Consolidated Annual Performance and Evaluation Report

Seminole County Community Service Department

EQUAL HOUSING LENDER

EQUAL HOUSING OPPORTUNITY

Guide for Consolidated Plan Performance Report Narratives

Executive Summary

Some One-Year Goals were met, some exceeded, and some not met. However, a few activities were still in progress at the Program Year's end, and should be complete by the end of calendar year 2015 or within Program Year 2015-2016.

It should be noted that some program other than CDBG, HOME, and ESG are reported in this CAPER, where applicable and illustrative. These programs include the Neighborhood Stabilization Program (NSP), the Shelter Plus Care (S+C) Program, the State Housing Initiatives Partnership (SHIP) Program, the State's Community Services Block Grant (CSBG) Program, and supplemental funding provided by the County Commission's General Fund.

The 2011 Analysis of Impediments to Fair Housing (AI) identifies actions the County can take to alleviate or eliminate impediments to fair housing, and most consist of maintaining ongoing activities and actions. Some of the recommended actions contained therein are in place, and some are being continually assessed for continued relevance, viability, and potential impact.

With respect to the provision of affordable housing, Section 215 housing was provided as follows:

TABLE 1

Beneficiary Goal	*Expected No. of Units*	*Actual No. of Units*	*Program*
Non-homeless households	0	9	ESG
Production of new rental units	0	0	HOME
Rental Assistance (TBRA)	25	23	HOME
Rental Assistance (TRA)	46	46	S+C

The County's affordable housing infrastructure adequately addresses the need for housing for lower income households, especially with the current economic recession, which provides lower cost ownership housing and abundant rental housing, though the latter is not always affordable, especially for jobless households. The continues high incidence of foreclosures provides a large supply of available housing, through no longer at as low a cost as before; however, the high unemployment rate hinders many families from taking advantage of this. Many previous homeowners are now renters, due to foreclosure, but this has increased the demand for rental housing and, therefore, its cost. NSP funding provided additional homeowner units et aside for lower income households.

The County's Community Assistance and Community Development Divisions now house the housing assistance activities and strategies of the CDBG, HOME, ESG, SHIP, NSP1, NSP3, and Shelter Plus Care Programs, in addition to most of the County's social service programs.

The HOME TBRA Program assists elderly and disabled households, and alleviates poverty by providing housing affordability while building self-sufficiency for households in vocational training. This activity is coupled with the CDBG-funded Dental Assistance and Child Care Assistance activities (and other supplemental public/social service assistance programs provided

by the County's General Fund), as necessary. Households in the Self-Sufficiency Program are encouraged to work toward eventually taking advantage of the Purchase Assistance Program (for down payment assistance) in becoming homeowners, the State Bond Program (also for purchase assistance), or other housing subsidy programs, including rental assistance programs, to eventually gain independent homeownership or standard market rental housing (i.e., self-sufficiency).

Leveraging CDBG and HOME funding has become increasingly difficult for local agencies, especially nonprofit agencies, which are often somewhat dependent upon government funding. The County and local municipal governments have very little available discretionary funding, due to decreased revenue and tax income. As a result, Seminole County has become less emphatic in its demand for and consideration of leveraging in order to fund any particular activity.

Each agency funded under the ESG Program is required to match their own ESG allocation. During Program Year 2014-2015, ESG funds were used as follows:

TABLE 20

Subgrantee	Activity	Persons Assisted
Rescue Outreach Mission of Sanford	Operation and Maintenance Expenses	800 persons
Safehouse	Operation and Maintenance Expenses	87 persons
Recovery House	Operation and Maintenance Expenses	222 persons
CBC of Seminole	Rapid Re-Housing of Homeless Families	9 households

All activities were funded in accordance with the County's Citizen Participation Plan. The activities funded during the 2014-2015 Program Year are public- and community-driven, and therefore continue to have positive effects on the needs of the County's lower income neighborhoods and communities and their corresponding standards of living. All activities funded un the 2014-2015 Action Plan, including any and all Substantial Amendments approved during Program Year 2014-2015, were approved by the Seminole County Board of County Commissioners after widespread public notice and public solicitation of input from citizens, local community groups, participating County subrecipients and contractors.

Twenty homes (20) were assisted through the Immediate Need Program utilizing CDBG funds to address emergency scenarios with either the roof, electrical, plumbing, HVAC, or accessibility need. Of these one (1) of the homes assisted met the 5-Year Consolidated Plan Objective of minor rehabilitation for aging-in-place and/or accessibility. In addition, thirteen (13) homes were assisted through Homeowner Rehabilitation/Reconstruction Program with CDBG and HOME funds. Of these homes six (6) met the 5-Year Consolidated Plan Objective of minor rehabilitation for aging-in-place and/or accessibility.

The Lincoln Heights Street Lighting project, a target area improvement, was completed and assisted 102 housing units. The Midway Water Improvements Construction Phase I Project is currently in progress, with an anticipated completion date prior to the end of 2015. This project

will meet the 5-Year Consolidated Plan Objective of Target Area Improvements, with approximately 2.3 linear miles under construction.

The Seminole County Housing Authority received CDBG funds to complete a street paving project within their Academy Place Villas development. This project meets the 5-Year Consolidated Plan Objective of Housing Authority Rehabilitation Assistance.

Public Services continue to be a high priority in the 5-Year Consolidated Plan funds were allocated to provide dental and childcare assistance, as well as operating costs for the Regional Commission on Homelessness.. Over 1,200 individuals were assisted with public services.

Seminole County continues to focus on improving the conditions of housing, infrastructure and community improvement/development activities that promote safe environments and decent living for eligible residents. This is accomplished by utilizing funding from CDBG, HOME, ESG, and other funds such as Neighborhood Stabilization Program (NSP), Shelter Plus Care (S+C) the State Housing Initiatives Partnership (SHIP) and the State's Community Services Block Grant (CSBG) Program, in additional Seminole County provided funds from its' General Fund Account to supplement the activities.

I. Summary of Resources and Distribution of Funds

Identify the Federal funds made available for furthering the objectives of the consolidated plan. For each formula grant program, the grantee shall identify the total amount of funds available (including estimated program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of expenditures. Jurisdictions are encouraged to include maps in describing the geographic distribution and location of investment (including areas of low-income and minority concentration). The geographic distribution and expenditure requirement may be satisfied by specifying the census tracts where expenditures were concentrated and the percentage of funds expended in target areas. The jurisdiction must also submit an updated CDBG Financial Summary Report (PR26).

Seminole County receives funding through HUD to implement projects within the unincorporated sections of the county and also receives funds for five smaller cities which are not entitlement jurisdictions. Most projects involve major construction activities because of the fact that the infrastructure is outdated and requires a major overhaul, for that reason the projects are phased out over several years for completion due to the limited availability of funds.

Geographic Distribution of Funds in Target Area

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM

Midway Water Improvements: Construction Phase I: **$500,000**

This activity is the first phase of construction to replace the water system in the Midway low/mod community.

Housing Rehabilitation/Reconstruction: **$200,000**

This activity will fund the rehabilitation and/or reconstruction of owner-occupied low/mod housing throughout the County.

Immediate Needs: **$273,907**

This activity funds the immediate need of owner-occupied low/mod housing throughout the County. The immediate need consists of one of five trades; roofing, electrical, plumbing, HVAC, and accessibility or barrier removal. Priority can be given towards plumbing needs that involve septic tanks at the discretion of the County.

Microenterprise Assistance: **$100,000**

Provides funding for microenterprise assistance to local businesses to encourage jobs.

SCHA – Academy Place Villas Street Paving **$20,880**

Provide funds to repave the Seminole County Housing Authority-owned streets in the Academy Place Villas neighborhood.

MSBU – Lincoln Heights Street Lighting **$7,000**
Installation of street lights in the Lincoln Heights Community, which is a low/mod neighborhood.

Public Services Activities:

Childcare: **$90,000**
This activity funds continue to provide this service to lower income households with subsidized child care assistance.

Regional Homeless Coalition: **$50,000**
This activity funds the operating costs for the Impact Homelessness Initiative in Central Florida, includes Seminole County, Orange County, and Osceola County.

Dental Assistance: **$50,000**
The Community Assistance Division will continue to provide this service to provide dental assistance to lower income persons on a County-wide basis.

Planning and Administration: **$339,011**
This activity funds staff, administrative support, and planning costs for the CDBG Program.

HOME INVESTMENT PARTNERSHIPS (HOME) PROGRAM

Purchase Assistance: **$100,000**
This activity funds for closing cost, down-payment, and principal reduction assistance to eligible very low and low income homebuyers county-wide.

Tenant-Based Rental Assistance (TBRA): **$170,000**
This activity funds Tenant-Based Rental Assistance (TBRA) throughout Seminole County for the elderly and disabled.

Habitat: Antigua Bay **$59,788**
Project for the construction of townhome units for homeownership.

Affordable Housing - CHDO **$152,053**
Project for the construction or rehabilitation of affordable housing for rental or homeownership in Seminole County through a Community Housing Development Organization (CHDO).

Planning and Administration: **$53,537**
This activity funds staff, supporting, and planning costs for the HOME Program.

