ADMINISTRATIVE CODE

INTRODUCTION

This Code contains the general administrative rules, policies and procedures of Seminole County. It is divided into two volumes. The first volume is the Seminole County Administrative Code adopted by the Board of County Commissioners and constitutes the Administrative Code required by Section 125.87, Florida Statutes. Volume 1 sets forth the organization of County government and the duties and responsibilities and powers of all County officials and agencies pursuant to the Charter. The second volume, currently under development, is the County Managers Policy Manual and will include those policies adopted by the County Manager pursuant to his authority under the County Charter, State law, and ordinances and policies adopted by the Board. The Administrative Code is intended to serve as a comprehensive guide for all administrative personnel and govern the operations of the County. Observance of this Administrative Code is mandatory for all County personnel and violation may result in disciplinary action.

In addition to the Administrative Code, it is anticipated that Department Directors may promulgate manuals and policies regarding the operation of their departments. Department Internal Operating Manuals are not set forth in the Administrative Code nor do they bind personnel outside the Departments to which they are applicable. Any policy that is intended to apply to personnel or County practices generally is required to be promulgated by either the Board or County Manager and made a part of the Code.

PURPOSE; CONTENTS; ADDITIONS AND AMENDMENTS

A. PURPOSE. The purpose of this code is to set forth the duties and responsibilities and powers of County officials and agencies and to consolidate Seminole County's rules, policies and procedures as they pertain to the internal workings of the County in one place for ease of reference and compliance. Departments and Divisions are to refrain from communicating rules, policies and procedures by means of memorandums and other communications that should more properly be covered by inclusion in this code.

B. CONTENTS.

- (1) This code contains the organization of Seminole County government and its rules, policies and procedures. The code is organized by general topics in alphabetical order after the organization.
- (2) Each general topic is assigned a number and subtopics are numbered sequentially. Numbers have been spaced apart in order to allow for inclusion of other topics to be inserted and keep the code in alphabetical order.

C. ADDITIONS AND AMENDMENTS

- (1) Suggestions from Commissioners, County staff or the general public regarding development of additions or amendments to this code or comments regarding the format should be directed to the County Manager's Office.
- (2) Proposals for additions or revisions to this code shall be submitted to the County Manager in draft form. After review and approval of the County Manager, the subject will be placed in appropriate format and submitted to the Board of County Commissioners for their review and adoption.
- (3) The Board of County Commissioners shall approve by resolution all rules, policies and procedures and subsequent amendments or additions prior to inclusion in the this code.
- (4) Nothing herein shall be construed to limit the authority of the Board of County Commissioners to approve additions or amendments to this Code on their own initiative.

3.20 CODE ENFORCEMENT LIEN REQUESTS FOR WAIVERS/REDUCTIONS AND PROCEDURE TO SATISFY LIENS PAID IN FULL

A. PURPOSE. To establish policy/procedure for the Board of County Commissioners in reducing, waiving or satisfying Code Enforcement Liens.

B. REDUCTION/WAIVER REQUESTS

- (1) All requests for the Board of County Commissioners to reduce or waive code enforcement liens shall be filed with the Deputy County Manager. All requests shall be in writing addressed to the Deputy County Manager, shall state all facts relevant to the request, and shall be accompanied by the order imposing a lien upon the property.
- (2) Upon receiving a sufficient request, the Deputy County Manager shall review the request in accordance with the following guidelines established by the Board of County Commissioners.
- (a) If a property owner has purchased property on which a lien was recorded, a waiver or reduction on lien shall not be granted, in such cases, the lien should have been considered in reaching a purchase price.
- (b) If a title insurance policy is issued upon the purchase of the property and the title insurance policy failed to identify or consider the lien, a waiver or reduction in lien shall not be granted. In such cases, the lien should have been discovered by the title insurer and providing a reduction of waiver would place the County in the position of indemnifying the title insurer against its losses, which losses should be reflected in premium charges.
- (c) A request for a waiver of reduction in lien shall not be granted if the Board of County Commissioners has previously reduced the amount of the lien. This statement applies whether or not the request is received from the original applicant for reduction or subsequent applicant.
- (3) If the Deputy County Manager determines that the request fails any one of the above-established guidelines, the Deputy County Manager shall issue a written denial of the request. If the applicant wishes to appeal the Deputy County Manager's decision to the Board, the applicant may do so by filing a written appeal with the Deputy County Manager stating why the Board should make an exception to its established guidelines and reduce or waive the lien. Upon receipt of a proper appeal, the Deputy County Manager shall present the information to the Board of County Commissioners at a regular meeting for their consideration and final determination.
- (4) If the Deputy County Manager determines that the request does not fail any one of the above-established guidelines, the Deputy County Manager shall review the request by evaluating:
 - (a) the amount of the lien as compared to the value of the property

- (b) the actions taken, or not taken, by the property owner in attempting to abate the code violation
- (c) the amount of staff time expended to bring the property in compliance
- (5) The Deputy County Manager shall present the information to the Board of County Commissioners at a regular meeting for their consideration and final determination
- (6) When liens are satisfied as a result of either reduced payment or waiver as directed by the Board of County Commissioners, the County shall provide the property owner with the lien satisfaction instrument and it shall be the property owner's responsibility to record the instrument in the official County land records and to provide a certified copy of the recorded instrument to the County.
- C. SATISFACTION/RELEASE OF CODE ENFORCMENT LIENS PAID IN FULL. When recorded code enforcement liens are complied and paid in full, including all applicable costs, interest, administrative expenses, and attorney's fees, a satisfaction or release of lien shall be executed by the County Manager, or his/her designee, and shall be recorded administratively by Seminole County staff. The satisfaction or release of any code enforcement lien, paid in full, shall not require the approval of the Board of County Commissioners.
- **D.** AUTHORITY. Approved by BCC March 14, 2000 as a briefing item Resolution 2024-R-94 adopted August 27, 2024

- (c) A Special Magistrate shall not serve in more than one office in violation of Article II, section 5(a) of the Florida Constitution.
- I. CLERK TO THE SPECIAL MAGISTRATE. The Board of County Commissioners shall provide clerical and administrative support from the Planning and Development Division personnel as may be reasonably required by the Special Magistrate for the proper performance of its duties.

- (b) The Clerk to the Special Magistrate shall assign a complaint number. When the case is ready to be heard by the Special Magistrate, the Clerk shall set the case for a hearing.
- (c) After the case is set for hearing, the Clerk shall notify the alleged violator in a manner consistent with state statutes.

L. HEARINGS.

- (8) The Special Magistrate shall issue an oral order. The order shall contain findings of fact and conclusions of law and state the affirmative relief granted by the Special Magistrate. The order may include a notice that the violation must come into compliance by a specified date, and that a fine may be imposed if the order is not complied with by said date. If the Special Magistrate finds a repeat violation has been committed, the Special Magistrate may order the violator to pay a fine for each day the repeat violation continues past the date of notice to the violator of the repeat violation. Said order shall be reduced to writing within ten (10) working days and mailed to the violator by certified mail, return receipt requested.
- (9) A certified copy of such order may be recorded in the public records of Seminole County and shall constitute notice to any subsequent purchasers, successors in interest, or assigns if the violation concerns real property, and the findings therein shall be binding upon the violator and, if the violation concerns real property, any subsequent purchasers, successors in interest, or assigns. If an order is recorded in the public records pursuant to this paragraph and the order is complied with by the date specified in the order, the Special Magistrate shall issue an order acknowledging compliance and that order shall be recorded in the public records. This request must be made within five (5) days of receipt by the respondent of the Affidavit of Noncompliance as indicated from the return receipt, Code Enforcement Officer's service, or, (if neither of the preceding is applicable), then five (5) days after posting a copy of the Affidavit on Noncompliance on the property. Such hearing shall be constrained to the issue of whether the respondent has complied with the previous order of the Special Magistrate.

Such order shall be mailed to the respondent and shall be recorded if the Findings of Fact was recorded. If the Special Magistrate determines that the respondent is in compliance, but the compliance was after the date specified in the order, or if the Special Magistrate finds that the violation has not been corrected, the Special Magistrate may enter an Order Imposing a Lien which shall be mailed to the respondent by certified mail, return receipt requested or served upon the respondent by the Seminole County Sheriff's Office.
- (c) In the event the respondent does not challenge the Code Enforcement Officer's finding of noncompliance, the Clerk shall place the item on the agenda of the next available meeting for entry of an Order Imposing Lien.
- (d) Any Order Imposing a Lien shall be mailed to respondent by certified mail, return receipt requested, or served upon the respondent by the Seminole County Sheriff's Office.
- **N. ENFORCEMENT COSTS.** If Seminole County prevails in enforcing a case before the Special Magistrate, it shall be entitled to recover all costs incurred in enforcing the case before the Special Magistrate, and such costs may be included in the lien authorized under Florida Statues, Section 162.09(3).
- **O. APPEALS.** Any aggrieved party, including the Board of County Commissioners, may appeal a final administrative order of the Special Magistrate to the circuit court. Such an appeal shall not be a hearing de novo but shall be limited to appellate review of the record created before the Special Magistrate. An appeal shall be filed within thirty (30) days of the order to be appealed.
- **P. MISCELLANEOUS.** All records of the Special Magistrate shall be open to public examination, inspection, and copying in accordance with Chapter 119, Florida Statutes.

- **D. RATIONALE.** The BCC considers it appropriate to delegate this acceptance and execution authority because these matters are ancillary to the development review process, which includes public hearings and input by the BCC and other public agencies. Additionally, these matters are generally not controversial but they can be time sensitive for developers. These matters are generally so ministerial in nature that they do not require the attention of the BCC. However, this delegation of authority applies only to non-controversial matters. If staff is aware that acceptance or execution of an instrument or document is controversial, then the instrument or document must be submitted to the BCC for consideration.
- E. PROCEDURE FOR STAFF ACCEPTANCE AND EXECUTION OF CERTAIN INSTRUMENTS AND DOCUMENTS. Additionally, the County Attorney's Office shall review the instrument or document for legal sufficiency and compliance with this Section. County staff may only accept or execute legal instruments or documents listed in this Section 3.25 without BCC action that meet one or more of the following five (5) criteria:
- (1) The instrument or document was prepared by the Seminole County Attorney's Office.
- (2) The form for the instrument or document was prepared by the Seminole County Attorney's Office and County staff filled in only ministerial information such as party names and addresses and legal descriptions.

- (4) The legal instrument is prepared by a member of The Florida Bar, is consistent with the County standard form for the instrument, does not contain any unacceptable provisions, and the County Attorney's Office has approved the instrument or document.
- (5) The County Attorney's Office otherwise approves the instrument or document as to form and legal sufficiency and as in compliance with this Section 3.25.
- **F.** ROADS THAT ARE NOT RELATED TO THE DEVELOPMENT APPROVAL PROCESS. The BCC also hereby authorizes the County Engineer or his or her designee to accept and record instruments of conveyance relating to the County's system of maintained jurisdictional roadways specified on the County's Capital Improvement Project List (previously designated the "A/B/C or Minor Road Program"). The BCC considers it appropriate to continue this delegation of authority to the County Engineer or his or her designee. The types of instruments that may be accepted under this subsection F are the same as those listed in subsection B above. The procedure set forth in subsection E above applies to acceptance of legal instruments under this subsection F. This delegation of authority applies only to non-controversial matters and

legal instruments that are obtained at no cost to the County. If staff is aware that acceptance of an instrument or document is controversial, then the instrument or document must be submitted to the BCC for consideration. This subsection F does not apply to purchase agreements approved by the BCC.

- **G. AUTHORITY TO SET PUBLIC HEARINGS.** The County Manager is hereby authorized to delegate to the appropriate staff persons the authority to schedule, without action by the BCC such public hearings on such matters that must come before the BCC for decision as required by the Codes and Ordinances of Seminole County.

- (3) The Board shall be notified immediately upon any deviation from the currently approved investment policies.
- D. **EXTERNAL INVESTMENT ADVISOR.** The Board finds that the development of a sound financial strategy requires specialized knowledge and skills. Multiple circumstances must be considered when investing public funds, not the least of which include the state of the economy, investment laws, and potential market outcomes. Ensuring that decisions related to the investment of public funds are supported by the advice of professionals with the appropriate level of investment expertise and training is in the best interest of the public. As such, the Board shall utilize an external state and/or federally licensed investment advisor (hereinafter "County Investment Advisor") to provide recommendations and guidance regarding administration and management of this policy and underlying portfolio. All securities recommended for purchase by the County Investment Advisor must be in compliance with the constraints identified by this policy with respect to specific instruments, maturity, composition, credit, and diversification. It shall be the policy of the Board to rely upon the advice of the County Investment Advisor, as the qualified investment expert, when making investment decisions. The Clerk, as custodian of the County funds, shall implement the Board's investment decisions as soon as practicable.

The County Investment Advisor and the Clerk will meet quarterly. The County Investment Advisor shall provide the County with quarterly reports on performance and compliance with the policy. The quarterly report shall contain the portfolio's weighted-average yield compared to established benchmarks each quarter, with both a data table and corresponding graph presented to the Board. The benchmarks that shall be used are the average yield on the 6-month and 12-month Constant Maturity Treasury (CMT) indices during the prior quarter's reporting period. The benchmark is intended to serve as an indication of general market yield and to establish a clear frame of reference and understanding for the County's investment performance. It is not intended as a hurdle that the County must meet, as this practice may encourage undue risk during periods of rapidly rising interest rates.

The County Investment Advisor shall be selected in conjunction with the procurement of the County Financial Advisor services unless otherwise directed by the Board. In these services, the Board will consider past investment performance; fees; assets; under management; experience of the firm and the individuals managing portfolios of similar size and complexity, and investment restrictions. The County Investment Advisor will be evaluated annually by the County. The determination of retention will be based upon the investment performance, compliance with this policy, and State and Federal law.

- (2) The "prudent person rule" is herein understood to mean the following: investment shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

(3) Portfolio Activity and Maturity Management. The investment philosophy of the County is to "buy and hold", but the maturity composition of the portfolio and the general economic conditions will be regularly evaluated to determine if a replacement investment would be advantageous. Accounting losses may be incurred in this situation if an economic gain is achieved. The portfolio maturity may be shortened or extended dependent on interest rate projections or the portfolio quality may be improved by reducing the maturity or risk of a security.

A minimum of three (3) qualified banks and/or dealers will be contacted and asked to provide bids to the Clerk.
 - (1) Bids will be held in confidence until the best bid is determined and awarded.
- (2) Documentation will be retained for all bids, with winning bid clearly identified.
- (3) If the maturing investment is a certificate of deposit, and the depository institution has performed to the satisfaction of the County, that depository institution shall be asked to submit a competitive bid, and that bid shall be equal to or greater than competing bids in order to retain funds.
- (4) If the highest bid is not selected, the reasons for that decision will be clearly documented on the bid forms.

- (6) In certain circumstances, when the County Investment Advisor believes an investment security with exceptional value in the market will not be available for the time it would take to receive additional bids, it may be purchased without obtaining the required three bids, provided that fair market value can be established. Fair market value may be established by showing a similar security that is being offered in the market at the same time.
- **O. INTERNAL CONTROLS.** The Clerk shall exercise and monitor a set of internal controls to be conducted through the County Finance Director. Said controls are designed to protect the County's fund and ensure the proper accounting and reporting of investment transactions. Written procedures shall be maintained. Such controls shall consist for the following:

- **P. RAPIDLY CHANGING MARKETS.** It is sometimes necessary to react quickly to rapidly changing investment markets in order to protect the safety of taxpayer assets, fund the day-to-day needs of county government, and take advantage of the best value of an investment at the time of purchase. Therefore, the Board of County Commissioners,

recognizing that drastic changes in the financial markets may occur rapidly and unexpectedly, authorizes the Clerk, as custodian of surplus county funds, to make appropriate trades under the following conditions and with the acceptance of advice from the County Investment Advisor:

- (1) where increased risk factors of an investment make divestiture desirable; or
- (2) where day-to-day operations of county government require the immediate movement of assets to properly fund county government; or
 - (3) where an investment of high value to the portfolio may become available.

In addition, if the Board of County Commissioners has approved an investment for future purchase, and the investment yield on the day of purchase is significantly below the expected yield as presented to the Board, the purchase shall be made if the prevailing market yield is not less than 15 basis points below the yield at the time of approval by the Board. If the differential is *more* than 15 basis points, the Clerk and the Investment Advisor shall decide if it is still in the best interest of the County to follow through with the approved transaction. If the trade is executed at the lower yield, the investment advisor will be responsible for submitting an outline of the reasons for this decision to the Board.

All trades effectuated pursuant to this subsection P must follow the intent and structure of the Investment Policy and the Board's periodic direction, and will be made immediately available for review by the Board of County Commissioners and the County Manager in the form of a written investment report.

- (3) It is the responsibility of the traveler to be familiar with these rules and be knowledgeable of the reimbursable expenses.
- (4) All travel must be authorized and approved by the appropriate agency head and funds must be available in the budget. Travel plans, seminars, conferences and training known in advance should be documented as part of a department's travel budget request. However, it is expected that opportunities for and requirements of travel related to County business are often unknown at the time of budget adoption by the Board of County Commissioners (BCC). Thus, types of travel should be anticipated and must be documented as part of a department's travel budget request. Travel that falls within the parameters of the above descriptions is considered to be approved through the budget process. Additional funding for travel must be processed by way of the approved budget transfer policy. Budget transfer requests over \$1,000.00 for funding to a single destination must be approved by the BCC.
- (5) The County Manager must approve travel by authorized persons not employed or under contract by the County who are called upon to contribute time and services as consultants or advisors or participants when the travel is on behalf of the County. Funding for this travel must have been approved through the budget process or must be processed by way of the approved budget transfer policy.

Expenses from the cash advance must be reported with receipts within five (5) working days of the last day of the trip or, if cash is unused, it must be returned to County Finance within five (5) working days in the form of a personal check, money order or cash. Travel advances will not be issued for less than \$250.00 and may not exceed 100% of the estimated cost of the trip. No advance will be issued if a previous advance is outstanding. - (13) Employees using a credit card must not expect reimbursement for any item that is not used for the business purpose. Expenditures on the card, if not directly related to the business, will not be paid by the County. For example, if you stay in a hotel on business and you watch a movie for pay that appears on the hotel bill, the movie expense will not be paid by the County.
- (14) There is no reimbursement for travel and/or meals that are complimentary or covered in a registration or other similar fee. Continental breakfast, rolls, danish,

snacks, drinks or other small incidental food items provided by the registration shall not be considered a meal.

- (16) Employees are permitted one (1) personal phone call to a single location per day not to exceed \$5.00 plus any hotel connection fees.

C. TRAVEL IN FOREIGN COUNTRIES

SECTION 3. COUNTY ADMINISTRATION

3.53 PUBLIC RECORDS REQUEST POLICY

- **A. PURPOSE.** The purpose of this Public Records Request Policy is to provide an administrative process for County employees to properly respond to, coordinate, and fulfill a Public Records Request ("Request") in compliance with Chapter 119, Florida Statutes, also known as the "Public Records Act".
- **B. SCOPE.** The Public Records Act provides a right of access to the records of state and local governments as well as private entities acting on their behalf. Unless an Exemption exists, this right of access applies to all materials made or received by the County in connection with the transaction of official business which are used to perpetuate, communicate, or formalize knowledge. Therefore, every person who has custody of a Public Record must permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under Reasonable Conditions, and under supervision by the Custodian of the Public Records.

C. DEFINITIONS.

- (1) Actual Cost of Duplication means the cost of the materials and supplies used to duplicate the Public Record but does not include the labor and overhead costs associated with such duplication.
- (2) Confidential means information is not subject to inspection or copying by the public and may be released only to those persons and entities designated in the Public Records Act.
 - (3) County means Seminole County.
- (4) Custodian means the designated County employee(s) within a department, division, or office, including Commissioner offices, of the County whose responsibilities include communicating with the Public Records Coordinator and gathering Public Records in response to Requests.
 - (5) Extensive means in excess of fifteen (15) minutes.
- (6) Exempt or Exemption means a provision of general law which provides that a specified record or meeting, or portion thereof, is not subject to the access requirements of Section 119.07(1), Florida Statutes, Section 286.011, Florida Statutes, or Article I, Section 24 of the State Constitution, as any one of these may be amended.
- (7) Information Technology Resources means data processing hardware and software and services, communications, supplies, personnel, facility resources, maintenance, and training.
- (8) Public Records mean all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or

received pursuant to law or ordinance or in connection with the transaction of official business by County.

- (9) Public Records Coordinator means the County employee(s) designated by the County Manager whose responsibilities include communicating with the requester and coordinating with the Custodian in the fulfillment of Requests.
- (10) Reasonable Conditions mean reasonable regulations that would permit the Custodian to protect Public Records from alteration, damage, or destruction, and to ensure that the person reviewing the Public Records is not subjected to physical constraints designed to preclude review.
- (11) Redact means to conceal from a copy of an original Public Record, or to conceal from an electronic image that is available for public viewing, that portion of the Public Record containing Exempt or Confidential information.

D. GENERAL INFORMATION.

- (1) Requests are *not* required to be made in writing. As such, Requests may be made in person, over the phone, through email, on a sticky note, or in any other manner which is sufficient for the Custodian to identify the Public Records desired.
- (2) A person who requests Public Records is not required to provide his or her name or contact information to receive the Public Records requested.
 - (3) A person is not required to explain the purpose or reason for the Request.
- (4) The County must provide a copy or allow inspection of the Public Record in the medium requested if the County maintains the Public Record in that medium, and the County may charge a fee in accordance with Chapter 119, Florida Statutes. The County is not required to create new or reformat existing Public Records in response to a Request.
- (5) The Public Records Act requires the County to provide access to or copies of Public Records but does not require that the County provide *information* from or about the Public Records.

E. COPYING OR INSPECTION OF PUBLIC RECORDS.

(1) **Public Record Request Received.** Upon receipt of a Request, the Request must be promptly reviewed and forwarded to the applicable Custodian and the Public Records Coordinator.

(2) Acknowledge.

(a) The Public Records Coordinator must promptly respond to the requester in writing acknowledging the Request. If the Request was made verbally or the requester did not provide contact information, the Request must be acknowledged upon receipt of the Request verbally to the extent feasible, and notes must be kept as to the date and time the Request is received and acknowledged. See Attachment A for sample language.

(b) If the Request is ambiguous or if it is determined that the Request is insufficient to identify the Public Records sought, the Public Records Coordinator must promptly contact the requester stating that more information is needed to produce the Public Records. See Attachment A for sample language.

(3) Notification and Initial Evaluation.

(a) The Public Records Coordinator must promptly provide notification of the Request to the applicable Custodian. Prior to any work being performed by the County in response to the Request, the Public Records Coordinator, in coordination with the Custodian, must evaluate the Request to determine whether there will be Extensive use of Information Technology Resources, or Extensive clerical or supervisory assistance, or both. If no Extensive use of Information Technology Resources, or Extensive clerical or supervisory assistance, or both are needed, the Custodian must promptly begin gathering Public Records that are responsive to the Request. Thereafter, the Public Records must be provided by the Custodian to the Public Records Coordinator to fulfill and close out the Request.

(4) Extensive Use of Information Technology Resources or Extensive Clerical or Supervisory Assistance, or Both.

- (a) If Extensive use of Information Technology Resources, or Extensive clerical or supervisory assistance, or both, are needed to produce the requested Public Records, the County may impose a reasonable special service charge that reflects the actual costs incurred for the Extensive use of such resources or personnel.
- (b) The Custodian must provide the Public Records Coordinator the estimated amount of time it will take for any Extensive clerical or supervisory assistance in gathering and reviewing the Public Records for Exempt or Confidential information.
- (c) If the Request involves e-mails, the Public Records Coordinator must contact Information Technology ("I.T.") for I.T. to provide the estimated amount of time it will take for any Extensive use of Information Technology Resources needed to perform a search of the County servers. Generally, I.T. will only perform a search of e-mails. The Public Records Coordinator must coordinate with I.T. to determine if there are any other software platforms that may contain Public Records responsive to the Request. At minimum, I.T. will need the following information:
- (i) the date range for the search if a date range is provided by the requester; and
 - (ii) the specific search terms.

NOTE: I.T. will only search the exact terms provided. Do not add search terms or parameters outside of what has been expressly requested. In addition, if there are Public Records known to exist that are not produced by the search terms, the Public Records Coordinator must review the search terms and parameters to determine the deficiency and provide I.T. with additional search terms or parameters.

(5) Deposit and Gathering Public Records.

- (a) If Extensive use of Information Technology Resources, or Extensive clerical or supervisory assistance, or both are required, the Public Records Coordinator must complete and provide the requester a Special Service Charge Form ("Form"), which will inform the requester that a deposit of fifty percent (50%) of the estimate will be required before beginning any work on the Request, with the remaining fifty percent (50%) of the estimate to be collected prior to producing the Public Records to the requester. If the Request was made verbally, the information from the Form should be communicated to the requester and notes must be kept as to the date and time the communication takes place. See Attachment B for an example as to how the Public Records Coordinator will calculate costs and charges.
- (b) Once the County receives the initial fifty percent (50%) deposit, the Public Records Coordinator must notify the Custodian(s) and I.T., as applicable, who must promptly begin gathering Public Records that are responsive to the Request.
- (c) If at any time during the gathering of the Public Records, the estimated amount of time is anticipated to increase, the Custodian(s) and I.T., as applicable, must stop work, and notify the Public Records Coordinator. The Public Records Coordinator must request approval of the cost estimate increase from the requester, in writing, prior to the Custodian(s) and I.T. staff, as applicable, continuing to gather the Public Records.
- (d) If at any time during the gathering of the Public Records, a Custodian discovers that information may be in the custody of another County department, division, or office, the Custodian must promptly notify the Public Records Coordinator.

(6) Redact.

- (a) The Custodian(s) must review and Redact statutorily authorized Exempt or Confidential information within Public Records gathered from the Custodian's department, division, or office, including Commissioner offices, and Public Records searched for by I.T., as applicable. A resource document consisting of a common list of Exempt and Confidential Information can be requested from the Public Records Coordinator.
- (i) A Custodian who asserts that an Exemption applies to a part of such Public Record must redact that portion of the Public Record to which an Exemption has been asserted and validly applies, and such Custodian must produce the remainder of the Public Record to the Public Records Coordinators for inspection and copying.
- (ii) If a Custodian contends that all or part of the Public Record is Exempt from inspection and copying, he or she must state the basis of the Exemption that he or she contends is applicable to the Public Record, including the statutory citation to an Exemption created or afforded by statute.

- (iii) If requested by the Requester seeking to inspect or copy the Public Record, the Custodian of Public Records must state in writing and with particularly the reasons for the conclusion that the record is Exempt or Confidential.
- (b) The Custodian must provide a cover memo in a form approved by the County Manager's Office, to the Public Records Coordinator with the basis and the statutory citation for any Redacted Exempt or Confidential information.
- (c) Upon reviewing, if there are any responsive Public Records to or from the County Attorney's Office, including Public Records pertaining to actual or potential litigation involving the County, the Custodian reviewing the Public Records must notify the Public Records Coordinator who must contact the County Attorney's Office to review the Public Records for Exempt or Confidential information prior to releasing the Public Records.
- (7) **Fulfill.** Once review and Redaction is completed, if any, the Custodian must copy any responsive electronic Public Records on a thumb drive along with any other gathered responsive Public Records and communicate to the Public Records Coordinator that the Public Records are ready. The Public Records Coordinator must collect the remaining fifty percent (50%) of the balance due, if any, prior to producing the Public Records. Once the remaining fifty percent (50%) of the balance due is provided to the County by the requester, the Public Records Coordinator must provide the Form and cover memo, as applicable, and provide the Public Records responsive to the Request.

(8) Closeout.

- (a) **Completed Requests.** Once the Public Records have been provided to the requester, the Request may be closed as having been completed.
- (b) Lack of Response from Requester. If, after notifying the requester of all estimated applicable costs and charges, the requester does not respond, then the Public Records Coordinator must follow up with the requester after seven (7) calendar days from the date of the initial notification of the estimated applicable costs and charges. If, after seven (7) calendar days from the date of the initial follow up, the requester has not responded to the estimated applicable costs and charges, the Public Records Coordinator must follow up again with the requester. If the requester does not respond after seven (7) calendar days from the last follow up, the Public Records Coordinator may close the Request.
- (c) Refusal of Requester to Pay Estimated Costs and Charges. If the requester refuses to provide the estimated applicable costs and charges, the Public Records Coordinator may close the Request.

F. FEES FOR INSPECTING AND COPYING.

(1) Pursuant to Section 119.07, Florida Statutes, as may be amended, the following fees will be imposed for all Requests:

For each one-sided copy of not more than 8 ½ by 14 inches	\$0.15
For each two-sided copy of not more than 8 ½ by 14 inches	\$0.20
For each certified copy of a Public Record	\$1.00

Examples include but are not limited to, envelopes, postage, and thumb drives	
Extensive use of Information Technology Resources or Extensive clerical or	Actual Cost of Duplication + special service charge

- (2) The fees authorized in this Public Records Request Policy are in addition to any other fees authorized by Florida Statutes.
- **G. PUBLIC RECORDS TRAINING.** All County department, division, office directors and managers, Commission aides, Custodian(s), and all other County Employees required by the County Manager's Office must attend an initial training on this Public Records Request Policy and thereafter on an annual calendar basis.

Example on Calculating Costs and Charges

Example:

John Doe requests all records pertaining to the property located at 1234 ABC Street, Sanford, Florida. It is determined by I.T. that 4,321 records exist pertaining to the Request, excluding the removal of any duplicates.

	7 x \$15.00 = \$105.00 (cost of review/Redaction)	
Total:	\$200.00	
Initial 50% Deposit	\$100.00	
Remaining 50% Balance Due	\$100.00	

SECTION 3. COUNTY ADMINISTRATION

3.54 PUBLIC RECORDS MAINTENANCE, STORAGE, AND RETENTION POLICY

A. PURPOSE. The purpose of this Public Records Maintenance, Storage, and Retention Policy ("MSR Policy") is to provide administrative direction for County employees to properly maintain, store, retain, and dispose of Public Records in compliance with Florida Statutes, the Florida Administrative Code, and the Rules established by the Florida Division of Library and Information Services of the Department of State ("Rules").

B. DEFINITIONS.

- (1) County means Seminole County.
- (2) Custodian means the designated County employee(s) within a department, division, or office, including Commission offices, of the County whose responsibilities, at minimum, include communicating with the Public Records Coordinator, gathering Public Records in response to Requests, and maintaining, storing, and disposing of Public Records as authorized in this MSR Policy.
 - (3) *Division* means the Florida Division of Library and Information Services.
- (4) Public Records mean all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by County.
- (5) Public Records Coordinator means the County employee(s) designated by the County Manager whose responsibilities include communicating with the requester and coordinating with the Custodian in the fulfillment of Public Record requests.

C. RECORDS MANAGEMENT LIAISON OFFICER.

- (1) **Designation.** The County Manager is responsible for designating a Seminole County Records Management Liaison Officer ("RMLO"), as required by Section 257.36(5)(a), Florida Statutes, as may be amended.
 - (2) **RMLO Responsibilities.** The RMLO is responsible for:
 - (a) serving as a point of contact between County and the Division;
- (b) working with the Division to establish new Public Record retention schedules and ensuring the appropriate disposition of Public Records eligible for destruction;
- (c) training and advising County staff in Public Record management practices;

- (d) participating in County decision-making for issues such as preservation, access, digital imaging, storage, and disposal;
- (e) working with County Information Technology staff to ensure information systems comply with Public Record management requirements; and
- (f) reporting annually to the Division regarding County's compliance with records management statutes and rules.

D. SEMINOLE COUNTY DEPARTMENT, DIVISION, AND OFFICE RESPONSIBILITIES.

- (1) All County department, division, and office directors, managers, Commission aides, and Custodians are responsible for Public Records management oversight within their respective department, division, and offices. Custodians are responsible for keeping a current inventory of all Public Records within their respective department, division, and offices and of all Public Records stored with a County-authorized off-site storage vendor.
- (2) Annually, all Custodians must coordinate with the highest-level County employee within the respective County department, division or office to complete a Records Management Compliance Statement in a form prescribed by County Information Technology and provide the same to the RMLO. Thereafter, the RMLO must complete a Records Management Compliance Statement for signature by the Commission Chair and submit the same to the Division in accordance with the Division's requirements.
- E. MAINTENANCE AND STORAGE OF PUBLIC RECORDS. All Public Records should be secured in, and may not be removed from, the building or office in which they are ordinarily used for official purposes. Public Records in an electronic format must be stored on County systems and may not be stored on personal devices. In general, Public Records may be scanned in a PDF or PDF/A format and designated as the record copies, and the original physical copy can be designated as a duplicate and disposed of in accordance with the "Retention Schedules and Disposal of Public Records" Section of this MSR Policy, provided that the electronic records are in compliance with Rule 1B-26.003, Florida Administrative Code, as may be amended, and the completeness and accuracy of the scanned copies have been verified. Other formats in which Public Records may be scanned are provided for on the International Organization for Standardization's ("ISO") website: www.iso.org.

F. RETENTION SCHEDULES AND DISPOSAL OF PUBLIC RECORDS.

(1) County must comply with the Rules adopted by the Division establishing retention schedules and the disposal process for Public Records regardless of the format of the Public Records. The retention schedules for most of the County's Public Records are in GS1-SL – State and Local Government Agencies, as may be amended. Additional retention schedules can be found through the Division's website. County is not permitted to reduce the retention periods adopted by the Division; however, retention periods may be extended, for reasons such as audits, litigation, Public Record requests, accreditation standards, or the need to comply with Federal, state, and local laws and regulations.

Retention periods are determined by the content, nature, and purpose of the Public Records, and are set based on their legal, fiscal, administrative, and historical values, regardless of the format in which they reside or the method by which they are transmitted. If a County department, division, or office director or manager, in coordination with the applicable Custodian, determines the Public Record should be stored with a County-authorized off-site storage vendor because the Public Record is not used or referenced more than once a year, the applicable County director or manager and Custodian may box and send the Public Records to a County-authorized off-site storage vendor until the retention period has been met for disposal of the Public Record.

- (2) Prior to the disposal of Public Records, Custodians must review GS1-SL State and Local Government Agencies and consider specific retention schedules, audits, litigation, Public Record requests, whether the Public Records are confidential or exempt, accreditation standards, and Federal, state, and local laws and regulations. Once this information has been reviewed, the Custodian must provide a Records Destruction Form to the highest-level County employee within the respective County department, division or office to complete and submit to the RMLO for written approval, irrespective of whether such written approval is electronically provided or in hard copy form. Once written approval is provided by the RMLO, the Custodian(s) must make every effort to locate copies of Public Records in other departments, divisions, and offices in the County and provide the applicable Custodian(s) a copy of the written approval. The Public Records may then be disposed.
- **G. VIOLATION.** Violation of this MSR Policy may result in disciplinary action up to and including termination of employment.

When determined by the Division to be in the best interest of the County, the Division may combine requirements to competitively procure goods and services. The authorization document issued by the County may be on a fixed fee basis, where the scope of work is clearly defined and labor categories and rates are included in the contract; or may be on a not-to-exceed basis, where the scope of work is not clearly defined. To the extent feasible, the County encourages and promotes the use of recycled goods.

- (4) **Contract Negotiations.** Contract negotiations are intended to finalize the agreement terms, conditions, scope of work, or the Vendor's technical or price proposal. When contract negotiations are necessary or in the best interests of the County, the negotiations team must develop a negotiation strategy to address each identified issue prior to entering negotiations with the Vendor. The Procurement Analyst will serve as the negotiations team leader and the lead negotiator on pricing issues. The County's Project Manager will be the lead negotiator on technical issues. Other members of the negotiation team may take the lead in respective areas of expertise; however, the

Procurement Analyst is responsible for maintaining the focus and direction of the negotiation.

- (5) **Sales Tax Recovery.** When determined by the Purchasing Manager or Designee, in coordination with the User Department, to be in the best interest of the County, Sales Tax Recovery ("STR") Resolution No. 96-R-177 will apply to the procurement of goods in construction projects. For procurements where the STR Resolution will apply, the Division will coordinate with the CAO to include specific requirements for Vendors in both the solicitation and the contract.
- (A) Vendors must include total costs in their submittal, including price of goods (e.g., materials and equipment, with taxes included) and services, including all labor and administrative costs, inspection, handling, and storage costs, if any. If builder's risk insurance is required in the solicitation, Vendor's submittal must provide insurance coverage for the entire construction project, including the costs for goods subject to STR. Vendors must require that their suppliers follow the County's STR procedures.
- (B) After award, the Vendor must furnish the County with a list identifying goods to be procured by the County for the construction project. The list must be reviewed and approved by the County project manager and the engineer of record.
- (C) Once approved by the County project manager and the engineer of record, the User Department must complete a STR requisition and include information such as, item quantities, pricing by the Vendor's suppliers, delivery location, date of delivery, and any special terms that have been negotiated between the Vendor and their suppliers pertaining to payment terms, discounts, rebates, warranty information, credits, and any other applicable terms and conditions.

- (E) The Vendor must generate a deductive change order stating the total price in the Purchase Order including the amount of sales tax. The deductive change order must be approved by the County project manager and submitted to the Division to be executed by the Purchasing Manager or Designee. The deductive change order must be executed before the Purchase Order is paid.
- (F) The Vendor is responsible for confirming the goods received from suppliers as well as goods delivered to the County meet the requirements of the solicitation and the executed contract, including the related Purchase Order and change orders. Once confirmed, the Vendor, must submit all applicable invoices to the County representative. After review and upon approval, the County will make payment directly to the supplier in accordance with the Purchase Order. The County reserves the right to have a representative present during receipt of goods for the County construction project.

- (G) Under STR, the Vendor must warrant the goods in the same manner as non-STR goods and will be responsible for any schedule interruptions or delays in connection with the goods. The Vendor must provide the County representative with a monthly report documenting the amount and description of STR goods accepted by the Vendor.
- (6) **County Purchased Goods.** User Departments are authorized to prepare scopes of work for projects such that goods are competitively procured directly from a Vendor, as authorized in the Purchasing Ordinance and Purchasing Policy. In these instances, the County may benefit from exemption of taxes, subject to Section 212.08, Florida Statutes, and Rule 12A-1.094, Florida Administrative Code, as may be amended. From the time of acceptance, the County assumes the risk of loss of any County purchased goods until the County provides the goods to the installation Vendor. The County project manager must notify the County's Risk Management Division, in writing, in advance when the County intends to purchase goods under this Section for coordination of storage location and to mitigate the risk of loss through appropriate insurance, which may include deductibles or self-insured retention.
- (7) Application of Sunshine Law to Purchasing Meetings. Section 286.011, Florida Statutes, as may be amended, commonly referred to as the "Sunshine Law," provides a right of access to governmental proceedings and certain meetings, subject to statutory exemptions that may apply under certain conditions. Generally, while informal discussions among County staff are not subject to the Sunshine Law, Section 286.0113, Section 255.0518, and Section 255.0525, Florida Statutes, as may be amended, apply to certain meetings relating to or involving solicitations and Vendors, such as bid and proposal openings. The Division must ensure these statutory requirements are met.
- (8) **Public Records Law.** Sealed bids and proposals are exempt from Public Records Law for a temporary duration in accordance with Section 119.071(1)(b)(2), Florida Statutes, as may be amended.
- **3.572 BRAND NAME OR EQUAL SPECIFICATIONS.** User departments may seek to use a particular brand for certain goods. In these situations, the desire to use a particular brand is not due to the brand itself, but rather due to the minimum characteristics and level of quality provided by a specific brand that meet the County's needs. When User departments desire to procure a particular brand for certain goods, User departments must prepare and provide the Division clear specifications, including the level of performance required of the goods, to allow for "brand name or equal" submittals by Vendors.

3.573 RESPONSIBILITY AND RESPONSIVENESS.

- (1) **Responsive.** The County will review the Vendor's submittal for Responsiveness. A lack of conformity that is non-material in nature may be considered a technicality or irregularity that may be waived by the Division, in its sole discretion.
- (2) **Responsibility.** In determining whether a Vendor is Responsible, the County will perform due diligence in reviewing the following factors, which may include:

- (A) the ability, capacity, and skill of the Vendor to perform the contract;
- (B) the character, integrity, reputation, judgment, experience, and efficiency of the Vendor;

 - (M) the Vendor's ability to meet insurance requirements.
- (3) Request for Additional Information and Failure to Provide Requested Information. At any time, the Division may request additional information from a Vendor that has formally responded to a solicitation. If the Vendor fails to provide the information within the timeframe requested by the Division, the Division will base the determination of Responsibility upon information available or may find the Vendor non-Responsive. If the Vendor is found non-Responsive or non-Responsible, the Division Manager or Designee will prepare a written determination setting forth the basis of the finding. A copy of the Division's findings will promptly be provided to the Vendor and a copy will be made part of the contract file.

3.574 SMALL PURCHASES.

- (1) **Generally.** A purchase in an amount less than the Mandatory Bid Limit must be made in accordance with the procedures authorized in this Purchasing Policy.
- (2) **Purchases \$10,000.00 or Less.** A purchase in an amount TEN THOUSAND AND NO/100 DOLLARS (\$10,000.00) or less may be made in accordance with the "Purchasing Card (P-Card) Program" Section of this Purchasing Policy, or by requesting a Purchase Order or Blanket Purchase Order for issuance and execution by

the Division. Blanket Purchase Orders may not be issued for a single item exceeding FIVE THOUSAND AND NO/100 DOLLARS (\$5,000.00).

- (3) **Purchases between \$10,000.01 and \$25,000.00.** Two (2) quotes must be obtained by the User Department and provided to the Division with the requisition for purchases between TEN THOUSAND AND 01/100 DOLLARS (\$10,000.01) and TWENTY-FIVE THOUSAND AND NO/100 DOLLARS (\$25,000.00). Upon receiving the quotes, User Departments must complete a Quotation Form and submit it to the Division. The Division will issue and execute either a Purchase Order or a Blanket Purchase Order. Blanket Purchase Orders may not be issued for a single item exceeding FIVE THOUSAND AND NO/100 DOLLARS (\$5,000.00).
- (4) Request for Quotations ("RFQ") between \$25,000.01 and \$100,000.00. The Division will attempt to obtain at least three (3) written quotes and will provide the quotes to the User Department for purchases between TWENTY-FIVE THOUSAND AND 01/100 DOLLARS (\$25,000.01) and ONE HUNDRED THOUSAND AND NO/100 DOLLARS (\$100,000.00). The Division will issue and execute a Purchase Order.
- (5) **Documentation.** The Division shall maintain documentation on the quotes received to justify the award.
- (6) **Award.** Generally, the purchase must be made from the lowest, Responsive, Responsible Vendor; however, if the purchase is from a Vendor that is not the lowest priced Vendor, the User Department must provide the Division written justification for review and approval to ensure the purchase is in the best interest of the County. Once approved by the Division, the User Department is responsible for entering a requisition for a Purchase Order.

3.575 COMPETITIVE SEALED BIDDING.

(1) **Generally.** The procurement of goods and services equal to or greater than the Mandatory Bid Limit must be competitively awarded, unless an exemption to the competitive solicitation requirement exists within the Purchasing Ordinance or the Purchasing Policy, as authorized by law.

(2) Types of Solicitations.

- (A) *Invitation for Bid and BID.* An IFB and BID is used when there is a defined scope. IFB results in a term contract where Vendors may not begin work without a Release Order. For an IFB that includes the procurement of Property, User Departments must request a Purchase Order from the Division. BID is used for one-time purchases where Vendors may not begin work without a Purchase Order.
- (B) **Construction.** Construction solicitations are used for projects involving the construction or improvement of public property, resulting in a construction contract ("CC"). For project specific CC's, Vendors may not begin work without a Notice to Proceed. For CC master services agreements, projects will be competed among the awarded Vendors and a Work Order will be issued to the lowest priced Vendor.

(3) **Public Notice.**

- (A) *IFB and BID.* Public notice for IFB and BID must be advertised in a newspaper of general circulation and on the County website for a reasonable period prior to bid opening.
- (B) **Construction.** Public notice for construction projects must be advertised in accordance with Section 255.0525, Florida Statutes, as may be amended. Note, there are differing advertisement requirements based on the monetary thresholds referenced in the statute.
- (C) **Pre-Bid Conference.** The Division will coordinate with the User Department to determine whether a pre-bid conference is appropriate. If a pre-bid conference is requested by the User Department, one will be scheduled in accordance with Section 255.0525(2), Florida Statutes, as may be amended.
- (4) Liquidated Damages. As it may be difficult to calculate damages resulting from the failure of a Vendor to complete the contract on time, liquidated damages may be included in the contract. Liquidated damages are enforceable if the assessment is not strictly a penalty, and the assessment of actual damages as of the time of making the contract is uncertain. The amount of liquidated damages must not be unreasonable, must not be so grossly disproportionate to any damages that might reasonably be expected to follow from a breach, and must not be intended to induce the breaching Vendor to perform the contract. User Departments are responsible for determining the appropriate amount of liquidated damages prior to advertisement of a solicitation. Nothing in this Section is intended to limit the County's ability to include a provision for liquidated damages and the County's ability to collect actual damages for other elements calculated based on costs actually incurred.
- (5) **Bid Submission.** It is the sole responsibility of the Vendor to ensure the Vendor's bid reaches the location, time, and date specified in the solicitation. Bids received after the time and date, and at any other location than specified, will not be accepted and will be returned unopened to the Vendor. Irrespective of the method of delivery chosen by the Vendor, the County will bear no responsibility for Vendor's failure to successfully deliver bids to the County in accordance with the solicitation. Vendors may withdraw bids at any time prior to bid opening, provided the person within the Vendor's organization who submitted the bid provides a written request, which will be confirmed verbally by the Division.
- (6) **Bid Review.** Bids will be reviewed initially by the Division for Responsiveness and Responsibility. For construction projects, a Review Committee will review bids to further determine Responsibility and will be responsible for conducting reference checks unless such reference checks are requested to be performed by the Division. Except when requested for the Division to perform reference checks, upon gathering information, the Review Committee must promptly forward to the Division written comments from references. For non-construction purchases, the County's Project Manager will review bids and will provide a recommendation for award to the Division. The Division may request additional information to determine whether the Vendor is Responsible. If the Vendor fails to timely provide the requested information,

the County may base the determination of a Responsible Vendor upon the information available or may determine the Vendor to be non-Responsive. Prior to award or rejection, the Purchasing Manager must consider any additional information gathered as it relates to whether a Vendor is Responsible. Nothing in this Section is intended to prohibit the acceptance of a voluntary reduction in price from the lowest bidding Vendor after bid opening and prior to award, provided such reduction is not conditioned on, or does not result in, the modification or deletion of any items submitted by Vendor in response to the solicitation.

- (7) **Errors in Extension of Unit Prices.** Prior to award, the Division may correct calculation errors in the extension of unit prices provided in the Vendor's submittal, upon Vendor's concurrence in writing to correct the calculation errors. If the Vendor does not concur to the correct calculation of the extension of unit prices, the Vendor's bid will be deemed non-Responsive. The County will not revise the unit prices bid. If a Vendor provides bid prices in words and in digits and the words and the digits do not match, the words will control. Any other discrepancies in the bid may be sufficient to consider the bid as non-Responsive.
- (8) **Requirement for Bid Security.** A Vendor must provide Bid Security for all competitive sealed bidding for construction contracts if the price is estimated to exceed TWO HUNDRED THOUSAND AND NO/100 DOLLARS (\$200,000.00) or if required by the Purchasing Manager or Designee.
- (A) **Amount of Bid Security.** The amount of Bid Security required will be indicated in the solicitation.
- (B) Rejection of Bids for Non-Responsiveness with Bid Security Requirements. If the solicitation requires Bid Security and Bid Security is not provided with the bid, the bid will be rejected as non-Responsive.
- (10) **Withdrawal of Bid.** A Vendor may withdraw their bid prior to bid opening. At Vendor's option, Vendor may re-submit their bid prior to bid opening. If the Vendor withdraws their bid prior to bid opening, no action will be brought against the Bid Security. Failure to withdraw a bid prior to bid opening may result in County retaining Vendor's Bid Security. For the avoidance of doubt, Vendor may not re-submit their bid after bid opening.
- (11) **Unbalanced Bids.** The County will review bids for any extreme variations from the County's estimate or where obvious unbalanced unit or lump sum pricing exists. If a bid contains the aforementioned, the Division will prepare written justification to support the award or determine the bid non-Responsive.
- (12) **Bids Exceeding Budgeted Funds.** If only one (1) bid is received from a Responsive, Responsible Vendor which exceeds the County's budgeted funds, the Purchasing Manager or Designee may negotiate an adjustment to the bid price or bid specifications provided, that it would not be in the County's best interest to re-solicit due to time and economic concerns.

