

## **ePlan Upgrade Coming Soon**

Seminole County is preparing to upgrade their Electronic Plan Review System (ePlan) to the latest version. Once completed, the software upgrade will include enhancements such as:

- Improved Usability & Performance
- Improved User Upload & Task Complete Step (applicants can now upload drawings and documents and complete their task all in one location)
- Combined Task and Project List (on one screen)
- Improved Search and Filtering

More details on using the new features will be issued prior to the upgrade date and will also be covered in future training sessions after the upgrade is implemented

*The projected launch of the new version of Electronic Plan Review (ePlan) is Summer 2020.*

Be sure to check back here for more information and training materials as we get closer to upgrading our ePlan system.