EMERGENCY SOLUTIONS GRANTS (ESG) PROGRAM

Rescue Outreach Mission – Operation and Maintenance: **$45,855**
This activity funds the operation and maintenance expenses of an Emergency Shelter, and is matched at least dollar-for-dollar.

Safehouse – Operation and Maintenance: **$25,000**
This activity funds the operation and maintenance expenses of an Emergency Shelter, and is matched at least dollar-for-dollar.

Recovery House – Operation and Maintenance: **$15,000**
This activity funds the operation and maintenance expenses of an Emergency Shelter, and is matched at least dollar-for-dollar.

Rapid Re-Housing of Homeless Families: **$46,506**
This activity will provide rapid re-housing services for low/mod income homeless families, and will be matched at least dollar-for-dollar.

Planning and Administration: **$10,731**
This activity will fund staff, supporting, and planning costs for the ESG Program.

Community Development Priority Needs, from the Consolidated Plan, are as follows:

Activity	Priority Need Ranking
Midway Water Improvements: Construction Phase I & II(CDBG)	High
Microenterprise Assistance (CDBG)	Medium
Immediate Needs (CDBG) (Water/Sewer Improvements)	High
Early Learning Coalition: Childcare (CDBG)	High
Regional Homeless Coalition (CDBG)	High
Housing Counseling: Public Services (CDBG)	High
Dental Assistance (CDBG)	High
CBC/Pathways to Home – Case Management (CDBG)	High
Rescue Outreach Mission of Sanford – Operation and Maintenance(ESG)	High
Safehouse – Operation and Maintenance (ESG)	High
Recovery House – Operation and Maintenance (ESG)	High
Rapid Re-housing of Homeless Families (ESG)	High

II. General CAPER Narratives

A. Assessment of the Three to Five Year Goals and Objectives

a. Describe the accomplishments in attaining the goals and objectives for the reporting period. This should be summary information so that HUD and citizens can easily assess progress made toward meeting longer-term goals.

The County's Five Year Objectives are intended to meet the housing and community development needs of Seminole County with as much an impact as possible with available – and limited – funding and resources. The Objectives address housing needs, homeless needs, low/mod target area needs, economic development, public housing authority needs, and social service.

Established quantified goals are impactful and realistic. Increased CDBG and HOME funding, however, would assist the County in making a greater impact on housing affordability and quality of life among low/mod persons and neighborhoods.
SEE TABLE 2-A

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment of this document.

b. Provide a breakdown of the CPD formula grant funds spent in attaining the goals and objectives. **SEE IDIS REPORT PR06**

Proposed Objectives and Outcome measures, per activity, are as follows:

c. If applicable, explain why progress was not made towards meeting the goals and objectives.

Production of Affordable Housing, including Transitional and Permanent Supportive Housing
Due to limited CDBG, HOME, SHIP funding over the last five years, little resources have been available to fund activities under this objective. However, SHIP funding has increased and we do anticipate more Affordable Housing Projects moving forward in the future.

Neighborhood Facilities/Parks
Due to limited CDBG funds, other objectives were prioritized in recent years. However, three parks were completed, meeting 75% of the 5-year goal.

Microenterprise Assistance
No requests were received in the first four years of the ConPlan period. However in the last year of the period, multiple proposals were received. After a review of the proposals, they were deemed ineligible. There are, however, plans to continue to move forward with identifying projects that are eligible for Microenterprise Assistance.

Development of Housing for Seniors
No requests have been submitted for senior housing during the ConPlan period for CDBG and HOME funding. However, there have been requests for Local Government Contributions towards State Tax Credit Projects for Senior Housing Projects utilizing SHIP funds. These projects were provided a Local Government Contribution and if awarded at the State level will move forward.

Street Paving/Rehabilitation to alleviate roadway deterioration in Target Areas

Higher funding priorities have delegated this objective to a lower priority. In addition, local policy changes have developed more local funding opportunities for these types of projects.

Rapid Re-Housing of Homeless Individuals and Families
This activity had a delayed start, and is still currently underway. Twenty-one (21) households have been assisted with ESG funds, and it is anticipated that eleven (11) more will be assisted within the next six months. In addition, other funds (HOME and General Revenue) were allocated to this objective, in which 116 households were assisted since January of 2013.

d. Describe the manner in which you would change your program as a result of your experiences.

As a result of Seminole County's experiences during Program Year 2014-2015, it is not anticipated that any programmatic changes will be made as the housing needs, homeless needs, low/mod target area needs, economic development, public housing authority needs, and social service needs remain a priority.

B. Affirmatively Furthering Fair Housing

a. Actions taken to affirmatively further fair housing.
b. Summary of impediments to fair housing choice.

Seminole County's Analysis of Impediments (AI) was updated in February 2011 and found that housing values in Seminole County appreciated by over 100% since 2000 to that time. The report looked at two specific issues: 1) the percentage of mortgage loans made to minorities, and 2) the geographic dispersal patterns for these loans. It was found that minorities are victims of predatory subprime loans at greater rates in the Orlando (regional) area than on a national level. However, the County's Purchase Assistance Program has strict anti-predatory loan policies, and it is estimated that 57.8% of very low and low income households assisted during 2008-2009 were minority households.

Actions taken to overcome impediments:

The AI identifies eight actions the County should take to alleviate or eliminate impediments to fair housing. All eight actions were expected to be implemented by September 30, 2014. Below are explanations of how each recommended action was addressed.

1. Recommended: There is a large percentage of households (17.5%) in which the language spoken in the home is other than English. Approximately 12% of total households speak Spanish in the home. The County should take additional efforts to provide information in Spanish. Although the County's website is not bilingual, a link (in Spanish) for the fair housing hotline could be placed on the home page. Similar links concerning the County's housing programs could be established. Alternatively, the Community Development staff could work with the County's Information Technology (IT) Department to determine general translation services into multiple languages such as the one provided by Google.

   Completed: Community Development staff worked with the IT Department to place general translation services on the County's website. The translation services are provided by Google and available in multiple languages, including Spanish. Also, links in Spanish and English for the Fair Housing Hotline were placed on the Community Services Department webpage and all its associated pages.

2. Recommended: The County should post the Fair Housing toll-free telephone number (hotline) on the web pages that provide housing information. Additional links to HUD's online brochures, and HUD web pages with details about fair housing and the protected classes could be added, and/or include a narrative concerning fair housing.

   Completed: The Fair Housing toll-free hotline was placed on all of the web pages that provide housing information such as the Community Services Department webpage, the Community Development webpage, and the Housing and Financial Assistance webpage. Links to HUD web pages with details about fair housing were also added to the Community Services Department webpage and all of its associated pages.

3. Recommended: Fair housing responsibilities should be included in the job description of one of the Community Development staff members.

   Completed: The Seminole County Community Services Department hired its first Community Development Division Manager in February 2013. The fair housing responsibilities were added to this job description.

4. Recommended: The County Community Development Office should obtain and retain information concerning the City of Sanford's programs, in order to allay any confusion that may arise as a result of their programs now being separate.

   Completed: Information describing the City of Sanford's programs was provided by email to all Community Development staff.

5. Recommended: The County should require each affordable housing subrecipient or developer to develop and follow a fair housing marketing plan.

   Completed: All HOME Program subrecipients with five (5) or more units were required to complete an Affirmative Fair Housing Marketing Plan (AFHMP). All of these subrecipients did submit AFHMPs to the Community Development Office for review and staff continues to assist them to ensure an appropriate AFHMP is developed and being followed. All future HOME subrecipients with five (5) or more units will be required to complete an AFHMP and submit it for review.

6. Recommended: The County should continue to enhance its public information program about fair housing. HUD's brochures in both English and Spanish should continue to be available and provided to clients. The Orlando Regional Realtors Associations and the Apartment Association of Greater Orlando should be contacted in order to offer to participate in housing discussions and fair housing training at their meeting or events.

   Complete: A letter was drafted for distribution to the Orlando Regional Realtors Associations and the Apartment Association of Greater Orlando to offer Seminole County's participation in housing discussion and fair housing training at their meetings and events.

7. Recommended: Area lenders should be contacted either individually or in a group setting, to inquire as to their comparative experiences with loan denials, and to solicit ideas to address the imbalances between white applicants and all others.

   Completed: A survey was distributed to over 50 area lenders that participate with our Purchase Assistance Program. The survey inquired of their experiences with loan denials and solicited ideas to address imbalances. One response was received in which the lender stated there is not an imbalance between white applicants and all others in regards to loan denials. The lender further stated that automated approvals and underwriting with no consideration of race are utilized; therefore, loan denials are not based on race.

8. Recommended: County staff should review its housing and community development programs to ensure that there are adequate complaint procedures in place, and that they are available to program recipients.

   In progress: During Program Year 2015-2016, the Fair Housing Officer will develop ways, means, and methods of informing the public of adequate complaint procedures.

