FERTILIZE WISE

SEMINOLE COUNTY
FLORIDA'S NATURAL CHOICE

Help improve the quality of our waterways. Follow these simple rules:

FERTILIZE WISE: *Fertilizer containing nitrogen or phosphorus cannot be applied between June 1st though September 30th (use iron and other micronutrients, “summer blends”).*

KNOW SLOW: *During the non-restricted season only use 65% or more slow release nitrogen.*

PHOSPHORUS-FREE: *Fertilizers containing phosphorus cannot be applied, so look for the “0” in the middle (15-**0**-15).*

BUFFER ZONE: *No fertilizer may be applied within 15’ of any waterbody or wetland.*
