. As such, there is no operating impact for additional lanes added to such a roadway. Other projects' operating impact may vary considerably.

As of October 1, 2020, Seminole County has a total of \$313.9 million of outstanding debt, including bonds and bank loans, which is manageable within existing revenues. Our annual debt services have minimal effect on current operations. The outstanding debt is secured by multiple revenue sources. The majority of outstanding debt is secured by revenues from the Water and Sewer System. The following are revenue pledges for County debt outstanding:

General Revenues: General revenues are non-ad valorem revenues. The County has a covenant to budget and appropriate non-ad valorem revenues to secure the Series 2014 Special Obligation Bonds, and Series 2013A and 2013B Capital Improvement Revenue Bonds.

County Shared Revenues: The Florida Revenue Sharing Act of 1972 enacted legislation to create the Revenue Sharing Trust Fund for Counties. The Fund consists of a portion of the cigarette tax and sales and use tax collections, which are allocated to counties, based on a distribution formula and eligibility requirements. Section 218.25 of the Florida Statutes authorizes counties to pledge the guaranteed entitlement for bonded indebtedness up to 50 percent of the funds received in the prior year. The Series 2012 Capital Improvement Revenue Bonds are secured by County Shared Revenues.

Sales Tax: The State levies a 6 percent sales tax of which a portion of net proceeds is transferred to the Local Government Half-Cent Sales Tax Clearing Trust Fund for distributions by the Department of Revenue pursuant to Section 218.61 of the Florida Statutes. The County's Sales Tax Bonds are secured by half-cent sales tax revenue.

Water and Sewer Revenues: The County owns and operates a combined water and wastewater treatment system, associated distribution, collection and effluent disposal facilities. The County's Water and Sewer Bonds are secured by a pledge of net revenues derived from the ownership and operation of the system and connection fees.

| April 2015 | Water and Sewer Bonds ⁽⁴⁾ | Aa2 | AA |
| August 2019 | Water and Sewer Bonds ⁽⁵⁾ | Aa2 | AA+ |

(1) Moody's Global Scale Rating, May 7, 2010.

(2) Rating re-affirmed by Moody's and Standard & Poor's February 2014.

(3) Standard and Poor's upgrade September 2006.

(4) Rating re-affirmed by Moody's and upgraded by Standard & Poor's April 2015.

(5) Rating re-affirmed by Moody's and upgraded by Standard & Poor's August 2019.

Rating Definitions

An underlying rating is a published assessment of a particular debt issue's credit quality absent credit enhancement.

Moody's rates bond issues from "Aaa" to "C". Bonds which are rated "Aaa" are judged to be of the highest quality, with minimal credit risk. Moody's applies numerical modifiers 1, 2, and 3 in each rating classification from "Aa" through "Caa". The modifier 1 indicates that the issue ranks in the higher end of the rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates that the issue ranks in the lower end of the category.

Standard & Poor's rates bond issues from "AAA" to "D". Bonds which are rated "AAA" are considered to have extremely strong financial security characteristics. Standard and Poor's applies modifiers of plus (+) or minus (-) signs following ratings from "AA" to "CCC", which show relative standing within the major rating categories.

The following are rating assignments for high to medium grade securities:

| Category | Moody's | S&P |
|---------------------------|---------|------|
| | | |
| Prime Maximum Quality | Aaa | AAA |
| | Aa1 | AA+ |
| High Grade – High Quality | Aa2 | AA |
| | Aa3 | AA- |
| | A1 | A+ |
| Upper Medium Grade | A2 | А |
| | A3 | A- |
| | Baa1 | BBB+ |
| Lower Medium Grade | Baa2 | BBB |
| | Baa3 | BBB- |

⁽¹⁾ Beginning in April 2010, Moody's recalibrated its long-term U.S. Municipal ratings to its global rating scale. The global rating scale is used to rate sovereign, sub-sovereign, financial institution, project finance, structured finance and corporate obligations. This recalibration enhances the comparability of ratings across the Moody's-rated universe. Upon recalibration Moody's will maintain a single global scale rating system. 17-92 Community Redevelopment

Program Message

The US 17-92 Community Redevelopment Area was a special district established in 1997 to assist in the "revitalization" of one of the County's major thoroughfares. This designation of this special district helped eliminate blight caused by abandoned or unsafe buildings, code violations, or irregular parcels with the purpose of improving economic vitality and enhancing the image and appearance of the corridor. The US 17-92 CRA program was implemented under the direction of the Seminole County Board of County Commissioners, who served as the members of the US 17-92 Community Redevelopment Agency (CRA). The cities of Casselberry, Lake Mary, Sanford and Winter Springs participated in the US 17-92 CRA program by serving on the US 17-92 Redevelopment Planning Agency (RPA). The US 17-92 RPA was created in 1998 and served as the primary advisory committee to the US 17-92 CRA.

The US 17-92 CRA program was guided by a series of redevelopment plans specific to each area of the corridor. The US 17-92 Corridor Redevelopment Plan, adopted by the County and the participating cities in 1997, contained goals and objectives related to land use planning, infrastructure and services, land development regulations, economic development, housing and aesthetic design. Each year, an annual activity plan containing a list of projects consistent with the goals and objectives of the US 17 -92 Corridor Redevelopment Plan, was prepared by the US 17-92 RPA and forwarded to the US 17-92 CRA for final approval and funding authorization.

The US 17-92 CRA program was funded through the US 17-92 Redevelopment Trust Fund. The Trust Fund utilized tax increment financing to fund the implementation of the Redevelopment Plan. Tax increment financing relied on annual tax revenues generated from the appreciation of property values within the CRA above an established base level (1997). Consequently, as the property values increased within the redevelopment area, the tax increment revenues dedicated to the CRA also increased. The participating cities and the County each made an annual tax increment contribution to the US 17-92 Redevelopment Trust Fund.

Over its 30-year lifespan, the CRA supported 93 projects, 85 of which have been completed. More than \$20 million has been invested in CRA projects and property values within the US 17-92 CRA corridor have increased by 108% since inception in 1997. Current total value of properties estimated at more than \$517,000,000 (base year value of \$247,752,571). Last year, the Florida Avenue and Spartan Road projects were completed. The US 17-92 Community Redevelopment Area was extended in 2007 and expired in 2017.

The program provides the following services:

- Development Liaison and Expedited Permitting
- Public Spaces and Streetscape Improvement
- Existing Small Business Support
- Facility Location
- Redevelopment Partnership
- Small Business Property Improvement

Board of County Commissioners

Program Message

Board of County Commissioners - A five member Board elected by the voters to represent the County's five districts. Elected by the County at large, each serves a four-year term and the terms are staggered. The Board is the legislative Branch of County government and individual Commissioners serve as both legislative officers and fiscal representatives of the County. The Board is charged with governing the jurisdiction of Seminole County per applicable Florida Statutes. Acting in good faith and within their statutory authority, the Commissioners have wide discretion.

The Board takes official action through creation of policies, ordinances and resolutions at advertised public hearings and public meetings, and conducts worksessions as needed to discuss matters of general importance to the County.

The Board of County Commissioners provide the following services:

- Set policies for the operation of County government in order to provide services to the public which are cost effective, efficient in delivery, and add value to the community
- Communicate with the Public to ensure that County policies reflect the interests of the citizens
- Provide information to the public to keep them informed of Seminole County's policies, services and direction
- Participate in community organizations so that policy decisions are made with as much information as possible

Community Information

Program Message

The vision of the Community Information Program is to provide transparent, timely, and accurate information to the citizens of Seminole County by informing and engaging residents, strengthening and expanding the County's reputation and reach, and fostering community pride.

The Community Information Program is responsible for media relations, social media content and strategy, special events, writing, videography, graphic design, and the County's public access channel, SGTV. Communication efforts are carried out by focusing on a combination of activities across the key areas of media relations, digital media, community relations, external outreach, public access, and communication support for the Board of County Commissioners and County Manager. Outreach is reinforced through branding, graphic design, and videography efforts that communicate the message of Seminole County Government across all media platforms, further reinforcing the story to residents in the most effective manner.

The primary goal of the Community Information Program is to enhance communication between Seminole County Government and external audiences. This is carried out through the following objectives:

- Tell Our Story;
- Advance Proactive and Transparent Communications;
- Create Meaningful Engagement with External Audiences;
- Become Stronger Partners with Local Media; and
- Improve Brand Consistency.

Seminole County's public access channel, SGTV, coordinates production of all publicly noticed meetings held in the Board of County Commissioners Chambers. These meetings air live on select cable channels, stream on the County website, and will be replayed via television and online. SGTV staff members develop short and full-length programs for use on television, web, and social media.

The Graphics team provides professional design services, artwork, signage, and photography for all internal and external communications. Graphics upholds County branding standards, produces marketing collateral, and serves as an internal support service for all County departments.

E-911

Program Message

The 911 Administration encompasses 911 GIS mapping support, 911 operator training, administration of 911 services and equipment in support of all 911 centers in Seminole County; these centers include Seminole County Sheriff, Seminole County Fire/EMS Communications and Winter Springs P.D. Communications.

The Addressing Office maintains all addresses throughout Seminole County. This information is used for 911 emergency response purposes, building and planning, utilities, code enforcement, and mail. Addressing staff directly address for unincorporated Seminole County and the cities of Lake Mary and Longwood. All other cities address in partnership with Seminole County Addressing. New development projects and building permits are reviewed for assigning addresses and ensuring the correct address is being used.

<u>Initiatives</u>: Continue to create and update GIS layers and Master Street Address Guide (MSAG) for Next Generation 911 Compliance

Complete cross reference and matching all GIS addresses for every jurisdiction with the emergency services address data

Establish a method of receiving photos along with text messaging within the PSAPs

The program provides the following services:

- Provide oversight of training for PSAP Operators in various issues
- Ensures compliance with State Statutes regarding 911
- Administers the monies collected from the 911 surcharge fees
- Insures PSAP equipment works correctly and efficiently
- Evaluation and design of new equipment and networks for 911
- Work with addressing authorities, telephone companies and GIS personnel to ensure an accurate 911 database
- Review and address all new development within unincorporated Seminole County as well as the cities of Longwood and Lake Mary
- Maintain a comprehensive address point GIS layer for the entire county
- Investigate and review all address discrepancies within the county

Economic Development

Program Message

The Seminole County Economic Development Program works directly with businesses while utilizing strategic partnerships to strengthen Seminole County's economy and create new employment opportunities.

The objective of the Economic Development Program is the creation of high-wage jobs and the recruitment of targeted businesses. Diverse job opportunities for Seminole County residents are essential to our community's future prosperity. In FY2018/2019, Economic Development continued to work towards this objective by strengthening our economy through strategic partnerships, business development services, business retention and expansion programs, and professional and technical outreach. Key relationships include: Orlando Economic Partnership, Seminole State College Center for Economic Development, Prospera, University of Central Florida Business Incubation Program, City of Altamonte Springs, City of Casselberry, City of Lake Mary, City of Longwood, City of Oviedo, City of Sanford, City of Winter Springs, Seminole County Public Schools, Seminole County Regional Chamber of Commerce, Oviedo-Winter Springs Regional Chamber of Commerce, Sanford Regional Chamber of Commerce, CareerSource Central Florida, and local businesses. Our collaborative partnership with these organizations resulted in more than 300 local business start-ups last year.

Seminole County incentivized two economic development projects in FY2018/19, United Parcel Service and CM Glazing, LLC d/b/a ACME Glass. Combined, these projects created 68 new jobs with an average annual wage of \$54,847 and a capital investment of \$29,050,000.

Seminole County supported the attraction or retention of several companies last year, including: Central Square Technologies, Marine Fasteners, Optigrate Corporation, WinCraft, Inc., and World Housing Solutions, supporting the creation of 380 jobs, \$15.8M in capital investment, and an average annual wage of \$56,883.

Business retention and expansion programs remain a primary focus for Seminole County Economic Development. Thirty-three individual business interviews were performed this year and 18 local businesses were highlighted as a Business Spotlight at our Board of County Commission meetings as a way of saying "Thank You" for doing business in Seminole County. The Seminole County Economic Development and Education Network (SEDEN) hosted three events that highlighted workforce development opportunities.

Emergency Management

Program Message

The Office of Emergency Management (OEM) is responsible for performing technical work in the development, implementation, and management of countywide disaster prevention, protection, response, recovery, and mitigation activities. OEM staff provide countywide planning, training and exercise programs in order to be prepared for natural, technological, and/or man-made emergencies. In addition, staff manage and coordinate the County's Emergency Operations Center during times of emergency.

The development of the Comprehensive Emergency Management Plan (CEMP), Continuity of Operations Plan (COOP), and Local Mitigation Strategy (LMS) is a cooperative effort with various local government entities, non-profit agencies, and faith based organizations.

OEM staff is responsible for the development and maintenance of plans that keep Seminole County safe during a disaster. The Office also provides guidance to its municipalities and support agencies on the development of disaster management plans.

The program provides the following services:

- Disaster Planning, Training and Exercise
- Homeland Security / Prevention
- Public Education / Outreach
- Response Coordination
- Short/Long Term Recovery Activities from Previous Disasters
- Mitigation / Resiliency Program Management / Coordination

Program Message

Seminole County Tourism serves as the local resource for Seminole County visitors, providing information, resources, and support for the hospitality and tourism industries. The Tourism Program primarily manages leisure and sports tourism efforts, marketing Seminole County as a destination throughout the southeast. Additionally, Tourism staff members support the Seminole County Tourist Development Council.

FY 2018/19 was another record-breaking year for Seminole County tourism:

| Hotel Occupancy: | 74% |
|--|--|
| Hotel Average Daily Rate: | \$105.03 (highest in County history) |
| Hotel Revenue Generated: | \$87,913,161 (highest in County history) |
| Tourist Development Tax Collections: | \$5,068,388 (highest in County history) |
| | |

In FY 2018/2019 Seminole County athletic venues hosted more than 100 tournaments with over 5,000 participating teams bringing in over 200,000 total visitors. These tournaments resulted in an economic impact of more than \$42M and 40,000 room nights generated in Seminole County.

Seminole County is proud to be home to rising stars in youth soccer. In July 2019, the Elite Clubs National League (ECNL) extended their contract for an additional three years and has committed to hosting both the Girls and Boys National Soccer Tournaments in Seminole County through 2023. These tournaments generate more than 5,000 hotel room nights alone and nearly \$5M in economic impact.

Boombah Sports Complex

Since opening in May 2016, the Boombah Sports Complex has:

- Hosted more than 200 tournaments and upwards of 500,000 visitors;
- Produced more than 58,000 room nights for Seminole County hotels;
- Generated a \$78M economic impact towards County businesses;
- FY2018/19, hosted 23 events, 500 teams, and 25,000 visitors;
- Produced 3,900 room nights for Seminole Count Hotels, a 35% increase in room nights over FY2017/18;
- \$24.5M in economic impact was generated in FY2018/19 alone, a 12.3% increase over FY2017/18

Boombah Soldiers Creek Park

Soldiers Creek Park hosted 23 events, 500 teams, and 25,000 visitors in FY2017/18, generating 3,900

Property Appraiser

Program Message

The Seminole County Property Appraiser is responsible for identifying, locating, and fairly valuing all property, both real and personal, within the county for tax purposes. The "market" value of real property is based on the current real estate market. Finding the "market" value of your property means discovering the price most people would pay for your property. Determining a fair and equitable value is the only role of this office in the taxing process.

The property appraiser does not create the value. People make the value by buying and selling real estate in the market place. The property appraiser has the legal responsibility to study those transactions and appraise your property accordingly.