(13) *Tie Bids.* If a tie results between two or more lowest, Responsive, Responsible Vendors, a best and final offer will be requested from the tied Vendors. If the best and final offer results in a tie, the shortest delivery time will be used as the basis for award, and if the shortest delivery time results the same, a coin flip will be performed as the basis for award.

(14) Award.

- (A) *Generally.* The County will enter into a contract with the lowest, Responsive, Responsible Vendor in accordance with the Purchasing Ordinance and the Purchasing Policy. In the event only one (1) bid is received, the County may award or negotiate with the sole Vendor if it is deemed to be in the best interest of the County. For contract awards to multiple Vendors, the County will distribute the work equally. Equal distribution of the work will be measured by the dollar value of the work, such that each Vendor obtains an equal share, to the extent possible, of the total dollars spent annually on the contract.
- (B) **Public Construction Projects.** The construction or improvement of a public building, structure, or other public construction work and electrical work must be Competitively Awarded to an appropriately licensed contractor for each project estimated to cost more than the monetary thresholds specified in Section 225.20(1), Florida Statutes, as may be amended. "Competitively Awarded" for purposes of this "Public Construction Projects" Section is defined and specified in Section 255.20(1), Florida Statutes, as may be amended.
- (i) Continuing Contracts for Public Construction Projects. The construction or improvement of a public building, structure, or other public construction work must be Competitively Awarded to an appropriately licensed contractor for each project that is estimated to cost equal to or less than the monetary thresholds defined and specified in Section 255.20(1), Florida Statutes, as may be amended, provided that each Work Order under the contract does not also exceed such monetary thresholds.
- (C) **County Road System.** County Road System projects, such as construction and reconstruction of roads and bridges, resurfacing, full scale mineral seal coating, and major bridge and bridge system repairs estimated to cost more than the monetary threshold specified in Section 336.41(4), Florida Statutes, as may be amended, must be competitively awarded. The County may elect to utilize a continuing contract based on unit prices, provided that each Work Order under the contract does not exceed the estimated costs specified in 287.055(2)(g), Florida Statutes, as may be amended. Notwithstanding, all construction and reconstruction of roads and bridges, including resurfacing, full scape mineral seal coating, and major bridge and bridge system repairs, to be performed utilizing the proceeds of the eighty percent (80%) portion of the surplus of the constitutional gas tax must be competitively awarded in accordance with Section 336.41(4), Florida Statutes, as may be amended.

3.576 COMPETITIVE SEALED PROPOSALS.

(1) **Generally.** The procurement of goods and services equal to or greater than the Mandatory Bid Limit must be competitively awarded, unless an exemption to the competitive solicitation requirements exists within the Purchasing Ordinance or the Purchasing Policy, as authorized by law.

(2) Types of Solicitations.

- (A) **Request for Information ("RFI").** An RFI is used to solicit information from Vendors that will be the basis for the award of a contract or that will result in a subsequent solicitation.
- (B) **Request for Proposal ("RFP").** An RFP is used to procure goods and services when the requirements are not clearly known, are qualitative rather than quantitative, or when the User Department seeks a solution to a problem, and the selection of a Vendor is made based on an evaluation where price is one factor among others specified in the solicitation. For contracts pursuant to an RFP, Vendors must not begin work without a Purchase Order or Work Order.
- (C) **Request for Qualifications ("RFQu")**. An RFQu is used to obtain statements of qualifications from Vendors to gauge interest in the marketplace or to select the most qualified Vendors to move forward in an RFP solicitation process, either of which may result in the award of an Agreement.
- (3) **Public Notice.** Public notice must be advertised in a newspaper of general circulation and on the County website in accordance with Section 255.0525, Florida Statutes, as may be amended.
- (4) **Pre-Proposal Conference.** The Division will coordinate with the User Department to determine whether a pre-proposal conference is appropriate. If a pre-proposal conference is requested by the User Department, one will be scheduled in accordance with Section 255.0525(2), Florida Statutes, as may be amended.
- (5) **Proposal Submission.** It is the sole responsibility of the Vendor to ensure the Vendor's proposal reaches the location, time, and date specified in the solicitation. Proposals received after the time and date, and at any other location than specified, will not be accepted and will be returned unopened to the Vendor. Irrespective of the method of delivery chosen by the Vendor, the County will bear no responsibility for Vendor's failure to successfully deliver proposals to the County in accordance with the solicitation. Vendors may withdraw proposals at any time prior to proposal opening, provided the person within the Vendor's organization who submitted the proposal provides a written request, which will be confirmed verbally by the Division.

(6) **Proposal Review and Evaluation Committee.**

(A) Proposals will be reviewed initially by the Division for Responsiveness and Responsibility.

- (B) The Evaluation Committee will independently evaluate proposals fairly and equally based only on the criteria set forth in the solicitation and must provide detailed comments. The method of evaluation will be specified in the RFP as either a weight (points) system or a rating (adjectival) system.
- (i) For the weight (points) system, each criterion will be assigned a specific percentage and each Evaluation Committee member must document justification for the score given, which includes describing strengths, weaknesses, and deficiencies.
- (ii) For the rating (adjectival) system, each criterion will be assigned a specific adjective and the Evaluation Committee member must document justification for the adjective given. The adjectives are: *Highly Acceptable* proposals that exceed the criterion requirement and have enhancing features, which must be documented, as benefitting the County; *Acceptable* proposals that meet the County's requirements; *Marginal* proposals contain minor weaknesses or deficiencies, which must be documented, and that could have an impact if accepted; and *Unsatisfactory* proposals that contain major weaknesses or deficiencies, which must be documented, and that could have a negative impact on the project.
- (C) The Division will coordinate and facilitate the Evaluation Committee meeting and assist the Evaluation Committee in complying with procedural and statutory requirements. In the sole discretion of the County, the County may elect to have Vendors serve as consultants in an advisory or subject matter expert capacity, but not as an evaluator.
- (D) After review and evaluation of proposals, a final ranking will be established. At the Evaluation Committee's request, the Division may invite top ranked Vendors for discussions and presentations to assure the Vendor's full understanding of the scope of services. The Evaluation Committee will also be responsible for conducting reference checks unless such reference checks are requested to be performed by the Division. Except when requested for the Division to perform reference checks, upon gathering information, the Evaluation Committee must promptly forward to the Division comments from references.
- (E) The Division may request "best and final offers" or conduct negotiations for minor scope changes and pricing from the top ranked Vendors.
- (F) The Division may negotiate with the highest-ranked Responsive, Responsible Vendor, for an adjustment to the price proposal, specifications, or both to enter into a contract within budget.
- (7) **Award.** The Division will compile the Evaluation Committee's scores to determine the final ranking. The County will enter into a contract with the top-ranked, Responsive, Responsible Vendor determined, in writing, to be the most advantageous to the County. In the event only one (1) proposal is received, the County may award or negotiate with the sole proposer, if determined to be in the best interest of the County.

3.577 CONSULTANTS' COMPETITIVE NEGOTIATION ACT.

(1) **Generally.** Services within the scope of the practice of architecture, landscape architecture, professional engineering, and registered surveying and mapping are governed by Section 287.055, Florida Statutes, as may be amended, also known as the "Consultants' Competitive Negotiation Act ("CCNA").

(2) Types of Solicitations.

- (A) Professional Services ("PS") are used for projects governed by the CCNA. PS solicitations may result in a master services agreement. Under master services agreements, Vendors must not begin work until the Division issues a Work Order. Alternatively, PS solicitations may result in a project specific agreement. Under project specific agreements, Vendors may begin work upon full execution of the agreement.
- (i) *Project-Specific* in accordance with Section 287.055, Florida Statutes, as may be amended.
- (ii) Continuing Contracts means the definition used in Section 287.055(2)(g), Florida Statutes, as may be amended.
- (iii) Construction Manager at Risk ("CMAR") means a professional services solicitation for a consultant who will provide pre-construction services (e.g., constructability reviews and cost estimating) and construction services (with their own workforce and sub-contractors), assuming all responsibility for the construction of a project at a Guaranteed Maximum Price.
- (iv) Construction Management ("CM") a professional services solicitation for a consultant to oversee a construction project on behalf of the COUNTY.

Public notice for solicitations must be advertised in a newspaper of general circulation and on the County website for a reasonable period prior to solicitation opening.
- (4) **Proposal Submission.** It is the sole responsibility of the Vendor to ensure the Vendor's proposal reaches the location, time, and date specified in the solicitation. Proposals received after the time and date, and at any other location than specified, will not be accepted and will be returned unopened to the Vendor. Irrespective of the method of delivery chosen by the Vendor, the County will bear no responsibility for Vendor's failure to successfully deliver proposals to the County in accordance with the solicitation. Vendors may withdraw proposals at any time prior to proposal opening, provided the person within the Vendor's organization who submitted the proposal provides a written request, which will be confirmed verbally by the Division.

- **Due Diligence.** If after proposal opening, there are fewer than three (3) firms that respond to the solicitation, the Division must perform due diligence and determine that every effort was made to meet the requirements set forth in Section 287.055(4), Florida Statutes, as may be amended. Once a determination has been made that such due diligence was performed, the County will proceed with evaluation of the proposals received or may choose to cancel the solicitation and issue a new solicitation.
- (6)**Proposal Review and Evaluation.** Proposals will be reviewed initially by the Division for Responsiveness and Responsibility. The Evaluation Committee will independently evaluate proposals fairly and equally based only on the criteria set forth in the solicitation and in compliance with Section 287.055, Florida Statutes, as may be amended. In the sole discretion of the County, the County may elect to have Vendors serve as consultants in an advisory or subject matter expert capacity, but not as an evaluator.

- (B) The Evaluation Committee must select in order of preference no fewer than three (3) firms deemed to be the most highly qualified to perform the required services, in accordance with Section 287.055(4)(b), Florida Statutes, as may be amended. Thereafter, the Division must provide such order of preference to the Board for authorization to negotiate a contract.
- Competitive Negotiation and Award. Once the Board approves the ranking and authorization has been provided to negotiate with the top ranked firm(s), the Procurement Analyst will request a rate schedule and a Truth-in-Negotiation certificate from the top ranked firm or firms and the Division will negotiate a contract with the most qualified firm or firms for Professional Services at compensation which the Division determines is fair, competitive, and reasonable, in accordance with Section 287.055(5), Florida Statutes, as may be amended.

3.578 DESIGN-BUILD SERVICES.

- Generally. The County may elect to use a Design-Build Firm for the procurement of design-build services pursuant to a Design-Build Contract. Design-build services must be procured in accordance with Section 287.055(9), Florida Statutes, as may be amended. The solicitation documents must identify which procurement method will apply for the project.
- Procurement Methods. Pursuant to Section 287.055(9)(c), Florida (2)Statutes, as may be amended, the County must use one of two types of procurement methods, as further specified in the statute:

Vendors may withdraw proposals at any time prior to proposal opening, provided the person within the Vendor's organization who submitted the proposal provides a written request, which will be confirmed verbally by the Division.
- **Proposal Opening.** Proposals will be opened in accordance with Section 255.0525(2), Florida Statutes, as may be amended.
- **Proposal Review and Evaluation.** Proposals will be reviewed initially by the Division for Responsiveness and Responsibility. Only the criteria set forth in the solicitation and Section 287.055, Florida Statutes, as may be amended, may be used to evaluate the proposals. In the sole discretion of the County, the County may elect to have Vendors serve as consultants in an advisory or subject matter expert capacity, but not as an evaluator.

(8) Stipend to Unsuccessful Shortlisted Design-Build Firms. The County may, in its sole discretion, offer a stipend to unsuccessful shortlisted Design-Build Firms. The determination of whether a stipend will be offered must be made by the County prior to public notice of the solicitation and will be based upon the User Department's analysis of the estimated proposal development costs and the anticipated degree of engineering design required during the procurement process. The stipend must be conditioned upon the effect that if an unsuccessful shortlisted Design-Build Firm accepts the stipend, the County acquires ownership of the design work prepared for the submittal and the County may use the design work in County's sole discretion.

- (8) **Work Orders.** The Purchasing Manager or Designee is authorized to execute Work Orders, provided the Work Orders are within the Board-approved budget.
- (9) **Construction Change Orders.** The Purchasing Manager or Designee is authorized to execute all change orders, provided the change does not exceed a five percent (5%) increase over the Board-approved contract value for construction contracts, unless approved otherwise by the Board. Board-approved contracts may include deductive change orders based on the County's STR procedures and may include budgeted contingency. In either case, the Board-approved contract value remains unchanged for purposes of calculating the five percent (5%) increase specified in this "Construction Change Orders" Section. Change orders for amounts greater than those specified in this "Construction Change Orders" Section may be approved by the County Manager or Designee, but must be promptly ratified by the Board.
- (10) **Amendments.** User Departments may submit requests to the Division for amendments for modifications to a contract, which may include minor changes to the scope of work, completion time, and compensation.
- (A) The Purchasing Manager or Designee is authorized to execute amendments for Vendor name changes and assignments.
- (B) For non-construction contracts, the Purchasing Manager or Designee is authorized to execute amendments for increases in contract pricing within the Board-approved budget amount for the User Department.
- (C) Amendments revising contractual terms that increase liability exposure, or amendments for mergers, acquisitions, or the like, must be approved by the Board in advance of execution.
- (11) **Delegation of Authority to Execute.** The Board and County Manager or Designee's authorization for award or approval includes a delegation of authority for the Purchasing Manager or Designee to execute the awarded or approved documents.
- (12) **Settlement of Contract Claims.** The Purchasing Manager, with the concurrence of the County Manager, is authorized to settle contract claims, provided the

contract value and settlement amount is ONE HUNDRED THOUSAND AND NO/100 DOLLARS (\$100,000.00) or less. The Board must approve settlement of contract claims if the contract value and settlement amount exceeds ONE HUNDRED THOUSAND AND NO/100 DOLLARS (\$100,000.00).

3.581 PIGGYBACK PURCHASES.

- (1) **Generally.** The Division is authorized to piggyback other governmental agency contracts. The User Department must enter a requisition referencing the contract number and attaching applicable supporting documentation, as required by the Division.
- (2) Review Process. The Purchasing Manager or Designee is responsible for ensuring the piggyback will meet the County's needs and the purchase is within the parameters of the competitively awarded contract to the lowest priced Vendor. The Purchasing Manager or Designee will review the following information: a copy of the government agency solicitation, bid tabulation, executed contract, and amendments, if any, Vendor's written confirmation that the goods or services offered are under the same pricing, terms, and conditions as the competitively awarded contract, and an acceptable certificate of insurance is provided to the County. The Division will issue and execute a Purchase Order or a Blanket Purchase Order to authorize the procurement. Blanket Purchase Orders may not be issued for a single item exceeding FIVE THOUSAND AND NO/100 DOLLARS (\$5,000.00).
- **3.582 COOPERATIVE PURCHASES.** The Division is authorized to make Cooperative Purchases if determined by the Division to be in the best interest of the County. If the Division is the lead agency in a Cooperative Purchase, the Division must follow the Purchasing Policy for the procurement.

3.583 NON-COMPETITIVE PURCHASES.

- (1) *Emergency Purchases.* The County Manager, the Purchasing Manager, or Designees of the aforementioned, are authorized to make emergency purchases of goods and services in the event of disruption of essential operations, or when there exists a threat to public health, safety, or welfare, or when the protection or preservation of public property would not be possible through a competitive procurement, provided that the emergency purchase is made with competition to the extent practicable under the circumstances. Failure to plan for normal needs or project deadlines, or an attempt to expend remaining budgeted funds prior to fiscal year-end, do not constitute emergency purchases.
- (A) If the emergency purchase is made during a Business Day, the Division must be notified in writing as soon as practicable. If the emergency purchase is outside of a Business Day, the User Department director may authorize the purchase. Irrespective of when an emergency purchase is made, an Emergency Purchase Approval Form must be completed no later than the next Business Day thereafter and submitted to the Purchasing Manager or Designee. In addition, the respective County staff specified in the "Approval Authority" Section of this Purchasing Policy must be

notified no later than the next Business Day based on the dollar value of the emergency purchase.

- (2) **Single Source or Sole Source.** Prior to a Single Source or Sole Source request, User Department staff must complete the Single Source or Sole Source Justification Form ("SS Form") and must submit the SS Form to the Division for evaluation. The Division will attempt to seek competition. If no competition exists, a Single Source or Sole Source purchase may be made after contract negotiations in accordance with the "Approval Authority" and "Contract Negotiations" Sections specified in this Purchasing Policy.
- (3) **Direct Pay.** Pursuant to the authority provided in the Purchasing Ordinance, Direct Pay purchases do not require a Purchase Order and as such, User Departments must forward payment requests for Direct Pay purchases to the Clerk of the Circuit Court and Comptroller's Office.
- (4) **Certain Fleet Repairs.** The Fleet Manager or Designee may authorize disassembly of fleet equipment to determine the extent of repairs and for an accurate cost estimate. In these situations, competition is not required, because the fleet equipment would require reassembly and subsequent disassembly by another Vendor to determine an accurate cost estimate resulting in additional costs that could be avoided. If the Fleet Manager or Designee authorizes the disassembly, the Division will determine whether payment will be made by Purchase Order or P-Card. Repairs equal to or greater than the Mandatory Bid Limit will require written approval from the User Department Director.
- Designee may authorize disassembly of heavy equipment to determine the extent of repairs and for an accurate cost estimate. In these situations, competition may not be required, because the heavy equipment would require reassembly and subsequent disassembly by another Vendor to determine an accurate cost estimate resulting in additional costs that could be avoided. If the cost estimate exceeds TWENTY-FIVE THOUSAND AND NO/100 DOLLARS (\$25,000.00), before the Solid Waste Manager or Designee authorizes the repairs, the estimate should be reviewed with the Division to determine if competition is necessary and how the payment will be made, either by Purchase Order or P-Card. Repairs equal to or greater than the Mandatory Bid Limit will require written approval from the User Department Director.

3.584 - 3.599 RESERVED.

III. CONTRACT ADMINISTRATION.

3.600 CONTRACT COMPLIANCE.

- (1) User Department Areas of Responsibility.
- (A) **Oversight.** After award and execution of a contract authorized by the Purchasing Ordinance and this Purchasing Policy, User Department staff is responsible for ensuring the Vendor and the County complies with all terms and

conditions of the contract, the Purchasing Ordinance, and this Purchasing Policy, including compliance with deliverables, milestones, and reviewing invoices.

- (i) **Receipt of Goods.** User Department staff is responsible for inspecting and accepting or rejecting the goods received. Upon receipt, User Department staff must inspect goods immediately for damages, shortages, overages, and unauthorized substitutions. If an inspection results in the foregoing, User Department staff should contact the Vendor immediately to address the issue(s). The payment process should not be completed until the discrepancy is resolved and the County is in possession of the goods as purchased.
- (ii) *Invoices*. Upon confirmation of goods received or services rendered, as contracted, the User Department must sign, date, and approve the invoice by including "FINAL INVOICE" on the payment document, subject to confirmation liquidated damages have been paid, if any, and forwarding the packing slip, if any, to the Clerk of the Circuit Court and Comptroller's Office for processing of payment.
- (B) **Performance Evaluations.** User Departments are strongly encouraged to periodically complete written evaluations to document performance for all contracts. Performance evaluations will be used, in part, to determine whether it is in the best interest of the County to enter into renewal terms and award of future contracts.
- 3.601 CONSTRUCTION FINAL PAYMENT. A construction contract is ready for final payment when all contractual obligations have been satisfied and all disputes, if any, have been settled. Once a construction contract is ready for final payment, the County's Project Manager must complete all documents necessary, including: (i) Contractor's Waiver of Lien - Final and Complete: (ii) Consent of Surety to Final Payment: (iii) Certificate of Substantial Completion; (iv) Certificate of Final Inspection and Completion; (v) Contractor's Release; (vi) Material and Workmanship Bond (if required in the solicitation); and (vii) Subcontractor's Waiver and Release of Lien upon Final Payment. These final payment documents must be routed by the User Department through the Division for appropriate signatures and then sent to the Clerk of the Circuit Court and Comptroller's Office. Thereafter, the User Department may approve payment by including "FINAL INVOICE" on the payment document and requesting the Clerk of the Circuit Court and Comptroller's Office authorize final payment, subject to confirmation liquidated damages have been paid, if any, and release of retainage, if any. The County will make payment to Vendors in accordance with the Local Government Prompt Payment Act, Chapter 218, Part VII, Florida Statutes, as may be amended.
- **3.602 TERMINATION OF CONTRACTS.** The Purchasing Manager or the County Manager may terminate contracts within their respective approval authority monetary limits specified in this Purchasing Policy. Termination of contracts beyond the approval authority monetary limits of the Purchasing Manager and the County Manager must be approved by the Board. In cases of emergency, the Purchasing Manager or the County Manager may terminate any contract when determined to be in the best interest of the County. In such case, the termination must be ratified by the County Manager or the Board, as applicable.

SECTION 3. COUNTY ADMINISTRATION

3.56 GUIDELINES FOR PUBLIC/PRIVATE PARTNERSHIPS, UNSOLICITED PROPOSALS AND EVALUATION PROCESS

I. INTRODUCTION, POLICY AND INTENT. Consistent with the provisions contained in Section 255.065, Florida Statutes, Florida encourages redevelopment of underdeveloped and underutilized properties through public/private partnerships (hereinafter "P3") where appropriate. The County recognizes properly structured P3s share risk and expense amongst public and private partners; encourage efficiencies and innovation in design, construction, operations and maintenance; and maximize funding and cash flow initiatives.

A public-private partnership is a contractual agreement between a public agency (federal, state or local) and a private sector person or entity organized for the purpose of timely delivering services or facilities in a cost effective manner that might not otherwise be possible using traditional sources of public procurement. Through this contractual agreement, the assets and professional skills of each sector (public and private) are shared and leveraged to deliver a service or facility to be used by the general public. Each sector shares in the potential risks of the timely and efficient delivery and operations of the service or facility. To be considered under Seminole County's Public/Private Partnership Program, all parties must comply with the following Guidelines for P3 Applications and Evaluation Process (hereinafter "Guidelines").

The County reserves the right at all times to reject any or all bids/proposals at any time before signing a Comprehensive Agreement for any reason and may decline to pursue the Proposed Project. In the latter event, the County may accept new proposals for the Proposed Project should the County choose to restart the process at a later date. Discussions between the County and Private Entities about needed infrastructure, improvements, or services shall not limit the ability of the County to later decide to use standard procurement procedures to meet its infrastructure needs, whether the project will be a public/private partnership or not.

These Guidelines are applicable to the P3 program consistent with Section 255.065, Florida Statutes for Unsolicited Proposals. These Guidelines are an alternative process to, and do not amend, Seminole County Administrative Code Policy 3.55, Purchasing Policy, or the Procurement of Personal Property or Services pursuant to Chapter 287, Florida Statutes.

II. DEFINITIONS. Unless otherwise specified, whenever the following terms are used in these Guidelines, they have the meanings set forth below:

Board of County Commissioners: The Seminole County Board of County Commissioners.

Certify: To attest, under penalty of perjury, that the information being certified is true and correct.

County: Seminole County, Florida, which may act through its Board of County Commissioners and County Manager, as the context and applicable law permits.

Comprehensive Agreement: The agreement between the Contracting Person and the County that is required before the development or operation of a Proposed Project.

Contracting Person: An individual person, corporation, general partnership, limited liability company, limited partnership, joint venture, business trust, public benefit corporation, nonprofit entity, or other business entity that enters into a Comprehensive or Interim Agreement with the County.

Detailed Proposal: A proposal for a Proposed Project after the Initial Stage review, that defines and establishes more specific proposed terms related to costs, payment schedules, financing, deliverables, design, plans for operations and maintenance, and project schedule, among other factors.

Detailed Stage: The phase of Proposed Project evaluation where the County has completed the Initial Stage, but has requested additional and/or more detailed information regarding proposals for a Proposed Project.

Develop or Development: To plan, design, develop, finance, lease, acquire, install, construct, operate, maintain, and/or expand a facility for public use or benefit.

Fee: A rate, fee, or other charge associated with the use of a Proposed Project, as defined by a Comprehensive Agreement.

Initial Proposal: An unsolicited proposal for a Proposed Project accepted for consideration and evaluation by the County.

Interim Agreement: An agreement, before or in connection with the negotiation of a Comprehensive Agreement, between the County and a Contracting Person whereby the Contracting Person may be authorized by the County to conduct due diligence or further studies or investigations related to the Proposed Project which may include, but not be limited to, project planning and development, design, engineering, environmental analysis and mitigation, surveying, financial and revenue analysis, ascertaining the availability of financing, or any other aspect of the Proposed Project. The rights of the Contracting Person and the County will be governed by the terms of the Interim Agreement, which must be in writing. No purported Interim Agreement or terms relating thereto shall be effective, binding or valid until approved by the County and signed in writing.

Lease Payment: Any form of payment, including a land lease, by a governmental or private entity to the Contracting Person and/or the County for the use of a Proposed Project.

Lifecycle Cost Analysis: An analysis calculating the cost of an asset over its entire life span, including the cost of planning, constructing, operating, maintaining, and replacing the asset, estimates of sufficient capital improvement reserves, and, when applicable, salvaging the asset. The analysis must compare the proposed life cycle cost of the Proposed Project to what the project would likely cost the County if a standard, non-P3 delivery method was used. The Comprehensive Agreement must identify if there is no cost to the County of an asset projected for the County.

Notice of Receipt: At a minimum, the notice that the County shall publish to advise the general public that the County has received an unsolicited proposal and to solicit Responses for the same type of project or concept that is reflected in the unsolicited proposal.

A private entity includes a "Proposer" that submits an unsolicited proposal or a "Respondent" that submits a proposal in response to a Solicitation.

Private Entity: Also means each individual entity participating in or comprising a Proposer's or Respondent's team.

Proposer: A Private Entity that submits or is considering submitting an unsolicited proposal and/or a response to a Notice of Receipt. "Proposer" is the Private Entity with whom the County is expected to contract for a Proposed Project. If the Private Entity has not yet been formed, then "Proposer" shall mean all entities collectively who are known and intend at that time to participate on the Proposer's team.

Proposed Project(s):

(1) A facility or project fulfilling a public purpose or goal, including, but not limited to, any mass transit facility, vehicle parking facility, rail facility or project, fuel supply facility, medical or nursing care facility, recreational facility, sporting or cultural facility, public library, waste treatment facility, educational facility, civic facility or other building or facility that is used or will be used by a public educational institution, or any other public facility or infrastructure that is used or will be used by the public at large or in support of an accepted public purpose or activity;

- (2) An improvement, including equipment, of a building that will be principally used by a public entity or the public at large or that supports a service delivery system in the public sector;
- (3) A water, wastewater, or surface water management facility or other related infrastructure; or
- (4) Any other project that involves a facility to be owned or operated by the County that the County designates as a Proposed Project.

Notwithstanding anything herein to the contrary, a Proposed Project may also include, in addition to the public facility or project, ancillary components, such as but not limited to, residential, retail, commercial, hospitality or other private, revenue generating facilities and uses as appropriate and necessary to achieve the public purposes intended for the Proposed Project on a cost model acceptable to the County.

Respondent: A Private Entity that submits a proposal in response to a Solicitation.

Response: A response to a solicitation for proposals, for qualifications, for a response to a Notice of Receipt by the County of an unsolicited proposal, and for the purposes of these guidelines is also synonymous with the word "proposal."

Solicitation: A written request for services issued by the County through a Notice of Receipt soliciting responses for a P3 project, including, but not limited to, business plans, expressions of interest, ideas, offers, proposals, qualifications, or any combination thereof.

III. UNSOLICITED PROPOSALS.

A. <u>General</u>. The County may publicize its needs and encourage interested parties to submit unsolicited proposals subject to the terms and conditions of the P3 Program. If any proposals are received without issuance of a Solicitation, the proposals may be treated as an unsolicited proposal and may be evaluated through the County's approved P3 Program. All unsolicited proposals shall be sent to the County Manager and, upon the County Manager's receipt of an unsolicited proposal, the no contact rule as set forth in Section 287.057(23), Florida Statutes, shall commence.

The P3 Program is intended to create a process to guide the County's evaluation of potentially competing proposals from the private sector that offer solutions, private financing, innovations and efficiencies in support of the Proposed Project, allocate risk amongst the County and the Private Entity, and benefit the public.

B. Content of Unsolicited Proposals.

(1) General. Proposer submitting an unsolicited proposal requesting approval of a Proposed Project as a P3 project shall specifically identify all facilities, buildings, infrastructure and improvements included in the proposal. Although the County may have identified development opportunities, they are not exclusive and Private Entities are encouraged to submit proposals they believe are consistent with the County's goals.

Private Entities are urged to include in their proposal innovative financing methods, including the imposition of Fees or other forms of payments in lieu of or in addition to payments from the County. The P3 Program is a flexible development tool allowing for the use of innovative financing techniques. Additionally, the Proposer can structure its role on the Proposed Project in a variety of ways, from designing the facility to undertaking its financing, construction, operation, maintenance, and management. Depending on the circumstances of the Proposed Project, the Proposer is encouraged to consider different types of public-private partnership structures to the extent appropriate for the project at issue and as allowed by law.

- (2) Summary of Content Requirements. Unsolicited proposals should be prepared simply and economically. They shall provide a concise description of the Proposer's qualifications and capabilities to complete the Proposed Project and the benefits to be derived by the County from the Proposed Project. As described in more detail below, proposals must include:

- (b) a description of the method by which the Proposer plans to secure any necessary property interests required for the Proposed Project;

Include a list of anticipated timelines and milestones to obtain financial commitments and to close on the financing of the project and the following information:

If known, provide the names of the anticipated financiers (for example, banks, bonds, federal programs, life insurance companies, pension funds, private placements), their proposed involvement if available (in approximate percentage terms), how they were selected, and why they were preferred;

Provide an explanation of the Respondent's contingency plans should there be a gap in the financing or should any potential finance provider not be in a position to provide its share of the financing; and

Provide the names of the funding sources for previous projects of a similar size as applicable;

(d) the name and address of the Proposers and the name of the project leader who may be contacted for additional information concerning the proposal;

- (e) the sources of proposed Fees, Lease Payments, or other payments, the Proposer is anticipating; and
- (f) additional supplemental material or information that the County reasonably requests.

- (f) TAB 5 Project Analysis. This section of the unsolicited proposal should state the financial business aspects of the Proposed Project and should generally summarize why the unsolicited proposal offers the County value for money over the Proposed Project's life cycle as opposed to procuring the project using more traditional procurement methods, including the County funding the project itself.

- (i) TAB Addenda. Use this Section to present details of any item cited or referenced in the proposal.
- C. <u>Flexibility in Structure</u>. The County encourages creativity and flexibility in the structure of a Proposed Project where appropriate. By way of example, where appropriate and available, the County may contribute off-site parcels of real property to a Contracting Person in exchange for the Contracting Person to design, construct, finance, operate and maintain a Proposed Project. In such an event, the value of the Contracting Person's services to the Proposed Project are expected to be equal to or greater than the fair market value of the real property interest they seek to obtain. The County will exercise full and proper due diligence in the evaluation and selection of Proposed Projects, including those utilizing creative or flexible structures.
- D. <u>Request for Clarifications</u>. The County may request in writing, clarifications to any submission, including unsolicited proposals, which shall be promptly provided by the Proposer.
- E. <u>Application Fee</u>. Contemporaneously with the submission of an unsolicited proposal, the Proposer shall pay an application fee to the County in the amount of FIFTY THOUSAND AND NO/DOLLARS (\$50,000.00) to cover the costs of processing, reviewing and evaluating the proposal, including the fees and costs for private consultants to assist in the evaluation. The application fee is non-refundable and shall be delivered to the County Manager's Office. However, portions of the application fee may be refundable if the Proposer chooses not to participate in the Detailed Stage

Evaluation, as more particularly set forth below. If extraordinary costs associated with the County's preliminary evaluation are encountered, the County may require additional fees from the Proposer.

F. <u>Process for Submission and Evaluation</u>. The County shall provide deadlines for submission of certain requested information related to proposal or project evaluation. Failure to meet such deadlines may result in the rejection of the proposal.

The County shall not be liable for any costs incurred by the Private Entities in preparing, submitting or presenting an unsolicited proposal.

All unsolicited proposals must be organized in the manner outlined in these Guidelines and submitted with the application fee defined herein. No page limitation is imposed, but brevity is appreciated. All proposals shall be submitted as one original, thirteen copies and one electronic copy (searchable PDF format on CD). The original copy containing original signatures shall be marked **ORIGINAL** on the cover letter.

In accordance with Section 255.065(15), Florida Statutes, the Initial Proposal and all Responses pertaining to the Proposed Project are exempt from public records disclosure under Section 119.07(1), Florida Statutes and Section 24(a), Article I of the State Constitution until such time as the County provides notice of its intended decision to either reject the Initial Proposal or enter into a Comprehensive Agreement with one of the Respondents. The County shall abide by the timelines for disclosure of the Initial Proposal, all Responses and related meetings, as contemplated in Section 255.065(15), Florida Statutes.

Only unsolicited proposals apparently complying with these Guidelines and containing information sufficient for meaningful evaluation will be considered. Within sixty (60) days of receiving an unsolicited proposal, the County staff will preliminarily review it to determine whether to accept and recommend it for Initial Stage evaluation. After the County staff's Initial Stage evaluation, the general concept of the unsolicited proposal shall be presented to the Board of County Commissioners, and, if the County wishes to continue considering the unsolicited proposal, it may, at its sole and exclusive option, either advertise its receipt of the unsolicited proposal ("Notice of Receipt") and solicit other proposals or conduct further evaluation of the unsolicited proposal before advertising for alternative and perhaps competitive proposals. If the County determines not to proceed, then the County shall send a letter to the Proposer and return THIRTY-FIVE THOUSAND AND NO/DOLLARS (\$35,000.00) of the application fee.

Under either scenario, once the County decides to advertise for alternative and perhaps competitive proposals, the manner and timing for said advertisement and competitive proposal process shall be in accordance with Section IV of these Guidelines. At the conclusion of the competitive proposal submission period, the County will commence Initial Stage evaluation of any competing proposals timely submitted. Upon completion of Initial Stage evaluation of the proposal(s), the County will identify those Respondents that meet the minimum criteria for the Proposed Project to inform them that they may continue the process. That process may require submission of a Detailed Proposal from the Respondents and, if not already provided by the unsolicited Proposer, a Detailed

Proposal may be required from them as well. At that point, the County may commence a Detailed Stage evaluation in accordance with Section V of these Guidelines.

IV. COMPETITIVE PROPOSAL SUBMISSION. If the County determines it is interested in further considering any unsolicited proposal, it shall publish public a Notice of Receipt of same and invite competing bids during a competitive bidding period. Said period shall be not less than twenty-one days (21) and shall be of a duration the County shall specify in its sole and exclusive option, up to one-hundred twenty (120) days. The public Notice of Receipt shall minimally state the County has received an unsolicited proposal and will accept bids for the same type of project or concept. If more than one unsolicited proposal is received for the same or similar project or concept, only one public notice shall be required for the Proposed Project. At the County's sole and exclusive option, the public notice may provide more details to be required in responses thereto. The notice shall be posted on the County's website, published in the Florida Administrative Register and a newspaper of general circulation at least once a week for two weeks, and advertised in any other manner considered appropriate by the County to encourage competition and provide notice to Private Entities interested in submitting alternative and perhaps competing proposals. A copy of the notice will also be mailed to each local government reasonably identified as one that may be impacted by the Proposed Project. The no contact rule as set forth in Section 287.057(23), Florida Statutes, applies to each solicitation of competing proposal and all Respondents to the solicitation shall comply with Section 287.057(23), Florida Statutes.

Respondents submitting competitive proposals in response to the notice shall comply with any other requirements specified in the notice and pay an application fee of FIFTY THOUSAND AND NO/DOLLARS (\$50,000.00). The initial Proposer(s) shall also submit a proposal in response to the notice providing such further details about the unsolicited proposal as may be required by the notice. The initial Proposer shall receive a credit for its initial unsolicited proposal application fee. The County may require additional fees from the Proposer(s) or Respondent(s), due to extraordinary costs associated with the County's evaluation.

After the public notification and proposal submission period has expired, the County may determine:

- (1) Not to proceed further with any proposal/bids;
- (2) To proceed to the Detailed Stage with the initial unsolicited proposal(s) and all of the sufficient competitive proposals. Only proposals apparently complying with these Guidelines and containing information sufficient for meaningful evaluation shall be considered. The County shall directly notify a Respondent in the event its proposal does not meet this threshold and return THIRTY-FIVE THOUSAND AND NO/DOLLARS (\$35,000.00) of the application fee to the Respondent. Upon the receipt of the Detailed Proposals, the County shall rank the proposals received in order of preference. In ranking the proposals, the County may consider factors that include, but are not limited to, professional qualifications, general business terms, innovative design techniques or cost-reduction terms, finance plans, and any other factor determined by the County. Part of the ranking process, at the County's discretion, may require submission of a

Detailed Proposal for evaluation by the County from every Proposer and Respondent whose proposals the County may consider. The Detailed Proposals shall supplement the Initial Proposal. Detailed Proposals shall comply with the requirements of Section V of these Guidelines.

V. DETAILED STAGE EVALUATION AND INTERVIEWS WITH RESPONDENTS. Some Proposed Projects may require more details from Respondent or Proposers and more evaluation by the County. On those projects, the County may request a Detailed Stage Evaluation before awarding a contract. On projects for which County has enough information from proposers in the Initial Proposal, the County may waive, or modify the Detailed Stage evaluation.

Each Respondent and/or Proposer submitting a Detailed Proposal or modified Detailed Proposal shall waive any reimbursement of the application fee. The County may require additional fees from the Proposer or Respondent, if a supplemental payment is required due to extraordinary costs associated with the County's evaluation.

If the County requests a Detailed Stage evaluation, then the County may require the Proposer or Respondent to provide any or all of the following information as part of a Detailed Proposal depending upon the Proposed Project's requirements or the information received thus far by the County in Initial Proposals or Responses to Notice of Receipt or other information as requested by the County:

The analysis shall also include any feasibility studies that support assumptions about project usage, revenue and costs.

VII. INTERIM AND COMPREHENSIVE AGREEMENTS.

Α. General. Before entering into the negotiation of an Interim or Comprehensive Agreement, the County will designate specific County staff and consultants to review and negotiate appropriate terms. The terms to be negotiated shall include, but not be limited to, the scope, design, amenities, total cost, and duration of the Proposed Project. Terms will also include the County's review, approval, and control of project design and performance standards for construction, operations, and maintenance, for which compensation to the Contracting Person may be adjusted should the performance standards not be met. Terms will also include the County's right to inspect construction, operations and maintenance as well as the records relating to the cost of such operations; periodic financial reporting by the Contracting Person of project financial performance; events of default and the parties' rights and responsibilities in the event of same; fees, Lease Payments or service payments to be paid under the Agreement; and any other terms the County deems appropriate for the Proposed Project. Timelines for the negotiation with the Proposer or Respondent will be developed consistent with the scope and timing of the Proposed Project.

Any Interim or Comprehensive Agreement shall define the rights and obligations of the County and the Contracting Person with regard to the Proposed Project. Prior to entering into a Comprehensive Agreement, an Interim Agreement may be entered into that permits a Respondent/Proposer or other Private Entity to perform activities, which may be compensable, related to the Proposed Project, usually in the nature of continued due diligence activities to inform the ultimate decision maker about the project's feasibility. The Interim Agreement is a discretionary step, not necessary in all cases, but available should the County determine more investigation or due diligence is necessary about the Proposed Project before entering into a Comprehensive Agreement. The County shall not be bound to enter into a Comprehensive Agreement merely because it entered into an Interim Agreement. However, prior to developing or operating the Proposed Project, the Respondent/Proposer shall enter into a Comprehensive Agreement with the County.

Any changes in the terms of an Interim or Comprehensive Agreement, as may be agreed upon in writing by the parties from time to time, and in order to be enforceable shall be added to the Interim or Comprehensive Agreement only by written amendment. Verbal changes shall not be enforceable against the County. No act or omission or verbal representation or statement shall be treated as an expressed or implied waiver of this requirement and all waivers shall be in writing signed by the party who is alleged to have waived any of the terms and/or conditions of the Agreement. The requirements of this paragraph in particular, shall not be modified, amended or waived except in writing signed by both parties. A Comprehensive Agreement may provide for the development or operation of separate phases or segments of a Proposed Project. Parties submitting bids/proposals understand that representations, information and data supplied in support of, or in connection with, proposals play a critical role in the competitive evaluation process and the ultimate selection of a proposal by the County. Accordingly, as part of the Comprehensive Agreement, the Respondent/Proposer and its team members shall certify that all material representations, information and data provided in support of or in connection with a proposal are true and correct. Such certifications shall be made by the Respondent/Proposer's authorized representative who shall be an individual who has knowledge of the information provided in the proposal. If material changes occur with respect to any representations, information and data provided for the proposal, the Respondent/Proposer shall immediately notify the County of same in writing. Notwithstanding any language contained within the Interim or Comprehensive Agreement, any violation of this Section shall give the County the right to terminate the Agreement, withhold payment, if any is due, and seek any other remedy available under the law.

Before awarding a Comprehensive Agreement, the County shall hold a public hearing on the proposal to be awarded. The County may also make available to the public any proposed Comprehensive Agreement before approving same by posting the Agreement on the County's website or by any other manner considered appropriate by the County to provide notice to the public.

The County reserves the right at all times to reject any or all proposals at any time before signing a Comprehensive Agreement for any reason and may decline to pursue the Proposed Project. In the latter event, the County may accept new proposals for the Proposed Project should the County choose to restart the process at a later date. Discussions between the County and Private Entities about needed infrastructure, improvements, or services shall not limit the ability of the County to later decide to use standard procurement procedures to meet its infrastructure needs, whether the project will be a public/private partnership or not.

- B. <u>Interim Agreements</u>. The scope of an Interim Agreement may include, but not be limited to:
 - (1) Project planning and development;
 - (2) Design and engineering;
 - (3) Environmental analysis and mitigation;

- (4) Surveying;
- (5) Ascertaining the availability of financing for the Proposed Project;
- (6) Geotechnical investigation of subsurface conditions at the Proposed Project site;
- (7) Setting the timing of the negotiation of the Comprehensive Agreement; and
- (8) Any other provisions related to any aspect of the development or operation of a Proposed Project that the parties deem appropriate prior to executing a Comprehensive Agreement. The terms of compensation to the Respondent/Proposer, if any, under an Interim Agreement shall be negotiated and specifically referenced in the Interim Agreement.
- C. <u>Comprehensive Agreements</u>. The Board of County Commissioners must approve any Comprehensive Agreement entered into pursuant to the P3 Program between the County and a Contracting Person before the Agreement becomes enforceable. The County shall accept no liability for development or operation of a Proposed Project before entering into a Comprehensive Agreement. Each Comprehensive Agreement shall define the rights and obligations of the County and the Contracting Person regarding the Proposed Project. The terms of the Comprehensive Agreement shall be tailored to address the specific Proposed Project and may include, but not be limited to:
- (1) The delivery of security, including performance and payment bonds, letters of credit and other security in connection with, but not limited to, any acquisition, design, construction, improvement, renovation, expansion, maintenance, or operation of the Proposed Project;
 - (2) The County's review and approval of the design of the Proposed Project;
- (3) The rights of the County to inspect the construction, operation, and maintenance of the Proposed Project to ensure compliance with specified performance standards and adjustments in the compensation to be paid to the Contracting Person and/or liquidated damages due from the Contracting Person should they fail to meet specified performance standards and/or deadlines;
- (4) The maintenance of insurance policies reasonably sufficient to ensure coverage of all aspects of the Proposed Project, including design, construction, and operations;
- (5) The services to be provided by the County and the terms of compensation due the County for same;
- (6) The policy and procedures that will govern the rights and responsibilities of the parties if the Comprehensive Agreement is terminated or there is a material default by the Contracting Person, including the conditions governing assumption of the

duties and responsibilities of the Contracting Person by the County and the transfer or purchase of property or other interests of the Contracting Person by the County;

- (7) The terms under which the Contracting Person will file, with the County, financial statements pertaining to the Qualified Project;
- (8) A schedule of Fees or Lease Payments and circumstances for, and method of calculating, anticipated adjustments to same over the project life cycle;
- (9) The mechanism by which Fees, Lease Payments, or other payments, if any, may be established from time to time upon agreement of the parties.
- (11) Classifications according to reasonable categories for assessment of Fees;
- (12) The terms and conditions under which the County will contribute financial resources, if required for the Proposed Project;
- (13) The terms and conditions under which existing site conditions will be assessed and deficiencies therein addressed, including identification of the responsible party for conducting the assessment and taking necessary remedial action;
- (14) The terms and conditions under which capacity for the Proposed Project may be increased or enlarged;
- (15) A periodic reporting procedure incorporating a description of the impact of the Proposed Project, financially and socially, on the County; and
- (16) Other requirements of the P3 Program or applicable law or that the County deems appropriate.

With respect to the construction component of the Proposed Project, the County generally anticipates addressing the following in the Comprehensive Agreement:

- (a) The Contracting Person will be expected to assume singlepoint responsibility and liability for all planning, designing, financing, constructing, operating, and maintaining the Proposed Project.
- (b) The risk of inadequate geotechnical investigation or improper interpretation of the results of the geotechnical investigation, as well as all other unforeseen site conditions, will be allocated to the Contracting Person in the Comprehensive Agreement.
- (c) The County encourages the Contracting Person to propose a formula for the mutual sharing of cost savings realized during construction by virtue of value engineering initiatives and efficiencies. Mutually agreed upon terms for the sharing of such savings may be incorporated in the Comprehensive Agreement.
- (d) The County may require that one or more of the Private Entities and/or their principal members provide performance guaranties of all obligations undertaken in the Comprehensive Agreement. This requirement would be in addition to the statutory

requirement for a performance and payment bonds and any other performance security required by the Comprehensive Agreement. Private Entities interested in entering into a public-private partnership with the County under the P3 Program must be willing to provide this security if deemed necessary by the County.

- A. PURPOSE. At the General Election of November 8, 1994, voters approved amending Seminole County Home Rule Charter relating to the County Attorney thereby making the County Attorney the attorney to and for the County directly responsible to the Board of County Commissioners of Seminole County and not the County Manager, and provided that the employees of the County Attorney's Office are exempt from the County's civil service system and made, by Charter, "at will" employees serving at the pleasure of the County Attorney. The County Attorney's Office shall provide legal services for the benefit of the citizens of Seminole County which are ongoing in nature, funded by the Board of County Commissioners, and which require that certain administrative matters be implemented as a result of the amendment.
- **B. When the criminal defendant pays the judgment lien in full, Section 701.04(2), Florida Statutes, requires Seminole County to execute and record a satisfaction and release of the judgment lien. Therefore, the satisfaction and release upon full payment is essentially a ministerial act that is appropriate for the Board to delegate to the County Attorney.
- **B. DELEGATION OF AUTHORITY.** Upon payment in full of a judgment lien in favor of Seminole County in a criminal case, including the original judgment lien amount and all accrued interest, the County Attorney is authorized to execute and have recorded the satisfaction and release of lien as required by law.

- A. PURPOSE. When the person fails to appear in court as required by the Animal Control Ordinance, Section 828.27, Florida Statutes, authorizes the governing body of the County to petition the County Court to explain why action on the citation has not been taken. This is an administrative act that is appropriate for the Board to delegate to the County Attorney.
- **B. DELEGATION OF AUTHORITY.** Upon receipt of an Affidavit from the Animal Services Administrator, including a copy of the citation(s) and any other evidence to prove the person has not complied with Section 20.137(a)(3) of the Seminole County Code, the County Attorney is authorized to file an Order to Show Cause with the County Court, as required by law.

SECTION 20. FEE RESOLUTIONS

20.1 ACCEPTANCE OF CREDIT CARDS, CHARGE CARDS, DEBIT CARDS OR ELECTRONIC FUNDS TRANSFERS

- **A. PURPOSE.** To allow the County to accept payment by credit cards, charge cards, debit cards, and electronic funds transfers to Seminole County Government to the maximum extent practicable where the benefits to the County and the public justify the cost of accepting these types of payments.
- **B. FEES.** County staff is granted the authority and discretion to impose a Convenience Fee on payments made by credit cards, debit cards, or third party electronic fund transfer service providers as allowed by Section 215.322, Florida Statutes (2019), as this statute may be amended from time to time.

