BOARD OF COUNTY COMMISSIONERS SEMINOLE COUNTY, FLORIDA

By:_

BRENDA CAREY, Chairman

MARYANNE MORSE Clerk to the Board of County Commissioners of Seminole County, Florida

SEMINOLE COUNTY SECOND PUBLIC HEARING PROCEDURES <u>FISCAL YEAR 2011/12 TENTATIVE BUDGET</u> TUESDAY, SEPTEMBER 27, 2011 - 7:00 P.M.

OVERVIEW

The levy of ad valorem taxes and the adoption of the County's annual budget are governed by Florida Statutes Chapters 129 (County Annual Budget) and 200 (Determination of Millage). The statutes outline the budget process as required by state law beginning with the certification of taxable value on July 1st by the Property Appraiser; followed by the presentation of the County Manager's recommended budget to the Board of County Commissioners (the "Board") by July 15th. By August 4th the Board sets a proposed millage rate that is utilized by the Property Appraiser in preparation of the Notice of Proposed Property Taxes (TRIM Notice). The Board holds work sessions to discuss the budget; making adjustments as deemed necessary.

Pursuant to Florida Statutes, the County must hold two public hearings before adopting its final millage rates and annual budget. The hearings are primarily for the purpose of hearing requests and comments from the public regarding the budgets and the proposed tax levies and for explaining the budget. The first substantive issue required to be discussed at the hearings is the percentage increase in millage over the rolled-back rate necessary to fund the budget and the reason for the increase. Additionally, the Board shall hear and address public comment and questions regarding the millage rates and budget prior to taking any action.

The **first public hearing** is advertised via the TRIM Notice to all ad valorem taxpayers of the County. The hearing is held to discuss the proposed budget and the proposed millage rates. The proposed millage rates adopted at the first public hearing cannot be increased above the TRIM rates previously certified to the Property Appraiser without a second tax notice being sent by first class mail to each taxpayer.

After the first public hearing, the County must publish an advertisement in a newspaper of general circulation within the County stating its intent to adopt a final millage and budget. The advertisement summarizes the tentative budget, identifies any proposed change in ad valorem taxes and notifies taxpayers of the second public hearing to adopt final millage rates and the final budget for the upcoming fiscal year.

The final budget and millage levies are adopted by resolution at the **second public hearing**. This hearing is held to discuss the tentative budget and millage rates before final adoption. At the second public hearing, the Board may adjust the tentative budget prior to final adoption, but in no event can the millage rates be increased from what was advertised.

Upon final adoption, a copy of the completed resolution adopting the final millage is forwarded within three days to the Property Appraiser, the Tax Collector, and the Department of Revenue. Final certification of compliance with the provisions of Chapter 200, Florida Statutes is filed with the State within thirty days of the final public hearing to adopt the County millage and budget.

SECOND PUBLIC HEARING

During the public hearing the County will:

- Discuss the tentative operating millage levies and rolled-back rate.
- Hear comments and answer questions from the public regarding the tentative millage rates and budget.
- Prior to conclusion of the hearing, the Board must complete the following steps:
 - a. amend the tentative budget, if necessary;
 - b. recompute its tentative millage rates, if necessary;
 - c. publicly announce the percent by which the (recomputed) tentative millage rates are above or below the rolled-back rate; and
 - d. adopt the final millage rates and budget, in that order.

Public Hearing: Meeting Called to Order

Before officially beginning the Public Hearing, the **Chairman** may wish to remind the public of the following:

- The Board of County Commissioners does <u>not</u> have any control over the tax levies and budgets of the School Board, the Water Management District, or any of the seven cities in Seminole County.
- 2) Questions regarding property assessed valuation should be addressed to the Property Appraiser.
- 3) The Board of County Commissioners has limited authority over the budgets of Constitutional Officers of the County (Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector):
 - a) The Clerk of the Circuit Court's budget is reviewed and approved pursuant to Florida Statutes, with the exception of Board Records and Finance, which is submitted to the Board of County Commissioners;
 - b) The Property Appraiser and Tax Collector budgets are reviewed and approved by the State Department of Revenue (Section 195.087, Florida Statutes);
 - c) The Sheriff has the right to appeal any decision regarding his budget to the Governor and Cabinet (Section 30.49, Florida Statutes).

BUDGETARY BASIS/ASSUMPTIONS

The revenue and expenditure budget was prepared based on historical trends, legislative actions and available economic data. The budget meets federal and state requirements and implements Seminole County's policies and practices.