The Seminole County Property Appraiser's Office has a state-of-the-art technological approach to the valuation process. A progressive Computer Assisted Mass Appraisal (C.A.M.A.) system is used by experienced appraisers to ensure that fair values are set for all Seminole County property owners.

Appraisers are also assisted by our Geographic Information System (GIS) which helps us to provide detailed and up-to-date property ownership maps for field appraisers. The GIS system is updated daily to reflect new changes to the land in Seminole County. This information is also used to analyze property data and gives appraisers yet another tool for comparing similar properties. The Office is made up of an elected Property Appraiser and 48 FTEs.

The program provides the following services:

- Track ownership changes of real property
- Maintains maps of parcel boundaries
- Keeps descriptions of buildings and property characteristics up to date
- Accepts and approves applications from individuals eligible for exemptions and other forms of property tax relief

• Analyzes trends in sales prices, construction costs, and rents to best estimate the value of assessable property

BUDGET TRANSMITTAL LETTER

Dear Commissioners:

I respectfully submit the Seminole County Sheriff's Office proposed budget for Fiscal Year 2020/21 for your consideration. In accordance with my obligation as Sheriff under Florida Statutes Chapter 30.49, the proposed budget reflects the funding required for the upcoming fiscal year to carry out the powers, duties, and operations vested with my constitutional office. The budget was developed with an emphasis on the effective delivery of core public services during these unprecedented times.

Continuation of public services is very important to the recovery of the local economy. We recognize that the county budget will be strained by both falling revenues and an increased need for safety-net programs and services. What is uncertain is the depth and duration of the slowdown in economic activity, which is dependent on the persistence of the public health crisis as well as the relative success of economic policy measures taken at the federal, state, and local levels. We are challenged to make decisions amidst the crisis on how we continue to provide services at a level required to address the public health and economic consequences of this pandemic.

Each year as I prepare my budget proposal, I remain mindful that public safety is a fundamental quality of life government service that requires a significant investment of the community's resources. My philosophy has been and will continue to be, to plan for today as well as look for ways to challenge the basic assumptions of traditional law enforcement service delivery. My budget request is based upon a fiscally conservative philosophy that demonstrates reasonable and efficient use of public funds and prioritizes resources to accomplish our agency's responsibilities and address the community's greatest needs.

SHERIFF'S OFFICE CERTIFIED BUDGET

The Fiscal Year 2020/21 Certified Budget proposal of \$132,645,000 represents estimated expenditures necessary to support the general fund operational responsibilities of the Sheriff's Office for the upcoming year; including the provision of law enforcement services, adult and juvenile detention services, court security services covering the County's three court facilities, and various other operational responsibilities entrusted with the Office of the Sheriff.

The Sheriff's Office is united with the Board in its objective to ensure continued fiscal sustainability. The County forecast anticipated a 4% increase in the Sheriff's Office Certified Budget, and I am proud to deliver a 3.3% budget increase, which reflects an \$850,000 reduction from the 4% anticipated. The requested increase in personnel services is essential to maintain and support our human capital to the benefit of our community. Operating and capital outlay expenditures were reviewed in detail and reduced where feasible to offset increased requirements in other areas for a 0% net increase.

FUTURE BUDGETS AMIDST DECLINING REVENUE

Amongst all this uncertainty, a reduction in local funding as a result of declining property income and a decline in consumer spending has occurred and is unlikely to disappear when the health crisis passes. Current economic conditions suggest a minimum of three years for the economy to recover. At this time it would not be advantageous to institute broad-based tax changes or reductions in services as this can further contribute to the length of the local economic recovery. The most effective response to the pandemic will be to support efforts that limit the depth and duration of the recession. The approach moving forward must be both intentional and fiscally prudent, placing importance on funding services to provide sufficient support for the public health response and eventual economic recovery.

The Sheriff's Office will continue to modernize, adjust, and prioritize the "need to have" and the "nice to have," resulting in reduced costs of doing business into the future. The pandemic has required everyone to take a closer look at what is necessary to get the job done, and we have had great success in implementing non-traditional work processes that may not have been acceptable in the past. Out of all of this, we have the opportunity to implement positive change that can result in reduced spending in future budgets and thereby mitigate future budget increases. Over the next year, we will work to implement and further refine and identify reductions and alterations while ensuring community expectations are met. We must continue to reinforce our core values and responsibilities, along with leveraging our partnerships and community-based relationships as a center point of effective policing.

These are unprecedented times, which require thoughtful planning about how services are carried out in our new reality and into the future. The Sheriff's Office has been able to maintain productive operations from the onset of the pandemic in large part because we had updated our operations to include remote working. It is important that we continue to invest public funds in the tools necessary to work smarter and continue to look for efficiencies to reduce costs without compromising services.

CONCLUSION

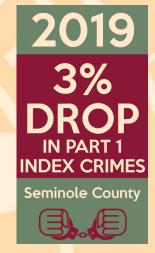

For the third year in a row, the most serious crimes that affect our quality of life (Part 1 crimes: murder, sexual offenses, robbery, and aggravated assault) dropped in unincorporated Seminole County, resulting in the lowest crime rate in Seminole County's 107-year history. The most significant responsibility we have to our community is to prevent crime, and our overall success is a direct result of the sustained budgetary resources that have been allocated. Considering only 10-20% of crime is reported and unreported crime is often perpetrated upon our most vulnerable populations, the most important thing we can do is to prevent crime from occurring in the first place.

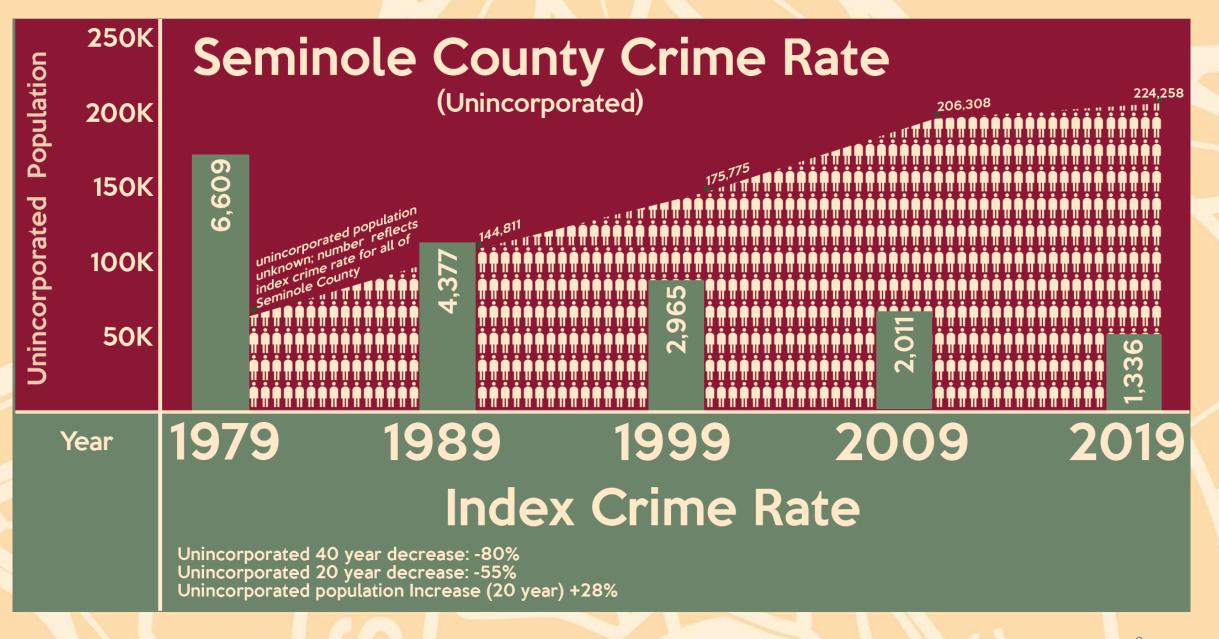

I am so proud of the men and women of the Seminole County Sheriff's Office, their commitment to the highest standards in professionalism, their dedication to the community they have the privilege to serve, and how they have conducted business during this incredibly difficult and evolving time of uncertainty. We appreciate the support provided by the Board to ensure essential service to the community is not compromised and look forward to our continued partnership throughout the upcoming fiscal year.

Sincerely,

Bennie M. Lemma

Sheriff Dennis M. Lemma

BCC FACILITIES

In accordance with Chapter 30.49(d), Florida Statutes, the BCC Facilities Budget is requested separately from the Sheriff's Certified Budget for consideration in the County Budget for funding FY 2020/21 annual operating and capital improvements of county-owned facilities operated by the Sheriff. The total request is equal to the current year budget amount of \$2,975,000.

- OPERATING AND MAINTENANCE: The facilities annual operating and maintenance budget is requested in the amount of \$2 million for day-to-day repair, maintenance and utilities for the John E. Polk Correctional Facility (JEPCF) and Seminole County Juvenile Detention Center. Also included in this budget are maintenance, repair and replacement of security camera systems, cell locks, magnetometers and x-ray equipment at the three court facilities, two correctional facilities, juvenile assessment center and Building 100.
- **CRITICAL CAPITAL IMPROVEMENTS**: The critical infrastructure capital improvement budget request of \$975,000 is proposed as follows:
 - <u>Renovation and Expansion of the SCSO Communications Center \$975,000</u> Additional funding to provide for the expansion of the Communications Center, establishment of updated and additional work stations to operate the center, and relocation of the communication's administrative staffing to adjacent office space. The unspent budgeted Contingency amounts of \$160,000 have been carried forward from FY 2016/17, FY 2017/18 and FY 2018/19 to establish the initial funding of \$480,000 for the SCSO Communications Center project. The project's design contract of \$135,000 has been funded with this initial amount.

SHERIFF'S SPECIAL REVENUE FUNDS

Special Revenue Funds are established to account for the proceeds of specific earmarked revenue sources that are restricted by law or committed to expenditure for specified purposes. Included in the Special Revenue Funds are grant revenues received through contracts with federal and state agencies to finance particular programs or activities and transfers from the County of statutory revenues restricted for uses within the Sheriff's operations.

The Seminole County Sheriff's Office is one of seven Sheriff's Offices contracted by the Florida Department of Children and Families to provide Child Protective Services on behalf of the State. In addition, the Seminole County Sheriff's Office is under contract with the Department of Juvenile Justice to provide various transition programs for adjudicated youth. The current Special Revenue Funding for the Seminole County Sheriff's Office includes funding for 88 full-time positions and 2 part-time positions, of which 60 full-time positions and 1 part-time position are under the Child Protective Services agreement.

CONSTITUTIONAL OFFICERS DEPT

Supervisor of Elections

Program Message

The Supervisor of Elections Office is responsible for carrying out the election laws adopted by the State Legislature and provides Seminole County residents with important election information. This office handles all Countywide election activities including registering citizens to vote, managing voting booths and providing ballots, and assisting candidates with registration. The mission statement for the Supervisor of Election is: Efficient Elections- Excellent Service - Fiduciary Conservatism - Voter Confidence. The Office includes an elected Supervisor of Elections and 17 other FTEs (not including poll workers).

The program provides the following services:

- Ensure that political elections are conducted within all laws and guidelines
- Provide adequate polling locations, voting equipment, and trained personnel

SEMINOLE COUNTY GOVERNMENT FY 2020/21 ADOPTED BUDGET DOCUMENT

CONSTITUTIONAL OFFICERS DEPT

Tax Collector

Program Message

The Tax Collector's Office collects and remits to the County the tax revenue pertaining to real and personal tangible property in Seminole County, along with other various revenue sources. Under Florida Statute 197, the Tax Collector has the responsibility for the collection of ad valorem taxes and non-ad valorem taxes assessments. These are levied by the county, municipalities, and various taxing authorities in the county. Taxes are based on the assessed value and the millage of each taxing authority.

The program provides the following services:

- Collect and distribute porperty taxes
- Provide license plates, tags, titles, drivers licenses and recreational licenses

| 11 | Official | 1A | | Salary guideline to be provided by the DOR. | | | | |
| . 12 | Employees (Reg) | 1A | \$164,381 | A salary increase for County employees has not been confirmed until the County Commision votes in September, 2020. County Mgr recommendation to the Board will be for a total consolidated merit based increase of 3% for all County employees. Based on that assumption, our Tax Collector guideline merit increase for 2020-21 is at 3%. Due to a directive from TC to substantally reduce total product transactions per employee , reduce hour plus wait times and generally improve the overall customer experience. Our office salary structure remains at a competitive disadvantage relative to the overall pay scale of the County staff and other Constitutional Officers. We occasionally lose a trained employee to the Sheriff, Clerk of Court, Property Appraiser, or County Manager staff because of their higher starting pay rate and historically higher percentage annual salary increases than our office. The difference is significant for equally skilled positions as those offices have frequently enhanced job classifications moving the same type of work several grades higher than our office. We have strived to sustain the caliber of work force we need to obtain and the level of job performance we expect. Our current entry level start rate has been increased to \$14.00 per hour. | | | | |
| 13 | Employees (Temp) | 14 | | Effective use of temporary help at peak periods. (1) Tax Department: 4 employees, at \$12.15 per hour to review, separate and prepare November and December tax payments for high-speed processor and manual exceptions. (2) Branch Operations - Peak load seasonal support for high volume days by previous CSRs currently enrolled in college @ \$14.00 per hour. | | | | |

| 15 | Special Pay | 1A | 26,629 | Normal TC annual policy reflecting employees exercising pay-in-lieu of paid leave time off which is very effective in reducing workday absenteeism, 1 definite and 2 possible scheduled retirees and organizational changes within this Budget year. Pay-in-lieu during new administration transitions tend to be higher, employees are apprehensive of policy change and of possible staff changes. Upper management with higher accrued times tend to get paid out. |

We are in year 2 of the overhaul of the tax software. The prior software was obsolete and no longer supported.

This allows us to integrate with the cashiering software and merchant services as well as adopting the INFORMA Imaging and high speed remittance software.

HOW LONG WILL THIS PURCHASE FULFILL THOSE NEEDS?

The tax software will fulfill the SCTC office for multiple years to come.

BUDGET YEAR 2020-2021 JUSTIFICATION WORKSHEETS - SCHEDULE 1A – PAGE 3

ITEM 11 - OFFICIAL

DOR Budget Instruction Workbook states for your budget request (2020-21), use the current (year 2019-20) approved salary for the Official. DOR will plug in correct figure at later date and return the revision to Tax Collector Office as part of "Final Budget" approval.

ITEM 12 - EMPLOYEES (REGULAR)

A salary increase for County employees has not been confirmed until the County Commission votes in August or September 2020. Agreement appears certain on a 3% merit increase. The County Manager's recommendation to the Board will be for a total consolidated merit-based increase of 3% for all County employees. Based on that assumption, our Tax Collector guideline merit amount for the 2020 - 21 budget is at 3%

Our competitive disadvantage compared to the pay rate of other Constitutional Officers in the County is partially corrected with new start rate of \$14.00 per hour. We occasionally lose a trained employee to the Fire Department, Sheriff, Clerk of Court, Property Appraiser, or County Manager staff because of their flexible hiring pay rate, and the fact their rate of annual salary increases has historically been significantly higher for equally skilled positions than we have budgeted by adhering to the annual state or county stated recommended guidelines. They accomplished this with past annual position increase rates and frequent job classification enhancements moving same types of work category as this office several grades higher.

ITEM 13 - EMPLOYEES (TEMPORARY)

<u>Tax Dept.</u> needs 4 employees (temp) for 20/40-hour week for 5 to 7 weeks at \$12.15 per hour November 2nd through December 18th to process property tax mail-in payments.