As recommended by the County Manager and approved by the Board of County Commissioners, such fees may be imposed at a fixed rate of TWO AND 50/100 DOLLARS (\$2.50) for transactions up to FIFTEEN HUNDRED AND NO/100 DOLLARS (\$1,500.00). Transactions exceeding FIFTEEN HUNDRED AND NO/100 DOLLARS may be assessed a percentage rate of 2.80%. As such, transactions over FIFTEEEN HUNDRED AND NO/100 DOLLARS will be subject to a combination of both the fixed rate and percentage rate. These Convenience Fees are intended to ensure that interchange and other associated fees levied by merchant service providers and debit and credit card companies could be recovered in part or in full from those who are using the service. It is intended the amount of these Convenience Fees not exceed the amount of these third-party transaction fees. In furtherance of the statutory requirements that Convenience Fees not exceed the actual costs incurred, staff, in cooperation with the Clerk of the Circuit Court and Comptroller's Office, shall at least annually review and verify the transaction records, as well as the adequacy of the Convenience Fees, and report those findings to the County Manager. All recommended changes to Convenience Fees must be submitted to the County Manager and the Seminole County Clerk of Circuit Court and Comptroller for formal approval, by both, prior to implementation.

- If a County Department determines that the benefits of absorbing the Merchant transaction fees are a cost of doing business and are consistent with industry standards, such analysis should be presented to the County Manager and the Clerk of the Circuit Court and Comptroller's Office to evaluate the costs of accepting these types of payments. Such consent to absorb the fees requires the approval of the County Manager and must be documented in the County Manager's Policies. The County shall not absorb any such fees for any County service, the infrastructure for which is bond financed, including, but not limited to water and sewer service, unless the County verifies that such fee absorption would be in compliance with all County covenants and commitments for such bond financing.
- C. DONATIONS TO SEMINOLE COUNTY GOVERNMENT. Customers may donate money to Seminole County Government by credit or debit card. Departments accepting donations by credit or debit card will follow all procedures within the

established County Manager Policies. Donations by credit or debit card are final and will not be refunded.

SECTION 20. FEE RESOLUTIONS

20.45 WATER AND WASTEWATER CAPACITY FEES AND USER CHARGES

- A. PURPOSE. To set rates, fees, and other charges for services furnished by the Seminole County Water and Wastewater System ("Systems") that are just and equitable to all classes of consumers served and properties benefited by the Systems, and to reasonably recover the costs of serving the various classes of consumers and properties benefited by the Systems, and to comply with the provisions of the County's Bond Resolutions relating to the Systems' bonded indebtedness including, without limitation, the rate covenant and additional bonds tests set forth in these Resolutions.
- **B. DEFINITIONS.** In addition to the definitions set forth below, the definitions as set forth in Section 270.182, Seminole County Code, apply to this Section 20.45.

Accessory Dwelling Unit: A dwelling unit, subordinate in size to the principal dwelling unit, which is attached to a principal unit, or located on the same lot, and having an independent means of entry. Except as provided in Section 5.19(b), an accessory dwelling unit must not exceed thirty-five percent (35%) of the gross floor area of the principal dwelling unit, or one thousand (1,000) square feet, whichever is less.

- C. CAPACITY FEES AND GENERAL CONDITIONS. Capacity fees, formerly known as connection fees, for water and wastewater service are hereby established and based upon the Water and Wastewater Capacity Fee Review prepared by GovRates, Inc. and dated June 22, 2021, which is incorporated by this reference and provides the estimated amount of water usage and wastewater flow generated by a building or a development on an average daily basis as set forth in Exhibit A, attached to and incorporated by reference in this Section 20.45 ("Exhibit A"). Capacity fees for water and wastewater service must not be waived for any reason or condition, except that no capacity fees will be assessed for the construction, alteration, or expansion of a private or public school.
- D. WATER SERVICE CAPACITY FEES. The water capacity fee is a one time charge for water predicated on the costs of pumping, treatment, transmission, plant capacity, and associated capital costs. Water service capacity fees are outlined in Exhibit A. The minimum amount of purchase is one (1) equivalent residential connection (ERC) at the rate set forth in Exhibit A attached to and incorporated by reference in this Section 20.45. This is equivalent to the capacity requirements of a single family residence. If water service is to be provided from an entity other than the County, the County may require a fee in addition to the water service capacity fees to recoup the actual cost of the service provided by the other entity. The water capacity fee will be formally reviewed at least once every three (3) years until building of the water system. The water capacity fee may be formally reviewed at any time if the County's capital plans and anticipated funding change significantly.
- **E. WASTEWATER SERVICE CAPACITY FEES.** The wastewater service capacity fee is a one time charge for wastewater predicated on the costs of collection, treatment, effluent disposal, plant capacity, and associated capital costs. Wastewater capacity fees are outlined in Exhibit A. The minimum amount of purchase is one (1) ERC at the rate set

forth in Exhibit A. This is equivalent to the capacity requirements of a single family residence. If wastewater service is to be provided from an entity other than the County, the County may require a fee in addition to the wastewater service capacity fees to recoup the actual cost of the service provided by the other entity. The wastewater capacity fee will be formally reviewed at least once every four (4) years until buildout of the wastewater system. The wastewater capacity fee may be formally reviewed at any time if the County's capital plans and anticipated funding change significantly.

- F. PAYMENT OF CAPACITY FEES. An Applicant shall apply to the Department to purchase water service, wastewater service, or both. Based upon the amount of water service demand, wastewater service demand, or both, estimated by the Applicant and agreed to by the Department, the Department shall allocate water service capacity, wastewater service capacity, or both, and reserve this capacity for the Applicant pursuant to a utility service agreement. Fees as set forth in Exhibit A will be due and payable before the Building Division may authorize a pre-power electrical inspection or approval final electrical power (whichever comes first). Additional capacity fees may be assessed in accordance with the terms and conditions of the Seminole County Water System, Wastewater System, and Reclaimed Water System Rate Ordinance. The Department may authorize a single residential, single family capacity fee to be paid over time on a form and pursuant to terms approved by the Director.
- REVIEW AND INDEXING REQUIREMENTS. This Section and the Water and Wastewater Capacity Fee Review study will be reviewed by the Board initially in connection with its approval of the capital improvements element of its comprehensive plan as required by Section 163.3177, Florida Statutes. Thereafter, this Section and the capacity fee study will be reviewed every four (4) years unless otherwise directed by the Board. The initial and each subsequent review will consider new estimates of population per household, costs related to the acquisition of collection items necessitated by growth, the amount of any municipal contribution credits to be given and adjustments to the assumptions, conclusions of findings set forth in the study adopted by this Section. The purpose of this review is to ensure that the water and wastewater system capacity fees do not exceed the reasonably anticipated costs associated with the improvements necessary to offset the demand generated by the water and wastewater system capacity construction on the County water and wastewater system. In the event the review of this Section required by this Section alters or changes the assumptions, conclusions and findings of the study adopted by reference in this Section, revises or changes the county water and wastewater system or alters or changes the amount of capacity fees, the study adopted by reference in this Section will be amended and updated to reflect the assumptions, conclusions and findings of such reviews and this Section will be amended to adopt by reference such updated studies. If, upon the conclusion of the review of this Section required by this Section, the Board determines in its legislative discretion that a rebate of capacity fees previously collected is appropriate because of an alteration or change in the amount of capacity fees previously collected, the Resolution amending this Section will establish the procedures and determinations for any such rebate.
- H. INDUSTRIAL WASTEWATER DISCHARGE PERMIT FEES. Some industrial users may be required to obtain a permit pursuant to Seminole County Code, Chapter 270, Part 8, Seminole County Wastewater System User Rules ("Industrial Pretreatment").

Such users shall apply for a permit and pay a permit fee according to the schedule set forth in Exhibit B.

I. WATER SERVICE INSTALLATION CHARGES.

- (1) Potable and Non-Potable Service Connections for Residential, Single Family Service.
- (a) There is a charge collected in advance from each Applicant requiring potable or non-potable service connections from the County. The charges are for each installation of a service connection (Tap-In) and meter, including backflow preventer, fittings and meter box (Meter Installation) for connection to the County's potable or reclaimed water systems. The charges are in addition to the Water Capacity Fee and the monthly charges for service.
- (b) If the Tap-In has already been installed by an entity other than the County, and subsequently dedicated to and accepted by the County, the Applicant will be charged the Meter Installation Charge.
- (c) If the Applicant performs the Meter Installation for a connection up to and including one inch (1"), the Applicant may purchase the materials from the County at the rates set forth in Exhibit B. For installations greater than one inch (1"), the Applicant will be billed for the actual cost of the Tap-In and materials, as determined by the County.
- (d) For County installed connections requiring a Meter Installation of one inch (1") or less, the charges for installation or connection to the County's potable or non-potable water systems may be increased when any size connection or Meter Installation requires larger than typical service lines, or service connections require the crossing of streets, roads, easements, or highways, or it has been determined by the Department that the cost of installation is extraordinary or not typical in nature. The Applicant shall pay the estimated costs required to perform the installation as determined by the Department. A County installed connection is defined as those requests for connection from an Applicant for the purpose of providing water service to one single residence. The Applicant shall pay or be refunded an amount equal to the difference between the actual cost of the installation and the estimated costs.
- (e) For connections requiring an installation of a meter size greater than one inch (1"), the charges for installation or connection to the County Water System are based on the estimated costs of materials, labor, and overhead, as determined by the Department. The Applicant requesting the installation and connection shall pay an estimated charge for the connection of service as required by the Applicant and will be charged or refunded an amount equal to the difference between the actual cost of the installation and the estimated charge. An Applicant may elect to purchase the meter elsewhere if the required meter size exceeds two inches (2"), but such meter must be approved by the Department prior to installation. The Applicant is responsible for separately purchasing an approved backflow prevention device for pipe diameters larger than one inch (1").

- (f) An Applicant for irrigation meter(s) is responsible for the purchase and installation of backflow prevention devices as approved by the Department.
- (2) Potable and Non-Potable Connections for Residential Multi-Family, Commercial and Industrial Services.
- (a) Each Applicant is responsible for the design, permitting, construction, and inspection of the service connection, including, but not limited to, the water main tap, service line, valves, corporation stop, meter, meter box, curb stop, and backflow prevention assembly by a plumber or certified underground utilities contractor and any construction requiring street, road, or highway crossing. Connections to the County's potable or reclaimed Water Systems or any construction within County easements, property, or rights-of-way must be performed by properly licensed and qualified individuals or contractors as determined by the County.
- (b) A site plan, including details, must be submitted to the Planning and Development Division of the Economic and Community Development Services Department for approval prior to application for service. The site plan must include a site location map and show the location of the proposed connection point, the property line, tap size, service line size, meter size, backflow prevention assembly size and type, meter set location, and any other information requested by the Department to facilitate review and approval. The details and materials of construction must conform to applicable Seminole County Water and Wastewater standards.
- (c) Irrigation meters, including reclaimed water irrigation meters, must be installed by the Applicant at the Applicant's expense using the criteria set forth in the Seminole County Land Development Code by a plumber or certified underground utilities inspector.
- **J. METER TESTING.** Meter testing will be performed at the Applicant's request in accordance with the following guidelines:
- (1) Meter Test Request. When an Applicant requests a field test of the water meter requiring a field visit to the Applicant's service location, the County will apply a charge to defray the cost of testing in accordance with Exhibit B.
- (2) The charge will be retained by the County if the test shows that the meter registers within the acceptable accuracy limits as established by the Department. If the meter is determined by the County to register above the acceptable accuracy limits, the meter test field service charge will be refunded, an adjustment made to the bill for the proper amount of water consumption, and the meter replaced by the County at no charge to the Applicant.
- (3) For a test of meters not performed as a field service visit, the County will charge for the test based upon actual costs incurred as determined by the Department.

K. ACCOUNT DEPOSITS FOR WATER SERVICE, RECLAIMED WATER SERVICE, AND WASTEWATER SERVICE.

- (1) An Applicant shall complete an application on a form approved by the Department and pay an initial deposit as set forth in Exhibit B prior to the initiation of water service, reclaimed water service, or wastewater service for each equivalent residential connection to be serviced. Realtors and property managers may elect to pay a blanket deposit as set forth in Exhibit B. Blanket deposits are released upon the request of the Applicant, once all accounts are final and paid in full.
- (2) Applicants with good payment history accounts for the previous twelve (12) month period will be entitled to a refund of deposits. For purposes of this Section, a "good payment history" is defined as an account with the following:
 - (a) no disconnections for non-payment; and
 - (b) no dishonored payments charged to the account; and
 - (c) no delinquent payment notices.
- (3) Applicants using fire hydrants as a water supply shall complete an application on a form approved by the Department and pay a deposit for the use of the temporary hydrant meter prior to initiation of services as outlined in Exhibit B.

- (2) When service is discontinued by the Department because of non-payment of amounts due, the County will charge an account reconnection fee to reconnect the discontinued service as set forth in Exhibit B. The Applicant must pay the charges for the reestablishment of service prior to reestablishment of service.
- (3) At the request of the Applicant, a turn-on or turn-off service charge applicable to active accounts will be charged prior to the initiation or discontinuation of service on a temporary basis. The fees for these services will be in accordance with Exhibit B.

M. WATER SERVICE CHARGES.

(1) Applicants shall pay a monthly basic water service charge and volumetric service charge based on metered water consumption, if any, for such service as set forth

in Exhibit B. In the event of no consumption, the basic water service charge will be charged. The basic service charge may be prorated for the initial month and final month when the initial and final period are less than a month. The Department may authorize delinquent service charges to be paid over time on a form and pursuant to terms approved by the Director.

- (2) Applicants using fire hydrants shall meter the consumption pursuant to County requirements and pay monthly basic service and volume charges as set forth in Exhibit B. County will provide a meter and backflow preventer assembly device upon application for hydrant service and payment of the temporary hydrant meter deposit. Accordingly, multi-family units, apartments, condominiums, motels, hotels, and any and all other dwelling units, and commercial users will be charged a surcharge by the County pursuant to Exhibit B for consumption over ten thousand (10,000) gallons per month or any fraction thereof.

N. WASTEWATER SERVICE CHARGES.

(1) Applicants shall pay a monthly wastewater basic service charge and volumetric service charge based upon metered water consumption, if any, for such services as set forth in Exhibit B. In the event of no consumption, the basic wastewater service charge will be charged. Volumetric service charges will not be assessed for residential, single family units for metered water consumption in excess of fifteen thousand (15,000) gallons per month. The basic service charge may be prorated for the initial month and final month when the initial and final period are less than a month. The Department may authorize delinquent service charges to be paid over time on a form and pursuant to terms approved by the Director.

- (2) Applicants who reserve wastewater service capacity will pay a monthly basic service charge per ERC for maintenance of infrastructure within the development for which capacity is reserved. Such charges will be assessed for each remaining unit or ERC that has not been issued a building permit within twenty-four (24) months from the date that infrastructure is accepted by the Department.

SEMINOLE COUNTY WATER AND WASTEWATER SERVICE CAPACITY GUIDELINES AND CAPACITY FEE SCHEDULE

Table A.1. Capacity Guidelines/Level of Service

Line No.	Service	Equivalent Residential Connections/ERC [1] (Gallons per Day – gpd)
1	Water	250
2	Wastewater	215

^[1] Equivalent Residential Connection (ERC) means a system capacity equivalency unit that corresponds to a single family residential connection.

Table A.2. Capacity Fee Schedule

Line No.	Description	Application	Water	Wastewater	Combined
	Residential:				
1	Single-Family	Per Dwelling Unit	\$2,574	\$3,175	\$5,749
2	Dwelling Unity Other than Single-Family [1]	Per Square Foot of Living Space [1]	\$1.22	\$1.50	\$2.72
3		Minimum Capacity Fee Per Dwelling Unit	\$1,802	\$2,223	\$4,025
4		Maximum Capacity Fee Per Dwelling Unit	\$2,574	\$3,175	\$5,749
	Nonresidential [2]				
5	All Nonresidential	Per Equivalent Residential Connection [2]	\$2,574	\$3,175	\$5,749

^[1] Includes multi-family, mobile home, and separately-metered accessory dwelling units. For dwelling units other than single-family dwelling units, the cost per square foot of living area is based on the single-family capacity fee divided by the average living area of single-family dwelling units in Seminole County.

[2] The following table shows meter equivalent factors implied by the size of the meter serving the premises based on information published by the American Water Works Association (AWWA) regarding meter capacities:

Meter Size (Inches)	Meter Equivalent Factor
0.75	1.00
1.0	1.67
1.5	3.33
2.0	5.33
3.0	10.00
4.0	16.67
6.0	33.33
8.0	53.33
10.0	76.67
12.0	143.33

Each nonresidential customer's estimated average daily flow requirements for a service will be divided by the County's applicable level of service standard to derive the number of equivalent residential connections (ERC's). If the calculated ERC's are higher than the meter equivalents based on the meter size serving the premises, the calculated ERC's will be applied to the capacity fee for a 0.75" (3/4-inch) meter to determine the capacity fee to be paid for the service. The Director of the County's Environmental Services Department or his or her designee has the authority to determine the appropriate number of ERC's based on this methodology.

Alternative Fee Calculations.

The water or wastewater capacity fee may be determined by an alternative fee calculation if:

- (1) Any person commencing a development which increases demand on the water or wastewater facilities chooses to have the capacity fee for those public facilities determined by the alternative fee calculation and pays to the County in full the capacity fee calculated pursuant to the applicable capacity fee rate schedule and a non-refundable alternative fee calculation review fee of TWO HUNDRED FIFTY AND NO/100 DOLLARS (\$250.00); and
- (2) The applicant believes that the nature, timing or location of the proposed development makes it likely to generate impacts costing less than the amount of the capacity fee generated by application of the capacity fee rate schedule; and
- (3) No later than thirty (30) days prior to the development's connection to the County's system, the applicant commences the alternative fee calculation process by notifying in writing to the County Environmental Services Director or his/her designee (the "Director") of the applicant's intent to perform an alternative capacity fee calculation; and
- (4) The applicant submits to the Director a completed alternative fee calculation study as described in this Section within one hundred twenty (120) days of the issuance of the building permit for the development.

Any right to submit an alternative water and wastewater capacity fee calculation shall be deemed to have been waived and to be expired, and such calculation shall not be considered by the County if, no later than thirty (30) days prior to the development's connection to the County's system, the owner does not notify the Director in writing of the intention to submit an alternative water and wastewater capacity fee calculation. Any owner who, under such circumstances, properly notifies the Director of the intention to submit an alternative capacity fee calculation but fails to submit the completed fee calculation within one hundred twenty (120) days of the development's connection to the County's system shall be deemed to have waived the right to submit an alternative water and wastewater capacity fee calculation, and such right shall be considered expired.

The alternative fee calculation shall be submitted by the applicant for the proposed development and shall be prepared and certified as accurate by persons accepted by the County as qualified professionals in the utility industry, and shall be submitted to the Director.

Within thirty (30) County working days of receipt of an alternative fee calculation, the Director shall determine if it is complete. If the Director determines the alternative fee calculation is not complete, the Director shall send a written statement to the applicant specifying the deficiencies. The Director will not be required to take any further action on the alternative fee calculation until all specified deficiencies have been corrected.

After the Director determines that the alternative fee calculation is complete, the Director shall notify the applicant of its completion within ten (10) days, and the Director shall, within thirty (30) County working days, complete a review of the information, data, assumptions, methodologies, analysis, and conclusions asserted in the alternative fee calculation. IF this review is not completed within these timeframes, and if requested by the applicant, the item will be submitted to the County Manager for review.

If the Director determines that in the alternative fee calculation the County's cost to accommodate the proposed development is significantly different than the adopted capacity fee, the County shall issue a credit to the applicant for the difference between the capacity fee calculated pursuant to the applicable capacity fee rate schedule and the alternative fee calculation. The County shall review the actual consumption of the establishment for twenty-four (24) months after initiation of service. If the 24-month usage history indicates that the demand on the water and wastewater facilities is consistent with or lower than what was represented in the alternative fee calculation, the County shall refund to the applicant the amount of the credit.

In the event the applicant disagrees with a decision of the Director that effectively results in a denial of the alternative fee calculation, the applicant may file a written appeal petition with the County Manager not later than thirty (30) days after receipt of notice of such a decision by the Director. In reviewing the decision, the County Manager shall use the standards established herein. The appeal petition must advise the County Manager of all issues and shall explain the precise basis the applicant asserts that the decision(s) of the Director is/are alleged to be incorrect.

In the even the applicant disagrees with the decision of the County Manager, based on appeal of a decision by the Director, that effectively results in a denial of the alternative

fee calculation, the applicant may file a written appeal petition with the Board of County Commissioners (the "Board") not later than thirty (30) days after receipt of notice of such a decision by the County Manager. In reviewing the decision, the Board shall use the standards established herein. The appeal petition must advise the Board of all issues and shall explain the precise basis the applicant asserts that the decision(s) of the Director and County Manager is/are alleged to be incorrect. The final decision of the Board will be issued within thirty (30) days after the presentation of the appeal by the applicant. The Board's decision will be considered as being final with respect to the alternative fee calculation process.

SECTION 22. BUDGET AND FISCAL MANAGEMENT

22.5 FINANCIAL POLICIES.

- **A. PURPOSE.** The Financial Policies were established to facilitate management actions on financial decisions, as well as to assist readers in understanding County finances. These policy statements apply to County funds in general. Federal, State and local laws, regulations and standards and specific financial policies may supersede these statements. The benefits derived from consolidated financial policies include:
- (1) The availability of a concise reference guide for consideration in decisions associated with County financial matters.
- (2) Re-direction of the financial focus to the over-all financial condition of the County rather than to a narrow focus on single issues.
- (3) Communication of a commitment to sound financial management and fiscal integrity, and strengthening credibility and confidence aspects for citizens, investors and rating agencies.
- (4) Demonstration of compliance with applicable Florida statutory requirements.

The Financial Policies are grouped into the following categories:

- Budget
- Revenue
- Expenditure
- Reserves
- Debt
- Capital Improvement
- Capitalization
- Intradepartmental Transfers
- Fund Balances

B. BUDGET.

- (1) Balanced Budget. The County's annual budget shall be balanced; that is, total estimated receipts, including balances brought forward, shall equal total appropriations and reserves (Florida Statutes 129.01(2)(b)).
- (2) Budget Adoption. The Board of County Commissioners shall adopt the County's annual budget at a fund level.
- (3) Estimates of Receipts. Estimated receipts shall include 95% of all receipts reasonably anticipated from all sources, including taxes to be levied, and 100% of balance to be brought forward at the beginning of the fiscal year (Florida Statutes, 129.01(2)(b) and 200.065(2)(a)).

- Contingencies. A reserve for contingencies will be budgeted in operating and capital funds, amounts not to exceed 10% of the total budget, for reallocation by the Board of County Commissioners as needed to fund unforeseen needs during the budget year (Florida Statutes, 129.01(2(c)(1)).
- Reserve for Cash Carry Forward. A reserve for cash forward will be budgeted in any fund which requires monies to be carried forward into the budget year to support operations until sufficient current revenues are received. This reserve will not exceed 20% of the budget (Florida Statutes, 129.01(2)(c)(2)).
- New Positions. Submission of partial year funding requests for new permanent full time positions is prohibited unless specifically authorized by the Board of County Commissioners as a special or emergency need.

(7) Emergency Budget.

- In order to be fiscally prepared for all emergencies (either economic, natural disaster, or act of war), a budgetary procedure shall be in place to deal with emergency situations.
- Upon adoption of the annual budget, all Directors, in cooperation with the Resource Management Department, shall develop a plan to decrease overall expenditures for that fiscal year by 5% not later than December 1.
- The Resource Management Department Director shall review items (c) to be decreased for overall operational impact and legal authority.
- A summary report identifying emergency budget decreases shall be (d) prepared by the Resource Management Department outlining items and financial savings and submitted to the County Manager by January 1.
 - (e) The County Manager shall monitor economic trends.
- The County Manager shall monitor the emergency situation and provide the Board of County Commissioners (BCC) daily, weekly, or monthly updates, depending on the type of emergency, in order to provide the BCC with timely financial information.
- (g) The County Manager shall report emergency situations to the BCC as soon as possible and all Department Directors notified as soon thereafter as possible.
- If an emergency budget is needed, based on the type or level of emergency, the County Manager shall notify the BCC of the impending emergency and request authorization to implement an emergency budget.
- The BCC shall authorize a change from emergency budget status (i) to adopted budget status.

C. REVENUE.

- (1) General Revenue.
- (a) Generally, the County reviews estimated revenue and fee schedules as part of the budget process. Estimated revenue is conservatively projected (at 95% of estimate) for five (5) years and is updated annually. Proposed rate increases are based upon the following:
 - (i) Fee policies applicable to each fund or activity;
 - (ii) The related cost of the service provided;
 - (iii) The impact of inflation in the provision of services;
 - (iv) Equity of comparable fees.
- (b) The revenue policy of Seminole County includes these informal policies, along with requirements for maintaining a diversified and stable revenue system to shelter the County from short-run fluctuations in any one revenue source.
- (2) Revenue Summaries. As part of the annual budget process, a consolidated summary of revenue sources will be prepared and incorporated into the County's budget documents.
- (3) Ad Valorem Taxes. The use of ad valorem tax revenues will be generally limited to the following funds:
 - (a) General
 - (b) Transportation Trust
 - (c) Fire
 - (d) Environmentally Sensitive Lands
 - (e) Debt Service
 - (f) Trails Construction Debt Service
 - (g) Stormwater Management
- (4) Gas Taxes. The use of gas tax revenues will be generally limited to the following funds:
 - (a) Transportation Trust
 - (b) Mass Transit
 - (c) Local Option Gas Tax Refunding Bond Series 1993 Debt Service
 - (d) Road Bonds Series 1992 A Debt Service
 - (e) Road Bonds Series 1992 B Debt Service

- (5) Sales Taxes. The use of state shared sales tax revenues will be generally limited to the following uses:
 - (a) General
 - (b) Capital Improvements
 - (c) Debt Service
 - (d) Infrastructure Improvement
 - (6) Impact Fees.
- (a) Seminole County shall require development activity to pay fair share fees for new capital equipment and facilities or expansion of existing equipment and facilities. Fees shall not exceed a pro rata share of the reasonably anticipated costs of such improvements.
- (b) Impact fees have been implemented for roads, libraries, fire/rescue, and water & sewer.
- (7) Utility/Telecommunications Taxes. Utility and telecommunications taxes are levied on purchases of utilities and telecommunications services. It provides additional revenue necessary to maintain adopted levels of service for unincorporated transportation facilities, Fire/Rescue, Stormwater, and Seminole Government Television.
- (8) Tourist Development Tax. Use of tourist development tax revenues will be generally limited to the Tourism Development Fund and Tourist Development Tax Debt Service Fund.
- (9) Grants. Only such grants as can reasonably be expected to be received will be considered as revenue sources for budget development purposes. The County shall amend its budget to reflect additional grants received during the budget year.
- (10) Restricted Revenues Bonds. Revenues which have been pledged to bondholders will be restricted and shall conform in every respect to bond covenants.
- (11) Countywide Revenues. Revenues collected on a countywide basis will be allocated only to funds which provide Countywide services.
- (12) User Fees. User fees, where appropriate, should be established to offset the cost of providing specific services, and will be reviewed annually.
 - (13) Private Contributions.
- (a) The County provides many services to its residents that enhance the "quality of life" in our County.
- (b) To the extent possible, efforts should be made to secure private contributions, whether in the form of volunteer services, equipment, or cash contributions. This is particularly important in helping defray the taxpayer burden of

providing programs and activities that may be considered primarily "quality of life" in nature, such as various community services, cultural and recreational activities.

D. EXPENDITURES

- (1) Community Service Agencies.
- (a) As part of its annual budget process, the County sets aside an amount of funding to be granted to various community agencies that provide valuable services to the County's residents.
- (b) Because of increasing demands on the County's limited resources, the Board of County Commissioners determines a total maximum to be allocated. In the event that a grant recipient requests additional County funding, such a request will be considered independent of the allocation process.
 - (2) Grant Supported County Programs.
- (a) Seminole County supports a variety of programs that depend on additional grants for partial funding. If reductions occur in such grant funding amounts, program service levels will be streamlined or reduced. Additional County support will not be provided to compensate for the reduction in outside funding.
- (b) Full recovery of annual and sick leave for employees working under a grant shall be undertaken.
 - (3) Performance Measures.
- (a) The County will develop "performance measures" for each of its departments in order to assure that maximum productivity is being achieved.
- (b) Where performance measures demonstrate that activities could more cost-effectively be provided by outsiders, contracting out of such activities will be considered.
- (c) Performance measures will also provide management with criteria to use in evaluating departmental requests for increased funding levels.
- (4) Categorization of Services. The County will segregate its budget into two distinct categories in order to set priorities for allocating available money. Categories are as follows:
- (a) Basic Services. Services that are best performed at the County level and are associated with protecting the health and safety of citizens. Legally mandated services or commitments are also included in this category. Budgetarily, funding represents maintaining current service levels.
- (b) Service Enhancements. An improvement and/or enhancement to the programmatic service level.

- **E. RESERVES.** A formally adopted reserve policy is an important factor in maintaining the fiscal health of Seminole County. There are three primary types of reserves:
 - Fund Balances/Operating Reserves
 - Capital Reserves
 - Debt Reserves

The degree of need for these reserves differs based on type of fund or operation involved. However, one policy statement for each type of reserve can be uniformly applied to most funds (excluding enterprise funds, which are subject to various regulatory requirements). Board approval is required to move funds from reserve accounts into expenditure line items.

- (1) Fund Balances/Operating Reserves. It is the County's policy to establish and maintain target balance ranges for individual operating funds of the County to mitigate current or future financial risks, ensure stable tax rates and to facilitate responses to emergency situations. The County's Fund Balance Policy is detailed separately in Section 22.5 J. hereof.
- (2) Capital Reserves. Capital reserves are established primarily to set aside funds to provide for additional future projects, renewal and replacement of fixed assets or additions to existing budgeted projects, which may be deemed appropriate for funding after the annual budget is adopted. Certain capital reserve account balances are established by bond indenture in connection with bond financed enterprise operations and capital financing.
 - (3) Debt Reserves.
- (a) Debt reserves are established to protect bondholders from payment defaults. Adequate debt reserves are essential in maintaining good bond ratings and the marketability of bonds.
- (b) The amount of debt reserves and investment requirements are established by bond indenture in association with each bond issuance.
- **F. DEBT.** It is the County's policy to use competitive bidding; however, under the conditions described in Subsection (2)(c) hereof, the County may utilize a negotiated sale process for debt issued by the County. The complexity of the debt issuance process varies depending on the type of financing requiring the County to employ qualified consultants (bond counsel, financial advisors, independent accountants, etc.) to assist the County in obtaining the most cost effective financing. County staff and consultants should adhere to the following guidelines in structuring each debt issuance.
- (1) Method of Financing. The County will use a "pay as you go" policy unless internal funding is not sufficient to meet capital needs or future citizens will realize a significant portion of the benefit of a project.
 - (2) Financing Parameters (Guidelines).

- (a) Projects will not be financed for greater than the useful life of the improvement.
- (b) Whenever economically feasible, the County will use revenue, special assessment or other self-supporting bonds instead of general obligation bonds.
- (c) The County may pursue a negotiated sale if one or more of the following conditions exists:
- (i) Unstable market conditions that require flexibility in pricing or precise timing which would not be expected through a competitive sale.
- (ii) Concerns regarding credit quality and availability of credit enhancements.
- (iii) Security for repayment is new, unproven, or may be perceived as unreliable by the market.
- (iv) Innovative or unusual structuring techniques are advantageous.
- (v) Changes or anticipated changes in laws or regulations would make prompt sale of bonds desirable.
- (d) Credit enhancement will be utilized when necessary to lower total borrowing costs.
- (e) The County will competitively bid investment of escrow funds for advance refundings if it is expected that bids will result in lower costs and the required securities are available in the market.
- (3) Debt Issuance Plans. The County will include debt issuance plans in its long-term capital plan.

G. CAPITAL IMPROVEMENT.

- (1) Five-Year Program.
- (a) The County will develop a five-year Capital Improvements Program as part of each year's annual budget process, and will make all capital improvements in accordance with the adopted annual County budget.
- (b) The County will identify the estimated costs and potential funding sources for each capital project before it is submitted to the Board of County Commissioners as a component of the five-year program.
- (2) Operating Costs. Costs of operating and maintaining all proposed projects will be identified and incorporated in five-year financial projections.
- (3) Capital Financing. The County Manager will determine and recommend to the Board of County Commissioners the least costly financing method for all capital projects.

(4) Renewal and Replacement.

- (a) The County shall develop and implement a program for identifying, scheduling and budgeting renewal and replacement of capital facilities.
- (b) These policy statements apply to County funds in general. Federal, State and local laws, regulations and standards and specific financial policies may supersede these statements.
- **H. CAPITALIZATION**. The reporting model (Government Account Standards Board Statement No. 34 (GASB 34)) is for both capitalization and depreciation of the government's general assets such as buildings, equipment, roads, bridges and traffic systems, etc.

(1) Depreciation Reporting

- (a) Record depreciation of capital assets valuing \$5,000.00 or more. This will exclude recorded depreciation of assets less than \$5,000.00 of value. Items currently not depreciated at all would still be budgeted and accounted for as capital items. All capital equipment will continue to be inventoried even if an item's purchase cost was less than \$5,000.00.
- (b) Use the "Modified Approach" for certain infrastructure reporting subject to staff evaluation. This approach eliminates the need to record depreciation expenses for certain types of infrastructure such as roads. County must demonstrate that the infrastructures asset has been maintained at or above a condition level established by government. County must disclose estimates of the amount needed to maintain or preserve the asset at the level established as well as the actual expense. Users of the financial statements should assess the government's long-term commitment to maintaining infrastructure assets.
- I. BUDGET EXECUTION AND AMENDMENT. The County budget process is complex, yet must be flexible enough to meet the changing needs of department operations to facilitate uninterrupted service delivery throughout the fiscal year. The purpose of this policy is to formalize the County's level of budgetary control, and to provide for the administrative realignment of funds to best accommodate unanticipated needs without negatively impacting service to the public. This policy provides budgetary guidelines, covering amendments to meet ongoing operational needs within the framework of applicable Florida Statutes and local requirements.

(1) Definitions.

- (b) Business Unit A budgetary and financial system cost center internally established to monitor and track costs related to a specific program or service.

- (c) Family of Projects A group of child projects belonging to the same parent, where the child projects represent the established work program approved by the Board.
- (d) Fund Fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The fund is maintained on both a budgetary and accounting basis. The fund level is used for Financial Statement Reporting purposes.
- (e) Interfund Transfer A transfer of financial resources from one fund to another fund as a form of subsidy, without a requirement for repayment. A non-exchange transaction that does not constitute revenue of the receiving fund or an expenditure of the paying fund.
- (f) Internal Charges An Object Classification established to provide for transfers required to facilitate proper accounting of direct and indirect internal service charges and fees across the agency.
- (g) Intrafund Transfer A transfer of financial resources between subfunds which are aggregated into a single reporting unit (fund) for financial reporting purposes.
- (h) Intra-departmental A transfer of financial appropriations between divisions/business units within the same fund or sub-fund under the same department.
- (i) Object Classification Identifies the article purchased or the service obtained, rather than the purpose for which the article or service was purchased or obtained. Established by the State of Florida, Department of Financial Services' Uniform Account System are the following Object Classifications:
 - (i) Personal Services
 - (ii) Operating Expenditures/Expenses
 - (iii) Internal Charges

- (2) Level of Budgetary Control The Board annually adopts the budget by resolution for all funds/subfunds of the County, exclusive of some Agency Funds. Budgetary authority is legally maintained at the fund level; however, managerial controls are maintained at each level of appropriation.
- (a) System Control Encumbrances/expenditures are checked against budget at two levels:
- (i) Operations Level Encumbrances/expenditures are subject to budgetary control by Object Classification at the business unit level, excluding budgetary amounts tied to specific projects.
- (1) Amendment to the budget is only necessary when expenditures are anticipated to exceed the total budget for the Object Classification Level within a business unit. Individual sub-object account lines may run negative as long as the total Object Classification Level budget is sufficient to cover expenditures.
- (2) The County Manager or designee may, as deemed necessary from time to time, designate through written directive a specific sub-object(s) to be temporarily restricted.
- (ii) Project Level Encumbrances/expenditures are subject to budgetary control at the Project Level for the cumulative project budget across object classifications within a business unit, unless otherwise provided.

- (b) Year-End Encumbrances As the County intends to honor all outstanding commitments related to projects that cross fiscal years, the balance of encumbrances related to projects will be reappropriated in the subsequent year's budget ensuring resources are available to honor these commitments.
 - (3) Approval Authority for Budget Amendment
- (a) Board Formal action of the Board is required to amend the original budget for recognition of the following:
- (i) Unanticipated excess or deficiency in the amount of originally anticipated revenue.
- (ii) Unanticipated revenue from an unanticipated source received for a particular purpose.
- (iii) Increased receipts for proprietary funds received for a particular purpose.
- (iv) Allocation from fund reserves to increase funding for an existing need or to create an appropriation for an additional need.

- (b) Reporting will be made to the Board on a regular basis of all budget amendments approved under the administrative authority granted and of budgetary performance and status throughout the fiscal year.
- (c) Department Directors are responsible for monitoring their operating and capital outlay budgets to ensure proper fiscal management within appropriated resources.
- (d) The County Manager may require any item within the administrative authority granted to obtain specific approval from the Board.

J. FUND BALANCES.

To establish a target unreserved/undesignated fund balance level for individual operating funds of the County. This policy is intended to assist the County in maintaining an adequate level of fund balance to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures), to ensure stable tax rates, and to respond to emergency situations. Adequate reserve levels are a necessary component of the County's overall financial management strategy; as well as a key factor in external agencies' measurement of the County's financial strength.

(1) Definitions.

- (a) Fund Balance fund balance means the difference between fund assets and fund liabilities. Fund balance is also referred to as net assets.
- (b) Reserved Fund Balance reserved fund balance is the portion of fund balance that is legally restricted and is not available for appropriation or expenditure.

- (c) Unreserved Fund Balance unreserved fund balance represents expendable available financial resources.
- (d) Designated Fund Balance designated fund balance is that portion of unreserved fund balance that reflects the County's self-imposed limitations on the use of otherwise available expendable financial resources.
- (e) Undesignated Fund Balance undesignated fund balance is that portion of unreserved fund balance that represents available financial resources which have not been obligated to a specific purpose.

(2) Unreserved/undesignated Fund Balance Level

- (a) Unreserved/undesignated fund balance ranges are established for individual County funds whose operating expenditures are for tax-supported services. The range set for each fund is based on the predictability of revenues, volatility of expenditures, and liquidity requirements. Established levels should be reviewed on an annual basis to ensure sufficiency.
- (b) In calculating the ratio of the unreserved/undesignated fund balance to estimated operating revenues, the fund balance from the latest audited financial statements shall be compared with the budgetary operating expenditures for that fund in effect when the financial statements are released. In essence this will mean the current year budgeted operating revenues will be compared with the prior year's unreserved/undesignated fund balance.
- (1) General Fund the unreserved/undesignated fund balance level for the General Fund (inclusive of all budgetary sub-funds) shall be maintained in the range of 5% to 10% of general fund operating revenues.
- (2) Transportation Trust the unreserved/undesignated fund balance level for the Transportation Trust Fund shall be maintained in the range of 5% to 10% of operating revenues; unless when combined with the County's General Fund, the combined unreserved/undesignated fund balance is not less than 5% of the combined operating revenues.
- (3) Fire Protection the unreserved/undesignated fund balance level for the Fire Protection Fund shall be maintained in the range of 5% to 10% of operating revenues.

(3) Surplus.

- (a) If a surplus (an amount in excess of the established minimum level) is determined, it can be designated or appropriated during the next budget amendment for the following purposes:
- (1) To fund unforeseen expenditure requirements or offset unanticipated revenue fluctuations.

- (2) Reduction or Avoidance of Debt if financial analysis demonstrates an advantage for the County, the surplus may be applied to reduce or eliminate short-term debt or reduce the principal amount the County needs to obtain from a scheduled borrowing.
- (3) Tax, Fee, or Rate Stabilization surplus funds may be designated for stabilization in order to avoid raising taxes, fees, or rates related to the fund in subsequent years.
- (4) Applied to a Capital Replacement Program surplus funds may be used to supplement or enhance a capital replacement program such as vehicle, personal computer, or heavy equipment replacement, or any other capital renewal and replacement program initiated by the County.
- (5) One-time Capital Needs since a surplus does not represent a recurring source of revenue it should not be seen as a source to fund recurring expenses; however, if a one-time capital expenditure has been identified, the surplus may be appropriated for this use. The operating impacts associated with the capital expenditure, if any, shall be evaluated simultaneously with the approval of the capital appropriation.

(4) Shortfall

- (a) If a shortfall (an amount below the established minimum level) is determined, the unreserved/undesignated fund balance is to be rebuilt through the following mechanism.
- (1) An appropriation during the next annual budget process of at least 20% of the established minimum level until it has been reached.

If this is financially infeasible,

(2) A written plan shall be forwarded by the County Manager to the Board of County Commissioners for approval in order to restore the unreserved/undesignated fund balance to the established minimum level within a time frame deemed reasonable and appropriate.

SECTION 22. BUDGET AND FISCAL MANAGEMENT

22.10 MUNICIPAL SERVICES BENEFIT UNIT PROGRAM

A. PURPOSE.

- (1) Non-Ad valorem assessment is an alternative funding source for improvement projects and/or services that meet the guidelines for essential public purposes as are defined by and consistent with Chapter 125, Florida Statutes. Through the establishment of non-ad valorem assessment districts individually referred to as a Municipal Services Benefit Unit [MSBU] property owners benefit from essential improvements to neighborhood common areas, public infrastructure and facilities. The purpose of the Municipal Service Benefit Unit [MSBU] Program of Seminole County Government is to provide a centralized entity through which non-ad valorem assessments are managed and coordinated for unincorporated Seminole County. The MSBU Program shall serve as the liaison for the County for community initiated requests for establishing MSBUs.
- (2) The MSBU Program will be an independent program coordinated within and subject to the directorship of the Resource Management Department. Operational guidelines and procedures consistent with the Administrative Code will be developed and maintained within the Resource Management Department.
- (3) The MSBU Program will provide support services to the Solid Waste Division for the Collection and Disposal Service Contract established with the franchised haulers servicing the properties located in unincorporated areas. Support services provided by the MSBU Program will include the activities associated with the financial aspects of calculating, billing and collecting the non-ad valorem assessments required to fund the collection and disposal improvements. The MSBU Program will provide customer service support and database maintenance of customer records such as service level options, billing units, assessment rates, and optional billing formats. The Solid Waste Division of the Environmental Services Department will be responsible for the administration and management of the Collection and Disposal Service Contract and customer service activities associated with the contracted haulers, collection and disposal, service problems, days of service and recycling.
- **B. ADMINISTRATIVE CODE REVISION.** The revised MSBU Program Administrative Code document approved by the Board will supersede and replace all other Administrative Code provisions for MSBU Program Guidelines and Procedures. The Board of County Commissioners may address exceptions to any of the administrative provisions on a case-by-case basis. Exception review requests received from potential applicants will be coordinated through the MSBU Program and may be presented by the MSBU Program to the Board of County Commissioners following County Manager confirmation for granting exception consideration. Exception requests shall include justification for allowing exception processing and staff recommendations for response.
- C. STATUTORY AUTHORITY. Chapter 125.01(q)1 of the Florida Statutes authorizes the Board of County Commissioners to provide for the establishment, merging or abolishment of municipal service benefit units (MSBUs) for any part or all of

the unincorporated area of the county. It also provides for a county MSBU to include all or part of a municipality subject to consent by ordinance of the governing body of the municipality. The law permits such MSBUs to be created for the purpose of providing and maintaining improvements which specifically benefit property in a particular area. The improvements must provide a public purpose. Chapter 197.3632 of the Florida Statutes provides for the levy, collection and enforcement of non-ad valorem assessments through the uniform method.

- D. ESTABLISHING AN MSBU AND GOVERNING AUTHORITY. The Municipal Service Benefit Units authorized by the Board will be established by Ordinance. Governing expectations, regulations and range of authority for managing the improvement project and the MSBU will be included in the respective governing ordinance. The process of establishing an MSBU may be initiated by Board action absent a community based request or by community based request.
- (1) When the MSBU establishment process is initiated by Board action, the following steps, consistent with statutory requirements, will be involved in the process:
- (a) Resolution of Intent to use the uniform method for levy, collection and enforcement of non-ad valorem assessments (if so required by nature of project or proposed improvement) By definition, the uniform method includes the imposition of non-ad valorem assessment, assessment billing and collecting by Tax Collector via property tax statement, with standard statutory enforcement criteria.
- (b) Ordinance Adoption establishment of MSBU and governing parameters; adoption of Ordinance to be giving consideration at a public hearing.
- (c) Preliminary Assessment Roll Adoption identification of assessed property and assessment units, and approval of preliminary rate of assessment to be given consideration at a public hearing.
- (2) When the MSBU establishment process is initiated by community based request, the following steps, as further defined in Section N, will be involved in the process:
 - (a) Application community request to establish MSBU
 - (b) Petition indicator of community support to establish MSBU
- (c) Resolution of Intent to use the uniform method for levy, collection and enforcement of non-ad valorem assessments (if so required by nature of project or proposed improvement)
- (d) Ordinance Adoption establishment of MSBU and governing parameters; adoption of Ordinance to be given consideration at a public hearing
- (e) Preliminary Assessment of Roll Adoption identification of assessed property and assessment units, and approval of preliminary rate of assessment to be given consideration at a public hearing
- (3) The Board reserves the right to amend, create, or dissolve MSBUs upon its own action, with or without the request or consent of the owners of the properties affected by such action.

- **E. ELIGIBLE & INELIGIBLE PROPERTY.** Municipal Service Benefit Units may be created for the following types of areas and property categories in Seminole County:
- (1) Platted and unplatted (acreage) residential areas where the proposed improvement benefits property owners in a definable geographic area.
 - (2) Commercial areas are considered on a case-by-case basis.
- (3) Apartment complexes and/or condominiums are not eligible for construction MSBUs.
- **F. ELIGIBLE IMPROVEMENTS.** The Board will give approval consideration for the creation of an MSBU when the following criterion is met:
- (1) All parcels [100%] to be included in the MSBU are located in Seminole County. All parcels shall be within the unincorporated taxing district of the county or shall be authorized for inclusion in the defined MSBU boundaries by the designated city taxing authority.
- (2) The property upon which the improvement is to be made is publicly owned or legally secured for public purposes.
 - (3) Two or more parcels receive benefit and participate in the MSBU.
 - (4) Improvement is deemed essential for health, safety or welfare.
- (5) The desired improvements are consistent with the four following categories of MSBUs:
 - (a) Aquatic weed control;
 - (b) Construction/Reconstruction;
- (i) Neighborhood Walls Reconstruction of sound/light/security barrier perimeter;
 - (ii) Road Paving & Drainage;
 - (iii) Traffic Calming Devices;
 - (iv) Lake Restoration;
 - (v) Retention pond renovation;
 - (vi) Sidewalk Construction and/or Repair;
 - (vii) Sewer Lines;
 - (viii) Water Transmission Lines;
- (ix) Other public purpose construction projects deemed essential to health, safety or welfare and consistent with Statutes.
 - (c) Solid Waste Management Collection & Disposal;

- (d) Street Lighting for residential areas.
- **G. INELIGIBLE IMPROVEMENTS.** Ineligible improvements include projects, services or improvements not deemed essential for public health, safety, or welfare. Ineligible improvements include, but are not limited to maintenance related services such as associated with landscaping, private roads, retention pond treatments, and routine upkeep of community common areas.

The project criteria for neighborhood wall reconstruction are restricted to the criteria outlined in Section N. Replacement of fencing structures, defined as a barrier enclosing or bordering property usually made of posts and wire or wood used to define subdivision/community boundaries are not eligible for replacement via non-ad valorem assessment. The potential use of the MSBU funding format to provide a reconstruction upgrade from a community fence structure to a community wall structure, or from no prior community structure to a permitted community wall is excluded from consideration.