The Fiscal Year 2011/12 revenue and expenditure budget assumptions are as follows:

Revenues:

- ✓ Maintain current operating millage rates for all Board of County Commissioner taxing districts: Countywide 4.8751 mills; Fire/Rescue Municipal Service Taxing Unit (MSTU) 2.3299 mills; and Unincorporated Road MSTU 0.1107 mills. Maintaining current tax rates with a decline of 5.32% in the countywide taxable property values results in a decrease in property tax revenue. In aggregate, Seminole County's proposed millage rates represent a 6.37% or \$9.2M decrease in property taxes levied, a reduction in property tax revenue of \$6.9M for Countywide services; \$79K for the Unincorporated Road District; and \$2.2M for the Fire/Rescue District.
- ✓ The voted debt millage for the County's Natural Lands/Trails Program is also maintained at the current tax rate of 0.1700 mills. The voted debt millage was approved by voters at a rate up to 0.2500 mills to support debt service associated with the County's Natural Lands/Trails Program. At the current tax rate, ad valorem revenue is available to meet outstanding debt service requirements through final maturity in FY 2012/13 despite a reduction of \$255K resulting from the 5.32% decline in countywide property values.
- ✓ Ad valorem revenue estimates are budgeted and historically collected at 96% of the total property taxes levied by the Board of County Commissioners. The 4% decrease in budgeted revenue accounts for discount incentives authorized by Florida Statutes for the early payment of property taxes and other tax roll adjustments inclusive of Value Adjustment Board decisions made subsequent to the adopted budget.
- ✓ Half-cent sales tax, County revenue sharing, gas taxes and other locally levied taxes were projected based on current economic trends, historical receipts, and state estimates. Collection trends of major revenue sources have begun to stabilize in FY 2010/11, therefore predominately flat revenue growth is assumed for FY 2011-12.
- ✓ Infrastructure sales tax revenue is based on only three months of collections as the Seminole County One Cent Infrastructure Sales Tax expires on December 31, 2011. The gross revenue estimate of \$14.6M includes a \$575K true up adjustment between the School Board and Seminole County pursuant to the interlocal agreement. Seminole County's revenue share for FY 2011/12 is estimated at \$11.5M; the School Board is estimated at \$1.0M; and the cities are projected to receive \$2.1M.

Separate of the original interlocal agreement with the cities, Seminole County and the School Board entered into an interlocal agreement in which the School Board received forward funding of its share of the sales tax through December 31, 2004 for school projects and the County has received the majority of its transportation share of the Infrastructure Sales Tax revenue in the latter years of collection. The true up adjustment of \$575K will insure the final gross one cent sales tax revenue is shared among all

entities as agreed upon pursuant to the original interlocal agreement (i.e., 60.78% for Seminole County, 25% for the School Board and 14.22% for the municipalities).

✓ Communication Service Tax, projected at \$7.9M for FY 2011/12, assumes flat revenue growth based on FY 2010/11 collection trends totaling \$7.5M plus \$375K as State adjustments for repayment of the FY 2007/08 CST audit will end in February 2012.

A class action lawsuit settlement in March 2011, alleging violation of the Internet Tax Freedom Act between November 2005 and September 2010, requires AT&T Mobility to seek tax refunds from state and local authorities in Florida totaling \$158M. The tax refund will have a negative impact on the available dollars of Gross-Receipts Communications Service Tax (CST), State Sales Tax on Communications Services, and Local CST estimated at \$100M to the State and \$58M to local governments. Seminole County's revenue impact from the settlement is approximately \$1.0M.

FY 2010/11 CST collections are down \$1.0M below the adopted budget revenue estimate due in large part to service provider changes in charges for data plan usage; along with reductions in land line usage. Accordingly, the FY 2011/12 proposed budget for CST revenue was reduced for the taxing changes to these services. No adjustment has been made for refunding Department Of Revenue for repayment to Seminole County taxpayers who are AT&T Mobility customers at this time. Once final determination and notification is made an applicable budget amendment will be prepared.

- ✓ <u>Operating Expenses</u>:
 - Departments developed an operating budget based on current program/service operational needs under a zero-based budget development philosophy. Efficiency reductions continue to be assessed with greater emphasis this year placed on internal support function costs such as utilities, fleet, facilities and information systems and technologies. Additional requests for resources deemed critical to operations were also considered.
- ✓ <u>Operating Cost Allocation</u>:
 - Full costing concepts were employed to a significant extent in the budget to allocate/appropriate centralized support service expenditures of the County to the programs utilizing the services; spreading the costs based on use across funding sources countywide.
- ✓ Constitutional Officers Budgets:
 - Budgets for Constitutional Officers were submitted in accordance with Florida Statues by the individual officers and incorporated into the budget for consideration by the Board, except for the Tax Collector's Office whose budget is based on property tax revenue.