2 x 25 hours x 5 weeks = {250 hours} 2 x 40 hours x 5 weeks = {400 hours} 650 hours x \$12.15 per hour = **\$7,897.50**

<u>Branch Operations</u> - Temporary help on high volume workdays, plus summer vacation fill-in, in Casselberry and Lake Mary offices by previous CSR employees as needed for work flow, at \$14.00 per hour average Approximately 200 hours (5 wks @ 40 hrs) x \$14.00 per hour = **\$2,800**

Current annual reflects position salary range.

ITEM 14 - OVERTIME

Monthly and annual motor vehicle transaction activity stabilizes with current moderate population growth. Overtime a cost-efficient way to maintain peak reasonable turnaround time on dealer work and regular customer service.

Primarily positions: Customer Service Representatives I, II, III, IV, Workleaders and facilities/ couriers (est. 100 employees). Project 400 total hours overtime at regular average hourly rate of $16.00 \times 1\% = 24.00 \times 500$ hours = 12,000.00

TOTAL ROUNDED \$12,000

ITEM 15 - SPECIAL PAY

Employees exercising TC Policy Manual pay-in-lieu option to reduce absenteeism. (See attached Pages from Policy Manual).

Program has been effective in providing more man-hours per day on the job with current work force, and without much overtime. Employees mandated to take all hours over 480 accumulated on January 1 of following year. In addition, other employees estimated to take partial payout available by policy for over 120 hours accumulated as of January 1 and should include close out hours of any-employee expected to retire. There are 2 employees forecast to retire in Budget Year 2020-21.

Also impacts FICA at 7.65% and retirement at 10%.

ITEM 23 – LIFE & HEALTH INSURANCE

- Health Insurance Premium for Blue Cross/Blue Shield for Office of Seminole County Tax Collector for Budget Year 2020-21 estimated at 25% increase on insurance worksheet. Current 2019-20 actual premiums paid appear to be (on 9 months actual) \$ 1,488,586 full year of 2019-20 year. At 25% premium increase plus an estimated to offset open enrollment changes, Tax Collector cost for 2020-21 forecast at \$ 2,401,478 for Health Insurance.
- Seminole County Tax Collector provides supplemental payment to monthly employee and up to 50% of retiree cost for HMO insurance selection (not to exceed \$400) to ease burden of consistent increases for medical care. (See worksheet)

TOTAL: \$-0-

ITEM 25 - UNEMPLOYMENT COMPENSATION

Anticipate that some of employees that resigned or were terminated in the past two years will file and receive some \$ amount of compensation. Calculated at \$275 x 26 weeks x 3 =\$21,450.00

Estimate: \$21,450

Paid Vacation Leave Days

The Tax Collector is pleased to provide each employee with a certain number of paid vacation leave days, which will vary according to your years of service with the office. Paid vacation leave days are intended to provide you with pay for scheduled vacations, and when it is necessary for you to be away from your assigned work location on personal business. It may be used for scheduled or unscheduled absences.

All full-time personnel who work an average of 40 hours per week shall earn and accrue paid vacation leave days based on their length of service, in the following manner:

| Years of Service | Days Per Anniversary Year |
|---|--|
| After 1 full year * thru 4 complete years | 10 (available on service anniversary date) |
| After 5 thru 9 complete years | 12 (available on service anniversary date) |
| After 10 thru 14 complete years | 14 (available on service anniversary date) |
| After 15 thru 19 complete years | 16 (available on service anniversary date) |
| After 20 thru 24 complete years | 18 (available on service anniversary date) |
| After 25 complete years and over | 20 (available on service anniversary date) |

* Paid vacation leave days are not available to new employees within the first year of their employment.

Hours are not earned or accrued on a monthly basis. Paid vacation leave is only granted and available at the conclusion of each service anniversary date. It is available for use or may be partially "banked" at the end of each calendar year. No employee is required to utilize all of the paid vacation days in the anniversary or calendar year in which they are granted. No incremental hours are credited or available on a partial month earning basis. An employee with 2 or more years of service may be allowed to take more days vacation per year than the annual allotment, with managerial approval, by "banking" hours for future use. However, no employee will be allowed to schedule and/or take more than 20 vacation days within any one service anniversary year.

Use of paid vacation leave is restricted to a minimum of 15 minute (1/4 hour) increments.

The Tax Collector believes that time away from the office is important for the physical and mental well being of every employee. Therefore, once earned, each employee is expected to schedule at least one week paid vacation leave per calendar year. However, beyond that requirement, employees may "bank" and accumulate up to <u>480</u> hours (<u>60</u> days) of combined paid vacation and sick leave time. Once that cap is reached, you will be paid at the end of that calendar year for earned and unused paid leave days (or hours) above that amount. The Tax Collector will purchase unused paid vacation and/or sick leave days (or hours) upon your request after the end of any calendar year when you have at least 120 combined paid leave hours accumulated. This is considered pay in lieu of earned paid leave.

* This Page Last Revised 8/1/2013

Footnote Key:

_____ (underline) means most recent revision of consequence.

10

Request for paid vacation leave must be submitted, approved, and granted, and is at the discretion of the employees manager. While the manager will attempt to schedule vacations at the times most desired by each employee, the final right of allotment or change of vacation periods is reserved for the managers decision.

All employees are entitled to receive 100% of paid vacation leave days due and not used or paid in lieu since their last service anniversary date at the time of separation from service.

Part-time (employees that work less than 40 hours each week) or seasonal employees are not eligible for paid leave days, bereavement leave, holiday pay, insurance or full time_retirement benefits. Any time off for vacations, holidays, sick time, or personal leave shall be without pay.

Paid Sick Leave Days

The Tax Collector understands it is reasonable to provide each employee with a certain number of paid sick leave days, which will vary according to your years of service with the office. Paid sick leave days are intended to provide you with pay for days you are absent from work due to personal illness, illness of a family member living in your home for whom you are a caregiver, accidental injuries, or prescheduled doctor and dental appointments. It may be used for scheduled or unscheduled absences.

All full-time personnel who work an average of 40 hours per week shall earn and accrue paid sick leave days based on their length of service, in the following manner:

| Years of Service | Available on Service Anniversary Date Hours Per Month | Days Per Anniversary Year |
|---|---|---------------------------------|
| After 6 * months through 4 complete years | <u>4.00 hrs</u> | <u>6</u> |
| After 5 through 9 complete years | <u>5.00 hrs</u> | <u>7.5</u> |
| After 10 through 14 complete years | <u>5.667 (5 hrs, 40 mins)</u> | 8.5 |
| After 15 complete years and over | 6.667 (6 hrs, 40 mins) | <u>10</u> |

* Paid sick leave hours are not available for use by new employees until the completion of their first 7 months of employment, or if on extended probation, until released beyond that time. Hours per month begin to be earned on the first day of the month following the end of six months employment and continue on the first day of each month thereafter. They are available for use ONLY after the last day of each calendar month. No incremental hours are credited or available on a partial month earning basis. Use of paid sick leave is restricted to a minimum of 15 minute (1/4 hour) increments.

Employees absent due to illness are to personally notify their manager before the beginning of each scheduled workday, except in cases where such notification is not possible (which will require a subsequent explanation). In case of an emergency, you may contact your manager at their home. A representative should call in an unexpected, unscheduled absence on your behalf only if you are physically incapacitated and unable to speak to your manager yourself. Failure to report in for any reason for 3 consecutive workdays when you are scheduled to be at work shall be considered as a voluntary resignation. Employees with available accrued sick leave time should use it as opposed to taking the time off without pay.

A violation of this policy may be grounds for disciplinary action.

Footnote Key:

11

_____ (underline) means most recent revision of consequence.

Many employees are fortunate in not needing to utilize all of their earned paid sick leave each year for themselves or their families. In fair treatment to all, and to accommodate these employees, the Tax Collector will allow each employee to accumulate up to <u>480</u> hours (<u>60</u> days) of combined paid sick and vacation leave time. Once that cap is reached, you will be paid at the end of that calendar year for earned and unused eligible paid leave days (or hours) above that amount. The Tax Collector will purchase unused paid sick and vacation leave days (or hours) upon your request after the end of any calendar year when you have at least 120 combined eligible paid leave hours accumulated. This is considered pay in lieu of earned paid leave.

All employees are entitled to receive 100% of paid sick leave days accrued and not used or paid in lieu as of the last day of the last full month worked, at time of separation from service.

Part-time or seasonal employees will not be eligible for any paid leave days, bereavement leave, holiday pay, insurance or full time retirement benefits. Any time off for vacations, holidays, sick time, or personal leave shall be without pay.

Paid Serious Illness Leave Days

This Paid Leave Benefit deleted as of September 1, 2011.

Redemption:

Employees with a remaining balance of earned Serious Illness Leave prior to 9/1/2011 will be eligible to receive payment for a portion of their unused "Serious Illness leave" available upon separation from employment with the Tax Collector, if they leave in good standing. Good standing is determined by the Tax Collector and includes having submitted a written resignation no less than 10 working days prior to the effective date of your separation, then working all of the days prior to the submitted separation date, or upon a scheduled retirement from service date.

If you have completed:

- 10 years continuous satisfactory service, you may receive 20%.
- 15 years continuous satisfactory service, you may receive 30%.
- 20 years continuous satisfactory service, you may receive 40%.
- 25 years continuous satisfactory service, you may receive 50%

Employees leaving with less than 10 years of service at time of separation are not eligible for compensation for any Serious Illness unused leave hours.

Use:

Use of accumulated hours of Serious Illness Paid Leave is defined as available for an employee health condition such as illness, injury, physical or mental impairment which requires in-patient care in a hospital, clinic, hospice or residential medical care facility, or requires continuing outpatient treatment by a licensed medical doctor or health care provider for a minimum of 3 working days.

Paid Serious Illness Leave is to be used ONLY for an employee's serious illness (not family members).

Pursuant to Florida Statutes 29.008(1)(f)2 and (h) "Counties are required by s. 14, Art. V of the State Constitution to fund the cost of communications services, existing radio systems, existing multi-agency criminal justice information systems, and security of facilities for the circuit and county courts, public defenders' offices, state attorneys' offices, guardian ad litem offices and the offices of the clerk of the circuit and county courts performing court-related functions."

F.S. 28.24(12)(e)(1) provides for a \$2 recording fee to fund court related technology budgeted in this program.

Judicial - Seminole County's Judicial Article V funding is intended to fund the cost of communication services and existing multi-agency criminal justice information systems. The Court Technology Office oversees the deployment and maintenance of all computers and supporting devices that are used by judges and support staff while executing their constitutional duties and providing justice for the people of the 18th Judicial Circuit of Florida. To that end, the Court Technology Office installs, configures, and supports productivity and security software on all deployed devices to ease the job requirements of the individuals using them, which includes operating system maintenance and support as well as training and education for software use and best practices.

The Court Technology Office also supports and manages solutions to effectively collaborate between all stakeholders in the organization, across the circuit-wide network, supporting six courthouses and two jail locations.

Public Defender - A poor person, not able to hire an attorney, arrested and charged with a crime did not have a right under the Sixth Amendment to the United States Constitution to have a lawyer represent them until 1963. That is when the United States Supreme Court decided the Florida case of Gideon versus Wainwright. In the Gideon decision, Justice Hugo J. Black wrote, "From the very beginning, our state and national constitutions and laws have laid great emphasis on procedural and substantive safeguards designed to assure fair trials before impartial tribunals in which every defendant stands equal before the law. This noble idea cannot be realized if the poor man charged with crime has to face his accusers without a lawyer to assist him." In response to the Gideon decision, the Florida Legislature in 1963 created the Office of the Public Defender. It was the first statewide Public Defender system in the nation. The Public Defender is a constitutional officer under Article V of the Florida Constitution. The Public Defender is an elected official, holding a four-year term of office. There are twenty elected Public Defenders in the State of Florida – one for each of the twenty judicial circuits in Florida. Seminole County is in the Eighteenth Judicial Circuit, which also includes Brevard County. The Public Defender for Seminole County provides cost-effective legal representation and is the lowest-funded Public Defender office in Florida, comparing Public Defender funding to their State Attorney counterpart across the state.

There is a description of the Public Defender office and of the criminal justice system at the Public Defender's website: www.18thjudicialcircuitpublicdefender.com.

State Attorney - The Office of the State Attorney pursues vigorous and fair prosecution of criminal cases, with a commitment to serve as an advocate for the rights of all victims, and promote the safety and well-being of the public. The State Attorney's Office excels and is acknowledged as a leader in providing quality prosecution, exceptional service to victims, and for our work in partnership with the community in providing early intervention and preventive education programs for juveniles, consistent with the safety and well-being of the public.

The State Attorney is a constitutional officer under Article V of the Florida Constitution. The State Attorney is an elected official, holding a four year term for office. The State Attorney is dedicated to a fair and objective judicial process for all persons, defending the rights of the victims and witnesses with concern, compassion, and respect for their dignity, and establishing honesty and integrity in fulfilling the responsibilities of this office.

The Office of the State Attorney's Article V funding is designed to fund the cost of communication services and existing multi-agency criminal justice information systems. The Information Technology Services division is responsible for the deployment, upkeep, and maintenance of all computers and supporting devices that are used by attorneys and support staff during their day-to-day work in the pursuit of justice for the People of the 18th Judicial Circuit of Florida. To serve this requirement, IT installs, configures, and supports software application packages on those endpoint devices to facilitate the job requirements of the individuals using them, which includes operating system maintenance and support as well as training and education for software use and best practices.

To enable communication between all stakeholders in the organization, the ITS division maintains a circuit-wide network supporting four branch offices: Sanford, Viera, Titusville, and Melbourne, which complies with FDLE requirements.

The program provides the following services:

Judicial

- Maintain, manage and improve IT infrastructure for 18th Judicial Circuit
- Maintain, network, servers and data storage
- Communicate between all circuit justice partners
- Work towards providing a secure IT infrastructure

• Implement and maintain technologies that support quality legal representation at lowest funding level in the state

• Utilize data sharing processes and technologies to improve quality and availability of information at lowest staff levels

• Utilize optimum mix of cloud-based services, internet services, and vendor support, along with local systems and employee staff, to provide efficient office automation and case management services at the lowest cost

State Attorney

- Work with outside agencies- FDLE, DHSMV and various LEAs in the circuit
- Maintain, manage and improve IT infrastructure for The Office of the State Attorney, 18th Circuit
- Maintain servers and data storage

Guardian Ad Litem

The Seminole County Guardian Ad Litem program began in 1980 as part of a pilot project to test the effectiveness of lay citizens as advocates for abused and neglected children. This program was created to implement sections 39.820, 39.821, 39.822 and 39.8296 of the Florida Statutes. The Legislature has found that the Guardian Ad Litem program has been an indispensable in providing a voice for a child's best interest in dependency court and the Department of Children and Families for 40 years.

The mission of this program is to be a powerful and effective voice advocating for the best interest of abused, abandoned and neglected children who are under the jurisdiction of dependency court. This is done through the team work of professional staff and trained volunteer child advocates. Through county support we are able to recruit, train, support and supervise volunteers to be the voice to speak up about what the child needs.

A portion of the \$65 additional court cost fee is utilized to fund the County's cost of the Guardian Ad Litem program.