H. IMPROVEMENT COSTS. All direct cost components associated with obtaining and/or providing the improvement will be assessed to a MSBU. The costs included in an assessment calculation for a MSBU will vary according to the type of MSBU established. The cost may include, but is not limited to the expenditures associated with contracted services, construction, engineering, MSBU administration, tax collection, and financing. Expenses for variable rate MSBUs may also include contingency funds, utility charges and rental charges. Interest expense on funds borrowed during the engineering and construction phase and/or operating phase of an MSBU will be included in assessment calculation.

I. FUNDING.

- (1) The funding format for MSBUs will be determined according to the nature of the improvement. A fixed term funding format will be used for improvements, such as construction projects, that typically consist of a one-time expenditure that will be funded through non-ad valorem assessment to be paid on an installment basis over a period of years. A variable rate funding format will be utilized for improvements that are on-going and for which operating costs will vary over time. The non-ad valorem assessment rate for variable rate MSBUs will be revised annually through Board Resolution.
- (2) Separate accounts are maintained for each MSBU. The cost associated with improvements will be allocated equitably and assessed accordingly to the benefiting property. Final determination regarding the terms of repayment will be made by the Board. When deemed necessary by the Board, a financing option will be provided to expedite implementation of the improvements. Unless otherwise merited, assessments will be collected through the uniform method which includes placement of the assigned assessment on the annual property tax bill of the benefiting properties.
- (3) Final Assessments for construction improvements that are paid within 30 days of the Final Public Hearing will be exempt from long-term interest fees. Repayment after that date will be billed according to the uniform method of billing and collecting non-ad valorem assessments. Early payoff is permissible and payoff calculations will include principal balance and accrued interest.

- (4) Installation and construction costs for street lighting requested by developers must be paid prior to project implementation.
- **J. BENEFITING PROPERTY.** All benefiting properties will be assessed an equitable cost share of improvements provided to the MSBU. The properties typically receiving benefit and included in assessment calculations for each type of MSBU are as identified below:
- (1) Aquatic Weed Control and/or Lake Restoration: Properties on waterfront with direct access to waterbody. Includes all zoning and DOR classifications. Community/common area waterfront property may be included as assessable participating property when defining the boundaries of an aquatic weed control or lake restoration MSBU if deemed appropriate by the MSBU Program and Board. Statutory provisions applicable to assessment allocation for common land will apply.
- (2) Street Lighting: Both vacated & occupied properties, with or without building structure(s) are eligible for assessment. Benefit is generally confined to a specific subdivision or geographic area for which the infrastructure (lighting equipment) was intended to benefit. Determination of benefit may be conducted on a case-by-case basis by the MSBU Program.
- (3) Solid Waste Management: Both vacated and occupied residential properties with habitable residential structures. Builders and/or individuals issued permits for new residential dwellings in unincorporated Seminole County are assigned a solid waste management assessment at the time of permit issuance.
- (4) Construction MSBU: Assessable properties are determined on a case-bycase basis due to variations in types of construction improvements and benefits derived from each type of improvement.
- (a) Traffic Calming Devices: Properties shall have direct frontage on the roadway receiving Traffic Calming Device. Consideration of other properties impacted by devices may be considered by the Board on a case by case basis.
- (5) For All MSBU Categories other than aquatic weed control and/or lake restoration: Community/subdivision common areas are not directly assessed a cost share. Cost allocation for such properties is assessed indirectly as a result of the assessments assigned to the properties benefiting from the common property.
- (6) For All MSBU Categories: Properties that have taxable value less than \$100 will not be assessed, unless authorized as per above Section J(1).
- (7) For All MSBU Categories: Parcels that are combined for consolidation of tax billing purposes will be assessed according to benefit definition for each sub-parcel unit included on consolidated billing statement.

K. SELECTION OF CONTRACTOR(S) AND/OR SERVICE PROVIDERS.

(1) Construction work is performed by independent contractors selected by the County. Bids for construction will be solicited by the Seminole County Purchasing and Contracts Division. The Award must be in conformance with Chapter 220 of the Seminole County Code.

- (a) For community requested projects, when an approved project cost estimate is recalculated using information derived from final engineering or from responsive procurement bid(s), and the results represent a project cost increase of greater than 20% above the approved amount, an additional petition process reflecting the revised cost estimate will be conducted. When applicable, the secondary petition may include project scope alternatives for community consideration. The petition response will be used to determine the continuation status of the project. Should the petition process demonstrate the standard level of required support, a secondary public hearing will be held to confirm project continuation. Should the petition fail to demonstrate the required support to continue the project, a public hearing will be held to consider dissolving the MSBU.
- (b) All expenses incurred in support of the developing MSBU will be assessed against the MSBU properties whether or not the secondary petition provides the required support to move forward with the project.
- (2) Service providers for street lighting MSBUs are subject to the utility franchise agreements set forth by the Public Service Commission. To accomplish the mission and purpose of providing street lighting to the MSBUs approved by the Board for inclusion in the Consolidated Street Lighting Ordinance, the MSBU Program is authorized to coordinate installation of the improvements with signature approval granted to the Resource Management Department Director or designee.
- L. COORDINATION OF IMPROVEMENTS FOR ESTABLISHED MSBUS. The Board recognizes that the MSBU Program will be required to respond to administrative issues and customer requests for modification to the improvements provided to established MSBUs. To accomplish the mission and purpose of providing ongoing improvements for communities in which variable rate MSBUs are established the MSBU Program is authorized to accommodate administrative changes that are consistent with the intent of the MSBU Program Administrative Code. The MSBU Program is authorized to coordinate improvements for these MSBUs with signature approval granted to the Resource Management Department Director or designee. The range and/or limitations of this administrative authority shall be defined in the ordinance governing the MSBU(s).
- **M. MSBU DISSOLUTION.** An MSBU established by Ordinance may be dissolved by a Resolution repealing the establishing Ordinance. The MSBU dissolution process is initiated when the services or improvements approved for provision through the MSBU process are canceled prior to being provided, or when the services or improvements are discontinued after having been provided for a period of time. The process of dissolution may be initiated by Board action or by community based request.
- (1) When the MSBU dissolution process is initiated by Board action, the following steps will be involved in the process:
- (a) Dissolution Request the MSBU Program shall present dissolution request to Board with request to schedule public hearing to grant consideration for adopting a Resolution for such dissolution.
- (b) Resolution of Intent to Dissolve MSBU Resolution shall be considered at a public hearing. Resolution shall include details regarding any outstanding costs to be incurred and/or assessed as a result of or subsequent to dissolution.

- (2) When the MSBU dissolution process is initiated by community based request, the following steps, as further defined in Section N, will be involved in the process:
 - (a) Application community request to dissolve MSBU
- (b) Petition indicator of community support to dissolve MSBU. Petition shall include details regarding any outstanding costs to be incurred and/or assessed as a result of or subsequent to dissolution.
- (c) Dissolution Request the MSBU Program shall present dissolution request to Board with request to schedule public hearing to grant consideration for adopting a Resolution for such dissolution.
- (d) Resolution of Intent to Dissolve MSBU Resolution shall be considered at a public hearing. Resolution shall include details regarding any outstanding costs to be incurred and/or assessed as result of or subsequent to dissolution.
- **N. COMMUNITY BASED REQUESTS FOR MSBU CONSIDERATIONS.** As specified in Section D, the process of establishing, modifying, or dissolving an MSBU may be initiated by community based requests. When requests are so initiated, the following steps are involved in the process:
 - (1) APPLICATION & PROCESSING FEE.
- (a) A community initiated request for establishing an MSBU requires application. A completed application specific to the type of improvement requested and payment of the specified non-refundable application fee is required to initiate the MSBU process. The application documentation will include identification of a community liaison.
- (b) Aquatic Weed Control and Construction MSBU projects are intended to assist established communities, and therefore, are not available during land development and/or new construction environments.
- (b) Street Lighting MSBU applications may be submitted by interested property owner(s), homeowner associations, management companies or developers.
- (d) Wall reconstruction projects are intended to assist established communities, and are therefore, not available during development and/or new/construction environments. In addition to the basic eligibility standards noted in Section F, the project specific criterion for wall reconstruction that must be met at time of application is as follows:
 - Existence of a damaged, destroyed, and/or deteriorating community wall (brick, block, precast concrete)
 - Community has no means to levy/enforce a private assessment for wall replacement
 - Owner has signed Letter(s) of Intent for temporary easement/leasehold to be granted to the County from all owners of properties upon which the proposed wall will be located. NO WALL PROJECT MAY PROCEED WITHOUT THE COUNTY RECEIVING TRANSFER OF OWNERSHIP/EASEMENT

DOCUMENTS FROM 100% OF THE OWNERS OF PROPERTY UPON WHICH THE PROPOSED WALL WILL BE LOCATED.

- Construction material requested is brick, block/stucco, or precast concrete
- Applicant: (1) will provide sealed design/engineering plans suitable for public bid/procurement, (2) will substantiate ability to fund preliminary engineering, or (3) requests precast concrete construction that does not require design/engineering.

Community wall reconstruction projects may include provisions for:

- demolition and removal of existing wall
- receipt of wall design plans that are secured independent of County assistance via private funding or secured via wall design services that are:

 (1) County contracted and prepaid by the applicant or other community liaisons, and/or (2) obtained in conjunction with construction services base on preliminary drawings of desired design
- replacement construction

A community wall is defined as a permanent upright structure constructed of concrete block, brick, or precast concrete used to prevent entrance, provide sound barrier, provide light abatement, and/or to mark a subdivision or community boundary. Replacement of fencing structures, defined as a barrier enclosing or bordering property usually made of posts and wire or wood used to define subdivision/community boundaries are not eligible for replacement via non-ad valorem assessment. The potential use of the MSBU funding format to provide a reconstruction upgrade from a community fence structure to a community wall structure, or from no prior community structure to a permitted community wall is excluded from consideration.

- (e) Traffic Calming Devices. In addition to the basic eligibility standards noted in Section F, the project specific criterion for Traffic Calming Devices that must be met at the time of application is as follows:
- (i) Documentation establishing support by sixty-five percent (65%) of impacted home owners; and
- (ii) Documentation establishing compliance with the Traffic Calming criteria as set forth in Section 34.35B, Seminole County Administrative Code, including but not limited to, a documented issue with excessive speeds (85th percentile speed is at least 8 mph over posted speed limit), meets minimum/maximum roadway volume, roadway must have driveways directly accessing the roadway, must have access to through traffic, functional spacing of devices; and
- (iii) The design and use of Traffic Calming Devices on all County roadways are subject to approval by the Seminole County Fire Marshal (via written report or recommendation) per the Florida Fire Prevention Code, as adopted by the State Fire Marshall pursuant to Florida Statutes, Chapter 633 and amended from time to time, as these devices may impact emergency response times. Failure to obtain documented approval from the Seminole County Fire Marshal for use of Traffic Calming Devices will prohibit the MSBU Program from seeking Board of County Commissioners (BCC) approval for formal adoption.

(2) PRELIMINARY ENGINEERING & STATEMENT OF PROBABLE COST. Construction improvements require a preliminary engineering report or project analysis to obtain a valid "Opinion of Probable Cost" estimate. A Lake Analysis is required for MSBU aquatic weed control improvement requests. Preliminary Engineering Report fees and Lake Analysis fees must be received from the applicant(s) prior to these services being rendered. If the improvements are constructed or services performed, a credit against the assessment or a refund may be granted according to the amount and source of contribution(s) received for pre-funding the report/analysis fee. If the improvements are not constructed or the services are not performed, contributions toward the cost of preliminary lake/waterway analysis will not be refunded.

(3) PETITION FOR IMPROVEMENT.

- (a) As a part of the application processing activities, a petition process is used for community requested MSBUs to ensure community awareness and involvement in the decision-making process, to increase recognition of the public nature of the improvements, and to highlight the property owner's responsibility for payment of the assessments. Property owners not responding to the petition either "Favorable" or "Opposed" will be counted in the final tally as "Opposed". The petition process may be waived when 100% of the properties to be included in a MSBU are owned by a single owner.
- (b) All requests requiring petition approval, including MSBU dissolutions, are coordinated through the MSBU Program. A community liaison for the MSBU is authorized to assist in the petition collection activities for creating an MSBU.
- (c) The minimum percentage required for petition acceptance is as follows:
- (i) Street Lighting MSBU: At least 55% of the property owners representing 55% of the properties within the MSBU boundaries.
- (ii) All Other MSBUs: At least 65% of the property owners representing 65% of the properties within the MSBU boundaries.

Note: Construction projects may also be subject to the requirements noted under Section M.

- (d) Following the acceptance of the Petition and authorization by the Board to schedule and advertise a public hearing, the petition is no longer relevant to the final determination by the Board of County Commissioners to proceed (or not) with the project. The Board may waive the 55% or 65% property owner requirement, which remains consistent with Chapter 125.01(q)1, Florida Statutes.
- (4) EASEMENTS, LEASEHOLD, DEED TRANSFERS. All MSBU projects that require the granting of easement, leasehold, and/or deed transfer are subject to mandatory agreement from 100% of the property owners from whom such easements, leaseholds, and/or deed transfers are required. The documents formalizing such agreement are required prior to scheduling a public hearing for Board consideration to establish the MSBU. Should the applicant/liaisons or designees fail to obtain 100% of the necessary signature agreements, the project will be rejected and/or subject to

further petitioning if the resulting project parameters, due to limitations of documents received, deviate from parameters noted in qualifying petition.

- (5) PUBLIC HEARING. The final determination of the scope and feasibility of an improvement will be made by the Board at a public hearing. The initial determination of property assessments proposed for the MSBU will be determined at the public hearing. Construction projects will be subject to a second public hearing following completion of the project. Property assessments will be determined at one of these two public hearings.
- DESIGN. ENGINEERING AND OTHER PROJECT **RELATED** (6) EXPENDITURES. All direct costs incurred by the County on behalf of pursuing a Board authorized MSBU project will be recouped through non-ad valorem assessment assigned to the properties that are included in the assessment boundary of the MSBU. Direct costs are inclusive of, but not limited to project scope analysis, design and engineering, contracted services, project management, and financial administration. Such costs will be included in the final assessment calculation upon completion of the project, or shall be included in an assessment to be levied should the project continuation be withdrawn by the benefiting community, or by community based request for MSBU dissolution.

(7) DISSOLUTION PROCESS FOR MSBUS.

- (a) A MSBU can only be dissolved after having first been created by ordinance at a public hearing. Community requested dissolution proceedings are initiated through the application process. The application process for dissolution includes, but is not limited to written application, payment of application fee, documented supportive response to the petition coordinated by the MSBU Program, public hearing, confirmation by the Board that the MSBU may be dissolved, and determination of final assessments as a result of dissolution.
- (b) A Petition for Dissolution of a street lighting MSBU must be signed by at least 55% of the current property owners representing 55% of the properties within the MSBU boundaries. Petition for Dissolution of all other MSBUs must be signed by at least 65% of the current property owners representing 65% of the properties within the MSBU boundaries.
- (c) MSBUs having received supplemental funding from the County may be subject to dissolution restrictions.

O. DELEGATION OF AUTHORITY TO ADMINISTRATIVELY APPROVE SATISFACTIONS OF MSBU LIENS.

- (1) Purpose. The Seminole County Board of County Commissioners ("BCC") hereby authorizes the County Manager to delegate to the appropriate staff persons the authority to approve and execute Satisfactions of MSBU Liens on behalf of the County without action by the BCC when such MSBU Liens are paid in full.
- (2) Rationale. The BCC considers it appropriate to delegate this approval and execution authority because these MSBU Liens have been paid in full. Additionally,

these matters are not controversial, but they can be time sensitive for property owners. These matters are so ministerial in nature that they do not require the attention of the BCC. However, this delegation of authority applies only to non-controversial matters. If staff is aware that approval or execution of an instrument or document is controversial, such as when a Satisfaction of MSBU Lien is requested for less than the full amount of the lien and the lien has not been paid in full, then the instrument or document must be submitted to the BCC for consideration.

- (3) Procedure for Staff Approval and Execution of Satisfactions of MSBU Liens. In order for County staff to approve or execute a Satisfaction of MSBU Lien, staff shall review the request for the Satisfaction, review the surrounding circumstances to ensure County approval and execution of the Satisfaction is consistent with County policy, and prepare the Satisfaction of MSBU Lien document. Additionally, the County Attorney's Office shall review the document for legal sufficiency and compliance with this Section.

SECTION 22. BUDGET AND FISCAL MANAGEMENT

22.20 GRANT MANAGEMENT

- I. PURPOSE. Seminole County (the County) actively seeks grants from the federal government, the State of Florida, and from other available sources to increase the revenue available to support Seminole County programs and services and to invest in Seminole County capital projects. Such grants may come with specialized requirements which include, but may not be limited to, specific compliance rules, reporting requirements and the monitoring of other parties that may receive resources. The purpose of this administrative provision is to establish a Grants Administration Program to facilitate the application, acquisition and implementation of grant-funded projects.
- **II. POLICY.** It is the policy of the Seminole County Board of County Commissioners (BOCC) that the County will seek grant funding for activities and assets that support County functions and benefit the County and its residents. All organizations that receive grant funds by BOCC must follow the policies and procedures set forth herein unless specifically exempted by the Board of County Commissioners. The Grant Management Program's policies set forth herein shall ensure grants receive a thorough evaluation by the County before the grant application is submitted and, in addition, adhere to the highest standards and guidelines set forth by the grantor, all regulatory agencies, and the County.

The policies set forth herein pertaining to the Seminole County Grant Management Program will require all parties to adhere to guidelines from the Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles and Audit Requirement for Federal Awards commonly called "Uniform Guidance", all pertinent Florida Statutes, Seminole County Ordinances and Administrative Codes, and the rules/procedures promulgated by the Committee of Sponsoring Organizational Framework (COSO).

- **A. GRANT MANAGEMENT PROGRAM APPLICATION CRITERIA.** The County shall not apply for any grant award from any source unless the subject grant meets all the following requirements:
- (1) Grants should support core County functions and be in the County's best interest.
- (2) Grants must align with the County's mission, strategic priorities, and business plans.
- (3) Grants should be feasible for staff to implement without imposing excessive demands on County resources.
- (4) Grant applications should propose achievable and practical outcomes to accurately evaluate the impact and success of proposed activities.
- (5) Grants aligning with County priorities will be analyzed for total costs and potential need for General Fund support.

B. GRANT APPLICATION REQUIREMENTS.

- (1) BOCC approval is required to submit grant applications for all grants greater than \$250,000 or require cash match or fund new additional positions. Upon approval by the BOCC, the County Manager or designee is authorized to submit the grant application.
- (2) All grant applications must be approved by the County Manager or designee prior to submittal.

This participation may include decision, approval, disapproval, recommendation, or preparation of any part of a purchase request by influencing the content of any specification or procurement standard; by the rendering of advice; by investigation; by auditing or by participating in any other advisory capacity in the procurement of contractual services or commodities. A copy of the written request with appropriate approvals shall be forwarded to the Human Resources Division and placed in the employee's personnel file.

This policy does not limit, hinder, or prevent the giving or using of information in performing official duties.

When a meal is provided at the function, the employee is authorized to accept the meal.
- (b) Employees authorized to attend meetings, seminars, conventions, etc., sponsored by professional organizations are free to participate in the social functions that are part of the meetings or sanctioned by the host.
- (c) It may be appropriate for employees to attend social functions sponsored by an industry, business, or profession for a broad spectrum of community groups (such as legislators, businesspersons, and local officials). However, in deciding to attend such functions, employees should be careful to avoid any appearance of impropriety. Employees may attend functions or events related to their official duties when tickets are

provided to the County for distribution to the appropriate employees. Employees who have any questions as to whether attendance at a function would be considered receipt of a gift, and an ethical violation, should seek guidance from the County Attorney prior to attendance.

Code of Ethics for County Employees 108.0 Bribery

- (1) An attempt to bribe an employee is a flagrant attack on the integrity of the County. A bribery attempt occurs when an offer is made to give anything of value to an employee with the intention that the employee will do something or fail to do something relating to the performance of the employee's duties. Whether the action or inaction would have taken place anyway is not pertinent to whether a bribery attempt has occurred.
- (2) Bribe offers are often made subtly rather than in direct fashion. Employees must be perceptive and alert to solicitations to accept gifts of money or anything else of value in return for acts or omissions involving their official functions and shall promptly report suspicious offers in order that trained personnel can evaluate the facts and initiate investigations when required. Any employee who has reasonable grounds for believing that a bribe attempt has occurred or will occur shall:
- (a) Immediately report the matter to his/her appropriate Division Manager or Department Director and/or County Manager and the County Attorney; and
- (b) Cooperate fully in any investigations conducted by County staff, the Office of the State Attorney, and any law enforcement agencies.
- (c) Employees who fail to cooperate in investigations shall be subject to disciplinary actions.

109.0 Additional Ethical Conduct Requirements for Employees with Regulatory Responsibilities

- (1) The following definitions shall apply for the purposes of this Section:
- (a) The term "regulatory responsibilities" means duties or responsibilities assigned to an employee by management within the County which involve:
- (i) The direct responsibility for determination of whether or not an entity or the property of an entity is in compliance with Federal, State or local statutes, laws, rules, or regulations, or for determinations or recommendations as to whether any license, authority to conduct business, or other certificate of authority issuable by the County should be issued to an entity, be revoked, be canceled, or be suspended; or
- (ii) Direct responsibility for the approval of purchases by the County from an entity.
- (b) The term "entity" for the purposes of this Section means any individual, partnership, association, corporation (profit or non-profit), utility, or other organization, whether public or private, doing business with or subject to regulation by the County.
- (2) Each employee exercising regulatory responsibility shall, within five (5) working days of making application for employment with a person or entities doing business with or subject to the regulation by the County, report to his/her Department Director or Division Manager, in writing, that such application has been made. The term "application" means a verbal or written communication whereby an employee holds himself or herself out as available for employment or for a contractual relationship for remuneration.
- (3) Each employee exercising regulatory responsibility who receives an offer of employment or an offer for a contractual relationship for remuneration from any person or entity shall report such offer, in writing, to his/her Division Manager or Department Director within five (5) days of receipt of such offer. The term "offer" means a verbal or written communication in which a person or entity states an interest in retaining or employing the individual.
- (4) Any employee exercising regulatory responsibility who has or who obtains a financial interest in an entity shall report such fact to the appropriate Department Director or Division Manager within five (5) working days of the acquisition of such financial interest. The term "financial interest", for the purpose of this Section, means any arrangement whereby an employee acquires an ownership or material interest, or the right to acquire an ownership or material interest, in an entity.

110.0 Additional Ethical Conduct Requirements for Reporting Individuals and Procurement Employees

(1) As used in this Section:

- (a) The term "reporting individual" means any employee who is required by law, pursuant to Section 112.3145, Florida Statutes, to file full or limited public disclosure of his/her financial interests (financial disclosure).

- (2) A reporting individual or procurement employee shall report the receipt of expenses relating to any honorarium event from a political committee, from a lobbyist who lobbies the County directly or indirectly, or from the partner, firm, employer, or principal of such lobbyist.

111.0 Political Activity

- (1) Employees may participate in political activities so long as such participation is not on County time or in County uniform. Political activity includes, but is not limited to, using County time to express support for a political candidate and using County resources emails or phones to solicit support for a candidate. This Section does not interfere with an employee's right to vote or engage in political activity while not on County time.
- (2) If employees seek to qualify, run, and/or hold a political office, whether elected or appointed, they must first submit notification, in writing, to their Department Director, Division Manager and the Human Resources Division. The Department Director and the Human Resources Division Manager shall make a joint evaluation identifying any potential conflict of interest or potential impairment of work efficiency. The County Manager in consultation with the County Attorney's Office will make the final decision regarding whether a conflict of interest would be created. If the office sought does not constitute a conflict of interest or impair their work efficiency:
- (a) The employee may request paid time off or leave without pay for campaign purposes.
- (b) If elected, the employee may retain his/her position if the Human Resources Division Manager, the County Manager and the County Attorney's Office have, prior to the employee qualifying for office, determined that such election and employment does not conflict with Florida law or County policies.
 - (c) If the employee's request is not approved, the employee may:
 - i. resign his/her position with the County; or
 - ii. reject the appointment or choose not to qualify and run for office.
- (3) This Section doesn't preclude public servants from performing their employment related duties connected to ballot propositions placed on the ballot by the Board of County Commissioners.

Code of Ethics for County Employees 112.0 Promotion of Private Business

Employees are prohibited from promoting private businesses while on County time on behalf of themselves or others. This Section does not apply to employees whose job duties include promoting economic development and tourism within Seminole County, provided such activity does not promote a business in which the employee, the employee's relative, or any person with whom the employee shares a residence or maintains a personal relationship akin to that of a relative, has a material interest as defined in Section 112.312, Florida Statutes.

It is a fundamental tool of personnel administration in that it makes possible standardization of class titles for purposes of personnel recordkeeping, pay administration, organizational structure and related personnel administrative objectives.
- **B. ELIGIBILITY.** All permanent employees of Seminole County Government Board of County Commissioners fall within the guidelines as set forth herein.

C. PHILOSOPHY OF PAY.

- 1. Seminole County Board of County Commissioners utilizes a broadband pay plan that strives to compensate employees at the market rate (100% compa-ratio) within 3 to 5 years commensurate with experience so that a qualified, responsive workforce may be hired and retained.
- 2. Seminole County will support the compensation philosophy of competitive salaries by annually a) awarding merit based on performance (subject to Board of County Commissioners' approval), b) conducting market surveys, and c) providing salary analysis/budget recommendations.
- **D. ESTABLISHMENT OF PAY LEVELS.** Pay levels are established two-fold: 1) Positions that are substantially similar with respect to duties, responsibilities, authority and character of work are included within the same classification, and the same schedules of compensation may be made to apply with equity under like working conditions to all positions in the same classification. 2) Once like classifications have been assigned to pay bands, the second consideration is salary paid for these classifications in the market from which they are recruited.
- **E. PAY LEVEL ADJUSTMENTS**. Pay bands may be adjusted annually in accordance with the philosophy of pay for Seminole County and the County's budgetary needs. The Human Resources Division Manager will recommend adjustments in the salary schedule to the County Manager for approval and adoption by the Board of County Commissioners. The adjustments do not change the pay bands to which jobs are assigned nor do they result in automatic changes to individual salaries unless salaries drop below the new pay band minimum and the incumbent is performing at the 'good' rating.

F. JOB DESCRIPTION AND JOB EVALUATION PROCESS.

- 1. An employee completes a Position Information Questionnaire (PIQ). This form is used to assess the level of responsibility, knowledge, and other factors of the position. This form is a tool wherein mathematical computations are determined based on various factors of the job. The factors equate to a point value from which a pay band assignment is determined.
- 2. Job descriptions are developed from the Position Information Questionnaire. Completed job descriptions may be found on the internet site for the Human Resources Division (www.seminolecountyfl.gov/employment).

G. RELATIONSHIP OF PERFORMANCE TO PAY.

- 1. All career service employees receiving a performance evaluation rating of "good" or above will receive an increase in an amount to be budgeted annually to approximate the cost of living. The amount of the annual adjustment is determined during the annual budget process. At-will employees are not eligible for annual adjustments.
- 2. Merit and market adjustments will be determined during the annual budget process. Career service employees who receive a performance rating of "top performer" or "outstanding performer" may receive a merit increase. Career service and at-will employees who are over 100% compa-ratio may elect to receive the merit increase in the form of a one-time bonus that will be excluded from the salary base. All other adjustments must be accomplished within budgeted funds (i.e. market adjustments for good performers or hire in salary above the departing incumbent's level).
- 3. At-will employees may receive a merit increase based upon their performance evaluation in the same manner as currently structured (combined annual adjustment and merit award). All other adjustments must be accomplished within budgeted funds (i.e. market adjustments or hire in salary above the departing incumbent's level).
- **H. LUMP SUM PAYMENT.** A lump-sum payment is a one-time monetary award given to an employee, separate from base salary. A lump-sum payment may be the amount of an increase which extends beyond the pay band maximum.
- **I. REVIEW SCHEDULES.** An employee must serve an initial probationary period. Permanent employees receive in their first year of employment evaluations at three months, six months, and one year.

J. DEFINITION OF TERMS.

Broadband – A broadband is a single, large salary range spanning the pay opportunity formerly covered by several separate salary ranges. A broadband structure classifies jobs into a few wide bands, rather than many narrowly defined salary ranges. Seminole County's band structure is an 85% spread from minimum to maximum.

Compa-ratio – A percentage determined by taking the current salary and dividing it by midpoint.

Job Analysis -- The process of gathering sufficient information about a position to fully understand its function, duties, responsibilities, requirements, and environment. Additionally, a position's exemption status (paid for overtime or not) is determined under Fair Labor Standards Act guidelines.

Job Description -- A job description is a record of the information gathered during the job analysis process. Employees who hold the job are responsible for updating their job descriptions. This is best accomplished through completion of a Position Information Questionnaire (PIQ). Seminole County's job descriptions are available on both the intranet/internet. The Human Resources Division is responsible for job description maintenance.

Market rate – The rate paid based on a percentage as determined by the organization. Seminole County agrees to pay at the 50th percentile which is the median wage or value below which fifty percent of workers in an occupation earn.

Reclassification – A reclassification is a request to move a position classification to a higher pay band based on a 25% or more change in type of job duties.

K. PROCESSES.

- 1. Promotion A change in positions is considered a promotion when the pay band of job classification has changed. An employee who is promoted may receive an increase in pay not to exceed the maximum upward of the new pay band.
- 2. Transfer A transfer is defined as moving to another position in the same or lower pay range. The job title may or may not change. Employees transferring may continue to retain their current rate of pay provided it does not exceed the maximum of the pay band. Salary increases are not generally associated with lateral transfers; however, exceptions may be considered by the Department Director with approval of the Human Resources Division Manager.
- 3. Demotion A demotion is a change in positions where the position the employee is moving to is in a lower pay band. This may occur voluntarily or involuntarily. Employees transferring may continue to retain their current rate of pay provided it does not exceed the maximum of the pay band.
- 4. Reclassification A reclassification is a position's movement to either a lower or higher pay band as a result of change to the duties performed and the value placed therein. The salary of the member must remain at or above the minimum of the new pay grade and shall not exceed the maximum of the new pay grade.
- L. APPROVAL AUTHORITY. Promotions, transfers, and demotions are approved by the receiving Department Director. Title changes, if within the same pay band, may also be approved at the department director level. The reclassification process is conducted once annually concurrent with the annual budget cycle in the spring. A section entitled Classifying Jobs covers the complete reclassification process.

M. MAINTENANCE OF THE PAY AND CLASSIFICATION PLAN. The Plan shall be maintained so that all positions substantially similar with respect to duties, responsibilities, authority and character of work are included within the same classification, and that the same schedules of compensation may be made to apply with equity under like working conditions to all positions in the same class.

II. CLASSIFYING JOBS

A. DEFINITION. Position classification is the determination of the appropriate classification for a position based upon the work assigned. There are two types of classification – assignment of **new positions** and **reclassification of existing positions**.

B. PROCESS.

- 1. New positions and reclassifications are considered each fiscal year during the budget process and changes are effective commencing the first day of the new fiscal year.
- 2. The initiating department first has a conversation with their HR generalist and presents the facts as to why a job review is being requested. The HR generalist will assist in evaluating the request and may assist the department in putting together the necessary documents to be submitted to begin the process.
- 3. For reclassification consideration, the department must submit the following documents:
- (a) A cover memo (see sample) indicating the department's request for a job review. Provide a brief explanation as to why the job review is being requested. Reasons may include:
- (i) a restructuring of the positions within a department (reorganization);
- (ii) one position may have taken on additional duties and responsibilities (upward reclassification);
- (iii) the level of duties has dramatically decreased (downward reclassification);
- (iv) the current job title does not accurately reflect the duties of the position.
- (b) A completed Position Information Questionnaire (PIQ). This form is available on the Seminole County Intranet under Resource Management Department/Human Resources Division, Forms.
- (c) The current and proposed job descriptions. The proposed job description should be provided in duplicate: one printed copy to be included with the PIQ packet; and one digital copy emailed as an attachment to the Compensation Coordinator.

- (d) The current and proposed organizational structure for the affected division or department.
 - (e) This packet is forwarded to the Human Resources generalist.
- (f) Packets received incomplete will be returned to the requesting department. Reclassification requests will not be considered unless the written request and all related documents/information are provided by the deadline established each year by the Human Resources Division.
- 4. The Human Resources generalist reviews the request and forwards to the Compensation Coordinator.
- 5. The Compensation Coordinator reviews the request for completeness. To ensure integrity of the Classification Plan and to maintain internal equity, after initial evaluation of the PIQ, a thorough research and review of existing classifications within the class series, division/department-wide, or county-wide is conducted to determine: (1) If the initial evaluation is commensurate with similar jobs, or (2) If there is an existing position within division/department who is responsible for proposed duties described. At this time, if necessary, market data will be collected.
- 6. Market data collected by sources other than the Human Resources Division will not be taken into consideration.
- 7. An appointment is then scheduled by the Compensation Coordinator with the HR generalist who is assigned to the department making the request. If necessary, the HR generalist will collect from the department additional data.
- 8. Each HR Generalist will prepare a one-page summary (see samples) on behalf of their department(s) for each reclassification. This summary will contain:
 - From and To Position Title
 - From and To Pay Band
 - Nature of Change Being Requested
 - Funding Impact
- 9. A meeting is scheduled for the department representatives to explain the reason for their request. Participants include a department representative, the HR Generalists, Human Resources Division Manager, Compensation Coordinator, County Manager, Deputy County Manager, Resource Management Department Director or Resource Management Analyst. A specific time slot will be designated for the department's presentation with a question/answer session. All parties in attendance at this meeting shall remain objective and impartial.
- 10. The recommendation for approval by the Human Resources Division will be decided at a separate meeting. The HR Generalists, Human Resources Division Manager, and Compensation Coordinator will meet to discuss all the reclassification requests and will, by consensus, make their recommendation.

- 11. The one-page summaries will be compiled into a packet for the Reclassification Hearing Meeting and Budget Consensus Hearings. Only reclassifications with the Human Resources Division's recommendation for approval will be presented to the Budget Consensus Hearings.
- 12. A report will be presented to the County Manager for final approval and signature. The County Manager is the final authority in the reclassification process.
- 13. For reclassification requests processed outside of the normal budget process, a 30-minute meeting will be conducted. The parties to attend include the Human Resources Division Manager, Deputy County Manager, Assistant County Manager, Compensation Coordinator, department's HR Generalist, as well as the requesting department director. The recommendation of the request will be determined from this meeting and presented to the County Manager for approval or denial.

- (4) Nothing in this policy should be considered as a contract or promise, express or implied, to members that supervisors will in each case perform all of the activities described above, or that such activities will be performed uniformly in each case. However, supervisors will be responsible and accountable for possessing thorough knowledge of the contents of this Manual.

203.0 EMPLOYMENT STATUS

I. AT-WILL MEMBERS

POLICY:

It is the policy that management personnel, including, but not limited to, Department Directors, managers and Deputy County Managers, are classified as "at-will" members. Members in these positions are employed at the will of the County for an indefinite period of time.

- (1) The County Manager has the authority to enter into employment contracts with atwill members which will offer a severance package, as adopted by the Board of County Commissioners, that a member will receive in the event of termination not for cause.
- (2) At-will members are subject to termination at any time with or without cause.
- (3) No County representative is authorized to modify this policy for any member or to enter into any agreement, oral or written, contrary to this policy without prior written approval from the County Manager. County personnel are not to make any representations to members or applicants concerning the terms or conditions of employment with the County which are not consistent with County policies. No statements made in pre-hire interviews or discussions, or in recruiting materials of any kind, are to alter the at-will nature of management position employment or imply that discharge will occur only for cause.
- (4) This policy may not be modified by any statements contained in this Manual or any other member handbooks, employment applications, County recruiting materials, County memoranda or other materials provided to applicants and members in connection with their employment. None of these documents, whether singly or combined, are to create an express or implied contract of employment for a definite period, nor an express or implied contract concerning any terms or conditions of employment. Similarly, County policies and practices with respect to any matter are not to be considered as creating any contractual obligation on the County's part or as stating in any way that termination will occur only for "just cause". Statements of specific grounds for termination set forth in this manual or in any other County documents are examples only, not all-inclusive lists, and are not intended to restrict the County's right to terminate at-will.
- (5) Completion of a probationary period does not change any management member's status as an at-will member or in any way restrict the County's right to terminate such a member or change the terms or conditions of employment.

II. CAREER SERVICE

POLICY:

It is the policy that during the initial probationary period, members are considered to be employed "at will" and are subject to dismissal for just cause, no cause, or any cause. Upon successful completion of the initial probationary period, all members, excluding management, shall be appointed to Career Service with the County.

COMMENTS/ PROCEDURES:

Career Service members are afforded the opportunity to pursue an internal appeal/grievance process to insure fair and impartial treatment in relationship to:

- non-selection actions
- disciplinary actions
- termination actions

III. MANAGEMENT RIGHTS

- (1) The County retains the sole right to exercise all managerial functions including, but not limited to, the right:
- (a) To determine and change work hours (starting times, quitting times) with adequate notice;
- (b) To transfer members within departments or into other departments and other classifications:
 - (c) To determine and change the size and qualifications of the work force;

 - (g) To assign, supervise, discipline and dismiss members.
- (2) Should a member have a question about job working conditions or the manner in which a particular rule or procedure has been applied; or if any member does not fully understand the reason behind any action, the County encourages the member:
 - (a) To discuss the problem with the immediate supervisor;
- (b) To further discuss such concerns with the next individual in the appropriate line of supervision if the member is unable to resolve concerns with the supervisor.
- (c) Any member exercising the right to discuss a concern under this section with a member of management above his/her immediate supervisor, after having

(5) While overall authority for implementing this policy is assigned to the Human Resources Division Manager, an effective equal employment opportunity program cannot be achieved without the support of supervisory personnel and members at all levels. Any member who feels they are the victim of discrimination has a responsibility to report this fact to their supervisor and/or the Human Resources Division Manager.

302.0 PRODUCTIVE WORK ENVIRONMENT

POLICY:

It is the policy to promote a productive work environment. The County will not tolerate any action by any member which harasses, disrupts or interferes with another's work performance or which creates an intimidating, offensive or hostile environment.

- (1) All members are expected to act in a responsible, professional manner and contribute to a productive work environment that is free from harassing or disruptive activity. No form of harassment will be tolerated.
- (2) Each supervisor has a responsibility to maintain a work place free of any form of harassment.
- (3) Harassing or offensive conduct in the workplace, whether committed by members or non-members, is prohibited.
- (4) Any member who believes that a member's or a non-member's actions or words constitute harassment has a responsibility to report or complain about the situation as soon as possible. Such report or complaint should be made to the member's supervisor, the Department Director, or to the Human Resources Division if the complaint involves the supervisor.
- (5) Complaints of harassment are to be handled and investigated by the Human Resources Division under County policy, unless special procedures are deemed appropriate. Regardless, all complaints of harassment are to be investigated promptly and in as impartial and confidential a manner as possible. Members are required to cooperate in any investigation. A timely resolution of each complaint is to be reached and communicated to the parties involved. Retaliation against any member for filing a complaint or participating in an investigation is strictly prohibited.
- (6) Any member who is found to have engaged in harassment of another member will be subject to appropriate disciplinary action, depending on the circumstances, up to and including termination.
- (7) The County recognizes that knowingly false accusations of harassment can have a serious effect on innocent men and women. Therefore, knowingly false accusations can result in the same severe disciplinary actions applicable to one guilty of harassment.

303.0 HIRING

POLICY:

It is the policy to be an equal opportunity employer and hire individuals best qualified for open positions. Through the selection and recruitment process, Seminole County Government will build a diverse workforce that is successful in their endeavors.

- (1) Departments with vacancies, either new or vacated positions, need to submit an approved open requisition to the Human Resources Division to initiate the recruitment process.
- (2) A Human Resources Representative will contact the hiring manager or designee to determine Department needs (type of candidate, timing, environmental factors, etc.).
- (3) The job will be posted internally (and externally if requested) for at least one week. Internal applicants will be given serious consideration for promotional opportunities in an effort to create a career path for our members.
- (4) The Human Resources Division will screen for all qualified applicants and forward qualified applicants to the hiring manager or designee.
- (5) The Human Resources Division will participate in the interviewing process (such as initial screening interviews, interviewing final candidates) using Behavioral Interviewing techniques where appropriate and assist in the decision making process.
- (6) All offers of employment will be coordinated with the Human Resources Division. External candidates are subject to employment checks, including, but not limited to, drug tests, reference checks, driving history and criminal background checks. Background checks include level I and level II, which may require fingerprinting for positions designated by the County Manager. Offers made prior to these employment checks must be made contingent upon satisfactory completion of the employment checks.
- (7) Candidates, both internal and external, that were interviewed must be advised that they were not selected.
- (8) The County Manager may authorize the dual encumbrance of a position when the regular incumbent is still being paid or receiving paid leave by the County.
- (9) Family members of a County employee may not regularly work in a position wherein a direct or indirect reporting relationship, which could cause a conflict of interest, exists or may develop.

304.0 TRAINING & DEVELOPMENT

POLICY:

It is the policy to provide training and development opportunities to all members. New members will attend Orientation. Additionally, all members are expected to meet the core training requirements outlined in the annual training catalogue. Other internal and external training and development opportunities (such as seminars or conferences and a tuition reimbursement program) are encouraged where appropriate.

COMMENTS/ PROCEDURES:

Course selection is determined by the manager/supervisor and the member who mutually identifies development needs and core training requirements. Managers and supervisors are responsible for enrollment of members in training programs.

(1) In-House Training opportunities:

- (a) Member attendance in training and development programs will be considered hours worked if approved by management.
- (b) Detailed training instructions and the Training Program Registration form, along with a description of the manager, supervisor, and member responsibility, are located in the Training and Development Catalog.
- (c) Enrollment is on a first come basis. All training will be confirmed prior to the class. Members unable to attend must notify the Insurance, Benefits and Training Division five (5) days prior to the class or their Department/Division will be charged a participation fee.

(2) Seminars and Conferences:

- (a) Outside conferences and seminars appropriate to the specific needs of the individual member or to the particular job may be approved for attendance depending on Department budget constraints and Department coverage.
- (b) Members approved to attend outside conferences should notify the Human Resources Division so there is a record kept of training certificates, participation, etc. in the member's file.
- (c) Members are responsible for meeting the registration requirements of the outside programs.

(3) License/Registration/Certification fees

- (a) Fees for initial licenses (over and above Florida driver's license), registrations and certifications, or renewal of same, which are required as part of the minimum qualifications to perform one's current job, are reimbursable at the Department level.
- (b) Members seeking licenses (over and above Florida driver's license), registrations, or certifications, which are directly related to a career path within Seminole County Government, are reimbursable by the County.

- (c) If an exam is required during normal work hours, the member will be given the time off with pay. If the member does not pass the exam and a subsequent test must be taken, the member must submit a leave request form for paid time off. Any expenses incurred for the subsequent test will be the responsibility of the member.
- (d) Non-exempt personnel who attend training programs (to maintain certifications, etc., which are required for a current job or directly related to a career path) in addition to normal work hours will be compensated for all overtime hours in accordance with the Fair Labor Standards Act (FLSA).
- (e) Proof of enrollment or registration for licensure, registration, or certification shall be submitted to the Human Resources Division. Documentation of successful licensure, registration or certification, along with proof of payment, is required to be eligible for reimbursement.

304.1 TUITION REIMBURSEMENT PROGRAM

POLICY:

Seminole County recognizes that a well-rounded education can enhance an employee's skill base, making him or her more valuable to the organization. The County, at management's discretion, and pending approval of funds by the Board of County Commissioners, may reimburse employees for expenses related to educational opportunities outside of the County's established training program. The purpose of this policy is to outline the criteria and procedures for the receipt of financial assistance for educational opportunities.

- (1) Funding available within the Tuition Reimbursement Program is determined by, and subject to, appropriation of funds by the Board of County Commissioners during approval of the budget each fiscal year.
- (2) Full-time employees who have completed six (6) months of employment are eligible to apply for tuition reimbursement. Employees must be in an active pay status to apply for tuition reimbursement.
- (3) Reimbursement may be granted for college-level courses that are affiliated with attainment of a college-level degree directly related to an employee's existing position or job or career path within Seminole County Government. In order to be eligible for reimbursement, courses must also involve an evaluation component (i.e. a course grade), and be offered by a regionally accredited institution.
- (4) Employees may request tuition reimbursement for up to five (5) undergraduate courses, or up to three (3) graduate-level courses, per fiscal year at the cost per applicable in-state credit hour at the University of Central Florida at the time the employee registers and pays for the class(es).
- (5) Employees may be reimbursed for up to ninety percent (90%) of the actual cost of tuition, lab fees, required course books, required course supplies, and other incidental expenses directly related and required to complete the approved course curriculum. Employees will not be reimbursed for mileage, lodging, meals, parking, application and/or registration fees, incidental supplies, or other associated institutional fees.
- (6) The level of funding approved for any given request will be determined on a caseby-case basis, and will take into account the nature and duration of the educational program. Funding for approved tuition reimbursement applications is encumbered on a first come, first served basis during each fiscal year for as long as funds are available.
- (7) Applications for reimbursement must be submitted to the Office of Human Resources, and should be proffered no later than one week prior to the first day of classes. Human Resources will review applications for employee eligibility, course relevancy, and availability of funds. Approvals will be granted in consultation with members of the appropriate management team.

- (8)If the application for tuition reimbursement is approved, the requested funding will be temporarily encumbered for the employee. The employee must provide proof of registration before reimbursement funds will be permanently encumbered for the reimbursement request. It shall be the responsibility of the employee to provide proof of registration to the Office of Human Resources; failure to do so within two (2) weeks of the course commencement may void encumbrance of the funds, opening them up for availability for other employees. Employees may seek approval for reimbursement after coursework has begun, but in the case of limited funding, priority will be given to employees who have received approval prior to the commencement of coursework.
- Tuition reimbursement payment shall be based upon tuition actually paid by the employee. When tuition is reduced by the school, the reimbursement is based upon the reduced rate. This includes, but is not limited to, discounts based upon prepaid college saving plans, military education benefits, grants and/or scholarships that reduce the tuition paid shall reduce the tuition reimbursement payment.
- All courses must be taken during non-working hours. No wages will be paid for attendance in these courses. Assignments are to be completed outside of working hours, and should not interfere with the employee's work. Employees shall not use any space, personnel, equipment, or supplies of the County in the process of fulfilling any of the requirements of coursework.
- If an application for tuition reimbursement is approved, the employee must initially pay for the course, and will be reimbursed the approved eligible costs upon successful completion, consistent with the criteria and requirements of this policy. In order to receive reimbursement, the employee must submit proof of payment to Human Resources, along with a copy of the grade(s) for each course to receive reimbursement. Reimbursement will be made after successful completion of approved course(s) with a grade of "C" or better for undergraduate level courses; a "B" or better for graduate level courses; or upon successful passage in a Pass/Fail evaluation scenario.
- Reimbursement will not be made to an employee who terminates employment with the County before completion of the course or who withdraws from a course before completion.
- In order to receive reimbursement, employees must sign an agreement committing to continue working for the Seminole County Board of County Commissioners for a minimum of two (2) consecutive years after completion of the course(s) for which reimbursement was granted. If the employee elects not to fulfill the commitment, the cost of the tuition reimbursed to the employee will be deducted from the employee's final paycheck or any other amounts payable to the employees, as allowed by applicable law.
- No reimbursement will be made for coursework required as a minimum qualification of the employee's current position.
- Participation in the tuition reimbursement program is voluntary and does not in any way guarantee promotions or transfers within the County. Seminole County reserves the right to suspend or amend the Tuition Reimbursement Program at any time.

305.0 MEDICAL PROCEDURES

POLICY:

It is the policy that applicants to whom a conditional offer of employment has been extended may be required to submit to medical tests or examinations. In addition, current members, to the extent permitted by applicable federal or state law, may also be required to submit to medical (including psychological) tests or evaluations.

