Seminole County 2045 Transportation Mobility Plan

PROJECT FACT SHEET

ISSUE NO. 3

In 2022, Seminole County initiated the 2045 Transportation Mobility Plan to serve as a guide for future Seminole County transportation improvements and investment decisions through 2045. The purpose of the plan is to identify transportation mobility needs that could be implemented over the next 20 years.

Upcoming Public Meetings

Seminole County plans to hold public meetings to share more information about the 2045 Transportation Mobility Plan and to provide the opportunity for public input. Public input is being solicited to identify additional mobility needs and to guide the prioritization of those needs for future implementation.

The County is providing several options for you to participate and provide comments.

These mobility needs are prioritized based on how they align with the vision and goals of the community. The prioritized list of mobility projects will serve as a guide for identifying potential new capital improvement projects. You may view an informational video about the 2045 Plan on the project website.

APRIL 2025

These meetings will give interested people an opportunity to review the goals of the 2045 Plan and the prioritized list of projects. Project exhibits will be on display, and members of the project team will be available to answer questions.

All meeting materials will be available for review by April 7, 2025 on the project website. Information presented at all attendance options will be the same.

ISSUE NO. 3

APRIL 2025

Provide Your Input

To submit a written or verbal comment, you may do so at the meeting, through the project website at <u>www.seminolecountyfl.gov/transportation2045</u>, or by contacting the **Project Manager, Bill Wharton**, via email at <u>WWharton@seminolecountyfl.gov</u> or by phone at 407-665-5730.

All comments received or postmarked on or before April 21, 2025 will become part of the public meeting record.

Next Steps

Please provide your comments by April 21, 2025. We will continue to coordinate with community members, agencies, businesses, and government entities throughout the study to guide project goals, review projects, and share information about the Plan.

A presentation on the Draft 2045 Transportation Mobility Plan will be given to the Seminole County Board of County Commissioners on April 22, 2025. We anticipate that the study will be complete in the spring of 2025.