The program provides the following major services:

- Child Advocacy for Dependency Children in court and in the community
- 30 hours of training to volunteers so they can become certified child advocates
- 12 hours of ongoing training in areas of Education, Human Trafficking, Impact of Trauma on children, Substance Abuse, Mental Health, Child Welfare issues, Early Childhood Development, Diversity Training and other pertinent topics

Judicial

The Eighteenth Judicial Circuit consists of Seminole and Brevard Counties. Sixteen judges with support staff of fifty-four employees serve in Seminole County. Court Administration manages all administrative and case management duties. Nearly 2.8 million new cases are filed each year in Florida's Trial Court and with the substantial population growth in Seminole County, the 18th Judicial Circuit caseload is growing each year.

As of July 1, 2004, pursuant to Senate Bill 2962 (Implementation of Revision 7 to Article V) a \$65 additional court cost was approved to be imposed on criminal traffic cases where the defendant was found guilty or pleaded guilty or nolo contendere. The Board adopted this fee by ordinance on June 8, 2004.

Since the implementation of Revision 7 to the Florida Constitution, Seminole County has continued to work closely with the judicial system. Seminole County will continue to fund facilities, security, existing criminal justice information systems, and communications as specified by the legislature as local requirements (F.S. 29.008).

The Court is responsible for being accessible, fair, effective, responsive and accountable to everyone. The Court also provides many services including but not limited to Adult Drug Court, Veteran's Court, Adoptions and mediation.

The 18th Judicial Circuit provides the following to the citizens of Seminole County:

- Access to the Courts in an innovative and effective manner
- Uphold and interpret the law
- Provide for the peaceful resolution of disputes
- Mediation services for contested family and civil law matters
- Foreign and Sign Language Interpreting services in court proceedings
- Problem Solving Court Programs such as Veteran's, Mental Health, Adult and Juvenile Drug Courts
- Various other services to meet the legal needs of the community

Legal Aid

Seminole County Bar Association Legal Aid Society renders free civil legal services to residents of Seminole County whose income does not exceed 125% of the Federal Poverty Level. The goal of the provision of these services is to empower vulnerable residents to become self-sufficient, improve their quality of life and safeguard their safety, as well as the safety of members of our community. Priority of service is provided to victims of domestic violence, abused children, the disabled, veterans and the elderly in Seminole County.

Legal aid has been providing these services to the indigent community since 1975. Services are provided with the assistance of staff attorneys, support staff and a panel of volunteer attorneys, law students, and college students.

A new study, commissioned by the Florida Bar Foundation, shows that every dollar spent on civil legal services for the state's low-income residents yields more than \$7 in economic impacts. This study adds to a large body of empirical data – from Florida as well as other states – that clearly demonstrates that society at large benefits when the rights of the poorest and most vulnerable among us are protected. The study points out that civil legal aid also helps ease the burden on Florida's court system by helping people who are self-represented navigate the system and helping the public understand legal processes. Civil legal aid organizations also support and leverage the pro bono work of private attorneys. This study further shows that when vulnerable residents have a good way to resolve their civil legal problems, they can remain important assets to their families, on their jobs and in their communities.

As of July 2004, per Article V, Legal Aid became a local requirement and is funded through the General Fund as mandated in Florida Statute 29.008. Under Article V the budget for Legal Aid is based on a 1.5% increase over the prior fiscal years and is supported by 25% of the \$65 additional court cost revenue receipts.

Legal aid helps our residents as follows:

• Protect physically abused residents obtain protection orders, gain safe timesharing plans for their children, and obtain court orders providing support for their children

• Help vulnerable parents become appointed guardian advocate of their disabled children when their child turns 18 years of age and cannot make decision for themselves due to their disability

- Provide legal advice to veterans at monthly legal clinic via Zoom
- Assist vulnerable elderly, disabled, veteran, physically abused residents avoid immediate displacement from their housing by providing legal assistance
- Assist disabled foster youths obtain a high school education through legal advocacy at the school
- Helps residents looking for employment seal and expunge an eligible criminal record to secure employment

Extension Services

Program Message

Extension Services is a cooperative partnership between Seminole County Government and the University of Florida (UF). The Extension Service's education programs are directed at broad national and state concerns, as well as issues specific to Seminole County, with locally determined and citizen influenced priorities.

Extension Services program areas include: 4-H Youth Development is a youth education program which provides youth the opportunity to learn life skills needed to become productive and self-reliant members of society, good citizens and leaders of tomorrow. Florida Yards and Neighborhood program educates homeowners about how to design, install and maintain healthy landscapes that use a minimum of water, fertilizer, and pesticides. Urban Horticulture promotes the environmentally sound practices to manage plants inside/outside your home, while the Master Gardner program trains volunteers in basic horticulture principles. Families and Consumers Sciences program provides solutions to improve your health, home, finances and family life. Commercial Horticulture is a program where commercial growers and livestock producers can access up to date production and marketing information.

The program's priority initiatives that guide program development, delivery and impact assessment are:

• Increase the sustainability, profitability and competitiveness of agriculture and horticultural enterprises;

- Enhance and protect water quality, quantity, and supply;
- Enhance and conserve Florida's natural resources and environmental quality;
- Produce and conserve traditional and alternative forms of energy;
- Empower individuals and families to build healthy lives and achieve social and economic success;
- Strengthen urban and rural community resources and economic development;
- Prepare youth to be responsible citizens and productive members of the workforce.

Greenways and Natural Lands

Program Message

Greenways and Natural Lands purpose is the preservation and management of passive parks, natural land, greenways and public landscapes within Seminole County; to enhance or promote biodiversity, environmental education and passive based recreation for existing and future generations; and to maintain Seminole County's developed properties for resident and visitor in an aesthetically-pleasing, efficient and environmentally responsible manner.

The Greenways and Natural Lands program areas include: Greenways and Trails, which maintains approximately 40+ miles of the County's interconnected system of paved trails, including designated pedestrian bridges and underpasses. Also included are the paved and unpaved trails present within each park. Passive Parks maintains the aesthetics and safety of 21 un-staffed park locations in Seminole County. These park types include boat ramps, neighborhood parks, trailheads and specialty parks. They range in size from Jamestown Park's 1 acre to Henry Levy Mullet Lake Park's 151 acres. The Natural Lands Program has opened a total of 12 of the 13 Natural Lands Program sites for public access consisting of over 97% of NLP acreage. The total Natural Lands Program properties total over 6,628 Acres.

The program provides the following services:

• Maintains County's interconnected system of paved trails, including designated pedestrian bridges, underpasses, and paved, and unpaved trails present within each park;

• Maintains the aesthetics and safety of un-staffed park locations in Seminole County;

• Streetscapes: Coordinating and supervising the maintenance of 60+ miles of landscaped medians throughout the County through several private contracts. The plantings within the median landscapes are maintained following best management practices for the long-term survivability of drought tolerant species;

• Public Facility Landscape Maintenance: responsible for the landscape maintenance at 60+ public buildings and undeveloped County lots maintained at various levels of service through several private contracts;

• Construction and Maintenance Assistance – The Projects Team: provides assistance to the Leisure Services Department in emergency repairs and special construction projects. The Projects Team handles priority or emergency safety projects –such as immediate repairs to facility amenities – as well as proactive inspection of park facilities and inspection of play equipment and other park amenities;

• Land preservation and management of the County's wilderness areas and preserves, maintaining the properties to allow for passive uses such as hiking, biking, horseback riding and ;

• Operates the Ed Yarborough Nature Center for environmental educational and conservation purposes;

• Provides educational outreach to local schools to promote Natural Lands interest, conducts monthly guided hikes through existing Natural Lands properties to promote education;

Parks and Recreation

Program Message

Parks and Recreation purpose is to encourage healthy, active lifestyles, social development, and lifelong learning. Sound bodies and sound minds require physical activity and the chance to experience personal growth. The Program provides the setting for social events large and small where people can connect with each other, and participate in classes and group activities for personal enrichment, as well as an investment in the arts and cultural growth within our communities. The Parks and Recreation program areas include Parks and Recreation Activities.

The program provides the following services:

• Manages six active park and sports facilities;

• Offers a wide range of activities suitable for all ages to get outside and get active - teaching positive lifestyle habits in all areas from nutrition to physical activities to sports and life skills;

• Coordinates with partners such as Tourist Development Council (TDC), the Elite Clubs National Leagues (ECNL), United States Tennis Association (USTA) and others to host local, regional and national tournaments for softball, tennis, soccer, youth baseball, field hockey and lacrosse;

• Serves the community as a cultural resource highlighting the role of Seminole County as the historical gateway to Central Florida and features exhibits on early rural life, the county's rich farming history and items of local and regional significance;

• Hosts quarterly exhibits, special events, and research libraries;

• Manages volunteers and organized members within the historical and recreational communities who support Seminole County.

FIRE DEPT

Department Message

The Fire Department for Seminole County continues to meet the growth and changing needs of our diverse community through a well-trained workforce that pro-actively meets the challenges of excellent customer service as well as fire and life safety protection. The cornerstones of quality emergency service delivery, community education, prevention, and promptly meeting the needs of the citizens, workforce and visitors in an efficient manner establishes the foundation of this organization. Between residents, tourists, the daytime service workforce and commuters, there are well over 2 Million citizens traveling to or through Seminole County on a daily basis.

The Seminole County Fire Department (SCFD) was established in 1974 and was created to serve unincorporated Seminole County. Today, through mergers with municipalities, the department also provides contracted emergency services for the cities of Altamonte Springs, Casselberry, and Winter Springs. In addition, first response agreements are in place with the Cities of Lake Mary, Longwood, Sanford and Oviedo. First response agreements have also been established with counties that border Seminole County. Seminole County Emergency Communications provides dispatching for all fire departments in Seminole County.

The mission of Seminole County Fire Department is to strive for a 5 minute response time as established through the National Fire Protection Associations performance standard 1710. In addition, the mission is to have trained personnel, appropriate resources and effective fire prevention. To achieve the mission, SCFD operates 20 fire stations strategically located throughout Seminole County, one (1) jointly operated with Orange County in the area of the University of Central Florida, and a Fire Training Center capable of delivering National Fire Academy, state and local level courses. Emergency Communication's mission is to preserve life and property by delivering professional, effective, and compassionate emergency medical and fire hazards support to the citizens, visitors, employees and first responders of Seminole County.

Emergency Communications

Program Message

The Seminole County Emergency Communications Center provides centralized dispatch services for fire and EMS resources to all fire and Emergency Medical Services (EMS) agencies operating as a part of Seminole County's first response system. These municipalities include Altamonte Springs, Casselberry, Lake Mary, Longwood, Oviedo, Sanford, Winter Springs, Orlando-Sanford Airport and the unincorporated areas of Seminole County. All operators working in the Emergency Communications Center are state certified as Telecommunicators, Emergency Medical Dispatchers (EMD) and Emergency Fire Dispatchers (EFD) that are trained to provide lifesaving instructions to callers during emergency medical and fire situations.

The Center operates a computer aided system that allows for SCFD to utilize a single application, providing county wide situational awareness, maximum operational effectiveness through real-time communications, and the ability to make dynamic decisions regarding the allocation and deployment of resources. System activities include: 9-1-1 calls, dispatching Fire/EMS to incidents, command and control of resources, including geographical tracking of apparatus, alerts and warnings regarding hazardous situations, and enterprise wide notifications of serious incidents.

The program provides the following services:

• Centralized dispatch services for EMS/Fire/Rescue and HazMat resources to all cities within Seminole County

• Processing of after-hours service requests for Animal Services, Roads, Stormwater, Traffic Engineering, Fleet and Facilities Maintenance

EMS Performance Management

Program Message

The EMS Performance Management Program continues to coordinate the system-wide quality improvement program, improve the "standard of care" based on evidence-based medicine and supported by clinical outcome data, and partner with local hospitals to decrease mortality and morbidity to the citizens of Seminole County. This is accomplished through a continuous quality improvement (CQI) program that utilizes critical performance indicators established by the EMS Medical Director.

This Program adheres to state and federal requirements found in Chapters 396 and 401 of the Florida Statutes, Florida Administrative Code 64J and the Health Insurance Portability and Accountability Act (HIPAA).

The program provides the following services:

• Develops educational programs that will improve or enhance the level of care provided by the system's EMT's and paramedics

• Assists EMS providers and receiving hospitals in defining standards, evaluating methodologies and utilizing outcome data results for continued system improvement

FIRE DEPT

EMS/Fire/Rescue

Program Message

The Seminole County Fire Department (SCFD) was established in 1974. The SCFD was created to serve unincorporated Seminole County. Today, we also provide contracted emergency services for the cities of Altamonte Springs, Casselberry, and Winter Springs. The SCFD operates 20 fire stations strategically located throughout Seminole County, one (1) jointly operated station with Orange County in the area of the University of Central Florida and a Fire Training Center capable of delivering National Fire Academy and state and local level courses.

The Seminole County Fire Department Administration directly supports the mission of the Fire Department and coordinates all non-emergency response activities within the department, such as payroll, benefits, workers' compensation, budget development, approval of purchase and repair requests, EMS billing, as well as liaison for the department in legal matters.

The Professional Standards/Training section is responsible for the initial orientation and training of all our new recruits, as well as continuing education and training for over 400 firefighters. This is accomplished by delivering fire, EMS, officer, and special operations training through a number of formats. Most of our educational courses, training classes, and multi-company drills are offered to the surrounding cities participating in our first response agreement, as well as the tri-county and state region, and are Fire College Department of Insurance Continuing Education (FCDICE) approved for continuing education credit at the state level. The state-of-art facility has a 5½-story training tower, pressurized rail car, various hazmat training aids and props, and several confined space training areas. The Training Center is now nationally-recognized as a Professional Testing Center for the National Testing Network, providing test administration services for the Candidate Physical Ability Test (CPAT) and FireTEAM test. The Community Outreach section informs and educates the public about all available emergency and safety programs and services.

The program provides the following services:

- Fire Administration and Support
- EMS/Fire/Rescue Operations
- Special Operations (HazMat, Technical Rescue and Dive/Water Rescue Services)
- Planning and Analytics
- Internal/External Firefighter and Paramedic Training
- Community Outreach, Information and Education

FIRE DEPT

Fire Prevention Bureau

Program Message

The Seminole County Fire Prevention Bureau is responsible for the enforcement of the Florida Fire Prevention Code, Florida Administrative Code 69-A, local laws and ordinances as adopted by the State of Florida, Seminole County and the cities of Winter Springs and Casselberry. The first aim of the Fire Prevention Bureau is to provide the prevention services necessary to establish a reasonable level of fire and life safety and property protection from the hazards created by fire, explosions, and other dangerous conditions. The second aim is to provide investigation services necessary to establish safe and systematic investigations of fire or explosions.

The program provides the following services:

- Comprehensive fire plan reviews of fire protection systems, buildings and site plans
- Comprehensive inspections of new construction, ongoing compliance and false alarms
- Cause and origination services through our fire investigation team

COMMUNITY SERVICES DEPT

Department Message

The Community Services Department engages in activities that involve community development, health and human services, and mandated services such as public health, mental health, indigent care and child protection. These activities require the department to implement, audit, and oversee the compliance with several local, state and federal governmental contracts and grants and maintain working relationships with public officials, School Board, law enforcement, State and local District offices, Social Services, Florida Department of Children and Families, Florida Department of Economic Opportunity, US Department of Housing and Urban Development (HUD), and numerous community committees and public interest groups. The department enhances services and demonstrates internal efficiencies via developing multi-year action plans, leveraging human capital, and streamlining efforts.

Community Services Department Mission:

To empower Seminole County individuals, families, and communities to achieve stability and selfsufficiency by linking and leveraging local resources.