C. Affordable Housing

Evaluate progress in meeting its specific affordable housing objectives, including:

a. *Comparison of proposed numeric goals (from the consolidated plan and annual action plan) with the actual number of extremely low income, low income, and moderate income renter and owner household, and homeless persons assisted during the reporting period.*

Five Year ConPlan Goal (2010-2015)

Objective	Current Year Goal	Current Year Actual	5 Year Goal	5-Year Actual
Minor rehabilitation for aging-in-place and/or accessibility	16 homes	13 homes	55 homes	70 homes
Production of transitional housing for families in crisis	20 housing units	13 housing units	120 housing units	84 units
Sanitary waste improvements in target areas	25 septic tanks	4 septic tanks	100 septic tanks replaced	30 septic tanks
Homeless facility for men - partial funding	0 new facility	0 new facility	1 new facility	1 new facility
Development of housing for seniors	20 units	0 units	60 units	0 units

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment of this document, and IDIS Report PR23.

b. Report the number of households served meeting the Section 215 requirements of affordable housing (essentially meeting the definitions in 24 CFR 92.252 and 92.254 for renters and owners, respectively).

TABLE 1

Beneficiary Goal	*Expected No. of Units*	*Actual No. of Units*	*Program*
Non-homeless households	0	9	ESG
Production of new rental units	0	0	HOME
Rental Assistance (TBRA)	25	23	HOME
Rental Assistance (TRA)	46	46	S+C

It is anticipated that CDBG, HOME, and SHIP funds will be used in Program Year 2015-2016 to assist in achieving the stated Five Year Goal of Housing and Rehabilitation.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment of this document.

c. Description of efforts to address worst case needs (defined as low-income renters with severe cost burden, in substandard housing, or involuntarily displaced).

Regarding worst case needs, the HOME TBRA Program assists only very low income households, most of them at poverty level. The TBRA Program was revised in September 2012 to assist three types of eligible households:

1) elderly households,
2) households with disabled persons, and
3) homeless persons and households.

Apart from the TBRA Program, most HOME housing subsidies have been recently aimed at housing rehabilitation and/or housing reconstruction. Both CDBG and SHIP funds have been used for the Immediate Needs Program, which address one major deficient component of a housing unit, such as roofing, HVAC, electrical, plumbing, or access for disabled persons.

The County's current funding philosophy is shifting to focus more on very low income working poor and elderly households. Many programs, such as the Low Income Housing Tax Credit Program usually only go so far as to reach those households earning no more than 60% of the area median income.

The County also uses Shelter Plus Care funding to address worst cast needs of chronically homeless individuals with disabilities. The HOME TBRA Program and the Shelter Plus Care TRA Program (both are "tenant-based rental assistance" programs) are used to provide affordable rents for homeless persons and persons with disabilities (the Shelter Plus Care Program is exclusively for homeless individuals with disabilities). Households headed by persons with disabilities typically live entirely on an extremely limited SSI income, and market rents alone often meet or exceed that income, leaving very little or no income for other necessary or discretionary living expenses. Often, the only reasonable option for some of these households is to choose substandard housing, but even that option can be cost-burdened. During Program Year 2014-2015, the HOME TBRA Program assisted 23 households and the Shelter Plus Care TRA Program assisted 46 homeless individuals.

d. Description of efforts to address the accessibility needs of persons with disabilities.

Twenty homes (20) were assisted through the Immediate Need Program utilizing CDBG funds to address emergency scenarios with either the roof, electrical, plumbing, HVAC, or accessibility need. Of these one (1) of the homes assisted met the 5-Year Consolidated Plan Objective of minor rehabilitation for aging-in-place and/or accessibility. In addition, thirteen (13) homes were assisted through Homeowner Rehabilitation/Reconstruction Program with CDBG and HOME funds. Of these homes six (6) met the 5-Year Consolidated Plan Objective of minor rehabilitation for aging-in-place and/or accessibility.

D. Homeless and Other Special Needs

Evaluate progress in meeting specific objectives for reducing and ending homelessness through:

a. Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs;

The County is currently administering three Shelter Plus Care (S+C) Program grants. Forty-six formerly homeless individuals were housed by the Shelter Plus Care (S+C) Program during Program Year 2014-2015, with accompanying case management.

During Program Year 2012-2013, the Community Services Department implemented a new initiative, the Homeless Program Plan, in an effort to address the rising number of homeless families/individuals in the County. This initiative is based on national best practice principles addressing homelessness by preventing families/individuals from becoming homeless; and helping families/individuals that become homeless move into permanent housing as quickly as possible. A combination of HOME, ESG and General Fund monies were used to administer case management, rental assistance and utility assistance to 116 households.

Aspire (f/k/a Seminole Behavioral Healthcare) participates with case management in the Shelter Plus Care Program and provide supportive services, i.e., counseling, job training, case management services, and medical care. The Shelter Plus Care Program links Tenant-Based Rental Assistance (TRA) to supportive services for hard-to-serve chronically homeless persons with disabilities, primarily those who are mentally ill, have chronic problems with drugs and/or alcohol, or have acquired HIV/AIDS or related diseases.

The Community Assistance and Community Development Divisions provide housing assistance activities and strategies of the CDBG, HOME, ESG, SHIP, NSP, NSP3, and Shelter Plus Care Programs; and work in conjunction with some outside agencies who manage several other similar programs, mostly social service programs, for veterans, indigent persons, and other lower income households and persons.

b. Addressing emergency shelter and transitional housing needs of homeless persons;

See the section above for a discussion of the Homeless Program Plan, initiated in Program Year 2012-2013, in an effort to address the rising number of homeless families/individuals in the

County. Another 116 households received assistance with the County's General Fund and with the CSBG Program through various programs including rental, mortgage and utility assistance.

c. *Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.*

No new resources were obtained from the Homeless SuperNOFA.

d. *Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to be discharged from publicly funded institution and systems of care or those receiving assistance from public or private agencies that address housing, health, social service, employment, education or youth needs.*

Seminole County currently provides prevention assistance to households to avoid eviction. Assistance include rental, utility, and mortgage payment including arrears. Deposit Assistance is also provided to homeless persons to assist them in securing housing. Staff currently work with several local providers including the Rescue Outreach Mission, Families in Transition, The Sharing Center and Harvest Time International to identify eligible households.

E. Other Actions

Describe other actions taken as described in its consolidated plan and annual action plans, including actions to:

All of the actions listed below were identified and undertaken in the Five Year ConPlan and was implemented in the One-Year Annual Plan.

a. Address obstacles to meeting underserved needs.
b. Foster and maintain affordable housing.
c. Eliminate barriers to affordable housing.
d. Overcome gaps in institutional structure and enhance coordination.
e. Improve public housing and resident initiatives.
f. Evaluate and reduce lead-based paint hazards.
g. Ensure compliance with program and comprehensive planning requirements.
h. Reduce the number of persons living below the poverty level.

Address obstacles to meeting underserved needs.
Although SHIP Program funding is only recently re-funded tdo a substantial amount, as compared with previous years, in Program Year 2014-2015 the County offered up to $50,000 in Purchase Assistance funds to provide homeownership for very low income households and up to $30,000 for low income households (also, up to $10,000 is provided for moderate income households). Each household approved for down payment must undergo homeownership

counseling prior to assistance, which includes training on detecting and avoiding predatory lending practices.

Since so many very low and extremely low income households pay more than 30% of their income toward rent, a portion of the HOME TBRA Program and the CSBG Self-Sufficiency Program develop a household's capacity to earn more income on their own, after receiving vocational training or education and developing marketable job skills. Once viable employment is gained, stable households are encouraged to apply for the above-mentioned purchase assistance. In addition, the HOME TBRA Program assists elderly and disabled housholds to alleviate them paying more than 30% of their income in rent. These households often do not have the ability to increase their household income and this assistance enables them to maintain their housing.

The County also funds an Immediate Needs Program (the rehabiliation of one specific trade; roofing, HVAC, plumbing, electical, or barrier removal) Housing Rehabilitation, and Housing Reconstruction (the demolition and replacement of low income owner occupied dilapidated units) from its SHIP Program to provide new housing units for lower income households. HOME and CDBG funds will continue to be utilized to provide these services in addition to SHIP funds.

Foster and maintain affordable housing.
Using the County's Consolidated Plan's housing needs assessment and updated data from the 2000 Census, low income renter households continue to have the most trouble locating affordable housing in Seminole County, and are the most cost-burdened, especially with the numerous job losses experienced in the past three to five years by many households.

The lack of available developable residential land (residential build-out is projected to occur within 10 years or so) and, where once-rapidly rising housing prices (occuring especially between 2000 and 2005) put restraints on the County's ability to provide affordable housing for lower income households, and especially very low and extremely low income households, now those households are difficult to serve due to the unstable employment and mortgage markets.

The County's affordable housing infrastructure appears to be adequately addressing the need for affordable housing for lower income households, especially with the current economic recession and an abundance of foreclosed housing units, which provides lower cost ownership housing. The high number of foreclosures has provided a large supply of low cost housing, and many were acquired and rehabilitated, and either resold or rented under NSP; however, the market has shifted from mostly foreclosed properties to real estate owned properties (REO) throughout the last fiscal year. Through NSP properties will be in the process of being acquired and will be rehabilitated next fiscal year for rental properties and homeownership. Even though housing is more affordable (i.e., lower priced) for lower income households, the unemployment rate hinders many families from taking advantage of this. Many previous homeowners are now renters, which have driven up the demand for rental housing and, therefore, the relative cost of same.