- (1) Successful candidates for employment may be required as a condition of employment to pass a medical examination to establish both their fitness to perform the jobs for which they have applied and their fitness to do so without endangering the health and safety of themselves or others. If it is determined that an examination is appropriate to a particular position, all applicants for the job to whom a conditional offer of employment has been made are to be examined.
- (2) Members may be required to have a medical/psychological examination on other occasions when the examination is job-related and consistent with business necessity or as required by applicable federal, state or local law. Such occasions may arise when there is the potential for exposure to toxic or unhealthy situations, when the member is being considered for transfer or promotion, or when there is a question concerning the member's ability to perform the duties of the job he or she is being considered for.
- (3) Members are encouraged, but not required, to have physical examinations periodically during their employment and to participate in wellness programs.
- (4) Medical examinations required by the County will be paid for by the County and performed by a designated health care practitioner or licensed medical facility. Examinations paid for by the County are the property of the County and are to be treated as confidential and held in separate medical files. Records of specific examinations, as required by law or regulation or required by appropriate business practice, will be made available to the member, persons designated and authorized by the member, or other agencies or persons as allowed by law.
- (5) Members who need to use prescribed drugs while at work, when such use may impair their ability to perform their job safely and effectively, must report this requirement to their immediate supervisor. Depending on the circumstances, members may be reassigned, restricted from performing certain tasks, or even prevented from working if they are judged not able to perform their jobs safely and properly while taking prescribed drugs.
- (6) Members requesting either a Medical Leave due to their own serious health condition or a Family Leave due to the serious health condition of a qualified family member must provide Human Resources with a medical certification completed by the attending health care provider.
- (7) The County reserves the right to require recertification for extended leaves and second or third medical opinions regarding a member's absence due to a serious health

condition or regarding a health care provider's certification of a member's ability to return to work.

(8) The County reserves the right to require any member who is returning to work from an absence due to an injury or illness to report to the Human Resources Division and provide a health care provider's certification of the member's ability to return to work before the member is released to duty.

306.0 PROBATIONARY PERIOD

POLICY:

It is the policy that all new members are to be evaluated for an initial on-the-job probationary period of at least six months. After satisfactory completion of the probationary evaluation, such members will be evaluated on an annual basis as provided for in the Performance Evaluation Program.

- (1) Supervisors are to observe the performance of each member in a new position. Strengths and weaknesses in performance, attendance, conduct or attitude are to be brought to the member's attention.
- (2) Supervisors are encouraged to prepare a written evaluation of a member's job performance by the end of the first three months on the new job.
- (3) After six months, a written evaluation of a member's performance must be completed. The evaluation is to include a recommendation as to whether the member should continue in the position. The evaluation should be forwarded to the Department Director for comment/signature and then to the Human Resources Division for inclusion in the member's personnel file. A copy shall be provided to the member.
- (4) Members will be permitted to continue in their new positions if they are given both a satisfactory evaluation by the end of their initial six month employment period and their supervisor's endorsement to continue in the job. Members not receiving such satisfactory evaluation and endorsement may be given additional time to demonstrate their ability to do the job if the supervisor feels additional time (not to exceed three months) is warranted in order to achieve acceptable job performance.
- (5) Supervisors may recommend that a newly hired member be terminated at any time. Such a recommendation for termination should be reviewed with the Human Resources Division prior to the action being taken.
- (6) Newly hired members accrue leave hours beginning the first day of employment (see PTO, Paid Time Off). Leave may be taken during the probationary period if available.

307.0 TRANSFER

POLICY:

It is the policy that the County may, at its discretion, initiate or approve a member's job transfer from one position to another or from one location to another. A transfer is defined as moving to another position in the same or lower pay range. The job title may or may not change.

- (1) The County may require members to make either a temporary or permanent job transfer in order to accommodate the County's business needs.
- (2) Members may request a voluntary job transfer. To be eligible for a voluntary transfer, members must meet the minimum requirements of the new position.
- (3) The hiring authority may elect not to post a vacancy if a qualified member requests a lateral transfer or voluntarily seeks a position with a lower salary range, is disqualified from a higher level position, or whose position has been eliminated. [Note: An application is not required.]
- (4) Eligible members who request a transfer will be considered in the following order subject to the discretion of the hiring authority:
 - (a) Members in the same Department as the job vacancy;
- (b) Members who are being considered for layoff because of a reduction in force or the elimination of their position;
 - (c) All other members.
- (5) Member requests for transfer should normally be handled as follows:
- (a) The member should submit a written request for a transfer to the Department Director. The request should include the reason for the transfer and the Department and specific job wanted.
- (b) The Department Director should forward the request to the Human Resources Division to determine whether the requested job or a suitable job vacancy exists and whether the member is qualified. If a job vacancy exists and the member is qualified, the Human Resources Division should arrange an interview between the candidate and the Department Director or designee who has the job vacancy.
- (c) The candidate will be allowed time off with pay for job interviews related to the transfer and will not be required to use personal leave time.
- (d) The Department Director with the job vacancy will make the final transfer decision.
- (6) Pay for transferred members will be handled as follows:
- (a) Members transferred to a job in the same salary range will continue to receive their existing rate of pay.

- (b) Members voluntarily transferring to a job in a lower salary range may continue to be paid at their former rate providing that rate is not over the maximum of the new salary range. They may be paid a lower rate at the Department Director's discretion.
- (c) Members transferred involuntarily to a job in a lower salary range may be paid at a lower rate not to exceed the maximum of the salary range.

- (c) The transferring member, if employed by other than the Board of County Commissioners, may carryover six (6) days of accrued annual leave and twenty (20) days of accrued sick leave.

308.0 PROMOTION

POLICY:

It is the policy to provide training and development for members and to offer members promotions to higher level positions when appropriate. Management, when possible, will promote from within and will first consider current members with the necessary qualifications and skills for a vacant position, unless outside recruitment is deemed to be in the County's best interest.

- (1) All members are encouraged to seek advancement opportunities and to obtain promotion and career guidance from their supervisor, Department Director/Division Manager and/or the Human Resources Division.
- (2) A member's basic eligibility for promotion will be determined by the minimum requirements of the new job.
- (3) Job vacancies and promotions for which management seeks candidates from within the County will be posted on the internal job list. When job vacancies or promotion opportunities are posted, interested members must complete a Seminole County Job Opportunities form and submit it to the Human Resources Division prior to the advertised closing date.
- (a) As regular vacancies occur, the hiring authority is expected to review the position requirements and determine the necessity of filling the position.
- (b) It is determined that a position must be filled, the hiring authority then reviews the position duties, responsibilities and minimum qualifications, including the essential functions of the job, and updates and revises the job description with the assistance of the Human Resources Division's staff, if necessary.
- (c) Qualifications of the Seminole County work force may then be reviewed by the hiring authority to determine if any current regular members are qualified for the position.
- (d) If a pool of qualified members is available, the hiring authority may elect to first post the vacancy in-house for at least five business days.
- (e) If internal recruiting efforts are unsuccessful or if the hiring authority determines that no viable internal candidates exist, the position may then be posted externally. (See HIRING for procedures.)
- (4) Current member candidates for promotion will normally be considered and selected on the basis of job-related qualifications, tests where appropriate (demonstrated ability), attendance, work records, and performance evaluation. In addition, to the extent permitted by law, such members may be required to have a medical examination.
- (5) A member who is promoted may receive an increase in pay not to exceed the maximum of the new pay grade. The anniversary review date will be adjusted accordingly.

309.0 HOURS OF WORK/OVERTIME

POLICY:

It is the policy to establish the time and duration of working hours as required by workload, productivity, customer service needs, the efficient management of human resources and any applicable laws.

- (1) The normal workweek for all members shall be forty hours. Exceptions may be made in accordance with the law at the discretion of the Department Director or their designee. All time which is to be taken for meals shall consist of either one-half hour or an hour. This time is not to be included in the total hours worked for the workweek, and is not intended as a means for members to make up time for reporting to work late or leaving early.
- (2) The official workweek shall commence at 12:01 a.m. Sunday and end at 12:00 midnight Saturday except as follows:
- (3) The schedule of hours for members will be determined by each Department Director or designee who will inform members of their daily schedule of hours of work, including meal periods, break periods, and any changes deemed necessary or desirable by the County. Breaks are not intended to be combined with meal periods nor to be used to make up for late arrival or early departure.
- (4) There are no provisions for breaks or rest periods for any member during their regular workday other than designated meal times. Breaks and rest periods may be given at the discretion of the Department Director, Division Manager, or their designee, as long as such breaks do not interfere with the operation of the work section to effectively meet operational goals. Breaks and rest periods shall not be longer than fifteen (15) minutes. However, the frequency and duration of breaks and rest periods is dependent upon the judgment of the supervisor with the concurrence of the Department Director.
- (5) Department Directors, Division Managers or their designee may schedule overtime or extra shifts when necessary. Supervisors will assign overtime to members in the job for which overtime is required. Non-exempt members are eligible to receive overtime compensation at the rate of time and one-half for all hours worked in excess of forty hours in one week. Non-exempt members are not permitted to work overtime without the prior approval of their supervisor, Division Manager or Department Director. For the purposes of overtime calculation, hours worked and holiday pay hours, including the Personal Day (employee birthday), in excess of forty hours during a workweek will be counted towards overtime compensation. Hours worked excludes paid time off leave and other leaves. Compensatory time may be granted at the discretion of the supervisor, Division Manager, or Department Director.
- (6) It is the responsibility of supervisors, Division Managers and Department Directors to limit overtime scheduling to essential operational activities. Managers are responsible for ensuring overtime budgeting is considered when approving overtime, even in the form of compensatory time.
- (7) Compensatory time must be authorized by the supervisor, Division Manager, or Department Director in writing, prior to the work being performed.

- (8) Compensatory time may not be used before it has been earned and its use has been approved.
- (9) Non-exempt employees may accumulate up to eighty (80) hours of compensatory time.
- (10) Members who have requested the use of their compensatory time off shall be permitted to use such time within a reasonable period after making the request, provided it does not unduly disrupt the operations of the County.
- (11) Accrued compensatory time must be taken prior to using any accrued Paid Time Off (PTO).
- (12) Compensatory time balances will be paid out on the twenty-sixth (26th) pay period each year, when an employee changes departments, when an employee moves from a non-exempt to exempt position, or when an employee separates from employment.
- (13) Members are required to be present at their assigned work location for the total designated hours in their prescribed workweek unless their absence is authorized and documented by an approved leave request form. All absences shall be properly recorded and charged to the member's leave record.
- (14) Members in classifications exempt from overtime payment shall be compensated by a regular salary on the basis that extended workdays and/or workweeks may be required to accomplish the assignments of their positions. Such members are expected to work whatever reasonable hours are necessary to complete assignments and successfully execute the duties and responsibilities of the position.

310.0 PERSONNEL RECORDS

POLICY:

It is the policy that individual employee personnel files maintained by the Human Resources Division shall be the official personnel file.

COMMENTS/PROCEDURES:

- (1) It is the responsibility of each member to keep all information in his/her personnel file up to date, current and accurate by notifying the Human Resources Division of any information changes.
- (2) The Human Resources Division and the County are not responsible when incorrect withholdings, wrong beneficiaries, or loss of member benefits result from the failure of a member to keep personnel records current.
- (3) Pursuant to Florida law relating to public records, the records and files of the Human Resources Division are generally considered to be open for inspection and copying by any person provided that such review is conducted in the physical presence of the custodian of records or designee during regular operating hours. Some records may be exempt by law. It shall be the responsibility of the member to notify the Human Resources Division Manager if he/she believes that he/she is eligible for a public records exemption in accordance with State law.

All requests from sources outside of Seminole County Government pertaining to inspection of personnel files, or to employment verification or reference checks on any current or former employees, should be referred to the Human Resources Division.

311.0 TEMPORARY AND ON-CALL MEMBERS

POLICY:

It is the policy to supplement the regular work force with temporary or on-call members, or other forms of flexible staffing when needed, because of periods of peak work load, member absences or other situations as may be determined by management.

- (1) A temporary member is an individual who is hired either part-time or full-time for a limited period. An on-call member is an individual who is hired for an indefinite period, but who normally works less than a 40 hour workweek. Other flexible staffing job titles or arrangements may be added as needed.
- (2) Temporary and on-call vacancies need not be advertised.
- (3) Regular full-time members who are given temporary transfers are not considered temporary members unless their jobs have been eliminated and only temporary employment is available.
- (4) The County may utilize students, volunteers and other similar applicants for flexible staffing purposes, if not prohibited by law. When deemed necessary, such applicants will be required to provide a certificate of age.
- (5) Temporary and on-call members are not eligible for paid absences. A member whose status changes from full-time to on-call will receive payment of all unused accrued paid time off leave, subject to a 960 hour maximum. A member whose status changes from temporary or on-call to full-time will be considered as hired on the date of the change of status for purposes of eligibility for personal time off. Information concerning eligibility of temporary and on-call members for other County benefits, such as the Florida Retirement System, is available from the Human Resources Division.
- (6) Temporary and on-call members are to be paid no less than the salary range minimum for their job title.
- (7) At the Department Director's discretion, on-call and temporary members may be able to compete for internally posted positions for regular full and part-time vacancies in the same classification.

312.0 DUAL EMPLOYMENT

POLICY:

It is the policy to allow members to serve in a dual employment relationship within the County in those instances where no overtime liability results, as defined by the Fair Labor Standards Act (FLSA).

Therefore, members may only secure dual employment in temporary and on-call (meaning infrequent, irregular or occurring in scattered instances or when not scheduled to work) positions that are substantially different in capacity than their normal job duties.

- (1) When a current member applies for a second position with the County of a temporary or an on-call nature, the member should complete the Current Member Application for Employment form. The Human Resources Division will review the member's current job description to determine that the work to be performed in the second position is in a substantially different capacity than the member's normal job functions. If so, the application will be reviewed and handled in accordance with approved employment procedures.
- (2) Any disciplinary action taken on the member in either position may affect the employment status of the member in both positions.

313.0 SEPARATION FROM EMPLOYMENT

POLICY:

It is the policy to separate employment because of member's resignation, termination or retirement, the expiration of an employment contract or a reduction in the work force. Termination can be for any reason not prohibited by law.

- (1) Members are requested to give written notice of their intent to resign. The following guidelines are suggested:
 - (a) Management members should give four weeks notice;
 - (b) All other members should give at least two weeks notice.
- (2) Members who are absent from work for three consecutive days without being excused or without giving proper notice will be considered as having voluntarily quit.
- (3) Supervisors should send notices of resignation or recommendations for termination with a Status Change form to the Human Resources Division for processing. These notices should be accompanied by any needed supporting documents such as notices of corrective action, disciplinary reports and letters of resignation. All involuntary terminations must be reviewed by the Human Resources Division before any final action is taken.
- (4) Supervisors should ensure that all County property is returned by the member prior to separating employment. This can be accomplished by using a checklist that itemizes what must be relinquished by the member.
- (5) Requests for employment references should be made in writing to the Human Resources Division and should include an authorization by the member for the release of the requested information.

314.0 LAYOFF

POLICY:

It is the policy that any member may be laid off when it becomes necessary by reason of, but not limited to: shortage of funds, lack of work, the abolition of a position or changes in job duties or organizational structure, or for other reasons within the discretion of the County.

- (1) In the event the County determines that a reduction in the work force is necessary, temporary and newly hired probationary members in the affected classifications and Department shall be laid off first. If further reductions are necessary, regular members in the affected classification shall be laid off from the classification and Department affected.
- (2) The order of such layoffs in most cases will be based on length of service with the County, the members' ability to perform the required work and the members' performance evaluations for the past three (3) years. The County's Equal Employment Opportunity Plan and Veteran's Preference will be reviewed prior to any layoffs. In the event of the relative inequality of these factors between members in the same classification and Department, the member with the higher values rating will be retained as determined by the County.
- (3) Severance pay may be authorized by the Board of County Commissioners. If approved it will be paid according to the following schedule:

Length of Service*	Amount of Severance
Less than 6 months 6 months to 3 years 4 to 6 years 7 to 9 years	None one (1) week regular pay two (2) weeks regular pay three (3) weeks regular pay
10 years or more	four (4) weeks regular pay

- (4) The decision to layoff members shall not be grievable in accordance with the grievance procedure as outlined in these policies and procedures.
- (5) Discrimination against any member in the layoff process because of race, color, religion, sex, age, national origin, political affiliation, or disability, except when such physical disability is job related, shall be prohibited.
- (6) The Human Resources Division will provide members affected by a layoff with the following services:
 - Job Counseling
 - Assistance in preparing resumes
 - Placement assistance
 - Assistance in referrals to other employers

315.0 RECALL

POLICY:

It is the policy that laid off members shall be recalled to County employment based on the need of the County. Laid off members shall be eligible for recall for a period of one (1) year. Members affected by a layoff will be eligible to apply for internal job listings for up to two (2) years.

- (1) All members separated during a reduction in force shall be listed for reinstatement consideration in reverse order of layoff.
- (2) Upon selection for the same or similar job held before the reduction in force, the member will be eligible for a reinstatement appointment.
- (3) Members affected by a reduction in force and recalled to a County position will have their anniversary and performance review dates adjusted appropriately.

401.0 SALARY ADMINISTRATION

POLICY:

It is the policy to pay compensation which is non-discriminatory and competitive with rates being paid for similar jobs by other employers in the labor market. However, all compensation policy decisions must take into consideration the County's overall economic condition, competitive position and fiscal policies of the Board of County Commissioners.

- (1) New members generally will be hired at the starting rate assigned to their salary range. Supervisors may recommend higher starting rates depending on an applicant's experience or skill level or on other competitive considerations. These recommendations should be approved by the appropriate Department Director and will be reviewed by the Human Resources Division before implementation.
- (2) Members promoted into new positions generally will receive promotional increases at least to the minimum of the new salary range. No increase will be granted which brings member's base salary above the maximum of the new range. Promotional increase recommendations should be approved by the Department Director and will be reviewed by the Human Resources Division before implementation.
- (3) Members transferring laterally from one job to another in the same salary range generally will not receive an increase.
- (4) Considerations for reclassifications or transfers to lower level positions will be handled by the Department Director and the Human Resources Division prior to any discussion with the member. The salary of any member transferred or reclassified to a lower level position should not, in most cases, exceed the maximum of the new salary range.
- (5) When a position is reclassified to higher salary range and job title as a result of a significant change in job duties, the member's salary will be increased to at least the minimum of the new salary range.
- (6) Special adjustments to salary may be granted to correct internal or external equity problems with the approval of the Department Director and review by the Human Resources Division.
- (7) If a member is temporarily appointed full-time to a higher-level position for more than 30 days, the member will receive a temporary increase of 5% or the minimum of the higher pay grade, whichever is more, but not to exceed the maximum of the higher salary grade, effective the first day in the temporary appointment.
- (8) Annual merit increases will be considered as a means to recognize and reward permanent members for their performance, encourage careers within the County, and recognize contributions to County service.
- (9) Member may be appointed to a trainee position at a salary below the salary range minimum of the assigned classification for a training period not to exceed 12 months.

(10) Newly hired members may be eligible for a merit increase after they complete their career service probation. This merit increase would be based on the merit matrix and prorated for the number of months of probation. For example, members completing a six month probation period could receive 50% of the award calculated on the merit matrix; members completing a 12 month probation could receive the entire award.

402.0 PERFORMANCE MANAGEMENT/EVALUATION

POLICY:

It is the policy that managers and supervisors provide each member with formal feedback on their performance using systems aligned with the County's strategies, values and vision.

- (1) Management personnel should complete written performance evaluations according to the following schedule:
 - A mid-probationary evaluation at 3 months is recommended.
 - At the end of the member's initial probationary period, normally the first six months of employment.
 - The annual anniversary date of employment for Department Directors, Division Managers and other management members as identified by the County Manager.
 - At the beginning of the fiscal year for all members who have completed one year of employment other than management members identified above.
 - At any time deemed appropriate to recognize improved performance.
 - When member is transferred or demoted.
 - When, in the opinion of the immediate supervisor, performance has dropped below acceptable standards. This evaluation will be the monitoring tool used when a member is placed on special probation for up to 90 days.
- (2) The written performance evaluation of each member should include the supervisor or manager's comments on the member's performance throughout the period of evaluation and recommendations for the member's continuous growth and development. Performance goals and objectives should also be included for the next evaluation period.
- (3) A *One-over* signature (the reviewer's manager or supervisor) is required on each performance review. This individual should review and sign each written evaluation to help insure the quality, consistency and fairness of each evaluation administered.
- (4) After the written evaluation has been reviewed and signed, the manager or supervisor and member should meet and discuss the evaluation, assess the member's strengths and areas for improvement in a constructive manner and set objectives and goals for the upcoming period. The member should be given the opportunity (five working days) to examine the evaluation and make written comments about any aspect of the review. The member and the supervisor should then sign and date the evaluation and forward it through the appropriate lines of supervision to the Human Resources Division for processing.
- (5) Members who wish to review their evaluation may request a review through the line of supervision up to the level of Department Director. This request must be in writing and submitted within five working days of receiving the performance evaluation.
- (6) Performance evaluations may be considered when making decisions regarding training opportunities, pay, promotion, transfer and/or continued employment.

403.0 JOB EVALUATION

POLICY:

It is the policy to evaluate all jobs in order to establish a consistent basis for measuring and ranking the relative worth of each job. Further, it is the intent of the County to maintain salary ranges, current job titles and job descriptions in accordance with sound compensation practices.

- (1) The Human Resources Division is responsible for coordinating the continuing internal review of all compensation and for making sure that each job is evaluated and assigned a salary range which accurately and fairly reflects each job's responsibilities and performance.
- (2) The Human Resources Division will participate in compensation surveys covering other employers with similar jobs. This and other available information will be used to determine the relative competitive position of the County's pay structure and merit system and to make recommendations to the Board.
- (3) The Pay Plan contains salary ranges with a minimum and a maximum rate for each job title. The Human Resources Division may recommend changes in salary range assignments as needed for administrative effectiveness and based on organization and market changes. These changes are to be approved by the County Manager or his/her designee.
- (4) Member compensation within any salary range is based on such factors as length of service, experience, individual productivity and external market factors. All members shall be paid at rates which fall within the approved salary ranges, unless otherwise exempted.
- (5) The Human Resources Division should evaluate all new positions and review, on a periodic basis, all job descriptions to ensure that they accurately reflect current conditions. An authorized position may not be filled until it has been classified in accordance with the Pay Plan. If a suitable job title does not exist, the Human Resources Division may recommend the establishment of a new classification and salary range for approval by the County Manager or his/her designee.
- (6) The Human Resources Division is responsible for the development and administration of the job evaluation program. This includes responsibility for revising/updating job descriptions, changing job titles, deleting job titles that are no longer needed, and reclassifications. Recommendations will be submitted to the County Manager for final approval.

404.0 PAY PROCEDURES

POLICY:

It is the policy to pay members on a regular basis and in a manner which ensures that the amount, method and timing of such payments complies with any applicable laws or regulations.

- (1) Members normally will be paid biweekly. If the regular payday occurs on a holiday, members will be paid on the last working day prior to the regular payday.
- (2) Members will receive with their payroll check a statement showing gross pay, deductions and net pay. Members who discover a mistake in their paycheck, lose their paycheck or have it stolen should notify Payroll immediately. In the case of a mistake, the error will be remedied promptly. In the case of loss or theft, Payroll will attempt to stop payment on the check and issue a new one to the member. However, the member is solely responsible for the monetary loss and the County is not responsible for the loss or theft of a check.
- (3) Members who are eligible for leave may receive an advance on their pay so long as an approved request is submitted to Payroll at least one pay period prior to the commencement of the leave. Such requests shall be in workweek increments only.
- (4) Overtime for non-exempt members shall be paid, at the discretion of the Division Manager, by either: (1) paying the member time and one-half his or her regular rate of pay for all overtime hours, or (2) permitting the member to take compensatory time for all overtime hours worked at a rate of not less than one and one-half hours for each hour of overtime worked.
- (5) Members who have requested the use of their compensatory time off shall be permitted to use such time within a reasonable period after making the request provided it does not unduly disrupt the operations of the County. Any accrued compensatory time that is unused will be paid to the member on the twenty-sixth (26th) pay period of each calendar year.
- (6) Upon separation from employment with the County all unused compensatory time will be paid to the member.

405.0 PAY FOR WORK DURING EMERGENCIES OR DISASTERS

POLICY:

This policy establishes the framework under which employees may be assigned and fairly compensated for work in preparation for and/or response to a natural, technological, or human-caused emergency or disaster. The policy shall be activated when the County Chairman, or acting Chairman, signs a Local State of Emergency declaration for a forecasted emergency/disaster or when the Emergency Operations Center is activated in preparation for a Local State of Emergency declaration. Return to normal payroll policy occurs when the Emergency Operations Center closes and the County officially moves from response to recovery as directed by the Chief Administrator of the Office of Emergency Management.

This policy is also activated when work is being performed in another County/State during a disaster or emergency event pursuant to a Statewide Mutual Aid Response or Emergency Management Assistance Compact. Employees are to be paid from mobilization to demobilization of the mission.

The policy allows the County to perform vital activities to protect lives, prevent injuries, and sustain community-wide emergency response activities when the need to provide emergency services supersedes other County operations. During an emergency or disaster, employees may be temporarily reassigned to duties not normally in the scope of their position and/or to work at different job sites.

All employees in Seminole County are considered essential, and are expected to carry out public servant activities during times of disaster. Exemptions may be made for medical and other hardship issues on a case-by-case basis. Employees that fail to report to their work assignments during an emergency or disaster may be subject to disciplinary action up to and including termination.

To receive compensation during an emergency or disaster, an employee must be engaged in a disaster/emergency related task or assignment. Individuals who are absent due to scheduled PTO will be paid in accordance with the normal pay policy and will not be compensated under this policy.

- (1) Emergency Roles (E-roles): Employees should expect to be reassigned to E-roles during times of emergency or disaster to perform critical duties.
- (2) Employees are required to contact Human Resources at the beginning of each shift if unable to fulfill the E-role activity due to injury or other hardship in accordance with Human Resource Policy 601.0, Attendance and Punctuality.
- (3) Compensation (Emergency Payroll Rate): Employees who assume supervisory emergency or disaster role responsibilities, as designated in the Incident Action Plan for the emergency or disaster, shall receive TEN AND NO/100 DOLLARS (\$10.00) per hour over their normal pay (examples: EOC section chiefs, shelter managers, citizens information hotline managers, sandbag operations managers). All other employees who work in an emergency or disaster related activity will be compensated at FIVE AND NO/100 DOLLARS (\$5.00) per hour over their normal pay for the extent of their

deployment. The Emergency Payroll Rate would be the employee's normal straight time rate, plus the above-noted compensation amount.

- (4) Non-exempt (hourly) employees shall receive their Emergency Payroll Rate, plus overtime (time and one-half) for all hours worked in excess of forty (40) hours per week, in accordance with Human Resource Policy 309.0, Hours of Work/Overtime, when serving in functions subject to this policy.
- (5) Exempt (salaried) employees who work in excess of forty (40) hours per week will receive their Emergency Payroll Rate for all hours worked in excess of forty (40) hours per week, when serving in functions subject to this policy.
- (6) In reaction to an emergency or disaster, the County Manager may suspend normal County operations and direct employees not to report to work. Under this circumstance, employees normally scheduled to work who are instructed not to report to work due to the closure will receive full pay for the workday.
- (7) When County operations have been closed down due to an emergency or disaster and a Local State of Emergency has been declared in accordance with the provisions of the Seminole County Code, County personnel will receive Emergency Payroll Rate for hours worked during the emergency or disaster, in addition to their normal pay for the workday(s).
- (8) Employees on any type of approved leave prior to or during a declared emergency or disaster will not receive additional paid time off and will be paid according to the original approved leave request. Employees whose leave is canceled as a result of the declared emergency will be compensated in accordance with this policy.
- (9) Departments will track any straight-time and overtime payroll expenses that are directly related to emergency/disaster work associated with the Local State of Emergency declaration. This report will be required for reimbursement purposes if a Federal Disaster Declaration is confirmed.
- (10) Departments are responsible for reconciling any emergency/disaster hours worked with the associated Incident Action Plan, Unit Activity Log, Work Order, or Mission Report.
- (11) Members of the collective bargaining units will receive wages and benefits in accordance with the collective bargaining agreement.

406.0 RETIREMENT

POLICY:

It is the policy, in accordance with Florida Retirement System rules, that members are eligible for retirement on the first day of the month following the month in which they are vested. The County Manager has the option of appointing selected executive level members to the Senior Management Service based on a ratio of the total number of members, as set by the Florida Retirement System.

Subsequent calls while on the first two (2) hour minimum shall not be eligible for an additional two (2) hour minimum and the member will be paid for the actual time worked beyond the first minimum. Upon approval of their immediate supervisor, members may elect to forfeit a portion or the entire regular work schedule or re-schedule their regular shift if time and business necessity permit.
- (c) Members designated for on-call duty may be authorized to take home a County vehicle and the necessary service equipment while on on-call duty in accordance with the Division/Department policies and procedures. 701.0 CITIZEN INTERACTION	68
702.0 SOLICITATION/DISTRIBUTION	69
703.0 DISCIPLINARY CORRECTIVE PROCEDURES	70

701.0 CITIZEN INTERACTION

POLICY:

It is the policy to be citizen and service oriented, and to require members to treat citizens and other members in a courteous and respectful manner at all times.

- (1) Members must understand that the citizen comes first. All members have an obligation to represent the County in a positive fashion and to make citizens feel as comfortable as possible in dealing with the County.
- (2) Members with citizen contact are expected to know the County's programs and services, and to learn the wants and needs of citizens. Such members should attempt to educate citizens about the use of County services and should seek new ways to serve the citizen.
- (3) Members are encouraged to report recurring citizen related problems to their supervisor and/or make suggestions for changes in County policies and/or operating procedures to solve problems.
- (4) Members should be prepared to listen carefully to citizen inquiries and complaints and then deal with them in a responsible, professional manner. If a controversy arises, the member should attempt to explain County policy in a clear, yet deferential manner. If a citizen becomes unreasonable or abusive and the member cannot resolve the problem, the citizen should be referred to the member's supervisor.
- (5) Members should be particularly careful to exercise courtesy and thoughtfulness when using the telephone. A positive telephone contact with a citizen can enhance goodwill while a negative experience can destroy a valuable relationship.
- (6) Members must realize that they are ambassadors for the County, regardless of their position. The more goodwill promoted by members through their interaction with the citizens, the more our citizens will respect and appreciate the services provided by the County.

702.0 SOLICITATION/DISTRIBUTION

POLICY:

It is the policy to prohibit solicitation and distribution on County premises by nonmembers, unless they have prior approval of the County to do so. Solicitation and distribution by members is only permitted as outlined below.

- (1) The County limits solicitation and distribution on its premises because, when left unrestricted, such activities can interfere with the normal operations of the County, can be detrimental to member efficiency and can pose a threat to security. This includes the personal use of electronic means.
- (2) Persons who are not employed by the County are prohibited from soliciting funds or signatures conducting membership drives, distributing literature or gifts, offering to sell merchandise or services or engaging in any other solicitation in any area on any part of the County property that is not open to the general public.
- (3) Members of the County are prohibited from engaging in solicitation of fellow members during the working time of any member involved in the solicitation. Working time shall not be construed to apply to break periods and mealtimes, whether paid or unpaid, or other specified periods during the workday when members are not engaged in performing their work tasks.
- (4) The County Manager may authorize fund drives on behalf of charitable organizations or special causes. However, members are not to be discriminated against because of their willingness or unwillingness to participate.
- (5) Distribution of literature by members during working hours or in areas where the actual work of members is performed is prohibited. However, members are allowed to view literature or items for sale during their breaks in a location designated for such.
- (6) The County maintains bulletin boards in designated work areas to communicate County information to members and to post notices required by law. These bulletin boards are for the posting of County information and notices only, and only persons designated by the Department Director or a designee may place notices on or remove material from the bulletin board.
- (7) Florida Statutes govern political activity of members. Members are encouraged to be politically aware and active, and to exercise regularly their right to vote. Active political campaigning or solicitation for political contributions while on duty or in County uniform is prohibited.

703.0 DISCIPLINARY CORRECTIVE PROCEDURES

POLICY:

Seminole County is deeply committed to the work philosophies and expectations (outlined in the Code of Conduct) which serve as guidelines for our behavior and performance. If performance or behavior is inconsistent with these philosophies and expectations, management is expected to address these issues through a progressive discipline process. The process begins with an understanding that problem-solving inconsistent behavior changes should be the primary emphasis and disciplinary actions the final resort. The focus of the disciplinary process is corrective action through individual member responsibility rather than punishment.

- (1) Consistency is very important. However, given the diversity of the work processes within our organization, leaders are expected to use their best judgment for the appropriate application of discipline. The County's values, policies and procedures, as well as the organizational and departmental missions and accountabilities serve as the foundation for disciplinary decision making. All problems should be addressed and solved as quickly as possible and at the lowest possible level.
- (2) The County retains the right to administer discipline in any manner it sees fit and to modify or delete these procedures at its sole discretion.
- (3) It is the member's responsibility to correct performance and behavior problems on which disciplinary action is based.
- (4) Depending upon the circumstances of the offense, disciplinary action may include, but is not limited to some or all of the following:
 - Discussion of the issue
 - A Tips on Performance
 - A verbal warning
 - A written warning
 - A written reprimand
 - Placement on probation (used for performance improvement and misconduct)
 - Suspension
 - Termination
- (5) There may be offenses which are considered so unacceptable that termination is the appropriate course of action regardless of a member's length of service, prior conduct, and/or performance record. Lesser offenses, even for the first offense, do not preclude termination.

- (6) Some examples of a major offense are:
 - Insubordination
 - Physical Harm/Assault
 - Theft or Pilfering
 - Malicious or willful destruction (abuse) of county property
 - Fraud or Dishonesty
 - Drug/Alcohol Use and/or Possession
 - Violation of the Law

 - The member has committed no offense requiring any disciplinary action for the period of time following the initial offense as indicated below:

Verbal Warning/Written Warning One (1) year

Written Reprimand Three (3) years

Suspension Level I Five (5) years

- The affected member submits a written request to the Human Resources Division to initiate clearing of a specified disciplinary action according to the provisions of this section.
- (b) The Human Resources Division will notify the member whether or not removal of the disciplinary action is appropriate.
- (c) Should the disciplinary action be eligible for removal, the Human Resources Division will also notify the member's Department and Division to return to the Human Resources Division any copies of the disciplinary action, along with attachments, which may be filed in the Department/Division files.
- (d) In accordance with State-mandated regulations that govern personnel records, cleared disciplinary actions shall not be destroyed; rather, the Human Resources Division will maintain a file separate from members' personnel files of all disciplinary actions. All such records shall be retained in accordance with the State of Florida records retention requirements.

- (e) If desired, the appellant may submit a statement for the County Manager's consideration within five (5) calendar days of receipt of Hearing Board's recommendations. 802.0 POLICY AGAINST SEXUAL HARASSMENT

POLICY:

All individuals have the right to work in an environment free from discrimination, including sexual harassment. The County prohibits any form of sexual harassment involving its members, contractors, volunteers, guests and visitors. To this end, the County will take prompt and appropriate action to prevent and correct behavior that violates this policy.

COMMENTS/PROCEDURES:

(1) Requirements/Responsibilities

- (a) All members, contractors, and volunteers shall strictly adhere to this and all other County policies concerning sexual harassment and discrimination. It is the duty of all members, contractors, and volunteers to familiarize themselves with this and all other County policies concerning sexual harassment and discrimination. Any questions regarding this and/or any other County policies concerning sexual harassment and discrimination should be directed to the County's Human Resources Division. Violation of this and/or any other County policies concerning sexual harassment and discrimination shall result in disciplinary action up to and including termination.
- (b) Managers and supervisors shall be responsible for eliminating any sexual harassment and discrimination of which they are aware or should be aware. It shall also be the responsibility of the managers and supervisors to immediately report any actual or suspected violations of this policy to the Human Resources Division Manager. The failure by a manager or supervisor to satisfy these responsibilities shall result in disciplinary action up to and including termination.
- (c) Individuals who witness or who have knowledge of actual or suspected acts of sexual harassment or discrimination are required to immediately notify their Department Director or the Human Resources Division Manager.
- (2) Definition Sexual harassment is defined as unwanted contact of a sexual nature, or other conduct based upon sex affecting the dignity of the recipient. It includes unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:
- (a) Submission to such conduct is made, either expressly or implicitly, a condition of the recipient's employment; or
- (b) Submission to or rejection of such conduct is used as a basis for an employment decision affecting the recipient; or
- (c) The harassment has the purpose or effect of unreasonably interfering with the recipient's work performance or creating an environment that a reasonable person would find intimidating, hostile, abusive, or offensive.
- (3) Sexual harassment may occur through verbal comments, physical contact, written media, pictures, or electronic mail. Unacceptable verbal conduct includes unwelcome advances or propositions, inappropriate personal questions, innuendo, jokes, teasing,

- (4) Procedures A complaint of sexual harassment may be initiated by any member or any applicant who believes that he or she has been sexually harassed.

If you are being harassed, you should immediately (or as soon as possible after being harassed) inform the harasser, as clearly and assertively as possible, that his/her behavior is offensive and unwelcome and that it should be stopped immediately. Additionally, you should document all activities/actions associated with the harassment (e.g., dates, times, witnesses, situations). If you do not feel comfortable approaching the harasser, you should immediately (or as soon as possible after being harassed) contact their Department Director or the Human Resources Division Manager to discuss alternative ways to informally remedy the harassment.

All complaints shall be promptly investigated, written findings shall be made, and appropriate remedial action shall be taken if it is determined that a violation has occurred.
- (c) A record of the complaint and the findings will become a part of a complaint investigation record, and the file will be maintained in a separate investigation file in the Human Resources Division. Any resulting disciplinary action will become part of the permanent personnel file.
- (d) All complaints will be handled confidentially, except as may otherwise be required by law or as may be necessary to conduct a complete and thorough investigation of the allegations. Individuals filing a complaint should recognize that the allegations may have to be discussed with witnesses and other persons concerned, including the alleged harasser, as part of the investigatory and/or disciplinary process.

Individuals found to have knowingly made a false claim or knowingly given false

information in an investigation shall be subject to disciplinary action up to and including termination.

In summary, the County will not tolerate sexual harassment, discrimination, or retaliation. Violators of this policy will be subject to disciplinary action up to and including termination. For the County to effectively enforce this policy, it is important that complaints of sexual harassment, discrimination, or retaliation be raised promptly and that they be accompanied by as much detailed information and documentation as possible.

900 MISCELLANEOUS	
901.0 UNION POLICY	80

901.0 UNION POLICY

POLICY:

It is the policy that all members have the right to deal directly with their supervisor or manager with reference to all working conditions. Therefore, the County is opposed to an outside third party, a union, in our working relationship with members.

- (1) When management and members work toward common goals, unions are unnecessary. The County recognizes and accepts its obligation to provide members with good working conditions, good wages and benefits, fair treatment and personal respect, which each member deserves.
- (2) Seminole County does not and will not discriminate against any member because of his or her membership or nonmembership in any organization. However, it is not necessary for members to belong to a union or any other organization in order to hold a job with the County.
- (3) It is our belief that a union would not benefit members, the County, nor the public we serve. It is therefore Seminole County's intention, as permitted by state law, to oppose by lawful means any union which may seek to organize members.

- A. **PURPOSE.** The purposes of this document are to: (1) establish the standards for the Seminole County Government Employees' Deferred Compensation Plan, (2) adopt criteria for the selection and retention of the Plan's investment options, and (3) provide a method for the monitoring, annual evaluation and reporting of the investment options and the Plan generally all as required by Chapter 195, Part IV, Seminole County Code (hereinafter the "Governing Ordinance").
- В. **POLICY.** It is the policy of the County to make available a broad range of investment options that have varying degrees of risk and return for the benefit of the County's employees and those employees of the other constitutional officers who may wish to participate through a qualified and competitively selected Plan Services Provider. By virtue of its sponsorship of the Deferred Compensation Plan (hereinafter the "DCP" or the "Plan") the County bears responsibility for insuring that a reasonable variety of investment options is available, that information regarding those options is available to participants, that program administrative costs are kept to a minimum and that the selected Plan Services Provider is qualified and properly licensed to offer such services. The County's 457(b) Government Deferred Compensation Plan is a participant directed investment program, authorized by Section 112.215, Florida Statutes, and Chapter 195, Part IV, Seminole County Code. The County, in its employer capacity, does not know the retirement need, time horizon, investment preferences or risk tolerance of its employees, and therefore cannot make an investment allocation for the individual. Only the Employee Participant can define these needs and make appropriate investment decisions. Accordingly, the Plan is intended to be a bilateral relationship between the Employee Participant and the Plan Services Provider with the County's sponsorship and oversight responsibilities strictly limited to the functions specified in the Governing Ordinance and this Policy.

C. **DEFINITIONS.**

- Actively Managed Product. An investment strategy that relies on active trading strategies in an effort to out-perform the financial returns generated by a market benchmark index.
- Best Interests of the Employee Participants. Reasonable consideration of cost, continuity, return, risk, flexibility, and security of the individual's beneficial interest in the plan assets.
- Percentile Ranking. This is the fund's tax-adjusted total-return percentile rank for the specified time period relative to all investment products that have the same Morningstar Category. (The most favorable being 1, and least favorable being 100).
- Default Fund. An investment option created during the 2006 Pension Protection Act, allowing plans to invest a participant's assets, if it is deemed that the participant has exercised control over the assets in his or her account, into a Qualified Default Investment Alternative ("QDIA"). Each approved Investment Provider shall have a designated QDIA currently within the Deferred Compensation Program in the amount and under such terms as recommended by the Plan Services Provider.

- (5) Deferred Compensation Program (DCP). The program created pursuant to Section 112.215 Florida Statutes, which is embodied in the Government Employees' Deferred Compensation Plan Governing Ordinance and administered pursuant to this Policy.
- (6) *Investment Product.* A product purchased with the expectation of favorable returns. Investment Products are compiled from securities and financial instruments in order to produce investment returns in the form of income and/or capital appreciation.
- (7) Investment Provider. A private sector company recommended by and offered through the Plan Services Provider and approved by the County, which offers investment products, investment education, and markets its products to Employee Participants through the Deferred Compensation Program.
- (8) *Morningstar.* Morningstar Direct Software, as licensed for Morningstar, Inc., to be used by the Plan Services Provider to evaluate and monitor the quantitative measures of investment products in the Deferred Compensation Program.
- (9) *Morningstar Category.* A classification based on an Investment Product's statistics and composition over the past three years.
- (10) Morningstar Overall Rating. The Morningstar Rating for mutual funds, commonly called the star rating, is a measure, published by Morningstar, Inc., of a fund's risk-adjusted return, relative to other mutual funds in its category. Funds are rated from one to five stars, with the best performers receiving five stars and the worst performers receiving a single star.
- (11) *Mutual Fund.* A professionally managed collective Investment Product that pools money from many investors to buy stocks, bonds, short-term money market instruments and other securities.
- (12) Observation Status. The condition of a mutual fund at the time of the Plan Services Provider's periodic review having a Morningstar Overall rating within category greater than 50th percentile **and** a Morningstar Overall rating of less than 3 stars **or** a Morningstar 5-year percentile ranking within category greater than 75th percentile.
- (13) Passively Managed Product (Index Fund). An investment strategy that produces the same level and pattern of financial returns generated by a market benchmark index.
- (14) *Performance Benchmark.* A market benchmark index that is designated by an Investment Product's prospectus for use in measuring investment performance.
- (15) Sharpe Ratio. A risk-adjusted measure that is calculated by dividing the excess return by total risk incurred by an investment to determine reward per unit of risk.

- (16) Termination Review Status. The mutual fund is in Observation Status for four consecutive quarters as monitored by the Plan Services Provider and reported to the County.
- (17) *Termination.* At least two consecutive quarters in Termination Review Status **and** a Morningstar 1-year percentile ranking within category greater than 50th percentile at quarter end.

All other capitalized terms used hereinafter shall have the same meanings ascribed to them as set forth in the Governing Ordinance.

- **D.** APPROVAL AND TERMINATION OF INVESTMENT PRODUCTS. Initial or present selection of Investment Products to be made available through the DCP and subsequent replacement or termination of Investment Products must be presented in writing by the Plan Services Provider at the time this Policy is adopted and at least annually thereafter as a part of the required reporting and evaluation to the County as set forth in Subsection 24.20 L hereof.
- (1) New Investment Product Approvals. Review and approval of present and/or new Investment Products must be made using the quantitative criteria listed in Section I, Table A, and the qualitative criteria listed in Section D(3) of this Policy. The Plan Services Provider shall evaluate the performance history, investment goals and objectives and recommendations made by those Investment Product vendors and if all criteria are met, submit those present and proposed new investment products to the County for annual review and approval. The County, acting by and through the Board of County Commissioners, has final approval authority for all Investment Product changes. This process must be completed and documented by the Plan Services Provider prior to the offering of new products to Employee Participants. This process does not apply to products offered in the Self Directed Brokerage Window as hereinafter described if such option is offered by the Plan Services Provider.
- (2) Termination of Existing Investment Products. A product may be terminated based on either quantitative criteria listed in Section J., Table B, or qualitative criteria listed in Section D(3) hereof. The Plan Services Provider shall submit proposed Investment Product terminations to the County at least annually for review and comment. The County reserves the right to make the final determination for product retention or termination. Once approved for termination, the identified fund shall be removed from the DCP and those assets and deferrals will be mapped to similar Investment Products no later than thirty (30) days after notice to those Employee Participants having accounts invested in those products. The Plan Services Provider shall have the affirmative responsibility for providing said notice to the affected Employee Participants. This process does not apply to products offered and provided through the Self Directed Brokerage Window.
- (3) Criteria for Approval or Termination of Investment Products. In deciding which Investment Products to approve for availability in the DCP or terminate from the DCP, the Plan Services Provider shall periodically and as necessary review the following factors:

- (a) Qualitative Factors.*
- (i) Costs including administrative fees as compared to the average of similar products and taking into consideration the investment objective(s)
 - (ii) Liquidity
 - (iii) Transaction limitation
 - (iv) Diversification
 - (v) History how long the investment product has been in

existence

- (vi) Management tenure or departure
- (vii) Reputation and regulatory record of an investment management firm
 - (viii) Level of assets under management
 - (ix) Absolute returns
 - (x) Adherence to investment style
 - (xi) Merger of fund companies
- * Initiation of a civil or criminal proceeding by any governmental agency against an Investment Provider alleging violations of state or federal securities laws or regulations shall constitute sufficient grounds for disapproval or termination of any Investment Product. The Plan Services Provider shall immediately report to the County the occurrence of any such proceedings involving any Investment Provider offering products to the DCP.
 - (b) Quantitative (Performance) Factors.
- (i) When evaluating mutual funds for approval and reporting such approval to the County, the Plan Services Provider shall consider the specific criteria outlined in Table A.
- (ii) When evaluating mutual funds for termination and reporting of same to the County, the Plan Services Provider shall consider the specific criteria outlined in Table B.
- (c) Limitations. With the exception of redemption fees or restrictions imposed with the approval of the County after recommendation by the Plan Services Provider for excessive trades or inappropriate market timing, Investment Products offered through the program shall not have restrictions, penalties, market value adjustments or surrender charges relating to exchanges or withdrawals and must offer full liquidity to the Plan's Employee Participants. Commissions shall only be allowed for stock and exchange traded fund transactions through a self-directed brokerage window.

E. REPORTING AND REVIEW. The Plan Services Provider shall, at least annually, conduct performance reviews for each Investment Provider's products in the program, which review shall be as of September 30th of each calendar year. If the Plan Services Provider deems it necessary as a result of initial performance review findings, in person reviews will be held with the Investment Provider as a part of the annual review process and made a part of the annual report to the County. Prior to finalizing the annual report, the Investment Providers will be given a list of the concerns found by the Plan Services Provider so they may have ample time to prepare a response. It shall be the Plan Services Provider's responsibility to initiate the review and Investment Provider interview process within a timeframe sufficient to assure completion of the annual report to the County on or before December 1st of each year as provided below.