Community Services Department Vision:

To provide innovative solutions to partner with individuals, families, and community providers in achieving independence, permanence, and safety.

Community Services Goals:

 Maintain service delivery, staff efficiencies, and public awareness via effective communication.
 Utilize sound administrative and accounting support to all Sections of the Community Services Department.

3. Provide assurance and accountability of funding to agencies.

4. Provide assistance to lower income Seminole County citizens while promoting social and economic self-sufficiency through multiple County Departments and outside agencies.

5. Provide strategies, opportunities and resources to reduce and/or prevent homelessness in Seminole County.

6. Provide safe, decent, and affordable housing opportunities for lower income households.

7. Provide/increase support services to Seminole County Veterans, their dependents and survivors.

8. Revitalize lower income areas and communities of Seminole County.

9. Provide statutorily mandated services up to the amount specified by law/administrative code for persons classified as indigent.

Community Assistance

Program Message

Community Assistance consist of several services areas assisting the needs of citizens of Seminole County. These areas are Community Services Administration Business Office, County Health Department, County Low Income Assistance, Mandated Services -Community, and Veterans Services.

Administration: directs, plans, coordinates and implements the day to day activities and personnel of the Community Services Department which includes overseeing the implementation of affordable housing and community development projects, human/social services and financial assistance program, and Veterans services. The Admin Office also includes the Business and Accounting staffing that provide managerial, fiscal, and compliance support for grants and mandated programs such as: County Health Department and mandated services-community services. Financial services include: oversight, grant administration, accurate and timely reporting, and budgeting.

Compliance: The Compliance program provides compliance to the Community Services Department. The Compliance Officer reviews external and internal agency files and supporting documentation to detect any real or incipient violations of regulatory or contractual requirements. It then works with those agencies to correct any deficiencies and work toward full compliance. The Compliance Officer also reviews sub-recipient and other agreements to ensure regulatory compliance, and offers opinions and guidance in regulatory and contractual interpretation.

County Health Department: The Health Department provides outreach, clinical assessment, and treatment and referral services to the residents of Seminole County. The Community Services Department monitors health status, focuses on community health resources to improve health outcomes, participates in emergency readiness and response issues and provides health education.

County Low Income Assistance: This service provides financial assistance and resources to aid Seminole County residents who are experiencing an unforeseen financial hardship. The program also serves low income residents working toward self-sufficiency. This program is inclusive of various services and funding sources. The services provided have a significant impact in helping individuals and families residing in Seminole County. These services consist primarily of: rent/mortgage, utility, and first month's rent assistance for homeless households. The Compliance program oversees the funding to countywide local non-profit agencies through Community Partnerships that aid low income, disadvantaged or disabled families and individuals

Mandated Services – Community: Additionally, the department oversees several State Mandated programs to include: burial/cremation; indigent medical care and child protection medical team. Health Care Responsibility Act for uninsured Seminole County residents that have a medical emergency outside of Seminole County, but within the State of Florida; Medicaid billing which

pays a portion of medical and nursing home expense for Seminole County residents. These services are mandated by state statute and ensure services and support for indigent care.

Veterans' Services: The Seminole County Veterans' Services (CVSO) is dedicated to helping honorably-discharged Seminole County Veterans, their dependents, and survivors by improving their health and economic well-being through education, advocacy, benefits, and long-term health services. This Seminole CVSO educates the community about Veterans' benefits and serves as the Veterans' advocate when filing valid claims with the U.S. Department of Veterans'' Affairs (VA).

During FY 2019-2020 the Veterans' Services Office continued to provide the highest level of service to Seminole County residents. Dedicated staffing was one Veterans' Services Officer and two Assistant Veterans' Services Officers. The staff served 795 unique clients with 12,531 client contacts resulting in over \$263,938,000 in VA funding coming into Seminole County in Calendar Year 2020.

The CVSO sponsors an annual Homeless Veterans Stand Down, where homeless Veterans are reconnected to the VA and other local resources. The event brings homeless Veterans out of the woods to a central location where they are encouraged to connect with VA medical and mental health, local attorneys, public defenders, and prosecutors as well as other local homeless service providers. Items and services provided include: showers, clothing, haircuts, housing vouchers, inoculations, bus passes, job-finding assistance, food stamps, and others. COVID-19 precluded this event in 2020.

This CVSO is a contributing partner of the Seminole County Veterans' Treatment Court (VetCourt): Judge John L. Woodard III presides. VetCourt provides treatment in lieu of incarceration however, it is not a get-out-of-jail-free card, and in fact, the demands of VetCourt are usually more demanding than pleading out. One in five Veterans who serve in Afghanistan or Iraq has symptoms of a mental health disorder or cognitive impairment, one in six of these Veterans suffers from substance abuse. Research draws a link between substance abuse and combat-related mental illness. Left untreated, these issues can lead to involvement in the criminal justice system. By actively engaging these Veterans early with treatment and counseling, recidivism has dramatically reduced.

Overall, Community Assistance provides the following:

- Provide affordable housing
- Administer human/social services and financial assistance
- Supervise and accommodate Veteran Services
- Steward Federal, State, and local funding

Grant Assistance

Program Message

The Community Development Division aims at improving the living conditions of County residents through infrastructure improvements, public services, housing activities, homeless services and economic development. Seminole County receives Federal and State grant funding through several programs funded by the U.S. Department of Housing and Urban Development (HUD) and the Florida Housing Finance Corporation (FHFC). These funding programs are: Community Development Block Grant (CDBG), Emergency Solutions Grants (ESG), Home Investment Partnerships Program (HOME), and State Housing Initiatives Partnership (SHIP).

The **Grant Low Income Assistance** service, through state and federal governmental grants, provides services to improve the living conditions of low income and homeless residents through the provision of temporary shelter and rental subsidies & supportive services for homeless families and chronically homeless individuals. It also provides dental assistance to extremely low to moderate income residents without dental insurance. The grants that fund Low Income Assistance are Community Development Block Grants (CDBG), Community Services Block Grant (CSBG), and the Continuum of Care / Shelter Plus Care (CoC/S+C).

Rental Assistance: This program provides funds for rental assistance similar to the Section 8 program to special needs populations and homeless households. Households are required to make a monthly contribution.

Housing relocation and stabilization services: This program provides funds to move homeless people quickly to permanent housing by helping defer rental application fees, security deposits, monthly rents, and utility deposits. Housing stability case management is available.

• Capital Improvements: This program provides funds for paving and drainage, sewer and water line improvements, construction of sidewalks, limited park improvements, and construction and/or improvements to community facilities.

• Affordable Housing Development: This program provides funds for site acquisition, infrastructure, and housing development of owner occupied units.

• **Rental Housing Development:** This program provides funds for site acquisition and rehabilitation of affordable multi-family rental housing.

• **Minor Home Repair:** This program provides funds for immediate repairs and/ or alterations to protect the health, safety, and welfare of the household or to affect the immediate livability of the home. The four (4) trades in which assistance can be provided are roofing, electrical, plumbing, and HVAC (heating and cooling systems). In addition, funds may be provided to persons with disabilities who need modifications to increase accessibility and eliminate hazardous conditions in their home.

• Housing Rehabilitation/Reconstruction: This program provides funds for extensive home rehabilitation of owner occupied housing. In some instances, homes that are too severely deteriorated will be demolished & reconstructed.

Program Message

Neighborhood Stabilization Program: The Neighborhood Stabilization Program was established for the purpose of stabilizing neighborhoods suffering from foreclosures, short sales and abandonment. Seminole County received over \$11 million and is implementing two strategies for the use of NSP funds, including property acquisition and rehabilitation for resale to income eligible home buyers, and rental acquisition and rehabilitation to support the need for affordable rental housing stock.
Vacant Lots Program: The County transfers certain County-owned vacant lots to eligible non-profit organizations, via a loan, for the development of affordable housing. In addition, the County should receive State Housing Initiatives Partnership (SHIP) Program funds and HOME Investment Partnerships Program (HOME) funds to assist with construction of affordable housing on these vacant lots.

Capital Projects Delivery

Program Message

Capital Projects has the ultimate purpose of delivering capital projects (roadway, stormwater, subdivision rehabilitation, sidewalks and trails) that eliminate congestion, increase personal mobility, update aging infrastructure, minimizing flooding and meet federally mandated water quality improvement requirements while assuring that public pedestrian and vehicular bridges are safe and structurally adequate.

This program provides the following services:

- Pedestrian/vehicular bridge inspections and repair
- Engineering Services
- Construction Engineering Inspections
- Pavement resurfacing and reconstruction program
- Transportation concurrency and transportation impact fee reviews
- Project Management

Land Management

Program Message

The Land Management Program manages all aspects pertaining to County owned property or property interests. This includes land acquisition in coordination with other County departments, processing transfers of County property interests to the Florida Department of Transportation for State projects within Seminole County, and processing Tax Certificates struck to the County.

The program provides the following services:

• Reviews Preliminary Subdivision Plans for accuracy in County owned right-of-way information

• Reviews requests for Trustees of the Internal Improvement Trust Fund right-of-way reservation releases

- Reviews County owned right-of-way vacates
- Provides vetting for roads to be accepted into the County's road maintenance system

• Supports the Roads-Stormwater Repair and Maintenance Program's Pavement Management System in order to maintain the County's infrastructure in compliance with the Seminole County Administrative Code.

• Maintains the County owned lands layer in GIS

• Coordinates and manages title searches, surveys, environmental and appraisal reports for subject properties associated with County projects and acquisitions

• Provides right-of-way information to internal and external customers (e.g., property owners, utility customers, surveyors, etc.)

• Researches construction plans, imaging system (OnBase), maps, property titles, agenda minutes of the Seminole County Board of County Commissioners, County owned property and County interests as it pertains to right-of-way easements, and various files.

Roads - Stormwater Repair and Maintenance

Program Message

The Roads-Stormwater Program maintains the accepted county system of roads and associated drainage facilities. This includes a number of activities related to road and right-of-way maintenance such as pavement repair, sidewalk repair and replacement, shoulder maintenance, safety tree trimming (contracted), mowing of non-residential roadsides (contracted), maintenance of street drainage systems including curb and gutter, inlets and pipes, roadside ditch and swale maintenance, and street sweeping (contracted). Stormwater facilities including retention ponds, canals and major outfall ditches also require repairs and maintenance of pipes and structures, dredging and excavating, and mowing (contracted). Lining of stormwater pipes to extend their life is also performed by contract.

The Roads Stormwater Program is responsible for the repair and maintenance of county roadways, primary and secondary drainage facilities including canals, ditches, retention ponds, pipes and associated structures; tree trimming/removal within County easements and right-of-ways. We also plan and provide construction of flood prevention projects.

This program contains the following services which have the ultimate purpose of maintaining existing roads and drainage systems:

- Routine maintenance of existing roads
- Maintenance of public rights of way (tree trimming, mowing, guardrails and etc.)
- Maintenance of stormwater infrastructure, ditches, canals and retention ponds
- Vertical and horizontal surveying controls
- Plat review/approval

Traffic Operations

Program Message

Traffic Operations provides engineering and operations functions related to traffic safety and efficiency elements as provided by Florida Law and the BCC in accordance with all Federal, State, and Local standards. This includes the planning, design, construction and maintenance of multiple related systems, signals, fiber optic network, signing, striping, and Advanced Traffic Management System. Infrastructure includes 400 signals, 200 flashers, 350+ corridor miles of fiber, 28,000 signs, 28 Rapid Rectangular Flashing Beacons (RRFBs), and 29 variable message signs.

Traffic Engineering's "Traffic Operations Program" maintains the following services which have the ultimate purpose of managing traffic to ensure the safety and efficiency of the transportation system:

- Traffic signal installation, repair and timing
- Traffic sign installation, repair, maintenance and replacement
- Roadway striping and other markings
- Fiber and Advanced Traffic Management System (ATMS) installation, repair, maintenance and management
- Transportation studies and data processing

Water Quality

Program Message

The Water Quality Program provides water quality directly relating to the quality of water coming into the lakes from their surrounding watersheds. Seminole County Lake Management Program offers options that are understandable and responsive to undesirable lake conditions affecting water quality and biological habitats for insects, fish, birds, etc.

Seminole County Lake Management Program promotes remediation of undesirable lake conditions by facilitating stewardships (lake associations) and partnerships among various stakeholders including fellow neighbors, landowners, community groups, and local and state government professionals working together protecting/improving/managing your lake.

This program contains the following federally mandated services which have the ultimate purpose of keeping the County's natural water bodies clean and also protect, conserve and restore Seminole County's natural water resources through a multi-pronged approach, including:

- Pollution prevention and reduction
- Pollution detection, tracking, forecasting and assessment
- Environmental impact and restoration assessments
- Providing and participating in public education to maintain and improve water quality in Seminole County
- Providing leadership and guidance in watershed management through sound science and a collaborative, comprehensive process
- Watershed awareness, education, training, volunteer opportunities and projects
- Environmental regulatory compliance, intergovernmental and interdepartmental coordination and assistance
- Waterbody restoration, enhancement & maintenance
- Maintaining water quality, meteorologic and hydrologic systems
- Manage County MSBU program

ENVIRONMENTAL SERVICES UTILITIES DEPT

Department Message

The Environmental Services Utilities Department operates water and wastewater utilities. Both utility systems provide high quality and cost effective services to Seminole County customers. The Environmental Services Utilities Department provides timely responsiveness to its customers, operates each utility system to meet or exceed regulatory standards, and maintains a capital improvement program that ensures the utilities maintain current levels of service, plans for future growth, and changes in the regulatory environment.

The Environmental Services Utilities Department is comprised of four Programs, including Business Office; Utilities Engineering; Water Operations; and Wastewater Operations. The Business Office Program provides accounting, utilities customer service and billing, and management oversight of all programs in the department. The Utilities Engineering Program assists in the planning, development and execution of water and wastewater capital and operational projects. The Water Operations Program provides water customers with potable drinking water supply and promotes water conservation. The Wastewater Operations Program provides wastewater customers with wastewater collection, treatment and reclaimed water that meets or exceeds all regulatory standards and is provided in a cost effective manner.

ENVIRONMENTAL SERVICES UTILITIES DEPT

Utilities Engineering

Program Message

The Utilities Engineering team is responsible for project management (concept to completion) of all elements of Seminole County's utility capital improvement program. This service entails management of the planning, design, permitting and construction of all aspects of the potable (drinking) water, wastewater and reclaimed water systems within the County's four utility service areas. Our team ensures quality, cost effective utility infrastructure improvements complying with Federal and State regulations. Examples of the types of utility infrastructure managed include: water plants, wastewater plants, drinking water wells, wastewater pump stations, reclaimed water facilities and pipelines conveying water, waste and reclaimed water.

Utilities Engineering also provides services for County departmental design review and permitting, negotiating and monitoring utility interlocal agreements, MSBU support, updating and maintaining CAD details sheets and standards within the Engineering Manual, utility hydraulic modeling, publication and distribution of utility system maps, providing fire flow data support to Public Safety.

The Utility Inspection Team inspects County owned water, wastewater and reclaimed water infrastructure that is installed in unincorporated areas of Seminole County. These projects may be County capital improvement projects or private development projects where the infrastructure will become part of the County's utility system. Inspectors are responsible for observing the construction of the facilities to ensure compliance with contract documents and County standards. Inspectors observe taps to water mains and sewage force mains, as well as inspecting water mains, reclaimed water mains, sewage force mains, gravity sewer collection systems and wastewater pump stations. Inspectors also observe water main pressure testing, chlorination of water mains and bacteriological testing. They coordinate fire hydrant flow tests, backflow preventer certification, and wastewater pump station start-ups and acceptance testing. Prior to final acceptance of the project, they review record drawings and perform final inspections.