A few nonprofit and for-profit (with NSP) corporations operating in Seminole County exist for the purpose of providing housing and/or housing and community development services, particularly for lower income persons and households. The types of services offered include affordable housing locator services, home buyer counseling, acquisition and rehabilitation of

housing for resale, acquisition and rehabilitation of housing for affordable renting, new housing construction, rental assistance, real estate services, etc.

The County uses SHIP Program funding to reconstruct existing housing (housing replacement), provide home repairs, and provide down payment assistance for very low and low income households. Much housing assistance is provided to poverty income (extremely low income) households, mostly for reconstructing existing housing and providing home repairs. It is noteworthy that the SHIP Program provided very limited funding until the 2014-2015 state Program Year.

Actions Taken to Eliminate Barriers to Affordable Housing.
Seminole County provides down payment assistance under its SHIP Program to lower income households, although funding has been severly limited in the past few years. During this last fiscal year, the Local Housing Assistance Plan (the LHAP, which governs the use of SHIP funds), the maximum subsidies and maximum sales price thresholds in the 2014-2015 Program Year are as follows:

TABLE 9

Income Category	*Maximum Subsidy*	*Maximum Sales Price – Existing Housing*	*Maximum Sales Price – New Construction*
Very low income	$50,000	$162,000*	$206,000*
Low income	$30,000		
Moderate income	$10,000		

**The sales price is determined by underwriting, and does not exceed what the household can reasonably afford.*

The County, during Program Year 2011-2012, updated its Analysis of Impediments to Affordable Housing (AI). The AI, under direction of County staff and with the input of dozens of affordable housing and social service actors, identifies specific impediments and makes scheduled recommendations to address those impediments. All of the impediments have been addressed. The new AI replaces the previous one conducted in 2006, and is available on the County's web site for public viewing.

Actions Taken to Overcome Gaps in Institutional Structure and Enhance Coordination.
Key partnerships were maintained during the 2014-2015 Program Year. Relationships exist with Seminole County and several nonprofit organizations, for-profit housing developers, housing counseling agencies, supportive service providers, and other housing assistance providers. It is estimated that the Seminole County Community Services Department created and maintained at least ninety partnerships during the 2014-2015 Program Year.

Actions Taken to Improve Public Housing and Resident Initiatives.
Continued communication and interaction are maintained with the Seminole County Housing Authority (the Housing Authority of the City of Sanford is now within the jurisdiction of the City of Sanford, operated by the Orlando Housing Authority, and its Metropolitan Entitlement CDBG Program) and local nonprofit housing agencies to complement efforts to provide a full range of services to public housing, Section 8, and TBRA tenants. With regard to resident initiatives, the SCHA makes their Section 8 Rental Assistance Programs available for homeownership, assisting in mortgage payments for up to 15 years for eligible households. Also, the SCHA uses vendors and businesses owned by its own public housing residents to the greatest extent feasible for any work needed.

Actions Taken to Evaluate and Reduce Lead-Based Paint Hazards
As part of the County's environmental and construction review process for all Federally-funded housing units, all pre-1978 housing units under all proposed activities selected for any type of rehabilitation, reconstruction and/or historic preservation are assessed for the presence of lead-based paint prior to any work being performed.

According to the Florida Department of Health Bureau of Epidemiology, the overall lead poisoning rate for Seminole County during 2013 was 1.3 compared to the entire state of Florida's rate of 4.5.

Ensure compliance with program and comprehensive planning requirements.
Community Development Division staff contains members that are well-versed and competent with regard to program requirements, and formerly inexperienced staff are frequently attending

HUD-sponsored training to procure competence in same. Staff meets to discuss activity eligibility, budgetary limitations, compliance issues, and related subjects with subrecipients prior to recommending contract execution for housing and community development activities.

With regard to comprehensive planning requirements, Community Development Division staff works with the Growth Management Department to discover housing and community development needs, and in implementing activities to meet those needs. The Board of County Commissioners approves the Comprehensive Plan, the 5-Year Consolidated Plan, each One-Year Action Plan, and all Substantial Amendments to any plans; they and senior staff oversee the development and implementation of each to ensure coordination. In addition, the Comprehensive Plan is a key tool in the development of each 5-Year Consolidated Plan.

Actions Taken to Reduce the Number of Persons Living in Poverty

Although TBRA does assist elderly and disabled households as well, reducing poverty and homelessness by providing housing affordability while building self-sufficiency is a purpose of the County's TBRA and TRA activities (funded by HOME- and Shelter Plus Care, respectively), whereby previously homeless individuals and families, and other extremely low and very low income households, are encouraged and assisted in gaining marketable employability by obtaining vocational or educational training, or by receiving supportive services. In this program, long-term rental assistance is sometimes coupled with the CDBG-funded Dental Assistance and Child Care Assistance activities (and other supplemental public/social service assistance programs provided by the County, as necessary), if needed.

Households in the Self-Sufficiency Program are encouraged to work toward using the SHIP Purchase Assistance Program (for down payment assistance) or other housing subsidy programs to eventually gain homeownership or standard market rental housing. Seminole County also uses the Florida Community Services Block Grant (CSBG) funding to provide rental assistance during educational/vocational training to build self-sufficiency. In addition, CSBG funds are used to provide Training Vouchers to for individuals to attain vocational or education training to gain or increase their marketable employability. This funding can be used to provide assistance for TBRA\TRA participants or other income eligible applicants. Efforts are underway to identify and relocated those special needs households to dedicated units with affordable rents.

Also, both with and apart from the TBRA\TRA Programs, the CDBG-funded Child Care Assistance activity is intended to provide a means for very low income households, usually single parents with children, to procure and maintain self-sufficiency through gainful employment and/or additional education. Normally, such heads of households can normally only locate low paying jobs. This activity offsets the relatively high cost of caring for their children while at work or while seeking employment.

The grantee may satisfy these requirements by indicating that the actions described in consolidated plan and annual action plan were taken. If actions were not taken, explain why.

F. Leveraging Resources

a. *Identify progress in obtaining other public and private resources that address needs identified in the plan.*

Agencies receiving funding for projects based on the competitive NOFA are required to leverage funds to demonstrate an investment in the activities that they undertake. The County's success in obtaining this is based on the fact that it is a factor in the rank and review element of the scoring of the proposals submitted for funding and it carries enough weight to effect the status of the funding request.

b. *How Federal resources from HUD leveraged other public and private resources.*
Federal funds leveraged with the County's general funds to further expand services to the low income populations in services provided for medical and dental services, rental and financial assistance and for job/career training initiatives. The State of Florida provided funds to further assist homeowners and the disable clientele by providing rehabilitation assistance and down payment assistance.

c. *How matching requirements were satisfied.*
Matching requirement were satisfied by utilizing the State funded SHIP program funds. When necessary the County also utilizes general funds for other programs relating to home reconstruction.

G. Citizen Comment

Provide a summary of citizen comments it receives regarding the programs covered by its consolidated plan and the disposition of those comments. (Section 91.105(d)(2) of the consolidated plan regulations requires that grantees consider any comments or views of citizens, received in writing or orally at public hearings, in preparing the CAPER.)

For the Fifth Year of the ConPlan, the Citizen Participation process for the 2014-2015 One-Year Action Plan began when a Notice of Funding Availability (NOFA) was published in the Seminole Section of the Orlando Sentinel on December 22, 2013, and on the County's web site; a copy of the advertisement is enclosed as Exhibit A. This NOFA solicited the submission of funding proposals under the CDBG, HOME, and ESG Programs. The published NOFA stated a due date of February 27, 2014 for the submittal of all funding proposals.

A Public Hearing was held on April 17, 2014, at which Community Development Division staff solicited public comment and input for the County's Housing and Community Development Needs for the 2014-2015 Program Year for inclusion within this Action Plan. The Public Hearing was advertised in the Seminole section of the Orlando Sentinel and on the County's website on April 6, 2014.

The One-Year Action Plan advertisement established the required 30-day public comment period, beginning on May 22, 2014 and ending on June 23, 2014. Comments received are noted below, in Section three.

Input and comments from these and other sources such as; community leaders, church leaders, and community activists in lower income areas and CDBG Target Areas were also contacted to solicit comments on the County's housing and community development needs; were solicited via email and the public advertisements. Relevant comments are included in the Action Plan, and helped shape the County's funding recommendations submitted to the Board of County Commissioners for approval.

At the April 17, 2014 Public Hearing, the following housing and community development needs were noted for Seminole County for Program Year 2014-2015:

- One commentator indicated that the County should partner with the Orlando/Sanford Housing Authority for the redevelopment of the lost units from the closing of the Sanford Housing Authority's public housing units.
- One commentator indicated that assistance for micro-enterprises is needed. Indicated that the program should be an on-going application cycle that utilizes an application that is specific to the program needs. Also indicated that staff should reach out to the local Chambers of Commerce.
- One commentator indicated that the County should provide Community Education for target areas to provide education on the process and paperwork needed to apply for programs. Sometimes people are afraid to apply/submit paperwork, specifically elderly households.

One comment was received from a commentator that was unable to attend the Public Hearing indicating that there is a need for low income housing in the County; specifically for persons receiving social services such as case management.

One comment was received during the 30-day comment period. Reverend Samuel Duncan submitted an appeal letter, see Exhibit F.