On or before December 1 of each year, the Plan Services Provider shall prepare and submit to the County a written Annual Performance Report on the DCP as of the immediately preceding September 30th which shall contain text, statistical and graphic presentations of at least the following elements:

- (1) Investment Provider Information, Product Summary and Glossary of Essential Terms
 - (2) Accounts, Deferrals, Assets and Distributions to include the following:
 - (a) Summary of Employee Participant Accounts
 - (b) Summary of Deferrals
 - (c) Summary of Plan Assets
 - (d) Summary of Distributions
 - (3) Detail of Fixed Accounts
 - (4) Annualized Investment Products Performance Report
- (5) Plan Participant Survey Report (similar to that used by the State of Florida)

There is hereby established the Deferred Compensation Plan Review Committee (hereinafter the "Committee") for purposes of receipt and evaluation of the Annual Report submitted by the Plan Services Provider. The Committee shall be comprised of the County Manager or his or her designee, the Resource Management Director and one person appointed by the County Manager who shall be a full time, permanent County employee and Plan Participant. The Plan Services Provider shall deliver the required annual report to the Committee. After the Committee's initial review of the annual report, they shall, within thirty (30) days of receiving the annual report, provide the Board of County Commissioners a summary presentation of the Plan's performance results, its compliance with this Section of the Administrative Code and recommended modifications to the Plan, suggested compliance improvements or reporting practices of the Plan Services Provider that may be indicated. A representative from the Plan Service Provider shall be present and available for questions at the time of the

Committee's summary presentation to the Board. The Board shall consider the summary report presented by the Committee at a regularly scheduled meeting, and if the Board concurs in any recommended changes, the Committee shall communicate them to the Plan Services Provider who shall then implement such changes or recommendations as soon as practicable within the then current fiscal year.

- (6) Quarterly Review. The foregoing notwithstanding, the Plan Services Provider shall also designate the local point of contact who may be the same person or persons responsible for conducting the Annual Performance Report for purposes of addressing matters of Plan and Investment Product performance, new or terminated Investment Products or any other matters of importance during the fiscal year with the Committee. Such meetings or discussions shall be conducted at least quarterly and may be done by telephonic conference.
- **F. FIXED ACCOUNT REVIEW.** At least semi-annually, the Plan Services Provider shall request and review the following information from each Investment Provider offering a guarantee of principal and interest account:
 - (1) Average Maturity and Average Life of the fixed account(s)
- (2) Effective Duration to Average Maturity and Average Life, as appropriate for use in the Crediting Rate Formula.
 - (3) Market Value vs. Book Value
 - (4) Current Investment Policy Statement Compliance Letter
- (5) Underlying Investment Portfolio guidelines regarding allocation to Sectors, Ratings, Derivatives, types of securities
 - (6) Sector weightings
- (7) Average ratings of corporate bonds held and percentage (%) of whole portfolio with ratings below BBB+
 - (8) Crediting Rate Formula
 - (9) Reporting of any changes in the operation of the fund
 - (10) List of people who can make changes involving the fund
- G. SELF-DIRECTED BROKERAGE WINDOW (SDBW). Subject to the express, prior approval of the Board of County Commissioners, the Plan Services Provider may offer Employee Participants the opportunity to invest in individual stocks, additional mutual funds, exchange traded funds (ETFs), options, and other investment alternatives through a self-directed brokerage window. The sole purpose of this alternative is to enhance the DCP by providing additional investment choices so as to accommodate the Employee Participant's desire for greater investment flexibility. In offering the SDBW, the Plan Services Provider and the SDBW Company will notify those interested Employee Participants that the investment alternatives available through the SDBW

have not been subjected to any selection process, are not monitored, require investment expertise to prudently manage, and may pose the risk of substantial loss.

- (1) Selection of Stock Brokerage Firm. The Plan Services Provider, subject to County approval, will select the on-line brokerage firm to provide the SDBW for electing Employee Participants. In making that decision, the Plan Services Provider will consider the following factors: (1) the expense structure of the brokerage accounts, (2) the administrative needs of the Plan, including record keeping and adherence to the DCP rules, and (3) Best Interests of the Employee Participants who express an interest in this option or who are active participants therein.
- Monitoring of Brokerage Accounts. The Plan Services Provider shall monitor the SDBW for proper operation including accounting for transactions and record keeping based on reports from the broker(s). To the extent that SDBW alternative(s) are being used by Employee Participants, those activities shall be included within the annual report to the County; provided, however, that the Employee Participant's personally selected investments therein shall not be subject to the product performance, retention or termination review as hereinabove required for Investment Products offered through and by the Plan Services Provider. Investment alternatives within the SDBW are not to be deemed as designated by the County and, therefore, will not be closely monitored for performance by the County. Instead, the SDBW is intended to provide those individuals electing to participate with another option to broaden their selection of investment alternatives. The County does not recommend or advocate participation by any individual nor does it assume any responsibility for poor investment performance, financial losses or unsatisfactory levels of service that may result from the broker's services.
- Н. **INVESTMENT ADVISORY SERVICES.** Upon express prior approval by the Board of County Commissioners, the Plan Services Provider may also offer Employee Participants the opportunity to enroll in accounts providing Actively Managed Products. Actively Managed Products are personalized investment portfolios that are tailored by an investment company to meet the specific needs of the Employee Participants. These services are aimed at providing Employee Participants with additional or necessary guidance to invest in funds that will aid them in reaching their retirement goals. Services may range from financial advice concerning a Participant's account with no active trading of funds by the advisor, to an advisor actively managing a participant's account by periodically rebalancing their holdings according to their specific investor profile. These services may be offered to all Employee Participants in the DCP for a fee. If such services are to be provided by a third party vendor instead of the Plan Services Provider, the Board of County Commissioners reserves the right to review and approve the selection of that firm and the terms of the contract governing the provision of such services. All fees, charges and costs associated with providing these additional services shall be borne by the Employee Participants or the Plan Services Provider or shared by both as shall be determined by agreement between them; the County shall not be responsible for any portion of said additional fees or expenses.

Investment management fees are higher than the Morningstar average for the fund's category or higher than current products in the Deferred Compensation Program.

Note: New products may be approved using only 3-year data if 5-year data is unavailable. However, 5-year data will be utilized in the existing fund analysis when available.

Note: Index funds are not required to have the 3-years of manager tenure needed for fund approval. These funds track an index and the manager strategies do not change drastically from year-to-year.

J. TABLE B

Quantitative Factors

Investment Product Monitoring, Observation, Termination Review Status, and Termination Criteria for Existing Products

Product Monitoring Criteria Characteristic	Observation Status	Termination Review Status	Termination
Morningstar percentile ranking over 5-year rolling average	Morningstar 5-year percentile ranking within category	In observation status for four consecutive quarters	At least two consecutive quarters in termination review
Morningstar overall rating	greater than 50th percentile at quarter end AND Morningstar overall rating less than 3 stars;		status AND Morningstar 1-year percentile ranking within category greater than 50th percentile at quarter
Morningstar percentile ranking over 1-year rolling average			
Fund management fees listed on	OR		end
Morningstar and given by the Investment Providers	Morningstar 5-year percentile ranking within category greater than 75th percentile at quarter end		

Note: Index funds are not ranked against active funds, and new index products must demonstrate a tracking error to a prescribed benchmark of 50 basis points or lower over the most recent year, using monthly data. For existing products, probation occurs when a tracking error falls between 50 and 100 basis points and termination occurs for a tracking error greater than 100 basis points for four consecutive quarters. For measurement purposes only, the monthly prorated mutual fund expense ratio is added back to the total monthly returns.

Note: All funds are measured without loads.

Note: It will be possible for an Investment Product to move from a termination review status or observation status to regular status when the product meets total return requirements by being in the top half of peers over the most recent three year rolling annualized time period available as defined by Morningstar's Percentile Ranking within category and have a three year Morningstar overall rating of 3 or more stars.

Note: Existing funds with less than 5-years of history will be analyzed using 3-year data. 5-year data will be utilized when available.

Note: When analyzing funds for possible addition to the Deferred Comp Program, Target Date Funds shall be treated as one fund by averaging its performance, manager tenure, etc. If the group average fee of the Target Date fund increases more than 50 basis points (.50%) above the level of the prior year or which then exceeds the industry average for comparable products, the Investment Provider's manager will be contacted by the Plan Services Provider who shall make inquiry as to the reason for the increase, include the findings and recommendations in its annual report to the County. Excessive fee increases, as determined by the Plan Services Provider, may result in a decrease in status and termination.

Note: If mutual fund management fees increase more than the Plan Services Provider determines are reasonable on a quarter over quarter basis, the fund's investment manager will be contacted by the Plan Services Provider and may result in a decrease in status and termination of the fund, all of which shall also be included in the annual report to the County.

Note: Different share classes in the same fund would be considered the same fund, and cannot be used by multiple providers.

Note: Vanguard index funds, if offered in the DCP, may change share classes without giving Employee Participants notice more frequently than the next regularly scheduled quarterly report to them; however, notice of such events shall be included in the next such quarterly report and in the annual report to the County. The County views this as a share class change within the same fund and not a replacement.

K. AUTHORITY. Section 112.215, Florida Statutes (2012) Ordinance No. 2012-14, Seminole County Code Resolution 2013-R-270 adopted December 10, 2013

The County does not tolerate discrimination in any of its program services or activities. As such, Seminole County shall not exclude participation in, deny benefits of, or subject to discrimination anyone on the grounds of race, color, national origin, sex, sexual orientation, age, disability, religion, or familial status.

Seminole County's Chief Administrator of Human Resources will serve as the Civil Rights Program Coordinator. The Civil Rights Program Coordinator is charged with the responsibility for implementing, monitoring and ensuring the County's compliance with federal and state laws regarding discrimination.

- B. TITLE VI/NONDISCRIMINATION PROGRAM ADMINISTRATION. Seminole County assures that no person will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination under any program, policy, or activity on the basis of race, color, sex, age, disability, or national origin. (Title VI of the Civil Rights Act of 1964, as amended; the Civil Rights Restoration Act of 1987; Section 504 of the Rehabilitation Act of 1973; Title IX of the Education Amendments of 1972; Age Discrimination in Employment Act of 1967; Americans with Disabilities Act of 1990 (ADA); and other applicable state and federal nondiscrimination authorities) Every effort will be made to ensure nondiscrimination in all of the County's program activities, whether those programs and activities are federally funded or not. - (e) Conduct Title VI reviews of construction contractors, consultant contractors, suppliers, and other recipients of federal-aid highway fund contracts administered through the County.
- (f) Review County program directives in coordination with Title VI liaisons for special emphasis.
- (g) Coordinate training programs on Title VI and other related statutes for County employees and recipients of federal funds.
- (h) Prepare a yearly report of Title VI accomplishments and goals, as required.
- (i) Develop Title VI information for dissemination to the general public and where appropriate, in languages other than English.
- (j) Conduct post-grant approval reviews of County programs and applicants (i.e., highway location, design and relocation, and persons seeking contracts with the County), for compliance with Title VI requirements.
 - (k) Identify and eliminate discrimination.
- (I) Establish procedures for promptly resolving deficiency status and reducing to writing the remedial action agreed to be necessary, all within a period not to exceed ninety (90) days.
- (2) Complaints. If any individual believes that he, she, or any other program beneficiaries have been subjected to unequal treatment or discrimination in the receipt of benefits or services, or on the grounds of race, color, national origin, sex disability, or age, such individuals may exercise their right to file a complaint with the County. Every effort will be made to resolve complaints informally at the County and contractor level.
- (3) Data Collection. Statistical data on race, color, national origin, and sex of participants in, and beneficiaries of, federally funded programs (i.e., relocates, impacted citizens, and affected communities), will be gathered by the Title VI/Nondiscrimination Coordinator and maintained by the Civil Rights Program Coordinator. Each of the Title VI special emphasis program areas will maintain data to be incorporated in the Title VI Annual Update. The data gathering process will be reviewed regularly to ensure sufficiency of the data in meeting the requirements of the Title VI/Nondiscrimination program administration.
- (4) Title VI Program Reviews. The Civil Rights Coordinator and the Title VI/Nondiscrimination Coordinator shall oversee the County's Title VI Program reviews to assess the administrative procedures, staffing and resources available for Title VI compliance. Program representatives shall coordinate efforts to ensure that the requirements of Title VI are met throughout the entire contracting process. - Training Program. Title VI/Nondiscrimination training will be made available at least annually to employees, contractors, sub-recipients, and special emphasis program area liaisons. The training will provide comprehensive information on Title VI and other nondiscrimination provisions, application to program operations, and identification of possible discrimination issues and resolution of complaints. A summary of the training conducted will be reported in the annual update.
- Annual Reports. An annual executive summary will be submitted to the (7) County Manager reviewing Title VI/Nondiscrimination accomplishments achieved during the year. Annual reports will be required for each of the special emphasis program areas. The Title VI/Nondiscrimination Coordinator will be responsible for coordination and preparation of the report.
- Title VI/Nondiscrimination Plan Update. A Title VI/Nondiscrimination Plan Update will be submitted to the County Manager or his or her designee for review by October 1 triennially. The update will report on accomplishments and changes to the program occurring during the preceding year, and will also include goals and objectives for the upcoming year.
- Post-Grant Reviews. Review post-grant approval procedures (e.g., highway location design, relocation, and individuals seeking contracts, etc.) to ensure compliance with Title VI requirements.
- Elimination of Discrimination. Implement procedures to identity and eliminate discrimination when found to exist, related to Minority/Women/Veteran Disadvantaged Business Enterprises (DBE) contractors, public involvement, property acquisition, and any other County program, service or activity.
- Remedial Action. The County shall actively pursue the prevention of Title VI deficiencies and violations and take the necessary steps to ensure compliance with all program administrative requirements. When irregularities occur in the administration of the program's operation, corrective action will be taken to resolve Title VI issues and reduce to writing a remedial action agreed to be necessary, all within a period not to exceed ninety (90) days.
- Sub-recipients placed in a deficiency status will be given a reasonable time, not to exceed ninety (90) days after receipt of the deficiency letter, to voluntarily correct deficiencies.
- The County shall seek the cooperation of the sub-recipient in correcting deficiencies found during the review. The County shall also provide technical assistance and guidance needed to aid the sub-recipient to comply voluntarily.

- (c) A follow-up review will be conducted within one hundred eighty (180) days of the initial review to ensure that the sub-recipient has complied with the Title VI Program requirements in correcting deficiencies previously identified.
- (d) When a sub-recipient fails or refuses to voluntarily comply with requirements within the time frame allotted, the County shall submit to FDOT's External Civil Rights Office or the Federal Highway Administration (FHWA) two (2) copies of the case file and a recommendation that the sub-recipient be found in noncompliance.
- (12) Procedures Manual. Administration of the Title VI/Nondiscrimination Program will be incorporated in a Procedures Manual that will be updated regularly by the Civil Rights Program Coordinator. Changes in the procedures or designation of responsibilities will not take effect until the Procedures Manual has been updated and the changes have been communicated and disseminated throughout the County organization and to the public.
- C. TITLE II OF THE AMERICANS WITH DISABILITY ACT. Title II of the Americans with Disability Act (ADA) of 1990, (42 U.S.C. § 12131 et seq.) prohibits discrimination on the basis of disability in the admission, access, or operations of its programs, services, activities, or facilities. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), as amended, provides that no qualitied handicapped person, solely by reason of his or her disability, will be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives federal financial assistance administered by the Department of Transportation.

In compliance with federal law, Seminole County government shall not exclude or discriminate against a qualified individual with a disability, from participation in or be denied the benefits of the services, programs or activities of Seminole County simply because that person has a disability.

- (1) In furtherance of ensuring that County programs, services, facilities and activities are open and accessible to individuals with disabilities, the County has established the following three (3) goals:
- (a) Accessibility: Programs will be operated so that they, when viewed in their entirety, are readily accessible to and usable by individuals with disabilities. The County shall not use unnecessary eligibility standards or rules that deny individuals with disabilities an equal opportunity to enjoy services, programs, or activities.
- (b) Effective Communication: Upon request, appropriate aids and services leading to effective communication for qualified individuals with disabilities will be provided so individuals may participate equally in the County's programs, services, and activities.
- (c) Modifications to Policies and Procedures: Reasonable modifications to policies, practices, and programs will be made to ensure that individuals with disabilities have access equal opportunity to enjoy all the County has to offer.
- (2) The County shall cover the reasonable costs of providing auxiliary aids and services or reasonable modification of policy. However, the ADA does not require the

County to take any action that would fundamentally alter the nature of its programs or services, or impose an undue financial or administrative burden.

- (3) To protect the substantive rights of interested persons and to ensure that the County meets the spirit and guidelines of the Americans with Disabilities Act (ADA), the County shall provide for the prompt and equitable resolution of complaints alleging discrimination on the basis of disability in the provision of programs, services, activities or benefits. Any individual who believes that he or she is a victim of discrimination prohibited by Title II of the ADA may file a complaint. Complaints on behalf of classes or individuals are also permitted.
- D. LIMITED ENGLISH PROFICIENCY (LEP). It is recognized that one form of discrimination occurs through an inability to communicate due to limited proficiency in the English language. The limitation is often the result of an individual's national origin. Title VI of the Civil Rights Act of 1964, Executive Order 13166, entitled "Improving Access to Services by Persons with Limited English Proficiency" and various directives from the United States Department of Justice (DOH), the United States Department of Transportation (DOT), and the United States Department of Housing and Urban Development (HUD) require federal aid recipients to take reasonable steps to ensure meaningful access to programs, services and activities by those who do not speak English well. Seminole County welcomes diversity and recognizes that, due to its proximity to famous tourist attractions, visitors from all over the work often visit the County. The County has taken steps to ensure that those who come to the County may participate in and enjoy to the fullest everything the County as to offer.

In compliance with federal regulations, Seminole County shall make reasonable efforts to ensure its programs, services, and activities are meaningfully accessible to those who do not speak English proficiently. The County shall utilize its bilingual employees, state and local transportation partners, faith-based organizations, colleges and universities, community groups, and other language services to provide oral interpretation and translation of program documents, as required.

Persons requiring special language services should contact the Chief Administrator of Human Resources/Civil Rights Program Coordinator at 407-665-7940, at 1101 E. First Street, Sanford, Florida 32771.

- (1) Seminole County Factor Analysis. To determine if or when alternate language usage is required for meaningful access, federal law requires assessment of the program, service, or activity using the following four (4) factors:
- (a) The number or proportion of LEP persons eligible to be served or likely to be encountered by the County's programs, services or activities.
- (b) The frequency with which LEP individuals come in contact with these programs, services, or activities.
- (c) The nature and importance of the program, service, or activity to people's lives.
 - (d) The resources available to the County and costs of implementation.

- U.S. Department of Transportation (USDOT) policy guidance document titled "Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient (LEP) Persons" reprinted at 70 Fed. Reg. 74087, explains that the identification of "reasonable steps" to provide oral and written services in languages other than English is determined on a case-by-case basis through a balancing of the four (4) enumerated factors. The following sections address each of these factors with respect to Seminole County.
- Factor 1: Reviewing LEP Populations. In an effort to determine the potential LEP needs in Seminole County, data available through the U.S. Census Bureau American Fact Finder was reviewed. The data revealed that 19% of the population five (5) years and over speak another language other than English at home. Of those households, 70% speak Spanish, 19.3% speak Indo-European languages, 8.5% speak Asian and Pacific Islander languages, and 2.5% speak other languages. Of the Seminole County households that speak a language other than English, 32.6% indicated they speak English "less than very well"; of these households, 32.6% were Spanish speaking. Other languages spoken in households that speak English "less than very well" include Indo-European languages (24%), Asian and Pacific Islander languages (41.6%), and other (35%).
- Factor 2: Assessing Frequency of Contact with LEP Persons. The results of the census data indicate that Spanish is the most prevalent language spoken by the LEP population in Seminole County.
- Factor 3: Assessing the Importance of County Programs. Those programs related to safety, public transit, right of way, the environment, nondiscrimination, and public involvement are among the most important. The County must ensure that all segments of the population, including LEP individuals, have been involved or have had the opportunity to be involved in the program or project planning process.
- Factor 4: Determining Available Resources. When planning an activity, it is imperative that the County assess the resources available to conduct the activity in a way that is meaningful and balances those efforts with the overall cost to the organization.
 - (2) Language Access and Implementation Plan and Procedures.
- (a) Verbal Translation Services. LEP individuals will be informed of the availability of interpretation and translation services when it appears that the individual is not able to communicate effectively in English.
- (i) Each Department shall ensure that "I Speak" language cards are available for use where the public receives services to assist employees to identity language needs in order to match them with the available services.
- (ii) Each County Department shall provide the Civil Rights Coordinator a list of all employees within their Department that are bilingual and willing to be used for translation services when needed. Due to the continuously changing workforce composition, this list will be updated frequently. This list must be made available on the County intranet for access by all employees. Depending upon the

immediate availability of bilingual employees, interpretation may be provided via telephone, instant messaging or in person.

- (iii) Additionally, the County may use the services of institutions of higher education and faith-based and community organizations to assist in providing competent language services.
 - (b) Written Translation Services.
- (i) The County shall provide meeting notifications in English and Spanish, where appropriate.
- (ii) Outreach documents must state that language services are available free of charge in a language LEP persons can understand.
- E. COMPLAINT PROCEDURE. Seminole County has established a discrimination complaint procedure and will take prompt and reasonable action to investigate and eliminate discriminatory action. Any person who believes that he or she has been subjected to discrimination based upon race, color, national origin, sex, religion, age, disability, or family status in violation of the County's Civil Rights Program, or any state or federal law may file a complain to the Civil Rights Program Coordinator. Any complaints receive by employees will be provided to the Civil Rights Program Coordinator for action.
 - (1) All Complaints should include the following:
- (a) The name, address and telephone number of the person making the complaint.
 - (b) The names, addresses and telephone numbers of witnesses.
- (c) A narrative or statement describing the alleged violation, including date and time of the alleged violation and County program where the alleged violation occurred.
- (d) A narrative or statement identifying the recommended corrective actions to solve the alleged violation(s).
- (e) Other supporting documentation to more fully explain or identify the alleged violation.
 - (2) Complaint review process.
- (a) A complaint should be filed as soon as an individual becomes aware of the alleged violation and no later than ninety (90) days after the complainant becomes aware of an alleged violation. Filing a complaint after ninety (90) days will not bar a complaint, but the passage of time may hinder the ability of the County to conduct a full and thorough investigation.
- (b) Within fifteen (15) calendar days after receipt of the complaint, the Civil Rights Program Coordinator shall make contact with and, if necessary, meet with the

Complainant to give them the opportunity to explain the details of the alleged discriminatory action/incident, and the possible resolutions.

- (c) Within thirty (30) calendar days of the meeting or conversation, the Civil Rights Program Coordinator shall respond in writing and, where appropriate, in a format accessible to the Complainant, such as large print, Braille or audio tape. The response will explain the position of the County and offer options for substantive resolution of the complaint.
- (d) If the Complainant believes that the response does not satisfactorily resolve the issue, the Complainant or his or her designee may appeal the decision within seven (7) calendar days after receipt of the response to the Civil Rights Coordinator, who will direct the matter to the County Manager's Office. The request should be submitted in writing where appropriate. The County Manager or designee shall review the findings of the Civil Rights Program Coordinator and make a final determination within fifteen (15) calendar days of receipt of the appeal.
- (e) Once the County Manager or designee has issued a determination, the investigation and appeal will be considered concluded and the Complainant shall have no further right of appeal under the Civil Rights Program.
- (f) If the County is unable to satisfactorily resolve the complaint, the Civil Rights Program Coordinator shall, in conjunction with the Engineering Department, forward the complaint and the record of its disposition, to the Florida Department of Transportation ("FDOT"), Equal Opportunity Office, Statewide Title VI/Nondiscrimination Coordinator. FDOT will assume jurisdiction over the complaint for continuing processing.
- (g) The Seminole County Title VI/Nondiscrimination Coordinator has easy access to the County Manager and is not required to obtain Board of County Commissioners or other approval to discuss discrimination issues with the County Manager. However, should the complainant be unable or unwilling to file a complaint directly with Seminole County, the written complaint may be submitted directly to Florida Department of Transportation (FDOT). Under such circumstances, a complaint should be mailed to:

Florida Department of Transportation Equal Opportunity Office ATTN: Title VI Complaint Processing 605 Suwannee Street MS 65 Tallahassee, FL 32399

FDOT serves as a statewide clearinghouse for Title VI purposes and will either assume jurisdiction over the complaint or forward it to the appropriate federal or state authority for continued processing. If it is determined that the complaint originated from an FDOT Local Agency Program project, the complaint shall be provided to FDOT and/or Federal Highway Administration (FHWA). Seminole County will attempt to resolve all issues; however, only FHWA can accept, investigate, and issue findings under Title VI, which is specific to the classes of race, color, and national origin.

- F. DISSEMINATION OF SEMINOLE COUNTY'S CIVIL RIGHTS PROGRAM. In order to implement its policy of nondiscrimination, the County's Plan will be disseminated and communicated to employees, as well as to the community at large. Dissemination of this information will be accomplished through the following actions:
 - (a) Internal Dissemination.
- (1) Meetings will be held with managers and supervisors in order to explain the Civil Rights Program policies, procedures and philosophy, and to communicate responsibilities and expectations of the attendees under those policies.
- (2) Title VI and Title II training opportunities will be offered for County employees, contractors and sub-recipients, as appropriate, at least annually, to discuss the County's policies and philosophy, and to explain the various employee responsibilities under them.
- (3) The policies will be publicized, as appropriate, in official publications for Seminole County Government employees.
- (4) The Policies will be prominently discussed and explained in the appropriate in-service training activities for County employees, and will be accessible to all County employees via Seminole County's Intranet website.
 - (b) External Communication.
- (1) Public dissemination will include the posting of public statements, inclusion of language in contracts, and may be published in newspapers having a general circulation in the vicinity of proposed projects and announcements of hearings and meetings in minority publications, as deemed appropriate by staff.
- (2) The policies will be accessible to the general public via the County's Internet website, www.SeminoleCountyFl.gov.

The Department is authorized to develop procedures and forms as may be required to implement the program. Projects will be prioritized and recommended to the Board by the Advisory Committee.

- (3) In order to allocate project funding for County or municipal projects, the Department shall include in its annual budget request said projects and shall submit same for approval by the Board. For Board approved County projects requiring additional funding or a change in scope, the Department shall prepare the necessary documentation including the proposed changes for approval by the Board.

- (6) The Board may approve a project with an estimated cost exceeding the amount of available BIP funds. In such cases, the amount of the project cost exceeding available BIP funds may be eligible for reimbursement from the allocation for the next fiscal year. However, any project so approved shall be subject to the continued funding in accordance with Section 328.72(15), Florida Statutes. The Board does not guarantee or pledge payment of the balance in such cases and is not liable for any future reimbursement or pledge should funds not become available.
- (7) Any unspent BIP funds allocated to a specific project shall be returned to the appropriate account for future use on County projects. Further, BIP funds not allocated in any fiscal year shall be carried forward for use in subsequent years.

D. BIP FUNDING FOR MUNICIPAL PROJECTS

- (1) Any Seminole County municipality may submit applications for eligible projects meeting the requirements of the program. The municipality must have resources available and accept the maintenance of the project. No more than two simultaneous open projects will be permitted or considered for funding for any single municipality. A municipality requesting BIP funds must submit a project application to the Department. All project applications shall be reviewed and evaluated by the Department with regard to eligibility of the proposed project, completeness of the application, funding availability, the municipality's compliance with previous project agreements, and County and/or Department priorities.
- (2) Subsequent to review and comment by the Department, said municipality may request that a project application be submitted to the Advisory Committee for prioritization and recommendation to the Board for consideration. All changes to a project agreement shall be made by means of a written amendment to a project agreement approved in the same manner as the underlying project agreement.

- (8) The Department shall have the right to terminate a project agreement and demand refund of BIP funds (plus interest at the maximum rate authorized in the Florida Statutes) for non compliance with the terms of this Resolution or the project agreement. Failure of a municipality to comply with the provisions of this Resolution or a project agreement may result in the Board declaring the municipality ineligible for participation in the BIP until a time certain and/or under certain conditions as designated.
- (9) A municipality desiring to terminate a project agreement shall refund to the County all BIP funds plus interest accrued thereupon prior to County executing said termination.

SECTION 29. LIBRARY SERVICES DIVISION

29.5 BOOKS/MATERIALS SELECTION

The Seminole County Public Library System has a general policy by which it is guided in selecting not only books but related materials.

- A. RESPONSIBILITY FOR SELECTION. The Board of County Commissioners of Seminole County, Florida, determines the materials selection policy of the Seminole County Public Library System with the advice and counsel of the Seminole County Library Advisory Board. Within the framework of this policy, the Library Services Division Manager is responsible for the selection of the system's collection. Authority for specific selection is delegated by the Library Services Division Manager to appropriate staff in the system.
- **B. GENERAL POLICY.** Within the limitations of available financial resources and physical space, the Library is committed to providing a collection which spans all areas of knowledge and is responsive to the needs and requests of the entire community. The collection shall be characterized by breadth, since it represents most areas of knowledge, and by depth in those areas in which particular emphasis is necessary to serve the needs of this community.

The selection policy reflects the fact that the Library must serve not only today's but tomorrow's community as well. Books and other materials of limited use currently must be considered for purchase in light of their present availability and the needs of the rapidly developing community.

The policy recognized the networking concept of materials selection. With a well-developed central collection, union catalog, frequent deliveries among units, and the use of developing technologies, duplication of less-used and specialized materials will be minimized.

The policy accepts the position of the Library System within the community as the greatest single free public information resource. The policy is a broad-based one, reflecting the full spectrum of users served by the Seminole County Public Library System. The information seeker, the recreational reader, the serious researcher, students of all ages, and the non-reader should all be represented in the variety of materials selected. Needs should be met with materials varied in format such as videocassettes, film strips, microform (microfiche, microfilm), documents, large-print materials, maps, pictures, pamphlets, compact discs and other electronic information resources.

EXHIBIT "A"

Seminole County Policy For Art Exhibitions In Public Places Program Guidelines

Seminole County Government

Mission

"To enhance Seminole County's cultural resources by providing for and encouraging the exhibition of art in public places"

Goals

- 1. To establish display areas in public places that provide for displaying diverse art of the highest quality.
- 2. To be a source of pride to all Seminole County residents.

Purpose

This guide serves as a procedure manual for the art exhibition process. It is designed for use by the Seminole County Board of County Commissioners, county staff and agencies participating in this program, as well as the general public.

Introduction

It has been widely acknowledged that the inclusion of visual arts in the public eye adds dimension, depth, and character to a community, inspires young minds, reinforces a local identity to which citizens can relate, take pride in; and generally adds to the beauty and quality of life.

Art brings a sense of identity to our county. It also provides a means of expression, a way to focus and build county pride. Public art makes a unique contribution to the life of Seminole County creating display areas where employees and visitors congregate, pass through, or use on a daily basis.

These guidelines will create opportunities for Seminole County citizens to experience public art and other projects resulting from the creative expression of visual artists in public places throughout the county. At the same time the county will see the cultural and educational benefits to be gained through aesthetic enhancement of its public places.

Seminole County Government Policies For Art Exhibition

Seminole County is seeking applicants to exhibit art in County public places.

Works of art may be offered for sale at prices established by the artist. The artist is responsible for conducting the sale of any work directly with the purchaser, not through the county staff. Works not available for purchase must be clearly designated "NFS" (Not For Sale). Prices will not be displayed on individual works but will be listed as part of the promotional materials available free to the public.

Work sold must remain on exhibit throughout the designated period. The artist must notify the County within 48 hours of a sale so that the artwork can be marked "sold."

All art work must be suitably framed with a hanging apparatus (screw eyes and wire) or mounted and stabilized for pedestal or showcase display. All frames, armatures, and mounting arrangements must be securely constructed. Work that is fragile or whose framing or display arrangement is of questionable durability may be rejected. Proposals for site-specific and/or installation work are acceptable. The artist shall submit a written proposal statement about the content of the work, drawing and/or project.

Selection Process:

Seminole County will publicly announce the Seminole County Government Exhibition application deadlines and invite artists to submit images and applications to exhibit by the postmarked deadline of October 1st annually.

Seminole County Government and Seminole Cultural Arts Council Selection Committee will review applications and image submissions and make a recommendation to the Deputy County Manager. The selected exhibit will be announced by October 31st annually.

Seminole County Government will publicize the exhibition selection guidelines on the web, in the local print media, and the arts and crafts professional association's newsletters. Works of art may be offered for sale at prices established by the artist. Artwork not available for purchase will be clearly marked "NFS" (Not for Sale).

RESOLUTION NO. 95-R-255

SEMINOLE COUNTY, FLORIDA

THE FOLLOWING RESOLUTION WAS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA, AT THEIR REGULARLY SCHEDULED MEETING OF NOVEMBER 14, 1995.

WHEREAS, Seminole County is a political subdivision of the State of Florida which has adopted a Home Rule Charter; and

WHEREAS, the City of Casselberry is a Florida municipal corporation which is wholly located within the jurisdictional boundaries of Seminole County; and

WHEREAS, the City of Casselberry and Seminole County have engaged in positive dialogue and communications in an effort to encourage vibrant economic development within the incorporated area of the City of Casselberry and the unincorporated areas of Seminole County; and

WHEREAS, the City of Casselberry and Seminole County have for many years attempted to resolve issues relating to water and sewer utility service rate equity and parity with regard to the rates charged to utility customers of the City of Casselberry who are located in unincorporated Seminole County; and

WHEREAS, with a common and united commitment to the progressive and positive economic development for the benefit of the citizens of the City of Casselberry and unincorporated Seminole County, the City Commission of the City of Casselberry and the Board of County Commissioners of Seminole County have collaborated with regard to the development and implementation of a plan of economic development which includes the creation of a community redevelopment agency with economic redevelopment jurisdiction over certain areas and properties proximate to United States Highway 17/92; and

WHEREAS, in the spirit of intergovernmental coordination and cooperation the City Commission of the City of Casselberry and the Board of County Commissioners of Seminole County have developed a framework which can be pursued in order to establish rate equity and parity for residents of unincorporated Seminole County who are served by the City of Casselberry's utilities; and

WHEREAS, pursuant to Section 163.410, Florida Statutes (1993), Seminole County may delegate to the governing bodies of municipalities within Seminole County, the exercise of such powers conferred upon Seminole County by Part III, Chapter 163, Florida Statutes (1993), as amended, as Seminole County may deem appropriate; and

WHEREAS, Section 163.410, Florida Statutes (1993), permits such a delegation to be made subject to such conditions and limitations as Seminole County may impose; and

WHEREAS, the City of Casselberry has adopted Resolution Number 95-898 and has requested that Seminole County delegate to the City of Casselberry, pursuant to Section 163.410, Florida Statutes (1993), the right and authority to exercise certain powers conferred upon Seminole County by Part III, Chapter 163, Florida Statutes (1993), as amended, such powers to specifically include the power to create a Community Redevelopment Agency as part of the municipal public body or taxing authority, together with necessary appurtenant responsibilities, rights and authority as a governing body serving as a Community Redevelopment Agency pursuant to Part III, Chapter 163, Florida Statutes (1993), as amended.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA,

That, pursuant to Section 163.410, Florida Statutes (1993), the Board of County Commissioners of Seminole County, Florida, acting for and on the behalf of Seminole County, Florida, as limited by the provisions hereof and as conditioned upon the performance of the City of Casselberry relative to certain performance criteria set forth herein, hereby delegates to the City of Casselberry such authority, rights, and responsibilities conferred upon Seminole County pursuant to Part III, Chapter 163, Florida Statutes (1993), as amended, in order that the City of Casselberry may create and establish a Community Redevelopment Agency within its municipal boundaries subject to the conditions and limitations set forth herein.

BE IT FURTHER RESOLVED, that the above delegation is subject to the following conditions which, by accepting the delegation made herein, the City of Casselberry fully and completely agrees to perform, implement, abide by, act consistent with and adhere to:

- (a) In accordance with Section 163.410, Florida Statutes (1993), this delegation "... shall confer only such powers ... as shall be specifically enumerated in [this] ... delegating resolution" and the City of Casselberry shall be charged with and solely responsible for making any and all necessary findings relative to the actions taken with regard to the creation of a Community Redevelopment Agency and any and all actions taken subsequent to the creation of said Community Redevelopment Agency.
- (b) The power delegated herein is the authority to create a Community Redevelopment Agency for a period of thirty (30) years relating only to the property (the "Community Redevelopment Area") described in Exhibit A hereto. Subject properties relate to a proposed City of Casselberry Central City District containing numerous parcels of property and being located in an area lying both to the east and west of United States Highway 17/92 within the existing municipal limits of the City of Casselberry. If unincorporated properties within the Community Redevelopment Area Study Area voluntarily petition for annexation, it is the intent of Seminole County to require that all formal processes be accomplished relative to the inclusion of said properties into the Community Redevelopment Area.

- None of the "increment revenues" derived by Seminole County shall be appropriated by Seminole County or deposited in the Redevelopment Trust Fund in accordance with Section 163.3187, Florida Statutes (1994 Supplement), as amended by Chapters 95-147, 95-310, 95-322 and 95-396, Laws of Florida. No Seminole County tax revenues, equivalent revenues, or any other County funds of any kind shall be used in any way to fund the Community Redevelopment Agency created by the City of Casselberry nor any of said Agency's programs or projects. In no event may the City of Casselberry pledge or assert any interest in any Seminole County revenues or funds.
- In the event that a joint planning agreement, as contemplated in paragraph (d) (e), below, has been entered by and between Seminole County and the City of Casselberry on or before December 31, 1996, and a utility surcharge reduction interlocal agreement as described in paragraph (f), below; the City of Casselberry may seek and request from Seminole County the dedication of County tax increment revenues to the Community Redevelopment District. In the event that the City of Casselberry has, to the satisfaction of Seminole County, entered into both the joint planning and utility surcharge reduction interlocal agreements contemplated herein; the tax increment revenues derived from Seminole County revenues may, by means of the due adoption of a resolution by the Board of County Commissioners of Seminole County, be dedicated to the Community Redevelopment Agency created herein and the term of the Community Redevelopment Agency may be extended from fifteen (15) years to a maximum of thirty (30) years.
- The aforementioned joint planning agreement shall address, at a minimum, annexation issues and policies, the coordination of the provision of public services, the possible Seminole County contribution of tax increment revenues and possible extensions of the term of existence pertaining to the Community Redevelopment Agency. The goal of the joint planning agreement shall be, among other things, to achieve service delivery and fiscal impact equities for the citizens of Seminole County who are affected by the policies and programs of the City of Casselberry. With the addition of utility rate equity issues as identified in paragraph (f) below, it is intended that the scope and context of the agreement shall otherwise be similar to that Agreement entered into by the City of Sanford and Seminole County titled "Seminole County/City of Sanford Joint Planning Interlocal Agreement", dated November 21, 1991.
- The aforementioned utility surcharge reduction interlocal agreement is intended to address a utility rate equity program entailing the equalization of utility rates/investments with regard to all customers served by the City of Casselberry's utility systems. The goal of this program shall be that the City of Casselberry implement rate equity throughout its utility systems in conjunction with preserving fiscal integrity of the systems with utility related fees and charges including, but not limited to, surcharges charged to customers in the unincorporated area of Seminole County. Specifically, it is contemplated that such unincorporated area customers should have no increase over the current surcharge paid and, thus, any utility rate increase resulting from an economic necessity of the City of Casselberry should not incorporate the surcharge charged to customers in the unincorporated area of Seminole County. Additionally, it is intended that the City of Casselberry should implement a utility rate surcharge reduction for its customers located outside of the City Limits which totals, in terms of total reductions, no

less than fifty percent (50%) of Seminole County's annual contribution of tax increment revenues.

- (g) If the City of Casselberry has not created and established the Community Redevelopment Agency, the Central City Redevelopment Area and the Redevelopment Trust Fund on or before December 31, 1995, then the delegation set forth in this Resolution shall be deemed terminated and shall be of no further force or effect.
- (h) Any proposed additional Redevelopment Districts or any proposed expansion of the Central City Redevelopment Study Area shall require that the City of Casselberry seek and request an additional delegating resolution from Seminole County and, to that end, this delegating Resolution shall not be deemed or construed, in any way, as a general delegation by Seminole County nor a pledge of any Seminole County funds or revenues to be used by the City of Casselberry, the Community Redevelopment Agency or within the Community Redevelopment District.
- (i) Neither the City of Casselberry nor the Community Redevelopment Agency shall contest or challenge any provision, term or condition of this Resolution.
- (j) The Casselberry City Commission shall serve as the Board of Commissioners of the Casselberry Community Redevelopment Agency.
- (k) Should Seminole County create a Community Redevelopment Agency with jurisdiction over the City of Casselberry's Community Redevelopment Area as set forth herein, the delegation set forth herein shall automatically terminate and expire and the Community Redevelopment Agency created hereunder shall terminate and cease to exist in accordance with whatever schedule Seminole County may establish when creating the new Community Redevelopment Agency. The City of Casselberry shall structure and implement all actions relative to the creation and implementation of the Community Redevelopment Agency in order to facilitate and contemplate such contingent termination, expiration and dissolution.
- Any and all actions relative to the creation and implementation of the Community Redevelopment Agency shall be structured and configured in such a way as to facilitate the consolidation of the Community Redevelopment Agency and all of its projects and programs into any multi-jurisdictional or countywide Community Redevelopment Agency that may be established in the future by Seminole County. To that end, all documents of creation and implementation of the Community Redevelopment Agency shall provide for the contingent future transfer of any and all projects, programs, assets, property, funds, obligations and liabilities to Seminole County and/or a multi-jurisdictional or countywide Community Redevelopment Agency established by Seminole County; provided, however, that any funds on account at the time of termination, expiration or dissolution of the City of Casselberry Community Redevelopment Agency that are not encumbered or pledged as security for any indebtedness shall be transferred to the City of Casselberry for use, as the City of Casselberry deems fit, within the proposed City of Casselberry Central City District; provided, further, however, that any real or personal property that has been purchased with Community Redevelopment Agency funds shall become the property of the City of Casselberry unless pledged or encumbered.

(m) The City of Casselberry shall, to the fullest extent authorized by law, hold harmless and indemnify Seminole County for and against any losses or claims of any and all types or natures whatsoever resulting in any way whatsoever from the creation of the Community Redevelopment Agency and any and all activities of any types or natures of or by the Community Redevelopment Agency or the City of Casselberry.

BE IT FURTHER RESOLVED, that any action by the City of Casselberry or the contemplated Community Redevelopment Agency in conflict with the limitations and requirements stated herein shall immediately revoke and rescind the authorization and delegation to the full extent made in this Resolution.

BE IT FURTHER RESOLVED that this delegation is made at the request of the City of Casselberry and shall not be construed to represent the taking on or acceptance of any obligation by Seminole County or the making of any required finding or action by Seminole County pursuant to Chapter 163, Florida Statutes (1993), as amended, or any other law, rule or regulation (except only as to Seminole County's consent that the City of Casselberry may create a Community Redevelopment Agency pursuant to the terms and conditions hereof and consistency with the provisions of the Seminole County Comprehensive Plan) relative to the creation of community redevelopment agencies or areas and any actions relating thereto.

BE IT FURTHER RESOLVED that if any clause, paragraph, provision, sentence, term, condition or part of this Resolution is found to be invalid, inoperable, unconstitutional, unenforceable or otherwise contrary to law; then this entire Resolution shall be of no force, effect or meaning and, to that end, this Resolution is non-severable. Moreover, this Resolution should not be construed to constitute Seminole County approval of the funding of an administrative building for any public body out of tax increment revenues.

ADOPTED this 14th day of November, 1995.

WHEREAS, the Board of County Commissioners of Seminole County in Resolution 95-R-255 set the following conditions upon the delegation of authority to the City of Casselberry in paragraph (c):

None of the "increment revenues" derived by Seminole County shall be appropriated by Seminole County or deposited in the Redevelopment Trust Fund in accordance with Section 163.3187, Florida Statutes (1994 Supplement), as amended by Chapters 95-147, 95-310, 95-322 and 95-

WHEREAS, in the time since the establishment of the Casselberry Community Redevelopment Agency, the Board of County Commissioners of Seminole County, acting in accordance with Part III, Chapter 163, Florida Statutes, has created the U.S. Highway 17-92 Corridor Community Redevelopment Agency for the purpose of rehabilitating blighted areas of the U.S. Highway 17-92 corridor throughout the unincorporated areas of Seminole County; and

WHEREAS, the Board of County Commissioners of Seminole County now desires, in the spirit of continued cooperation in the redevelopment of the United States Highway 17-92 area, to participate in the City of Casselberry Redevelopment Plan,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA; THAT:

Pursuant to Section 163.410, Florida Statutes (1997), the Board of County Commissioners of Seminole County, Florida, acting for and on behalf of Seminole County, Florida, hereby modifies Resolution 95-R-255 of the Board of County Commissioners, the resolution which delegated to the City of Casselberry the authority to establish a community redevelopment agency, as follows:

- 1. The delegation of authority set forth in Resolution Number 95-R-255 is modified consistent with the provisions of this Resolution.
- 2. Notwithstanding any language to the contrary in Resolution 95-R-255, commencing in the tax year 1998, "increment revenues" derived by Seminole County for those properties located with the Casselberry Community Redevelopment Agency's redevelopment area shall be appropriated by Seminole County and deposited in the Casselberry Community Redevelopment Agency Trust Fund in accordance with Section 163.387, Florida Statutes (1997). Such increment revenues, when deposited into the Trust Fund, may be used by the Casselberry Community Redevelopment Agency in a manner consistent with its redevelopment plan and with general law. Any such funds may be pledged as collateral for the repayment of bond revenues, consistent with Part III, Chapter 163, Florida Statutes (1997) and general law. This funding shall continue

through the existing term of the Casselberry Redevelopment Plan, and the level of funding shall be at the maximum level established by the funding of the Trust Fund consistent with the provisions of State law and this delegation.

- Any and all actions relative to the creation and implementation of the Community Redevelopment Agency shall be structured and configured in such a way as to facilitate the consolidation of the Community Redevelopment Agency and all of its projects and programs into any multi-jurisdictional or Countywide Community Redevelopment Agency that may be established in the future by Seminole County. The potential consolidation of the Community Redevelopment Agency authorized herein with community redevelopment areas into a multi-jurisdictional redevelopment agency shall be optional with regard to the City of Casselberry. To address that potential, all documents of creation and implementation of the Community Redevelopment Agency shall provide for the contingent future transfer of any and all projects, programs, assets, property, funds, obligations, and liabilities to Seminole County and/or a multi-jurisdictional or Countywide community redevelopment agency established by Seminole County; provided, however, that any funds on account at the time of termination, expiration, or dissolution of the City of Casselberry Community Redevelopment Agency, that are not encumbered or pledged as security for any indebtedness, shall be transferred to the City of Casselberry for use as the City of Casselberry deems fit, within the proposed City of Casselberry Central City District; provided, further, however, that any real or personal property that has been purchased with Community Redevelopment Agency funds shall become the property of the City of Casselberry unless pledged or encumbered.
- 4. If unincorporated properties within the Community Redevelopment Area Study Area voluntarily petition for annexation, it is the continued intent of Seminole County to require that all formal processes be accomplished relative to the inclusion of said properties into the Community Redevelopment Area.
- 5. The City of Casselberry shall and hereby does hold harmless and indemnify Seminole County from and against any losses or claims of any type or nature whatsoever resulting in any way from the creation of the Community Redevelopment Agency.
- 6. As to all activities of any type or nature of or by the Community Redevelopment Agency, the Community Redevelopment Agency shall hold harmless and indemnify the County from and against any losses or claims of any type or nature whatsoever. This condition shall not preclude the City of Casselberry from obtaining indemnification from the Community Redevelopment Agency.
- 7. This delegation is made at the request of the City of Casselberry and shall not be construed to represent the taking or acceptance of any obligation by Seminole County or the making of any required finding or action by Seminole County under Chapter 163, Florida Statutes, or any other law, rule, or regulation (except only as to Seminole County's consent that the City of Casselberry may create a community redevelopment agency pursuant to the terms and conditions hereof) relative to the creation of community redevelopment agencies or areas and any actions relating thereto.

- 8. Any action by the City of Casselberry or the Community Redevelopment Agency in conflict with the limitations and requirements stated herein shall immediately revoke and rescind the authorization and delegation to the full extent made in this Resolution.
- 9. Neither the City of Casselberry nor the Community Redevelopment Agency shall contest or challenge any provision, term, or condition of this Resolution or Resolution 95-R-255.
- 10. If any clause, paragraph, provision, sentence, term, condition, or part of this Resolution is found to be invalid, inoperable, unconstitutional, unenforceable, or otherwise contrary to law; then this Resolution shall be of no force, effect, or meaning and, to that end, this Resolution is non-severable. - Any proposed additional projects or any proposed expansion of the Community Redevelopment Area shall require that the City of Sanford seek and request an additional delegating resolution from Seminole County and, to that end, this delegating resolution shall not be deemed or construed, in any way, as a general delegation by Seminole County nor a pledge of any Seminole County funds or revenues to be used by the Community Redevelopment Agency or within the Community Redevelopment District.
- (g) Neither the City of Sanford nor the Community Redevelopment Agency shall contest or challenge any provision, term or condition of this Resolution.