The Utilities Engineering Program provides the following functions:

- Project Management for CIP projects
- Water, Wastewater and Reclaimed Water Engineering
- Backflow Compliance and Testing
- Development Review, Support and Inspections
- Construction Engineering Inspection/County Agency Support
- Utilities and Solid Waste Master Planning
- GIS Infrastructure Data Management

Wastewater Operations

Program Message

At the other end of the water system, wastewater treatment plants clean the wastewater and recycle it as reclaimed water for irrigation. The use of reclaimed water enhances and helps preserve Florida's water supply for the future.

Raw sewage is collected and pumped through force mains to the treatment facility. The average daily influent flow to both wastewater plants is 4.571 million gallons. Larger particles such as rags and grit are removed before sending the sewage to the oxidation ditches for treatment. Microorganisms use the sewage for food and produce a stabilized sludge. The sludge is pressed into a cake-like substance. The monthly average is 914 tons of solids. These solids are then transported to the Seminole County Landfill.

The liquid, or effluent, is filtered, then treated before it is sent out as Public Access reclaimed water for irrigation purposes. Currently, Seminole County has approximately 2,500 residential customers supplied with reclaimed water for irrigation needs. With an average daily flow of about 4.0 million gallons a day, this helps us conserve the potable water for drinking purposes.

The Wastewater Operations Program provides the following services:

- Wastewater Collection
- Wastewater Treatment
- Reclaimed Water
- Sampling and analysis of systems to verify regulatory compliance
- Surface Water Treatment

Water Operations

Program Message

The Seminole County Water Program pumps, treats, and delivers drinking water to almost 40,000 residential and commercial accounts through approximately 616 miles of water mains in unincorporated Seminole County. The average daily flow of treated water is 15.687 MGD, with permitted Consumptive Use Permit capacity of 23.710 MGD.

Water Operations reliably treats and delivers high quality water that complies and exceeds drinking water regulations. Providing our customers with safe, high quality drinking water is our highest priority. Our compliance division collects and tests about 3,200 water samples for bacteria each year as well as numerous samples for other chemical parameters to ensure the safety of your water. Other health and safety features of the water system include addition of fluoride, chlorine for disinfection purposes, ozone treatment (at 3 facilities), and maintaining over 3,639 fire hydrants.

The Water Operations Program provides the following services and functions:

- Maintaining Compliance with all Regulatory Standards for Drinking Water
- Water Quality Complaint Resolution
- Distribution Flushing
- Sampling and Analysis of Systems to Verify Regulatory Compliance
- Operation and Maintenance of: Water Treatment Facilities and Water Distribution Systems
- Irrigation Evaluations
- Rain sensor installation
- Landscape consulting
- Toilet Rebate Program
- Shower Head exchange
- Leak detector kits
- Energy/Water Conservation kits to all Seminole County residents
- Water Conservation literature
- Water Conservation Festivals and Events in the community to distribute and educate the citizens
- Water Treatment Plant Tours
- Speakers Bureau outreach to Home owner associations, schools, and civic organizations
- Florida Master Gardener Certification to assist customers with landscaping issues

ENVIRONMENTAL SERVICES SOLID WASTE DEPT

Solid Waste Compliance & Program Management

Program Message

The Compliance and Program Management support operations, provides customer service, and oversees environmental compliance in order to support the Environmental Services Solid Waste Department's mission.

Customer Service interacts with customers at the scalehouse when they arrive at either solid waste facility and by phone, email, and online request to address customers' questions or concerns. Scale houses are located at the ingress/egress for the transfer station and landfill. Scale Operators document the amount, type, and source for each incoming waste load in accordance with Chapter 62-701, F.A.C., conduct financial transactions as required, and direct customers to the appropriate location for service on the facility. Customer Service Representatives provide customers with an assortment of information, work to resolve customer complaints, and document service violations in order to hold the service contractors accountable.

The Environmental Compliance Assistance and Pollution Prevention Program (ECAP3) is responsible for overseeing and coordinating environmental compliance for solid waste and assist with environmental compliance throughout the County. The Small Quantity Generator Program is state mandated under Florida Statute 403.7225 and requires compliance assistance visits at businesses that potentially generate hazardous waste to educate and achieve compliance waste management regulations. Additionally, ECAP3 provides environmental training and conducts internal audits to assist BCC Departments with Countywide compliance.

Major services include:

- Solid Waste System Planning
- Residential Waste Collection and Management
- Scalehouse Customer Service
- o 177,792 customers assisted at the scalehouse in FY2020
- Solid Waste Customer Service
- o Approximately 3,600 inquires documented monthly in FY2020
- Regulatory Compliance

o 24 monthly internal audits conducted at both facilities and successfully completed three FDEP inspections for FY2020

- Special Waste Management
- o 32 special waste applications reviewed and processed in FY2020
- Assist with Countywide Environmental Compliance

o Environmental Awareness Trainings were conducted online to educate 505 employees in order to meet FDEP and NPDES permit requirements in FY2020

- o 20 audits of County facilities outside of solid waste were conducted
- Small Quantity Generator Program

The number of permits will greatly exceed the number of applications as each application can have many associated permits under one application number. By decreasing walk in customers, the permit applications processed through ePlan and EZ Permit Program would be expected to increase by the same or similar amount. EZ Permit Program implemented in FY20.

GOAL: FACILITATE THE GROWTH AND LONGEVITY OF SEMINOLE COUNTY'S BUILT ENVIRONMENT BY ENSURING STRUCTURES ARE SAFE AND CAN WITHSTAND THE RIGORS OF CONSTANT USE AND OCCUPANCY AS WELL AS EXPOSURE TO THE SEVERITY OF NATURAL ELEMENTS COMMONLY OCCURRING IN THE STATE OF FLORIDA.

Objective: Continue to inspect all permitted structures according to the requirements of the Florida Building Code.

Building

Program Message

The Seminole County Building Program exists to ensure the safety of the built environment, by helping customers with varying levels of experience through the Permitting, Plan Review, and Inspections processes required by the Florida Building Code. The Building Program strives to operate in a fair and efficient manner using all available resources to meet customer needs and economic demands.

The Building Program consists of three primary functional areas of operations of Permitting, Plan Review, and Inspections along with Enforcement of Unpermitted Construction and overall Program Administration.

Permitting involves the administration and program management for the intake and technical screening of construction permit applications along with the eventual issuance and creation of Building, Mechanical, Plumbing, Gas, and Electrical Permits upon approval of the submitted documentation by the appropriate Program authority.

Each trade for permits issued is represented by an accompanying State Licensed Plan reviewer(s) that must perform a thorough review of all submitted Permit Application documentation while focusing on the scope of work as an initial guide for understanding submitted drawings and technical documents requiring review. All plan review is performed in detail to ensure that the construction project meets the minimum requirements of the Florida Building Code and other associated construction codes, and to avoid any need for later revision.

There are three separate Inspection Teams who are assigned by the construction trades of Building, Electrical and a combined team of Plumbing-Mechanical-Gas, who perform onsite inspections of the built environment by State Licensed Inspectors. Inspectors use the County approved plan drawings and technical documents to perform a thorough inspection at each site to ensure that the construction occurring onsite meets the requirements of the drawings. Many times Inspections must occur in stages with a Rough Inspection, followed by a Final Inspection.

The program provides the following services:

- Building Plan Review
- Building Permitting
- •Building Inspection

Mass Transit Program (LYNX)

Program Message

The purpose of the Seminole County Mass Transit program (LYNX) is to provide transit opportunities for those who lack personal transportation, paratransit service to those with certified disabilities/handicaps, and to serve as an alternative mode of transportation to the personal car. The transit services offered provide residents access to jobs, schools, medical care and shopping markets throughout the Seminole/Orange/Osceola area. In 2014, the County expanded bus service in support of the four Seminole SunRail Commuter Stations.

The Mass Transit program is administered by the Development Services Department and is designed to plan and pay for transit services countywide. These services are provided through a contract between Seminole County and the Central Florida Regional Transportation Authority, aka LYNX; a standalone, governmental unit.

LYNX provides public transportation services to both the municipalities and unincorporated area of Seminole County in three modes:

• Fixed Bus Service - Offered along major transit corridors within the urban area of Seminole County, both incorporated and unincorporated.

• Americans with Disabilities Act (ADA) Paratransit Service - Known as ACCESS LYNX, this service provides residents unable to use the bus system due to certified disabilities and/or handicaps the ability to schedule a pickup and delivery by a van to accomplish basic living tasks such as medical appointments, etc. The service is available countywide, to both unincorporated and municipal residents.

•NeighborLink – A shuttle service providing on-call area wide pickup and drop-off.

Planning and Development

Program Message

The purpose of the Planning and Development Program is to carry out the mission of Seminole County by providing excellent customer service in the administering of the State mandated Comprehensive Plan and the Land Development Code of Seminole County. This program ensures compatibility between existing and proposed developments and assists property owners in the pursuit of beneficial development, thereby protecting the quality of life in Seminole County.

Planning and Development administers programs and processes necessary to implement comprehensive and current planning to comply with state and county ordinances. The Program maintains effective public relations with other departments, state agencies, cities and the public in general. The Program presents applications and reports to the Board of County Commissioners, the Planning and Zoning Commission, the Board of Adjustment and, the Code Enforcement Special Magistrate and the Code Enforcement Board, which includes the gathering of planning, legal and engineering data, preparing special reports, general meeting preparation and public contacts. The Program holds meetings with customers on technical and contentious planning issues and attends Development Review Committee meetings. The Planning Program oversees numerous processes related to land use and zoning changes.

The program provides the following services:

- •Long Range/Comprehensive Planning
- •Current Planning, Zoning and Development Review
- •Code Enforcement
- •Board of Adjustment (zoning, variances and special exceptions)

Enterprise Software Development

Program Message

The Enterprise Software Development program consists of a managed team of ten software developers, database administrators, business analysts and application support personnel who are responsible for maintaining over 120 applications and databases throughout the County. The Information Services Department discourages the internal development of software unless it is unavoidable. This program's focus is on providing application support, reporting and integration services as well as maintaining and updating legacy systems.

This program is also responsible for the design and maintenance of the County's websites and primary document retention management system.

This program is measured based upon projects completed that add value and efficiency to the County's operations, as well as incident response and resolution times.

Key services provided by this program:

- Application Development
- Application Support
- Business Analysis
- Enterprise content management system
- Oversite of the County's records retention process
- Adminsitation of the County's multi-function printer deployment

Geographic Information Systems

Program Message

The Seminole County GIS (Geographic Information Systems) program provides mapping and spatial analysis services to the County. The program produces over 300 layers of information detailing everything from addresses to physical assets and infrastructure.

GIS has become increasingly vital to the County's ability to provide excellent public safety through improved incident response times as well as general efficiencies by reducing drive times and providing problem analysis based upon geographic location.

This program is measured based upon projects completed that add value and efficiency to the County's operations.

Key services provided by this program:

- Spatial Analysis
- Layer Production
- Map Production

RESOURCE MANAGEMENT DEPT

Department Message

The Resource Management Department focuses on improving Seminole County Citizens' quality of life through the provision of an effective and efficient government. The department is committed to promoting long-term fiscal stability and resiliency, acting as stewards of the County's financial resources. The Department works to foster transparency and accountability with respect to financial matters; ensuring compliance with applicable laws, rules and regulations. The Department provides information and analysis that assists the County Manager and Board of County Commissioners in their ultimate goals of providing leadership and services to the citizens of Seminole County.

The Department strives to provide sound fiscal management, policy development, timely and accurate information, quality assistance, and reliable recommendations relative to the County's strategic priorities.

RESOURCE MANAGEMENT DEPT

Department Goals/Objectives/Performance Measures

GOAL: TO PRODUCE A CONSOLIDATED NON-AD VALOREM ASSESSMENT ROLL THAT IS ACCURATE, STATUTORILY SOUND AND SUFFICIENT TO GENERATE THE REVENUE REQUIRED TO FUND THE ASSESSMENT-FUNDED PUBLIC SERVICES AUTHORIZED BY THE BOARD OF COUNTY COMMISSIONERS.

Objective: Follow established protocol for conducting routine and periodic record audits and data checks to confirm accuracy of data throughout year and prior to generation of the annual assessment roll.

Objective: Provide weekly response to changes yielded by property record updates, notices of annexation, certificates of occupancy, raze permits, and building permits.

Performance Measure: Number of Assessment Corrections

¹FY18 accuracy impacted due to database revisions that delayed response to certain types of property records changes until after Tax Roll submittal deadline.

²FY21 accuracy impacted by early payment of capital assessment in lieu of installment billing and subsequent processing of lien satisfactions.

GOAL: TO PROVIDE FINANCIAL MANAGEMENT OF ACTIVE MSBU'S IN A MANNER THAT PROMOTES STABILITY AND SUSTAINABILITY RELATIVE TO THE PUBLIC SERVICES FUNDED BY NON-AD VALOREM ASSESSMENTS.

Objective: Maintain annual rate adjustments with +/-\$5.00 of prior year rate for street lighting and +/-\$10.00 of prior year rate residential solid waste management assessments.

Performance Measure: % of Residential Solid Waste Management Assessment Rate Changes no greater than \$10.00

Municipal Services Benefit Unit (MSBU) Program

Program Message

The MSBU Program provides application coordination and financial management of the non-ad valorem assessment districts for unincorporated Seminole County as stipulated by the Seminole County Administrative Code [Section 22.10]. In addition to ensuring compliance with Administrative Code provisions, the MSBU Program is accountable for compliance with respective Florida Statutes. The MSBU Program has responsibility for over 400 assessment districts through which over 73,700 properties receive the benefit of assessment-funded public services. The MSBU Program offers customer oriented services through online alternatives, communication brochures, application packets, and speaking engagements at public meetings.

Non-ad valorem assessment districts are established by Ordinance of the Seminole County Board of County Commissioners. These districts are referred to individually as a Municipal Services Benefit Unit or MSBU. Once established, an MSBU provides funding for a municipal (public) service that offers special benefit on a localized or community-based basis. The assessment associated with each MSBU is based on the cost to provide the public service, the number of assessed properties, and the benefit unit allocated to each property. The assessment-funded public services coordinated through the Seminole County MSBU Program are intended to benefit properties located in unincorporated Seminole County, but may include properties in other taxing jurisdictions if appropriately authorized.

Public services that meet the criteria set forth in the County's Administrative Code [Section 22.10] may qualify for assessment funding. An MSBU may be established for on-going municipal services (such as residential solid waste management services, street lighting or aquatic weed control) or for a one-time capital improvement (such as road paving, water utility transmission line installation, or neighborhood wall reconstruction). Assessments may be levied annually, or may include financing arrangements by which an assessment is collected via annual installments. Assessments and installment payments are collected through annual property tax bills. Notice of proposed assessments are mailed annually to property owners in advance of the assessment roll being approved (subsequent to a public hearing) by the Board.

For community initiated MSBU creation requests, the process of establishing an MSBU begins when the County receives an application (available from the MSBU Program) for qualifying services. An application fee for each type of MSBU was established by Seminole County Board of County Commissioners and is documented in the Seminole County Administrative Code [Section 20.37]. The application process includes confirmation of service scope, development of cost and assessment estimates, and evaluation of community support for the proposed MSBU. A formal petition process is used by the MSBU Program to determine the percentage of community support for creating the MSBU. Following confirmation of sufficient support within the requesting community, a public hearing is conducted to provide public input and Board consideration for establishing the MSBU. Following creation of an MSBU by the Board, the funding for the designated essential services is generated by assessments levied against the specially benefited properties.