Despite the amount of comments received at the Public Hearing, Seminole County is unable to address all of the needs expressed during the citizen participation process. With limited funding available, activities funded are intended to complete activities previously funded for initial phases such as design, to continue funding necessary Public Services activities, rental assistance, homeowner rehabilitation, and to fund Affordable Housing. In addition, funds have been set aside to address micro-enterprises. In addition, staff can work to provide Community Education for target areas on the application process and paperwork needed to apply for programs Seminole County Community Services offers.

In accordance with the Citizens Participation Plan, the CAPER was published in the Seminole County section of the Orlando Sentinel for the required 15-day publication period and was also published on the County's website. Residents were encouraged to review the report and to make comments about it. The advertise was available for comment during the period of November 19, 2015 and ended December 3, 2015. Any and all comments received will be incorporated with the CAPER, and upon Board approval, and will become a part of this report and submitted.

H. Self-Evaluation

Provide an evaluation of accomplishments. This evaluation must include a comparison of the proposed versus actual outcomes of each outcome measure submitted with the consolidated plan and explain, if applicable why progress was not made toward meeting goals and objectives.

Recommend use Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment to this document and IDIS Reports PR03, PR06 and PR23; and the following IDIS Outcome Measurement Reports -- PR83 and PR84 (for CDBG); PR85 (for HOME and other programs); PR81 (for ESG); and PR80 and PR82 (for HOPWA).

Questions a grantee may want to consider include:

a. *Are activities and strategies having an impact on identified needs? What indicators would best describe overall results? Are major goals on target?*

Seminole County has utilized the needs assessment tool to determine the priority and needs of the community. Housing continued to be a priority need because of the housing prices in the area. As it relates to the goals and meeting the primarily objectives, the County has consistently adhered to the items that were identified in the ConPlan. For the current Program Year we had two (2) project cancellations, yet overall that reflects a very small percentage of the housing projects. For instant, the Immediate Needs Program reached roughly 90% of its goals, with just one cancellation.

b. *What barriers may have a negative impact on fulfilling strategies and achieving the overall vision?*
The barrier that we are encountering now is that services for homelessness continue to rise, providing shelter has been and continues to be somewhat challenging for the funds we are receiving.

c. Based on this evaluation, what adjustments or improvements to strategies and activities might help meet the identified needs more effectively?
During Program Year 2014-15 Seminole County consolidated the Shelter Plus Care Programs into one grant program, streamlining the availability of funds could assist overall on the handling of cases, therefore expediting time and getting clients served at a faster pace.

I. Monitoring

a. Describe how and the frequency with which you monitored your activities.
The Community Services Compliance Units is charged with performing annual monitoring on all active and long term monitoring from agreements for services and activities funded with federal grant funds.

A monitoring schedule is adopted at the beginning of the Program Year to coincide with the current agreement and services. A risk assessment analysis determined the frequently with which monitoring will be conducted. A letter is prepared and sent both via email and through regular mail to inform the agencies that we have schedule a date. We also provide a list of the items we will be reviewing and ask for a confirmation as to date and time

b. What is the status of your grant programs?
Seminole County takes great pride in maintaining all of its grants at a current status and has not had any grants that were in a position of non-compliance.
    - Are any activities or strategies falling behind schedule?
    No, the County is on track with the projects identified. There were a couple of for which funds were committed, however the projects were cancelled.
    - Are grant disbursements timely?

Yes, the County has maintained compliance with the required 1.5 percent draw requirement and has had no issues in this regard.

- Do actual expenditures differ from letter of credit disbursements?
  There are differences however, we are able to attribute them to the reconciling factor with the draw schedule.

Program Narratives

In addition to the general narrative, a grantee must provide narratives that address the following requirements of each of the four consolidated plan programs for which it received funding.

III. CDBG Program

Assessment of Relationship of CDBG funds to Goals and Objectives

a. Assess the use of CDBG funds in relation to the priorities, needs, goals, and specific objectives in the consolidated plan, particularly the highest priority activities.

   The final year of the Consolidated Plan was consistent with the originally identified and selected projects and activities. Projects identified and addressed in the Annual Action Plan were based on the needs assessment and the highest priorities were funded.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment of this document.

b. Evaluate progress toward meeting the goals of providing affordable housing using CDBG funds, including the number and types of households served.
   The County has been calculated in the progression of implementing housing activities because of the system utilized in funding the projects and types of activities that were placed as high priority. The Immediate Needs Program is designed to provide homeowners with services that are non-construction in nature. These services include HVAC, septic tanks, and roofing to name just a few. We anticipated 12, have completed six (6), canceled one (1), and have five (5) open at this time.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment of this document.

c. Indicate the extent to which CDBG funds were used for activities that benefited extremely low-income, low-income, and moderate-income persons.
   All CDBG funds were used to benefit the low-income category of households.

Changes in Program Objectives

Identify the nature of and reasons for any changes in program objectives and indications of how the jurisdiction would change its programs as a result of its experiences (24 CFR 91.520(c)).

Neighborhood Revitalization Strategies

Seminole County does not currently have any approved Neighborhood Revitalization Strategies.

Grantees with HUD-approved neighborhood revitalization strategies must describe progress against benchmarks for the program year. For grantees with federally designated Enterprise Zones (EZs) or Empowerment Communities (ECs) that received HUD approval for a neighborhood revitalization strategy, reports required as part of the EZ/EC process shall suffice for purposes of reporting annual progress (24 CFR 91.215(e)(2)).

Section 108 Loan Guarantee

Seminole County does not currently utilize the Section 108 Programs.

Grantees with Section 108 loan guarantee projects should describe actual accomplishments.

Recommend use Section 108 Loan Guarantee Report found in the Attachment of this document for tracking accomplishments.

IV. HOME Program

Assessment of Relationship of HOME funds to Goals and Objectives

a. Assess the use of HOME funds in relation to the priorities, needs, goals, and specific objectives in the consolidated plan, particularly the highest priority activities.
The County utilized HOME funds in the manner consist with the identification of needs and priorities as listed in the ConPlan. The projection for HOME funds was based on the high priorities of purchase assistance/home reconstruction and tenant-based rental assistance. In addition, there was a high need for affordable housing units and that goal was also recognized.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment to this document.

b. *Evaluate progress toward meeting the goals of providing affordable housing using HOME funds, including the number and types of households served.*

HOME funds were used to provide assistance to five ***low-income households,*** reconstruction assistance to one moderate income person and ***23 low-income rental families.***

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment of this document.

c. *Indicate the extent to which HOME funds were used for activities that benefited extremely low-income, low-income, and moderate-income persons.*

HOME funds were used entirely for the sole purpose of benefitting families that falls within the extremely low, low and moderate income levels.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B) found in the Attachment of this document and IDIS Report PR23.

HOME Match Report

Please refer to IDIS Report PR33 for this information

*Use HOME Match Report (HUD-4107A)) to report on match contributions for the period covered by the consolidated plan program year. (Although the requirement for matching contributions is based on the Federal fiscal year, the reporting is based on the PJ's program year and the PJ should modify this report to indicate its program year (91.220(b)(2), 91.320(b)(2), and 91.*420(b)).

IDIS Report 33 contains financial information that is useful for HOME match reporting.

HOME MBE and WBE Report

The County currently has no MBE/WBE contractors listed to report on for this report.

Use Part III of HUD-4107 to report contracts and subcontracts with Minority Business Enterprises (MBEs) and Women's Business Enterprises (WBEs).

Assessments

a. *Detail results of on-site inspections of rental housing.*

The County has an inspector on staff that is certified to perform HQS inspections and in addition is contracted with the local Housing Authority to conduct inspections on rental properties. All inspections which are not initially passed have a 30-day time-frame to correct any deficiencies.

b. *Describe the HOME jurisdiction's affirmative marketing actions.*

The County's Community Services Department ensues that advertisements seeking contractors for services are sure to indicate that Section 3 is applicable to all projects to indicate that those who are in the vicinity are provided opportunities to bid on projects.

c. *Describe outreach to minority- and women-owned businesses.*

County staff places advertisements and also secure flyers to attract WMBE participants and likewise utilizes the economic development and purchasing department to promote and attract WMBE participants by displaying information on solicitations.

V. HOPWA Program

Assessment of Relationship of HOPWA funds to Goals and Objectives

The County does not receive HOPWA funds. The City of Orlando's CAPER should provide pertinent information about HOPWA assistance in Seminole County.

a. Assess the use of HOPWA funds in relation to the priorities, needs, goals, and specific objectives in the consolidated plan, particularly the highest priority activities.

Not Applicable, Seminole County does not receive HOPWA funds.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment to this document.

b. Evaluate progress toward meeting the goals of providing affordable housing using HOPWA funds, including the number and types of households served.

Not Applicable, Seminole County does not receive HOPWA funds.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in the Attachment to this document.

To report progress under these general and HOPWA specific requirements, the grantee may integrate the HOPWA elements in their standard CAPER report or establish a HOPWA-specific narrative by completing the following information. These elements are also found in the optional Consolidated Plan Management Process tool (CPMP), which is available for use in planning and reporting on Consolidated Plan activities.

Not Applicable, Seminole County does not receive HOPWA funds.

