emergency distribution points, emergency response, ice

Summary

The PointsofDistributionCounty feature class was created for internal planning and mapping.

Description

County Points of Distribution (CPODs) are sites used for the distribution of supplies (e.g. water, ice) during an emergency event. CPOD information is provided by Seminole County Public Safety and is updated annually by Seminole County GIS prior to the onset of hurricane season (June 1). The most recent update occurred in April 2015.