RESOURCE MANAGEMENT DEPT

Municipal Services Benefit Unit (MSBU) Program (CONT.)

Program Message

The financial management services provided by the MSBU Program on behalf of each MSBU includes coordinating activities with the County operating department or service entity that provides the assessment-funded public service, preparing and monitoring budgets, developing assessment recommendations for Board consideration, and ensuring assessments (and/or installment billings) are reported accurately and timely to the Seminole County Tax Collector for collection.

The primary functions (or Major Services) fulfilled by the MSBU Program are as listed:

- Preparation of the annual Non-Ad Valorem Assessment Roll for Seminole County
- Assuring statutory compliance of non-ad valorem assessment activity
- Coordination of MSBU Application process for new MSBUs
- Providing financial management of established MSBUs

Office of Management and Budget

Program Message

The Office of Management and Budget program carries out the vision, mission, and goals of Seminole County by providing timely, accurate, and transparent information along with fiscal management support to our stakeholders. OMB emphasizes strong customer service and the use of technology to facilitate daily operations. This program develops and applies sensible policies that promote community trust and the responsible use of scarce public resources. Budgets developed under this program have been awarded the distinguished budget presentation award by the Government Finance Officers Association (GFOA) for 27 consecutive years.

The program provides the following services:

• Work with County departments to develop accurate, efficient budgets that allow for the delivery of Board approved services

- Accurately present budget requests to County decision makers
- Create financial policy to govern operations
- Audit revenues/expenditures for compliance with Board direction
- Facilitate amendments to the budget
- Coordinate Internal Service Charge budgets and allocations
- Forecast revenues, expenditures and reserves for all major funds

Purchasing and Contracts

Program Message

The Purchasing and Contracts Division Program provides centralized procurement services by teaming with internal and external customers to deliver innovative, effective and timely procurement solutions in accordance with State Statutes, codes, policies and procedures and federal regulations. The Program's functions include but are not limited to, vendor relations, assessing procurement requests, creating solicitation packages, strategic vetting, coordinating sourcing activities, conducting negotiations and strategic competitive selection for the procurement of goods and services, issuing of procurement actions such as purchase orders, change orders, work orders, amendments and contracts that total over \$141.41M of encumbered budgeted funds. The Program also assists in the management of contracts from approval until expiration. Purchasing and Contracts Division (PCD) manages over 9,114 fixed (tangible) assets and performs the administration of the Purchasing Card program.

AWARD WINNING SERVICE:

PCD is fully accredited by the National Institute of Governmental Purchasing (NIGP). PCD received the "Achievement of Excellence in Procurement Award" from the National Purchasing Institute (NPI) and "Award for Excellence in Public Procurement" from the Florida Association of Public Purchasing Officers, Inc. (FAPPO) along with many Best Practice awards.

OBJECTIVES:

Provide first-class procurement services in response to internal needs abiding by procurement policies, procedures and regulations to deliver the overall best value to the citizens of Seminole County.

• Ensure compliance of procurement laws and regulations, code, policies and procedures, while maintaining an effective operation of the purchasing, contracting, P-Card administration and fixed assets processes.

• Provide innovative procurement solutions, while maintaining customer satisfaction and achieving performance management objectives in the purchasing, contracting, P-Card administration and fixed assets functions.

• Utilize latest technology and best practice procurement methods to achieve cost savings by using the competitive process through negotiations and suitable procurement methods.

• Provide the opportunity for training to achieve professional procurement certifications.

- Expanding the use of Vendorlink to become more efficient and paperless.
- Seek out opportunities to increase the P-Card usage to decrease the number of costly purchase orders and increase P-Card rebates.
- Administer the Purchasing Card program and conduct audits for compliance with applicable rules.
- Foster vendor relations and assist the business community on how to do business with the County.
- Provide adaptable emergency procurement solutions during natural disasters and catastrophic events.

Risk Management

Program Message

The goal of Risk Management is to protect Seminole County against accidental financial loss by identifying, mitigating, and managing exposures to health and safety concerns for its employees, guests, properties, assets, and operations in accordance with statutes, ordinances, laws, and best practices. Risk Management coordinates treatment and coverage for all workers' compensation claims for County employees, manages most liability claims made by third parties against the County, and provides safety guidance to all departments and covered entities.

The Risk Management Division is responsible for administering the County's self-insurance programs for property, general liability, and workers' compensation and for securing excess insurance above our self-insured retentions. The Risk Management self-insurance fund also provides coverage to the following constitutional offices in Seminole County: Clerk of the Court, Property Appraiser, Supervisor of Elections, and Tax Collector.

The Risk Management Division endeavors to contribute to Seminole County Government's ultimate goal of maintaining a healthy, high performing organization by providing a framework for:

• Leadership: Providing uniform safety guidelines, procedures, and policies across the County where appropriate and applicable according to best practices and regulatory standards.

• Safety: Providing technical assistance and support to departments for compliance with federal, state, and county safety regulations.

• Loss control: Providing loss control services to departments, including exposure identification, analysis, compliance monitoring, and recommendation development.

• Insurance Administration: Ensuring the County's ability to quickly recover from accidental loss by cost-effectively balancing risk retention and risk transfer.

• Claims Administration: Investigating, evaluating, and resolving liability, property damage, and workers' compensation claims fairly.

• Reinforcing Seminole County Team Playbook Daily Drivers: By taking ownership, being responsive, and focusing on creative solutions to mitigate potential risk, we will ensure financial stability and continuously improve customer service, productive community relationships, and employee morale. A safe and healthy workforce is a productive and happy workforce.

of the

SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS

ADOPTING THE AD VALOREM TAX MILLAGE RATES FOR THE FISCAL YEAR COMMENCING OCTOBER 1, 2020; LEVYING THESE AD VALOREM TAXES ON ALL NONEXEMPT REAL AND PERSONAL PROPERTY IN THE COUNTY AS OF JANUARY 1, 2020, ACCORDING TO THE CERTIFIED TAX ROLL; AUTHORIZING THE RESOURCE MANAGEMENT DIRECTOR TO PROVIDE A CERTIFIED COPY OF THIS RESOLUTION TO THE PROPERTY APPRAISER, THE TAX COLLECTOR AND THE FLORIDA DEPARTMENT OF REVENUE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the total valuation on property, both real and personal in Seminole County,

Florida, subject to assessment for taxation to raise revenue for the Fiscal Year beginning October 1, 2020 and ending September 30, 2021, as reported by the Property Appraiser of Seminole County, Florida in the certified Assessment Roll is \$38,148,698,498; and

WHEREAS, the Board of County Commissioners of Seminole County, Florida, pursuant

to Section 200.065, Florida Statutes (2019), held duly advertised public hearings on September 9,

2020, as to the tentative millage and Fiscal Year 2020-2021 budget and on September 22, 2020,

as to fixing the final millage and approval of the final budget for Fiscal Year 2020-2021; and

WHEREAS, the Board of County Commissioners of Seminole County, Florida, in accordance with Chapters 129 and 200, Florida Statutes (2019), is required at this time to fix ad valorem tax millage for County purposes as well as for special taxing units; and

WHEREAS, the aggregate millage rate of \$6.9011 per \$1,000 valuation for countywide purposes and special taxing units represents a 5.10% increase over the Current Year Aggregate Rolled Back Rate of 6.5662 mills,

2020-2021 Millage Resolution Page 1 of 4

CERTIFIED COPY - GRANT MALOY CLERK OF THE CIRCUIT COURT AND COMPTROLLER SEMINOLE COUNTY, ELORID DEPUTY CLERK SEMINOLE COUNTY FLORIDA

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Seminole County, Florida in an open meeting duly assembled at the County Services Building in Sanford, Seminole County, Florida on the 22nd day of September, 2020, as follows:

Section 1. All County Purpose Non-Debt Levies. Seminole County General County Millage: It is hereby determined and declared that a tax of \$4.8751 per \$1,000 valuation be levied, assessed, and imposed for the tax year 2020 on all taxable property in Seminole County on the first day of January, 2020, lying and being within the boundaries of Seminole County, for the purpose of providing general governmental services to the citizens of Seminole County inclusive of payment of salaries and fees of officers and employees, to provide for law enforcement, operating and maintaining the County road system, and to properly conduct the business of the County.

The millage rate of \$4.8751 per \$1,000 valuation for all County purpose non-debt levies is unchanged from the rate imposed for tax year 2020 and is 5.51% more than the current year rolled back millage rate of 4.6205 mills.

Section 2. Special Taxing Units.

(a) Seminole County Fire Protection District (MSTU): It is hereby determined and declared that a tax of \$2.7649 per \$1,000 valuation be levied, assessed, and imposed for the tax year 2020 on all taxable property lying within the boundaries of the Seminole County Fire Protection District on the first day of January, 2020, for the purpose of providing fire and rescue services.

The millage rate of \$2.7649 per \$1,000 valuation for the Seminole County Fire Protection District (MSTU) levy is the same rate imposed for Fiscal Year 2019-2020 and is 5.35% more than the current year rolled back millage rate of 2.6245 mills for the 2020 tax year.

> 2020-2021 Millage Resolution Page 2 of 4

Sec. 1

(b) Seminole County Unincorporated Transportation District (MSTU): It is hereby determined and declared that a tax of \$0.1107 per \$1,000 valuation be levied, assessed and imposed for the tax year 2020 on all taxable property lying within the boundaries of the Transportation District in Seminole County on the first day of January, 2020, for the purpose of meeting the current expenses as estimated in the budget.

The millage rate of \$0.1107 per \$1,000 valuation for the Seminole County Unincorporated Transportation District (MSTU) levy is the same millage rate imposed for Fiscal Year 2019-2020 and is 5.33% more than the certified rolled back millage rate of 0.1051 mills for the 2020 tax year.

Section 3. The Property Appraiser of Seminole County, Florida is hereby directed to assess all the foregoing taxes, as fixed and levied by the Board of County Commissioners of Seminole County, Florida, upon the property and that he extend the taxes upon valuation of such property according to the millage as fixed and determined by the Board of County Commissioners of Seminole County, Florida on all property subject to taxation in the County as of the first day of January, 2020.

Section 4. The County's Resource Management Department Director is hereby directed to furnish to the Property Appraiser, the Tax Collector of Seminole County, Florida, and the Florida Department of Revenue full and complete copies of this Resolution.

Section 5. The Clerk and Auditor of Seminole County, Florida is hereby notified of the amount to be apportioned to the different funds and accounts out of the total taxes levied for all purposes.

Section 6. The Tax Collector of Seminole County, Florida is hereby instructed and directed to collect the taxes in the same manner as other taxes are collected.

<u>Accrual</u> – A revenue or expense which gets recognized in the accounting period where it is earned or incurred, even if it gets received or paid in a subsequent period.

<u>Accrual Accounting</u> – A system that recognizes revenues and expenses as they occur, regardless of when the final payment is made. This system is used by businesses and by certain government funds that operate like businesses.

<u>Ad Valorem Tax</u> – A tax levied on the assessed value (net of any exemptions) of real personal property. This is a commonly referred to as "property tax".

<u>ADA –</u> Americans with Disabilities Act. There are a number of projects in this document which specifically address ADA compliance. These projects enable handicapped access to county facilities.

<u>Adjusted Final Millage</u> – Under Florida law, the actual tax rate levied by a local government when tax bills are issued. The rate is adjusted for corrected errors in property assessments for tax purposes and for changes in assessments made by property appraisal adjustment boards in each county. Usually, such changes are very slight and the adjusted millage sometimes does not change from the levy set by the taxing authority.

<u>Adopted Budget</u> – The financial plan of revenues and expenditures for a fiscal year as approved by the Board of County Commissioners.

<u>Aggregate Millage Rate</u> – The sum of all property tax levies imposed by the governing body of a County excluding debt service and other voted millages, divided by the total taxable value.

<u>Allocation</u> – An authorization to incur expense or obligation up to a specified amount, for a specific purpose, and within a specific period.

<u>Amendment</u> – A change to an adopted budget, which may increase or decrease a fund total. The Board of County Commissioners must approve the change.

<u>Appropriation</u> – A specific amount of funds authorized by the Board of County Commissioners to which financial obligations and expenditures may be made.

<u>Approved Budget</u> – Board of County Commissioners Budget, to be legally adopted in the following fiscal year in accordance with state statutes.

ARRA – American Recovery and Reinvestment Act.

<u>Assessed Value</u> – A value established by the County Property Appraiser for all real or personal property for use as a basis for levying property taxes.

<u>**Balanced Budget**</u> – Total estimated receipts, including balances brought forward, equal total appropriations and reserves.

<u>Beginning Fund Balance</u> – Estimated funds remaining from the previous fiscal year. These remaining funds are both unexpended appropriations and the previous year's reserves.

Board of County Commissioners – The governing body of Seminole County is composed of five persons elected from single member districts, one of who is selected as Chairman.

<u>Bond</u> – A written promise to pay a sum of money on a specific date at a specific interest rate as detailed in a bond ordinance.

<u>Budget Adjustment</u> – A revision to the adopted budget occurring during the affected fiscal year as approved by the Board of County Commissioners via an amendment or a transfer.

<u>Budget Calendar</u> – The schedule of key dates involved in the process of adopting and executing an adopted budget.

Budget Message – A brief written statement presented by the County Manager to explain principal budget issues.

<u>Capital Budget</u> – The financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of the five-year capital improvement program (CIP). The capital budget is adopted by the BOCC as a part of the annual county budget.

<u>Capital Equipment</u> – Tangible equipment with a cost of \$5,000 or more.

<u>Capital Improvement Program (CIP)</u> – The financial plan of approved capital projects, their timing, and cost over a five-year period. The CIP is designed to meet county infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become the property of Seminole County, as well as, projects that although are not owned by the county, will be part of a joint project agreement.

<u>**Capital Improvements**</u> – Physical assets constructed or purchased, that have minimum cost of five thousand dollars (\$5,000) and a useful life of at least one year. These may include buildings, recreational facilities, road and drainage structures, water and wastewater structures, and equipment.

<u>Capital Improvements Element (CIE)</u> – An element of the comprehensive plan which identifies the revenues, costs, and location of the six public facility types required by concurrency: parks, solid waste, stormwater, transportation, water, and wastewater based on service level standards and the land use plan adopted by the BOCC.

<u>Capital Outlay</u> – Appropriation for the acquisition or construction of physical assets.

<u>Capital Project</u> – is a capital improvement which has a minimum cost of five thousand dollars (\$5,000) and a useful life of one year and will include a scope of services, time frame for completion, a location, an estimated total expenditure, and proposed method of financing resulting in the creation or acquisition of a capital asset. Detailed descriptions of projects over twenty-five thousand (\$25,000) are included in our 5 Year Capital Improvement Program.

<u>CARES Act</u> – The Coronavirus Aid, Relief, and Economic Security (CARES) Act is a \$2.2 trillion economic relief package in response to COVID-19 in the United States. The Cares Act provides assistance for state, local, and tribal governments; American workers; families; and small businesses; and preserves jobs for American industries.

<u>CCNA</u> – Consultant's Competitive Negotiation Act.

<u>CDBG</u> – Community Development Block Grant.

<u>Certificates for Participation (COPs)</u> – Certificates issued by the Trustee pursuant to a Trust Agreement, the proceeds from the sale of which shall be used to finance the acquisition, construction, and installation of a project.