See www.hudhre.info/documents/CAPER_HOPWA.doc for details on revised HOPWA CAPER guidance and user guide.

Part 1: HOPWA Executive Summary. Provide an executive summary (1-3 pages) and a specific objectives narrative which address the following:

Not Applicable.

A. Grantee and Community Overview (Web summary).
A brief description of the grant organization, the area of service, the name of program contact(s), and a broad overview of the range/type of housing activities, along with information on each sponsor by name, main project site by zip code and related organization information.

Not Applicable.

B. Annual Performance under the Action Plan.

a. Report on the actions taken during the year that addressed the special needs of persons who are not homeless but require supportive housing, and assistance for persons who are homeless.

b. Evaluate the progress in meeting the project's objectives for providing affordable housing, including a comparison of actual outputs and outcomes to proposed goals and progress made on the other planned actions indicated in the strategic and action plans. The evaluation can address any related program adjustments or future plans.
c. Include any assessment of client outcomes for achieving housing stability, reduced risks of homelessness and improved access to care.

d. Report on the use of committed leveraging from other public and private resources that helped to address needs identified in the plan. Report the number of stewardship units of housing which have been created through acquisition, rehabilitation or new construction with any HOPWA funds.

e. Describe any other accomplishments recognized in the community due to the use of HOPWA funds, including any projects in developmental stages that are not operational.

f. Provide an analysis of the extent to which HOPWA funds were distributed among different categories of housing needs consistent with the geographic distribution plans identified in its approved Consolidated Plan.

C. Barriers or Trends Overview.

a. Describe any barriers (including non-regulatory) encountered, actions in response to barriers, and recommendations for program improvement.

b. Describe any expected trends facing the community in meeting the needs of persons living with HIV/AIDS, and provide any other information important in providing services to persons with HIV/AIDS.

c. Note any evaluation, studies, or other assessments of the HOPWA program available to the public.

Part 2: Accomplishment Data – (Web summary information).

a. Complete and submit CAPER Performance Chart 1 Planned Goals and Chart 2 Actual Performance;

b. Complete and submit CAPER Performance Chart 3 for Housing Stability Outcomes, HOPWA Outcomes on Access to Care and Support in conjunction with HOPWA-funded Housing Assistance, Monthly Household Income in conjunction with HOPWA-funded Housing Assistance, and HOPWA Outcomes on Access to Care and Support not in conjunction with HOPWA-funded Housing Assistance.

IDIS Report PR80 has useful financial and accomplishments information for end of year reporting.

Note: in connection with this CAPER, similar information must be entered and submitted in IDIS. Use the IDIS MA04 screen actual accomplishment data to compare results with proposed accomplishment data for (1) all active HOPWA activities and (2) activities completed in the most recent program year; and enter and submit into the related HOPWA accomplishment IDIS screens accomplishment data for (1) each active HOPWA activity and (2) activities completed in the most recent program year.

CAPER Explanation: The HOPWA CAPER charts are to be used in connection with the grantee narrative and performance assessment portion of the CAPER. Under that annual report, grantees address their actions and report on performance with the use of federal and other funds during the operating year. Grantees of HOPWA funding are required in the CAPER's narrative to explain how the HOPWA-related activities address strategic plan objectives and to evaluate progress in providing affordable housing and addressing the needs of homeless persons and the special needs of persons that are not homeless but require supportive housing, including persons living with HIV/AIDS and their families. Grantees must complete and submit the CAPER charts as required under the Part 2: Accomplishment Data section.

Performance Charts 1 Planned Goals and 2 Actual Performance are integrated and will help illustrate progress in leveraging resources by providing a means to report on the grantee's progress in obtaining "other" public and private resources that address needs identified in the plan. The HOPWA section of the CAPER also requires that grantees provide a narrative with information on what other resources were used in conjunction with HOPWA-funded activities. These charts provide a method to illustrate this use of other resources in addressing the housing needs of persons living with HIV/AIDS and their families and the supportive services provided.

Performance Chart 3 uses client outcome measures to demonstrate program effectiveness. The HOPWA program's overall outcome is that assisted households have been enabled to better maintain a stable living environment in housing that is safe, decent, and sanitary, and to reduce the risks of homelessness, and improve access to HIV treatment and other health care increases through the use of annual resources with the goal that this reaches 80 percent by 2008.

VI. Emergency Shelter/Solutions Grant Program

Assessment of Relationship of ESG Funds to Goals and Objectives

a. *Identify actions to address emergency shelter and transitional housing needs of homeless individuals and families (including significant subpopulations such as those living on the streets).*

Seminole County currently provides funding for a variety of homeless services and programs. Through the Emergency Solution Grant Program. Funding is provided to several local services providers for emergency housing, supportive services and case management. The COC/Shelter Plus Care funding supports 46 chronically homeless households of which more than 50% came from the street or other places not meant for human habitation. It is important to note that this population also has disabilities including mental illness, substance abuse/use disorder, HIV/AIDS or physical disabilities. Households pay 30% of their income. Grant funds are used to supplement the difference between the rent and client co-pay. Seminole County Homeless Prevention Program (SCHPP) also provides rental assistance and case management services for homeless households. To date 106 families have been assisted since the program's inception in 2013.

b. *Evaluate progress made in using ESG funds to address homeless and homeless prevention needs, goals, and specific objectives established in the consolidated plan.*

Seminole County has implemented a very broad-based approach to dealing with the homeless population. In addition to providing shelter, operation and homeless services Seminole County provides medical and dental assistance, financial assistance for bus transportation, and career training for those who are desiring to receive training.

Recommend use Priority Housing Needs/Investment Plan (Table 2A), Annual Housing Completion Goals (Table 3B), Priority Community Development Needs (Table 2B), and Summary of Specific Annual Objectives (Table 1C, 2C, 3A) found in Attachment to this document.

c. *Detail how ESG projects are related to implementation of comprehensive homeless planning strategy, including the number and types of individuals and persons in households served with ESG funds.*

There are basically three ways in which ESG funds are used by Seminole County:

1. To provide emergency homeless shelters with funding for operation and maintenance.
2. To provide financial assistance to very low income homeless households by paying rent or mortgage payments on their behalf.
3. To rapidly re-house homeless households.

The "Services for at-risk population" objective listed above includes CDBG Public Services activities as well as ESG Homelessness Prevention. During Program Year 2014-15, ESG funds were used as follows:

Matching Resources

Provide specific sources and amounts of new funding used to meet match as required by 42 USC 11375(a)(1), including cash resources, grants, and staff salaries, as well as in-kind contributions such as the value of a building or lease, donated materials, or volunteer time.

State Method of Distribution

States must describe their method of distribution and how it rated and selected its local government agencies and private nonprofit organizations acting as subrecipients.

Activity and Beneficiary Data

Completion of Emergency Shelter Grant Program Performance reports showing ESGP expenditures by type of activity. Also describe any problems in collecting, reporting, and evaluating the reliability of this information.

See IDIS Tables PR12 and PR19 to show ESG expenditures by type of activity. Since monthly reports are required from subrecipients prior to reimbursement/payment, no problems are encountered in collecting, reporting, or evaluation ESG activity or beneficiary information.

Homeless Discharge Coordination

As part of the government entity developing and implementing a homeless discharge coordination policy, ESG homeless prevention funds may be used to assist very low-income individuals and families at risk of becoming homeless after being released from publicly funded institutions such as health care facilities, foster care or other youth facilities, or corrections institutions or programs.

Explain how your government is instituting a homeless discharge coordination policy, and how ESG homeless prevention funds are being used in this effort.

a. As part of the government developing and implementing a homeless discharge coordination policy, ESG homeless prevention funds may be used to assist very-low income individuals and families at risk of becoming homeless after being released from publicly funded institutions such as health care facilities, foster care or other youth facilities, or corrections institutions or programs.

   Seminole County is an active participant in the Central Florida Continuum of Care (CoC) which is currently working on a regional approach to address homelessness in the Tri-County Areas of Orange, Osceola and Seminole County. Through this collaboration, a

streamline process is being developed to address all subpopulations of the homeless. Currently Seminole County utilize ESG Funds to provide rapid rehousing services for homeless persons with a priority of youths again out of foster care and families with young children. ESG Funds also provide funding for emergency shelter operations.

b. Explain how your government is instituting a homeless discharge coordination policy, and how ESG homeless prevention funds are being used in this effort.

   Seminole County is engaging other communities, including local municipalities, to look at homeless from a different viewpoint to determine how to best establish coordination and how to apply a strategy for prevention. Seminole County has one of the greatest populations of homeless persons in the area and is aggressively working to find a solution that will see a decline in those numbers.

Emergency Solutions Grant Program

Jurisdictions receiving funding under the Emergency Solutions Grant program pursuant to the interim rule published on December 5, 2011 must include, in a form prescribed by HUD, the number of persons assisted, the types of assistance provided, and the project or program outcomes data measured under the performance standards developed in consultation with the Continuum(s) of Care.

This information is electronically submitted to HUD under the new E-cart system. The tool is unavailable until December 1, 2015, and will be submitted at that point.

OTHER ATTACHMENTS AND NARRATIVES

Attach copies of a summary of specific objectives and annual housing completion goals from the consolidated plan, (i.e. Table 1C, 2C, 3A, 3B).