- BE IT FURTHER RESOLVED, that any action by the City of Sanford or the contemplated Community Redevelopment Agency in conflict with the limitations and requirements stated herein shall immediately revoke and rescind the authorization and delegation to the full extent made in this Resolution.
- BE IT FURTHER RESOLVED, that if a Community Redevelopment Agency is created by the City Commission of the City of Sanford and regardless of whether or not said City Commission acts as the governing body of the Community Redevelopment Agency, and thereafter such the Community Redevelopment Agency, on or before December 31, 1994, designates Seminole Properties as a Community Redevelopment Area, then the Community Redevelopment Agency may issue redevelopment revenue bonds with terms of up to 15 years on or before December 31, 1995, pursuant to Section

SEMINOLE COUNTY, FLORIDA

THE FOLLOWING RESOLUTION WAS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA, AT THEIR REGULARLY SCHEDULED MEETING OF OCTOBER 24, 1995.

WHEREAS, Seminole County is a political subdivision of the State of Florida which has adopted a Home Rule Charter; and

WHEREAS, pursuant to Section 163.410, Florida Statutes (1993), Seminole County may delegate to the governing bodies of municipalities within Seminole county, the exercise of such powers conferred upon Seminole County by Part III, Chapter 163, Florida Statutes (1993), as amended, as Seminole County may deem appropriate; and

WHEREAS, a prior delegation occurred by means of the adoption of Resolution Number 93-R-181 by the Board of County Commissioners of Seminole County on June 8, 1993 (which was a modification of the delegation which occurred on July 10, 1990 pursuant to the adoption of Resolution Number 90-R-213 by the Board of County Commissioners of Seminole County); and

WHEREAS, insomuch as the City of Sanford has previously been delegated the authority to create a Community Redevelopment District over a certain area of property and has now requested that the delegation be modified to include an additional area into the jurisdictional limits of the Community Redevelopment Agency and insomuch as Board of County Commissioners of Seminole County have found and determined that the addition to the jurisdictional limits of the Community Redevelopment Agency would serve a public purpose and would be consistent with the goals, policies and objectives of the Seminole County Comprehensive Plan,

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA, THAT:

- (1) The delegation of authority set forth in Resolution Number 93-R-181 is modified consistent with the provisions of this Resolution.
- (2) Pursuant to Section 163.410, Florida Statutes (1993), the Board of County Commissioners of Seminole County, Florida, acting for and on the behalf of Seminole County, Florida, hereby delegates to the City of Sanford such authority, rights, and responsibilities conferred upon Seminole County pursuant to Part III, Chapter 163, Florida Statutes (1993), as amended, in order that the City of Sanford may create and establish a Community Redevelopment Agency within its municipal boundaries subject to the conditions and limitations set forth herein.
 - (3) The above delegation is subject to the following conditions:
- (a) The delegation shall relate solely and exclusively to that certain real property described in Exhibits "A" and "B" attached hereto and made a part hereof.
- (b) In accordance with Section 163.410, Florida Statutes (1993), the this delegation "... shall confer only such powers ... as shall be specifically enumerated in [this] ... delegating resolution" and the City of Sanford shall be charged with and solely responsible for making any and all necessary findings relative to the actions taken with regard to the creation of a Community Redevelopment Agency and all actions taken subsequent to the creation of said Community Redevelopment Agency.
- (c) The power delegated herein is the authority to create a Community Redevelopment Agency relating only to the property (the "Community Development Areas") described in: Exhibit "A" attached hereto, which subject properties relate to the area proximate to or a part of the Seminole Towne Center Mall in northwest Seminole County; and Exhibit "B" attached hereto, which description relates to a proposed City of Sanford Downtown Water-front District containing numerous parcels of property and is located in an area lying essentially along the shore of Lake Monroe or proximate thereto within the existing municipal limits of the City of Sanford. As to the Community Redevelopment Area described in Exhibit "B", if unincorporated properties within the Community Redevelopment Area Study Area voluntarily petition for annexation, it is the intent of Seminole County that all formal processes be accomplished relative to the inclusion of said properties into the Community Redevelopment Area.
- (d) As to the Community Redevelopment Area described in Exhibit "A", the following provisions of Resolutions 93-R-181 and 90-R-213 shall specifically continue to govern: paragraph (b) of 93-R-181; and, paragraphs (c) through (f) of 90-R-213.
- (e) As to the Community Redevelopment Area described in Exhibit "B", except for ninety-five percent (95%) of the "increment revenues" which shall be appropriated by Seminole County and by the City of Sanford and deposited in the Redevelopment Trust Fund in accordance with Section 163.387 (1994 Supplement), as amended, for a period not exceeding thirty (30) tax years, no Seminole County tax revenues, equivalent revenues, or any other County funds of any kind shall be used in

- (g) Any proposed additional Community Redevelopment Areas or any proposed expansion of the Community Redevelopment Areas shall require that the City of Sanford seek and request an additional delegating resolution from Seminole County and, to that end, this delegating Resolution shall not be deemed or construed, in any way, as a general delegation by Seminole County nor a pledge of any Seminole County funds or revenues to be used by the City of Sanford, the Community Redevelopment Agency or within the Community Redevelopment Areas.
- (h) Neither the City of Sanford nor the Community Redevelopment Agency shall contest or challenge any provision, term or condition of this Resolution, Resolution Number 93-R-181 or Resolution Number 90-R-213.

The potential consolidation of the Community Redevelopment Agency authorized herein with other community redevelopment areas into a multi-jurisdictional community redevelopment agency shall be optional with regard to the City of Sanford. To address that potential, however, all documents of creation and implementation of the Community Redevelopment Agency shall provide for the contingent future transfer of any and all projects, programs, assets, property, funds, obligations and liabilities to Seminole County and/or a multi-jurisdictional or countywide Community Redevelopment Agency established by Seminole County.
- (k) The City of Sanford shall and hereby does hold harmless and indemnify Seminole County from and against any losses or claims of any type or nature

whatsoever resulting in any way from the creation of the Community Redevelopment Agency.

- (I) As to all activities of any type or nature of or by the Community Redevelopment Agency, the Community Redevelopment Agency shall hold harmless and indemnify the County from and against any losses or claims of any type or nature whatsoever. This condition shall not preclude the City of Sanford from obtaining indemnification from the Community Redevelopment Agency.
- (4) Any action by the City of Sanford or the Community Redevelopment Agency in conflict with the limitations and requirements stated herein shall immediately revoke and rescind the authorization and delegation to the full extent made in this Resolution.
- (5) This delegation is made at the request of the City of Sanford and shall not be construed to represent the taking on or acceptance of any obligation by Seminole County or the making of any required finding or action by Seminole County under Chapter 163, Florida Statutes (1993), as amended, or any other law, rule or regulation (except only as to Seminole County's consent that the City of Sanford may create a Community Redevelopment Agency pursuant to the terms and conditions hereof, the provisions of Paragraph (3)(e) on page 4 hereof, and consistency with the provisions of the Seminole County Comprehensive Plan) relative to the creation of community redevelopment agencies or areas and any actions relating thereto.

SECTION 30. ECONOMIC AND COMMUNITY DEVELOPMENT SERVICES 30.20 COMPREHENSIVE PLAN AND AMENDMENTS PROCEDURES

A. PURPOSE. To provide clear and comprehensive procedures relative to the Comprehensive Plan, land use, and related decisions made by the Board of County Commissioners including, but not limited to, land use designation and text amendments to the Seminole County Comprehensive Plan, the rezoning of property to new zoning classifications, and said actions when associated with development-of-regional impact decisions.

In addition, procedures of the Board of County Commissioners of Seminole County relative to amendments to the Seminole County Comprehensive Plan should be such that the actions of the Board are clear to the general public and such that pertinent, full, and effective public participation is encouraged and enhanced.

- **B. VOTING PROCEDURES.** The procedures for votes on proposed amendments to the Seminole County Comprehensive Plan shall be as follows:
- (1) A group of applications for amendments to the Seminole County Comprehensive Plan which are approved by the Board of County Commissioners at a public hearing shall form and constitute one (1) Plan amendment cycle within the guidelines of Chapter 163, Florida Statutes. The approved amendment applications shall be contained in one (1) ordinance enacting the amendments and shall form and constitute one Plan amendment.

The rejection of an application for an amendment to the Seminole County Comprehensive Plan shall be and constitute a denial of any associated application for rezoning unless the Board affirmatively considers and takes a separate vote on such rezoning application at the same public hearing at which the Plan amendment application was denied. A separate motion and vote on an application for rezoning which is associated with a Plan amendment application shall not be required or necessary.

(2) A motion to approve and the vote in favor of the ordinance enacting the approved Plan amendment applications as an amendment to the Seminole County Comprehensive Plan shall be, include and constitute a motion and vote to transmit the enacted ordinance to the Florida Department of Community Affairs in accordance with State law with the findings that the internal consistency of the Seminole County Comprehensive Plan has been maintained and that the collective amendment is consistent with State law including, but not limited to, the State Comprehensive Plan as set forth in Chapter 187 of the Florida Statutes and the Strategic Regional Policy Plan of the East Central Florida Regional Planning Council adopted consistent with the provisions of Chapter 186 of the Florida Statutes. An affirmative vote at a transmittal public hearing (the first public hearing on those Plan amendments requiring two (2) public hearings) shall also serve as an approved motion to continue the associated rezoning action to the second public hearing on the Comprehensive Plan amendment application.

- **C. AMENDMENT PROCEDURES.** Procedures relative to amendments to the Seminole County Comprehensive Plan and associated applications for rezonings:
- (1) The comprehensive planning process in Seminole County is a legislative process. The procedures used by the Board during its public hearings shall be consistent with the provisions relating to public participation set forth in the Seminole County Comprehensive Plan, and the chairperson of the Board shall control the order and methods by which presentations are made to the Board, subject to being overridden by a majority of the Board then sitting as to any particular matter.
- (2) A group of applications for large scale amendments to the Seminole County Comprehensive Plan which are approved by the Board of County Commissioners at a public hearing shall form and constitute one (1) Plan amendment cycle within the guidelines of Chapter 163, Florida Statutes. The approved amendment applications shall be contained in one (1) transmittal package or ordinance enacting the amendments and, upon enactment of the ordinance, shall form and constitute one (1) amendment to the Seminole County Comprehensive Plan; provided, however, that each amendment application shall be referred to by an amendment number for compliance review purposes. Applications for amendments may be continued from an amendment cycle to another amendment cycle, when appropriate.
- The rejection of an application for an amendment to the Seminole County Comprehensive Plan (a vote against transmitting the proposed amendment at the transmittal public hearing, or a vote not to adopt the proposed amendment at the post State review public hearing, or the only hearing on small scale amendment) shall be and constitute a denial of any associated application for rezoning, including any proposed rezoning development order, unless the Board affirmatively considers and takes a separate vote on such rezoning application at the same public hearing at which the Plan amendment application was denied. Unless other findings are specifically stated, a motion to deny an application for an amendment shall include findings that the proposal was inconsistent with the provisions of the Seminole County Comprehensive Plan and with State law including, but not limited to, the State Comprehensive Plan as set forth in Chapter 187, Florida Statutes, and the Strategic Regional Policy Plan of the East Central Florida Regional Planning Council adopted consistent with the provisions of Chapter 186, Florida Statutes. A separate motion and vote on an application for rezoning which is associated with a Plan amendment application shall not be required or necessary, although the Board may take action, with findings, as to any rezoning application separate from the vote pertaining to the proposed Comprehensive Plan amendment.
- (4) An affirmative vote at a transmittal public hearing (the first public hearing on large scale Plan amendments requiring two (2) public hearings) shall also serve as an approved motion to continue the associated rezoning action to the second public hearing on the Comprehensive Plan amendment application. Such affirmative vote shall be deemed to include and constitute a motion and vote to transmit the proposed amendment to the Florida Department of Community Affairs in accordance with State law with the findings that the internal consistency of the Seminole County Comprehensive Plan has been maintained.

- An affirmative vote on the ordinance enacting the adopting Plan amendment application(s) as an amendment to the Seminole County Comprehensive Plan must occur subsequent to the vote(s) on each proposed Plan amendment in order for the ordinance amending the Comprehensive Plan to be enacted. Such affirmative vote shall be deemed to include and constitute a motion and vote to transmit the enacted ordinance to the Florida Department of Community Affairs in accordance with State law with the findings that the internal consistency of the Seminole County Comprehensive Plan has been maintained and that the collective amendment is consistent with State law including, but not limited to, the State Comprehensive Plan as set forth in Chapter 187, Florida Statutes, and the Strategic Regional Policy Plan of the East Central Florida Regional Planning Council adopted consistent with the provisions of Chapter 186, Florida Statutes. Additionally, such vote shall be deemed to provide authorization for the filing of any proposed response to any Objections, Recommendations and Comments Report issued by the Florida Department of Community Affairs and issuance of any proposed findings of compliance or noncompliance with State law. The approval of an application for an amendment to the Seminole County Comprehensive Plan (a vote adopting the proposed amendment at the post State review public hearing or only hearing on small scale amendments) shall be and constitute an approval of any associated application for rezoning unless the Board affirmatively considers and takes a separate vote on such rezoning application at the same public hearing at which the Plan amendment application was approved. A separate motion and vote on an application for rezoning which is associated with a Plan amendment application shall not be required or necessary.
- **D. PUBLIC HEARING PROCEDURES.** Procedures regarding all public hearings relative to applications for rezonings and other quasi-judicial land use decisions:
- (1) The process of hearing applications for the proposed rezoning of property to a new zoning classification in Seminole County is a quasi-judicial process. The Board of County Commissioners will provide a fair and just forum for rezoning applications and for all other quasi-judicial land use decisions such as hearings related to special exceptions and variances. The procedures used by the Board shall be such that order is maintained, the public is encouraged to participate in rezoning decisions and other quasi-judicial land use decisions, the public's business is expeditiously accomplished, the rights of all citizens to instruct their representatives is respected, and all affected parties and interested citizens are provided an adequate opportunity to present their positions to the Board. The procedures used by the Board during its public hearings shall be consistent with the provisions relating to public participation set forth in the Seminole County Comprehensive Plan and the chairperson of the Board shall control the order and methods by which presentations are made to the Board, subject to being overridden by a majority of the Board then sitting as to any particular matter.
- (2) The Board is very knowledgeable of the County in general. Accordingly, a part of the record of every quasi-judicial proceeding shall be the aerial photographs, land use maps, zoning maps, and other materials generally used by the County in making land use decisions or by County staff in making recommendations relative to land use matters.

E. GENERAL PROVISIONS.

- (1) The procedures set forth herein shall be utilized by the Board unless and until alternative procedures are adopted by resolution.
- (2) The Planning and Development Division of the Economic and Community Development Services Department and the Clerk to the Board of County Commissioners shall make efforts to insure that these procedures are made available to and understood by the public by posting a copy of this Resolution at all public hearings of the Board at which amendments to the Seminole County Comprehensive Plan, rezonings, or other land use matters involving quasi-judicial proceedings are considered by the Board.
- F. AUTHORITY. Resolution 94-R-122 adopted April 26, 1994 Resolution 95-R-74 adopted March 14, 1995 Resolution 2012-R-107 adopted June 12, 2012

Upon conclusion of the review, the Planning and Development Division Manager shall prepare a written recommendation for the BCC, including supporting reasoning and documents, and shall cause the application to be brought before the BCC for consideration at a public hearing.

The notice shall, at a minimum, include the time and place at which the public hearing is to be held, a description of the requested action, a legal description of the conservation easement the applicant is requesting the BCC to release, and a general description of the location of the conservation easement.

E. BOARD PUBLIC HEARING.

Upon proper public notice being provided pursuant to Section D, the Board shall hold a public hearing to determine whether or not to release the conservation easement. Considering the opinions and recommendations of the Planning and Development Division Manager, public comment, the objectives, goals and policies of the Seminole County Comprehensive Plan (SCCP), and the provisions of the Land Development Code of Seminole County (LDC), the Board may release the conservation easement if it makes the factual finding that the release would not adversely affect the interest of the public.

F. APPROVAL OF APPLICATION; ENACTMENT OF RESOLUTION.

If the Board determines to grant the application request and release the conservation easement, the Board shall adopt a Resolution releasing the conservation easement to the fee owner. The Resolution shall specifically state that the release of the conservation easement does not adversely affect the interest of the public.

I. DENIAL OF APPLICATION.

The Board's denial of an application shall preclude the Board's consideration of the same or substantially similar application for a period of one (1) year. The Board's denial of an application to release a conservation easement is a discretionary decision, is final, and is not subject to further review or appeal.

LDC Section 105.43 provides that prior to the effective date of the Chapter (April 10, 2018), which is the first business day after ninety (90) days from adoption of the amending Ordinance, the County may enter into a written vested rights agreement with the owner of property in the unincorporated area of the County to provide that the owner's property shall be subject to payment of the Educational System Impact Fee rate in effect immediately prior to the amendment of the Ordinance. The process and considerations for determination of those circumstances under which County will enter into such vested rights agreement are set forth in this Administrative Code Section.

B. APPLICATION.

- (d) The applicant must submit signed and notarized statements from all parties to the contract that said contract remains valid for the subject property;
- (e) The applicant must submit a signed and notarized statement that earnest money for the transaction has been paid for said contract; and

A. PURPOSE. The need for reasonable country road construction and maintenance policies arises principally from the limitation of transportation revenues available to the County with which to operate a rapidly expanding County Road System. It is important to ensure to the degree possible that expenditures are equitable in terms of public need and safety, and that the benefit derived from each expenditure of transportation funds corresponds fairly to the source of the funds utilized, therefore:

The purpose of this statement of policies is:

- (1) to serve as an informational document describing Seminole County's dayto-day road operating policies for the benefit and guidance of County Commissioners, County employees and the public.
- (2) to combine in one document the several policies, directives, and regulations which have been adopted by the Board during the past 10 years, more or less.

In order to help dispel some of the confusion about the Board's obligations in regard to dedication of roads and easements appearing on record subdivision plats, Chapter 177.081, Florida Statutes, is reproduced in its entirety:

Chapter 177.081 Dedication and Approval

- (1) Every plat of a subdivision filed for record must contain a dedication by the developer. The dedication shall be executed by all developers and mortgagees having a record interest in the lands subdivided, in the same manner in which deeds are required to be executed.
- (2) When a tract or parcel of land has been subdivided and a plat thereof bearing the dedication executed by the developers and mortgagees having a record interest in the lands subdivided and the approval of the governing body has been secured and recorded in compliance with this chapter, all streets, alleys, easements, rights-of-way, and public areas shown on such plat, unless otherwise stated, shall be deemed to have been dedicated to the public for the uses and purposes thereon stated. However, nothing herein shall be construed as creating an obligation upon any governing body to perform any act of construction or maintenance within such dedicated areas except when the obligation is voluntarily assumed by the governing body.

(2) Final Authority on all aspects of the Comprehensive Road Policy rests with the Board of County Commissioners of Seminole County. Changes, exceptions and waivers to such policies may be granted at the discretion of the Board.

C. DEFINITIONS.

ACCEPTANCE OF ROADS - An official action taken by the Board of County Commissioners in a regular Commission meeting which formally accepts a road into the County Road System for maintenance. Thereafter, the Public Works Department may, within the limits of its authority, perform maintenance on the accepted road without any further Board action.

ALLEY - A public or private right-of-way primarily designed to serve as secondary access to the side or rear of those properties whose principal frontage is on some other street.

BOARD - The Board of County Commissioners of Seminole County Florida.

COUNTY ROAD SYSTEM - Shall consist of all collector roads in the unincorporated areas and all extensions of such collector roads into and through any incorporated areas, all local roads in the unincorporated areas, and all urban minor arterials not in the state highway system. In Seminole County only those roads which have been formally accepted into the County Road System by an official action of the Board are considered to be in the Seminole County Road System.

DETENTION POND - A storm water treatment facility designed to detain and store design volumes of storm water for a specified period of time before allowing overflow into downstream receiving facilities off-site.

DEVELOPER - Any person engaged in developing or improving a lot or group of lots for use or occupancy. Also includes "Builder".

EASEMENT - Any strip of land legally dedicated or conveyed for public or other private utilities, drainage, sanitation, or other specified uses having limitations, the title to which shall remain in the name of the property owner, subject to the right of use designated in the reservation of servitude.

EMERGENCY - An adverse road condition of such severity that an owner residing thereon is deprived of vehicular access to his property.

EMERGENCY CORRECTIVE ACTION - The performance of corrective work authorized by the Public Works Department Director or the Board for a road that has not been accepted into the County Road System for maintenance. Such roads must have a right-of-way of record dedicated to the County or the public.

MAINTENANCE CLASS - The class, or degree, of maintenance given to a road that has been accepted into the County Road System by the Board. Accepted paved roads are assigned to receive Regular Maintenance and unpaved roads are assigned to receive Emergency Maintenance, as hereinafter described.

METES AND BOUNDS SUBDIVISION - An unrecorded subdivision developed without complying with Seminole County Land Development Code. In the absence of any dedications or conveyances of right-of-way to the County or the public, the roads in metes and bounds subdivisions are considered to be private property.

PLAT - A map or delineated representation of the subdivision of lands, being a complete exact representation of the subdivision and other information in compliance with the requirements of all applicable statutes and of local ordinances, and may include the terms "replat", "amended plat", or "revised plat".

PUBLIC UTILITY - Any publicly or privately operated utility, such as, but not limited to, storm drainage, sanitary sewers, electric power, water service, gas service, or telephone line, whether underground or overhead.

RETENTION POND - A storm water treatment facility designed to totally retain design volumes of storm water on site.

RIGHT-OF-WAY - Land dedicated, deeded, used, or to be used, for a street alley, walkway, boulevard, public utilities, drainage facility, access for ingress and egress, or other purpose by the public, certain designated individuals, or governing bodies.

ROADWAY - The traveled portion of a street available for vehicular traffic.

RURAL SECTION - A paved street having an open drainage system, i.e., utilizing swales rather than curbs and gutters for drainage.

SERVICE ROAD - A public street, generally paralleling and contiguous to a main traveled way, primarily designed to promote safety by eliminating promiscuous ingress and egress to the right-of-way, and providing safe and orderly points of access at fairly uniformly-spaced intervals.

SIDEWALK - That paved portion of a right-of-way intended for pedestrian use.

STREET - Any access way such as a street, road, lane, highway, avenue, boulevard, alley, parkway, viaduct, circle, court, terrace, place, or cul-de-sac, and all of the land lying between the right-of-way lines as delineated on a plat showing such streets, whether improved or unimproved.

STREET, CUL-DE-SAC - A local street with only one outlet and having an appropriate turning area for the safe and convenient reversal of traffic movement.

SUBDIVISION - The division of a parcel of land, whether improved or unimproved, into two (2) or more lots or parcels for the purpose, whether immediate or future, of transfer of ownership or building development where:

- (1) the subdivider advocates, proposes, suggests, or exhibits a proposed plan, map, or plat of development of land; or
- (2) the subdivider proposes to create a street, right-of-way, or easement that joins or connects to an existing public street. 'Subdivision' includes resubdivision and,

when appropriate to the context, shall mean the process of subdivision or the land subdivided.

URBAN SECTION - A paved street having curb and gutter incorporated in its design, and which may include inlets and an enclosed drainage system if required.

D. ACCEPTANCE OF ROADS.

(1) General

- (a) Acceptance of roads into the County Road System of Seminole County can be accomplished only by an official action of the Board taken in a regular commission meeting. Current County policy requires adoption by the Board of a resolution of acceptance.
- (b) The Public Works Department is without authority to expend public funds or perform any maintenance on a road that is not in the accepted County Road System without specific authority from the Board.
- (c) Upon acceptance into the County Road System, a paved road shall be designated to be regularly maintained as set forth in Section D (1) (b).

(2) Paved Roads

- (a) New Subdivision Roads Acceptance of paved roads in new subdivisions shall be as provided in the most current edition of Seminole County Land Development Code.
- (b) Other Paved Roads Acceptance of roads that were paved to County standards by permit in a platted or deeded right-of-way, or as a commitment honored by a developer or builder, may be accepted by Board resolution subject to the required maintenance guarantee under certain circumstances at its discretion.

The Board may accept paved roads transferred to the County Road System from the State Highway System or the City Street Systems as may be provided by law and as mutually agreed upon by the jurisdictions involved.

E. MAINTENANCE OF ROADS.

(1) Accepted Roads

- (a) Maintenance Responsibility County maintenance responsibility includes the traveled roadway, and, wherever they exist, shoulders, sidewalks, side ditches, drainage structures, regulatory and street name signs, pavement markings, traffic and school signals, located within the limits of the County road right-of-way or easements legally dedicated to the County or the public.
- (b) Work items to be performed by the Public Works Department for each type of road will be in general accordance with the following guidelines:

Work Item	MAINTENANCE CLASS Paved Roads Regular Maintenance	Unpaved Roads Emergency Maintenance
Pavement Patching Pavement Markings Regulatory Signing Street Name Signing	Yes Yes (Other than resident.) Yes Yes	Not Applicable Not Applicable No Upon request of Dist. Commissioner
Shoulder Mowing	Yes (Non-residential only.)	No
Motor Grading	Not Applicable	Infrequent (Only as required to restore passability)
Side ditch maintenance (where existing).	Yes	No
Other drainage maintenance (swales, legal outfalls, etc.)	Yes	No (Abutting owners may have to accept or handle.)

- (b) Maintenance of Facilities off the Road. Maintenance of outfall ditches, retention or detention ponds, canals, drainage or conservation areas and the like, shall be performed to the degree necessary for protection of the public road. There is no obligation upon the County to perform maintenance of the facilities described for aesthetic reasons.
- (c) Maintenance of County Roads joining State Highway. Roadway maintenance, stop and street name signs, and pavement markings on County roads joining the State Highway System are the responsibility of the County, notwithstanding the fact that the County road extends into the limits of state highway right-of-way to join the state road edge.
- (d) Maintenance of Side Roads joining County Roads by Others. Roadway maintenance, stop and street name signs, and pavement markings on side streets joining County roads inside of cities are the responsibility of the owner (city) of the side road, notwithstanding the fact that the side road extends into County road right-of-way to join the County road edge.

(2) Unaccepted Roads

(a) Opening of Roads

(i) By the County. Except when directed by the Board to construct a road in a dedicated but unaccepted, unused, right-of-way to serve a County purpose, the Public Works Department is not authorized to open, clear, grade, or stabilize a road in such a right-of-way at the request of others.

(ii) By Others. Developers, builders, or others planning to open a road in a dedicated but unaccepted, unused right-of-way must first obtain a permit as required in Section G, (2), (b), and shall clear, grade, and stabilize the road to County standards for grader maintenance in order that maintenance can be assumed by the County at minimum cost if the road is accepted by the Board at a later date.

(b) Emergency Corrective Action

- (i) Consideration may be given to emergency corrective action where there is a one-time emergency condition on a road which does not meet criteria for acceptance into the County Road System.
- (ii) To qualify for emergency corrective action, the road under consideration must meet all of the following minimum requirements:
 - Must have a public right-of-way of record.
 - Must exhibit an emergency condition of such severity that an owner residing thereon is deprived of vehicular access to his property.
 - Must have been passable by automobile prior to the emergency and must be susceptible to correction by commonly used maintenance techniques such as grading, repair of wash-outs and depressions, and clearing of obstruction, and blockages in existing swales and ditches. Such work may be remedial or preventative at the discretion of the Public Works Department Director.
- (iii) After receipt of a request for emergency corrective action, and upon determination by the Public Works Department Director that an emergency condition exists as defined in Paragraph (b), (ii) above, the Public Works Department Director is authorized to initiate appropriate corrective action.
- (iv) If a determination is made that no emergency exists as defined in Paragraph (b), (ii) above, a written appeal may be made by the requestor to the Public Works Department Director. This appeal will be forwarded to the District Commissioner who may request a report from the Public Works Department Director containing the following information:
 - · Location and condition of road.
 - Its right-of-way width.
 - Number of residences served.
 - Other pertinent information including a description of the recommended corrective action, if granted.
 - Upon motion by the District Commissioner, the Board may authorize emergency corrective action.
- (v) The Public Works Department shall maintain a record of all emergency corrective actions performed in order to determine the impact of this

procedure upon the department budget and detect recurring emergency conditions that may dictate other steps to alleviate.

- (vi) No Board action or Public Works Department operation described herein pertaining to the provision of emergency corrective action shall be construed as an act of construction or maintenance voluntarily assumed by the governing body within the meaning of Chapter 177.081 Florida Statutes, or be construed as an act of acceptance of the road by the Board.
- (vii) Emergency corrective action shall not be used as a pretext for opening roads, or guaranteeing access through obviously unsuitable terrain where no road was previously in existence or use.
- (c) Private Roads (Including Roads in Unrecorded, or "Metes and Bounds" Subdivisions).
- (i) The County has no responsibility or authority for maintenance of private roads.
- (ii) Maintenance of such roads, including emergency measures, is solely the responsibility of the owners.
- (d) Metes and Bounds Subdivisions. Roads in metes and bounds subdivisions, being private, are not eligible for acceptance into the County Road System, or for any County maintenance. Nor are they eligible for any kind of County participation. Current County policy for considering acceptance of roads in metes and bounds subdivisions requires that the roads be improved to County standards by others, and that required rights-of-way be conveyed to the County. In addition:
- (i) The subdivision shall have been created of record prior to July 28, 1970.
- (ii) Ownership of the lots therein shall not be vested in one owner, but for the most part in multiple ownerships.
- (iii) Where lots average less than 3 acres in size, the roads must be paved to applicable standards of Seminole County Land Development Code.
- (iv) Where lots average 3 acres or more, but less than 5 acres in size, paving requirements may be waived by the Board.
- (v) Where lots average 5 acres or more in size, roads will not be considered for acceptance unless there is an overall public benefit as determined by the Board.

(e) City Streets

(i) The Board may give consideration to road maintenance inside of municipal limits by contract, subject to limitations of County manpower and equipment.

- (ii) Funding for such maintenance will be paid entirely by the city and shall cover all County costs including labor and fringe benefits, materials, equipment rental, fuel, supervision and overhead. Payment shall be made to the County on a monthly basis (or as specified in the contract).
- (3) Other Facilities in County Right-Of-Way. Seminole County will not fund the construction of or assume the maintenance of the following facilities which may be approved or permitted within the right-of-way of a County road:
- (a) Decorative entrances, gates, walls, non-standard street signs, etc. shall be constructed and maintained by developer or homeowners in accordance with applicable provisions of Seminole County Land Development Code.
- (b) Landscaping medians parkways, other planted areas, including irrigation, if any, except as provided in subsection (e) below.
 - (c) Street lighting systems.
 - (d) Private driveways.
- (e) When a Homeowner Association (HOA) maintains landscaping on a County major collector or arterial road, the Board may consider approval of an annual maintenance reimbursement to the HOA based upon current County contracts for mowing and maintenance of planting beds. The following criteria must be met:
 - Roadway must be a four-lane or wider major collector or arterial.
 - Reimbursement is for median maintenance only.
 - Landscaped median area must be, at minimum, approximately one (1) mile in length.
 - The HOA must execute a formal agreement prior to its execution by the County and prior to any reimbursement being issued.

F. CONSTRUCTION OF ROADS.

- (1) County Road Construction Program
- (a) General. The annual road program is developed during the budget process each year and reviewed and approved by the Board. It includes all of those road projects to be constructed utilizing County Transportation Trust Funds, as well as projects to be funded from other sources, such as participation projects and assessment projects. The following categories of work are identified in the County road construction program:
 - (i) 100% County funded
 - Major highways (80% 2nd Gas Tax Surplus, Local Option Gas Tax and Transportation Impact Fee).
 - Usually urban minor arterials.
 - · Collectors in the County Road System.

- Local roads serving predominately as feeders.
- Resurfacing projects to preserve existing paved County roads.
- · Bridges, including bridge repairs.
- Traffic operational improvement projects.
- Traffic signals, new and updated.
- School related projects.
- (ii) Other funding, with or without County:
 - Participation projects
 - With municipalities
 - With state
 - With abutting owners
- (iii) Grant projects
 - County participation
 - Outside contract
- (b) Desirability of 5-Year Programming. It is recommended that the County's road program be planned for a period of 5 years, insofar as it is possible to do so, for the following reasons:
 - (i) Time required for:
 - Surveys
 - Plan preparation
 - Acquisition of right-of-way and easements
 - · Relocation of public utilities
 - Obtaining permits if required
 - Advertisement for bids and contract letting, if applicable

Generally, only minor projects can be authorized by the Board and implemented within a single budget year.

- (2) Right-Of-Way Acquisition
- (a) General. In order to conserve public funds, it is County policy to acquire right-of-way and easements by donation wherever possible. Local road projects and certain collector road projects will require the donation of needed rights-of-way in order for the projects to be implemented. It is realized that because of population growth and increasing land values, purchase of right-of-way may be required more frequently than in the past.

Right-of-way for County roads is generally obtained by one of the following procedures:

(b) Donation. Where abutting property owners donate right-of-way or County road or drainage improvements, Seminole County will perform reasonable work of a minor nature in consideration therefore and to restore or maintain the owner's pre-existing facilities abutting the road, such as:

- (i) Relocation of fencing, including minimum amounts of new material needed to make relocation possible.
- (ii) Reconstruction of driveway, to be of same kind and materials as existing.
- (iii) Replacement or relocation of culvert pipe, or installation of new culvert, if required by project.
- (iv) Relocation, reconnection of farm irrigation systems and wells.
- (v) Construction of one driveway entrance and culvert, if needed, where the owner's parcel did not have an access driveway prior to the project.
- (c) Purchase (by negotiation, condemnation). Where abutting owners have been compensated through purchase of the right-of-way by negotiation or condemnation in accordance with the law, none of the foregoing policies in Section (b) apply except that driveway connections will be made as described in Section (3), "Driveway Policies During Construction".
- (d) Commitments. Through the processes of subdivision review, rezoning review, and commercial or industrial site plan review, the Board may request commitments leading to donations of right-of-way by developers or builders on certain of the County's arterial or collector roads, major local roads, or major intersections.
- (3) Driveway Policies During Construction. County policies for making connections to private driveways during road construction projects are as follows:
- (a) Connections to unpaved driveways. County will construct a stabilized connection of same or similar type.
 - (b) Connections to paved driveways.
- (i) Wherever a paved driveway exists between road edge and right-of-way line (front lot line), the County will reconstruct a paved connection at no cost to owner.
- (ii) Occasionally, due to grade changes, it may be necessary to reconstruct a portion of driveway beyond the right-of-way limits, on private property. The County will perform this adjustment at no cost to the owner provided the owner grants specific permission for County forces to work on his property for the purpose.

(c) Driveway Culvert Pipes

- (i) Where new culvert pipes are required as a result of new open drainage facilities that are a part of the road project design, the culverts will be furnished and constructed at no cost to the owners.
- (ii) Where existing culverts must be relocated or replaced as a part of the road project design, the work will be performed at no cost to the owners.

(4) Participation Projects

- (a) With Municipalities (City Street System Projects)
- (i) The Board may give consideration to a city street project if a municipality feels that it can save monies by contracting with the County to construct certain projects within the municipal limits that are part of the City Street System. Such consideration is subject to limits of County manpower and equipment or impact on regular County road program.
- (ii) Requests by municipalities should be made prior to May 1st so that budgetary considerations may be included in the upcoming budget year starting October 1.
- (iii) Plans shall be prepared by the municipality and approved by the County.
- (iv) Funding for such projects will be paid entirely by the municipality and shall cover all County costs including labor and fringe benefits, materials, equipment rental, fuel, supervision, and overhead. Payments for such projects may be made prior to any construction starting.
- (v) The municipality and County shall execute a written agreement providing for the joint participation project which shall set forth the cost of approved plans with the agreement. No work shall start until the agreement has been executed.
 - (b) With Municipalities (Minor Projects under \$1000).
- (i) If a municipality feels that it can save monies by contracting with the County on small projects costing less than \$1000 for labor and materials, the Board may give consideration to such projects.
- (ii) Requests for such work should be made by the municipality in writing to the Board.
- (iii) Estimates for the work will be prepared by the Public Works Department and sent to the municipality for their review.
- (iv) At completion of the work the County will bill the municipality for the actual cost.
- (c) With Municipalities Traffic Signals. Within municipal limits, Board policy applying to construction and maintenance of traffic signals is as follows:
- (i) Warrants must be satisfied. The County will consider participation in funding only after a traffic signal survey has been conducted at the intersection and one or more signal warrants are found to be satisfied in accordance with the Manual on Uniform Traffic Control Devices.

- (ii) County will fund construction 100% and maintenance 100% at intersections which include two (2) roads which are functionally classified as either state highway or County road.
- (iii) County will fund construction 50% and maintenance 100% at intersections which include a County road and a city street.
- (iv) County will not fund construction or maintenance at intersections which consist of two city streets, or a state highway and a city street, where no County road is involved.
- (v) School signs, flashing signals, crosswalks, including pavement markings. Within municipal limits, the County will:
 - · Maintain flashing signals on state highways
 - Construct and maintain school signs, flashing signals, and crosswalks on County roads
- (vi) The policies pertaining to traffic signals and school-related facilities are subject to County budget limitations and determination of priorities Countywide.
- (d) With the State Department of Transportation. The Board will participate with the State of Florida Department of Transportation in certain eligible projects involving joint state highway and County road system needs. Typical projects may include:
 - (i) Traffic signals and intersection improvements.
 - (ii) Railroad signals.
 - (iii) Maintenance agreements.
 - (iv) Federal Aid projects affecting the County road system.
 - (v) Planning activities.
 - (e) With abutting owners.
- (i) Assessment Projects. The Seminole County Municipal Services Program establishes the procedure by which road improvements may be made through assessment of abutting owners. It provides benefit for:
 - Petition process and criteria from property owners who own abutting property.
 - Public notice and hearings.
 - Preliminary plans and estimates.
 - Board determination whether to grant petition, and degree of County participation.
 - Preparation and adoption of assessment ordinance.
 - Public notice and hearing on assessment ordinance.

- Project implementation.
- Publication and recording of final assessment list. Assessment by County Property Appraiser and collection by County Tax Collector as provided by the specific assessment ordinance.
- (ii) Commercial, industrial, multifamily projects and developers' commitments. Although most commitments made by developers are funded 100% by the developer, the Board may consider County participation in certain cases where a significant degree of County need or public benefit may exist. This might be typified by certain major traffic signal or intersection problems. Financial participation by the County is rare, however, and any such project that may be considered receives detailed commission and staff review before County participation is approved.

G. PERMITS.

(1) General

- (a) Permits are required for the use of County road right-of-way for the construction, installation, or maintenance of any public utility, or any other facility, structure, driveway, pavement, or object in the road right-of-way other than those constructed or maintained by Seminole County.
- (b) The Board has delegated the authority for issuance of permits to the Seminole County Public Works Department.
- (c) Whenever construction is proposed in a County road right-of-way that will be major in scope and unusually disruptive of the right-of-way, it is the responsibility of the Public Works Department to notify the Board in advance in order that the Commissioners will be aware of the project and the reasons for temporary disruption.
- (d) Applicants for permits must acknowledge that they have determined the locations of all other users of the right-of-way and will be responsible for the facilities of others.

(2) Types of Permits

- (a) Use License (or Use Permit). Utilized by public utility companies, including privately and municipally owned, for construction and maintenance of overhead or underground public utility systems in the County road rights-of-way.
- (i) Open cuts across paved County roads are prohibited unless it is physically or mechanically impossible to make the crossing by any other method. Cost is not allowed as a consideration in making this determination.
- (ii) Permitted open cuts and emergency open cuts must be repaired to County standards.

- (b) Permit to Construct Road in County Right-of-Way. Utilized by developers, builders, or others planning road construction in a platted or recorded County right-of-way.
- (i) Work proposed must meet County standards for the function of the road being constructed.
- (ii) Issuance of permit does not commit the County to accept unpaved road improvements.
- (iii) Acceptance of paved roads may be considered after completion, subject to final inspection and 2-year maintenance guarantee.
- (c) Driveway Permit (sometimes referred to as "Access Permit" or "Curb Cut Permit"). Utilized by abutting owners to construct a private driveway access facility joining any County road.
 - (i) Curb cuts must meet County standards.
- (ii) On rural sections applicant must make provisions for drainage at no cost to County. If a culvert is required, the County will specify its type and size.
- (iii) All driveway construction, including materials and labor, shall be at the expense of the applicant.
- (iv) Only approved construction materials will be permitted within the right-of-way.

SECTION 34. PUBLIC WORKS DEPARTMENT

34.15 SEMINOLE COUNTY STATE ROAD 13 – FLAGLER TRAIL

A. PURPOSE. Provide historical facts and identify uses of the Seminole County acquired abandoned railroad right-of-way (ROW) known as State Road 13 in 1984 and currently known as Flagler Trail.

B. HISTORY.

- (1) State Road 13 (Flagler Trail) is located in eastern Seminole County traversing the entire width of the County north to south. The ROW extends from Orange County, running parallel to County Road 419, crossing the Econlockhatchee River and passing northeasterly through Geneva to the St. John's River north of Lake Harney.
- (2) Seminole County acquired the abandoned ROW in 1984 from Florida Department of Transportation (FDOT). Resolution 84-R-47 identifies that the Board of County Commissioners determined that it is in the public interest to reserve this ROW for public purposes such as, and not limited to, roadways, drainage and land for other County facilities. This ROW is deemed important for possible integration into Seminole County's Open Space and Recreation System as pedestrian, equestrian and bicycle trails and natural resource access area.
- (3) Once a continuous ROW, numerous segments of the ROW were dedicated to private owners by FDOT prior to abandonment in 1984. Gaps extend from one lot to two (2) miles. Historical uses and obstructions within the ROW include access to residences and property, "cross-overs" from residences to adjoining roadways and fence barricades. Specific segments of the ROW are used as the sole access to residences.
- (4) In 1990, St. John's River Water Management District Board authorized the purchase of 2,100 acres of the Econlockhatchee River CARL Acquisition Project.
- (5) In January 1990, the Board of County Commissioners received a letter from Central Florida Commuter Rail Authority requesting that Seminole County make no use of or dispose of abandoned rail lines. This request was made in support of potential use of such corridors for mass transit facilities.
- **C. EXISTING CONDITIONS.** Trail corridor was divided into four (4) segments due to its length and changing use and character of the right-of-way property. For each segment there are three (3) primary options for use.
 - (1) Access ROW access to private properties.
 - (2) Rail Relocation of the CSX freight lines by Commuter Rail Authority.
- (3) Trail continued designation as part of the Florida Trail and potential expanded trails through coordination with the Florida Trail Association and Rails to Trails Conservancy.

D. TRAIL SEGMENTS.

- (1) Segment 1 located from Orange County line north parallel to County Road 419 to the south edge of Chuluota.
- (a) Access: Use of this segment for future public access is not recommended due to the segmented ownership patterns. Historical uses of the segment as a roadway shall continue to be permitted.
- (b) Rail Relocation: Proposed relocation of the CSX Freight Line is not recommended due to segmented ownership and incompatibility with adjacent uses.
- (c) Trail: Continue use of this segment as a part of the Florida Trail System. This would provide a trail system between existing County park facilities connecting Lake Mills, Spring Hammock and the future Econlockhatchee River area.
- (2) Segment 2 located north of Chuluota to State Road 426 and represents the largest segment of ROW remaining relatively undisturbed.
- (a) Access: Due to environmental constraints, existing trail uses and proposed acquisition area, use of this property for roadway access shall be restricted to historical uses.
- (i) If paved access is permitted, limit to the existing graded roadway adjacent to existing borrow permit, with no further northern access and retention of a continuous trail.
- (ii) If paved access further to the north is permitted, that access extends no further than the CARL Acquisition Area Boundary. A continuous tract within the ROW shall be retained if any paved access is provided.
- (b) Rail Relocation: Continue to work with Commuter Rail Authority to identify alternative corridor options.
- (c) Trail: Continue to designate this segment as part of the Florida Trails. Continue coordination with the Florida Trail for maintenance and pursue designation as a National Scenic Trail.

(d) Other Concerns:

- (i) Support efforts to eliminate dumping sites along entire State Road 13 corridor, particularly Segment 2.
- (ii) Identify options to limit access to those portions not used as a roadway and alternative to ensure ROW maintenance.
- (iii) Development of properties adjacent to Segment 2 of property to retain an opaque vegetated buffer with no direct access to existing trail. Open space areas shall be located adjacent to the portion of ROW used as a trail.
- (3) Segment 3 this portion of the ROW extends from State Road 426 through Geneva northeast to Harts Grove Subdivision.

- (a) This is the most disjointed section of ROW with a large segment under private ownership and several existing roadway uses.
- (b) On the southern border, Seminole Woods acquired private ownership of a two (2) mile segment, precluding use of the property as a continuous north-south ROW.
- (c) North of Seminole Woods to Hart Grove, the ROW is under County ownership and is currently used for access to residences and properties. Several segments of ROW within the Geneva area are designated with different names other than State Road 13 and with inconsistencies there is a potential for addressing and emergency 911 problems.
- (i) Access: No objection to future use for public roadway access.
- (ii) Rail Relocation: Segment is not under consideration for rail line relocation.
- (iii) Trail: This segment of ROW shall incorporate a recreational/trail corridor connecting to adjoining segments.
- (4) Segment 4 This segment extends from Harts Grove to the St. John's River and is owned by the County. No direct access to the ROW is required and several residences cross over the ROW to access Osceola Road.
- (a) Access: Public roadway needs within this part of the County are limited. Continue unpaved access with no obstructions for adjacent properties.
 - (b) Rail Relocation: Not under consideration for relocation of rail lines.
 - (c) Trail: Designate for future recreational trail use.
- **E. NON-USE OF ROW**. If the ROW is not used for the purposes stated herein, then the ROW shall be returned to the Florida Department of Transportation.
- **F. SPECIAL INTEREST.** In Segment 2, if paved access to the north is permitted, that access extend no further than the CARL Acquisition Area Boundary and that a continuous trail within the ROW shall be retained if paved access is provided.

SECTION 34. PUBLIC WORKS DEPARTMENT

34.20 SIGNING AND LIGHTING SEMINOLE COUNTY TRAIL AND PEDESTRIAN OVERPASSES/TUNNELS POLICY

- **A. PURPOSE.** To establish requirements for a uniform design for trail and pedestrian overpass and tunnel structures respectively to include signage, lighting and other features.
- **B.** TRAIL OVERPASSES AND TUNNELS. Defined as multi-use overpasses and tunnels that provide for the continuity of a trail over or under a roadway, but are not a functional part of the roadway. Hours of operation are from sunrise to sunset or as specifically stated at the site by the County.
- (1) Regulatory lighting on pedestrian overpasses will be provided where appropriate and permitted by the agency with jurisdiction.
- (2) Regulatory signage for usage or directional purposes will be provided on trails for trail users as permitted by Federal and State Statutes. Identifying signage for motorists may be provided on structures where appropriate and permitted by the agency with jurisdiction.
- (3) Decorative signage, lighting, or other items on structures crossing State or Federal roadways must be approved and permitted by FDOT. Current FDOT policies prohibit any of these uses with the exception of the following flags: United States America, State of Florida, county and city. To maintain consistency throughout the County, decorative signage, lighting, or other items are prohibited on structures crossing County or local roadways.

SECTION 34. PUBLIC WORKS DEPARTMENT

34.25 VEHICLE USE POLICY

- **A. PURPOSE.** To establish operational guidelines and policies related to the operation of County vehicles, permanent 8-hour vehicle assignments, 24-hour vehicle assignments, and the use of private vehicles to conduct official County business and to maximize the efficient utilization of all County vehicles to ensure the highest return available for capital, operating, and maintenance dollars.
- **B.** ORGANIZATIONS AFFECTED. This Vehicle Use Policy applies to all departments and divisions with County employees who use County owned equipment or vehicles or, as applicable, privately owned vehicles for County business.

