

Lazy Acres Rural Enclave Property Owner Survey

We want to hear from you!

Seminole County is currently undertaking a study to consider the designation of a Rural Enclave within your area. This survey is intended to gain feedback from property owners within the study area to determine the level of support for the designation as well as for certain standards and policies that could be included in the designation. The designation of an enclave could affect the value of your property; the effect would vary depending on your specific location and situation.