The grantee must submit an updated Financial Summary Report (PR26), and other information required by regulations located at 24 CFR 91.520.

Include any CAPER information not covered by narratives in any other section.

The following IDIS reports with an asterisk (*) contain information that must be provided to citizens in order to satisfy annual performance report requirements contained for Consolidated Plan under 24 CFR 91.520.

*Summary of Accomplishments Report (C04PR23) presents data on CDBG/HOME activity counts and disbursements by priority need categories. It also contains data on CDBG accomplishments by various units of measure and housing units by racial/ethnic categories and HOME housing units by various income groups.

*Summary of Consolidated Plan Projects for Report Year XXXX (C04PR06) tracks progress in implementing projects identified in the action plan. This report lists all projects for a plan year in sequence by project number. Disbursements are summarized by program for each project's activities.

*Financial Summary Report (C04PR26) provides the key CDBG program indicators. This report shows the obligations, expenditures that the grantee has made for a specified program year. The expenditures are summarized to determine the relevant indicators for low- and moderate-income, planning/ administration, public service activities and economic development. (This report contains program year information on statutory requirements regarding overall percentage for low- and moderate-income benefit.)

*Summary of Activities (C04PR03) - lists each CDBG activity that was open during a program year. For each activity the report shows the status, accomplishments, program year narrative and program year expenditures. For each activity the report also shows the activity code, regulation cite and characteristics of the beneficiaries.

NOTICE OF FUNDING AVAILABILITY AND SOLICITATION OF PROPOSALS SEMINOLE COUNTY ONE YEAR ACTION PLAN FOR 2014-2015

On October 1, 2014, Seminole County expects to receive funding from the U.S. Dept. of Housing and Urban Development (HUD) for activities that benefit low and moderate income families or persons. Proposals are now solicited for projects to help meet the needs identified in the 2010-2015 Consolidated Plan.

In order to address these needs, the following funding is anticipated for the 2014-2015 Program Year:

Funding Available	Program	Eligible Activities
$480,897	HOME	New or Existing Affordable Housing * $80,150 is anticipated to be awarded to a Community Housing Development Organization (CHDO)
$1,144,892	CDBG	Capital Improvements
$264,205	CDBG	Public Services
$74,325	ESG	Homeless Shelter Operating and Maintenance
$49,551	ESG	Rapid Re-Housing of Homeless Families

Additional funding may be available for these activities, depending upon availability. Projects may be implemented by the County, or the County may contract with local governments, nonprofit agencies or for-profit organizations, to undertake activities to meet identified community development and housing needs. Up to two (2) proposals will be accepted from any firm or agency. All proposals are due to the Seminole County Community Development Division *no later than* Thursday, February 27, 2014 at 5:00 p.m. Faxed proposals and e-mailed proposals will not be accepted. Each proposal must be submitted as one (1) original paper document, six (6) duplicated paper documents, and must be accompanied by a single digital copy (one .pdf file) on one (1) compact disk.

Funding applications will be available from the Seminole County webpage at www.seminolecountyfl.gov (go to the Community Development web page) by Thursday, January 2, 2014 or at the Community Development Office. On Thursday, January 16, 2014 a workshop will be held to provide technical assistance to all interested applicants at the Community Development Office.

INVITATION FOR PUBLIC COMMENT
2010-2015 FIVE-YEAR CONSOLIDATED PLAN
PROPOSED USE OF FUNDS
FOR THE 2014-2015 ONE-YEAR ACTION PLAN
SEMINOLE COUNTY, FLORIDA

Seminole County is a federal grant recipient through the U.S. Department of Housing and Urban Development (HUD). These grant funds include the Community Development Block Grant (CDBG) Program, the HOME Investment Partnerships (HOME) Program, and the Emergency Solutions Grants (ESG) Program. These programs assist lower income and homeless residents.

The Proposed One-Year Action Plan represents the efforts and solicitation of ideas from County staff, County residents, local organizations, social service providers, and a Countywide Public Hearing. The County also used its Five-Year Consolidated Plan to design activities and projects in conformance with the goals established therein. Based on this information and analysis, the County developed the following 2014-2015 One-Year Action Plan.

The proposed use of funds for the program year beginning October 1, 2014 is:

Community Development Block Grant Program:
Midway Water Improvements: Construction Phase I & II– $500,000
Microenterprise Assistance – $100,000
Immediate Needs – $273,907
Seminole County Housing Authority –
Academy Place Villas Street Paving – $20,880
Lincoln Heights Street Lighting – $7,000
Housing Rehabilitation/Reconstruction – $200,000
Public Services:
Childcare Assistance – $90,000
Regional Homeless Coalition – $50,000
Housing Counseling – $24,258
Dental Assistance – $50,000
Rental and Utility Assistance – $40,000
Planning and Administration – $339,011

HOME Investment Partnerships Program:
Purchase Assistance – $100,000
Habitat for Humanity: Antigua Bay – $59,788
Tenant-Based Rental Assistance – $170,000
Affordable Housing: CHDO – $152,953
Planning and Administration – $53,537

Emergency Solutions Grants Program:
Rapid Re-Housing of Homeless Families – $46,506
Rescue Outreach Mission - Operating and Maintenance Expenses – $45,855
Safehouse of Seminole – Operating and Maintenance Expenses – $25,000
Recovery House – Operating and Maintenance Expenses – $15,000
Planning and Administration – $10, 731

There will be a 30-day public comment period for the County's 2014-2015 One-Year Action Plan. Comments will be received at the Seminole County Community Development Division until 5:00 p.m., Monday, June 23, 2014. During this period, the Action Plan will be in draft form and will be available for public review at the Community Development Division, Reflections Plaza, 534 W. Lake Mary Boulevard, Sanford, Florida 32773. Public comments will be forwarded to the Board of County Commissioners prior to their June 24, 2014 meeting for final approval of the 2014-2015 One-Year Action Plan.

SEMINOLE COUNTY HOME PROGRAM
AFFIRMATIVE MARKETING PROCEDURES & REQUIREMENTS
(EQUAL HOUSING OPPORTUNITY)

It is the policy of the Seminole County not to discriminate against any person on the basis of ethnicity, color, national origin, sex, religion, familial status, or disability:

- In the sale or rental of housing or real property;
- In advertising the sale or rental of housing of any type;
- In the financing or refinancing of housing;
- In the provision of real estate or mortgage/lending services; or
- In the appraisal or insuring or title of housing.

PURPOSE (24 CFR 92.351 (a) (1)

These Affirmative Marketing Procedures and Requirements (the Procedures) are developed for use in HOME Investment Partnerships (HOME) Program-funded projects in accordance with the HOME Program regulations including, but not limited to, 24 CFR 92.351. The Procedures are a commitment by Seminole County, a HOME Participating Jurisdiction (PJ), and any HOME-funded agency (Partner), for rental and homebuyer projects containing five (5) or more HOME-assisted housing units. Each funded Partner shares responsibility with the County to inform the public about the Federal Fair Housing Laws, solicit eligible persons without regard to ethnicity, color, national origin, sex, religion, familial status or disability into the affordable housing market, and to annually evaluate the effectiveness of these marketing efforts.

The Procedures are documented and maintained in the Community Development Office files and shall be used in all County-issued HOME Requests for Proposals (RFPs) and HOME funding agreements. Each Partner is held to the terms of the Procedures by the requirements in all applicable subrecipient agreements or Community Housing Development Organization (CHDO) agreements.

In accordance with the regulations of the HOME Program and in furtherance of Seminole County's commitment to fair housing and equal housing opportunity, these Procedures establish ways and methods to affirmatively market rental or homeowner units constructed, rehabilitated, or otherwise assisted under the County's HOME Program. These procedures are designed to assure that individuals who normally might not apply for available housing units because they are socially, economically, or technologically disadvantaged, are provided an ample opportunity to apply.

PROCEDURES AND REQUIREMENTS

1. **METHODS THE COUNTY WILL USE TO INFORM THE PUBLIC, POTENTIAL TENANTS, AND POTENTIAL OWNERS ABOUT FEDERAL FAIR HOUSING LAWS AND AFFIRMATIVE MARKETING PROCEDURES AND REQUIREMENTS. [24 CFR 92.351 (a) (1)]**

A. The Seminole County Community Development Office shall implement the Procedures and evaluate their effectiveness as required by the HOME Program regulations. This responsibility shall include, but is not limited to the following:

1) Inform the community about the Procedures through periodic updates with its Partners through, (a) training workshops and roundtable meetings with its active and potential HOME Partners; (b) advertisements in local newspapers of general circulation and other media outlets targeted to special groups and areas; (c) posting the Procedures at various sites known to be frequented by very low income and other hard-to-reach populations (such as Public Housing Authority offices, offices of nonprofit housing providers, bulletin boards at publicly subsidized rental housing complexes, etc.; and (d) posting the Procedures on the County website (www.seminolecountyfl.gov).
2) Display the HUD Equal Housing Opportunity logo on all graphic presentations by the County and its Partners relating to the HOME Program including, but not limited to, press releases and advertisements.
3) Provide each Partner with copies of the brochure *"Fair Housing, Equal Opportunity for All,"* provided by HUD, or a similar document at the time they apply for HOME funding. Each Partner shall provide homeowners, tenants, rental property owners, and other applicants with copies.
4) Provide general information and telephone numbers for persons to contact the Seminole County Community Development Office with questions regarding Affirmative Marketing, Fair Housing, tenant's rights, affordable housing, special needs housing and the correction of substandard conditions in tenant-occupied dwellings.