C. PROCEDURES.

- (1) Departments or divisions are responsible for submitting requests for vehicle purchases and replacements.
- (2) In consultation with Department Directors, the Public Works Department is responsible for: developing a prioritized list of new and replacement vehicle purchases; developing specifications to include type, size, suitability, durability, overall cost and fuel mileage; and implementing those purchases after they have been adopted as part of the annual budget. With coordination of affected Department and Division Heads, the Public Works Department shall evaluate and prepare specifications for both additional and replacement equipment that:
 - Meet the real requirements of the task to be performed.
 - Encourage the competitive bidding process; and
 - Minimize purchase price and total life cost.
- (3) The Public Works Department is responsible for developing and maintaining a comprehensive list of vehicle assignments. The County Manager is granted the authority to assign vehicles and to transfer vehicles between departments to ensure the maximum efficient utilization of the County fleet. Special care should be taken to maintain proper accounting records between general and enterprise funds. The vehicle assignment list must include information on daily and take-home assignments.
- (4) All increases to the County fleet, take-home assignments, and regular overnight parking of vehicles at a location other than the employee's official headquarters require the authorization of the County Manager.
- (5) The assignment of a County-owned vehicle on a 24-hour basis as a condition of employment for any position requires the authorization of the County Manager.
- (6) As a part of the budget process, the Resource Management Department is responsible for reviewing the new and replacement list developed for the various Departments. After approval by the County Manager, the Resource Management

Department shall incorporate any recommended purchases into the annual budget, subject to the availability of funding.

D. MONITORING UTILIZATION OF VEHICLES.

- (1) Department and Divisions have primary responsibility to ensure proper use of their assigned County vehicles. The Public Works Department shall generate a monthly vehicle report inclusive of accumulated vehicle mileage, monthly mileage, and fuel cost per mile. The report will be submitted to Department Directors for their review. Inappropriate use of a vehicle may result in disciplinary action as deemed necessary by the Department Director.
- (2) Daily or take-home vehicle assignments are authorized based on the requirements of a specific position and not an individual. When an employee leaves the position to which a vehicle is assigned (e.g., transfer, promotion, resignation), at the option of the County Manager, the vehicle assignment may remain with the position, but does not follow the employee.
- (3) For tax purposes, the Department Director shall notify the Public Works Department of any personnel changes associated with vehicle take-home assignments.
- **E. REVIEW/REPORTING.** It is the responsibility of the affected Department Director and the County Manager to monitor and control the utilization of all County-owned vehicles. All permanent vehicle assignments will be reviewed annually and those not meeting the established criteria will be revoked. The Public Works Department shall prepare a vehicle assignment utilization report and forward it to the Department Director for review and input prior to forwarding to the Resource Management Department and the County Manager as part of the annual budget process. Department Directors shall recommend 24-hour vehicle assignments to the County Manager for the next fiscal year.

F. ASSIGNMENT GUIDELINES FOR ALL COUNTY VEHICLES FALL INTO THESE FIVE (5) CLASSIFICATIONS:

- (1) 8-hour assigned County vehicles. The Department Director shall determine the assignment of an 8-hour vehicle based on these factors:
- (a) The vehicle is subjected to frequent abnormal, excessive, or hazardous conditions that cannot be avoided.
- (b) The vehicle is required to carry special equipment, parts and tools, or emergency response equipment.
- (c) The employee's position is one of inspection, deliveries, enforcement, investigation, or community outreach directly associated with daily authorized work programs, grounds, equipment maintenance, facilities, or road maintenance in which 70% of the employee's work day is spent at a site other than the employee's work reporting location.
- (2) Department Motor Pools. As required for efficient use of personnel and equipment, Departments may maintain a small motor pool at a location as designated

by the Department Director. Employees requiring a vehicle for all or part of a day shall request such vehicles from their departmental motor pool through the Department Director or Division Manager who shall make assignments from the motor pool as available.

Each Department is responsible for maintaining accurate motor pool records; ensuring a regular preventative maintenance schedule for each vehicle; and for the cleaning and washing of vehicles on an as needed basis.

(3) County-wide Motor Pools.

- (a) A small County-wide motor pool is maintained for the convenience of authorized County personnel to use on an as needed basis at the following location: Seminole County Services Building and Public Works Five Points Annex.
- (b) The County-wide pool is intended to serve the needs of those employees who have a need for occasional official transportation and cannot obtain needed transportation from a Departmental source.
- (c) Keys will be issued to authorized personnel requiring County vehicles by the designated personnel within the Fleet/Facilities Division. When receiving keys to a vehicle, the user shall complete and sign the motor pool dispatch records.
- (d) Before vehicles are returned to the Fleet/Facilities Division, they must be in reasonably clean condition, windows rolled up, doors locked, and the key returned to the Fleet/Facilities Division. The user shall log the odometer reading and the time in on the motor pool dispatch record. If the tank is less than one-half full, the tank must be refilled at the Five Points fueling facility by the user before returning to the Fleet/Facilities Division.
- (e) The Fleet/Facilities Division is responsible for ensuring a regular preventative maintenance schedule for each vehicle and making sure the vehicle is cleaned and washed on an as needed basis.

(4) Vehicles Required for Extended Overnight.

- (a) An employee may obtain a County vehicle required for authorized extended or overnight trips by contacting his or her respective Department Director.
- (b) For overnight travel and travel beyond the 125-mile radius from the employee's work reporting location, the employee should have the vehicle serviced prior to departure. The use of additional fuels and lubricants are the responsibility of the user Department. Any towing charges or emergency repairs needed and incurred against the vehicle during out of town County trips are the responsibility of the Fleet Maintenance Contractor. Any emergency repairs exceeding \$150 must be pre-approved by the Fleet Maintenance Contractor.
- (c) When operationally practical, and when agreed to by the employee, the County may authorize the use of a personally owned vehicle for official use in this category. The County shall reimburse the employee using personal vehicles for County business at the standard rate established by the Internal Revenue Service (IRS).

- (5) Assignment on a twenty-four hour basis.
- (a) The County Manager is the final approving authority for all 24-hour vehicle assignments.
- (b) Take home vehicles will not be assigned out of the County without specific authorization from the County Manager.
- (c) In order to provide a greater margin of protection for the County's vehicle and equipment from collision, damage, or theft, all employees approved for overnight assignment of vehicles are required to have off-street parking available on which to park such vehicles at their residence when not in use.
- (d) The assignment to an employee for use of a County vehicle on a twenty-four hour basis may be made if <u>one</u> or more of the following criteria are met:
- (i) An assigned on-call employee is called out for bona fide emergencies on an average of four (4) times per month for the preceding three (3) month period. The on-call employee must be specifically on call for emergencies and require transportation and tools or equipment on board the vehicle to perform his or her emergency duties.
- (ii) Use of a marked 24-hour County response vehicle will reduce the County's liability during a bona fide emergency response affecting Public Safety in the areas of fire suppression, emergency medical response, accidents, severe weather, loss of roadway, loss of traffic signals or barricades, or severe water or sewer disruption, or stormwater washouts. In every case, the attempt to fill this need must be made by assigning a minimum rotating staff to an on-call assignment with a County vehicle.
- (iii) The employee is in an administrative or executive position which requires regular weekend or evening attendance at public meetings or functions.
- (iv) The employee has been provided with a County vehicle as part of an employment agreement or contract as approved by the County Manager.
- (v) The County Manager determines that the assignment of a 24-hour vehicle will result in an increased level of customer services, increased efficiency, or both.

G. THE FOLLOWING GENERAL POLICIES APPLY TO THE USE OF COUNTY VEHICLES IN ALL FIVE (5) CLASSIFICATIONS.

- (1) General policies on use of County vehicles.
- (a) The Department or Division specifically assigned a non-motor pool vehicle is responsible for maintaining the vehicle in a clean condition. Any visit to a legitimate business site while enroute to or from work should be brief and should not subject the vehicle to undue danger, nor should the business establishment be illegal or lend discredit to the County Government or its operations.
- (f) Vehicles being driven home as authorized in subsection F(5) above, "24-hour assignment", may deviate from the direct route to and from work or assigned location only for the purpose of picking up County employees in an authorized car pool which requires only minimal deviation from the direct route between work and the residence of the driver.
- (g) Under no circumstances may a County vehicle be driven by persons not employed by the County, except in case of an emergency.
- (h) Employees who are assigned to operate a County vehicle to perform official duties are permitted to take all authorized breaks and lunches within the assigned area, but may not leave the assigned area without authorization from their immediate supervisor.

 - (2) Liability for Vehicle Use: Reporting Requirements.
- (a) Any damage to a County vehicle or personally owned vehicle used for County business must be reported to the immediate supervisor and Department Director upon occurrence. A copy of the police and the County's accident form must also be

submitted to Fleet Headquarters at Five Points along with the vehicle. The supervisor shall also notify the Safety Office for possible investigation of the accident on the County's behalf.

- (d) Employees consensually operating personal vehicles in the performance of duties shall maintain basic insurance as required by the State of Florida. Seminole County reserves the right to request verification of insurance coverage from the employee.
 - (3) Employee Responsibilities.
- (a) All employees shall comply with these vehicle policies as they exist in this Section, or as they may be amended.
- (b) All employees who operate County vehicles shall exercise reasonable care in the safekeeping, use and maintenance of County vehicles to which they are assigned. Accordingly, intentional misuse or negligence in the use and care of County vehicles, including but not limited to, abuse, misuse, willful or negligent loss, destruction, or any combination of such actions may result in disciplinary action up to and including termination. Serious cases of negligence may result in the filing of civil, criminal, or both types of actions against the employee.
- (c) All employees shall operate all vehicles in a safe manner and comply with all State and local traffic regulations including safety restraint laws for driver and all passengers and including not littering from the vehicle. - (h) All employees shall promptly report driver license restrictions, expiration, denial, suspension, or revocation immediately to their supervisor.

(4) Recordkeeping.

- (a) The County Manager is responsible for allocating 24-hour vehicle assignments. These assignments must be reviewed in January of each year by having Department Directors submit or resubmit the "Request for 24-hour Vehicle Assignment" form to the County Manager's Office.
- (b) The Public Works Department is responsible for maintaining a comprehensive list of 24-hour vehicle assignments. Departments are responsible for maintaining a comprehensive list of all of their 8-hour vehicle assignments.
- (c) It is the responsibility of the Department Directors to monitor and control the utilization of all County-owned vehicles in their areas. The allowance takes into consideration the customary use of a vehicle and expenses incidental to the operation, maintenance, and ownership of a vehicle. The County Manager has the authority to consider and grant vehicle allowances, in accordance with budget restrictions, to those who qualify for this allowance. Mileage allowances in excess of those established under Section 112.06(7)(d)(1) may be exceeded by enactment of ordinance or resolution by the BCC. TWO (2) VEHICLE USE CLASSIFICATIONS HAVE BEEN ESTABLISHED FOR VEHICLE ALLOWANCE.
- (a) Casual User. The casual vehicle user is an employee who periodically uses his or her private vehicle for County business. The casual vehicle user

is reimbursed on a flat fee per mile basis equal to the standard mileage rate as established by the federal Internal Revenue Service from time to time. A. PURPOSE. It is the purpose and intent of this Code to provide policies and procedures for permitting and regulating the operation of Golf Carts on Designated County Facilities located within the geographical limits of unincorporated Seminole County and under the jurisdiction of the County. It is also the purpose of this Code to provide policies and procedures for the orderly operation of Golf Carts on Designated County Facilities. The provisions of this Code may not be construed or interpreted to authorize any use of Seminole County's rights-of-way, roads, or streets that is not authorized by controlling law. The provisions of this Code apply only in the unincorporated areas of Seminole County.

B. DEFINITIONS. The following definitions apply to this Section 34.30:

- (1) Affected Area: The area that extends at least one block beyond all sides of the County Road or Sidewalk that is the subject of the Request to be designated as a Designated County Facility. In some instances, the designation of a County Road or Sidewalk will create impacts beyond the one block perimeter, and in such cases, the County Engineer has the authority to extend notification beyond that boundary. If the County Road or Sidewalk proposed for designation as a Designated County Facility is located within an existing subdivision, the entire subdivision should be considered the Affected Area, if practicable.
- (2) Authorized Emergency Vehicle: A Golf Cart of any fire department, police or sheriff vehicles, and such ambulances and emergency vehicles of County or municipal departments, public service corporations operated by private corporations, the Fish and Wildlife Conservation Commission, the Department of Environmental Protection, the Department of Health, the Department of Transportation, and the Department of Corrections as are designated or authorized by their respective department or the chief of police of an incorporated city or any sheriff of any of the various counties.

- (7) Designated County Facility: A County Road or Sidewalk, or a portion of them, which, consistent with this Section 34.30, has received approval from the County for the use of Golf Carts.

 - (9) Operator: A person operating a Golf Cart within Seminole County.
- (10) Request: A written request for a county road or sidewalk to be designated as a Designated County Facility.
- (11) Requestor: A person or entity who is requesting that a County Road or Sidewalk be designated as a Designated County Facility. A Request for designation of a County Road or Sidewalk located within a subdivision with a homeowners' association must be submitted by a properly authorized representative of that homeowners' association.
- (12) Sidewalk: The portion of a street between the curb line, or the lateral line, of a roadway and the adjacent property lines, intended for use by pedestrians.
- **C. PROCEDURES.** Citizens may request the County designate certain County Roads or Sidewalks, or portions of them, for Golf Cart use. The following procedures apply to all requests for any such designation:
- (1) Requests for designation of a County Road or Sidewalk as a Designated County Facility for Golf Cart use must be submitted to the County Engineer.
- (2) The Request must clearly indicate the specific County Road or Sidewalk, or portion of them, for which the Requestor is seeking a designation, as well as any proposed roadway crossings.
- (3) The County Engineer shall conduct an initial sufficiency review to determine the potential consistency of the Request with the requirements of this Section 34.30 and Section 316.212, Florida Statutes (2019), as this statute may be amended from time to time.
- (4) If it appears the Request is sufficient to move forward under the requirements of this Code and Section 316.212, Florida Statutes (2019), as this statute may be amended from time to time, the County Engineer shall notify property owners in the Affected Area of the Request, identifying the County Road or Sidewalk that the Request involves, and providing the anticipated date of a decision regarding approval of the Request. The County Engineer shall also provide notification to the Seminole County Sheriff's Office for review and comment.
- (5) Following the initial sufficiency determination, the County Engineer shall review the Request in accordance with best practices within the industry and with local, state, and federal design standards and guidelines and shall make a determination of subsections (6) and (7) below, as may be applicable.
- (6) If the proposed Designated County Facility is a County Road, or portion of it, the County Engineer shall consider whether Golf Carts may safely travel on or cross the County Road, considering factors including the speed, volume, and character of

motor vehicle traffic using such road or street, and any input from the Seminole County Sheriff's Office.

- (7) Only County Roads with a posted speed limit of twenty-five (25) miles per hour or less are eligible for consideration as a Designated County Facility.
- (8) Upon completion of the review, the County Engineer shall issue an initial determination of approval or denial of the Request.
- (9) If the County Engineer issues an initial determination of approval of the Request, the Requestor will be notified and a community meeting will be scheduled. All property owners within the Affected Area will be notified of the community meeting. The purpose of the community meeting is to provide notification of the initial determination of approval and to receive community input.
- (10) Within fifteen (15) days of the community meeting, the County Engineer shall issue a final determination of approval or denial of the Request. Notice will be provided to the Requestor, all property owners in the Affected Area, and the Seminole County Sheriff's Office. The notification will include the effective date of the designation, if approved, as well as safety information and regulations related to the operation of Golf Carts on the Designated County Facility.
- (11) In the event that the County Engineer denies the Request, the County Engineer shall provide the Requestor with written finding of facts in support of the denial. The Requestor may appeal the denial to the Board by filing a written notice of appeal with the County Manager within fifteen (15) days after receipt of the written findings of fact.
- (12) If the proposed Designated County Facility is a Sidewalk, or portion of it, the County Engineer shall consider whether Golf Carts, bicycles, and pedestrians may safely share the Sidewalk, taking into consideration the current use of the Sidewalk, character of the surrounding community, the width of the Sidewalk, the clearance on either side of the Sidewalk, and the location of any authorized Golf Cart crossing.
- (13) In order to be eligible to be considered as a Designated County Facility, Sidewalks must be a minimum of eight (8) feet wide, have a minimum of five (5) feet clearance from the edge of the adjacent roadway, and have a minimum of four (4) feet of recovery area on the outside of the Sidewalk. The character of the Sidewalk may dictate a wider required pavement width, and drainage features or other factors may require wider clearances on one or both sides of the Sidewalk. The Board may waive these minimums if it determines that Golf Carts, bicycles, and pedestrians may safely share the Sidewalk at reduced standards.
- (14) Upon completion of the review, the County Engineer shall issue an initial recommendation of approval of the Request or a denial to advance the Request based on a finding that Golf Carts, bicyclists, and pedestrians cannot safely share the Sidewalk.
- (15) If the County Engineer issues an initial recommendation of approval of the Request, the Requestor will be notified and a community meeting will be scheduled. All property owners within the Affected Area will be notified of the community meeting. The

purpose of the community meeting is to provide notification of the initial recommendation of approval and to receive community input.

- (16) Within fifteen (15) days of the community meeting, the County Engineer shall issue a final recommendation of approval of the Request, or a denial to advance the Request based on a finding that Golf Carts, bicyclists, and pedestrians cannot safely share the Sidewalk. If the final recommendation is for approval, the County Engineer, with the assistance of the County Attorney's Office, shall cause an ordinance enabling the designation to be prepared for consideration by Board. Notice of the final recommendation of approval and of the hearing date for the enabling ordinance will be provided to the Requestor, all property owners in the Affected Area, and the Seminole County Sheriff's Office.
- (17) Prior to the Board's consideration of the enacting ordinance, the County Engineer shall consult with the Florida Department of Transportation with respect to the proposed designation.
- (18) Within five (5) days following the Board's action on enabling ordinance, the County Engineer shall notify the Requestor, all property owners in the Affected Area, and the Seminole County Sheriff's Office of the Board's action. The notification will include the effective date of the designation, if approved, as well as safety information and regulations related to the operation of Golf Carts on the Designated County Facility.
- (19) In the event that the County Engineer denies advancement of the Request to the Board, the County Engineer shall provide the Requestor with written finding of facts in support of the denial. The Requestor may appeal the denial to the Board by filing a written notice of appeal with the County Manager within fifteen (15) days after receipt of the written findings of fact.

D. INSTALLATION OF SIGNAGE AND OTHER IMPROVEMENTS.

- (1) In the event that the County Engineer or the Board approves the Request, the County Engineer shall install, or shall cause to be installed, an appropriate combination of signs and pavement markings to indicate that such Golf Cart use is allowed or prohibited, as may be applicable, on the Designated County Facility. All signage and pavement markings must comply with the standards of the *Manual on Uniform Traffic Control Devices* issued by the Federal Highway Administration, United States Department of Transportation, and with any permitting requirements for such signs or pavement markings.
- (2) The County Engineer or the Board may require, as a condition of approval of a Designated County Facility, that additional safety improvements be installed at the expense of the Requestor.

SECTION 34. PUBLIC WORKS DEPARTMENT

34.35 TRAFFIC CALMING DEVICES

- **A. PURPOSE.** The purpose of this Section to provide policies and procedures for design and installation of traffic calming devices within unincorporated Seminole County. The Board approves the use of the following traffic calming devices on County roadways to control vehicle speeds:
 - (1) Speed Cushions
 - (2) Mid-Block Chokers
 - (3) Chicanes
 - (4) Median/Center Islands
 - (5) Roundabouts
 - (6) Traffic Circles
 - (7) Gateway/Entry Features
- **B. TRAFFIC CALMING CRITERIA.** The following Traffic Calming Criteria must be met before traffic calming devices may be installed on a roadway:
- (1) Roadway must have a documented speeding issue, the observed 85th percentile speed is greater than 8 mph over posted speed limit.
 - (2) The maximum roadway volume must not exceed 3,000 vehicles per day.
 - (3) The maximum posted speed on the roadway must not exceed 30 mph.
- (4) 65% of all property owners along the roadway where the traffic calming devices are being installed must vote to approve the installation.
- (5) Functional spacing of devices (primarily for speed cushions or humps) is based on the following guidelines:
 - 300 feet 400 feet between devices;
 - No installation on curves or turns;
 - Minimum of 100 feet from intersections or curves or turns; and
 - Spacing subject to adjustment for driveways.
 - (6) Roadway must have driveways that directly access the road.
- (7) Roadway must not be a principal arterial, minor arterial or major collector roadway. Roadway must be a local street or minor collector that is evaluated on a case-by-case basis.
- (8) Traffic calming devices should not be placed on any roadway that is a primary or routine response route for emergency vehicles, including departure routes from a fire station.

(9) Traffic calming devices must not increase response times by more than one minute or the total travel time to the furthest protected structure along the response route to more than 5 minutes.

The above criteria applies to the following traffic calming devices: speed cushions (in addition to Section C below), mid-block chokers, chicanes, median/center islands and certain other devices from the 2005 Traffic Calming Program manual. Other devices in the manual, such as roundabouts, traffic circles and gateway/entry features, may have different criteria to be determined by the County Traffic Engineer or County Engineer on a case by case basis if those devices were desired.

Nothing above limits the County Traffic Engineer's or County Engineer's ability to install any devices upon the County roadway system that in their sole opinion is justified for the maximum safety of the motorists or residents and does not impede Public Safety operations.

- C. SPECIFIC SPEED CUSHION DESIGN CONSIDERATIONS. Speed cushions must be designed to reduce as much as possible the impact to emergency vehicle response times. The following design considerations are to be used and any cushions installed on County roadways shall be approved by the County Engineer or County Traffic Engineer. Cushions may be fabricated from pre-fabricated rubber pieces, similar to Traffic Logix Speed Cushions or equal, or in-place constructed asphalt sections. Cushions should be made up of two (2) or three (3) sections for each location along the roadway. The width of the sections must be six feet (6') and they must be installed with two foot (2') gaps between sections. The length of the sections shall be twelve feet (12') or longer to set the desired speed over the cushion. The general design of cushions will be subject to approval by the County Engineer or County Traffic Engineer.
- D. OPPORTUNITIES FOR CREATING MUNICIPAL SERVICES BENEFIT UNITS (MSBUs) TO INSTALL TRAFFIC CALMING DEVICES IN COMMUNITIES. Communities seeking information on the possible creation of MSBUs for installation of traffic calming devices should refer to Section 22.10 of this Code.
- **E. REMOVAL OF TRAFFIC CALMING DEVICES**. Approval of 65% of the property owners along the roadway where traffic calming devices are located is necessary for the Board to consider removal of any traffic calming devices.
- **F.** AUTHORITY. Resolution 2020-R-118 adopted October 27, 2020 Resolution 2024-R-55 adopted April 23, 2024

SECTION 1 ORGANIZATION, POWERS, DUTIES, & RESPONSIBILITIES OF OFFICERS

SECTION 1. ORGANIZATION, POWERS, DUTIES, AND RESPONSIBILITIES OF OFFICERS

- **1.5 BOARD OF COUNTY COMMISSIONERS.** The Board of County Commissioners shall exercise all legislative authority provided by the Seminole County Home Rule Charter in addition to any other powers and duties authorized by general law or special law. The Board shall set policy by means of ordinances, resolutions, and motions; assure that there are qualified people for implementing those policies by appointing and removing the County Manager and County Attorney, and by confirming the appointment of department heads.
- **1.10 COUNTY COMMISSIONERS.** The powers, duties, and responsibilities of each Commissioner are set forth in the Constitution, the Laws of the State of Florida, and the Seminole County Home Rule Charter.
- 1.15 NEWLY ELECTED COMMISSIONERS. The term of Commissioners elected to office shall commence on the second Tuesday following the general election as specified in Section 100.41, *Florida Statutes*. A swearing-in ceremony for newly elected Commissioners will be coordinated by the County Manager's Office. The County Manager shall develop and administer an orientation program for all new Commissioners. Newly elected Commissioners are encouraged to enroll in and attend the New Commissioner Training Program offered through the Florida Association of Counties.

1.20 COMMISSIONERS SUBJECT TO STANDARDS OF CONDUCT.

- **A.** Each Commissioner is subject to the standards of conduct set out in Part III, Chapter 112, *Florida Statutes*. By personal example and by admonition to colleagues whose behavior may threaten the honor of the Board, each Commissioner shall watchfully guard the responsibility of office. Each Commissioner will attend and receive annual ethics training as required by Section 112.3142, Florida Statutes.
- **B.** The manner in which an elected County Commissioner performs his/her duties and responsibilities has a direct impact on the quality of life of the citizens in Seminole County; the morale and job performance of County staff; and the efficacy and accountability of the other Commissioners with whom they serve. Therefore, in addition to the statutorily required standards of conduct, Commissioners shall adhere to the following tenets and shall hold one another accountable for conduct inconsistent with these principles:
- (1) Commissioners will act collectively, not individually, when adopting and/or amending County legislation and governing policies, and when issuing decisions related to quasi-judicial matters; and acknowledge that it is the role of the County Manager and staff to administer such legislation, policies, and decisions.
- (2) Commissioners will **not attempt to manage executive activities** (a) by intruding into daily operations or spheres of responsibility designated by Charter to the County Manager as the chief executive officer or to administrators acting as County Manager designees; or (b) by undermining the County Manager's authority.
- (3) Commissioners will **represent the interests of the entire county** when making decisions and will rely upon available facts and their independent judgment, while placing significant value on objective evidence and the recommendations provided by the County Manager

and other professional subject matter. Commissioners will avoid all conflicts of interest and avoid using their position as an elected County Commissioner for personal, professional, or partisan gain.

- (4) Commissioners will **demonstrate dignity, respect, and courtesy** toward those with whom they contact in their capacity as a Commissioner, and will refrain from intimidation and ridicule of fellow Commissioners, the County Manager, staff, and other stake-holders in the county.
- (5) Commissioners will **refrain from inappropriate language** including statements that are judgmental, malicious, threatening, disparaging, mean-spirited, vulgar or abusive. All disagreements, concerns or criticisms shall be framed in language that is in keeping with the dignity and professionalism of an elected official.
- (6) Commissioners will **focus on solving problems,** and will maintain appropriate decorum and professional demeanor in the conduct of County business, working cooperatively and conscientiously with others as they request or receive information, examine data or weigh alternatives in the decision-making process.
- (7) Commissioners will **demonstrate patience** and refrain from demanding interruptive access to staff or immediate responses or services when requesting information that requires significant staff time in research, preparation, or analysis or that will result in staff neglect of more urgent duties. Such requests will be made through the County Manager for scheduling and prioritizing or through consensus of the Board.
- (8) Commissioners will **devote sufficient time for adequate preparation** prior to Board meetings and will be in attendance, insofar as possible, at those meetings and all other scheduled events at which Commissioner participation is required. Commissioners will prepare themselves through study, inquiry, and thought so as to be informed thoroughly about issues to be discussed in public meetings, and will be focused on the issues and discussions during those meetings and not distracted by outside influences or technology.
- (9) Commissioners will **respect diversity and encourage the open expression of divergent ideas and opinions** from fellow Commissioners, staff, and citizens of the county. Commissioners will actively and objectively listen to others' concerns or constructive criticisms.
- (10) Commissioners will **refrain from any individual action that could compromise the integrity** of the County or fellow Commissioners, and will delineate clearly for any audience whether they are acting or speaking as an individual citizen or in their capacity as a representative of Seminole County.
- abide by the Government in the Sunshine Law in both its spirit and its intent. Commissioners will treat any information generated, stored, or sent through electronic means in the same manner as any written document that may be subject to Florida's Public Records Act, Chapter 119, Florida Statutes, and will not use electronic resources, including social media, to discuss with other Commissioners any matter that would be subject to the Government in the Sunshine Law, regardless of whether the communication occurs on a personal device or through a County-owned account or equipment.

- (12) Commissioners will **promote constructive relations in a positive climate** with all employees as a means to enhancement of productivity and morale. Commissioners will support employment of best qualified persons for staff positions, and will recognize the achievements of staff and others sharing Seminole County's mission.
- value to the County by keeping abreast of current issues and trends through reading, continuing education, and training. Commissioners will study policies and issues of the County, State, and nation and will strive to attend training programs such as those offered through the Florida Association of Counties, National Association of Counties, and other professional organizations with a continuing goal to improve their individual performance as an elected County Commissioner.
- (14) Commissioners will **value and assist fellow Commissioners** by exchanging ideas, concerns, and knowledge gleaned from their own research or training. Commissioners will help build positive community support for the County in general, and with respect to particular actions, by cooperation and mutual exchanges of praise when deserved, apologies when mistaken, and recommendations when needed.
- (15) Commissioners will, while taking a stand for their individual beliefs, remain flexible enough to understand others' views. Commissioners will recognize that they share in the responsibility for all Board decisions and will accept the will of the majority.
- (16) Commissioners will remember always that their first and greatest concern must be the safety and welfare of citizens and the staff of the County.

Charter. Such supervisory authority may include, but is not limited to, assignment of tasks, authorization of leave, approval of timesheets, and evaluation of performance. The execution of this supervisory authority must be consistent with the policies outlined within the Seminole County Administrative Code.

- (3) Upon the vacancy of any authorized Commission Office Executive Assistant position, the County Manager, or his/her designee, will coordinate the recruitment of a new Executive Assistant with the Commissioner(s) to whom the Executive Assistant position is assigned. Additionally, Commissioners shall consult with the County Manager, or his/her designee, prior to any disciplinary action or termination to ensure consistency with County policies. The Seminole County Administrative Code, including the Personnel Policies and Procedures, will apply to the Commission Office Executive Assistants in the same manner that such policies apply to all other employees of the County Manager.

A. QUASI-JUDICIAL POLICY STATEMENT. It shall be the general policy of the Board that the following statement of intent shall be applicable to all quasi-judicial public hearings, and that the Chairman read this statement into the record prior to the commencement of any quasi-judicial proceeding before the Board: "While the Board welcomes comments from all persons with an interest in this proceeding, Florida law requires that the Board's decision in a quasi-judicial action be supported by competent substantial evidence presented to the Board during the hearing on the application. Competent substantial evidence is such evidence as a reasonable mind would accept as adequate to support a conclusion. There must be a factual basis in the record to support opinion testimony from both expert and non-expert witnesses. Persons presenting testimony may rely on factual information that they present, that is presented by a County staff, that the applicant presented, or on factual information included in the County staff report to support their testimony. All persons who present written materials to Board for consideration must ensure that a copy of such materials is provided to the Clerk for inclusion in the Board's record of proceeding and official minutes."

- **B. ORDER OF PROCEDURE FOR CONDUCTING THE HEARING.** The order of procedure to be followed for quasi-judicial hearings shall generally be as follows:
- (1) **Ex-Parte Disclosure Statement by the Chairman.** The Chairman shall make the following inquiry of the Commissioners: "Has any Commissioner received any oral or written communications regarding the quasi-judicial item? If so, please disclose the substance of the communication and identify the person making the communication." Disclosure must be made before or during the public meeting at which a vote is taken on quasi-judicial matters, so that persons who have opinions contrary to those expressed in the ex-parte communication are given a reasonable opportunity to refute or respond to the communication. Documented ex-parte communications will be available during the public hearing, in writing or electronically.
- (2) **Staff Presentation of Application.** County staff shall describe the quasi-judicial item to be considered and will make a presentation pertaining to the item. Unless otherwise authorized by the Chairman, staff shall not exceed ten (10) minutes during its presentation. The Chairman shall then inquire as to whether the Commissioners have questions for the staff members who made the presentation.
- (3) **Applicant Presentation.** The applicant or his/her representative shall make a presentation pertaining to the application. The applicant will generally have up to fifteen (15) minutes to present the application unless this time is extended by consensus of the Board. Upon conclusion of the applicant's presentation, The Chairman shall inquire as to whether Commissioners have questions of the applicant and the applicant's representatives.
- (4) **Proponent and Opponent Presentations.** The Chairman shall next ask if any members in the audience in favor of the application wish to present evidence and testimony. The Chairman shall then invite all members of the public who are opposed to the application to present his/her testimony and evidence in support of his/her position. At the conclusion of the testimony, the Chairman shall ask if any of the Commissioners have questions of the witness.

- (6) **Board Motions to Approve or Deny.** The Chairman shall then inquire if any of the Commissioners wish to put forth a motion. If there is a second to the motion, the Commissioners may discuss the motion after which the Chairman shall call the vote. No motions shall be accepted by the Chairman until the close of the applicant's rebuttal and the public hearing portion of the hearing.
- (7) **Notice to the Applicant if Application is Not Approved.** If a motion is not passed in favor of the application, the application shall be deemed to be denied and the applicant shall be so notified by the Chairman.
- **C. EX-PARTE COMMUNICATIONS.** Section 286.0115, *Florida Statutes* provides that any person who is not otherwise prohibited by statute, charter provision or ordinance may discuss with any Commissioner the merits of any matter on which the Board may take action. The following procedures, which remove the presumption of prejudice, shall be followed for ex-parte communication:

- (1) The substance of any ex-parte communication with a Commissioner which relates to a quasi-judicial action pending before the Board (such as a zoning decision) is not presumed prejudicial to the action if the subject of the communication and the identity of the person, group or entity with whom the communication took place is disclosed and made a part of the record before the final action on the matter.
- (2) A Commissioner may read a written communication from any person. A written communication that relates to quasi-judicial action pending before the Board (such as a zoning decision) shall not be presumed prejudicial to the action. Such written communication shall be made a part of the record before final action on the matter.
- (3) Commissioners may conduct investigations and site visits and may receive expert opinions regarding quasi-judicial action pending before the Board. Such activities shall not be presumed prejudicial to the action if the existence of the investigation, site visit or expert opinion is made a part of the record before final action on the matter.
- **2.130 BOARD TO PROMOTE AND PRESERVE DECORUM AND CIVILITY.** The Board expressly recognizes that promoting and preserving decorum and civility best enables the Board to fairly and expeditiously conduct the business of the County. While the Board is in session, the Chairman shall preserve order and decorum. A Commissioner shall neither by conversation nor otherwise delay or interrupt the proceedings or the peace of the Board, nor disturb any Commissioner while speaking or refuse to obey the orders of the Board or its Chairman.

2.135 MANNER OF SPEAKING.

- A. COMMISSIONERS. No Commissioner shall speak on any question or discuss any matter, nor interrupt another, nor make a motion without first being recognized by the Chairman. When two or more Commissioners seek recognition by the Chairman, the Chairman shall name the Commissioner who is to speak first. No Commissioner shall be interrupted by another without the consent of the Commissioner who has the floor, except by rising to a question of order. A Commissioner, in speaking on any matter, shall confine him/herself to the question, or matter before the Board, shall not use abusive language, and shall avoid commenting on personalities or character of other Commissioners, former Commissioners, other officials, staff, or the public.
- **B. THE PUBLIC.** Members of the public and designated representatives shall address their comments to the Board as a whole and not to any Commissioner individually, any group of Commissioners, or to County staff. Imposing a demand for an immediate response from the Board, and Commissioner, or County staff, during public comment shall be considered out of order. Persons shall not address the Board with personal, impertinent or slanderous remarks, or become boisterous. A Commissioner shall not engage in dialogue with persons making public comment unless the question or comment is directed through the Chairman or made with the permission of the Chairman.
- **2.140 DISRUPTION OF MEETING.** Any person disrupting a Board meeting by making personal, impertinent, or slanderous remarks or through boisterous behavior while the Board is in session, may be removed from the meeting. Such removal may be requested by the Chairman in his/her discretion, by consensus of the Board, or by the Sheriff's office if there is perceived to be an immediate threat to any person. No demonstrations of approval or disapproval from the audience shall be permitted; and if, after warning by the Chairman, such demonstrations are made

and result in a disruption of the meeting, the person(s) creating such disruption may be removed from the meeting. Alternatively, the Chairman may recess the meeting until order is restored.

- **2.145 PROMPTNESS OF ATTENDANCE; ABSENCE FROM MEETINGS.** Board members are expected to observe timely appearance at Board regular, work session, special meeting, or other official Board functions. Any member who is unable to timely attend any such meeting or function shall notify either the Chairman or the County Manager, prior to the meeting, if possible so that notice may be conveyed to all Board members. Any member present at any meeting of the Board will give notice to the Chairman if leaving the meeting for an extended period of time.
- **2.150 MOTIONS.** A motion is a proposal that the Board (1) take certain action; (2) direct that a specific action be taken on behalf of the County; or (3) express itself as holding certain views. A motion should be seconded before debate. The Chairman may allow the meeting to proceed without waiting for a second. A motion must have a second before being considered for a vote by the Board. A motion, once approved and entered into the record, is the equivalent of a resolution in those instances where a resolution is not required by law.

2.155 MOTIONS: HOW MADE, WITHDRAWAL.

- **A.** Every motion shall be made orally, unless the Chairman requests that it be reduced to writing. When a motion is made and seconded, it shall be stated by the presiding officer or, his/her designee, and the mover shall have the floor. After a motion has been stated or read, it shall be deemed to be in the possession of the Board and shall be disposed of by vote of the Board.
- **B.** The mover may withdraw a motion, except a motion to reconsider, at any time before the same has been amended or before a vote shall have commenced, if a majority of the Board present consents.

2.160 MOTIONS TO RECONSIDER A VOTE.

- **A. GENERALLY**. A motion to reconsider a vote of the Board may be made at the same meeting or the next regular meeting held thereafter provided the next meeting is not more than thirty (30) days after the meeting at which the original vote occurred. A motion to reconsider may be made only by a Commissioner who voted on the prevailing side of the original vote or who was absent from the meeting when the original vote occurred. When a majority of the Commissioners present vote in the affirmative but the question is lost because the concurrence of a greater number is necessary for adoption or passage, any Commissioner may move for a re-consideration. If a motion to reconsider is lost, it shall not be renewed again.
- **B. ELIGIBILITY FOR CONSIDERATION.** A motion to reconsider a vote shall not be entertained:
 - (1) If the approved action has been partially or fully carried out;
 - (2) If a contract, when the party to the contract has been notified of the outcome;
 - (3) If an ordinance or other action taken after a required public hearing; or
 - (4) If the vote has caused something to be done that is impossible to undo.

- **C. DISPOSITION.** If a motion to reconsider the vote on a main question is made immediately after such vote is taken, it may, at the option of the mover, be decided immediately or left pending. If it is made other than immediately after such vote is taken, it shall be left pending for consideration by the Board and the item will need to be noticed prior to reconsidering. All motions to reconsider a particular vote not immediately disposed of shall be considered and disposed of at the same hearing or meeting.
- **D. EFFECT.** Adoption of a motion to reconsider a vote shall rescind the original action; therefore a new motion, second, and vote is required to take formal action on the item, if desired, and may take place at a future meeting. If a motion to reconsider a vote is not brought forward in a timely manner, yet a Commissioner would like to revisit the issue, the item may be placed on a future agenda provided that (1) new information has been discovered that if known at the time of the original vote, the outcome may have been different; (2) a majority of the Board approves; and (3) none of the instances set forth above that would prohibit a motion to reconsider a vote exist.
- **2.165 RULES OF ORDER AND DEBATE.** This section sets forth the rules of debate to maintain decorum, the various motions available for use by the Board, and related matters.
- **A. OBTAINING THE FLOOR.** A Commissioner desiring to speak should address the Chairman and, upon being recognized by the Chairman to speak, should address his/her remarks and inquiries to the question under debate.
- (1) A motion must be accepted by the Chairman before it is officially on the floor and eligible for debate.
- (2) When a motion is made and seconded, it is under consideration and no other motion shall be received thereafter, except: (a) to continue to a date certain, (b) to substitute, (c) to amend until the question is decided, or (d) to call the question. These motions listed in this paragraph shall have preference in the order in which they are listed.
 - (3) The maker of a motion shall be entitled to the floor first for debate.
- (4) A Commissioner recognized by the Chairman to speak should not be interrupted when speaking unless to call said Commissioner to order. In such an event, the Commissioner should cease speaking until the question of order is determined, without debate, by the Chairman. If in order, the Commissioner may continue speaking.
- (5) A Commissioner shall be deemed to have yielded the floor when the Commissioner has finished speaking.
 - (6) Non-member recognition shall be at the Chairman's discretion.
- **B. POINT OF ORDER.** Any member who believes that there has been a breach of the Board meeting procedures has a right to call immediate attention to the matter by raising a "point of order." A point of order (1) may interrupt a speaker who has the floor; (2) does not need to be seconded; (3) is not debatable; and (4) is decided by the Chairman. By motion and second, a decision of the Chairman on a point of order may be appealed to the Board and, without debate, the Chairman shall submit to the Board the question, "Shall the decision of the Chairman be sustained?" and the Board shall decide by a majority vote.

C. CHAIRMAN MAY PARTICIPATE IN PROCEEDINGS. The Chairman may make motions, second motions, and debate, subject only to such limitations of debate as are enforced by these rules on all Commissioners and Section 2.95C. of these procedures.

2.170 VOTING.

- **A.** The votes during all Board meetings should be transacted as follows:
- (1) All votes with the exception of the Board shall be taken by voice. In the case of any vote, if the Chairman is in doubt as to the outcome, or upon the request of a Commissioner for any reason, the Chairman shall call for a roll-call vote.
- (2) When the Chairman calls for a vote on a motion, every member, who was in the Commission chambers must give their vote, unless the member has publicly stated that he/she is abstaining from voting due to a conflict of interest, pursuant to Section 112.3143 or Section 286.012, Florida Statutes, or other Florida law.
- (3) The passage of any motion, policy or resolution shall require the affirmative vote of at least a majority of the membership of the Commissioners who are present and eligible to vote, unless otherwise required by statute or ordinance.
- (4) Any Commissioner shall have the right to express dissent from or protests against any ordinance, resolution or policy of the Commission, and to have the reason therefore entered in the minutes.
- **B. CHANGE OF VOTE.** After announcement of the results of a vote, no vote may be changed unless a motion to reconsider the vote is approved.
- **C. PROXY VOTING PROHIBITED.** A Commissioner shall not vote for another Commissioner, nor shall any person not a Commissioner cast a vote for a Commissioner. Commissioners must be present and cast their own vote.
- **D. TIE VOTE.** A tie vote shall result in the failure of the motion; however, there is no prevailing side for the purposes of a motion to reconsider the vote. Any Commissioner may, at the next regular meeting and with approval by a majority of the Board, request that the item be placed on a future agenda for consideration.
- **E. VOTING CONFLICTS.** No Commissioner shall vote on a matter when the Commissioner has a voting conflict pursuant to Sections 112.3143 or 286.011, *Florida Statutes*. If a Commissioner abstains from voting to avoid a legal conflict of interest, he/she shall file a Form 8B with the Clerk describing the nature of his/her interest in the matter. The Clerk will and incorporate the Form 8B into the minutes of the meeting. This form must be filed within fifteen (15) days following the Board meeting.

2.175 PUBLIC PARTICIPATION BEFORE THE BOARD.

A. CITIZEN INPUT. The Board recognizes the important right of all citizens to express their opinions on the operation of County government and encourages citizen participation in the local government process. The Board also recognizes the necessity for conducting orderly and efficient meetings so that County business may be completed efficiently, effectively, and timely. Members of the public wishing to speak at Board meetings shall comply with the procedures set forth below.

- **B. DESIGNATED TIME FOR PUBLIC COMMENTS.** Members of the public are provided two opportunities to address the Board:
- (1) Public comments on items appearing on the agenda. Citizens may address the Board regarding items appearing on the agenda for that meeting. These comments will be made during the time period in which that agenda item is before the Board and be limited to the agenda Item under consideration.
 - (a) Consent Agenda. Prior to Board approval of the Consent Agenda, public comment will be accepted. One speaker form identifying all items of interest shall be submitted to County staff who will pass it on to the Chairman. If more than one item is identified, the three minute allotment may be extended at the Chair's discretion.
- (2) Public comments on non-agenda items. Citizens may address Board regarding items not on the agenda during the Public Comment portion of the meeting, typically occurring at the end of the meeting, following District Reports. This comment period shall be limited to 30 minutes in total. In most cases, the Board shall not take final action on public comment items presented at the same meeting, but may refer the item to the County Manager or County Attorney for action or input.
- (3) The Board is not required to give members of the public an opportunity to be heard on a proposition under the following circumstances (see §286.0114(3), *Florida Statutes*):
 - (a) When an official act must be taken to deal with an emergency situation affecting the public health, welfare, or safety, if providing an opportunity to be heard would cause an unreasonable delay in the ability of the Board to act;
 - (b) When an official act of the Board involves no more than a ministerial act including, but not limited to, approval of the agenda, approval of the minutes, and ceremonial proclamations; or
 - (c) When an Agenda Item or portion of a meeting is exempt from public observation or participation pursuant to §286.011, *Florida Statutes*, including, but not limited to, Attorney-Client Sessions, Executive Sessions, and Risk Management Program Sessions.
- **B. MANNER.** Upon recognition by the Chairman, each person addressing the Board shall step up to the speakers' podium and give his/her name and address for the record. No person other than a member of the Board and the person having the floor shall be permitted to enter into any discussion without the permission of the Chairman. All remarks shall be addressed to the Board as a body and not to any individual Commissioner, County staff, or the audience. Commissioners may ask questions of the speaker after his/her uninterrupted comments have been made. Question shall not be directed to a Commissioner or staff except through the Chairman. Generally, public comment from an individual on a single matter will be limited to one comment opportunity per meeting.
- C. SPEAKER FORMS. Any member of the public wishing to speak before the Board or who wants to make their position known but does not want to address the Board shall complete a "speaker form" and present the card to staff in the Board Chambers for forwarding to the

Chairman. Only those individuals who have submitted speaker forms and who have been recognized by the Chairman may address the Board. Any member of the public who has filled out a form must be present when the Chairman announces the person's name if they desire to be recognized. If an individual does not wish to speak and instead submits a form with his/her comment noted, it is within the Chairman's discretion to read the comment into the record. If the Chairman does not read the comment, the speaker form is nonetheless submitted as part of the official record. In any event, a speaker form will not be read into the record if the citizen submitting same is not present when the item is being discussed. As a general practice, speaker forms will not be accepted after presentation of an agenda item has begun; however, the Chairman has the discretion to accept additional speaker forms. Speaker forms are considered public records and are to be submitted to the Minutes Clerk before the meeting adjourns. A member of the public may be allowed to address the Board prior to completing a speaker form, at the discretion of the Chairman, but must complete and submit a speaker form afterwards.

- **D. CIVILITY.** All public comments and any multimedia shown or material distributed shall avoid personal attacks, abusive language, and redundancy. The Chairman may curtail repetitious comments. No person attending a Board meeting is to harass or otherwise disturb any other person in the room. Any person making impertinent or slanderous remarks or whose behavior is disruptive shall be subject to removal from the Board Chambers, or such other action as may be appropriate, and barred from making any additional comments during the meeting by the Chairman, unless permission to continue or again address the Board is granted by a majority vote of the Board members present.
- **E. RELEVANCY.** Comments shall be limited to the subject being considered by the Board. Comments involving non-agenda items should be directed to County issues.
- G. ALLOTTED TIME. Each member of the public shall be granted three (3) minutes to speak. The Chairman may adjust maximum speaking time up or down as the circumstances may dictate; the Chairman may also provide an additional three (3) minutes to an individual who can demonstrate that he/she is an official representative of a formally established entity such as a homeowners association or advocacy group. Allowing the use of a speaker's time by another individual will not be permitted. In the event more than twenty (20) people indicate their desire to speak on the same or a related subject, the Chairman may establish a maximum time limit, not to exceed one hour, for public comments. The Chairman may also assign time limits for proponents and opponents to address an item. In any event, the Chairman shall have the discretion to adjust speaking time limits as he/she deems appropriate.
- the public desiring to submit information to the Board relevant to the item may do so only when they are at the podium and recognized to speak. No motion to receive and file any submission by the public is necessary to make same a part of the record as all items presented to the Board at the meeting shall automatically be placed into the record. Speakers should be prepared to leave all submitted documents, photos, presentations, etc. with the Clerk for incorporation into the record. Due to time constraints, there shall be no expectation that the Board will read any information submitted at a Board meeting. Early submission of information relevant to an item appearing for Board consideration is encouraged. The public is authorized to use multimedia supportive of their comments. In order to ensure accommodation of technical needs, multimedia is to be submitted to the County Manager's Office five (5) working days prior to the Board meeting.

- **I. EMPLOYEES.** Employees of the County may address the Board on matters of public concern in their capacity as a private citizen. Employees or those speaking on their behalf shall not be permitted to address a grievance/arbitration or employee appeal matter during the public comment period. Employees will be advised of the appropriate forum and process for presenting or discussing such matters.
- **J. ACCESSIBILITY.** All persons with disabilities shall be provided reasonable assistance to enable them to effectively participate in Board meetings.