<u>Charges for Services</u> – These are charges for specific governmental services provided to specific individuals and entities. These charges include water and sewer services, landfill charges, building fees, and other such charges.

<u>**CIP**</u> – Capital Improvement Program.

<u>Community Redevelopment Agency (CRA)</u> – A dependent special district in which any future increases in property values over a specified period of time are set aside to support economic development projects within that district.

<u>Contingency</u> – A budgetary reserve to provide for emergency or unanticipated expenditures during the fiscal year.

<u>CSBG</u> – Community Services Block Grant.

<u>Culture and Recreation</u> – Functional classification for expenditures to provide county residents opportunities and facilities for cultural, recreational and educational programs, including: libraries, parks and recreation, and other cultural and recreation services.

<u>Debt per Capita</u> – Total county debt divided by the county's population. The level of debt per capita is an important factor to consider when analyzing a government's ability to continue to pay its debt service costs through its current levels of tax revenue. This measure helps indicate the default risk of government bonds.

<u>Debt</u> – An obligation resulting from the borrowing of money or from the purchase of goods and services.

<u>Debt Service</u> – The expense of retiring such debts as loans and bond issues. It includes principal and interest payments, and payments for paying agents, registrars and escrow agents.

Deficit – The excess of expenditures over revenues during a fiscal year.

<u>Department</u> – An organizational unit of the County responsible for carrying out a major governmental function, such a Public Works.

<u>Depreciation</u> – The periodic expiration of an asset's useful life. Depreciation is a requirement in proprietary type funds.

Division – A basic organizational unit of the County which is functionally unique in its service delivery.

DJJ – Department of Juvenile Justice.

DOR – Florida Department of Revenue.

Economic Environment – Functional classification for expenditures used to develop and improve the economic condition of the community and its citizens, including: business development, veterans' services, housing and urban development and other services related to economic improvements.

Encumbrance – The commitment of appropriated funds to purchase an item or service.

Ending Fund Balance – Funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year plus revenues received during the year less expenses equals ending fund balance.

Enterprise Fund – A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business enterprise, i.e., through user charges.

<u>EPA</u> – Environmental Protection Agency.

Equipment – Other equipment or technology with a cost of \$5,000 or greater.

Exempt, Exemption, Non-exempt – Amounts determined by State law to be deducted from the assessed value of property for tax purposes. Tax rates are applied to the balance, which is called the non-exempt portion of the assessment. A 1980 amendment to the Florida Constitution sets the exemptions for homesteads at \$25,000. That means that a homeowner with property assessed at \$50,000, would have to pay taxes on \$25,000, of the assessment. Eligible homeowners must apply for the exemptions by March 1 each year. Other exemptions apply to agricultural land and property owned by widows, the blind, and permanently and totally disabled people who meet certain income criteria.

Expenditure – Decrease in fund financial resources for the procurement of assets or the cost of goods and/or services received.

Facilities – Projects including renovations and repairs to County facilities with a cost of \$5,000 or greater.

FCC – Federal Communication Commission.

FDEP – Florida Department of Environmental Protection.

FDOT – Florida Department of Transportation.

<u>Fiduciary Funds</u> – Funds used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units or other funds.

Final Millage – The tax rate adopted in the final public budget hearing of a taxing authority.

<u>Fiscal Year</u> – The annual budget year for the county which runs from October 1 through September 30. The abbreviation used to designate this accounting period is FY.

<u>Fleet</u> – Includes any rolling stock equipment (vehicles, off-road equipment, trailers, emergency vehicles and apparatus) of a cost of \$5,000 or greater.

FRDAP – Florida Recreation Development Assistance Program.

<u>FTE</u> – Full Time Equivalent. A measure meant to standardize personnel; roughly equivalent to 2,080 hours per year.

Function – A major class or grouping of tasks directed toward a common goal, such as improvements to the public safety, improvement of the physical environment, etc. For the purposes utilized in budgetary analysis, the categories of functions have been established by the State of Florida and financial reports must be grouped according to those established functions.

<u>Fund</u> – A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and change therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance – Represents the excess of a fund's current assets over its current liabilities. For accounting purposes, fund balance is calculated as of year-end and is based on the difference between actual revenues and expenditures for the fiscal year. If revenues exceed expenditures, fund balance is positive and carries forward as revenue to the following year. If expenditures exceed revenues, any existing fund balance from a prior year is reduced. A study of changes in fund balances can indicate financial trends and fiscal health. Extreme quantities of fund balances or large fluctuations may indicate possible policy adjustments by the governing body or changes in budget procedures.

<u>General Fund</u> – Governmental accounting fund supported by ad valorem (property) taxes, licenses and permits, service charges, and other general revenues to provide countywide operating services. This may be referred to as the Operating Fund.

<u>General Government</u> – Functional classification for services provided by the county for the benefit of the public and the governmental body as a whole, including: legislative, financial/administrative, legal, comprehensive planning, judicial, court services and other general governmental services.

<u>Governmental Funds</u> – Account for general governmental activities which are largely supported by taxes and fees.

<u>GOB</u> – General Obligation Bond. General obligation bonds are secured by the full faith, credit and advalorem taxing power of the County. General obligation bonds may be issued only upon voter approval after a general election as required by Florida law.

<u>**Grant**</u> – A contribution of assets (usually cash) by one governmental unit or other organization to another made for a specified purpose.

Homestead Exemption – Refer to definition for exempt, exemption, and non-exempt.

<u>Human Services</u> – Functional classification for expenditures with the purpose of promoting the general health and well-being of the community as a whole, including: health services, mental health services, welfare, medical examiner and other human services.

Impact Fees – Financial contributions (i.e., money, land, etc.) Imposed by communities on developers or builders to pay for capital improvements within the community which are necessary to service/accommodate the new development.

Indirect Costs – Costs associated with, but not directly attributable to, the providing of a product or service. These are usually costs incurred by other departments in the support of operating departments.

Infrastructure – Infrastructure is a permanent installation such as a building, road, or water transmission system that provides public services.

Infrastructure Sales Tax – A 1% surtax on the first \$5,000 of each item sold in Seminole County. Revenues are restricted to funding county and municipal transportation improvements and for the construction and renovation of schools. Only that portion related to transportation improvements is included in the county's budget.

Interfund Transfers – Budgeted amounts transferred from one governmental accounting fund to another for services provided or for operational purposes. These represent a "double counting" of expenditures. Therefore, these amounts are deducted from the total County operating budget to calculate the "net" budget.

Intergovernmental Revenue – Revenue received from another government unit for a specific purpose.

<u>Internal Service</u> – Functional classification for expenses incurred through services provided by one county agency to another, such as the self-insurance fund.

Level Of Service Impact – Impact on adopted levels of service of facilities included in the capital improvements element (CIE) as follows: (m) the repair, remodeling, renovation or replacement of an existing county facility that will maintain levels of service in the comprehensive plan; (e) construction of a new facility or expansion of an existing facility that will reduce deficiencies in the levels of service in the comprehensive plan; (f) construction of a new facility or expansion of an existing facility is needed to meet levels of service from new development.

Levy – To impose taxes, special assessments, or service charges. Or, another term used for millage rate.

Line-Item Budget – A budget that lists each account category separately along with the dollar amount budgeted for each account, such as office supplies, overtime, or rolling stock purchases.

Long-Term Debt – Debt with a maturity of more than one year after the date of issuance.

LWCG – Land and Water Conservation Grant.

<u>Mandate</u> – Any responsibility, action, or procedure that is imposed by one sphere of government or another through constitutional, legislative, administrative, executive, or judicial action as a direct order, or that is required as a condition of aid.

<u>Mill, Millage</u> – 1/1000 of one dollar; used in computing taxes by multiplying the rate times taxable value divided by 1,000.

<u>Millage Rate</u> – A rate per one thousand dollars of taxable property value which, when multiplied by the taxable value, yields the property tax billing for a given parcel.

<u>Miscellaneous (Funding Source</u>) – Revenues other than those received from standard sources such as taxes, licenses and permits, grants, and user fees.

<u>Modified Accrual Basis of Accounting</u> – Revenues should be recognized in the accounting period in which they become available and measurable. Expenditures should be recognized in the accounting period in which the fund liability is incurred, if measurable, except for immature interest on general long-term debt, which should be recognized when due.

<u>Municipal Services Benefit Unit (MSBU)</u> – An assessment district established by the Board of County Commissioners via an adopted ordinance, which provides an essential public health and safety improvement for which a non-ad valorem assessment is levied to fund the cost of providing that benefit. This unit may be referred to as an MSBU.

<u>Municipal Services Taxing Unit (MSTU)</u> – A specific taxing unit established by the Board of County Commissioners via an adopted ordinance, which derives a specific benefit for which a levy or special assessment is imposed to defray part or all of the cost of providing that benefit. This unit may be referred to as an MSTU.

<u>New Project</u> – A capital project that has not been previously approved by the BOCC.

<u>Non-Base Budgets</u> – A non-recurring or one-time budget provided to a Department with a specific scope of work, which does not expire until completed. Non-base budgets are segregated in individual Business Units that are eligible to be carried forward at the end of each Fiscal Year.

NPDES – National Pollutant Discharge Elimination System.

<u>**Object Code**</u> – An account to which an expense or expenditure is recorded in order to accumulate and categorize the various types of payments that are made by governments. These are normally grouped into Personal Services, Operating Expenses, Capital Outlay, and Other categories for budgetary analysis and financial reporting purposes. The State of Florida Uniform Accounting System mandates certain object codes.

Objective - A defined method to accomplish an established goal.

<u>Operating Expenses</u> – Also known as Operating and Maintenance costs, these are expenses or day-today operations which exclude capital costs, such as office supplies, maintenance of equipment, and travel.

<u>Operating Project</u> – is a non-base activity which does not result in the creation or acquisition of a capital asset. It has a significant identifiable cost and scope of services. (Examples: studies, monitoring activities)

<u>Other Appropriations</u> – Functional classification for funds set aside to provide for unforeseen expenses, reserves and debt payment required by bond documents, and reserves for future capital projects.

<u>Other Expenditures</u> – These include items of a non-expense or expenditure nature such as depreciation expense and transfers to other funds.

<u>Other Revenues</u> – These include revenues unearned in the current fiscal year, such a fund balance or prior year reimbursements.

<u>Personal Property</u> – Livestock, commercial equipment and furnishings, attachments to mobile homes, railroad cars, and similar possessions that are taxable under state law.

Personal Services – Costs related to compensating employees, including salaries and wages and fringe benefit costs.

<u>Physical Environment</u> – Functional classification for functions performed by the county to achieve a satisfactory living environment for the community as a whole, including: solid waste disposal, water & sewer conservation & resource management, flood control & other physical environment services.

<u>Program</u> -. A set of activities with a common goal that is accomplished through a plan of action aimed at accomplishing a clear objective, with details on what work is to be done, by whom, when, and what means or resources will be used.

<u>Project Completion Date</u> – This is the date the project will be available to the user for its intended purpose but there may be some outstanding financial issues pending such as outstanding invoices, contractual or legal disputes.

<u>Project Description</u> – Brief explanation of each project's purpose and work scope.

<u>Project</u> – is a non-base activity that can be either an operating or capital project with an identifiable cost and scope of services.

<u>Property Appraiser</u> – The elected county official responsible for setting property valuations for tax purposes and for preparing the annual tax roll.

<u>Property Tax</u> – Refer to definition for ad valorem tax.

<u>Proposed Millage</u> – The tax rate certified to a property appraiser by each taxing authority within a county. The proposed millage is to be sent to the County Property Appraiser within 35 days after a county's tax roll is certified.

PSAP – Public Safety Answering Point.

<u>Public Safety</u> – Functional classification for services provided by the county for the safety and security of the public, including: law enforcement, fire control, protective inspections, emergency and disaster relief, and other public safety services.

<u>Real Property</u> – Land and the buildings and other structures attached to it that is taxable under state law.

<u>**Reassessment**</u> – The rolled back rate will be slightly lower than the previous year's millage levy. This reduced rate multiplied by the value of the new construction/annexations added to the roll during the year provides the only source of additional tax revenue if the rolled back rate is levied.

<u>**Reserve**</u> – An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

<u>Reserves and Refunds</u>- Included in this category are funds required to meet both anticipated and unanticipated needs: the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

<u>**Revenue**</u> – Funds that a government receives as income. These receipts may include tax payments, interest earnings, service charges, grants, and intergovernmental payments.

<u>**Revenue Bonds**</u> – Bonds usually sold for constructing a capital project that will produce revenue for the governmental unit issuing the bonds. The revenue is used to pay for the principal and interest of the bonds.

<u>Revenue Estimate</u> – A formal estimate of how much revenue will be earned from a specific revenue source for some future period, such as the next fiscal year.

Rolled Back/Roll Back Rate – That millage rate which, when multiplied times the tax roll, exclusive of new construction added to that tax roll, would yield the same amount of revenue for the taxing authority as was yielded by the millage rate levied in the previous year. In normal circumstances, as the tax roll rises by virtue of inflation or rising property values, the roll-back rate will be lower than the previous year's tax rate.

SCADA – Supervisory Control and Data Acquisition.

SER – South-East Regional.

<u>SHIP</u> – State Housing Initiative Program.

<u>Special Assessment</u> – A compulsory levy imposed on certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

<u>Special Revenue Fund</u> – A governmental accounting fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

SSNOCWTA – South Seminole & North Orange County Wastewater Transmission Authority.

<u>State Shared Revenue –</u> Revenues assessed and collected by the State of Florida, then allocated and returned to the counties and municipalities. The largest portion of state shared revenues is sales tax.

<u>Structurally Balanced Budget –</u> A balanced budget that supports financial sustainability for multiple years into the future.

Tax Base - The total property valuations on which each taxing authority levies its tax rates.

Tax Roll – The certification of assessed/taxable values prepared by the Property Appraiser and presented to the taxing authority by July 1 (or later if an extension is granted by the State of Florida) each year.

<u>**Tax Year**</u> – The calendar year in which ad valorem property taxes are levied to finance the ensuing fiscal year budget. For example, the tax roll for the 2005 calendar year would be used to compute the ad valorem taxes levied for the FY 05-06 budget.

Tentative Millage – The tax rate adopted in the first public budget hearing of a taxing agency. Under state law, the agency may reduce, but not increase, the tentative millage during the final budget hearing.

<u>**Transfers**</u> – Transfers between individual funds of a governmental unit which are not repayable and are not considered charges for goods or services. These represent a "double counting" of revenues, and correspond to an equal amount of interfund expenditures.

<u>**Transportation**</u> – Functional classification for expenditures for developing and improving the safe and adequate flow of vehicles, travelers and pedestrians on road and street facilities.

<u>**Trust and Agency Funds**</u> – Funds used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

<u>Truth in Millage Law</u> – Also called the TRIM bill. A 1980 law enacted by the Florida legislature, which changed the budget process for local taxing agencies; it was designed to keep the public informed about the taxing intentions of the various taxing authorities.

<u>Underlying Bond Rating</u> – Published assessment of a particular debt issue's credit quality absent credit enhancement.

<u>Unencumbered Balance</u> – The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of funds still available for future needs.

<u>Uniform Accounting System</u> – The chart of accounts prescribed by the Office of the State Comptroller designed to standardize financial information to facilitate comparison and evaluation of reports.

<u>User Fees</u> – The fees charged for direct receipt of public services.

<u>Voted Millage</u> – Property tax levies authorized by voters within a taxing authority. Bond issues that are backed by property taxes are a common form of voted millage in the State of Florida. Such issues are called general obligation bonds.