- ✓ <u>Property/Liability insurance:</u>
 - The County maintains a Property/Liability Insurance Fund to protect itself against loss. The cost of the program is funded through an annual premium based on the percentages of total insured value and claims experience to the following funds:

General Fund	38%	Water & Sewer	16%
Transportation	18%	Solid Waste	8%
Fire	18%	Other	2%

- ✓ <u>Capital Equipment</u>:
 - Departments provided necessary justification for all capital equipment needs such as fleet and specialized equipment purchases. Practical needs are first met with available current inventory before resorting to replacement through purchase.
- Capital Improvements and Carryforward:
 - Capital infrastructure needs were prioritized and presented with detailed descriptions, justification, cost estimates, and identifiable funding. Submission of needs is made in the form of a five-year plan that includes the current year's budget, four years out and future needs. Unexpended balances for projects currently funded in the Fiscal Year 2010/11 budget which are not completed by September 30, 2011, will be brought forward and reestablished in Fiscal Year 2011/12 as an amendment to the budget in December 2011.
- ✓ Grant Funding and Equipment Carryforward:
 - Grant funding or funding for specific equipment items included in the Fiscal Year 2010/11 budget which are not anticipated to be completed or received by September 30, 2011 will be carried forward into Fiscal Year 2011/12 as part of the final adopted budget. Unexpended balances for Operating grants are carried forward based on the terms of the agreements, and for capital equipment based upon the anticipated delivery date of the goods/services.

In all cases, the inclusion of carryforward funds in the Fiscal Year 2011/12 Budget will have no effect on ending reserves.

- ✓ <u>Reserves</u>:
 - It is essential that the county maintain adequate levels of reserves across all funds as a protection to taxpayers to mitigate current and future risks (revenue shortfalls and unanticipated expenditures). Fund balance levels are also a crucial consideration in long-term financial planning. Focus is placed on maintaining Reserves at a fiscally prudent level while providing services at a reasonable cost.

Seminole County Countywide Budgetary Sources FY 2011/12 - Second Public Hearing

Sources of funding:

Ad Valorem – A tax levied on the assessed value (net of any exemptions) of real and personal property. This is referred to as "property tax".

Infrastructure Sales Tax – A 1% surtax on the first \$5,000 of each item sold in Seminole County. Revenues are restricted to funding transportation improvements and for the construction and renovation of schools. Only the County's portion, related to transportation improvements, is included in the County's budget. The tax is voter approved with an expiration date of December 31, 2011.

Other Taxes – Other tax revenues collected by the County, including gas taxes, utility taxes, tourist development taxes and other miscellaneous taxes.

Special Assessments / Fees – A special assessment is a compulsory levy imposed on certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties. Fees are charges imposed by the County to pay the cost of providing a service or facility or regulating an activity. An impact fee is financial contributions imposed by the County on developers or builders to pay for capital improvements within the community which are necessary to service/accommodate the new development.

Shared Revenue - Revenues assessed and collected by government entities and shared with other government entities. The largest portion of State Shared Revenues is sales and gas taxes; locally shared revenues are Community Redevelopment Agency (CRA) contributions.

Grants - A contribution of assets (usually cash) by one governmental unit or other organization to the County for a specified purpose.

Charges for Services – These are charges for specific governmental and proprietary services provided to specific individuals/ entities and are internal to the County. These charges include water and sewer services, landfill charges, court costs and other user charges. **Miscellaneous Revenues** – Other current year revenues not included in the categories listed above. These revenues include fines and forfeitures, interest received on investments held by the County and other incidental fees/reimbursements.

Beginning Fund Balance – Estimated balances remaining from the previous fiscal year; resulting from unanticipated revenues, unexpended appropriations, and the previous year's Reserves.

Transfers – Transfers between individual funds of the County which are not repayable and are not considered charges for goods or services. These represent a "double counting" of revenues, and correspond to an equal amount of interfund expenditures.

Seminole County Government Projects Second Public Hearing FY 2011/12

Project Summary

Projects are non-recurring one time expenditures included within the annual budget for specified purposes. Most projects result in the construction or acquisition of a large capital asset. However, some projects are one time operating expenditures.

Many projects incur expenditures over a period of years. The unspent funding for these projects is carried forward from year to year. Other projects are funded by appropriating additional funding to an existing project on a yearly basis until the project is completed.

The FY 2011/12 Second Public Hearing Budget contains \$91,683,194 in project funding. In addition to this funding, unexpended funds for uncompleted projects from FY 2010/11 will be carried forward into the FY 2011/12 budget at the close of the current fiscal year. This is anticipated for December, 2011.

The breakdown of projects by responsible Department is represented by the following graphic:

Seminole County Government Projects Second Public Hearing FY 2011/12

Project Listings

Additional information which may be found on the Projects By Department listing include historical expenditures, the current FY 2010/11 Budget, and anticipated future funding requirements.

The project listings do not contain any established projects which may be funded in FY 2011/12 solely by a carryforward of available funds from FY 2010/11. Regular updates regarding project fiscal status is provided and is available as part of the Board of County Commissioners' published agendas.

In accordance with the Seminole County budgetary policy, generally only the Board of County Commissioners can establish and fund a project.