2. REQUIREMENTS AND PRACTICES ALL HOUSING PARTNERS MUST ADHERE TO IN ORDER TO CARRY OUT THE COUNTY'S AFFIRMATIVE MARKETING PROCEDURES AND REQUIREMENTS. [24 CFR 92.351 (a) (2) (ii)]

At a minimum, each Partner of a housing project assisted or partially assisted with HOME Program funds shall:

1) Incorporate the Equal Housing Opportunity logo or statement in its correspondence (including any lease or purchase agreement), which shall be used relating to the HOME Program.
2) Affirmatively state a position of equal opportunity in housing when advertising the units or vacancies. *At a minimum*, each Partner must:
    a) Use the Equal Housing Opportunity logo in print and visual electronic advertising media (e.g., the Internet);
    b) Broadcast an Equal Housing Opportunity statement, if radio or television advertising is utilized; and
    c) Display the HUD Fair Housing poster in a high traffic area of its central sales/rental offices.
    d) Provide required information in Spanish.

3. PROCEDURES TO BE USED BY PARTNERS OF PROJECTS THAT HAVE FIVE (5) OR MORE HOME-ASSISTED UNITS TO INFORM AND SOLICIT

APPLICATIONS FROM PERSONS IN THE HOUSING MARKET AREA WHO ARE NOT LIKELY TO APPLY FOR HOUSING WITHOUT SPECIAL OUTREACH. [24 CFR 92.351 (a) (2) (iii)]

A. Each Partner of a project that has five (5) or more HOME-assisted units shall, at a minimum:

1) Consider factors such as price or rent of housing, the ethnic characteristics of the neighborhood in which housing is to be located, the population within the housing market area, public transportation routes, etc., to determine which group or groups of the existing population are believed to be the least likely to apply without special outreach. The Partner may use Census data, neighborhood surveys, and information from local government agencies, real estate associations and community-based organizations as acceptable sources to gather this information.

2) Describe the marketing plan to be used in the initial sales/rental phase as well as the ongoing marketing phase, to attract all segments of the eligible population, especially those groups designated as least like to apply. This shall include the type of media to be used, identity of the circulation or audiences of the media identified in the plan, and other community contacts and organizations used to reach populations or identifiable groups of persons needing special outreach.

3) Post and/or distribute information about the project to any such special outreach populations that are being targeted for residence in the units.

4. **RECORDS THAT WILL BE KEPT TO DESCRIBE ACTIONS TAKEN BY THE COUNTY AND BENEFICIARIES TO AFFIRMATIVELY MARKET UNITS AND RECORDS TO ASSESS ACTIONS. [24 CFR 92.351 (a) (2) (iv)]**

A. Seminole County will keep the following records:

1) Copies of all meeting agendas and related materials of the County's Affordable Housing Partnership pertaining to these Procedures, and all agendas and training materials of any HOME/CHDO training workshop pertaining to these Procedures.

2) Copies of all press releases, advertisements and other written and electronic materials that pertain to this Policy.

B. The County shall also require all Partners assisted with HOME funds to maintain records of how housing unit vacancies are advertised for availability. All Partners shall maintain a record of classified advertisements, flyers, electronic media spots, or other marketing materials used to affirmatively market HOME-assisted units for at least two years.

C. A Partner of a project that has five (5) or more HOME-assisted units shall also maintain a record of applicants for vacant units with a general profile of the applicant, and shall denote the following:

1) How the applicant learned of the vacancy;

2) The outcome (acceptance or rejection) of the applicant; and

3) If rejected, why?

D. Each Partner shall submit to the County annual reports (through September 30th of each year), as established by any HOME or HOME/CHDO Agreement, identifying persons served.

5. **DESCRIPTION OF HOW SEMINOLE COUNTY WILL ASSESS THE EFFECTIVENESS OF THE AFFIRMATIVE MARKETING PROCEDURES AND REQUIREMENTS, AND WHAT CORRECTIVE ACTIONS WILL BE TAKEN. [24 CFR 92.351 (a) (2) (v)]**

A. The Procedures will be assessed on an annual basis and will include a summary of the "good faith efforts" taken by the County and by HOME and HOME/CHDO Partners in the Consolidated Annual Performance and Evaluation Report (CAPER).

B. The Community Development Office will evaluate the information compiled in Section 4 (recordkeeping), and will estimate the degree to which statutory and policy objectives were met. If the required steps were taken, the County will make an assumption that good faith efforts were made to carry out these procedures.

C. In conjunction with the annual on-site monitoring reviews conducted by the County, each Partner shall produce records of:
   1) Affirmative marketing efforts;
   2) Applicants; and
   3) Outcomes.

D. The County will take corrective action if it is determined that a Partner has failed to carry out affirmative marketing efforts as required. The County will provide written notice to the respective Partner of the problems that have been identified, and the corrective action steps that need to be taken. The County shall follow all procedures for taking corrective action as provided in the Seminole County Consolidated Plan for the HOME Program.

EXHIBIT 5

SEMINOLE COUNTY
DISCHARGE COORDINATION POLICY
FOR HOMELESS PERSONS

Definition of Homeless Person

A person is considered homeless if s/he is living in a place or places not meant for human habitation, such as automobiles, parks, sidewalks, abandoned buildings, outdoor homeless camps, on the street, or otherwise outdoors on a permanent or continued basis. In addition, a person is also considered homeless if:

- S/he resides in an emergency shelter facility, or resided in an emergency shelter facility prior to admittance to a mental health, alcohol or drug abuse treatment facility, medical treatment facility, or jail.
- S/he is being evicted within a week from a private or publicly owned dwelling unit and no subsequent residence has been identified and the person lacks the resources or support needed to procure housing.
- S/he is being discharged within a week from an institution, such as a mental health, alcohol or drug abuse treatment facility, medical treatment facility, or jail, and no subsequent residence has been identified and the person lacks the resources or support needed to procure housing.
- S/he is fleeing from a domestic violence situation and no subsequent residence has been identified and the person lacks the resources or support needed to procure housing.

Guiding Principles

- Every reasonable effort must be made through thorough and careful discharge planning to work with homeless clients and with available community resources to seek adequate, permanent shelter. Only as a last resort should a person be discharged from a publicly funded facility or institution with directions to seek shelter in an emergency shelter facility or homeless shelter.
- If temporary or emergency/homeless shelter placement is unavoidable, the reasons for this should be documented. If available, necessary supportive services will also be sought for the client. Also, reasonable attempts will be made to identify and procure an on-going case manager from an appropriate agency.
- If the client exercises the right to refuse aid with housing or shelter placement or with the provision of supportive services, this should be documented.
- If a homeless client receiving outpatient services from a publicly funded facility or institution becomes homeless, reasonable efforts will be made with the client and with available community resources to locate suitable housing or shelter. Only as a last resort should the client be discharged from with directions to seek shelter in an emergency shelter facility or homeless shelter.

Agency Discharge Policies

- Upon entry by any homeless person to any publicly funded facility or institution, facility staff will begin developing an individual discharge plan that includes client involvement and input. This discharge plan will be completed by the time of discharge.
- Reasonable efforts will be made to keep in contact with local community resources and supportive service agencies to maintain awareness of housing, shelter, and services options, or other community resources available to clients.
- In the case of households or related individuals, reasonable efforts will be made to keep families together in placement.
- Publicly funded facilities and institutions should collaborate to the fullest extent feasible to reduce any duplication of services and administrative functions, and to ensure adequate treatment and/or procurement of housing or shelter. All agencies responsible for the re-entry of homeless persons into the community will use all necessary and available resources as efficiently as possible.
- Any gaps in supportive services and/or inadequacies in resources—staffing, shelter or otherwise—will be identified, documented, and addressed as soon as possible, or reported to the Seminole County Community Assistance Division, Community Development Office.
- Discharge planning systems will make full use of all necessary and available resources and services, including the Seminole County Community Assistance Division, the Homeless Services Network of Central Florida, agencies administering Section 8 or other similar rental assistance programs (including the HOME and Shelter Plus Care TBRA Programs), the Rescue Outreach Mission of Sanford, Pathways to Care, Recovery House, etc. Such resources will not necessarily be limited to those located or operating within Seminole County.

24-Month Grant Expenditure Deadline

All of the recipient's grant must be expended for eligible activity costs within 24 months after the date HUD signs the grant agreement with the recipient. Expenditure means either an actual cash disbursement for a direct charge for a good or service or an indirect cost or the accrual of a direct charge for a good or service or an indirect cost. This report uses draws in IDIS to measure expenditures. HUD allocated Fiscal Year 2011 ESG funds in two allocations. For FY2011, this Obligation Date is the date of the first allocation.This report does not list the Obligation Date, does not calculate the Expenditure Deadline, and does not track the Days Remaining for the FY 2011 second allocation.

Grant Amount: **$143,092.00**
